College Fraternity Editors Association

commentary....

WE ARE RAPIDLY approaching the close of one of the most productive years in Delta Sigma Pi's history. All indications are that our undergraduate membership and Life Membership will set records. Our annual alumni dues total a record \$18,000.00 which will aid our expansion and rapid growth.

Our Life Members, alumni and undergraduates have contributed an additional \$6,000.00 to our Archives Room Fund.

We shall have a dream come true as we begin to partially furnish our Archives Room to house and display our fraternity memorabilia at our Central Office. Thank you Deltasigs for your generosity and support.

September will mark the beginning of our Regional Conferences. Each of our 12 regions will hold a Regional Conference, the date and location of which you will find elsewhere in this issue of the magazine.

The Regional Conference, structured much like our Grand Chapter Congress, will provide educational seminars and fellowship and enable your entire chapter's membership to return home with an attitude and dedication to fraternal involvement unsurpassed. Put the dates of your Regional Conference on your calendar today and begin making plans for you and your entire membership to be in attendance.

You will never learn more about our organization or make more life long fraternal friendships than at your Conference!

See you at your Regional!

Fraternally,

MEMPHIS FIVE MILE CLASSIC

. . . gaining national prominence

The race was held on August 27 on a beautiful day in Overton Park. The sun was brightly shining with temperatures in the low to mid-80s. Before this day began, there was a lot of work that had to be done. Actual preparation for the race began approximately 2½ months earlier. The major items to attend to were preparation for our mailing list which numbered about 280. This included past entries, high schools, colleges, and track clubs. Each of these was sent an entry form and cover letter containing specifics about this year's race. Entries were then distributed by chapter members to various sporting goods stores and health spas.

As time progressed, several meetings were held to coordinate race day activities. These included obtaining stop watches, group classifications for runners and securing enough number cards for each entry—strategic positions for the race spotters and course timers also had to be chosen with short training sessions on how to properly work these areas. Publicity for the event is really a big project. We try to get newspaper, radio and television coverage if possible. We did achieve success in two of three cases. There was one article in the "Commercial Appeal" newspaper, but it was of no significance. Excellent radio coverage was provided by Bob Young, disc jockey on WMC-79. He

has been an entrant in our race and in the week prior to the race, he talked on his show about the race several times. Our best coverage yet came from two television stations: WMC-Channel 5 (NBC affiliate) and WREG-Channel 3 (CBS affiliate). On Friday, August 26, I was fortunate to go to the WREG station and appear live on the 10:00 news with sports announcer Charlie MacAlexander. We did a 5-minute spot with some film footage on our preparation for the race and general information about the race. The WMC station, along with WREG, came to the park on race day and taped parts of it for the Saturday news. WMC provided the best post-race coverage with sports announcer Greg Johans. They filmed a beautiful 3-5 film spot which included an interview with our overall winner. It was shown twice—on the 6 and 10:00 Saturday news.

On the Friday night before the race, the course had to be marked and limed with approximately 400 pounds of lime. With two crews, we covered the 5-mile course in about 1½ hours. The course itself runs through open areas of the park (streets), trails in the woods and over the golf course. The Gamma Zeta Brothers in the crews were Shields Hood (founder of race), Wayne Ratliff, Jack Tucker, Doug Garner, Bill Sturdivant, Ricky Hayes and current chapter presi-

dent Larry Wolfe. Most of the members, plus the rest of our workers, were at the park at 8:30 the next morning to begin final preparations for the race.

The rest of the work is in minute detail, so here are the facts and figures for the 1977 edition of our race:

Total entries 1977—195, 1976—181, 1975—103, 1974—79.

