THE DELTASIG, official magazine of the International Fraternity of Delta Sigma Pi, a professional Commerce fraternity, is published four times a year, in the months of November, February, May and August. Articles offered for publication should be presented at least two months previous to the date of publication. Chapter letters, alumni news and similar information should be sent in in accordance with special instructions prior to each issue. This information is usually required on the first day of the month in which the magazine is issued.

Neither the Editor nor the Board of Directors is necessarily in sympathy with any of the opinions expressed in THE DELTASIG. We feel that one of the most important missions of a fraternity magazine is to cause the members to think about themselves; thought being the chief desideration, authors are sometimes solicited for expressions of opinions in the feeling that their opinions are wrong, but likely to stimulate argument.

Members of the fraternity are requested to contribute special articles on business subjects and news items concerning alumni.

PUBLICATION OFFICE—111 N. Walnut St., Champaign, Ill.

EDITORIAL OFFICE—222 W. Adams Street, Chicago, Ill.

Entered as second-class matter at the postoffice at Champaign, Illinois, under the Act of August 24, 1912.

## The Ninth Grand Chapter Congress

THE NINTH Grand Chapter Congress of Delta Sigma Pi, held at Champaign, Illinois, on September 6, 7, 8 and 9, 1928, is now history and it will be long remembered by those who attended it as one of the most successful conventions we have ever held. The attendance exceeded that of Madison by ten, there being 177 registered at the Champaign meeting. The business sessions last two and a half days; the social activity while brief was most enjoyable and everyone seemed to have the time of their lives.

The congress arrangements were in charge of the General Committee which comprised:

*Grand Secretary-Treasurer* H. G. Wright,  
*Beta.*

*Head Master* M. J. Rose, *Upsilon.*

Frank L. Petru, *Upsilon.*

Cecil Carpenter, *Eta.*

I. W. Davis, *Upsilon.*

Various sub-committees had charge of each individual activity. The social committee comprised Brothers Frank L. Petru, chairman, Clyde Andrews, Edwin Smith, William Adelhelm; the lodging and commissary arrangements were handled by Brother Milton J. Rose; Brother George Reid was in charge of transportation, Brother Irvin Gromoll was chairman of the athletic committee and Brother Moore was in charge of the reception committee. Miss Evelyn Kroell of *The*

*Central Office* in Chicago had charge of the "branch" that was opened in Champaign and handled all the financial transactions, registration, etc.

### UPSILON HOUSE NOT FINISHED

The only regrettable feature of the entire congress was the fact that owing to a strike of bricklayers earlier in the summer, the contractor was unable to have the new *Upsilon* house ready for use during the meeting. This seriously handicapped *Upsilon* chapter who were obliged to move out of their old house and into the new, although unfinished house, on September 3rd, and then had to be ready to entertain the convention two days later. The contractor was laying floors, installing the wood work in the parlors, grading the lawn, installing plumbing fixtures, etc., during the entire convention. This meant that with all this worry and unsettled conditions, the chapter was not able to devote their undivided efforts to the convention and in view of the circumstances they are to be congratulated on the very fine work they did. The house was completed about three weeks after the convention adjourned.

However, all of the visitors were able to inspect the house and get an excellent picture of how it would look when completed. The second and third floors were complete except for

the plumbing fixtures, and the main floor and basement were near enough finished to tell what they would look like when finished.

We were fortunate in being able to lease a beautiful three-story men's dormitory, The Granada, at 1004 S. Fourth Street, Champaign, just four short blocks from the *Upsilon* house, and this dormitory served our needs perfectly. Forty rooms, each with twin beds, running water, etc., were available for us, and we also occupied two adjacent fraternity houses so we were able to accommodate all of the visitors without any trouble. The dining room facilities of The Granada were far superior and larger than those offered in any fraternity house, so we were able to handle the entire commissary arrangements through their dining room, we having facilities to seat 120 persons at one time. The parlors of The Granada were unusually large and served as most admirable social headquarters and for the dance on Friday evening. The business meetings were held at the *Alpha Gamma Rho* fraternity house adjoining the new *Upsilon* house.

#### VISITORS ARRIVE EARLY

The visitors started to arrive as early as Tuesday noon, and continued coming in until just before the dinner-dance held Saturday evening. While many used the trains, it seemed as though at least two-thirds drove through this year, and distant chapters sent unusually large delegations, considering the distance they had to travel. Five were registered from Los Angeles, four from Salt Lake City, four from Boston, four from Atlanta, eight from Philadelphia, ten from Detroit, and others from many other points. The transportation committee met the important trains, and all

visitors were taken first to The Granada where they registered and were assigned to their quarters. All meals except Saturday evening dinner were served at The Granada and the management did everything within their power to please the visitors.

#### SMOKER HELD WEDNESDAY EVENING

The Ninth Grand Chapter Congress was informally opened on Wednesday evening with an informal smoker and get-together held in the parlors of The Granada. Talks were made by *Head Master* Milton J. Rose of *Upsilon*, *Grand President* Walther, *Grand Secretary-Treasurer* H. G. Wright, and Brothers Dickinson, Filbey and Dillavou of *Upsilon*. All Grand Officers and Delegates were introduced. The congress formally convened on Thursday morning, and business sessions were held Thursday and Friday mornings and afternoons and on Saturday morning.

Reports of the Grand Officers and national committees were presented on Thursday morning and together with the taking of the official photograph occupied all of the morning. It was particularly gratifying to all present to learn of the continued progress being made by the fraternity. *Grand President* Walther presented a most creditable report and made several recommendations for the coming term. The report of the Committee on Finance was presented by its chairman, Brother R. C. Schmidt, *Theta*, and indicated a very satisfactory financial condition. *Grand Secretary-Treasurer* H. G. Wright outlined the present condition of the fraternity, the chapters and alumni clubs, reviewed the activity of the past year, commented upon the financial condition and made certain observations and also recommendations for the coming term.

The Committee on Extension made a most complete report. They had, at the direction of the 1926 Grand Chapter Congress, made a complete and exhaustive survey of the expansion possibilities of the fraternity, with the idea in mind of preparing a list of eligible colleges qualified to support chapters of Delta Sigma Pi, and also of establishing more elaborate qualifications for admission. This committee devoted a lot of time to this important task during the past two years, and their report which covered many pages and was supported by much evidence, was enthusiastically received by the convention. It is impossible to print the entire report in this magazine, but suffice to say Delta Sigma Pi is now one of the few fraternities that has a definite program on expansion and the list of eligible colleges, of which there were only seventeen admitted, means that the officers, the chapters and the members know exactly what colleges are eligible for chapters and which are not, and a prospective petitioning group can be told in an instant whether they have a chance or not, to have their request considered with favor. Delta Sigma Pi now has forty-five active chapters, and with seventeen universities only on our eligibility list, the maximum number of chapters we could have is sixty-two. It is hardly probable, however, that the time will come when we will have chapters at all sixty-two of these universities. Of course, there is nothing to prevent the addition of names to this eligibility list, but from the investigation made during the past two years, it is fairly safe to say that there are less than five additional colleges that may some day be qualified for addition to our eligibility list. We cannot predict unusual developments in the next ten or

twenty years. This report was submitted by the chairman of this important committee Brother E. L. Schujahn, *Psi*.

#### NO AMENDMENTS PROPOSED

For the first time in many conventions, no amendments were proposed to either our constitution or by-laws. The complete and drastic revision of our constitution and by-laws at the 1926 meeting made any amendments at this time unnecessary, for our present laws are quite adequate for our present requirements.

The reports of each chapter and alumni club were presented on Thursday afternoon and these groups seemed to be in a satisfactory condition.

Both morning and afternoon sessions on Friday were devoted to a round-table discussion lead by *Grand Secretary-Treasurer* H. G. Wright on the many phases of chapter activity and administration, and this was considered by most of the delegates as the high spot of the business sessions of the convention. Every conceivable phase of chapter activity was thoroughly discussed. Experiences, successful and otherwise, were related by the chapters and members. Several resolutions were adopted by the delegates in regard to certain phases of chapter activity with a view of further standardizing our customs and policies.

#### DANCE GIVEN FRIDAY EVENING

Thursday was an open night with no set social program and the delegates took advantage of this evening to get better acquainted and to discuss various fraternity matters with each other. However, the Yellow-Doggers took advantage of this opportunity and staged a national convention of their own, and the initiation

- MIDDLE ROW (Left to right): Murdoch, Chi; Neelley, Phi; Affleck, Alpha-Xi; Cook, Salt Lake City Alumni; Cobeen, Milwaukee Alumni; Schmidt, Grand President, 1928-1930; Walther, Grand President, 1926-1928; Schujahn, Director; McGoldrick, Court of Appeals; H. G. Wright, Grand Secretary-Treasurer; Dickinson, Upsilon; Miller, Alpha-Tau; DeBeer, Zeta; Timmerman, Alpha-Delta; Hofferber, Alpha-Delta; Cole, Alpha-Iota; Schnell, Nu.
- BOTTOM ROW (Left to right): Lueloff, Psi; Odgen, Eta; Warwick, Sigma; Bolitho, Alpha-Pi; Redding, Alpha-Epsilon; White, Alpha-Beta; Bennett, Theta; Campbell, Alpha-Kappa; Womack, Pi; Smith, Alpha-Gamma; Arnold, Beta; Chittenden, Iota; Nevin, Alpha-Rho; Niswonger, Alpha-Upsilon; Drummond, Alpha-Sigma; Fort-  
enberry, Alpha-Phi; Janzen, Twin Cities Alumni; Horn, Delta.

they "threw" at the Granada that night will never be forgotten by the twenty who were so fortunate as to be initiated into their ranks.

After two days of strenuous business sessions the delegates and visitors welcomed the opportunity to participate in the dance that was scheduled for Friday evening in the parlors of The Granada. Dates were supplied by the social committee and Brother Frank Petru of *Upsilon* is to be particularly congratulated on his very fine work in this respect. Over 125 couples were in attendance at this dance and the popular Walnut Hill Boat Club Orchestra of Peoria was imported to furnish the music for this occasion.

#### BUSINESS SESSION COMPLETED SATURDAY

The final business session was held Saturday morning, when all unfinished and new business was disposed of. The Committee on Nominations comprising Brothers Thomas Z. Hayward, *Beta*, A. Keate Cook, *Sigma* and Eugene D. Milener, *Chi*, presented their report and so complete and satisfactory it was to the delegates is indicated by the fact that not one additional nomination was made from the floor. Two candidates were suggested for the office of *Grand President*, one for *Grand Secretary-Treasurer*, ten for the five additional members of the board of directors, and one for the court of appeals. The following officers were elected as a result of the vote and will serve Delta Sigma Pi in the capacities indicated for the coming two years:

#### BOARD OF DIRECTORS

R. C. Schmidt, *Theta*, *Grand President*.  
H. G. Wright, *Beta*, *Grand Secretary-Treasurer*.  
H. O. Walther, *Psi*.  
A. Keate Cook, *Sigma*.

E. L. Schujahn, *Psi*.  
H. W. Wehe, *Lambda*.  
C. B. Wingert, *Omega*.

#### COURT OF APPEALS

Frank J. McGoldrick, *Alpha*, *Chief Justice*.  
Charles T. Cobeen, *Delta*.  
Philip J. Warner, *Alpha*.

In token of the appreciation of the efforts of our retiring *Grand President* H. O. Walther, and in token of the esteem in which he is held among the chapters of Delta Sigma Pi, a beautiful platinum wrist watch and strap was presented to him by the delegates and visitors. A fund was also raised for the purpose of erecting a bronze tablet in the new *Upsilon* house in commemoration of the enjoyable time everyone had while in Champaign. This bronze tablet was designed and manufactured in time to be presented to *Upsilon* chapter at Homecoming, October 27th, when a large number brothers from several chapters were on hand to witness the football game between Illinois and Northwestern and to participate in the Illini Homecoming.

A special article appears elsewhere in this issue outlining in detail the plans of the new *Upsilon* house, which will not be elaborated on at this time.

#### DINNER-DANCE HELD SATURDAY

The traditional dinner-dance was held at the Urbana-Lincoln Hotel on Saturday evening, the music being furnished by the Walnut Hill Boat Club Orchestra of Peoria, who had been held over for this occasion. Owing to a conflict in sorority rushing dates, many of the sororities holding rushing dinners that evening, many of the brothers were unable to call for their "dates" until after nine o'clock, so the attendance at the dinner itself was only 181, but there was a much larger number in attendance at the

SOME OF THE VISITORS ATTENDING THE NINTH GRAND CHAPTER CONGRESS OF  
DELTA SIGMA PI, CHAMPAIGN, ILLINOIS, SEPTEMBER 6-9, 1928

dance that followed, which proved to be most enjoyable.

#### ATHLETIC ACTIVITIES

Not quite as many brothers participated in the athletic events as at Madison in 1926, but this was due to the fact that the golf courses, the tennis courts, etc., were not as easily accessible as they were at Madison. There were good turnouts, however, and the baseball championship was won by *Psi* chapter, the tennis championship by *Xi* chapter, and the golf and horse-shoe pitching championships by *Upsilon* chapter. Suitable trophies were presented to each winning chapter.

A daily newspaper was published called *The DELTASIG Jr.* and Brothers Timmerman, *Alpha-Delta*, Niswonger, *Alpha-Upsilon* and De-Beer, *Zeta* did the heavy work on this.

#### GILMAN WINS DIAMOND BADGE

The diamond badge presented to the convention by our official jewelers, Burr, Patterson & Auld Company, Detroit, was raffled off at the dinner-dance Saturday evening and the lucky brother was Glenn E. Gilman, *Beta*, whose name remained in the drawing until the very last. In this respect Brother Hawkins of *Theta* may be designated as the "un-lucky" brother in that his name was drawn next to last.

Moving pictures of the convention were taken and if they develop satisfactory, will be displayed throughout the chapters during the coming year.

There were quite a number of ladies in attendance at the convention and several bridge parties were held under the direction of Mrs. R. C. Schmidt, wife of the new *Grand President* of the fraternity.

#### ATTENDANCE FIGURES

The official attendance by chapters was as follows:

Alpha.....	<i>New York</i> .....	3
Beta.....	<i>Northwestern</i> .....	31

177

The Attendance Cup which is awarded to that chapter sending the largest number of brothers who have to travel the greatest number of total miles to attend the congress was won this year by *Phi* chapter of the University of Southern California, Los Angeles. In 1926 this trophy was won by *Beta* chapter at Northwestern but this year the *Phi* brothers, five strong, piled up sufficient mileage to amply

offset the mileage of the larger delegations from chapters nearer to Champaign.

Naturally the visiting brothers were very much interested in the Illinois campus and the various buildings, the fraternity and sorority houses and the Illinois Memorial Stadium were all inspected.

After four strenuous days for the visitors and even more than that for the workers and committees, the visitors started packing for their homeward trip Sunday morning, good-byes were said, and by Sunday evening all except a half-dozen were on their way

home. Quite a few of the brothers who had driven through had room for an additional brother or two in their car and many of the brothers enjoyed the opportunity of riding most of the way back to his chapter with the representatives of other chapters. Some of the brothers who have a couple of weeks remaining before their college opened planned automobile trips to different sections of the country and were joined by several who had the time available for such pleasure.

And so the Ninth Grand Chapter Congress of Delta Sigma Pi became history.

SCHOOL OF COMMERCE AND BUSINESS ADMINISTRATION

# The University of Alabama's New School of Commerce Building

## HISTORY

**A**LTHOUGH the School of Commerce and Business Administration is the youngest of the colleges or schools which compose the University of Alabama, it is already the largest of the University's professional schools. It is, moreover, in point of student registration, one of the largest schools of commerce in the south.

The extraordinary growth of the University's young school for business training is but one evidence of the remarkable expansion in recent years of the University of Alabama as a whole—an expansion which marks the University as being one of the fastest growing educational institutions in the South. When Dr. George H. Denny became president of the University of Alabama at Tuscaloosa, he found, in the first full year of his tenure, 533 students enrolled in the en-

tire University. This was in 1912-1913. The enrollment at the present time for the regular session of 1928-1929 numbers 3002. Over six hundred of the students now registered at the University are pursuing work toward the degree of Bachelor of Science in Commerce.

Great natural wealth of climate, coal, iron, limestone, lumber and water power has attracted the attention of the business world to the State of Alabama and the last quarter of a century has seen the drama of machinery and man which began generations ago in England unfold anew in a pioneer theatre of industrial development. With such an outlook it is essential that the young men and women of the state should be trained in the best light of business science. It is even more essential that they should be trained in the understand-

The University of Alabama recently dedicated its new School of Commerce building. There are other schools of commerce throughout the country with a larger building and greater equipment, but they are few and far between and each has a much larger enrollment than has Alabama. No school of commerce comparable in size has a better building or more complete equipment for its present as well as its future needs than Alabama.

Delta Sigma Pi wishes to congratulate the administrative officials of the University of Alabama and of its School of Commerce and Business Administration for this very fine achievement. The facilities now available to students of the School of Commerce and Business Administration are equal to the best in the country and should lead to a most substantial increase in registration in the School of Commerce and Business Administration and as a logical result, a much greater service to the citizens and business firms of this great state. I hope that the citizens of Alabama, and more particularly the business firms of the state, will appreciate the great opportunity that is at their very doorstep.

It is with a great deal of pleasure that I present the accompanying article and photographs to acquaint the readers of *The DELTASIG* with this notable achievement, and I know they all join in extending our best wishes for the future progress and development of both the University of Alabama and the School of Commerce and Business Administration.

THE EDITOR.

ing of Frank A. Vanderlip's happy phrase "a proper sense of trusteeship."

In 1919 Governor Kilby invited the United States Bureau of Education to make an educational study of Alabama. The great report which resulted has proved to be the state's chart of educational progress. The experts who made the study devoted especial attention to higher education in commerce and business administration. They reviewed the industrial situation and declared the necessity for the immediate beginning of instruction in this field. "Obviously," they said, "the appropriate place for its development is at the University of Alabama."

Despite the slenderness of its financial resources at that time, and the heavy pressure of other needs, the University gave instant obedience to the command. A school of commerce and business administration was organized in the fall of 1919, and opened for operation on January 21, 1920. The registration in the school at that time numbered but 71, the instructors were few, the equipment inadequate. The original idea of the school, however, has remained essentially unchanged: a full four year course in business and cultural subjects leading to the degree of Bachelor of Science in Commerce. At the present time the work in the freshman and sophomore years in uni-

formly prescribed, but at the beginning of the junior year each student may elect his major in one of the following fields: accounting, banking and finance, business and law, commercial teaching, foreign service, general business, merchandising, production management, real estate and insurance, transportation and public utilities. Upon successful completion of

his work at the end of his senior year the student is graduated with the degree of Bachelor of Science and Business Administration. The commerce graduate then, through the placement bureau which the school maintains, finds employment in the business field,—a service extended gratuitously to the graduate and to the business community, and which has functioned most successfully since its conception.

DR. GEORGE DENNY  
President, University of Alabama

That the idea of a business school of college grade at the University of Alabama has met with the approval of the students and citizenry of the state is revealed by the following registration figures:

<i>Year</i>	<i>Enrollment</i>	<i>Year</i>	<i>Enrollment</i>
1919-1920.....	71	1924-1925.....	378
1920-1921.....	167	1925-1926.....	431
1921-1922.....	232	1926-1927.....	513
1922-1923.....	335	1927-1928.....	504
1923-1924.....	387	1928-1929.....	611

From the inauguration of the work in 1920 until the fall of 1928 when the school moved into its magnificent new

home, its major problem was that of housing its students and its faculty. During its cradle years the school occupied a few scattered rooms in

doubt, will be reached within a very few years.

#### THE FUTURE

The individual most responsible for the development of the School of Commerce and Business Administration of the University of Alabama is its dean Lee Bidgood, who has been dean of this school ever since its inception. To have developed a school of the size and importance of the School of Commerce at Alabama within a short space of less than ten years in an achievement of which he can be more than proud. In speaking of the future plans for the school's development, Dean Bidgood says:

"Our problems at first was to meet the bare necessities; to secure competent instructors, to provide enough

H. H. CHAPMAN  
*Head, Department of Accounting*

Morgan Hall, the "bee hive" of the College of Arts and Sciences. When the administrative officers of the University moved from the picturesque old Quadrangle into the new Amelia Gorgas Library building, the school shifted from Morgan Hall into the rooms vacated by University officials. Here it settled for a period of five years, holding as many of its classes as possible in the five classrooms which it could call its own, and pressing additional classes into all buildings about the campus. Happily, these experiences are now history. The new home of the school accommodates the present enrollment of six hundred students nicely; indeed, it is constructed to take care of an enrollment of one thousand, a figure which, no

LEE BIDGOOD  
*Dean, School of Commerce and Business Administration*

sections for the ever increasing number of freshmen, and to find recitation rooms for them. A little later our chief concern was to develop a more adequate offering of specialized

and somewhat advanced courses for the emerging upper classmen. To do this we had to find additional teachers of professional rank, specialists in their respective fields. We have chosen always young men of promise rather than older men.

"With increasing means we have increased the number and decreased the size of sections, advanced the minimum preparation demanded of instructors, and lessened the hours of teaching for all members of the staff. Most conspicuously, we have provided an adequate and beautiful home for the school. Our next task of major importance is the development of facilities for business research. This is well begun.

"Throughout the brief life of the school, we have held to rigid scholastic standards. This at first resulted in an abnormally high mortality. At present, however, we seem to have reached a normal condition. The student personnel has steadily improved, and compares favorably in all respects with that of the other colleges on the campus."

#### THE BUILDING

The new home of the school together with equipment has cost approximately \$230,000. It is of southern colonial architecture, with a portico of six massive columns. The construction is of the best fireproof type throughout, with face brick exterior, the columns and trim of limestone. The dimensions of the building are 66 x 202 feet, three stories and basement.

The interior trim is of oak, the classroom floors of maple, the other floors of linoleum. The corridors are of concrete, with heavy rubber runners. The building is furnished and

equipped throughout in keeping with its construction and appearance.

