

ZETA MU

A PETITION TO

Delta Sigma Pi

AN INTERNATIONAL BUSINESS FRATERNITY

Resume

My name is Robert Craig Coleman. I am classified as a junior at Arlington State College. My address is 425 North East Street, in Arlington, Texas. I also attended Arlington High School.

I was a member of the Foreign Language Club during high school. I was also a member of the Arlington chapter of the Order of DeMolay.

During the summer of 1964, I was employed by the Texas Highway Department as a survey interviewer. This involved the use of a sampling method which determined the residences in an area to be interviewed. At the present time, I am employed by the S. H. Leggitt Company. For the past several months, it has been my responsibility to organize the warehouse on the basis of inventory volume and turnover.

DEDICATION

With heartfelt thanks and sincere appreciation, we dedicate this Delta Sigma Pi petition to Mr. Jim F. Cook and Mr. Charles E. Yeager, our distinguished sponsors, for their time, patience, guidance, and inspiration in training the businessmen of tomorrow.

None are more symbolic of the rapid and spectacular progress of the Business and Economics Club than these gentlemen. Through their countless hours of devoted loyalty and constant work for the improvement and honor of the Club, everything has been contributed to the building of the stairway to its future greatness.

With deep respect and supreme admiration - we thank you.

PETITION

To The Grand Council of The International
Fraternity of Delta Sigma Pi

Gentlemen:

We, the members of the Arlington State Business and Economics Club, hereby earnestly petition for a charter to establish a chapter of the International Fraternity of Delta Sigma Pi on the campus of Arlington State College, Arlington, Texas.

The Business and Economics Club has dedicated itself to the affiliation with Delta Sigma Pi Professional Fraternity. The aims, purposes, and requirements of the Business and Economics Club reflected in our Constitution and By-Laws are commensurate with the same high ideals of Delta Sigma Pi.

In pursuit of this affiliation, the Business and Economics Club pledges to uphold the rules and regulations as set forth in the Constitution and By-Laws of the International Fraternity of Delta Sigma Pi and further to carry out its traditions and programs.

Grand Council
The International Fraternity of Delta Sigma Pi
Oxford, Ohio

Gentlemen:

We have been advised that the Business and Economics Club of Arlington State College wishes to apply for inclusion in your distinguished Fraternity. This is a source of much satisfaction to us because we would be most proud to see Delta Sigma Pi represented on the Arlington State campus. Yours is indeed an honored name.

On the other hand, please be assured that the group from Arlington State petitioning for membership in your Fraternity would be very worthy representatives. It has been my pleasure to become acquainted with many of the members of the ASC Business and Economics Club. It is an extremely active and keen minded group, benefiting from excellent faculty guidance. I commend them highly to you. They would prove to be a credit to Delta Sigma Pi.

Very truly yours,

Tom J. Vandergriff
Mayor, City of Arlington

TJV/pb

"in the center of America's future"

Arlington, Texas

As the railroad was being built toward the little city of Fort Worth in the early 1870's, one of the original settlers of Johnson Station refused to let "one of them infernal things" (the railroad train) go across his property. The rail bed was rerouted three miles to the north, and a new town sprang up. The town was named Arlington in honor of General Robert E. Lee's hometown in Virginia. The first train came through on July 19, 1876.

Soon, stores and buildings were being built in rapid succession, and people talked of a new brick post office. Arlington established a form of government and was incorporated in 1883. Johnson Station had signed its own death warrant, and its prosperity gradually moved to this new, typical, western town.

Arlington is located right in the heart of an immense and rapidly growing metroplex which is Dallas and Fort Worth. Although it is something of a geographic accident, what is going on in Arlington is anything but an accident. Arlington knows exactly what it is doing. It is a city with a purpose, a plan, and the Texas-style determination to make the most of what it has to offer.

The air corridors over Arlington these days are dotted with helicopters transporting northern industrialists, corporation presidents, and major league baseball tycoons. From their aerial perch above the town, the visiting VIP's look down at the land-rich environs of a city

which, during the past decade, developed from a residential community of 7,700 people into a major southwest industrial center with a population in excess of 50,000 people.

Immediately east of the city is the Great Southwest Industrial District, a sprawling 5,800 acre tract which is the largest industrial site of its kind in the nation. A few years ago this was farm land. Today, a market value has been established, and more than two million square feet of buildings have been erected. The roster of firms located on Great Southwest soil reads like a Who's Who of American Business, but there is still room for others, and the welcome mat is out.

Occupants include such big names as General Motors, American Can, United States Steel, Anaconda, Container Corporation of America, Vought Electronics, and General Foods, to name a few; they are all prominent. An integral part of the Great Southwest Industrial District development is Great Southwest Warehouses, a gigantic complex designed as a distribution center for manufacturers.

Occupying 110 acres of Great Southwest Industrial District soil is "Six Flags Over Texas," a fantastic ten million dollar funland, which has lured millions of pleasure seekers into the Arlington area.

In addition to Six Flags, still another major project may enrich the already healthy flow of tourist dollars into the area. In the northeast section of Arlington, adjacent to Six Flags, are 150 uncultivated

acres which were purchased by the city as a site for a 50,000 seat, domed, major league stadium. The first 10,000 seat section is already under construction and will be used by the Dallas-Fort Worth Spurs. As soon as a major league franchise is obtained, the remainder of the stadium will be constructed. The prize may be awarded soon. "The Dallas-Fort Worth area is the largest in the country without big league ball," says Arlington Mayor Tom J. Vandergriff. "The area will get a ball club..."

Moving west over the city, a sky traveling visitor can see one of the fastest growing colleges in the nation, Arlington State College, where the current enrollment of 10,445 is roughly eight times the size of the student body a decade ago.

Everywhere one may look in Arlington, street, road, and building construction abounds and dramatizes the happy plight of a city caught in an era of exploding growth. An example is Arlington State College where new science and library buildings and two dormitories have recently been added, and a new auditorium and a theatre center are under construction. Statistical projections indicate that the school's present fifteen million dollar plant, as well as the student body, will be doubled by 1980.

A boom town is often a troubled town, a town of helter-skelter development with nightmarish zoning and construction problems. These penalties of sudden and explosive growth were escaped by Arlington where advance knowledge of the boom era provided time for enactment of controls. The character of the city's development is determined by zoning regulations

and building ordinances set down in accordance with a comprehensive Master Plan of the city government.

Arlington's embarrassment of economic blessings also includes a surplus of high quality skilled and semi-skilled personnel from eastern and northern industrial centers, and hand-picked talent from the growing tide of families moving into the Arlington area are available to staff the plants of inflowing industries.

Migration of the nation's workers into the area prompts this Chamber of Commerce description of Arlington: "A rare combination of Southern gentility and Yankee ingenuity - an atmosphere in which it is ideal to work." Along the same line, a company which specializes in community development surveys has taboed Arlington: "The Opportunity Frontier of Texas."

Tom J. Vandergriff has been mayor of the city for fourteen years and is responsible in large measure for its growth. He speaks with optimism about Arlington's future:

The futures of Arlington, as a community, and the Dallas-Fort Worth section, as a metropolitan region, are remarkably bright. Arlington is at the very heart of one of the nation's great growth areas of the years to come. The South's largest planned industrial park is located within the city limits of Arlington. Industries, large and small, have located here within the past few years and their numbers grow annually. Arlington State, already the fifth largest college in Texas, contributes more and more to a growing economy. Six Flags Over Texas and the new Dallas-Fort Worth Sports Stadium, located within Arlington, attract tourists in the millions each year. An abundant water supply, beautiful parks, beautifully wooded land and a geographic location only fifteen minutes away from either Dallas

or Fort Worth combine to make Arlington one of the prime locations for future growth. The already impressive population expansion from 7500 in 1950 to 60,000 residents today will no doubt pale in comparison to the development certain to come in the years ahead.