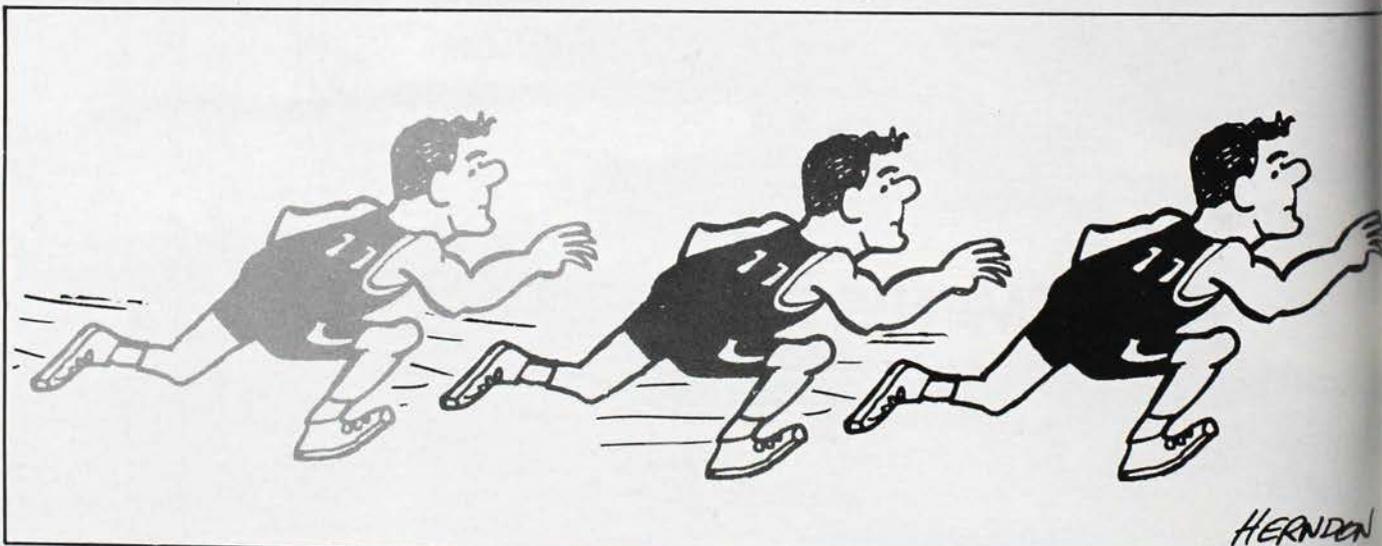

Overall Winner—Eddie Reppe, native Canadian attending Memphis State as a freshman on a track scholarship—Winning time 26 minutes and 1 second (26:01)

Age Range of Runners—8 year old boy—54 year old man—there were all sizes, shapes, colors and occupations

All Winners received T-shirts (24 given) 3 per age division—divisions—The overall winner received a 33 inch trophy.

All runners were later mailed blue ribbons—nobody goes home a loser in our race—that's how we feel.

The Gamma Zeta Chapter feels indebted to Shields Hood for his continued involvement by him and his wife in the Mid South 5-Mile Classic. Because of this, Shield was presented a plaque as the outstanding alumnus of the Gamma Zeta Chapter for 1977.—JACK TUCKER

North Central Regional Basketball Tournament

ON FEBRUARY 17th and 18th the North Central Region gathered at the new Sunwood Inn and Convention Center in St. Cloud, Minnesota, for its annual Regional Basketball Tournament. Theta Tau-St. Cloud, Alpha Delta-Nebraska-Lincoln, Alpha Epsilon-Minnesota, Gamme Eta-Nebraska-Omaha, Alpha Iota-Drake, Alpha Eta-South Dakota, Eta Pi-Wayne State, and the Minneapolis-Twin City Alumni Club gathered nearly 150 Brothers for this weekend frolic of fun and competition.