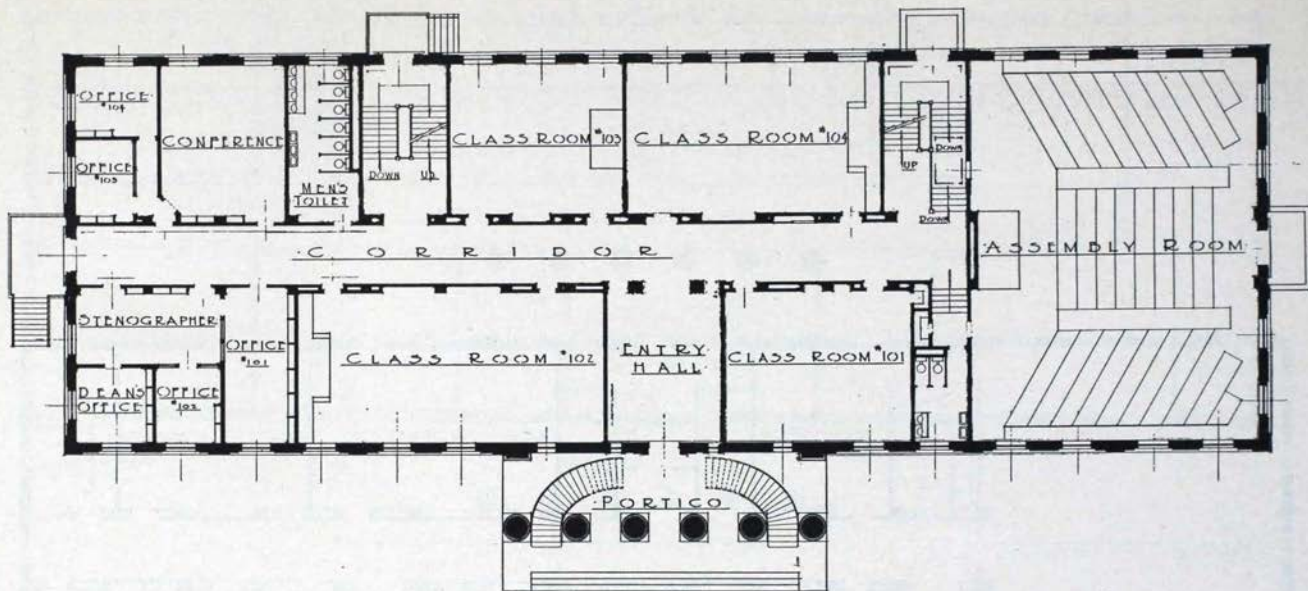

The building contains fourteen class rooms, besides the laboratories described below. In addition there are three seminar rooms, and sixteen offices. The building was designed especially for the service of the school of commerce, and embodies the results of experience of this school, and of a study of existing commerce buildings.

Accounting and Statistical Laboratories.—The third floor of the commerce building has been designed for the use of the departments of accounting and statistics. There are six accounting and statistical laboratories, equipped with tables and chairs, a machine room in central location, a lecture room, offices, and a large room for mimeographing and research work. In the machine room are provided adding machines and calculating machines.

Business Library.—The north end of the second floor of the commerce building is reserved for the business library. There is a reading room, 48 by 66 feet, and a stack room adjoining. Books reserved for reference and parallel reading work in the commerce courses are kept in this library. There is also a number of documents for use in statistical and reference work. The business library subscribes to about thirty of the most important business magazines, and receives a number of organs.

The school subscribes to the Brookmire Statistical and Forecasting Service, the Prentice-Hall Income Tax Service, Public Utilities Reports, the Moody Investment Manuals, and other business services. Large additions to the supply of books in the library were made during the session of 1927-28.

#### THE GRAND PRESIDENT'S CUP AND THE GRAND SECRETARY-TREASURER'S CUP

The Grand President's Cup is awarded to the chapter of Delta Sigma Pi having the highest scholastic record for its entire membership for the entire college year.

The Grand Secretary-Treasurer's Cup is awarded to the chapter of Delta Sigma Pi making the greatest improvement during the college year in scholastic, professional activity, campus activities, and general chapter administration.

These trophies are awarded annually and the awards for the college year 1927-1928 will be announced shortly.

# A Survey of the Growth in Commerce Education

By H. G. WRIGHT, *Grand Secretary-Treasurer*

THE RAPID increase in the number of schools of commerce organized during the last few years and the remarkable increase in registration these professional schools have enjoyed has been rather startling to some of the educators in the country who have not been any too enthusiastic in their praise of this new department that has already outnumbered in registration every other professional department and in many universities has already passed the college of liberal arts and sciences. To the great majority, however, the fact that these professional schools of commerce and business administration have proven so successful and have attracted so many students indicates that there is a most urgent and vital need for them and that they are here to stay and with increasing size and importance each year.

In view of the fact that Delta Sigma Pi being a professional commerce fraternity, draws its membership entirely from these schools of commerce, it is extremely interesting to us to note the advancement and growth made by these professional schools in recent years. Three years ago I prepared a survey in this connection which was published in the columns of this magazine. Many letters have been received during the past year suggesting that this be brought down to date so in view of this demand another set of questionnaires have been mailed to a selected list of universities offering courses in commerce and the information they have furnished has

been used as the basis of the material presented in this article and the observations made as a result.

I wish to express my appreciation to the many Deans, Directors and others who co-operated so wholeheartedly in sending me the information required. With very rare exceptions the information for each university listed in this survey is complete.

## DIFFERENT TYPES OF SCHOOLS

First of all I wish to call the attention of the reader to the different types of schools of commerce now in existence and which may be designated as the two-year school or senior college as it is often called, the three-year school, the four-year school, the co-operative school and the graduate school. The two-year school or senior college is that type where the freshman and the sophomore years are spent in the college of liberal arts and the student does not enter the school of commerce until his junior year. In some instances there is a separate pre-commerce registration in the college of liberal arts and in a few cases the administrative officers of the school of commerce have more or less jurisdiction over the work pursued by the pre-commerce students. But there has been a tendency during the past few years to change from this two-year school to the four-year school, i.e., where all four years are spent in the school of commerce itself. The four-year school is the plan followed by most universities. Under this arrange-

ment the student enters the school of commerce as a freshman and carries all of his work through to graduation in the school of commerce.

The three-year school operates practically the same as the two-year school except only one year is spent in the college of liberal arts, the student entering the school of commerce at the beginning of his sophomore year. There are seventeen universities operating under the two-year plan, five under the three-year plan and sixty-two under the four-year plan. Then we have one university, Cincinnati, operating under the co-operative plan in their day division. This plan, commonly referred to as the Cincinnati plan, provides for a five-year course, eleven months a year the student spending one month in college then one month out under supervised employment, then another month in college and then a month out under supervised employment, and so on, for five years. This plan has proven rather successful at Cincinnati but no other university has attempted to put it into effect in their school of commerce.

Then we have the graduate school, and while we are listing five universities in this grouping possibly only three should be so listed, for only Dartmouth, Harvard and Stanford are graduate schools in the true sense of the definition and each of these three schools requires a bachelor's degree, or the equivalent, for admission and usually two years of residence work required to receive the Master's degree, while Wisconsin and Michigan operate what might be designated as five-year schools, although they lead to a Master's degree at the end of five years of work. At Michigan three years of liberal arts work followed by two years in the school of business

administration is required, while at Wisconsin two years of liberal arts work followed by three years in the school of commerce is required for the Master degree. At both universities arrangements can be made to receive a bachelor's degree at the end of four years total work.

It is quite apparent that the four-year school of commerce is the most popular for there has been no trend in either the direction of the five-year school or the co-operative plan.

### TWO-YEAR SCHOOLS

The following universities have what are designated as two-year schools or senior colleges:

<i>University</i>	<i>1927-1928 Registration</i>
Arkansas .....	42
<sup>1</sup> Buffalo .....	12
Chicago .....	477
Colorado .....	55
Columbia .....	382
Indiana .....	229
Iowa .....	275
Kansas .....	326

CO-OPERATIVE SCHOOLS

The following university offers co-operative courses in commerce lasting five years:

University	1927-1928 Registration
Cincinnati .....	311

GRADUATE AND FIVE-YEAR SCHOOLS

The following universities are either graduate schools or have what is the equivalent of a graduate school by requiring five years of work:

University	1927-1928 Registration
Dartmouth .....	91
Harvard .....	751
Michigan .....	96
Stanford .....	28
Wisconsin .....	201
1167	

The figures for Michigan include only seniors and fifth year students, for Wisconsin they include only juniors, seniors and fifth-year students, whereas the figures for Dartmouth, Harvard and Stanford include only actual graduate students.

EVENING DIVISIONS

Twenty-one universities offer work in evening divisions and the registration of students in their evening divisions is as follows:

Rank	University	1927-1928 Registration
1.	New York.....	6864
2.	Northwestern .....	5495
3.	Boston .....	3004

<sup>1</sup>Duquesne did not separate day and evening students and this figure of 1256 includes some day students, but most of their registration is in the evening division.

4. Pittsburgh .....	2395
5. Pennsylvania .....	2183
6. Cincinnati .....	2142
7. Temple .....	1611
8. Duquesne .....	1256
9. DePaul .....	785
10. Denver .....	580
11. Buffalo .....	544
12. St. Louis.....	439
13. Tulane .....	433
14. Georgia Tech.....	428
15. Georgetown .....	417
16. Fordham .....	411
17. Marquette .....	407
18. Detroit .....	391
19. Syracuse .....	385
20. Creighton .....	83
21. Birmingham—Southern .....	54

30307

Without exception the demand for the evening divisions has come from the larger cities in the country and with few exceptions these evening divisions have proven conspicuously successful, particularly in the largest cities. The only drawback to these schools is the fact that the students being employed during the day are unable to carry a very heavy schedule and as a result the number of degrees conferred is practically negligible. The average student can only carry from six to ten years work a week, and this means that twice as many years, or longer, is required to accumulate the necessary credits for a degree, and eight or nine years is too long a grind, and business changes, family matters and other factors contribute largely to the reason for many of the evening students dropping out before their degree is assured. However, there has been a noticeable decrease in the number of drops in the evening schools, educators assert, and furthermore many students who have completed from one to three years of work in the day divisions and have quit college for one reason or another are completing their work in the evening divisions and receiving their belated degrees. Several of these universities

give diplomas for having completed a certain number of hours of credit and one, New York, confers a B.C.S. degree to those who complete 72 hours of work. Most universities confer the bachelor's degree on those successfully completing 120 hours of work. New York University recently changed its requirements in this respect, permitting all students registered prior to September 1, 1926, to receive a B.C.S. degree for 72 hours of work providing the same is acquired by June, 1932. All students entering after September 1, 1926, and all former students not completing the required number of credits by June, 1932, will be required to take 128 hours of work for their new B.C.S. degree.

#### TOTAL REGISTRATION

Because of the great difference in the number of years actually spent in schools of commerce on different campuses it is very difficult to justly compare registration figures. One university may operate a two-year school and have for instance 375 students, another university a four-year school and have 598 students and yet the two-year school is much larger than the other when pre-commerce registration in the freshman and sophomore classes are considered. Very few of the universities have an actual pre-commerce registration as such. There are certain courses that are taken only by students who plan on entering the school of commerce, but generally speaking it would be difficult to determine the exact number of students registered in the pre-commerce years who will actually enter the school of commerce upon becoming eligible.

I feel that one of the most valuable and interesting tables that could be prepared to accompany this survey is some record of the relative size of all

schools of commerce throughout the country, and some fair and just basis of comparison must be determined. I therefore secured the registration figures by classes for almost twenty universities operating four-year schools of commerce in different sections of the country, in both large and small cities, and an analysis of these figures indicates that on an average there will be seventeen underclassmen to eight upperclassmen. In other words, slightly more than a ratio of 2 freshmen and sophomores to each junior and senior. There was considerable variance from this ratio in two or three cases, where admission requirements are unusually strict and where the mortality during the first year or two is decidedly lower than in most universities. But the average indicated that this ratio is a safe one to use, generally.

I also analyzed the figures as submitted by over thirty universities to show the ratio between total students and degrees awarded in 1927-1928. In thirty-odd universities operating four-year schools of commerce there was on an average 8.8 students to each degree the equivalent of an A.B. or B.S. given in these same colleges during the same year. In view of the fact that these colleges were scattered all over the country and all representative four-year schools of commerce it is only logical to assume that if one would take the number of degrees given during the same year in the two-year schools of commerce and multiply by 8.8 you would have a fairly good estimate of the total number of students actually in the school of commerce and pre-commerce students.

Consideration must be given to the fact, however, that certain two-year schools of commerce draw a large number of their students from other colleges, and in some cases one-half of the students entering these two-year schools of commerce in the junior year come from other universities. These universities are known and correspondence therefore ensued to determine the approximate number of pre-commerce students actually in attendance at these universities. Some universities had fairly accurate records showing pre-commerce registration and others had substantial facts to use in forming an estimate.

Therefore in the accompanying chart in which I rank according to size (using registration figures showing the total number of different students registering during the college year without regard to the number of courses taken by each student or the length of time work was actually carried) I have shown in the first column the number of students registered in the day division of each university; in the second column, I have indicated the estimated number of pre-commerce students allowed each university operating a two- or three-year school, and these estimates are either actual figures supplied by the university itself, or computed as outlined in the three preceding paragraphs. In the third column is indicated the number of students registered in the evening division, if any is operated by the university, and the fourth column indicates the total number of estimated students enrolled for the entire four classes for the college year 1927-1928 in each university.

Rank	University	Enrollment in Day School	Estimated Pre-commerce enrollment	Enrollment in Evening School	Total actual or estimated enrollment of commerce students
1.	New York	1841	0	6864	8705
2.	Northwestern	515	620	5495	6630

88.	<sup>2</sup> South Dakota	72	0	0	72
89.	<sup>3</sup> Stanford	28	0	0	28
		37195	6442	30307	73944

Considering the registration in the day divisions only, and allowing for underclassmen in computing the registration of the two-year schools of commerce, the following indicates the rank of all universities having a registration of three hundred or more in commerce:

#### DAY DIVISIONS

Rank	University	Total 1927-1928 Registration
1.	Pennsylvania	2355
2.	Illinois	1929
3.	New York	1841
4.	Ohio State	1794
5.	Washington (Seattle)	1433
6.	Boston	1331
7.	Oregon State	1138
8.	Northwestern (Evanston division)	1135

<sup>1</sup>Graduate school; only fifth and sixth-year students included. No undergraduate work in commerce offered at this university.

<sup>2</sup>Includes students in the Department of Economics; impossible to separate in figures presented.

<sup>3</sup>Just changed to School of Business Administration and figures for last year (the first year) are unreasonably low.

9. Temple .....	1135
10. Minnesota .....	1047
11. California .....	1039
12. Syracuse .....	990
13. Nebraska .....	882
14. Texas .....	831
15. Iowa .....	825
16. Notre Dame .....	823
17. Pittsburgh .....	732
18. Indiana .....	687
19. Wisconsin .....	632
20. Chicago .....	612
21. Southern California.....	606
22. North Carolina .....	559
23. Oklahoma .....	554
24. Georgia .....	548
25. Columbia .....	545
26. Birmingham Southern .....	539
27. Kansas .....	537
28. Oklahoma A. & M.....	536
29. Utah .....	506
30. Alabama .....	504
31. Washington State.....	479
32. Michigan .....	471
33. Missouri .....	466
34. Southern Methodist.....	450
35. Oregon .....	440
36. North Dakota .....	431
37. Ohio U. ....	396
38. Pennsylvania State.....	395
39. Lehigh .....	388
40. Washington (St. Louis).....	378
41. Florida .....	373
42. Washington and Lee.....	343
43. North Carolina State.....	341
44. Duke .....	328
45. Idaho .....	325
46. Drake .....	303

#### TOTAL REGISTRATION

It is interesting to note the actual registration figures for the past nine college years, as follows:

College Year	Men	Women	Total
1912-1920.....	33905	2551	36456
1920-1921.....	41454	2667	44121
1921-1922.....	44723	2731	47454
1922-1923.....	49624	2838	52462
1923-1924.....	51496	4566	56062
1924-1925.....	51943	5117	57060
1925-1926.....	57083	5672	62755
1926-1927.....	60221	6074	66295
1927-1928.....	61057	6439	67496

These figures, of course, include no pre-commerce registration estimates whatever but are actual registration figures for the schools of commerce proper. The estimated pre-commerce

registration of 6442 for 1927-1928 would bring the grand total of commerce and pre-commerce students enrolled in our universities to 73944.

There are 37195 students registered in the day divisions, plus 6442 pre-commerce students making a total of 43637 as against 30307 students registered in the evening divisions, the day divisions having 59% of the total estimated commerce registration as against a 41% in the evening divisions.

I have prepared a statistical chart to accompany this article giving the registration by college years for the past nine years and supplying other interesting and valuable data. If figures are missing for any particular year it is because of the fact that the university has been unable to supply the figures or the school was not opened until during the latter years that this survey covers. Many universities do not keep the registration figures separated as regards men and women students.

The letters S, P or M appearing in the third column of this chart indicate whether the university is state controlled, privately controlled, or municipally controlled. I have been unable to separate the day and evening students in the registration figures submitted for Duquesne University as requests for additional information have been unanswered. In view of the fact it is known that the majority of the registration of this university is in the evening division I have been necessarily obliged to list the entire registration as being in that division.

#### NAMES OF SCHOOLS

As to the names by which the schools, colleges or departments are known School of Commerce is the most popular, being used by sixteen universities, closely followed by School

of Business Administration which is used by fifteen universities. In the fourth column of the statistical chart accompanying this article you will find a code designating the name by which the department is called at each university, and this code can be deciphered as indicated herewith, the figures preceding each indicating the number of universities using that name to designate their department.

### CONCLUSION

With a total registration of 73944 students in commerce in eighty-nine of our universities, with many universities building or planning to erect large and elaborate buildings for these schools of commerce and business administration to occupy, it is beyond contradiction to state that

our schools of commerce have assumed an important position in our educational structure and will continue in such position with ever increasing importance. While I do not have figures to support this statement, I believe that from the viewpoint of registered students schools of commerce rank second only to the liberal arts colleges throughout the country, out-ranking every other professional school, i. e., as compared with all schools of engineering, medicine, dentistry, law, pharmacy, etc., throughout the country, the registration of the schools of commerce will outnumber any one other professional classification.

Under such conditions we need have no fears regarding the future of the schools of commerce.

Reprints of this article and the statistical chart accompanying same can be secured from The Central Office of Delta Sigma Pi, 222 W. Adams St., Chicago.

# The Grand Officers of Delta Sigma Pi

THE new board of directors of Delta Sigma Pi is just about as experienced and representative a board as the fraternity could want. Six chapters are represented among the seven members. Five of the board members have served on the board before, one having a record of eight years service and one of six years. Two of the members are serving on the board for their first time. Each and every member has served his chapter in various official capacities and is wholeheartedly interested in the welfare and advancement of the fraternity.

Brother R. C. Schmidt, *Theta*, who was elevated to the Grand Presidency of Delta Sigma Pi has been an active worker in the fraternity since 1921. He was one of the organizers of our *Theta* chapter and served it for two years as Head Master. He organized the Detroit Alumni Club of Delta Sigma Pi and served as its first president. He was elected to the board of directors of the fraternity in 1922 and re-elected in 1924 and again in 1926. He was chairman of our committee on finance from 1924 to 1928. He was elected Grand President at Champaign for the term 1928-

1930 and as he has been an active member in the administrative affairs of the fraternity continuously since 1922 there can be no doubt about the success of his administration in the next two years. In business he is assistant secretary of the Burton Abstract and Title Company of Detroit.

R. C. SCHMIDT, *Theta*  
Grand President 1928-1930  
Director 1922-1928  
Chairman, Committee on Finance 1924-1928

Brother H. G. Wright, *Beta*, better known as 'Gig' throughout fraternity circles, needs no introduction to members of the fraternity. He was a charter member of *Beta* chapter and served as both Treasurer and Head Master in his chapter. He was the originator of the *Beta News*. He has attended every convention of the fraternity beginning with the 1917 convention. He was elected Grand President in 1920, at which time the fraternity had only three chapters. He was re-elected Grand President in 1922, elected Grand Secretary-Treasurer in 1924, re-elected to this same office in 1926 and again in 1928. He is responsible more than any other individual member of the fraternity for the wonderful growth and progress the fraternity has enjoyed during the past ten years.

When The Central Office was es-

H. O. WALTHER, *Psi*  
Grand President 1926-1928  
Director 1928-1930

A. KEATE COOK, *Sigma*  
Director 1924-1930

## Grand Officers, 1928-1930

HERBERT W. WEHE, *Lambda*  
Director 1928-1930

CLARENCE B. WINGERT, *Omega*  
Director 1928-1930

E. L. SCHUJAHN, *Psi*  
Director 1926-1930

tablished in Chicago following the Madison convention he was prevailed upon to liquidate his own business and devote his entire efforts to serving Delta Sigma Pi.

Brother A. Keate Cook, *Sigma*, was one of the charter members of our Sigma chapter and served as its first Scribe and was Master of Festivities for two years. He was also instrumental in organizing the Salt Lake City Alumni Club and served the same as president. He was elected to the board of directors in 1924, re-elected in 1926 and again in 1928. He has served on both the committees on finance and on nominations and is now a member of the committee on extension. In business he is a partner in the Cook Tea & Coffee Company of Salt Lake City.

Brother H. O. Walther, *Psi*, needs little introduction to the members. In addition to serving as Grand President for the past two years he has been director of the Central Province of the fraternity and active on many fraternity committees. He was a charter member of and the first Head Master of our *Psi* chapter, and was responsible more than any other brother for the erection and financing of the very fine chapter house our Wisconsin chapter owns and occupies. He is chairman of the committee on finance now, and in business he is associated

with the Henry G. Zander & Company, real estate mortgages, Chicago.

Brother E. L. Schujahn, *Psi*, is a charter member of our Wisconsin chapter where he was one of the leading students in the School of Commerce, making *Phi Beta Kappa*, *Phi Kappa Phi* and *Beta Gamma Sigma*. He has served the fraternity as director of the Missouri Valley Province and also as chairman of the committee

on extension for the past two years, which committee he again heads the coming two years. It was his committee that made the very exhaustive survey of the many universities throughout the country offering courses in commerce and which prepared the eligibility list of seventeen colleges that were considered qualified to support chapters of Delta Sigma Pi and which report was one of the high spots of the Campaign convention.

In business he is associated with the Washburn-Crosby Company at Buffalo, N. Y., in the Eastern Sales Division.