LEADERS

ARLINGTON STATE COLLEGE

ARLINGTON, TEXAS 76010

March 25, 1965

Office of
THE PRESIDENT

TO THE GRAND COUNCIL OF DELTA SIGMA PI:

Students of the Division of Business and Economics at Arlington State College have expressed a desire to petition the Grand Council of Delta Sigma Pi for the establishment of a chapter on this campus. I am most pleased to inform you that the administration of the College endorses their petition and it would earnestly plea for the Grand Council to extend every possible consideration to favorable action on the petition.

The Division of Business and Economics at Arlington State College has, from its inception, concentrated upon developing faculty, curriculum, and facilities to best meet the business and industrial demands of this expanding metropolitan complex. It is the belief of the administration that the founding of a chapter of Delta Sigma Pi at Arlington State College would be a significant and progressive step in the continuing development of the academic status of the Division of Business and Economics and of the College.

Sincerely yours,

J. R. Woolf
President

ARLINGTON STATE COLLEGE

ARLINGTON, TEXAS 76010

March 23, 1965

DEAN OF STUDENTS

Grand Council
International Fraternity of Delta Sigma Pi
Oxford, Ohio

Gentlemen:

I am pleased to hear that our business students are petitioning to have a chapter of Delta Sigma Pi established at Arlington State College.

It seems to me that this fraternity can meet one of the most important needs of the business student; i.e., the need for establishing a sense of identity as a professional business man. I believe that this fraternity helps the student see more clearly the role expectations that society holds for the business man, and provides an environment in which he can experiment with some of these behaviors in the safety of the college environment. This reality testing in the areas of leadership and personal relations is a valuable experience. Certainly the motivations that the fraternity provides in the academic and career areas are invaluable.

Of course, final approval must be obtained through our Student Organizations Board for establishment of the organization on campus.

If I can be of any assistance to your fraternity, please do not hesitate to call upon me.

Sincerely,

Robert J. Dollar, Dean of Students

RJD:ds

HISTORY

A Brief History of Arlington State College

The school now known as Arlington State College has shown a peculiar sensitivity and responsiveness to the needs of its area since its inception. Originally established as a private academy to fill a gap apparent in public-school education, it gradually evolved into a semi-trade school offering courses in agriculture and auto mechanics while its locality was primarily a farm region and the automobile industry was just starting in the neighboring cities of Dallas and Fort Worth.

With the increasing urbanization and industrialization of the area, the school continued to respond readily to the need for engineering, business, and liberal arts courses to meet the higher degrees of sophistication becoming apparent, until it reached full senior-college standing in the fields most vital to the region's development. As educational requirements of industry and society continue to rise, ASC is already planning graduate work to meet the still more sophisticated demands of the space age.

When a private academy, called Arlington College, was established on the campus in the fall of 1895, it was designed to give the community a better type of education than was afforded at that time by the public schools. This academy and its successors--Carlisle Military Academy (1902-1913), Arlington Training School (1913-1916), Arlington Military Academy (1916-1917)--were influenced by the Webb School, a noted private academy at Bell Buckle, Tennessee, Each of the academies

was headed by able educators who strove constantly to improve the quality of their service to the community. One administrator endeavored to raise the school to a junior college which would serve the needs of the community for training leaders in the vocations of agriculture, the mechanic arts, and home economics.

Many of the leading citizens and the press of Arlington, Fort Worth, and Dallas worked diligently for the establishment of a vocational school at Arlington; and, in the spring of 1917, the Legislature of the State of Texas passed an act creating a junior-college branch of the Texas A&M College, named Grubbs Vocational College. In 1949 the College became the largest state-supported junior college in the Southwest. New legislation that year changed the name to Arlington State College, and the title of the chief executive from Dean to President.

The ten-year period 1949-1959 saw greater changes in the College than it had undergone during any other decade of its existence. Following a decline from 1,790 students in 1949 to 1,317 in 1951, the enrollment began to rise very rapidly in 1953, until in 1959 (the year the College added its third-year courses in certain authorized fields), it stood at 6,528. The enrollment for the fall semester 1965 was 11,514, placing it fourth among the 18 fully state-supported colleges in Texas. In October of that year it was fully accredited as a four-year school by the Southern Association of Colleges and Secondary Schools and beginning in the fall of 1966, the school will offer graduate degrees in selected engineering fields.

Gentlemen:

In the four years I have been Head of the Division of Business and Economics at Arlington State, I have closely followed the progress of the Business and Economics Club, whose members are now petitioning for a chapter of Delta Sigma Pi. It has consistently had dedicated, hard working, and conscientious leadership from the student body.

The drive to affiliate with a national professional business fraternity was planned, organized, and conducted by student leaders. These student leaders, as well as the faculty in the Division, expect that such affiliation will promote higher academic standards, emphasize professional conduct, and in general enhance the caliber of the Division.

I will personally lend every assistance to see that the local chapter of Delta Sigma Pi is outstanding.

Sincerely yours,

W. B. Nelson
Head

HISTORY

THE HISTORY OF THE DIVISION OF
BUSINESS ADMINISTRATION
ARLINGTON STATE COLLEGE

The growth of Arlington State College's Division of Business Administration from the very beginning has been one of striving excellence for newer concepts and improved curriculum standards.

In 1901 as Carlyle Military Academy the following courses were offered:

1. Bookkeeping
2. Business Practice
3. Commercial Correspondence
4. Commercial Arithmetic
5. Stenography
6. Typewriting
7. Commercial Law
8. Business Law

In 1913 its name was changed to Arlington Training School. The curriculum was the same as above.

In 1917 the school became a part of the A&M System known as Grubbs Vocational College. By 1935 the courses in Business Administration had increased by three additions:

1. Accounting
2. Principles of Accounting
3. Shorthand

In 1923 the school was renamed as North Texas Agricultural College with no changes in the curriculum in the Division of Business Administration.

In 1949 the name became Arlington State College, and in 1959 it was accredited as a four year school. At this time the following requirements for a BBA were:

1. English--12 hours
2. Government--6 hours
3. History--6 hours
4. Mathematics--6 hours
5. Behavioral Science--3 hours
6. Philosophy, Art, or Music--3 hours

7. Science--6 hours in a single laboratory science
 8. Speech--3 hours
 9. Electives--9 hours outside of fields of
business and economics
 10. Core--economics--12 hours
accounting--9 hours
marketing--3 hours
finance--3 hours
business administration--12 hours
 11. Major--27 hours of business, economics or
other approved
 12. Electives--electives to include (1) a minimum of
9-12 advanced hours in one of the following:
finance, management, or 12 advanced hours in
economics.
 13. Total hours--126
- This corresponds to the University of Chicago and
Stanford's schools of business.

In recent years, much study and reflection concerning the field of collegiate education for business has been critical, focusing upon low academic standards, overspecialization, and excessive vocationalism. The 1959 criticism of the Carnegie-Ford Reports has been instrumental in promotion of a "New School of Business." Arlington State is now in the forefront in the Southwest of these "New Schools of Business."