Brother Herbert W. Wehe, *Lambda*, a new member of the board was a charter member of *Lambda* chapter at the University of Pittsburgh and was the first Scribe. He served as Junior Warden, then as Head Master, being re-elected to a second term as Head Master. He also served one term as

H. G. WRIGHT, *Beta*  
Grand Secretary-Treasurer 1924-1930  
Grand President 1920-1924

district deputy of District III of the Eastern Province. He has attended every convention of Delta Sigma Pi since 1922 and is one of our most interested, loyal and active alumni. In business he is associated with the American Mond Nickel Company at Pittsburgh.

Brother Clarence B. Wingert, *Omega*, is one of our most active workers in the Philadelphia district. He served as Scribe of *Omega* chapter and has been both vice-president and president of the Philadelphia Alumni Club of Delta Sigma Pi, which position he still holds. He is one of the most active and loyal alumni supporters of our excellent *Omega* chapter and has a most enviable record for having furthered the interests of Delta Sigma Pi in the Philadelphia area. He is in business for himself, acting as a broker of advertising specialties and emblematic jewelry, with offices in the Weightman Building, Philadelphia.

#### THE COURT OF APPEALS

The personnel of the Court of Appeals is without any changes for the coming two years. Brother Frank J. McGoldrick, *Alpha*, is Chief Justice. He has served the fraternity as treasurer of *Alpha*, editor of *The DELTA-SIG*, was Grand Secretary-Treasurer of the fraternity in 1915 and Grand President in 1916. He served on the board from 1920-1922 and as a member of the Court of Appeals since that time. He is connected with the Guaranty Trust Company of New York.

Brother Charles Cobeen, *Delta*, an associate justice of the Court of Appeals, was the first Head Master of our *Delta* chapter at Marquette. He organized the Delta Sig Housing Corporation which owns the *Delta* chapter house. He has served as both secretary-treasurer and president of the Milwaukee Alumni Club. He was Grand Secretary-Treasurer of the fraternity in 1922-1924, and a member of the board of directors 1924-1926,

FRANK J. MCGOLDRICK, *Alpha*  
Chief Justice, Court of Appeals

CHARLES T. COBEEN, *Delta*  
Associate Justice, Court of  
Appeals

when he was elected to a six-year term on the Court of Appeals. He is manager of the Marquette Union, Milwaukee, Wis.

Brother Philip J. Warner, *Alpha*, the other associate justice, has a long record of service in Delta Sigma Pi. He was Grand President of the fraternity in 1914, after having been Head Master of *Alpha* chapter when it was the only chapter in the fraternity. He was elected to a six-year term on the Court of Appeals in 1922 and re-elected for another six-year term in 1928. In business he is President of The Ronald Press, New York, N. Y.

Brother Schmidt has appointed the following committees to serve Delta Sigma Pi in the capacities indicated for the fiscal year ending July 31, 1929:

#### FINANCE

H. O. Walther, *Psi*, *Chairman*.  
Eugene D. Milener, *Chi*.  
R. C. Schmidt, *Theta*, *ex-officio*.

#### EXTENSION

E. L. Schujahn, *Psi*, *Chairman*.  
A. Keate Cook, *Sigma*.  
H. G. Wright, *Beta*.

#### RITUAL, REGALIA AND INSIGNIA

Karl D. Reyer, *Nu*, *Chairman*.  
William F. Phipps, *Upsilon*.  
William G. Altstadt, *Alpha-Delta*.  
James R. Hawkinson, *Alpha-Mu*.

#### FOUNDERS DAY CEREMONY

Frank J. McGoldrick, *Alpha*, *Chairman*.  
Warren F. Brooks, *Gamma*.

#### ALUMNI CLUBS

Rudolph Janzen, *Alpha-Epsilon*,  
*Chairman*.

Carl Duggan, *Beta*.  
Raymond J. Brandt, *Alpha-Nu*.  
Charles B. Leslie, *Lambda*.  
Beverly S. Embry, *Kappa*.  
Leland A. Stoner, *Nu*.  
Stanley Shoup, *Mu*.  
Louis A. Buck, Jr., *Xi*.  
William Douglass, *Alpha-Beta*.  
Roger Humphries, *Alpha-Theta*.

#### THURSDAY NOONDAY LUNCHEONS

Thomas M. Digby, *Theta*, *Chairman*.  
J. Elwood Armstrong, *Chi*.  
Charles E. Berry, *Phi*.  
Howard Weil, *Alpha-Kappa*.  
Harry H. Pitts, *Omega*.  
Charles C. Cox, *Iota*.  
John J. Canavan, *Gamma*.  
A. J. Witmeyer, *Delta*.  
Lester Mugge, *Alpha-Iota*.  
Thomas J. Hammer, *Alpha-Sigma*.  
Aubrey Reid, *Alpha-Chi*.  
Lee Pitchforth, *Sigma*.  
Walter S. Madigan, *Alpha-Omega*.

#### HONORARY MEMBERSHIP

Lee Galloway, *Alpha*, *Chairman*.  
Russell A. Stevenson, *Epsilon*.  
Frank T. Stockton, *Alpha-Eta*.  
Edward Wiest, *Eta*.  
Ezra T. Towne, *Alpha-Mu*.

#### STANDARD ACCOUNTING SYSTEM

Harry A. Finney, *Beta*, *Chairman*.  
Harold M. Heckman, *Pi*.  
Laurence H. Jones, *Upsilon*.

#### FRATERNITY SONGS

Merle Loder, *Alpha-Delta*, *Chairman*.

Harold J. Potter, *Xi*.  
Joseph Fuss, *Delta*.

With this line-up of experienced, active and interested workers the coming year should be a banner one.

---

---

# Upsilon's New Chapter House

By FRANK G. DICKINSON, *Upsilon*  
President, *Upsilon Alumni Corporation*

**D**URING the college year 1925-1926 there was a lot of talk among the members of *Upsilon* chapter at the University of Illinois in regard to the possibilities of acquiring a chapter house of their own at the Illinois campus. The chapter had occupied a rented house for two years or more, but which had proven entirely inadequate for the requirements of the chapter and the only way the chapter should successfully solve this problem was to erect a house according to their own needs. This subject was finally brought to a head when on the twenty-eighth of January, 1926, at a meeting of the undergraduates held at 405 E. Green Street, Champaign, the chapter had the courage to purchase a fraternity site for the sum of \$12,500.00. And while the chapter had less than one hundred dollars in the bank, all their bills were paid, their status among the merchants of the city was A-1 in every respect, the chapter having taken all cash discounts for some time, so the local bank upon investigating the credit standing of the chapter in connection with the chapter's application for a loan of \$1,500.00 to apply on the purchase price of the lot, agreed to loan *Upsilon* the \$1,500.00 on a six month's note signed by the officers of the chapter and endorsed by each brother. Poor banking, possibly, but the records show that in eighty-five days thereafter this note was paid in full. Much credit was due the diminished commissary rations policy so tyrannically enforced by the house manager at that

time, but nevertheless the brothers were willing to co-operate so the profit was realized.

During the coming year this fraternity site, which was 100 x 150 feet in size and located in the eleven hundred block of S. First Street, in the new fraternity section of Champaign, had increased in value almost sixty-five percent. This lot was now worth between \$18,000 and \$20,000. It was thought that the time had come to build, so the *Upsilon Alumni Corporation* was formed and at the annual homecoming meeting of October 29, 1927, the *Upsilon Alumni Corporation* assumed the real estate contract of the chapter and entered into a contract with the Clarke Construction Company to erect a new house according to the plans and specifications that had been submitted by Berger & Kelley, local architects.

The contract price of the *Upsilon* house was \$52,500.00 with a discount of \$750.00 if the contractor was paid in cash and was not required to take back some \$6,000 in junior mortgage bonds, due serially. It was possible to enter into this contract because of the fact that alumni and actives of *Upsilon* chapter had agreed to purchase \$4,500 in the junior mortgages, and the chapter had already further reduced the debt on the fraternity site by \$1,000. This left \$6,000 due on the lot and since the contractor would erect the house and accept all except \$6,000 cash, the next step was to find

A VIEW OF THE PARLORS—UPSILON CHAPTER HOUSE

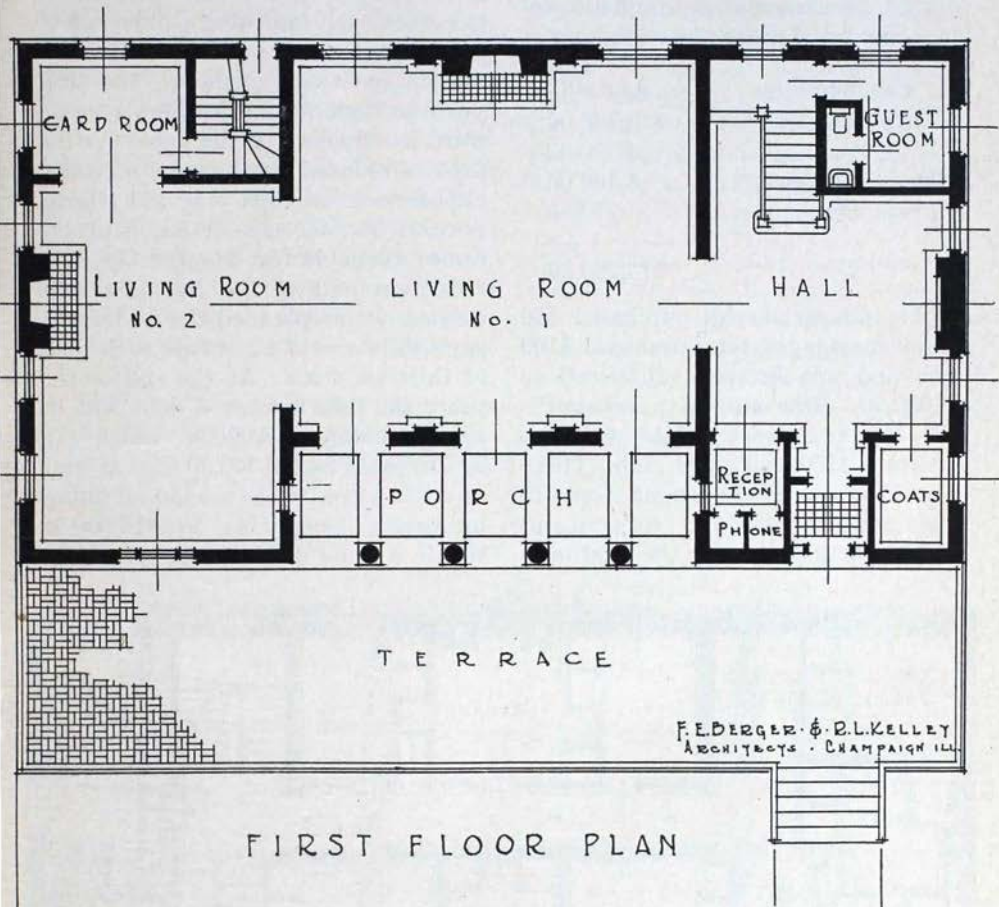

A VIEW OF THE PARLOR AND ENTRANCE HALL—UPSILON CHAPTER HOUSE

some one willing to loan \$52,500 or more on the first mortgage.

Within ninety days a loan of \$55,000.00 was arranged with a local building and loan association. This provided the funds to pay the \$52,000.00 due the contractor and \$2,500.00 due the architect. This may

until May 15th. The house was completed October 1st.

We had sufficient funds to build the house, pay the architect and take care of the \$6,000.00 still due on the lot but there was the item of furnishing, decorating, etc., to consider. With a \$55,000.00 first mortgage on the

seem an outrageous sum to loan on our project, but confidence in fraternities on the Illinois campus is so great that several loan companies would have done likewise.

The contractor agreed to start construction work on April 1st promising completion by August 15th, but a bricklayers strike delayed the start

house, we issued \$15,000 in second or junior mortgages, and sales of these junior mortgages did not increase very rapidly until the actual construction work began. Had we waited until all the junior mortgages were sold, the *Upsilon* chapter house would still be a dream. But of the authorized issue of \$15,000 a total of \$13,200.00

had been sold on November 1st, 1928, which was sufficient for our requirements, although the balance of \$1,800 would make possible for us to make certain improvements about the house that while not actually needed today, will be made as soon as the funds are available.

Who purchased these junior mortgage bonds. Here is the record:

<i>Purchased by</i>	<i>Amount</i>
Undergraduates .....	\$ 3,400.00
Alumni .....	4,950.00
Dads and friends.....	4,100.00
Local merchants.....	750.00
	\$13,200.00

Eight undergraduates purchased \$50 junior mortgages, ten purchased \$100 each and one brother subscribed to \$2,000.00. Nine alumni purchased a \$50 mortgage each, while 45 purchased a \$100 mortgage each. There were 31 of the \$100 mortgages sold to Dads and friends of the brothers, and 2 \$500 mortgages, while the local mer-

chants purchased a total of \$750 in mortgages.

The *Upsilon* chapter rents the house from the Upsilon Alumni Corporation for \$8,500 per college year. This may seem a large sum, but it is not impossible for the chapter to pay this rent, in the least. The budget of expenditures for each indicates a payment of \$6,180.00 to the building and loan association which includes, the first year, an item of \$2,315 which goes toward a reduction of the debt. As the debt is reduced the amount of interest becomes less each year and a large portion of this annual payment becomes available for still further debt reduction and if the payments are carried out as planned the first mortgage will be paid off in full at the end of thirteen years. At the end of ten years the first mortgage debt will be approximately \$18,000.00 which can be increased to \$33,000.00 at that time in order to retire the second or junior mortgages amounting to \$15,000.00 which will be due at the end of the

ten years. It is estimated that additional expenses will approximate \$900 interest on second mortgages annually, real estate taxes of \$500, insurance of \$195 and repairs of \$235, leaving \$500 for unexpected items of expense.

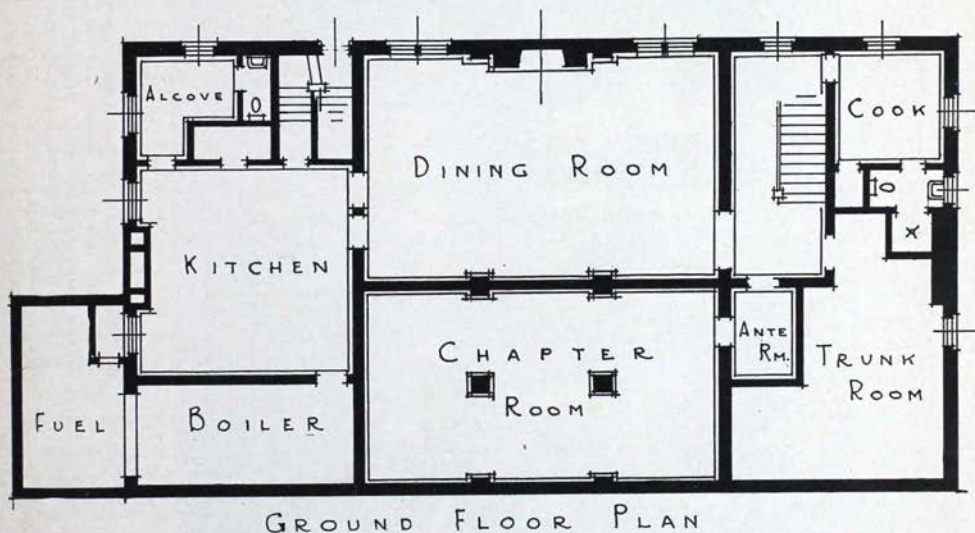

The house is strictly colonial in design with the columns in front supporting the eaves. The accompanying photographs and floor plans will acquaint you with the appearance of the house and the arrangement of rooms on each floor. The two living rooms are unusually large, each having a fireplace and with early American appointments. The dining room, kitchen, chapter room and servants quarters are in the basement which is partially raised above the level of the ground.

There are sixteen study rooms with individual closets, the total capacity

of the house being forty-one men. The sleeping dormitory is at the south end of the third floor, and is separated into three separate rooms instead of one large one. There are sleeping quarters for forty-six men.

The furnishings of the house cost \$3,400.00 which included rugs, drapes, chairs, tables, study desks, etc., etc., while the lighting fixtures concrete walks and other extra items of constructions cost \$1,250.00. Both of these expenditures were made from the receipts of the sales of junior mortgages.

The house is now complete, the chapter occupies it and is enjoying the pleasure and benefits that come from such an attractive home. *Upsilon* invites all the members of *Delta Sigma Pi* to visit us at any time you are in our neighborhood.

# Delta Sigma Pi Enters De Paul University

THE forty-seventh chapter of Delta Sigma Pi was installed on June second when our *Alpha-Omega* chapter came into existence at DePaul University College of Commerce, Chicago. Following shortly after the installation of our chapter at the University of Chicago and giving us four chapters in the Chicago district, the alumni turned out in large numbers to assist in the installation of this chapter.

The ceremonies were held at the Great Northern Hotel in the loop of Chicago, and were in charge of *Grand President* H. O. Walther and *Grand Secretary-Treasurer* H. G. Wright, assisted by official representatives of all the nearby chapters. The ritualistic ceremonies were held in the morning and afternoon, followed by the traditional banquet in the evening when covers for over one hundred were laid.

## HISTORY OF ALPHA-OMEGA CHAPTER

Tau Delta Rho, our petitioning group, was organized by students of the College of Commerce of DePaul University in May, 1921, to fill a need for the commerce organization that would promote the interests of the student body of the College of Commerce and compare with other professional fraternities established in other universities, aiding in the attainment of better scholarship and social and professional life among its members and to co-operate wherever possible with the faculty in any manner to promote the general welfare of the University. Accordingly, Albin

K. Hornoff, Paul J. Bruch and several other regularly enrolled students in the College of Commerce founded a fraternity under the name of Alpha Chapter, Tau Delta fraternity, and on May 14, 1921, were granted a charter by the State of Illinois, to:

“To promote higher scholarship and fraternal interest among the students of DePaul University and other universities in the State of Illinois.

“To provide a constitution and by-laws for the government of the affairs of said organization with power to amend, alter and revise the same in the manner to be provided therein.

“To provide a ritual and ceremonies needed in a secret fraternal order.

“To superintend the organization of fraternities of like name and object in other universities of the State of Illinois and to provide for the affiliation of such organizations with this, the first fraternity organized under this name.”

From this humble beginning, Tau Delta enjoyed yearly growth and acquiring many cherished traditions.

In 1924, the name was changed to Tau Delta Rho to agree with a new ritual. It was the intention of the group to expand into other universities in the State of Illinois, but when their local organization was perfected to the extent that this might be possible, investigation convinced them that that field was pretty well cov-

ered by the other professional commerce fraternities in existence before their own establishment, so an investigation was conducted to determine whether they should abandon their expansion plans, and if so, what fraternity to petition. Accordingly, in due courses of time it was decided to petition Delta Sigma Pi and negotiations were opened with our fraternity and a formal petition presented.

Tau Delta Rho then operated under the guidance of Delta Sigma Pi and in due course of time their petition was presented for vote and they are now the *Alpha-Omega* chapter of Delta Sigma Pi, seven years after their establishment in 1921.

The installation team comprised the following members:

*Grand President* H. O. Walther, *Psi*  
*Grand Secretary-Treasurer* H. G. Wright,  
*Beta*

Andrew J. Arnold, *Beta*  
Daniel Costigan, *Alpha-Psi*  
Earl N. Felio, *Beta*  
Robert A. Lahann, *Beta*  
Warren Raymond, *Beta*  
Karl D. Reyer, *Nu*  
Richard Stenger, *Delta*  
Robert Vining, *Omega*  
Thos. H. Wright, *Beta*

The following officers were installed as the first officers of *Alpha-Omega* chapter:

*Head Master*.....Edward W. Fitzgerald  
*Senior Warden*.....Walter J. Madigan  
*Junior Warden*.....William A. Meade  
*Treasurer*.....Bernard H. Traut  
*Scribe*.....Martin F. Wilson  
*Historian*.....Daniel J. McGrath

The charter members of *Alpha-Omega* chapter comprise the following undergraduate and alumni members:

Bansley, James R.  
Bitter, Raymond F.  
Brennan, Philip G.  
Bruch, Paul J.  
Budinger, Charles W.  
Bulger, Thomas M.  
Cauldfield, Edmund J.

Wratten, Wendell F.

#### HISTORY OF DEPAUL UNIVERSITY

DePaul University owes its origin to the good will and encouragement of a

number of Chicago's worthiest citizens—men of note in the legal or medical professions or prominent in the affairs of business—in compliance with whose earnest and repeated requests and incitements the old College was elevated to the rank of a University by virtue of a charter dated December 24, 1907, and issued under the seal of the State of Illinois. The charter of organization gives the right to provide, import and furnish opportunities for all departments of higher education \* \* \* which may comprise and embrace separate departments for literature, law, medicine, music, technology, the various branches of science, both abstract and applied, the cultivation of the fine arts, and all other branches of professional and technical education which may properly be included within the purpose and objects of the University.

The University is located on the North Side of Chicago, near Lincoln

Park, where the College Building, the Administration Building, the gymnasium and athletic field are located. Most of the professional courses are given in the loop and the University has just opened a modern sixteen story skyscraper at 64 E. Lake Street for this purpose, and it is in this building that the College of Commerce is located. The other departments of the University include the College of Liberal Arts and Sciences, the College of Law, the College of Engineering and the School of Music.

The registration of the College of Commerce exceeds 1,000 students, and both day and evening divisions are operated.

With the installation of this chapter, Delta Sigma Pi has a 100 per cent coverage in the Chicago district, with four chapters. All of these chapters have been extremely successful in their operations and there is no reason why they will not continue so.

THIRD FLOOR PLAN  
UPSILON CHAPTER HOUSE

# Delta Sigma Pi Scholarship Key Winners for 1928

EACH year Delta Sigma Pi presents a gold scholarship key to each university where we have a chapter, which key is awarded by the faculty of the school of commerce to that senior, who, upon graduation ranks highest in scholarship for the entire course in commerce. This key has become recognized as the highest award that any student of commerce can

that of the forty-three winners, eighteen were members of Delta Sigma Pi, this was exceeded by our record of last year. Here are the figures for the past four years:

	<i>Keys Awarded</i>	<i>Number won by Members of Delta Sigma Pi</i>	
1925	29	10	34%
1926	40	13	33%
1927	45	21	47%
1928	43	18	42%

<sup>1</sup>Two keys are given at this university, one each in both the day and evening divisions.

achieve during his college career. In three chapters because of conflicting awards that were already established before our chapter was installed the key is awarded on the basis of scholarship, leadership and promise of future usefulness.

The names of the winners for the college year closing in June, 1928, are published here, the names shown in capital letters indicating these winners are members of Delta Sigma Pi. While it is very gratifying to note

When one considers that the total registration of students in commerce in the universities where Delta Sigma Pi has chapters approximates forty-five thousand and the active membership of our chapters in the same universities approximates twelve hundred, our chapters and members are to be congratulated on the fact that 42% of the keys awarded last year were won by members of Delta Sigma Pi.

# Making the Badge of Delta Sigma Pi

EVERYONE has felt the appeal of beautiful jewelry — particularly the fascination of a fraternity badge, imparting to some a subtle air of mystery—to the proud possessor a host of pleasant associations. This interest is increased many times if one is fortunate enough to witness the manifold details of construction, from the impact of the drop hammer on through the many skilled manipulations necessary until the badge is finished, ready to designate some fortunate individual as a member of the fraternity. The badge is truly a beautiful sentiment, beautifully expressed.

The badge of Delta Sigma Pi is at present manufactured by Burr, Patterson & Auld Company, Detroit, Mich. This organization is the result of a merger effected two years ago between Burr, Patterson & Company and the fraternity jewelry division of Aulds Co., Inc. Aulds was organized in 1870; Burr, Patterson & Company in 1904, so both firms can truly be called pioneers in the fraternity jewelry business. Their present factory and headquarters are at 2301 16th

Street, Detroit, directly across Roosevelt Park from the Michigan Central Railroad station. The building consists of two stories and a raised basement, in which are found commodious stock rooms, heating plant and packing rooms. Additional floors can be added when needed. Throughout the entire building dark-stained woodwork contrasts pleasantly with tastefully painted walls.

Entrance is made into the first floor through a central lobby. The floor has been arranged to include a reception room and a committee room, two unique features which will interest the undergraduates and alumni with whom all the business is done. The reception rooms which one enters from the right of the lobby was designated exclusively for guests. A fire-place, flanked on either side by comfortable chairs, gives the room an unusually home-like appearance. In addition to various fraternity publications is included a writing desk and other fittings needed often by those away from home.

At the left of the lobby is situated the committee or conference room,

Reception Room

Lobby

Conference Room

which serves as a meeting place for groups desiring such a room. This room is always at the disposal of fraternity and sorority officials and fraternity groups during their visits to Detroit. A telephone is handy and a stenographer available to take dictation.

At the left side of the lobby and

Figure 1. Reproduction of a bar of gold (actual size) purchased from the government. Note the United States Government stamp and fineness—999.8 fine. Such bars are pure gold weighing about 12 oz. and worth approximately \$250.00.

beyond these two rooms is a row of officials' offices. In the rear of the lobby is a beautiful room for the dis-

play of fraternity novelties. Deep shelves built in on all sides and protected by glass doors permit of many glances at fascinating novelties of silver, leather, copper or brass, stationery, etc.

But let us proceed with the manufacture of a badge of Delta Sigma Pi.

To insure a standard fineness in the badge, bars of gold are purchased from the government, as illustrated in Figure 1. Since pure gold is so soft that it lacks good wearing quality it is alloyed or melted with baser metals to a 14K fineness. The 14K fused metal is cast into a thin biscuit form and when cooled, rolled into the desired thickness, when it is cut into small pieces to receive the design impression.

The Delta Sigma Pi dies are placed under the drop hammer—which looks like a miniature guillotine—and the impact caused by this dropping weight forces the gold into every crevice of the intaglio die. The results of this operation are shown in Row A of Figure 3.

This die impression is quite necessary. The cutting and making of these dies involves very careful and painstaking work. The design is transferred to a "blank" piece of soft steel

Figure 3

and the details patiently fashioned by chipping out excess steel, leaving the design in relief. The "hub" as it is called, is hardened and sunk into a second piece of soft steel to form the reverse or intaglio die. This is the one used to give the gold its initial impression. Such an operation causes the gold which cannot be forced into the crevices of the die, to squeeze out around the center of the die itself.

You will notice that there is a salvage rim around the badge parts in Row A of Figure 3. This surplus metal is not trimmed or "clipped" by means of a cutter plate and punch. The results of their use are shown in Row B, Figure 3. This operation saves considerable time, as otherwise this metal would have to be cut away by hand.

Jewelers skilled in the accurate handling of their tools, next drill and cut away the gold in such a manner as to form the recessed holes around the outside of the badge, and carefully fashion delicate fingers or "fish tails," as they are called, to hold the pearls. This is accomplished with miniature drills on the end of a long flexible shaft exactly the same as used by a dentist. Great care is exercised that these little scallops are precisely

uniform. This operation is shown in Row C, Figure 3.

The semi-circular piece which serves as the back of the badge is polished and poles drilled through it in order that the center piece may be attached

Figure 2

Figure 2. (a) Pearls on black background. (b) Enamel before it is powdered. (c)-(d)-(e) Base metal alloy—pure silver, guinea alloy and copper. This alloy is melted with the gold in ratio of 14 parts gold to 10 parts alloy, making 14K standard gold.

with it when completed. The "findings" or joint and swivel safety catch are soldered to the back of the base piece and it is then sent to the setting department. In the meantime, the wreathshaped center portion has been in the hands of the enamellers in order that the letters  $\Delta \Sigma \Pi$  might be properly enameled.

The enameling process is very in-

Tool and Die Making

Stone Setting

Polishing

teresting. The substance shown in Row B, Figure 2, is a hard, brittle, glossy silicate, which is mixed with dyes and fused until the desired color has been obtained. The large pieces are powdered in a mortar and pestle and this fine powder is moistened with water and applied to the recessed portions of the badge. This particular part is then heated in an electric furnace until the enamel fuses, but is not allowed to remain in the furnace long enough to melt the gold. In order to get a perfect job of enameling, it is sometimes necessary to repeat this operation several times.

The surface is then honed with a carborundum stick and rough polished with abrasive material applied to a fast revolving wheel, and brightness and lustre are secured by repeated brushing and "lapping" on wooden wheels. This is one of the many important operations, as much of the beauty of the badge depends on the bright polishing of the perfectly smooth enamel.

Probably the most fascinating step comes last—the setting of the stones. The results of that work, which is the last operation with the exception of the assembling and placing of the stones in the eyes of the skull, are shown in Row D, Figure 3. Here the

jeweler places the perfectly matched stones in the little holes fashioned to receive them, carefully forcing the little fingers or "fish tails" up around the stones to hold them fast.

The badge is then assembled, that is, the wreath-shaped piece fastened to the base piece by means of hallowed pegs, and the stones placed in the eyes of the skull. The badge is then thoroughly cleaned and polished, and after a careful check and inspection test, it is ready to be hand engraved with the initials and number of the proud owner. The completed badge is shown in Row E, Figure 3.

The officers and chief department heads of Burr, Patterson & Auld Company are:

*President*.....Albert J. Kleffman  
*Vice-President*.....John McNamara  
*Secretary-Treasurer*.....Craig H. Richey  
*Advertising manager and editor of*  
*Fraternity Life*.....Frank Licher  
*Order department*.....Marion V. Ackley  
*Factory Superintendent*.....John Lemke

The management has extended the courtesy of the plant to any member of Delta Sigma Pi who visits Detroit. It is interesting to know that a record is kept of all the hundreds of representatives of the many fraternities and sororities who visit Detroit annually and visit this plant. Go and see for yourself how our badge is made.

# PROMINENT DELTASIGS

HENRY F. GRADY, *Rho*

THE MEMBERS of Delta Sigma Pi and of *Rho* chapter in particular have been very much gratified to learn of the appointment of Brother Henry F. Grady as Dean of the College of Commerce of the University of California, Berkeley, California. Brother Grady has been connected with the University of California since 1921 and when the administrative officers of the university were looking for a Dean to succeed Dean Hatfield who recently resigned, it was not necessary that they leave the faculty of the College of Commerce to make their choice.

Brother Grady was born in San Francisco, California, February 12, 1882, and is therefore a native Californian. He attended St. Mary's University, Baltimore, and received his A.B. degree in 1907. He carried graduate work in philosophy and sociology at the Catholic University, Washington, D. C., and later at the University of California and also at Columbia University.

In addition to considerable business experience he taught money and banking and industrial history of the United States in the College of the City of New York, 1916-17; he taught economics at Columbia in 1917-18. He was special expert for the Bureau of Planning Statistics of the United States Shipping Board from March, 1918, to February, 1919. He was then sent to Europe as the first United States Trade Commissioner to London and Continental Europe to report on postwar financial condi-

tions, 1919-20. He was appointed Acting Commercial Attache of the Embassy in London for a six months period and then ordered to the Continent to continue his financial studies. He was also Acting Commercial Attache to Holland and then travelled extensively through Germany and the Scandinavian countries. He was acting chief of the Division of Research of the Bureau of Foreign and Domestic Commerce from January, 1921, to June, 1921. He also offered courses in Foreign Exchange at the Georgetown University School of Foreign Service while in Washington.

He joined the faculty of the College of Commerce of the University of California in August, 1921, where he has remained to date. He has also been manager of the Foreign and Domestic Trade Department of the San Francisco Chamber of Commerce since 1922. He is now Professor of International Trade and Dean of the College of Commerce of the University of California.

He was a charter member of our *Rho* chapter, being initiated into Delta Sigma Pi on March 12, 1922, and he has always displayed a strong interest in fraternity affairs.

He was married to Lucretia del Valle of Los Angeles in 1917, and has four children.

In recognition of his appointment as Dean of the College of Commerce, the board of directors of Delta Sigma Pi have in behalf of the fraternity presented Brother Grady with a jeweled badge. All the brothers join in wishing him success and happiness in his new position.

# EDITORIAL COMMENT

## FRATERNITY!

**T**HERE is no denying the fact that much progress has been made by Delta Sigma Pi during the past year or two. The reports of the chapter delegates at the Ninth Grand Chapter Congress held this fall indicated a marked improvement over the conditions of two years ago. But there is still room for improvement and there probably always will be.

Up until the past year or so most of the efforts of your Grand Officers and national committees has been necessarily directed toward the perfection of our national organization. Delta Sigma Pi is a young fraternity, as fraternities go, for the schools of commerce are young as professional schools go. Most of our efforts during the past few years have had to be directed at such matters as constitutional changes, provincial and district organization, expansion, establishment of our Central Office, establishment of policies, systems and procedure—in fact the adjustment of our entire national organization to provide for a larger, more effective and better fraternity and better fraternity administration. This all takes time, and a lot of it for most of our officers can only devote their spare time to our activities. Much of it is now accomplished and in actual operation, and your officers and committees can now devote appreciably more of their time to the development of our chapters. And this they are doing.

Delta Sigma Pi is a fraternity organized to foster the study of business in universities; to encourage scholarship and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce and to further a higher standard of commercial ethics and culture and the civic and commercial welfare of the community.

These principles should not be regarded lightly. Delta Sigma Pi stands for the promulgation of the highest business ethics at all times. Delta Sigma Pi encourages the administrative officers of the many uni-

versities throughout the country to provide better and more adequate facilities for the study of business in universities.

We encourage the members of our own chapters as well as the other students in the schools of commerce to achieve the highest possible scholastic record in college, for after all that is what one goes to college for. With this in mind Delta Sigma Pi many years ago established the Delta Sigma Pi Scholarship Key which is awarded annually at every university where we maintain a chapter and which award is open to every male student in the local school of commerce, and has become recognized as one of the highest awards possible to secure in commerce.

We want our chapters to invite to membership therein only those students who are heartily in accord with our ideals, students that emulate by their own actions our ideals and principles, and who are willing to work enthusiastically for the promotion of the welfare and advancement of business ethics and Delta Sigma Pi, a professional business fraternity. Professional interest and professional consciousness are most decidedly all important. Chapters should not exist and operate for either the sole purpose of "honoring" a few selected students or for the sole purpose of providing a means for the enjoyment of social intercourse. This is the work of honorary and social fraternities, not ours.

Our chapters, our members should be leaders in the schools of commerce and business administration on their respective campuses. High scholarship and scholastic attainment should most certainly be a prerequisite to membership in Delta Sigma Pi. Social activity has its place and an important one, but it should be incidental, secondary to the professional activities of the chapter and its members.

Furthermore there must be unity in brotherhood, not only among the members of one chapter, but among the forty-five chapters as a whole. The prevailing attitude and sentiment among fraternity members should be not what each of them will get OUT of

the fraternity but what each of them can contribute to the benefit of the fraternity. This same spirit should be prevalent among the chapters—not what each chapter will get out of the national organization but what can the chapter contribute to help make the national organization bigger and better. The natural result of this unselfish desire to serve and serve well and capably will result in each and every brother and each and every chapter getting much more out of the fraternity than would otherwise be possible, for there will be more to offer all.

Each chapter should be a force and a factor for all that is good in the school of commerce and the spirit of brotherhood, the spirit of unity, the spirit of helpfulness should predominate throughout the chapter and the brothers.

There are ninety-one universities throughout the country offering prescribed courses in commerce, most of them having separately organized schools of commerce, and the total registration for the college year 1927-1928 exceeded seventy thousand students in these schools of commerce. No one can deny the need for professional commerce fraternities in these excellent professional schools. The schools of medicine, the schools of law, the schools of dentistry and other professional schools have much smaller registrations and yet have several times the number of professional fraternities. In the field of commerce there are only two national professional fraternities of any size or national importance, Alpha Kappa Psi and Delta Sigma Pi, although there are several excellent locals and one or two instances of where two or three locals in different universities are attempting to consolidate and organize a third national. Alpha Kappa Psi has forty-eight active chapters, Delta Sigma Pi has forty-five. We are both represented at twenty-seven universities; Alpha Kappa Psi is alone at twenty-one, Delta Sigma Pi is alone at eighteen. There is a sprinkling of a few locals here and there. The point I am making is this, with at least sixty-five good schools of commerce, with an average registration of eight hundred students each (although this average while correct is as high as that because of a dozen unusually large schools of commerce with registration running into the thousands) there is a wonderful future ahead for both Alpha Kappa Psi and Delta Sigma Pi and possibly even a third and fourth professional commerce fraternity to a lesser degree. There is a place and a demand for strong professional commerce fraternities in these recognized universities and it is up to the existing profes-

sional commerce fraternities to satisfy this need, this demand.

The professional commerce fraternities should assume the same place in business that the professional medical fraternities, the professional legal fraternities, the professional chemical fraternities, the professional dental fraternities and others have in their respective professions. We, speaking of professional commerce fraternities in general, have advanced farther in the short period of our existence than other professional fraternities, but we should advance even farther and this will be easily accomplished if the chapters of Delta Sigma Pi do everything within their power to create and promote an even greater professional consciousness than now exists on their respective campuses, in their respective communities, in their respective businesses and daily occupations.

This should be a challenge to every chapter of Delta Sigma Pi, to every member in Delta Sigma Pi. Let's all join in making Delta Sigma Pi the greatest individual force or factor for the promotion of the highest ethics in business and for the creation of the proper professional consciousness in the schools of commerce throughout the country. In other words, far greater professional emphasis should be crystallized in the schools of commerce than they now enjoy and if this is accomplished even greater benefits will accrue to the chapters and brothers of Delta Sigma Pi than are enjoyed at present.

#### THE PROFESSIONAL INTERFRATERNITY CONFERENCE

**I**N THE May issued of THE DELTASIG you will recall an article in connection with the proposed Professional Interfraternity Conference. The Ninth Grand Chapter Congress authorized the board of directors to make formal application for membership in this conference, and the board by unanimous vote has done so. We hope that the conference will meet with the success that it deserves and we pledge the support of Delta Sigma Pi to the work of the conference at all times.

#### THE CHAPTER MANUAL

**P**ROGRESS is being made on the chapter manual. This fall a mimeographed manual was prepared and distributed to the four principal officers of each chapter, and while this preliminary manual is not as comprehensive as the one we have in mind for permanent use, it was thought best to ex-

*(Continued on page 81)*

# WITH THE ALUMNI

## DES MOINES

Deltasig Alumni Luncheons are still being held at "Bishop's" Cafeteria, 711 Locust St., in the private dining room. Luncheons are at 12:00 o'clock noon every other Friday. With the exception of August, luncheons have been held regularly. At the meeting September 21, Harold Mathis was elected president and Lester Mugge secretary-treasurer. Under their able leadership the club is expected to show wonderful advancement. It is our sincere hope that we shall enjoy a visit from out of town brothers this winter.

Al Guggedah, with his family, left during the middle of the summer for Epping, North Dakota. Al has always been a great worker for Delta Sigma Pi and we hope he will return soon.

Here is what a few of the brothers are doing in Des Moines.

At the Meredith Publishing Company Jean Carroll, formerly instructor in Statistics and Marketing at Drake University, is head of the Bureau of Market Analysis. Lester Mugge, who was secretary to Mr. E. T. Meredith, an honorary member of Delta Sigma Pi until his death June 17, 1928, is in charge of circulation work for Better Homes and Gardens; Harold Mathis is direct mail salesman in the Advertising Department of Better Homes and Gardens, while Frank McDonough is associated with the Editorial Department of that publication. Also in the advertising field are Clarence Mugge in the Local Display Advertising Department of the Register and Tribune-Capital and Bob Morgan with the Coolidge Advertising Co. Brother Mugge is beginning his tenth year with the Register and Tribune-Capital. Ralph Hunt is in the City Circulation Department of the Register and Tribune-Capital.

Jim Ramsey and Kenneth Shawhan stick close to insurance. Jim is with the Central Life Assurance Society and Kenneth is with the Equitable Life of Iowa. Kenneth has a new Nash. We expect the gang to be taken for a long ride one of these days. Along

with his duties at the Central Life Jim is carrying a few hours at Drake.

When we have more money than we know what to do with we let Walt Weisinger, who is bond salesman with the State Bond and Mortgage Company, invest it for us. (Walt will probably be around now.) While Walt is after us to invest our shekels William Woodhead, Credit Manager for the Utica Clothing Company presses us to pay our accounts. Wayne Carver is casting his lot with the Dairy and Produce Supply Company as credit man.

When the Hutchinson Purity Ice Cream Co. decided to open a creamery they selected Leon Garber to steer its course. Leon has been manager of the Hutchinson Creamery Co. since its organization and was retained in that capacity after the recent consolidation with the Beatrice Creamery Co.

John Blanchard, our legal advisor, is practicing law for himself having passed the Iowa Bar examination with an exceptionally high grade. John is a graduate of the Drake University Law School.

Lloyd Perry handles the club's transportation matters, being connected with the Rock Island Lines as Chief Clerk to the Assistant General Passenger Agent.

June was a captivating month for Des Moines Deltasigs and now four brothers are in the bonds of marriage. Those who took the fatal step are Harold Mathis, Walter Weisinger, Kenneth Shawhan and Jim Ramsey. They just couldn't resist. A miscellaneous shower was given the boys at one of the luncheons soon after they returned from their honeymoons. They received many useful articles for the present as well as the future. *Alpha-Iota* Chapter expects to be presenting a few more spoons before long.

Among the staid old married brothers who have come to the conclusion that they should have something to show for their many married years are Ralph Hunt, a daughter; Homer Young, a son; and George Vest, a son.

The *Des Moines Alumni Club* is certainly elated over the progress *Alpha-Iota* Chapter is making this year. The chapter has our

heartiest congratulations. They have started the year with a house, very comfortably furnished, they are serving meals at the house, appropriate social functions have been arranged, their business meetings are snappy and to the point—in other words the whole bunch are “on their toes.” Watch them go and stop whenever you can and pay us a visit.

L. K. PERRY, *Correspondent.*

---

## M A D I S O N

The *Madison Alumni Club* held its first regular luncheon meeting for this season on October 4 in the Beef-Eaters Room of the Wisconsin Union.

The conversation revealed several highlights of the summer vacation period. The annual alumni house party held on the weekend of August 3 at Ravenswood Resort, Lake Kegonsa, was pronounced a decided success even though “Bob” MacReynolds had to keep watch all night to guard his virgin “misplaced eyebrow.” Everyone was wondering why “Herm” Walther was detained in Watertown while en route to the party. It won't be long now!

The summer casualties are all living and accounted for as follows:

“Frenchie” Wilbert was married to Miss Sadie Ryan at Prairie du Sac, Wisconsin, on June 16, 1928. “Dan” Kerth acted as best man.

Clarence D'Aoust and Miss Isadora Duda were wed on June 26, 1928, at Athens, Wisconsin. Jack Lauson carried the ring.

“Mac” McGlasson and Miss Florence K. Locke were married on June 30, 1928, at the *Psi* Chapter house in Madison. “Herm” Walther was best man. Harry Schuck and “Marty” Bliese were among the guests present.

George Rentschler was united in marriage to Miss Dorothy Jones at Springfield, Illinois, on August 1. Among those present at the wedding were “Hank” Alinder, “Dave” Jones and “Bill” Ragatz.

The following officers have been elected to serve the Madison Alumni Club for the coming year:

*President*.....Harry M. Schuck  
*Vice-President*.....Carman G. Blough  
*Secretary-Treasurer*.....Martin A. Bliese  
*Chancellor*.....Gilbert Hoffman

One of the primary functions of the club is to promote good fellowship and better acquaintance with the active chapter in *Madi-*

*son.* To this end it is planned to invite a different undergraduate member of the active chapter to each meeting of the alumni club. Every second week the alumni club is invited to participate in “professional night” at the *Psi* chapter house. The spirit of the undergraduate chapter toward the alumni club is very commendable and the members of the club are anxious to maintain that close friendly contact which makes for a more perfect unity.

Luncheon will be held regularly every alternate Thursday noon in the Beef-Eaters Room at the new Wisconsin Union at twelve-fifteen.

The club is proud of Carman G. Blough in acknowledgment of his appointment to the Wisconsin State Board of Accountancy. In this capacity he succeeds Brother J. C. Gibson.

A. J. MCGLOSSON, *Correspondent.*

---

## B O S T O N

The *Boston Alumni Club* is beginning a new year under the very able leadership of Warren F. Brooks, who was elected to office of president on October 15, 1928. Many distinctions have accrued to Brother Brooks during his membership in Delta Sigma Pi. He is a charter member of *Gamma* chapter. Two times he served in a national capacity; first as a director and later as Province Director of the Southern Province. His capacity was recognized by the brothers in Atlanta, who conferred upon him the honor of president of the *Atlanta Alumni Club*. Only a few months ago he returned to Boston. The *Boston Alumni Club* was prompt to accept this opportunity. Boston Delta-sigs are responding to his enthusiasm, and confidence prevails that a new era is ahead.