The major premise of the "new look" in education for business is the assumption that education for business leadership must be fully as rigorous and demanding as education in engineering or the liberal arts.

There is a recognition in curriculum and program planning of the pervasive fact of change; the rapidity with which new developments occur attest to the wisdom of concentrating on the fundamentals. In general, the BBA (non-accounting) program is oriented toward managerial decision making.

Emphasis is increasingly placed on computers and the mathematical and statistical concepts and techniques. Today business vocabulary

includes linear programming, operations research, simulations, and econometrics.

In line with this general philosophy of broad-gauge, high level, and demanding education stressing the fundamentals, Arlington State offers three major degree programs in Business and Economics: a Bachelor of Business Administration, a Bachelor of Business Administration (Accounting), and a Bachelor of Arts in Economics. In addition, students wishing to earn a BBA or BA in economics degree as preparation for entry into law school may do so by successfully completing a three-year program in one of these fields at Arlington State and then entering the law school of his choice. Upon successful completion of the first year at an accredited school of law, Arlington State will award the appropriate BBA or BA degree.

Separate from the four-year degree programs, but administratively a part of the Division of Business and Economics, is a two-year secretarial program leading to an Associate in Science diploma.

The growth and size of ASC's Division of Business and Economics is a significant indication of the service it provides in this region. The Division in the fall of 1963-64 enrolled 3,007 majors, or almost one-third of the total college enrollment of 10,000 plus. This is an average increase of over 17% per year for the past three years. There is every reason to expect Arlington State to continue to grow, and for its Division of Business and Economics to remain one of the largest in the state.

The Division of Business and Economics at Arlington State was the first to undertake a full scale, Division-wide Honors Program. The purpose of this Honors Program is to identify and select students

of higher ability as early as possible, and provide their capacities to the fullest.

The caliber of the potential Honors candidates in the student body in the Division is very high and the records these students have made here and are making at graduate schools and in business and industry is gratifying indeed.

The new faculty preparation standards of the Southern Association of Colleges, the regional accrediting agency, are already met by the Division of Business and Economics, although these standards will not go into effect until December, 1966.

ARLINGTON STATE COLLEGE

ARLINGTON, TEXAS 76010

Division of
Business and Economics

March 24, 1965

Grande Council
International Fraternity of Delta Sigma Pi
Oxford, Ohio

Gentlemen:

I would like to recommend the acceptance of the petition of the Business and Economics Club of Arlington State College. This club has been very active on the campus, and it has developed a systematic and comprehensive program for its members. This program has allowed them to interest the business leaders of the Fort Worth-Dallas area in speaking to the club members. This integrated program has stimulated student interest in the field of business and business interest in the campus.

The business growth of the Fort Worth-Dallas area has been a rapid one in recent years, and the student body at Arlington State College has kept apace with that growth. Both of these factors indicate that the student body could profit greatly from affiliation with a national professional fraternity in the field of business. The recent establishment of a Division of Business and Economics to replace the departmental level seems to indicate the trend of future developments. The potential cooperation between an on-campus chapter and the two alumni clubs of Delta Sigma Pi in the area provides the possibility of a mutual gain from the acceptance of this petition.

I have been supporting the Business and Economics Club throughout the past year, and the officers of this club have impressed me with their sincerity and dedication. I am convinced that the establishment of an active chapter of a professional business fraternity on the campus will result in an active and thriving chapter which would promote interest in the field of business among the students and faculty, and it would be beneficial to the growth of the college and of the region.

Sincerely,

Richard A. Hancock
Instructor in Economics
Division of Business & Economics
Arlington State College

RECOMMENDATIONS
from DELTA SIGMA PI
MEMBERS

International Fraternity of Delta Sigma Pi
Dallas Alumni Club

March 24, 1965

The Grand Council of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio

Gentlemen:

Earlier this month I was privileged, along with several other members of the Dallas Alumni Club, to attend the monthly dinner-meeting of the Business and Economics Club at Arlington State College. Each month the Club selects a particular field of business for their professional activity, and March was designated as Banking month.

I certainly was surprised to find such a large and enthusiastic group and was greatly impressed with the manner in which this meeting was conducted.

They have what appears to be an aggressive and extremely well-run organization and, I believe, would do credit to our Fraternity. Therefore, I strongly recommend that you act favorably upon their petition for a charter.

Fraternally yours,

Jack Knight

DALLAS, TEXAS ~~XXXX~~

The Grand Council of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio

Gentlemen:

For the past several months I have had the very great pleasure of working with the Business and Economics Club at Arlington State College. During this period I have watched it grow from about twenty to fifty-three members. Never have I seen a more enthusiastic and determined group of men and am firmly convinced that they would make a fine chapter of Delta Sigma Pi.

The aims and purposes of the club coincide exactly with those of our Fraternity, and they have the full support of the College and the Department of Business Administration.

It makes me extremely happy to endorse the Business and Economics Club and to recommend that their petition for a charter be accepted and that a chapter be installed at Arlington State College as soon as feasible.

Fraternally yours,

Frank L. Strong
Regional Director

Oxford, Ohio

Gentlemen:

It is with great pleasure that I hereby heartily endorse the charter petition of the Business and Economics Club of Arlington State College in Arlington, Texas.

My first meeting with this group of men was during the time they were trying to decide with which national fraternity they would attempt to affiliate. Since this decision was made, their progress and enthusiasm has been remarkable. They have had the finest group of working committees I have ever seen, and the leadership provided by Messrs. Williams and Mosley has been excellent. In addition, they have solicited and obtained the wholehearted support of their faculty and fellow students.

In my opinion, the Business and Economics Club at Arlington State College can become one of Deltasig's strongest chapters. Therefore, I strongly recommend your approval of their petition so we may add their group to our brotherhood.

Fraternally,

C. R. Chamberlin BP228, LM
District Director
Southwestern Region

*BUSINESS and
ECONOMICS CLUB*

HISTORY

HISTORY OF THE BUSINESS AND ECONOMICS CLUB

The Professional Business Club of Arlington State College was organized on August 12, 1957, with Harvey Mitchell, president, and a Charter roll of forty members. This soon increased to 320 members. The Club was organized for the purpose of furthering the knowledge of Business Administration students by bringing in business leaders of the Dallas-Fort Worth area to speak.

The Club was organized for the following purposes:

- A. To develop competent, aggressive business leadership.
- B. To create more understanding and interest in choosing business occupations.
- C. To strengthen the confidence of the members in themselves and their work.
- D. To encourage members in the development of individual projects and establish themselves in business.
- E. To participate in cooperative effort.
- F. To establish and improve standards for entrance into the business field.
- G. Maintain contact with business graduates and cooperate with the Business Administration Department in other projects designed to strengthen the business curriculum.
- H. To promote a certain amount of scholarship among members.

On October 23, 1962, the Professional Business Club merged with the Economics Club to form our present organization, The Business and Economics Club. This enabled the Club to have members majoring in all fields of business, therefore enabling us to hear speakers from practically all fields of business. Some of the more noted speakers we have had includes:

December, 1957--A. A. Dippel and P. F. Huston, Accounting
Division of Southwestern Bell Telephone Company.

April, 1960--W. W. Irons, President of the Federal
Reserve Bank of Dallas.

1959--Senator William A. Blakely, "The Government's Role
in Business."

1961--Representative Tom Jones of Dallas.

1961--Carr P. Collins, President of Fidelity Union Life
Insurance Company.

1963--Fred Smith, President of American Can Company.

Al Rollins, City manager of Arlington.