Weekly noon-day luncheons are held every Thursday at Fanueil's, 3 S. Market Street. Attendance has been satisfactory and further gains are being registered now that vacations are over. Practically the entire support is received from alumni members. This condition is not an evidence of undergraduate indifference. Rather, it is the result of a class schedule at Boston University which abolished the regular luncheon period and forces the students to lunch when they have a free period. Visitors to Boston are urged to include our Thursday luncheons.

November 10, 1928, is to be a banner day for Delta Sigma Pi in Boston. A banquet is scheduled for the University Club in ob-

servance of three notable events: Founders' Day Celebration, Initiation Banquet for *Gamma* and the first public reception extended to President Brooks. Three years ago Boston witnessed the most successful banquet in its history when it celebrated Founders Day and welcomed Professor James Toner into the fraternity. It is anticipated that a new record for attendance will be created November 10, 1928.

J. J. CANAVAN, *Secretary.*

## D E T R O I T

*Detroit Alumni Club* started out the season of 1928-1929 with a bang. The election to the highest office within our fraternity of our alumni brother, Rudy Schmidt, certainly was a great honor to Rudy, and also the Detroit Chapter, and we appreciate very much the wonderful support given to Brother Schmidt at the convention, and feel sure that he will continue to get 100 per cent co-operation from all active chapters and all alumni clubs in both this country and Canada.

The officers of *Detroit Alumni Club*, elected for term of 1928-1929 are as follows:

Edgar H. Francois.....*President*  
 H. R. "Busty" Hastings.....*Vice-President*  
 Robert J. Finley.....*Secretary*  
 James F. Deane.....*Treasurer*  
 Leonard Dole.....*News Editor*  
 Murray Digby..... *Publicity Director*  
 Frank McIlhargy.....*Athletic Director*  
 R. P. Sheridan.....*Chairman Ent. Comm.*

We opened up the year with a joint meeting at Webster Hall. At the meeting both the chapter and the Alumni Club turned out in great numbers as Rudy Schmidt was our honored guest. Rudy gave a fine talk to the boys, and we feel sure that this will be one of the best years for both the chapter, and *Detroit Alumni Club*, as both organizations have outlined a very fine schedule of events for the season.

The Alumni Club is sponsoring the Dinner-Dance after the U. of D.-Michigan State football game on Saturday, November 10, at Hawthorne Valley Country Club. All members of Delta Sigma Pi who may be in or about Detroit on this day are most cordially invited to join us in celebrating the U. of D. victory????

The *Detroit Alumni Club* gave its first mixed bridge party Wednesday, October 24

at Webster Hall, and all who attended had a most enjoyable evening. We plan to give a number of these throughout the winter months, and feel sure these parties will be awaited with interest by the members of Delta Sigma Pi and their friends.

Plans are being made for a number of Delta Sigma Pi members to attend the Fordham game at New York City. A giant trimotored Ford plane will be chartered for the trip, and the boys will pay a visit to *Alpha Chapter* while in the "Big Town."

We are also preparing for the annual testimonial banquet given the Varsity team by *Detroit Alumni Club*. This is one of the outstanding events of the season.

With best of wishes for all alumni clubs for the coming season, will close until next issue of *The DELTASIG*.

EMMETT F. DACEY, *Correspondent.*

## C H I C A G O

The principle activity of the *Chicago Alumni Club* last spring was the co-operation with the national officers in the installation of our two new chapters at Chicago and DePaul and we had a large turnout of brothers to both these events.

During the summer several golf tournaments were held with the championship for the Chicago district being decided at the Tam 'o Shanter Golf Club where Harry M. Couch, *Beta*, won the right to be called champion over a thirty-six hole match. The championship is a handicap event and Harry, with his handicap, was just too good for the rest of the boys, although some shot better medal scores but with a lower handicap.

Our weekly luncheons, every Thursday noon, are still held at Field's where we have been eating for about nine years, and the attendance for the summer was very good considering vacations, etc. The usual fall increase has already been noticed and the talk is mostly football now.

Quite a number of alumni from Chicago journeyed down to Champaign to attend the Ninth Grand Chapter Congress, and over sixty went down later on to attend the Northwestern-Illinois football game. We are planning on a schedule of winter events to start real soon, and look forward to an active winter.

T. H. WRIGHT, *President*

## KANSAS CITY

June 12, 1928, is the date of our last dinner and business meeting prior to summer vacation. On that date, we gathered at the Ivanhoe Country Club to hear Mr. J. O. Gill, Branch Manager, Missouri Inspection Bureau. Mr. Gill gave us an interesting discussion of the basis of fire insurance ratings.

On July 24, 1928, seven of the brothers gathered at the Ivanhoe Country Club for an informal meeting and dinner. No business was transacted at this dinner nor was there a speaker or any form of program. This was the last meeting of any kind before the summer recess.

The fall and winter season was opened October 23, 1928, with a dinner at the Newbern Hotel. We had no speaker because we wanted some of the new members of the club who are just out of school to get better acquainted with the older members. We should like to get in touch with any Delta-sigs in Kansas City who have not attended any of the alumni meetings. A letter from the nearby chapters giving us the names of any of their alumni now residing in Kansas City would be appreciated.

D. R. BOUCHER, *Correspondent*.

## TWIN CITIES

With the advent of the new school year, the *Twin Cities Alumni Club* is bearing down harder than ever in an attempt to make the club a real, live, operating organization. Inasmuch as it has always been our aim to aid the active chapter in every way possible, the return of the actives this fall has done much to emphasize the need of a smoothly operating alumni unit. A recent innovation, establishing closer contact with the individual members, has been the appointment of ten brothers who are each assigned a number of the other brothers. It is the duty of these ten "key men" to assume responsibility for collecting dues, getting information and generally keeping in touch with the brothers on their list. The ten can of course be easily communicated with by the officers of the Alumni Club and the plan gives every indication of successful operation.

In spite of vacations and general summer inertia, a Golf Tournament in August brought out a goodly number of potential Chick Hagens. It remained for Don Lawson, editor of the *Swift County News*, Benson, Minnesota, to forsake the editorial

sanctum long enough to garner in the trophy which the Alumni Club had hung up for the event.

On October 13, an "*Alumni Scrimmage*," held at the chapter house brought the followers of Terpsichore out enmasse. Forty-five couples, actives and alumni, furnished the raw material for the first Alumni Club "brawl" of the current season. Ralph Otto had charge of arrangements.

Our regular Thursday noon luncheons at the New England Tea Rooms continue to attract all brothers who can leave their manifold duties in the hands of subordinates for the necessary hour. Any out of town Delta-sigs who are confronted with a Thursday lunch in Minneapolis are invited, requested, even expected to meet there with us.

ALVIN M. JOHNSON, *Correspondent*.

## PERSONALS

Robert P. Alexander, *Alpha*, is now located at Camden, N. J., where he is an executive of the Victor Talking Machine Company.

J. T. Allen, *Alpha-Psi*, has recently been appointed Head of Accounting at Alabama Polytechnic Institute, Auburn, Alabama. He is also professor of Finance.

William G. Altstadt, *Alpha-Delta*, is now connected with Hones Corporation, Employment Counsellors, 20 W. Jackson St., Chicago.

Paul A. C. Anderson, *Upsilon*, is manager of the Fairfax Hotel, Chicago.

John A. Babb, *Alpha-Eta*, is now night editor of the Cincinnati Bureau of the Associated Press.

James R. Bansley, *Alpha-Omega*, is a member of the firm of Bansley & Kiener, Certified Public Accountants, Chicago.

Willard M. Becker, *Upsilon*, is with the Norton Door Closing Company, 2900 N. Western Ave., Chicago.

Howard Berolzheimer, *Beta*, is doing graduate work at the Yale Graduate School, New Haven, Conn.

Graydon Bower, *Alpha-Psi*, now resides at 69 St. James Place, Buffalo, New York. He writes that he is "the common or garden variety of investment analyst in the Bond Department of the Marine Trust."

F. H. Bradshaw, *Beta*, is associated with the Chicago office of Thompson, Ross & Company, dealers in investment securities.

Charles J. Brennan, *Mu*, recently left for

Annoy, China, where he will be connected with the United States Consular Service.

Warren F. Brooks, *Gamma*, has returned from Atlanta, Ga., to Boston, Mass., to the head office of the New England Mutual Life Insurance Co., with which company he has been associated for many years.

Thomas Bulger, *Alpha-Omega*, is with the Salesology Publishing Company, 500 N. Dearborn St., Chicago.

Robert I. Bushnell, *Zeta*, is now connected with the Northern Trust Co., of Chicago.

Wayne E. Butterbaugh, *Alpha-Epsilon*, professor of Transportation at the University of Minnesota, is to conduct a study for the United States Government under the Department of Commerce of the movement of merchandise by railway, airway, waterway and highway. Brother Butterbaugh has again been recognized as one of the leaders in the field of transportation, just as he has been in the past. We shall hear about him in the future.

Lyle E. Campbell, *Iota*, has resigned his position on the faculty of the University of Oklahoma to become Associate Professor of Accounting at Emory University, Atlanta, Ga.

Harold A. Cannon, *Chi*, is connected with the Consolidated Gas Electric Light and Power Co., Baltimore, Md.

F. Elborn Church, *Zeta*, is employed by the Students Publishing Co., Northwestern University, Evanston, Ill.

Lloyd M. Clady, *Beta*, is now associated with the Maple Flooring Manufacturers Association, McCormick Bldg., Chicago.

William F. Clarke, *Alpha-Omega*, is educational director of DePaul University at 64 E. Lake St., Chicago.

Edmond M. Connor, *Beta*, is connected with Armour & Company Union Stock Yards, Chicago.

Harry M. Couch, *Beta*, is now Secretary-Treasurer of the General Telephone Utilities Company, 231 S. LaSalle St., Chicago.

Arthur Curtis, *Zeta*, can be located at the Chicago office of A. G. Becker & Co.

Randolph S. Davis, *Omega*, is in the insurance business at Summit Hill, Pa.

Floyd B. Dean, *Epsilon*, is with Albert E. Peirce & Co., Bankers Bldg., Chicago.

Charles C. DeLong, *Upsilon*, is with the Income Tax Unit of the Bureau of Internal Revenue, Chicago.

Lyle L. Dingman, *Epsilon*, is with the Armour Soap Works, Chicago.

Raymond A. Duggan, *Alpha-Psi*, is head

of the firm of Raymond A. Duggan & Co., Certified Public Accountants, Chicago.

Joseph P. Dunne, *Alpha-Omega*, is with Dunne, Bauer & Co., Investment Securities, 231 S. LaSalle St., Chicago.

John F. Engberg, *Upsilon*, is associated with Tylman, Pond & Co., 203 N. Wabash Ave., Chicago.

Norman H. Erskine, *Alpha-Epsilon*, is with the International Shoe Company, 233 W. Monroe St., Chicago.

Richard C. Evans, *Zeta*, is now connected with the Williamsport Wire Rope Co., 122 S. Michigan Ave., Chicago.

William E. Evans, *Beta*, is manager of the Band Department of Albert E. Peirce & Co., Bankers Bldg., Chicago.

Thomas E. Feten, *Beta*, is now connected with the Telephone Company of America, 112 W. Adams St., Chicago.

Edward W. Fitzgerald, *Alpha-Omega*, is associated with A. M. Castle Co., 1300 North Branch St., Chicago.

James S. Ford, Jr., *Zeta*, is with John Burnham & Co., 120 S. LaSalle St., Chicago.

Henry C. Fordtran, *Beta*, is with the Wilmette State Bank, Wilmette, Ill.

Herbert A. Friederich, *Psi*, can now be located at the University of Arizona, Tucson, Arizona.

William E. Gardella, *Omega*, has commenced his fourth year as a member of the faculty of the Vineland, N. J., High School, where he is head of the Commercial Department.

Henry J. Garrett, *Alpha-Iota*, is now Secretary General of the Loyal Order of Moose, Oklahoma Assembly, with headquarters at Oklahoma City, Okla. For several years Brother Garrett was secretary to James J. Davis, Secretary of Labor in the Coolidge cabinet, Washington, D. C.

Cecil M. Gillespie, *Alpha-Gamma*, is on the faculty of the Northwestern University School of Commerce, Chicago.

Albert O. Greef, *Iota*, is attending the Harvard University Graduate School of Business Administration, Cambridge, Mass.

B. Wayne Gratigny, *Alpha-Delta*, is with the T. E. Swann Co., 400 S. Padros St., Dallas, Texas.

Roy Hall, *Beta*, is a member of the firm Gilby, Penney, Hall & Co., Certified Public Accountants, Bankers Bldg., Chicago.

Thomas H. Hammer, *Beta*, has recently become connected with the Detroit office of Arthur Andersen & Co., Certified Public Accountants.

Lloyd K. Hanson, *Nu*, has been transferred by the Goodyear Tire & Rubber Export Company from the Panama Canal to Constantinople, Turkey.

Delaware Harrison, *Upsilon*, is with Lackner, Butz & Co., Conway Bldg., Chicago.

William T. Harrison, *Alpha-Psi*, of 3756 N. Paulina St., Chicago, is now in the Accounting Department of The Illinois Bell Telephone Co. His zeal for study which brought him *Phi Beta Kappa*, and the Delta-sig Key of 1928, has caused him to enroll in Northwestern U.'s evening courses.

James R. Hawkinson, *Alpha-Mu*, is a member of the faculty of Northwestern University School of Commerce, Evanston, Ill.

Don W. Heppes, *Zeta*, is with the Flintkote Company, 122 S. Michigan Ave., Chicago.

J. H. Hildreth, *Alpha-Psi*, became on July 1, 1928, Assistant Controller for The Roesler & Hasslacher Chemical Co., Niagara Falls, New York. His present home address is P. O. Box 718, Niagara Falls, New York.

Paul F. Hoierman, *Beta*, is manager of the new studio recently opened by Underwood and Underwood at 900 N. Michigan Ave., Chicago.

William B. Holmes, *Alpha-Psi*, is with the Employers Association of Chicago, 35 E. Wacker Drive, Chicago.

Albin K. Hornoff, *Alpha-Omega*, is with the Paperboard Industries Association, Transportation Bldg., Chicago.

Russell Hutchinson and Gerry White, both of *Omega*, toured America this summer and are now back from the Pacific coast and located respectively with the Western Union Telegraph Company and the North American Insurance Company at Philadelphia.

Albert P. Kachel, *Psi*, is assistant local manager of the Lakeview unit of the Illinois Bell Telephone Company, Chicago.

D. J. Kelly, *Beta*, can now be located at the Roche Advertising Company, Strauss Bldg., Chicago.

Robert T. Kenworthy, *Epsilon*, is in the Advertising Department of the Chicago Daily Journal, Chicago.

George J. Kiener, Jr., *Alpha-Omega*, is a member of the firm of Bansley & Kiener, Certified Public Accounts, Chicago.

Herman J. Kilberg, *Beta*, who has been associated with the E. H. Scull Company since its inception, has recently been admit-

ted to the firm of Noble, Byrn & Co., Controllers and System Specialists for Retail Stores, 228 N. LaSalle St., Chicago.

Allen S. Kindt, *Omega*, is connected with the Western Electric Co., Kearney, N. J.

Henry C. Kinkaid, *Beta*, is manager of the Savings Department of the Harris Trust & Savings Bank, Chicago.

Robert F. Kohr, *Omega*, is connected with the Western Electric Co., Kearney, N. J.

Emil E. Kostner, *Delta*, is with Folds, Buck & Co., 208 S. LaSalle St., Chicago.

John A. Kramer, *Alpha-Psi*, is with the Dashiell Motor Co., Dodge Bros.

Arthur Krueger, *Alpha-Epsilon*, has joined the Creamette Company of Minneapolis as representative of the Sales Department.

George J. Kuechler, *Xi*, is connected with the Certain-Teed Products Corp., 2246 W. 49th St., Chicago.

Earl C. Larson, *Alpha-Mu*, is connected with the Western Electric Company at Chicago.

Gordon Larson, *Alpha-Epsilon*, is connected with Commonwealth Edison at Chicago and is staying at the *Beta* house.

John B. Leahy, *Alpha-Omega*, is with Goldblatt Brothers, 1615 W. Chicago Ave., Chicago.

Simeon E. Leland, *Eta*, formerly of the University of Kentucky, is now a member of the faculty of the University of Chicago.

Theodore Lind, *Omega*, is now associated with the Manufacturers Finance Corporation, Baltimore.

Walter J. Madigan, *Alpha-Omega*, is with the Northern Trust Co., Chicago.

Tracy B. Madole, *Alpha-Iota*, is in the Sales Department of George M. Clark & Co., 179 N. Michigan Ave., Chicago.

Daniel J. McGrath, *Alpha-Omega*, is with the Loblaw Groceries, Inc., 3617 S. Ashland Ave., Chicago.

Paul F. McGuinn, *Alpha-Omega*, is associated with the Ahlberg Bearing Co., 317 E. 29th St., Chicago.

Harold J. McIntosh, *Alpha-Pi*, is with Montgomery Ward & Co., Fostoria, Ohio.

William A. Meade, *Alpha-Omega*, is connected with A. C. Allyn & Co., 67 W. Monroe St., Chicago.

William B. Miller, *Alpha*, who is associated with the Standard Oil Company at their Constantinople, Turkey office, is in the states for several months' vacation and can

be addressed at Wendt Avenue, Larchmont, N. Y. He will return to Constantinople shortly after January 1st.

Leroy Mills, *Eta*, is now attending the Harvard University Graduate School of Business Administration, Cambridge, Mass.

E. Manson Milne, *Tau*, is with the Nerry Coal Co., of Hamilton, Ontario.

Henry B. Moore, *Eta*, is now attending the Harvard University Graduate School of Business Administration, Cambridge, Mass.

Frank B. Morgan, *Beta*, has recently returned to Chicago to become associated with the Devoe-Reynolds Co.

C. Wendel Muench, *Beta*, has organized the firm of C. Wendel Muench & Co., advertising agents with offices at 557 W. Monroe St., Chicago.

Henry S. Nejman, *Alpha-Omega*, is with the Cable Company, Chicago.

Harold J. Osborne, *Epsilon*, is manager of the Edwardsville, Ill., branch of the Illinois Bell Telephone Co.

Paul Person, *Alpha-Epsilon*, is playing saxophone in Bachman's Band. The latter organization has recently completed a tour in the south and central west and at present is doing radio work in Chicago.

William H. Phipps, *Alpha-Lambda*, can be addressed care The Goodrich Tire & Rubber Co., Jacksonville, Fla.

Melvin I. Pinner, *Alpha-Psi*, is in the Accounting Department of the United States Gypsum Company, 300 W. Adams St., Chicago.

Kenneth J. Preble, *Upsilon*, is with the Harris Preble Door Co., Chicago.

Frank J. Prime, *Alpha-Gamma*, is now connected with Scovell, Wellington & Co., Accountants and Engineers, 270 Madison Ave., New York, N. Y.

Stanley R. Pulaski, *Alpha-Omega*, is head of the Employment Bureau of DePaul University, 64 E. Lake St., Chicago.

Wilmer L. Ragatz, *Psi*, is with Arthur W. Young & Co., Certified Public Accountants, Chicago.

W. L. Raine, Jr., *Alpha-Phi*, is now connected with George J. Ricau & Co., brokers of sugar, molasses, rice and coffee, at 233 N. Peters St., New Orleans, La.

John J. Rellahan, *Delta*, is now a member of the faculty of the School of Commerce at the University of North Dakota, Grand Forks, N. Dak.

Karl D. Reyer, *Nu*, is Assistant Professor at Wittenburg College. Living at 559 East Cassilly Street (accented on the first syllable), teaching at Wittenburg going 48 miles twice a week to work in Ph. D. at Ohio State and teaching a night class in Dayton, keep Brother Reyer on the up and going.

Jesse P. Ryan, *Beta*, is now connected with the Vacuum Oil Company, Fisher Bldg., Chicago.

W. B. Seace, *Alpha-Psi*, is connected with Sears Roebuck & Co., 6152 S. Western Ave., Chicago.

H. W. Schwarz, *Alpha-Rho*, is now connected with the Traffic Department of the Mountain States Telephone Co., Phoenix, Arizona.

Harold F. Sells, *Alpha-Beta*, is practicing accounting and his address is 215 Joplin National Bank Bldg., Joplin, Mo.

Allan A. Sloss, *Alpha-Epsilon*, since finishing his course at Harvard has been connected with Scudder, Stevens & Clark, investment analysts of Boston. While at Harvard he received honors, among these being his election to the Harvard Board of Review.

Charles M. Thomas, *Alpha-Pi*, is connected with the Harris Trust & Savings Bank, Chicago.

C. W. Toenes, *Alpha-Sigma*, can be located care The Western Electric Co., Chicago.

Francis C. Towle, *Psi*, is with Brokaw & Co., Chicago.

Glenn L. Viall, *Beta*, is connected with Kaufmann & Fabry, Chicago.

Edward W. Vickers, *Alpha*, is with Porter Fox Company, 120 S. LaSalle St., Chicago.

Robert E. Vining, *Omega*, is in the Publicity Department of the Western Electric Company, Chicago.

Clarence W. Wassam, *Epsilon*, is now Professor of Finance at the University of Florida, College of Commerce, Gainesville, Fla.

Porter T. White, *Chi*, is manager of the Manufacturers Finance Acceptance Corp., 2631 Woodward Ave., Detroit.

Martin F. Wilson, *Alpha-Omega*, is with Bliss & Laughlin, Inc., Harvey, Ill.

Wendell E. Wilson, *Alpha-Delta*, is with the General Motors Acceptance Corp., 180 N. Michigan Ave., Chicago.

Claris A. Windness, *Alpha-Mu*, is connected with Butler Brothers, Chicago.

Harry L. Wuerth, *Alpha-Beta*, is attending the Harvard University Graduate School

of Business Administration, Cambridge, Mass.

Merle Yowell, *Iota*, is now a member of the faculty of the College of Business Administration of the University of Nebraska, Lincoln, Nebr.

## MARRIAGES

Henry B. Moore, *Eta*, on October 7, 1926, to Millicent Sheridan.

Frank B. Stacey, *Iota*, on November 4, 1927, to Emily Chesney, at Kansas City, Mo.

Louis A. Buck, Jr., *Xi*, on February 8, 1928, to Mary Francis Pritchett, at Memphis, Tenn.

Joseph R. Snyder, *Eta*, on February 14, 1928, to Mary Marguerite Thomas, at Los Angeles, Calif.

Donald Lawson, *Alpha-Epsilon*, on March 17, 1928, to Mary Edna Kenny.

John W. Stone, *Alpha-Beta*, on April 28, 1928, to Thelma A. Pottbaum, at Little Rock, Ark.

Harold A. Cannon, *Chi*, on May 31, 1927, to Alice Lee Waite.

Kenneth E. Clungeon, *Alpha-Gamma*, on June 6, 1928, to Mildred Louise Marquetand, at Philadelphia, Pa.

Charles H. Cook, *Sigma*, on June 6, 1928, to Carnita Lessing, at Beaver, Utah.

George W. Young, *Alpha*, on June 9, 1928, to Muriel Rachel Dracup, at St. Horton, Bradford, England.

Birten C. Brumm, *Beta*, on June 16, 1928, to Lillian Marguerite Paxton, at St. Louis, Mo.

Albert P. Kachel, *Psi*, on June 16, 1928, to Lulu May Allemang, at South Bend, Ind.

Milton Honsey, *Alpha-Epsilon*, on June 16, 1928, to Dorothy Mary Swarbreck.

Alvin C. Tengwall, *Beta*, on June 23, 1928, to Helen Marie Kellstrom, at Chicago, Ill.

Eaton D. Baughman, *Zeta*, on June 30, 1928, to Henrietta Little.

Joseph Schneider, *Alpha-Psi*, on July 7, 1928, to Mary Zubanik, at Chicago, Ill.

Walter Teskey, *Alpha-Epsilon*, on July 15, 1928, to Mae Genevieve Turner.

Dwight Mack, *Psi*, on August 10, 1928, to Gertrude Helen Albert.

John J. Scanlon, *Alpha-Epsilon*, on August 12, 1928, to Mary Agnes Galvin.

John C. Shepard, *Alpha-Delta*, on August 6, 1928, to Inez Wiedeman.

Warren Raymond, *Beta*, on August 17, 1928, to Margaret Genevieve Cusland, at Chicago, Ill.

William E. Gardella, *Omega*, on August 14, 1928, to Mary C. Moriarty.

Alexander R. Chisholm, *Beta*, on August 18, 1928, to Myrtle Aleda Hahn, at South Chicago Heights, Ill.

Kenneth B. White, *Gamma*, on August 25, 1928, to Claire Frances Ramsdell, at Dallas, Texas.

William G. Altstadt, *Alpha-Delta*, on August 31, 1928, to Rhoda Ruth Bair, at Chicago, Ill.

John M. Reinhardt, *Alpha-Beta*, on September 6, 1928, to Mary Kathryn Thompson, at Mexico, Mo.

J. A. Kramer, *Alpha-Psi*, on September 26, 1928, to Berenice E. McGrane.

Milton C. Barber, *Xi*, on October 17, 1928, to Elizabeth Gardiner Nichols, at Detroit, Mich.

Miller Van Allen, *Kappa*, on October 20, 1928, to Virginia Persons McGhee, at Talbotton, Ga.

## BIRTHS

Robert M. Bliss, *Upsilon*, on June 12, 1928, a son, Robert McChesney, Jr.

Henry J. Garrett, *Iota*, on August 20, 1928, a daughter, Doris Frieda Clara.

John P. Williams, *Beta*, on September 6, 1928, a daughter, Margaret Louise.

William A. Dyke, *Alpha*, on September 30, 1928, a son, Theodore Wallace.

Karl D. Reyer, *Nu*, on October 3, 1928, a son, Karl Dustin, Jr.

Harvey G. Meyer, *Psi*, on October 9, 1928, a daughter, Helen.

Ivo W. Parrott, *Iota*, on October 30, 1928, a daughter, Elinor Jeanne.

Sterling K. Atkinson, *Omega*, on October 23, 1928, a son.

D. R. Boucher, *Alpha-Beta*, on October 27, 1928, a daughter, Ellenor Frances.

# AMONG THE CHAPTERS

Alpha Chapter has started the school year with thirty-two active members and six pledges. We are also very proud to state that the sixteen brothers who are not with us this year graduated last June. It just means that Deltasig will have sixteen more leaders in the fields which these sons have chosen for their life work.

Among the graduates were Leo Fannelly and Charles Snyder. Brother Fannelly obtained the highest scholastic honor awarded in the School of Commerce, *Delta Mu Delta*. Brother Snyder was awarded *Arch and Square*. This honor is awarded to that Senior who ranks highest in school activities and it is also based on scholastic standing.

Arnold Eckdahl, our new *Head Master*, hopes that *Alpha* will not only be first in name but first in fraternity affairs. He feels that this can only be brought to a successful realization by every brother's taking an active part in the chapter's work. He has appointed a Membership Committee under the leadership of Ted Krieg. The duties of this Committee will be to investigate proposals as to their scholarship and eligibility to become members. The chairman of the Committee will report directly to the *Senior Warden*. We also have a House Committee whose duties are to take charge of matters concerning the house. Dan Kilian has the chairmanship of the Committee. We also have a By-Laws Committee whose chairman is Thomas Gustavson, and a School Activities Committee under Oscar Barrett. In the two latter cases, the titles are self-explanatory.

As for school politics, Deltasig has been dealt her usual share. Arnold Eckdahl was elected vice president of the Senior class. Arthur Norton is president of the Freshman class; Ted Krieg, Deltasig's power in *Onimod*, was elected first vice president of that organization, and Charles O'Brien was elected president of *Newman Club*.

New York University's football team is one of the outstanding in the east. We have five of our brothers on the Varsity squad. Ken Strong, the husky half-back, is the high point scorer of the east. He is one of the

outstanding contestants for this year's *All American*. Jerry Nemecek is performing splendidly on the line as well as Len Grant, who you know is also the Interscholastic heavy boxing champ. "Jinx" O'Herin shares the honors with Ken Strong in the backfield. Edward Buckley, who was hurt quite badly playing football in his Sophomore year, is not being worked to a great extent this year.

The first house dance was held on October 6 under the chairmanship of Wilber Johnson. It proved a great success, both socially and financially. The rushing smoker was held at the house on October 15. Chairman Pete Burdick gave us a very favorable report on the affair. We met with greater success in regards to prospects than we have had in some time past. At this smoker we had the pleasure of hearing a very interesting talk from Professor Coleman Maze. On Monday, October 29, we will have our first professional smoker. Professor Kline of the School of Commerce has promised to come over and deliver an appropriate address.

Deltasig is the outstanding fraternity on the campus—it always has been—and we all unite in a spirit of brotherly love and cooperation to make the year the greatest in the history of *Alpha Chapter*.

OSCAR R. BARRETT, JR., *Correspondent*.

*Beta* is back at school this year some forty strong and showing a great interest in chapter activities.

**NORTHWESTERN  
UNIVERSITY**

Our annual "Open House" was held from October 8 to the 12, during which time we entertained over two hundred male students. Friday night of that week was set aside for the co-eds, the faculty and members of other fraternities. The guests on Friday night after being shown through the house were taken to the French Room of the Drake Hotel just two blocks from the house where they enjoyed a real dance and mixer.

Twenty-two pledges were chosen from our host of male guests and we, of course, feel that our visitors were the cream of the

Northwestern student body and our pledges the cream of our guests.

We have again experienced a series of resignations among our officers. Promotions carrying a lot of additional work, moving from the city, and being sent out as their company's representative have been given as reasons for the vacancies occurring in the offices of *Senior Warden*, *Junior Warden* and *Scribe*. These offices are now being capably handled by Earl Felio, *Senior Warden*; Lloyd Lundberg, *Junior Warden*, and Frank Anger, *Scribe*. These changes have also caused the election of a *Chancellor*, Myron Mitchell now presides.

The first house dance of the year was held November 17 with thirty-five couples in attendance. "Wally" Norton put a real effort towards making the affair a real one and the unanimous vote of those attending was: "He handled it nicely."

Our chapter is well represented in school activities by Bert Brumm, Tom Hayward, Art Hoffmann, George Pritchard and Tom Wright on the board of directors, and Earl Felio as Financial Secretary of the *Commerce Club*, Roy Houtz Business Manager and John Wilson Art Director of "*Northwestern Commerce*," besides a number of men hold class offices and are in the *Student Council*.

The basketball team that is to wear the Old Gold and Royal Purple this year is so far an unknown quantity. Last year the team won four of their six games but that team is now widely scattered. The one veteran we have left promises us a team that is going to fight like H—so that is all we can promise.

There are now eight chapters represented by the occupants of the *Beta* Chapter House—*Beta*, *Delta*, *Epsilon*, *Iota*, *Upsilon*, *Psi*, *Alpha-Epsilon* and *Alpha-Omicron*. The house is full but don't fail to drop in for the night or so that you are in Chicago, we'll sure be glad to find room for you here at our *Deltasig Cosmopolitan Club*.

PAUL BLOOM, *Scribe*.

The opening of the fall term started *Gamma* on its objective to make this year a red letter one in the history of its chapter.

**BOSTON UNIVERSITY**  
The brothers realize that progress depends on an enlarged membership so we have planned a new system for this year.

Each month we plan to have two smokers, one dance and one meeting. If necessary an

extra meeting will be called. The purpose of these smokers is to give our prospects a chance to meet and mingle with the members of this chapter and let them judge for themselves the calibre of men in our fraternity.

We plan to increase our members three fold this year. Three initiations will take place with an average of ten men going through each time. When this edition goes to press *Gamma* will have nine new members to its ranks. We will hold four more over until the next initiation period.

The scholastic ability of our chapter is unquestionable. In the elections this year our headmaster was honored with the presidency of the senior class. Our treasurer was also elected treasurer of his class.

We are managing well with our house which is almost a year old and we hope to move into more adequate quarters before next fall.

This year we have held three smokers. At these smokers a brother gives a short history of the fraternity followed by a talk by a professional business man. In this way we give our guests a chance to actually meet prominent business men. The guests have an opportunity to ask any personal questions they may have.

Last summer Stephen Meehan joined the circle of married men. We wish him the best of luck and success.

THOMAS J. DOYLE, *Correspondent*.

Now that six weeks of the new school year are a thing of the past, *Delta* Chapter has

its activities well under way. We began the year with twenty active members and now have four pledges whom we plan to initiate December 2. Within a short time we hope to have at least four more pledges, thus making a fairly large class to be initiated on that day. In addition to these we have two Faculty members, for whose initiation arrangements have been completed. In view of the fact that the next class is to be taken in on that comparatively late date, we find ourselves with sufficient time to enable us to become well acquainted with the prospective pledges. Therefore, we feel sure that not only *Delta* Chapter but the entire fraternity will be greatly benefited by our choices.

Two smokers have been held at the chapter house during the past three weeks. We were honored to have as a speaker for the first one Dr. J. Freeman Pyle, Dean of the

College of Business Administration at Marquette. He very clearly outlined a plan which could be used to advantage by men in their senior year in attempting to procure positions in the business world. For the second smoker we were fortunate in having Brother H. R. Sevenich, C.P.A., Professor of Accounting at Marquette, address us on the attitude which a student should assume in regard to his work and activities in school.

At the first regular meeting of the *Commerce Club* this fall Robert Horn was elected president to fill the vacancy left by Purvis Tabor who did not return to school this semester. James Gaffney was regularly elected vice president at the close of last year and we feel confident that these two men, with the support of the other members of *Delta Chapter* will succeed in making the Club one of the most active organizations in the University.

John Hester was chosen president of the *University Glee Club* for this season and he reports that he has every hope that a live and enthusiastic Club will represent Marquette on the annual tour this year.

A students choir has been organized in the University this fall and we are happy to say that Robert Soener occupies the chair of the vice president while Elmer Kampfschulte aids him with the duties of the chair in the capacity of treasurer.

Alfred Leonard, our *Master of Festivities*, now has the plans completed and the arrangements made for a party which is to be held November 10 on the mezzanine floor of the Milwaukee Elks Club. We are celebrating two events on that occasion. One is Homecoming at Marquette and the other, the anniversary of the founding of *Delta Sigma Pi*. Judging from the plans outlined by Brother Leonard and the enthusiasm of the members, we may reasonably predict a very enjoyable and successful party.

With the continued support of the active members of the chapter and also the new men who are coming in we feel confident that those of us who now hold offices in the various clubs in the University will meet with no little success and that *Delta Sigma Pi* will justly claim to be one of the most, if not the most influential student organization on the campus.

It is the hope of *Delta Chapter* that every other chapter of our *International Fraternity* shall enjoy the greatest possible prosperity and success in all their undertakings during this year and those which are to follow.

JOHN F. HESTER, *Scribe*.

*Epsilon Chapter* got off to a flying start for the year 1928-29, with all of the boys returning a week in advance of the opening of school. The chapter house was given a thorough cleaning during this week and made presentable for fall rushing. Thirty-two actives were found to be on hand to start the new year.

Rushing has occupied a great part of the chapter's time, but we feel that it has been time well spent and are proud of our ten new pledges. As a climax to the initial rushing period a smoker was held at the chapter house, thirty-five guests being in attendance.

The chapter is proud to report that when the Iowa University fraternity grade averages for 1927-28 were published this fall, *Delta Sigma Pi* was found to be second from the top, leading all social and professional fraternities and being headed only by *Alpha Chi Sigma*, a chemistry group.

Congratulations are being extended to Bill and Ken Berglund on their election to *Beta Gamma Sigma*, honorary commerce fraternity. The boys have consistently helped maintain a high chapter grade average and well deserve this honor bestowed upon them.

In the College of Commerce election this fall, Hugo Ostberg was elected president of the senior class, and Gerrit Doornward secretary and treasurer of the junior class. They were the only two Deltasigs that ran for offices, both being elected over their opponents by a large majority of votes.

The Social Committee engineered a fine party on October 6, held at the City Park Pavillion. Clever programs were used and red hot music was dished out by the *Kampus Knights* orchestra. Everyone is looking forward to the next big whoopee which is booked for November 3 at Red Ball Inn. It will be in the form of a Presidential Party and another good time is assured for all.

KENNETH FELLOWS, *Correspondent*.

**NORTHWESTERN UNIVERSITY**

*Delta Sigma Pi* on the Evanston Campus of Northwestern University has bright prospects for a splendid year, notwithstanding the fact that we do not have a chapter house and do not live together as a unit. Our semi-weekly luncheons are real get-together affairs, and are of real value to the fellows in that we try always to have some prominent member of the faculty or some successful business man give us an informal talk.

On November 8 *Zeta* is sponsoring a general smoker for all Commerce students which should be a big affair. Dean Heilman, President Scott, and the coaching staff will all be there to give it added zest and inspiration. In previous years this smoker was sponsored by the Commerce Club, but as all the officers of the Commerce Club last year were Deltasigs, the chapter took this affair over.

We have a rather small active chapter at the present, but they are all working hard to secure the best bunch of pledges we have ever had. Rushing prospects are of the best, and we do not anticipate any trouble in getting the men we want. All in all it looks as if 1928-29 were going to be the best in the history of *Zeta* Chapter, at least we are all going to be working toward that end.

R. E. HARVEY, *Scribe*.

True to its traditions, *Eta* Chapter opened its active season with a luncheon at the Lafayette Hotel on October 4. We had the pleasure of entertaining as our guests the members of the College of Commerce faculty.

We have twenty-five active members in school this year besides Brothers Wiest, Jennings, McIntyre and Rouse of the Commerce faculty. The pledging committee have reported that there are some excellent prospects for new material this fall and we have some splendid men lined up for initiation in November.

The meetings this year have been unusually "peppy" and the reason for this is due in no small way to the efforts of *Head Master* Hayden Ogden. Through his efforts the fraternal spirit of Delta Sigma Pi has been extended and the *esprit de corps* in the chapter has shown a marked improvement.

We have decided to hold a luncheon meeting once a month and at such times we will invite prominent Lexington business men to speak to us along the lines in which they are especially interested. At the October meeting we had as our guest Attorney John Y. Brown who talked on "The Relation of Business and Politics." These luncheons will be held the third Tuesday of each month and we will be glad to welcome any Deltasigs from other chapters who may be in Lexington on these days.

PRESTON LUCKETT, *Correspondent*.

With the opening of school this fall, fifty-one members of *Theta*, in the day and evening classes, returned to the campuses, thirteen brothers having been lost through graduation. However, prospects of filling the vacant chairs are very good, if we are to judge from the representative body who attended our first smoker. Keen interest has been exhibited by the brothers at the meetings this year and the officers, in framing an interesting program, received good support.

Several brothers made the trip to Dayton, Ohio, to see Detroit beat Dayton on the gridiron, and it is understood that *Theta's* social season was inaugurated "on the road" this season. Barring road work on the part of some of the brothers, the first social function will be the dinner dance, given at the Hawthorne Valley Country Club after the Michigan State game. Plans are nearly complete for the annual football banquet following the close of the football season. This project is a joint affair with the alumni club.

Interest in the new house project is very high at present, since the lack of a club is keenly felt. The building corporation is very active and is considering plans, while all are making efforts to have the house under way by next spring.

Gordon Goodrich, retiring *Head Master*, was presented with a white gold pin as a token of appreciation for the fine work he did for *Theta* chapter. Under his leadership Delta Sigma Pi became the leading fraternity on the Detroit campus, and it is due to his constant effort that the new house project has reached its present position.

Deltasigs are again very active on the campus. Daniel Shea, Jr., was elected president of the Senior Law Class. Edmund Barbour, Ryan Mullins and Merrill Lardner are regulars on the football squad. Marshall Witchell is secretary of the Junior class. Joseph Christie was elected to *Alpha Sigma Tau*, Jesuit honor fraternity, and is also a member of the *Honor Activities Society*. Bancroft Butler has just returned from South America and Thomas Bailey was returned from the University of Southern California.

In the Evening School Jack Collins and Thomas McIntosh are chairman and vice-chairman respectively of the Associated Evening Classes. Arthur Boeringer is line coach of the football squad. Brother Carl H.

Seehoffer received an honorary LL.D. from the University last June.

In closing, *Theta* Chapter extends wishes for a successful year to all the chapters. The outlook at Detroit is very promising and it is hoped conditions are the same at other universities.

MARSHALL WITCHELL, *Correspondent.*

*Iota* waxes enthusiastic over the prospect of a very progressive school year in 1928-1929. Harlen Blachly and Thomas Chittenden returned from the Grand Chapter Congress held at Champaign, Illinois, with the conviction of future progress and the possession of manifold constructive ideas gleaned from the comparison of notes with other delegates and the speeches of Grand Chapter officers. *Iota* was very successful during the rushing period at K. U. and pledged ten new men who hold great promise for the future. The chapter has a constructive program formulated for the current year. Scholarship, organization, the building corporation, and athletics will receive especial attention while no other phase of deserving activity will be neglected or allowed to retrograde. The wholehearted cooperation of the alumni, building corporation members, and active chapter is needed for the combination of the three divisions into one efficient and harmonious association for the advancement of a housing plan. Social activity is receiving recognition. The chapter is holding a pre-business smoker at the chapter house, October 29. It will be our good fortune to be able to offer our guests the opportunity of meeting members of the faculty of the School of Business who no doubt will give them an insight into their future field of endeavor. Dean Stockton will give the principal address of the evening. *Iota* plans to give the best party on the Hill on the evening of Homecoming, November 3.

WILBURN S. BRAMBLETT, *Correspondent.*

From the very beginning of the summer months the spirit of *Kappa* has held sway with plenty of activity. Sufficient proof that the chapter has been on its toes right through the first few fall months is found in the number of professional gatherings and socials, as well as in

UNIVERSITY  
KANSAS  
GEORGIA SCHOOL  
OF  
TECHNOLOGY

the amount of real constructive work done. Fortunately we have not been hard hit by graduation, since the majority of these brothers still reside in Atlanta and attend chapter meetings regularly. Also there are eight pledges scheduled to endure the ordeal of one glorious initiation November 3 and 4.

To begin a resume of events, on Saturday night, June 2, *Kappa* journeyed out "somewhere on the Chattahoochee" and pulled a good old Southern Steak Fry. With the aid of a portable victrola, the winding waters, the moon, the cool evening air, steak and marshmallows, the whole atmosphere sang romance to the hearts of the dated *Deltasigs*.

The following night a professional meeting was held at a dinner at the Carlton Bachelor Apartments, at which Dr. N. R. H. Moor gave an instructive talk on the "Essentials for Success in Business." Incidentally, his advice as to the necessary qualifications was summed up as follows: Laughter, Intelligence, Perspiration and Dreams; or better said, Good Disposition, Common Sense, Hard Work and Vision.

All honor to Horace Davis, who is the first to be awarded the annual *Deltasig* ring, which represents the greatest average grade increase in 1927-28 over the previous term. This presentation was made at a special meeting on June 23, when Warren Brooks of *Gamma* met with us for the last time before leaving for Boston. As a token of love and esteem from both the chapter and alumni club, Fred Wenn presented Brother Brooks with a pearl badge and pearl guard of *Delta Sigma Pi*. His splendid work for *Kappa* in helping to build the chapter, over a period of several years while living in Atlanta and as an instructor at Tech, will long be remembered and appreciated by us all.

Another professional meeting on July 8 brought Mr. O. J. Coe, manager of the Atlanta Branch United Motor Service, who addressed the chapter on "The College Boy in Business." He also gave us several quaint character readings, etc. At that meeting Stanley Morrell left our midst to make future headquarters at Jacksonville. We feel the loss of Brother Morrell, and send our best wishes for success in his new endeavor. Guy Amason entertained with a supper at his home on August 4. Mrs. Amason served a delightful repast, and the evening was complete with bridge and other games.

Brothers Pettys, Smith, Estes and Bell, delegates to the *Ninth Grand Chapter Congress*, brought the chapter a world of inter-

esting information, ideas, good times and weird tales from Champaign. Now everyone wishes he had by all means attended the meeting at *Upsilon*. Among the ideas voted for adoption, now in effect at other chapters, are industrial expeditions and a chapter paper.

Dr. Ervin C. Ennis addressed *Kappa* at a dinner on October 7, on the subject of Personality. At this meeting Guy Amason was elected *Junior Warden* to fill the vacancy left by J. D. Smith, graduated. Also Roy Chandler was appointed *Historian* in place of Brother Morrell, who left Atlanta.