Ed Shanks, City secretary of Dallas.

Frank Cushing, Data Processing Manager of Fort Worth office
of I. B. M.

Lamar Hunt, "Business Opportunities in Dallas Area."

Tony Garcia, Head of Employment Department of General
Motors of Arlington.

Charles Troyer, Manager of Dallas area Sears Roebuck and
Company, "Marketing Research."

There were also field trips through Swift and Company of
Fort Worth and International Aircraft of Dallas.

10: Banking Month Banquet

22: Field trip to Texas Bank

April 7: Manufacturing Month Banquet

19: Tour: General Motors

28: Career Week

May 5: Insurance Month Meeting

IN APPRECIATION

It is said that behind every successful man, one will always find a dedicated woman. In serving as our secretary, Linda Ruth Williams has provided each of our members with incentive and inspiration. No individual has worked harder to help the Business and Economics Club achieve a fine reputation and accomplish each of its goals. It is impossible to overestimate the value of her suggestions and her dedicated service.

As the Business and Economics Club becomes a national fraternity and next year as we progress as a credit to our fine school and to Delta Sigma Pi, we know Linda will have a personal feeling of pride.

With deep respect and admiration, we sincerely say,

"Thank you, Linda"

Oxford, Ohio

Gentlemen:

I would like to recommend that you accept the petition of the Business and Economics Club of Arlington State College. This club has been very active for a number of years, and has exposed its members to many interesting lectures from business leaders and field trips to various businesses in the Dallas-Fort Worth area.

With the recent accreditation of Arlington State College it seems only natural that we seek affiliation with a national professional business fraternity in order to provide a greater opportunity to satisfy the needs of our rapidly growing student body and the mushrooming business growth of the greater Dallas-Fort Worth area.

I have been working with the Business and Economics Club at Arlington State College as faculty advisor for the past year, and sincerely believe we have the nucleus for a growing active chapter of a professional business fraternity that will help influence the growth of our college and business area.

Sincerely,

Jim F. Cook
Instructor, Division of
Business & Economics
Arlington State College

It has been a pleasure for me to work with the Business and Economics Club of Arlington State College. The Club invited Mayor Tom Vandergriff of Arlington to address the entire student body in February, 1965. He appraised us of the tremendous business and employment opportunities in this area. The business activity index for Dallas, Texas for February, 1965, rose 23% above the level a year ago. When the Trinity canal comes through this area it is probable by the mid 1970's, we will have nearly two million living in the Arlington-Dallas-Fort Worth area. Arlington State College is presently the only State school in this two county area.

During my student days at Butler University, Indianapolis, Indiana, I was a charter member and also president of the Butler Insurance Society. I was also Treasurer of the Accounting Society and a member of S.A.M. When the Business and Economics Club asked me to serve as an advisor, it was a pleasure to serve them, utilizing my background from student days. We attended the annual stockholders meeting of Texas Industries in Dallas on 17 December, 1964, have had several field trips to local firms, and at my suggestion, are planning to have a monthly evening dinner meeting for student and spouse. This will give spouses opportunity to have a night out and have mutual enlightenment and enjoyment. At our March, 1965 evening meeting we had about 50 attend.

Arlington State College does not have any Greek national fraternities. The brotherhood and moral support, plus lessons of true cooperation and higher values were taught to me while I was a Phi Delta Theta at Butler. These lessons and the assistance I received as well as what I was able to contribute to a wonderful group of men were a very important part of my college education. If Delta Sigma Pi can help incorporate these values into its members, our affiliation will be mutually beneficial. Perhaps the alumni chapters in this area could help set up a "personnel hiring clinic" wherein those working in personnel could show students what employee's look for in both a resume and also qualities and presentation which impress the interviewer.

Association with Delta Sigma Pi can offer Arlington State College students an opportunity to develop themselves while at college. Delta Sigma Pi can gain not only an enthusiastic student group, but also has an opportunity to expand the fraternity with members from an aggressive business community.

Charles E. Yeager

Charles E. Yeager, Instructor

ORGANIZATION

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is DAVID F. WILLIAMS. I am a twenty-three year old senior. I live at 3530 Crenshaw Ave., Fort Worth, Texas. I attended Polytechnic High School in Fort Worth before coming to Arlington State College.

I am presently an active member of Sagamore Hill Baptist Church in Fort Worth. While in high school I was a member of the Pan American Student Forum and the National Honor Society. I graduated with the honor of Summa Cum Laude. While in college I served as secretary of Pi Sigma Epsilon, a national marketing fraternity. I have also served as vice-president of the Business & Economics Club, and am at present the president of that organization.

Last summer I worked for the Fuller Brush Company. Besides gaining experience in sales techniques, I had the privilege of working as a crew leader of a group of about five other young men.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is CURTIS C. MOSLEY. I reside at 408 East Second Street, Arlington, Texas. I am 30 years of age, a sophomore, and am majoring in Business Administration. I graduated from Dry Creek High School, Dry Creek, Louisiana in May, 1952. While serving in the Army I attended the University of Maryland, Extension Branch, Fontainebleau, France.

In 1959 I was a member of the Oak Cliff Civitan Club, Dallas, Texas. I am presently a member of the First Baptist Church, Arlington. I served on active duty in the Army from March, 1957 to March, 1959. While stationed at Fontainebleau, France I worked in the Intelligence Section, Post Headquarters. I was directly responsible for preparation and control of all classified documents. I received an Honorable Discharge with the rank of Specialist Fourth Class.

I have worked in various phases of the business world. Upon graduating from high school I spent four years in the retail field. Before and after military service I spent a total of one year in the motor freight industry as a claims processor. Following this I spent two years in the industrial supply industry, starting out as Warehouse Supervisor. From this position I was moved from merchandise-office management, to sales, and finally to sales manager. I am currently on leave of absence from International Harvester Company. When I have completed my education, I will return to this employment.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is ROBERT FRANKLIN HOOK, age 22, and I am classified as a junior at Arlington State College. I live in Highland Park - Dallas, Texas and my home address is 3837 Centenary Drive. I received my high school diploma from Highland Park High School.

I am a member of the University Park Methodist Church, and I am at present vice president of the college church school class and I held the office of president last year.

I have attended the University of Arkansas at Fayetteville, Arkansas. While in Fayetteville I was an associate member of the Central Methodist Church where I sang in the Church choir and was active in Wesley Foundation.

On the U. of A. campus I was a member of the University Collegiate Singers and the opera workshop known as the Uarkettes. I was, also, a member of the Marketing Club and member of the University of Arkansas YOUNG DEMOCRATS CLUB.

I am a member of the JUNIOR CHAMBER OF COMMERCE. I have worked with the Little Rock Jaycees, and I now belong with the PARK CITIES JAYCEES, and was chairman of the Medicare Committee studying the Kerr-Mills Bill.

I have had two years of AIR FORCE RESERVE OFFICERS TRAINING CORPS. in college.

I have worked in NORTHWESTERN NATIONAL LIFE INSURANCE COMPANY OF MINNEAPOLIS in their management training program.

"RESUME FOR THE DELTA SIGMA PI PETITION"

I, HENRY EARL BLECHL, JR., am twenty-four years old and a Junior Accounting Major Student at Arlington State College. I graduated from Queen City High School, Queen City, Texas in May, 1958.

As a boy, I was a member of the Boy Scouts of America and attained the rank of Life Scout. I am presently a member of the Antioch Baptist Church in Atlanta, Texas. Also, I am a member of the Texas and United States National Guard Association along with the Armor Association of the United States.