A "get-together" meeting on Saturday afternoon, October 27, marked the initial bit of work this year on the rushing program. This was an informal affair for the purpose of acquainting a group of Freshmen with the problems they may confront at college, and to stimulate a general feeling of good will with them among the fellows, and to

make them feel at home. Fred Wenn gave a fine talk stressing the value of consistent study and hard plugging during the first two school years.

We are planning for a bigger and better year ahead, in every way, and send our regards and best wishes to all other chapters for the same.

C. V. BROWNLEE, *Correspondent*.

Our first opportunity to give a sincere Hello! and a wish of prosperity during the coming year—may Delta Sigma Pi success be with you.

*Mu* Chapter is off to a glorious start and our initial meetings have given indication of cooperation and spirit which will, I venture to say, give you all cause for wonderment.

Our rushing season has been a huge suc-

**GEORGETOWN UNIVERSITY**

KAPPA CHAPTER

GEORGIA TECH

cess; two smokers, real ones; one dinner, informal but very effective; and lastly our pledge dance, one of the best *Mu* Chapter has ever given. Edward Murphy, William Sullivan and Leo Hogan proved themselves a social committee non pareil and we look forward to some great social activities under their supervision this coming year.

Our new officers—Fellows, we are proud of them:

*Head Master*.....Van Manning Hoffman  
*Senior Warden*.....James A. Dorsey  
*Junior Warden*.....Henry Ernest, Jr.  
*Senior Guide*.....Robert A. Camino  
*Junior Guide*.....Alfred W. McQuillan  
*Chancellor*.....Laurence T. Weir  
*Treasurer*.....Joseph Mallon  
*Historian*.....James C. Cavaney  
*Scribe*.....J. Burke Nugent

We miss these graduate brothers who have taken up Foreign Service work under supervision:

Charles J. Brennan, Vice Consul, China.

John F. Healy, Toronto, Canada.

Connie R. Herron, Commission of Trade, Montevideo, S. A.

William Boyd Showalter, Vice Consul, Nicaragua.

These are all recent appointments and ever wish for success goes with them from the brothers of *Mu*.

Our house is still at 2003 Columbia Road, brothers. We met a few visiting brothers last year and would like if possible to see all of you. By the way, interior decorating has been our specialty and our various rooms are decorated in various color schemes, quite clubby. Fred Weisner, our house manager, really knows his decorating. He suggested our color schemes.

Don't forget now everybody, keep your eye on *Mu* Chapter, we're out to do things.

GERALD A. DALEY, *Correspondent*.

The new school year is well under way and so is *Nu* Chapter of Delta Sigma Pi.

**OHIO STATE UNIVERSITY**  
 We feel that we are launched on what will be the most successful year of *Nu* Chapter.

Five new members were initiated at the beginning of the school year. Formal initiation was held at the Seneca Hotel on October 28. Initiation was followed by a ban-

quet at the hotel at which a number of our faculty and alumni members favored us with interesting talks.

At the beginning of the school year we pledged eight new men and expect to pledge again as many by the end of the fall quarter.

Our pledge chapter is an active and enthusiastic organization this year. Kelly is manager of the band, Joe Corcoran is on the freshman football squad, and all the others are represented in some campus activity.

The active chapter is also fairly well represented in activities. Six Deltasigs were elected into *Beta Gamma Sigma*, honorary commerce fraternity, last year, *Headmaster* Scnell being elected president; Calvin Sommer, vice-president, and Elvin Donaldson faculty advisor. John Lucas is president of *Commerce Council* as well as Editor and Business Manager of the *Ohio Commerce*.

*Nu* has thrown several dances this quarter but so far all have been held within the chapter house. We plan to have our Homecoming dance in the house and later in the quarter to hold a more elaborate dance at some hotel or country club.

The athletic prospects for *Nu* Chapter this year look very promising. We have two teams entered in the intramural bowling league, one of actives and one of pledges. The prospects for a pledge basketball team also look very bright. A few of our pledges were star high school performers and great things are expected from them. The active team will also be stronger than last year, since it has been strengthened by some men from last year's pledge team.

We are glad to see so many of our alumni coming back for visits this year. Alfred DeVol spent about ten days with us. Other brothers who have been here for the various games include: Lowell Hanson, "Bill" Adams and his wife, Henry Francis, Dave Detrick, "Jimmie" Phillips, Raymond Dachsteiner, Adam Langel, Tom Wheeler and his wife, Harry Goshen, Austin Conaway, Kleinsmith, Bixler, Van Kirk, Snyder, Hall, and Sutton. "Benny" Smith announces the arrival of a baby girl in his family on October 27. *Nu* Chapter would like to see more of its alumni during the school year.

Karl Reyer, our new district deputy, has paid us several visits.

J. KENNETH WASLEY, *Correspondent*.

Twenty-two actives came back to 1502 this fall. Rushing began the first day of Freshman Week, and for one week we all put in "full time" concentrated effort on new men. Our efforts paid too, as we now have on our pledge rolls twenty-two of the finest pledges that we could want. The house and the alumni are cooperating as usual to make the chapter have a successful year. Today it certainly has been, and the prospects for the rest of the year look very good.

We were fortunate this year in the business school class elections, where we obtained the presidencies and treasurerships of both classes.

On November 10 we expect to have our first initiation of all men eligible to be initiated on that date. This addition to our organization will, no doubt, be a great added asset to the fraternity.

Our social activities have just begun. On the twenty-seventh we held the first football dance. It was one of the best dances we've had here in a long time. On November 3 after the Illinois game, and on the 24th after the Iowa game, parties will be held also, and we expect to make them even better than the one last week. We feel that we get real Deltasig spirit at our parties—a sort of a big family get-together spirit—and that's what makes the dances what they are.

Xi Chapter is displaying on the mantle of the chapter hall the Delta Sigma Pi Tennis Cup won at the Grand Chapter Congress recently. It certainly is the prettiest cup that has ever been at our house and we hope that we'll have a mate to it in a couple years.

We wish to welcome to our home all brothers visiting in the vicinity of Ann Arbor, and we promise you our most sincere hospitality.

WILLARD ZENTGREBE, *Correspondent.*

Pi Chapter is getting along the very best that might be expected of any chapter. An initiation was held on

October 30 and five neophytes were accepted as brothers. They were: T. J. Crittenden, A. P. Belflower, H. M. Galloway, E. M. Heagarty and W. R. Wills.

Elaborate plans are being made for social entertainments on the campus in the future that will put the spirit of Delta

Sigma Pi into all that are present at such occasions.

Our Chapter opened with nine members this fall and with our addition of the five new brothers we have fourteen of the liveliest boys in the School of Commerce that will make the larger chapters step and take notice. We hold meetings the first and third Thursdays of every month at the Holman Hotel, the time being 7:30 P. M. If any brothers of other chapters ever happen to be in this vicinity during the time of our meetings, they are cordially invited to be present.

In conclusion Pi Chapter wishes for other chapters to know that they are on the map and are striving to carry out the ideals and principles of Delta Sigma Pi.

JOHN B. HILL, *Correspondent.*

Judging from the enthusiasm shown by the brothers of Sigma Chapter, this coming year should be none but the best. We have doubled the number of active men that we had last year.

Two of our men are now holding prominent offices at the University of Utah and after looking over the material in Sigma Chapter, we can see no reason why we should not have more of our brothers holding offices by next year.

This year we started our rushing by giving a smoker for the freshmen of the school and the faculty. From this group we have picked the best material in the school. This year we are again holding our semi-monthly banquets, at which we have some prominent business man as speaker. Our rushees are invited to these banquets and we have found it a most successful method of rushing.

We are looking forward to a dinner-dance on Founders Day and are planning a rabbit drive for next month which we expect to be attended by a large number of guests.

FRANK L. COOK, *Correspondent.*

We brothers and pledges are certainly feeling great now that we have our own home in which we live.

We are starting out in a new era which we expect to be one of the greatest years in the history of Upsilon Chapter. Twenty-three active brothers returned to school this fall and after the rushing period we had nineteen pledges, this making a total of forty-two men; thirty-nine of whom are living in the house.

*Upsilon* had the honor of entertaining one hundred and seventy-seven delegates and guests at the Ninth Grand Chapter Congress of our fraternity here at Champaign during the first week of September. Although our new home was not complete and conditions were somewhat crowded we think all of the delegates had a great time. Hope they all come back again soon and pay us a lengthy visit.

Dad's Day at Illinois brought many of our Dads and friends back to the campus. With them came also many of our alumni, but say, the best time of all was had at our Homecoming. It was one huge success, and many of our alumni were back to show us how successful they had really been. All of us are going to copy them, for they are in a state to which we aspire.

*Upsilon* will hold its first dance at the new chapter house on November 24. In the afternoon is the Ohio-Illinois game and at night the brothers from *Nu* and *Upsilon* will make merry at the dance. May we have as good a time as we did at *Nu* last year.

Our indoor baseball team did very well this season, losing out by only one game. Also the basketball team is looking forward to a good season. Irvin Gromoll is out for the varsity football team and is going strong.

Brother Sheets is Lieutenant Colonel in the University R.O.T.C., while Petru, Moore, Baldwin, Watts, O'Neal, are captains.

D. F. BRINKMAN, *Correspondent*.

Away out here, where the mountains meet the sea, the twenty-first chapter of Delta

Sigma Pi has embarked upon what promises to be the greatest year in our history.

A call was sent to all *Phi* men to "be on deck" September 6 and that date found every *Phi* man, except those who were attending the convention, ready to work. Plans were formulated, and our rushing campaign began on the 11th. Every night of rush week found the chapter house full of freshmen. The program of that week consisted of theater parties, smokers, movie studio parties, airplane rides, etc., and was finally wound up with a house dance. As a result, ten new men are wearing the Crown and Delta. They all looked good from the start, and the last month has only confirmed this indication.

In addition to our weekly business meetings, we have had two professional meetings,

and have scheduled one for each of the coming months of the year. We have enjoyed these professional meetings immensely and they have proved an inspiration to many of the brothers.

Our social program for the year has been scheduled in advance, and through it we expect to promote closer contacts with the many alumni from other chapters who are residing in and around Los Angeles. The two outstanding features of our social events are our monthly house dances, which are announced in advance through the *Phi News*, and the Founders' Day Celebration on November 7. We urge all alumni to call the chapter house in regard to these affairs. The telephone number is Westmore 7683.

One of the recent developments on the Southern California campus is the organization of a Professional Interfraternity Council, which meets monthly for the promotion of matters of common interest to the various professional fraternities. Delta Sigma Pi has been extremely active in this new organization, and our efforts have already been rewarded by many benefits.

During the current year, *Phi* has greatly improved its financial condition, and we have reason to believe that the end of the year will find an enviable surplus on our books.

*Phi's* list of active members numbers only twenty-two this year, but the men are aggressive and loyal to their fraternity, and we are expecting big things to happen.

CHARLES F. NIELSEN, *Head Master*.

Another college year has started and *Psi* with thirty-one actives is looking forward to

one of its most successful years. On July 8 *Psi* Chapter mourned the death of Donald Knott, the first member of our chapter to pass away. The brothers joined in extending their sympathies to his parents.

*Psi* is planning to make many material advances under the leadership of capable officers. We have had an opportunity to carefully make our plans for rushing, as deferred rushing was inaugurated by all fraternities last spring. Rushing will officially commence on October 27, and *Psi* will then start out to find new men who are willing to carry on its standards.

Fall initiation was held on Sunday, October 14, and seven new men were brought into our brotherhood. Carmen Blough and

Art Lowe each gave very interesting speeches at the close of the banquet. "Bobby" Wangerin as chief swat very successfully put the neophytes through several enjoyable neophytic sessions.

Psi Chapter takes pride in again having a substantial representation in the University of Wisconsin Men's Glee Club. The brothers who are members are: Arthur Kuenkler, Roland Molzahn, Fenton Muehl, Kermit Kamm and Arno Meyers. *Head Master* Lueloff is president and Roland Molzahn secretary of the *Commerce Club*. Psi has seventeen of its actives in the *Commerce Club*. Kenneth Marsden is Business Manager of the *Commerce Magazine*. Many other Psi men are working either on the editorial board, or on the business staff of this periodical. Charles Rauschenberger has just recently been elected to *Scabbard and Blade*, honorary military fraternity. At the close of last semester Edward Meagher was elected to *Beta Gamma Sigma*.

First on the program of social events was the dance held at the chapter house October 6. "Gordie" Chapman is social chairman, and he is being ably assisted by Fenton Muehl. We are now looking forward to the Homecoming dance which will be held Saturday night, November 10, after the Chicago-Wisconsin game. We are expecting many old and new grads back for that week-end.

In athletics Psi is coming to the front. Harold Moe and William Henke are both in the limelight in all track events. Francis Wiesner is playing football with the *All-Americans*. We have a clear slate to end up by adding another cup to those on the mantle. "Romie" Dassow is our athletic manager and Ed Meagher is the leader of the football squad.

We extend to the brothers throughout the country the best wishes for a successful and prosperous year, and issue a standing invitation to all Deltasigs who get in the vicinity of Madison to be guests at our chapter house at 132 Breeze Terrace.

LAWRENCE C. SCHMIDLEY, *Correspondent*.

Omega Chapter started its second year in its new chapter house with an active membership of thirty-four men.

All the boys returned with reports of many happy and enjoyable vacation days, all pepped up for another year of school.

A large number of brothers still on the active member list after graduation last

June failed to return to continue their studies this fall. It is expected, however, that many of these men will return for the second semester of the current school year.

At the last business meeting of the last school year, chapter officers for the year 1928-29 were elected as follows:

*Headmaster*.....Joseph Manbeck  
*Senior Warden*.....H. Stanton Reynolds  
*Scribe*.....William Hamel  
*Treasurer*.....Ernest C. Wolf  
*Chancellor*.....William Shubrooks  
*Senior Guide*.....Alfred Witter  
*Junior Guide*.....Thomas Turner  
*Historian*.....Lorenzo Marriner  
*Steward*.....Harry Jacobs  
*Editor of Omegazine and Corresponding Secretary*.....Ronald Miller

Joseph Manbeck was elected to represent the active chapter at the Grand Chapter Congress at Champaign, Ill., the first week in September. He reported the points of interest at the first business meeting of the year, and enlightened the brothers upon many new policies derived from the business of the convention, which are being carried out by Omega chapter this year under a most capable staff of officers. Brother Manbeck has voiced his opinion that this year will be Omega's greatest in its history, from every point of view, scholastically, socially, in school activities, and in interfraternity circles, both social and athletic.

Clarence "Bud" Wingert, president of the *Philadelphia Alumni Club*, attended the convention with Brother Manbeck. Brother Wingert was accorded a most singular honor in being elected to the National Board of Directors.

To date the active chapter has held two house parties at the chapter house. The Entertainment Committee, with Alfred Witter as chairman, is to be commended for their brilliant work in making these parties distinctively successful. This same committee is planning for the annual fall dinner dance to be held at one of the downtown hotels, December 8.

This event will culminate the six weeks pledge period for fourteen men of the Temple School of Commerce who accepted the oath of pledgship to Omega chapter on October 22.

The active chapter expects great things from all of these men and is especially pleased with their showing to date. Every brother feels that in this group we have the best material in the School of Commerce, and sincerely hope that they will live up to all expectations.

*Omega* Chapter is well represented in the various activities on the Temple campus this year. Andrew Mehall is president of the *University Student Council*, the highest office obtainable for an undergraduate at the school. Brother Mehall predicts a very prosperous and progressive year for all Temple activities which indirectly under the jurisdiction of the Council. Joseph Manbeck is a member at large to the *Student Council* from the Senior class, while Walter St. Clair is a member of the Council as a representative of the Junior class.

Temple University's brilliant football team is aided by the services of no less than six brothers in *Omega*, and three pledges. John "Shebo" Shultz is varsity fullback. Brother Shebo's playing to date has been one of the outstanding features of Temple's string of wins, both on the offense and defense. Some sports writers of the section have already mentioned Shebo for *All-American* honors. Two of the group of pledges are members of the varsity squad.

The redoubtable Thomas "Swede" Hansen, "goat extra-ordinary," is the main offensive weapon of the Owl backfield, being one of the ten leading individual scorers in the East to date. Chester Zareck, another pledge, is second string quarterback of the varsity squad.

Ernest C. Wolf is student manager of the football team, and has three capable assistants in Ron Miller, Earl Price, and Thomas Turner.

Harry Jacobs, for the past three years one of Temple's outstanding grid stars, is this year devoting his time and talents to coaching. He and Andy Mulloy, a pledge to *Omega*, and another star of the 1927 Temple team, are in charge of the freshman team, and from all indications have developed a club of no mean ability, their team having beaten all opponents thus far.

Brothers Jacobs and Wolf are Deltasig representatives to the university *Interfraternity Council*, of which body the latter is secretary. Brothers Jacobs, Light, Wolf and

OMEGA CHAPTER—TEMPLE UNIVERSITY

Mehall are members of the *Blue Key* National Honorary Society.

*Omega* Chapter has several men active in class offices and committees again this year. Crist Gibbons is vice-president of the School of Commerce Seniors, while Ron Miller serves the School of Commerce Juniors in a like capacity. The Commerce Sophomores last spring selected William Hamel to lead them during the current school year. Lorenzo Marriner is chairman of the Soph Vigilance Committee, of which William Benn and Milton Porter are also members.

The Temple branch of the Y.M.C.A. has Brother Manbeck as vice president, and James De Lancey as treasurer. Brother Porter is a member of the cabinet of this organization.

Earl Price is a news editor on the staff of the *University News*, semi-weekly publication, and Ron Miller is an assistant news editor on the same publication.

The 1929 *Templar*, official yearbook of the university, has the services of several brothers of *Omega* Chapter. Ron Miller is business manager of the *Record Book*. Brothers Manbeck and Price are associate editors, while Thomas Turner, Walter St. Clair, Donald Hicks, Alton Shadt, Frank Arnold, William Shubrooks and William Benn are members of the business board of the Book.

Walter St. Clair, William Benn, and Harry Groman are members of the university glee club. Frank Arnold was features editor of the 1928 Freshman *Handbook*.

Truly is this year to be *Omega's* greatest in all connections with the university. All the brothers are working hard, assuring the success of their every endeavor. Great things are expected of them, and more will be heard from them.

RONALD E. MILLER, *Correspondent*.

*Alpha-Beta* Chapter made one of the biggest strides in its career this fall with the acquiring of a chapter house. To start the fall semester we had fourteen actives and three pledges held over from last spring. Rushing was started immediately and we now have lined up ten of the best men in the School of Commerce. Initiation for these pledges will be held the middle of November.

*Alpha-Beta* Chapter is well represented on the Missouri campus in other activities. William Barnett is president of the Commerce School and Roger Taylor is senator

from the School of Business and Public Administration. Brother Taylor is also president of the Missouri Musketeers, an honorary organization of men on the University Rifle Team. We also have one man playing on the Varsity football team.

*Head Master* John White brought back a great many valuable ideas and suggestions from the Grand Chapter Congress at Champaign and he has certainly lost no time in putting many of them into practice. *Alpha-Beta* Chapter will give many of the chapters a race for scholastic honors this year as at the present date either an active or a pledge is the ranking student in practically every course in the School of Commerce.

*Alpha-Beta* Chapter opened its social year with a big Halloween Dance. The chapter house was hallowed in keeping with the season and a great time was had by all. We have also held two smokers this fall at which time we have an opportunity to look over prospective pledges as well as have a good time and get together. Another smoker will be held in the near future.

Plans are under way for a great year in Intramural Sports and we expect to put in the field some mighty fine teams. On our rifle team will be firing two world champion rifle shots so we should experience little opposition there. Our basketball team is already practicing and it looks like a great year for *Alpha-Beta* in that sport.

If any Deltasigs are in the vicinity of Columbus, Mo., be sure and look us up as we have plenty of room and the latchkey is always out.

VERNE MILLIGAN, *Correspondent*.

Starting the school year with 19 actives, *Alpha-Delta* has informally pledged ten commerce students and will announce their names later in the semester due to local restrictions. Carrying on the activities controlled by the chapter last year, Deltasigs occupy every major position in the College of Business Administration and as some one said some time ago, are looking for other worlds to conquer.

Our *Head Master*, Doug Timmerman, was elected chairman of the Bizad Executive Council at the first meeting this year and chairman of the Bizad Frolic at the second meeting. We're all looking forward to the third meeting and betting on what's going to happen.

*Alpha-Delta* ranked third in scholarship among all professional fraternities on the Nebraska campus for last year. The way some of the brothers are improving their averages and the methods we are employing to make the pledges hit the ball should insure a first place at the close of the current school year.

We plan to initiate the middle of November and hope "Gig" Wright and other notables can be present. A big banquet with alumni present is being planned after the initiation ceremonies.

When "Gig" comes we hope he brings pictures of the Ninth Grand Chapter Congress held at *Upsilon* Chapter, University of Illinois, just before school began. Brothers Hofferber and Timmerman report one real time and we're anxious to check up on their big stories. Yellow Dog initiation is also being planned for the near future.

All of the brothers are busily hitting the books and have had less time than usual for activities. However, most of the College activities come in the second semester. Brothers Moore, McNamara, and Hofferber are serving on committees for the Bizad Frolic and Brother Holt is business manager of the *Bizad News*.

Brother Mead was recently elected to *Beta Gamma Sigma* with the highest average of the four admitted to membership. The Delta Sigma Pi scholarship key went to a non-professional fraternity man, David Wohlner,

while a Deltasig was only two-tenths of a point behind.

Brother White of Missouri *Alpha-Beta* Chapter visited the boys during the Missouri-Nebraska football game. We cordially invite any of the brothers to visit *Alpha-Delta* when in Lincoln.

With a large number of active members and an excellent bunch of neophytes, *Alpha-Delta* looks forward to the coming year with high hopes and unbounded enthusiasm.

WILBUR L. MEAD, *Correspondent*.

*Alpha-Epsilon*, beginning its fourth year at Minnesota, anticipates another highly successful year. The boys have returned to the house with a spirit that indicates it will be a year of substantial progress. The fall initiation held at the house October 28 made eight men brothers in Delta Sigma Pi. The formal initiation which was attended by many alumni brought to a close one of the most strenuous and interesting "Hell Weeks" in the history of the chapter. New innovations, combined with a real spirit, made it a long to be remembered affair. The neophytes who became brothers were:

Carl Hoglund, Finlayson, Minn.  
William Gimmestad, Belview, Minn.