On July 10, 1958, I joined the U. S. Air Force and for a period of two and one-half years served as a Neuro-Psychiatric medic stationed at Eglin A.F.B., Florida. I received an Honorable Discharge on January 18, 1961 with the rank of A/2c. I then joined the Army National Guard in the same month, and on October 1, 1961, I was called to active service with the 49th Armored Division during the Berlin Crisis. I attained the rank of Sgt. E-5, and in July, 1962 applied for and was sent to Officer Candidate School at Ft. Benning, Georgia. On October 18, 1962, I received my commission as a Second Lieutenant and was assigned to my home town National Guard unit upon release from active duty. In that unit, I am presently serving as Executive Officer.

My only employment other than military listed above, was from October, 1962 to January, 1964 at Red River Army Depot located at Texarkana, Texas.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is JAMES D. (JIM) McLENDON. I am thirty years old and am presently a junior at ASC. I graduated from Ponca City Senior High School, Ponca City, Oklahoma, but I now live at 1904 Lea Crest, Arlington, Texas.

In high school I was president of both the local and state UNESCO clubs in Oklahoma. I have served as song director, chorus director, and class teacher in the Church of Christ. At the present time I am serving in these capacities in the Pantego Church of Christ in Arlington.

During my two years in the U.S. Army, I served as company aidman and field ambulance driver in a STRAC unit. I also served as an assistant on the tactical training committee instructing basic trainees. I received the outstanding trainee award during basic training and soldier of the month awards at both company and battalion levels. I served in reserves as company aidman and received an honorable discharge with the rank of Specialist Fourth Class.

My work experience includes jobs with three major aircraft manufacturers: Boeing Airplane Company, Douglas Aircraft Company, and General Dynamics. I worked three and one-half years for the Semiconductor-Components Division of Texas Instruments, Inc. I am now on leave of absence from Texas Instruments while attending ASC.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is CARSON BAYS. I am 21, a senior economics major at Arlington State College and will graduate in January of 1966. My residence for the past fourteen years has been at 310 South East Fifth Street in Grand Prairie, Texas, the town in which I graduated from high school in 1961.

I have been a member of the Business and Economics Club at Arlington State for the past two years and am currently on the petitioning committee for a local Delta Sigma Pi Chapter. I have been a member of the Cliff Cloud Climbers, a Dallas Model Club, since 1959, served as its secretary-treasury in 1960 and 1962, and was voted outstanding club member of that organization in 1959 and 1960.

As of yet I have had no military service and am currently classified as II-S.

I worked as a general sales clerk in a local toy shop for three and one-half years and also worked as a sales representative for the Collier Company in the summer of 1963.

"RESUME FOR THE DELTA SIGMA PI PETITION"

I, CHESTER ALVIN PENTECOST, am twenty-four years old, single, and a Business Administration Student in my sophomore year at Arlington State College, Arlington, Texas. I attended North Dallas High School in Dallas, Texas where I graduated in 1959. My present grade-point average at Arlington State is 1.4% or C-plus.

While attending South Broward High School in Hollywood, Florida, I was a member of the Camera Club, and the HI-Y's. At present, I am Publicity Chairman for the Business and Economics Club at Arlington State College.

I served in the United States Coast Guard from November, 1959 to September, 1963. During that time I advanced to the rank of Petty Officer Third Class in the Yeoman (administration) field.

I received special training in the electronics field while in the Coast Guard, as well as Certificates of Satisfactory Completion in the Yeoman Third Class (YN3-7) course of the U.S.C.G. Institute, Groton, Conn., and The Boarding Officer Training Course for the Second Coast Guard District, St. Louis, Mo.

As to employment, I managed my father's camera shop, Casa View Camera Center, for six months after high school; then I worked for Hulsey-Proctor Foreign Cars, Inc. At present, I am employed by the Airborne Freight Corporation in the Dallas Regional Office. I am Night Operations Manager. After graduation I plan to continue with the Airborne Freight Corporation in a District Sales Managers position.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is ERNEST BRISTER, JR., and I live at 1440 Roma Lane in Fort Worth, Texas. I graduated from Technical High School in Fort Worth in June of 1961, and I am presently a junior at Arlington State College.

I am a past Congressman of the Arlington State R.O.T.C.-N.C.O. Club, and have served on two student activities board committees. I am now a charter member of the Citus Falco, a local social fraternity, and serve as post reporter and social chairman. I am also a member of the R.O.T.C. Officers' Club.

I enlisted in the United States Army Reserve and served six months active duty, followed by a honorable release to the reserves.

I have been employed at Six Flags Over Texas where I held the position of temporary assistant foreman. I have also assisted my father in the operation of his firm the A-1 Carpet Cleaners.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is WILLIAM O. BUTTRAM. I am twenty-one and a junior at Arlington State College. I live with my parents in Dallas at 3019 Sharon. I graduated from Sunset High School in Dallas in 1962.

At Sunset I was a member of the Good Scholarship Club and the National Honor Society. Also, I worked in the library as an assistant librarian.

I am presently employed at Goodyear Tire and Rubber Company at their zone accounting office in Dallas, My position is mail and file clerk. My duties include decollating, breaking down, and mailing out various computer forms which contain the company's accounting data. Much of the filing for the accounting office is handled by the mail room also. This position is a starting point for actual accounting work or computer work.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is RONALD MILES CANTER. I am twenty-three years of age and am a sophomore at Arlington State College where I have been listed twice on the Dean's Honor Roll and was a candidate for the Business and Economics Honors Program. I attended Amon Carter Riverside High School in Fort Worth, Texas. I reside with my wife at 47 Lynn Court, Hurst, Texas.

I have been a member of the Boy Scouts of America, a member of the National Honor Society and was associated with the Northeast Optimist Club of Fort Worth. I participated in the youth program of the Optimist Club and was the coach of a Little League team in the summer of 1963.

I served four years in the United States Navy. During that time I attended several schools including the Class A Radioman School at San Diego, California where I graduated second in a class of sixty-three. I also attended the United States Naval Submarine School at New London, Connecticut. I was stationed aboard the Polaris missile submarine, U.S.S. Patrick Henry, for two years where I was designated "Qualified in Nuclear Submarines" and was awarded the appropriate Silver Dolphins. I was Honorably Discharged in February, 1963 after having attained the rank of Radioman Second Class. I was also awarded the Navy Good Conduct Medal.

I am employed full time as a Production Control Clerk by the Bell Helicopter Company, a subsidiary of Textron Industries.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is GARY CHRISTOPHER. I am twenty-one (21) years of age, and a junior at Arlington State College. I reside at 412 South Cooper in Arlington, and attended Haltom High School in Fort Worth, Texas.

I was a member of the Cub scouts, and in my early and middle teen years a member of the Methodist Youth Fellowship, and Vice President of the Ram Rods auto club of Fort Worth. For the past three years I have been a member of various musical combos. I am presently a member of the Business and Economics Club at ASC.

I have served no military duty.

I have worked as an order detailer and driver for Texas Drug Company in Fort Worth. I also worked as an apprentice machinist for Warriner Products Corporation in Fort Worth.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is JAMES M. COBURN. My wife and I live at 6861 Routt, Fort Worth, Texas. I graduated from Carter-Riverside High School in Fort Worth where I participated in the Distributive Education Program. At present I am a twenty-four year old sophomore at Arlington State College.

In 1959 I enlisted in the United States Navy for a four year term of duty. After completing recruit training I was sent to Machinery Repairman's Class "A" School for machine shop training. In three years I obtained the rank of Second Class Petty Officer. In December of 1962 I received an honorable separation from active duty and in January of 1965 I received an honorable discharge.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is PHILLIP CRADDOCK. I am twenty-two years old and a sophomore at Arlington State College. I graduated from Mineola High School, and I now live at 131 Turtle Creek here in Arlington.

I have done some work with the youth at my church. I have not served with the military. I have worked as a salesman and mechanic at White's Auto Stores in Mineola and a a salesman at White's in Arlington. I worked one season at Six Flags Over Texas. The rest of my jobs have been part time summer jobs.

"RESUME FOR THE DELTA SIGMA PI PETITION"

I, DAVID S. CURRY, have reached a junior classification at the age of twenty-two following my graduation from Crane High School in Crane, Texas.

While in high school my time was widely spread among studies; the golf team, Student Council, Honor Society, Junior Declamation, Band Math Club, and scouting. At one time I had the honor of serving as the President of my class and on two other occasions I served as a representative of my class in the Student Council. As a senior I was elected to the post of Sgt.-at-arms in the Student Council. Among the honors I received as a graduating senior were three small scholarships, recognition for having the third highest scholastic average and being the highest ranking boy of the class.

Since my enrollment in college, the West Texas Federation of Women's Clubs awarded me a \$75.00 tuition scholarship for study pursued at Odessa Junior College. A two year following includes few activities because of the necessity of my working after entering Arlington State College.

My employment record includes some thirteen months with the Steenmeyer Corporation in Fairbanks, Alaske. At this company I worked as a painter's apprentice, expediter, warehouseman, and assistant business manager.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is GORDON RICHARD DODDS. I am aged twenty-six and a sophomore at Arlington State College. I graduated from Chula Vista Adult High School, Chula Vista, California. I then attended San Diego City College one year.

I was formerly a member of Chula Vista, California Junior Chamber of Commerce. I was one term Director of Internal Activities, and I was recipient of the Outstanding J. C. Award.

I served two years active duty in the United States Navy and received an honorable discharge. I worked as salesman with the Helm Buick Company of Chula Vista. I work now with the Texas State Highway Department in charge of four concurrent projects involving one-hundred code room clerks, six samplers, fifteen interviewers, and four map workers.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is ROBERT FOWLER. I am twenty-one years old and a junior in business administration at Arlington State. I graduated from Central High School in Murfreesboro, Tennessee. My grade point average at Arlington State is a 1.68.

In high school I was a member of the Spanish Club, the Science Club, and the Amateur Radio Club. I was a member of the Sewart Air Force Base Teen Club in Tennessee for four years and a member of the Officer's Club Junior Assembly for three years. Although the Explorer Scouts is normally a service organization, it has its social aspects. I was president of my unit for three six month terms, and vice-President and Treasurer for two terms each.

In the summer of 1961 I worked as a life guard for the Sewart Air Force Base Officers Club. Later that summer I worked as a salesman for the Crowell-Collier Publishing Company. In the summer and fall of 1962 I worked as a sales clerk for Walgreen Drug Company in Abilene, Texas. During the summer of 1963 I worked in Las Vegas, Nevada as a bus boy for the Mint Casino, and as a shoe salesman for the Twenty-five Cent Shoe Store Chain. I have had no active military service.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is LAWRENCE H. HAMPTON. I am twenty years old and a second semester sophomore. My overall grade point is about 1.9. I attended Sunset High School in Dallas, Texas. I now live at 118 N. Edgefield in Dallas and commute to A.S.C.

In the past I have been an active member in Cub, Boy and Explorer Scouts where I attained the rank of Eagle Scout. While in scouting I was elected to the Order of the Arrow where I became a Brotherhood member. In school I was on the R.O.T.C. rifle team and won an award for having the highest individual score in the city. Also I was a member of the Science Club, Flicker Club, and Chess Club. Upon graduation I received a Scholarship Certificate. Currently at Arlington State I am a member of Alpha Phi Omega Service Fraternity, and on the Fall Semester Honor Roll.

I have not had any military training outside of R.O.T.C. During my senior year in high school I attended a Diesel Engine School at night and received a Certificate of Training as a diesel mechanic.

The summer after graduation from school I worked as a diesel mechanic at the Mack Truck Company in Dallas, while attending night classes at A.S.C. I then attended Texas A. & M. for the fall semester of 1962. That spring (1963) I started work for Southwest Wheel & Mfg. Co. in Dallas. That summer I re-entered A.S.C. I have been going to Arlington State and working 35 to 40 hours per week at Southwest Wheel since that time.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is LAWRENCE D. HASKEW, JR. I live at 1509 Marshalldale Drive in Arlington, Texas. I am presently a Senior at Arlington State College. My age is 29. I graduated from Austin High School in Austin, Texas, and I have attended the University of Texas.

I have been or am now a member of the following organizations: Pi Kappa Alpha Fraternity (Social); Phi Kappa Theta Fraternity (Honor) Printing Industry of American (Professional); Business and Economics Club; National Honor Society.

I have served in the United States Air Force on active duty for four years and I am now a Captain in the U. S. Air Force Reserve. While on active duty I served as a transport pilot.

In the past I have been employed as a production co-ordinator and a production manager in the printing industry. I have also had experience as a retail salesman and as a statistician.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is JAMES HIEDE, and I live in Arlington, Texas. I am twenty-two years old and a junior at Arlington State College. I attended high school at Taylor High School in Taylor, Texas where I graduated.

I am a member of the Baptist Church here in Arlington. In high school I was a member of various clubs including the Science Club, the Industrial Arts Club, and the Spanish Club. I was treasurer of the Industrial Arts Club. I also participated in track and was President of the senior class. I am now a member of the Business and Economics Club at Arlington State.

All of my jobs have temporary summer jobs, the most important being for the Industrial Generation Company which operates a lignite mine and power plant. My duties varied from helping civil engineers in the field to making mechanical drawings and keeping records in the repair shop.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is MARION L. HICKS, and I live at 1112 East Mitchell in Arlington, Texas. I graduated from Arlington High School. I am twenty-six years of age and a sophomore at Arlington State College.

I am a member of the Burchill Baptist Church in Fort Worth, Texas. I am also a member of the Arlington Masonic Lodge number 438, Scottish-Rite Masonry, and the Moslah Temple Shrine in Fort Worth, Texas. At Arlington State I am a member of the Business and Economics Club.

I am presently serving in the United States Air Force Reserve at Carswell A.F.B., Texas serving a six-year enlistment after completing six months active duty.

I have worked for Cummins Sales and Service, Inc. for five and one-half years with the duties of sales, accounting and purchasing. I quit in September to re-enter school. Prior to this employment, I worked for Mrs. Baird's Bakery for eighteen months. There I did general office work, including the accounts payable and the accounts receivable departments.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is ROGER HORTON, and I live at 3749 Clover Lane, Dallas Texas. I attended Thomas Jefferson High School and graduated there. I am now nineteen years of age and a sophomore at Arlington State College.

I attended St. Gregory's College, Shawnee, Oklahoma where I was assistant-editor of the school newspaper and layout assistant for the school yearbook. I am presently a member of the Lovers Lane Methodist Church in Dallas. I am a member of the Business and Economics Club at Arlington State College. My name has been submitted for acceptance to the ASC Business Administration Honors Program. At St. Gregory's College I obtained a 3.48 grade point average on the four point system; at Arlington State I have a 2.4 grade point average on the three point system.