ALPHA-GAMMA CHAPTER—PENNSYLVANIA STATE COLLEGE

Carol Swensen, Minneapolis, Minn.  
 Joseph Krogstad, Fergus Falls, Minn.  
 Clarence Gottschalk, Perry, Iowa.  
 Raymond Norman, Cambridge, Minn.  
 Gunnar Skalet, Mayville, N. D.  
 Anton Lundberg, Northome, Minn.

With the initiation of these men the number of actives is increased to twenty-three. This number, besides nine pledges, gives the chapter a sound basis on which to work for the coming year.

The chapter is planning a busy social year. Two parties have already been held at the house, proving to be great successes and seemingly doing much to start the year right. The monthly banquets at which prominent business men are speakers are to be continued again soon. They have proved to be of genuine value. Smokers are to be another feature this year; they will be held in conjunction with the rushing program.

That *Alpha-Epsilon* is backed by loyal alumni is proven by the work and spirit shown by them. When the boys came back to the house this fall they found a new grand piano and many other improvements. The chapter considers itself fortunate to have the support of such alumni.

The chapter is well represented on the campus this year. John Schmoeker and Russell Scott are on the *Union Board of Governors* and the *All-University Council*. Many of the men are active in the *Commerce Club* and the *Gopher Business News*, a School of Business publication.

Scholastically the chapter is above average and from all indications it will remain so.

Considering the progress of the chapter thus far, it is with the greatest confidence that it looks forward to the future.

JOEL M. KROGSTAD, *Correspondent*.

On Sunday, October 21, *Alpha-Theta* held her fall initiation, at which ceremony five

“hangover” pledges were initiated. The men initiated were: Robert Stuebing, Donald Alcocke, Edward Frankewich, Richard Fraine and Arthur Hild. The initiation was one of the most impressive ones that I have ever witnessed and was followed by a banquet given in honor of the new members at the Grand Hotel.

Thursday evening, November 1, we are throwing a rush party or smoker at the Gibson Hotel. At this affair are to be present

all of the possible pledging material available. We expect the smoker to be quite a success and to be the means of selecting the pledges for *Alpha-Theta* Chapter.

We are following the policy of holding a mixed business and social meeting every other Thursday evening. This seems to be a very happy arrangement as it is sure to draw a very good turnout of the actives and the alumni.

JOHN BIEHN, *Correspondent*.

*Alpha-Iota* Chapter of Delta Sigma Pi opened the 1928-29 school year very successfully with a week of rushing at the newly leased chapter house at 2840 University avenue.

After considerable discussion at several of last year's meetings it was decided to rush freshmen and, the result is that we have eight new freshman pledges. We also have two new pledges who have been in school before. Four pledges were carried over from last year and will be initiated at the first initiation of the year on November 18. The formal rites of initiation will also be administered to Professor David F. Owens at that time. Mr. Owens is assistant professor of Finance in the College of Commerce and Finance.

Our new house is a decided improvement over the location previously occupied. We have leased the entire house for a year with option for renewal. There are five rooms and hall on the first floor and five rooms, hall, bath, and sleeping porch on the second floor. A full basement is an additional asset of importance.

At recent class elections in the commerce college Deltasig placed eight of its nine running candidates. Scott Wilson was elected president of the senior class with Lawrence Holmberg and Paul Donohoo elected to the vice-presidency and secretary-treasurship. In the junior class William Graustra and Irwin Abram were swept into the offices of president and secretary-treasurer, respectively. Byron Olerick was elected vice-president of the junior class. No candidates were entered in the sophomore election but in the freshman class Ivan Anton and Claus Richter were elected president and secretary-treasurer, respectively.

Meetings are held at the chapter house each Wednesday evening with Richard G. Cole, newly elected *Head Master*, presiding.

A dance is planned for the evening of

November 9, at the house. This is the night previous to the Drake-Washington football game and all visiting Deltasigs are invited to participate with *Alpha-Iota* in the frivolity.

A series of professional gatherings is being planned. Speakers will be obtained from downtown business organizations and short entertaining programs are planned.

Any Deltasig visiting the city of Des Moines is invited to the house. A large airy sleeping porch is available for use and meals are served in the dining room.

L. O. HOLMBERG, *Correspondent*.

Due chiefly to the fact that a deadlock existed between two factions of our chapter last year, *Alpha-Lambda* Chapter made but little progress. However, this situation has been alleviated and the prospects for the current year appear much better than they have in years.

Only eleven active members returned to school this fall, but these few have shown more interest in the work of the fraternity than was apparent at any time during last year. We already have three pledges, and are looking forward to having at least ten or twelve for our fall initiation, along with at least three new faculty members.

The outlook for this year appears much brighter than it ever has before. We have a bunch of fellows now who can and will put over the things begun, and who have started this year's activities with a vim seldom seen in these parts. We have a smoker-banquet planned for the near future in the interest of our faculty, pledges and rushees; plans have been made for the acquisition of new and roomier quarters for our chapter; our news-letter is being published bi-quarterly at present, and is proving quite worth while; and new alignments are being steadily made which bring us into still closer contact with the business and professional men of our community and state.

Due to the fact that our number is so small at present, it is difficult to do anything on a large scale. However, we are planning a number of luncheons, dinners, and dances for the chapter later in the year.

Though we may have been somewhat slow in accepting its chances for rendering service heretofore, *Alpha-Lambda* has taken on a renewal of life, and is already started on its way of usefulness and worthwhile accomplishments that I feel will characterize this year's activities.

PAUL T. SIMPSON, *Scribe*.

The advent of the present school year brought back ten Deltasigs, who have conscientiously carried the brunt of activity during the summer months.

Warren Doane, Charles Buchanan, Edward Showers, Carl Haugen, Webster Pullen and Yours Truly spent six weeks in Reserve Officers Training Camp at Fort Snelling, Minnesota.

Carl Haugen is the newly appointed Accounting assistant for the entire year, taking the place of Brother Harrison Wilder, who graduated last spring.

Webster Pullen, appointed by the Dean of Men, supervised Homecoming festivities this fall as General Chairman, de luxe.

Edward Showers is playing a wonderful year at tackle on the Nodak eleven under the tutelage of Jack West who is turning out his first team here, and a conference champion team at that.

Charles Buchanan is plenty naughty as Humming Top in Arabian Nights to be played at the Metropolitan theater in the near future.

*Alpha-Mu* correspondent is ardently whipping the Northern Interscholastic Press Association into shape for the eighth annual conference and contest to be held upon the Nodak campus November 23 and 24.

Among the recent alumni we find Jack Blain and Charles Whitlo grappling with scholarships at the New York School of Retailing; Harrison Wilder with an Accounting scholarship at Ohio State; and Earl Benser with an Accounting firm in Bismarek, N. Dak.

The better things are usually saved until last, and among these we find Brother John J. Rellahan of *Delta* now a member of our faculty.

HOWARD MYSTER, *Head Master*.

*Alpha-Nu* is out to do big things this year, for we feel that this is the year when we can do big things. The previous years of our existence have been the years in which our foundation for future strength was slowly formed, and during which that strength was slowly accumulated. Now that we have sufficient background and strength we are ready to forge ahead in the true *Deltasig* way. We have an active chapter of over thirty, and we now have eight pledges who will go through in December. We have a wealth of prospective pledges who will be eligible next semester for pledging, and we know we are going to get some mighty good *Deltasigs* out of the bunch.

One of the most important things which we have planned for this year is the taking over of the fraternity house by the chapter. We feel that the value of a house cannot be under estimated. The house has been one of the greatest assets of *Alpha-Nu*, it has been an important factor in our progress, and is of even greater importance for our future progress. The Alumni Club is going to meet next week to discuss this proposition, and to decide in what way they will support the active chapter. The House Committee has been working on the question, and we believe that with a little support from the alumni we can easily surmount the financial obstacles which form the only barrier. I believe that we can announce in the next issue of *The DELTASIG* that we have taken over the house and placed it under the chapter's control.

*Alpha-Nu* is trying out the budget system this year, and we believe that it will be much more satisfactory than the previous system, or lack of system. Dues have been raised from two dollars to three dollars and seventy-five cents, with a twenty-five cent discount for cash within ten days. Fifty cents of this is house dues, and goes into the house fund. This alone will provide a house fund revenue of over a hundred fifty dollars annually. To offset the raise in dues, we will have no special assessments of any kind. We are confident that the brothers will find this much easier on the bankroll in the long run, for we actually pay in less during the year than before. And certainly, it is much better for the chapter, for we know exactly how much money we will have for the year, and can plan our affairs accordingly.

*Alpha-Nu* will throw its annual fall rush

dance on the 9th of November. It's going to be hard times dance, so that everyone can act natural and be a bum. And brothers, when *Alpha-Nu* throws a dance it's really thrown. No foolin'. Our first semester initiation will be held December 15.

We sure were glad to have so many brothers from other chapters drop in this past summer for a visit with us. Some stayed with us a few days, and some only dropped in to say hello, but they all made us feel mighty good. Remember, *Alpha-Nu* extends to every brother a standing invitation to be at home at our house while in Denver. We'll try to show you that the West lives up to its reputation for hospitality, and be delighted at the chance.

Milton Kidder, Walter Nottingham, Curtis Hicks and Gordon Mainland attended the Grand Chapter Congress, and we feel that this was an excellent representation from our chapter, both in size and quality. They were certainly enthusiastic about the Congress when they returned, and the chapter got some good ideas from their report.

*Alpha-Nu* stepped ahead to run off with the class offices this year. We got all four offices in the Senior Class, headed by Ernest Ronveaux as president, all four in the Junior Class, headed by Carl Johnson, and Davis Parker was elected president of the Sophomore Class. How's that for batting 1000 percent? And, by the way, both Brothers Ronveaux and Johnson were elected unanimously, as were the other three Junior officers.

To the other chapters, *Alpha-Nu* extends sincere wishes for the best of success during the coming year, and an assurance that *Alpha-Nu* will take care of the Delta Sigma Pi interests at the University of Denver.

GEORGE A. WILSON, *Correspondent*.

*Alpha-Omicrom* started the new year with the return of seventeen actives and the pledging of twelve men. The use of the dining hall, completed during the summer, has been an enjoyable pleasure, saying the same concerning our new shower room.

Initiation was held for Oliver C. Brumm, Cleveland, Ohio, and Thomas Lynch, Akron, Ohio, on November 4. Welcome to our brotherhood.

A house party was given by the active chapter for the new pledges.

UNIVERSITY  
OF  
DENVER

OHIO  
UNIVERSITY

Marion Carr is the president of the Freshman Class.

We were pleased to entertain Karl Reyer as a guest for initiation also as the District Deputy.

We're out for a big year.

JOHN RICE, *Correspondent.*

*Alpha-Pi* pledged nine neophytes on October 11. In this group are some of the

INDIANA  
UNIVERSITY

most promising men in the School of Commerce and Finance. The exact date for their initiation has not yet been set, but we are looking forward to the time when we will receive them into the brotherhood.

The entire chapter is backing every movement toward development of a greater professional spirit in the school. Commerce dinners and smokers are being planned. We also plan to have a series of educational films shown for the Commerce School. An interesting program of activities is being worked out for the winter months.

There is one thing which we are all looking forward to and that is the refurnishing of the chapter room.

JOSEPH O. WAYMIRE, *Correspondent.*

*Alpha-Sigma* Chapter is expecting a great year in 1928-29, an even greater year than

UNIVERSITY  
OF  
ALABAMA

we enjoyed during the past session. Our members scaled the heights of scholarship last year, especially in the freshman and senior classes. Of the seven men in the School of Commerce and Business Administration who were honored with election in *Phi Beta Kappa*, four were members of Delta Sigma Pi; and of the four freshmen whose names appeared on the Honor Roll for the year, three were the wearers of the Deltasig insignia.

We have several projects under consideration which will, if they are successfully carried through, mean much to Delta Sigma Pi and to the University of Alabama. It is our aim and purpose to "come out of our shell" and render some constructive service this year, service that will assist materially in placing Delta Sigma Pi on a higher plane at the University.

Plans are being made to pledge a number of freshmen, and there is an abundance of material from which to pick.

We are now situated in our new Commerce Building, a beautiful and massive structure which would be a credit to any institution. With the steady additions to the faculty, and with the ever-increasing number of students registering in this department of the University, it is safe to say that

ALPHA-RHO CHAPTER—UNIVERSITY OF COLORADO

within a few years the enrollment will be doubled and this edifice will be filled to capacity.

IRIS W. CARMACK, *Scribe.*

*Alpha-Tau* is looking forward to another successful year. Most of our brothers are back again, and we have three pledges that will be initiated in our chapter in November.

Brother Charles Wray, Dean of the School of Commerce, gave a delightful social on Friday, October 26. There were about forty guests including the active brothers, several alumni brothers, lady friends and pledges.

We appreciate the aid and advice Brothers Wray and Anderson have given our chapter. They are true Deltasigs and are always behind us.

About the first of January *Alpha-Tau* will move into a house which is being remodeled now for the chapter's use.

At the last meeting of the chapter the following new officers were elected:

- Lee Miller, *Head Master.*
- King Dixon, *Senior Warden.*
- Luke Hill, *Junior Warden.*
- Alton Bartlett, *Treasurer.*
- Braswell Collins, *Scribe.*
- John Eubanks, *Chancellor.*
- Houser Gilbert, *Historian.*

HOUSER GILBERT, *Correspondent.*

Before we begin to tell you of our activities for the year, the brothers of *Alpha-Phi*

wish to extend to the brothers of all chapters their hearty greetings.

We are sorry to announce the death of one of our brothers, Lewis McLaurine. Lewis was one of the most popular students on the campus. We suffer a loss in Lewis because he was a very active member and was loved by every member of *Alpha-Phi* chapter. Lewis was president of the *Marionettes*, the Ole Miss Dramatic Club, and was a promising young actor. We feel that our chapter has been handed a set-back in the loss of such a brother as Lewis McLaurine.

With seventeen of our actives back again we anticipate a most successful year. Three neophytes are already wearing pledge pins

and at this writing a number of other fine men are in line for formal pledging. Our first initiation is scheduled for one day in the last week of November, at which time we expect to put through about ten neophytes, holding over several more until our second initiation the second semester.

We are proud to announce that Brother Lilly was elected president of the student body. Brother Lilly was elected vice-president of the student body last year and since the president-elect did not return this year he was unanimously given the presidency of the student body.

Story L. Fortenberry reports a very enjoyable trip to the *Ninth Grand Chapter Congress* at Champaign, Illinois, and has given the chapter many important and interesting facts about the work of Delta Sigma Pi.

Three of our brothers are proud wearers of the "M." DeWitt Laird is center on the varsity football team and captain of the varsity basketball team. Robert Selby is a fast forward on the varsity basketball team. Robert Selby is a fast forward on the varsity basketball team and also a track man. George McClenahan is a member of the varsity baseball club.

The first entertainment of the year will be given in the form of a dinner dance following the initiation in November when we will entertain our new members, pledges, and guests.

We extend to the brothers throughout the country a standing invitation for all Deltasigs who get in the vicinity of the University of Mississippi to be welcome guest to the *Alpha-Phi* chapter of Delta Sigma Pi.

V. E. O'NEIL, *Correspondent.*

*Alpha-Chi* Chapter after a somewhat slow start is now making excellent progress. Five

rush parties have been held and formal pledging was held on October 25, at which time seven men were pledged. A Founders Day Banquet is being planned for Wednesday, November 7, to be held in conjunction with the *St. Louis Alumni Club*.

Plans are also being made for *Alpha-Chi* Chapter to take many industrial trips. One of these trips has already been held under the supervision of Dr. Lewis F. Thomas, faculty member at Washington University.

*Alpha-Chi* can boast that the first Delta

Sigma Pi scholarship key awarded at Washington University was won by one of its members, Richard Kuhne of St. Louis.

Edward Blank, the recently elected *Scribe* of the chapter, has been elected president of the *Commerce Association* for the present year. The other new chapter officers are as follows:

Charles P. Mason, *Head Master*.  
Milton Bechstein, *Senior Warden*.  
William Conley, *Junior Warden*.  
John Grace, *Treasurer*.

CARROLL C. GILPIN, *Correspondent*.

That *Alpha-Psi* maintained its true spirit, fast pace and splendid record of performance throughout the spring is evidenced by the fact that our last luncheons were well attended by interested and enthused members and guests and, also, by the fact that in the last week before exams, five men were enlightened as to the mysteries of our inner circles.

In the publishing of that list of honorables to whom *Phi Beta Kappa* was awarded, Brother Del Valle's name was found. It is indeed an achievement and all the brothers are still mindful of the event.

To Brother William T. Harrison, also a winner of *Phi Beta Kappa*, our scholarship key was awarded.

It was through the kindness of *Beta* that we were able to hold our initiation under most favorable conditions and so, it was to *Beta* house that we led the five lowly neophytes.

Almost as their dorsal extremities we did smite, action of *Alpha-Psi*, as a whole, was suspended for the summer. Reports from those who attended the Grand Chapter Congress at Champaign have made many determined not to miss another such event.

The brothers, having passed the summer in the usual and unusual ways, returned and jumped at once into the former pace. Current indications are that *Alpha-Psi* will soon be going stronger than ever. From what we believe to be effective rushing plans we hope to pledge and initiate a large number of mighty fine men during the current year.

We are continuing with our plan of holding regular luncheons for continued favor

and praise of this plan comes from the brothers and guests.

*Alpha Psi* lost more than a dozen men because of graduation. This loss is felt strongly but those now active brothers are determined to do all in their power to compensate for this loss. We want these now scattered brothers to remember *Alpha-Psi* as they shall be remembered. When in Chicago we trust that these men will not forget to come and see what we are doing.

The school year is young and therefore *Alpha-Psi* holds high hopes that within the year many of the brothers visiting Chicago will give us but a chance to show what the true spirit of *Alpha-Psi* is like.

We urge you to join the ranks of those who have "seen and taken in" *Alpha Psi*.

J. L. MUNDAY, *Correspondent*.

Being the baby chapter, *Alpha-Omega* entered the new college year with a definite aim. Although we have but eleven members back in school, we plan to maintain an active chapter of forty members. Our first smoker, held October 22, was attended by some hundred and fifty students. From this group a very likely number of men were selected, and the pledging of these candidates is progressing very favorably. We are planning two more smokers in the near future. Our first initiation will take place the latter part of November and all members, both active and alumni, are looking forward to this event with exceptional interest.

*Alpha-Omega* holds her meetings on the fifteenth floor of the new DePaul Building, on the first and third Fridays of the month. All brothers are invited to pay us a visit.

At the Grand Chapter Congress *Alpha-Omega* was among the leaders in attendance.

Led by our *Head Master* and representative, Ed Fitzgerald, eight men were present at the convention.

For some years, as a local fraternity, *Alpha-Omega* has always given a Fall Dance. This year we have expanded our efforts, and have engaged the Lake Shore Athletic Club on November 17 for our dance, along with Maurie Sherman's College Inn Orchestra, one of the best dance bands in Chicago. As

this is one of the big events of the year we are looking forward to the result with the greatest expectations. We hope it will be a forerunner in success to the other events we will give this year.

The brothers of *Beta*, as well as The Cen-

tral Office, have been a great help to us in organizing our chapter, and under their respective guidances we expect to be among the leaders in the realm of Delta Sigma Pi in record time.

RAY BITTER. *Scribe.*

---

## EDITORIAL COMMENT

*(Continued from page 53)*

periment a little with this manual before putting it out in printed form. Very favorable comments have been received on this attempt, and we hope it will not be long before a more complete and elaborate manual will be ready for distribution.

---

### THE GRAND PRESIDENT'S CUP

**A**LL OF the scholastic data has not been received from the chapters but November 15th has been set as the dead line and the first award of both the Grand President's Cup and the Grand Secretary-Treasurer's Cup will be made shortly thereafter. A photograph of these two beautiful trophies is presented in this issue, and we hope that the chapters will each make a strenuous effort each year to win one or the other.

### NEW COMMERCE BUILDINGS

**T**HE article in this issue in regard to the University of Alabama is the third of a series of such articles we are publishing.

No one can deny the value attached to having a modern and complete building for your school of commerce as Alabama and others now have. Such a building and such equipment is vitally needed to make the school of commerce 100 percent efficient and effective in every university throughout the country. Why shouldn't chapters of Delta Sigma Pi assume the initiative in their respective localities to focus attention and interest in this respect in connection with the requirements and needs of your own school of commerce? Chapters, if your department needs a new or bigger building, get busy.

INTERNATIONAL FRATERNITY OF  
**DELTA SIGMA PI**

The Central Office  
ADAMS-FRANKLIN BUILDING, CHICAGO, ILL.  
Telephone Franklin 3476

The International Fraternity of Delta Sigma Pi was founded November 7, 1907, at New York University School of Commerce, Accounts and Finance, and is a professional commerce fraternity "organized to foster the study of business in universities; to encourage scholarship and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce, and to further a high standard of commercial ethics and culture, and the civic and commercial welfare of the community." The fraternity was incorporated September 24, 1926, in the state of Illinois.

# Fraternity Supplies

Official  $\Delta \Sigma \Pi$  badges can be secured only through The Central Office of the fraternity, 1485 Adams-Franklin Building, 222 W. Adams St., Chicago, Illinois, and our official jewelers are not permitted to either accept orders for new badges, nor make repairs on old badges. Address all correspondence in this connection through The Central Office. A complete stock is maintained at all times, and your orders will be filled promptly and without delay. Please remember it takes a few days to engrave your number on your badge, so give us all the time possible. This engraving is required on all badges, and is provided free of charge.

No jewelry is shipped C. O. D. Checks must accompany all orders, and the price list, which is subject to change without notice, is as follows:

## Delta Sigma Pi

222 W. Adams Street, Chicago

*Yours fraternally in*  
**DELTA SIGMA PI**

*Words and Music by*  
*Brother Wm. F. Gregory, Theta Chapter*

From coast to coast we may proudly boast,  
Of a love that exists in us all,  
It comes from above and it nests like a dove  
In the heart of ev'ry brother in this hall;  
You'll re-al-ize, it is no small size,  
Since dear old Del-ta Sig shown in our nation's eyes,  
It has builded Universities,  
And welded men with high degrees,  
And that's the aim of our fraternity.

**CHORUS**

Delta Sigma Pi! Delta Sigma Pi!  
What a meaning has this name,  
For it signifies ev'ry man would die  
To uphold its rights and fame;  
And we all help one another,  
We call each one a brother,  
It's the spirit! Yours fraternally  
In Delta Sigma Pi!