I have had no previous or present military service. I have worked at General Electric Supply Co. where it was my duty to assemble and package orders for local and freight shipment as well as delivery work and the occasional training of new warehouse personnel. I have also worked at the Dallas Brush Mfg. Co. as a general warehouseman and at the Sally B Sweet Shoppes Inc. where I had cooking and fountain duties.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is ROBERT D. JENKINS, JR. At the age of twenty, I have completed 68 semester hours here at Arlington State College with an overall grade point average of 1.45. I am therefore classified as a Junior. I began my studies at Arlington the fall after I graduated from Adamson High School, Dallas.

In my Senior year at Adamson, I was elected to the Key Club, a service organization affiliated with Key Clubs International. I was also a member of the Pan American Club, devoted to the interests of Spanish speaking students. I was selected as a member of the National Honor Society by the faculty and I held a supporting role in the Senior Play. After graduation my interests turned to swimming and water safety. Under the direction of Coach Don Easterling, here at Arlington, I attained the Red Cross skills of Intermediate and Swimmer. The next year I continued on through Advanced Swimmer and Senior Life Saving and finally received the Water Safety Instructor certificate. I spent that summer helping another Instructor teach over 600 children how to swim.

I have worked as a stock clerk in a grocery store and I have been employed for the past two years at Central Freight Lines, Inc. in Irving, where I work a 50 hour week.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is GEORGE F. JOHNS, and I live at 1035 West Second Street, Arlington, Texas. I attended Blue Mountain Junction High School in Orwigsburg, Pennsylvania and graduated. I am twenty-four years of age and a junior at Arlington State College.

In high school I was a member of the chorus, band, Hi-Y and the National Honor Society. Here at Arlington State I serve on the student relations committee and the interdorm council. I have been a member of the Safeway Stores Employees Association.

As yet I have not served in the military service. I worked at American Stores from 1956 to 1960 and the Safeway stores from 1960 to 1963. My duties were inventory, ordering and stocking shelves.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is WILLIAM D. LONG. I am 24 years old. My classification at A. S. C. is a junior. My address is 2024 E. Mitchell, Arlington. I attended high school here in Arlington. I am a member of Aldersgate Methodist Church.

I have been on the honor roll the last four semesters at A.S.C. I recently became eligible for Phi Kappa Theta, A.S.C.'s honor society.

My active military service was spent with a Hawk missile battery in Wurzburg, Germany. I spent an additional two years in the Army reserve as a sargeant in charge of a rifle squad.

I am presently employed with Oil States Rubber Co. as a draftsman and engineering assistant.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is STEPHEN E. LUTZ. I attended Arlington Heights High School in Fort Worth, Texas and graduated there. I am a nineteen year old sophomore at Arlington State College.

I am a member of Saint Peters Ushers Club. At Arlington State I am a member of the insurgent team, Secretary of the Davis Dorm House Council, and am listed on the Honor Roll.

I have had no military service. I have worked as head sackboy at the Carswell A.F.B. Commissary and as a laborer at Greenwood Cemetery in Fort Worth.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is G. H. MCKENZIE, and I live at 4612 Harley, Fort Worth, Texas. I attended high school in El Dorado, Kansas where I graduated. I am presently twenty-eight years old and a junior at Arlington State College where I am listed on the honor roll.

I entered the United States Army National Guard on November 12, 1958. I served active duty for the original six month period of training and once again for ten months during the 1961 Berlin Crisis. I achieved the rank of E-4 with the duties of clerk in Battalion Headquarters. I received an honorable discharge.

I worked three years at General Dynamics in Fort Worth; three years at Kimbell Grocery Company in Fort Worth, and I am presently working at Triple A Lapco, Grand Prairie, Texas. My work experience includes that of fabrication of aircraft parts while working at General Dynamics, and general accounting work while working at Kimbell Grocery Company. The duties of my present job include general accounting and office work. The general accounting work experience of the past and present consists of general ledger work, subsidiary ledger work, financial statement preparation, small amount of income tax work and some machine accounting.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is WAYNE ALLEN MEIER, and I live at 1458 Greenbrier in Fort Worth, Texas. I graduated from Bridgeport High School, Bridgeport, Texas. I am twenty-four years of age and a junior accounting major.

I was married August 24, 1962 and then moved to my present address.

I am currently employed by National Educators Life Insurance Company.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is THOMAS RONALD MONTGOMERY. I graduated from Waxahachie High School, Waxahachie, Texas. I am nineteen years old and a freshman at Arlington State College.

At Waxahachie High School I was the Treasurer of my senior class and a member of the track team. I also participated in the Hi-Y, Boys Club, Youth Choir (First Baptist Church, Denison, Texas), and was an Explorer Scout in the Boy Scouts of America. As a Boy Scout, I received the honors of Order of the Arrow, Star Scout, Senior Scout, and the Senior Life Saving Badge. At Arlington State I am a member of the Business and Economics Club.

Serving in the Army R.O.T.C. I have received the rank of Buck Sergeant and have been named Fire Team Leader. I have also received the Good Conduct Ribbon, Most Efficient Company Ribbon, and the Marksmanship Medal.

I have worked at Ellison's Country Store, Denison, Texas. In Waxahachie, Texas I worked at Poulter's Fina Station, was lifeguard at the Optimist Swimming Pool, and Assistant Mailing Clerk at the Daily Light (the daily newspaper). I then worked at the Sabine Valley Lumber Company in Fort Worth, and I have worked at Six Flags Over Texas for the past three years.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is ROY EUGENE NEWMAN, and I live at 300 South College, Apartment 'A', Arlington, Texas with my wife Camilla. I am twenty-six years of age and classified as a sophomore at Arlington State. In 1956 I graduated from Lake Worth High School in Fort Worth.

I am a member of the First Presbyterian Church, where I participate in the choir and church school activities. In high school I was a cheerleader for three years and maintained various student body officers positions. I attended the Dale Carnegie Leadership Course and received a graduation certificate.

In July of 1957, I joined the U. S. Marine Corps. While in the Marines I completed a film projector operator's course, a typing course, a business administration course and a five-ton truck driving course. I was engaged in a three year contract with the Marines and in 1959 I was honorably released with the rank of corporal.

I have done various types of jobs, but my responsibilities have centered within the clerical field. The last full time job I had prior to coming to Arlington State College was a salesman's position with Armour and Company whose home office is in Fort Worth. I presently work as a part-time butcher at Hi-Lo Markets.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is MERRIL E. NUNN. I am twenty-seven years old and a sophomore business administration major at Arlington State College. I formerly attended Texas Tech.

I am a veteran of the United States Army with an honorable discharge. My time of service began October 11, 1958 and ended October 15, 1964.

I am a member of the Masonic Lodge and the Business and Economics Club. I am presently employed by General Motors here in Arlington for part-time work.

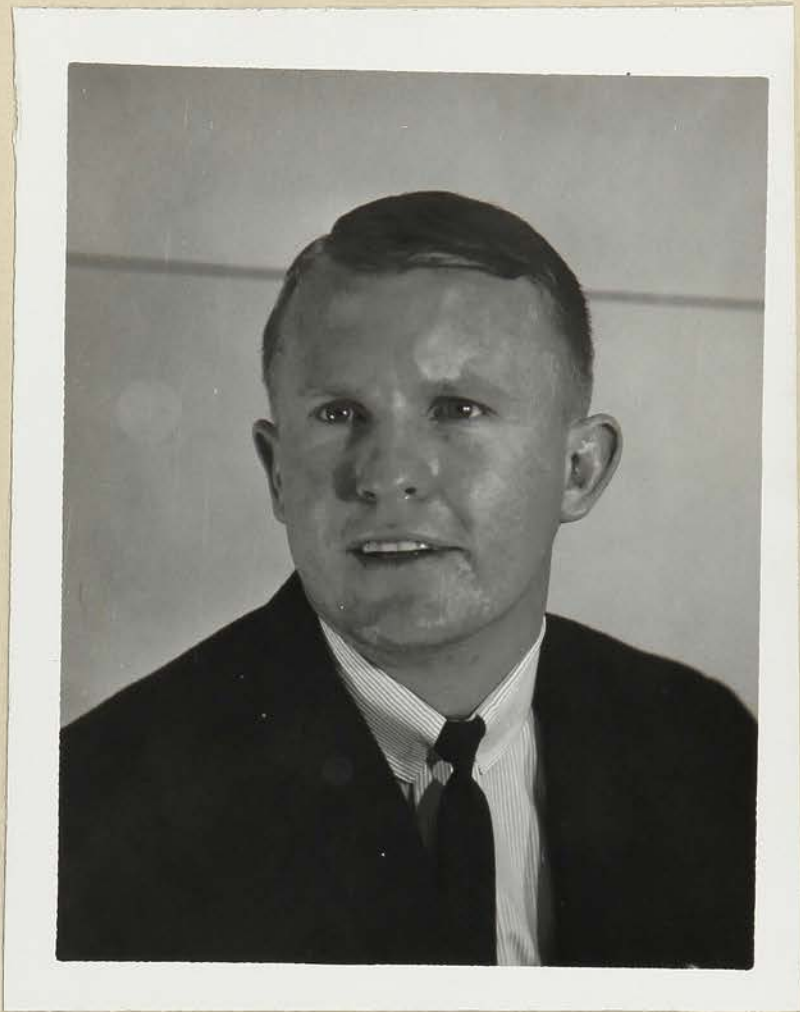

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is PETER FRANKLIN NYBERG, and I live on the Davis campus of the University of California in Davis, California. I am twenty-three years old and am now in my fourth university training for the Peace Corps. I graduated from the Chateauroux Dependent High School in Chateauroux, France in 1960. I have attended the University of Minnesota, University of Maryland European Extension Division (Chateauroux, France), and Arlington State in addition to the University of California. I am classified as a junior and will be returning to Arlington State College two years from now at the end of my Peace Corps. assignment.

I have been affiliated with the following organizations: 4-H Club, Boy Scouts-Explorer Advisor, Civil Air Patrol-Drill instructor, Dependent Youth Council-President, Pershing Rifles ROTC Fraternity, Business and Economics Club-program chairman, and a member of the Pi Sigma Epsilon Professional Marketing Fraternity.

I have recieved the Inland Daily Press Outstanding Newspaper Boy Award, the Certificate of Proficiency from the Civil Air Patrol, the Star Scout Award, and was selected as a delegate to the Model United Nations in the state of Texas.

My major employment has been with the United State Civil Service as a Film Acceptance Inspector for the Air Force Film Library Service and at the same time was responsible for the Air Force Film Library of Maintenance of the United Kingdon. With the USCS I also held a position Clerk for the Civil Engineering Housing Branch at Chateauroux.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is DEWAYNE V. PIERCE and I am a 22 year old junior planning to graduate in 1966. I live at 515 Summitt, Apt. 40, with my wife, Diane. I attended Littlefield High School in Littlefield, Texas.

I am a member of the First Baptist Church, Arlington. I was a member of the Rebel football team for two years. While in high school I was in Student Council for four years, serving as President my senior year. In 1961 I was voted Outstanding Boy by the faculty of Littlefield High School.

Most of the jobs that I have had have been part-time jobs. I worked one summer as a recreation counselor at Littlefield. There I helped in a summer program for young boys, teaching them swimming, basketball and games. I have also coached in Pony League and Colt League baseball. I worked four summers with the Agriculture, Stabilization, and Conservation Office in Lamb County. The job I held was one of a reporter. I measured cotton acreage for the government. I worked one school term as a YMCA leader at the Eastside YMCA in Fort Worth. Here I coached young boys in football, baseball and track. This past summer I worked for T&P Motor Freight in Fort Worth. I worked on the docks unloading trailers.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is JIM ROUNTREE. I am eighteen years old and a freshman marketing major. I live at 106 Varsity Circle where I have resided for fifteen years, and attended Arlington High School.

I am a member of the Park Row Church of Christ. In high school I was a member of the Key Club, Foreign Language Club, Safety Council, and Student Council. Last year at Arlington State I was a member of NSID (National Society of Interior Designers). I have registered for the draft, but as yet have not received my classification.

I have worked for Agricultural Insurance Company of New York in their accounting department and for H. T. Green & Son Insurance Agency of Dallas. My work at the agency in Dallas consisted of accounting and general office procedures.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is THOMAS SHIPMAN. I am twenty-five years old. I am a junior at Arlington State College. I live at 1417 Savage Drive in Fort Worth, Texas. I attended Central High School at Sumner, Texas. I am a member of the Methodist Church.

I served as a member of the United States Naval Reserve, and attained the rank of Seaman. My training was in the field of radio. I received an honorable discharge.

Prior to returning to college, I was in charge of the General Ledger Department at Kimbell Grocery Company, Fort Worth, Texas. I am presently employed with Kimbell Grocery Company as a part-time accountant.

"RESUME FOR THE DELTA SIGMA PI PETITION"

I, ROBERT LONNIE SMITH, am a sophomore at Arlington State College who has attained the age of twenty years. My home address is 6418 Howard in Dallas and my school address is 1510 Camellia in Arlington.

graduated from W. W. Samuell High School in May, 1963.

I attend the First Baptist Church of Urbandale regularly and am secretary of my Sunday School class. While attending Samuell High, I was a projectionist in the spring semester of my sophomore year and a member of the Chemistry Club in my junior and senior years. When I enrolled at ASC I first joined the Business and Economics Club. Last year I was chairman of the News Committee and am currently the club treasurer. While in my sophomore year in high school I received a high school Bible award for the Old Testament.

I have never served in any branch of the armed forces.

On December 7, 1959 I went to work for Minyard's, Inc. as a package boy. Besides ~~sack~~ing the groceries, my duties included putting up stock, sweeping the floor, selling Christmas trees, etc. On March 21, 1961 I went to work for A&P Food Stores as a produce clerk. My duties are to keep the produce racks filled up and weigh the produce.

"RESUME FOR THE DELTA SIGMA PI PETITION"

My name is JAMES HARVEY VOSS. I was born on June 23, 1945 in Abilene, Texas. I have been a resident of Arlington since 1950. I graduated from Arlington High School in 1963, and entered Arlington State College the following fall. My major field is economics and I have at present a 2.2 grade point ratio.

In high school I was a member of the track team, the Y.M.C.A., and participated in some programs of the Optimist Club. I am a member of the Church of Christ in Arlington and the Arlington Saddle Club.

I have served one year in Army R.O.T.C. at Arlington State. I was one of three nominees for outstanding Freshman Cadet.

In the past years I have worked for Voss Motor Company, Bonanza Trailer Sales, J. C. Penney's, and Watson Brother's Department Store.