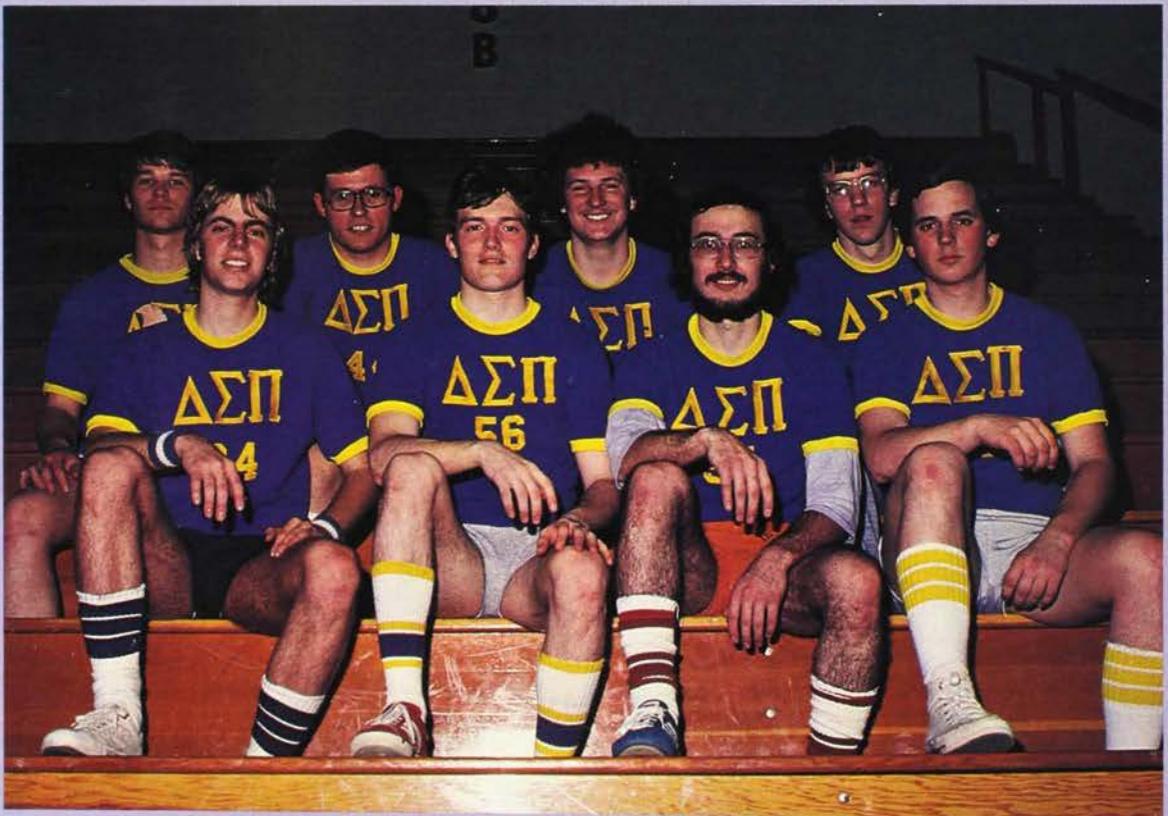

It began on Friday when the Brothers were greeted with a kegger at the tournament headquarters at the Sunwood Inn, sponsored by St. Cloud. Later that evening, transportation was provided to St. Cloud State's Student Union where the foosball, pinball, bowling, and billiards events were held. Richard VanBeusikom and John Roiko of St. Cloud won foosball, Dean Troester of Wayne State won pinball, Tom Stephan took bowling for St. Cloud and Mark Spangler of St. Cloud won the billiards event. All Brothers

Scoring table, the benches, and rooting section encourage competitors at North Central Regional Basketball Tournament.

Action on the court at the North Central Regional Basketball Tournament.

One of the competing teams at the North Central Regional Basketball Tournament.

were able to take advantage of free bowling, ping pong and billiards. The evening was topped off by an in-depth study of the local libation and disco centers followed by a night cap back at tournament headquarters.

Saturday morning marked the beginning battles of the basketball competitions. Last year's champions, Drake, fell to an early defeat to Wayne State, but came back to win the consolation bracket by defeating Minnesota. First place went to St. Cloud after winning three straight games. Wayne State fought hard, but came up second, losing to St. Cloud in the finals. All teams made a great effort and look promising for the future.

After a few hours' rest the Brothers were back at poolside at the Sunwood Inn for a cocktail hour to warm up for the 6:00 banquet. The banquet was in the ballroom of the Sunwood Inn where the Brothers comfortably took part in a gourmet meal.

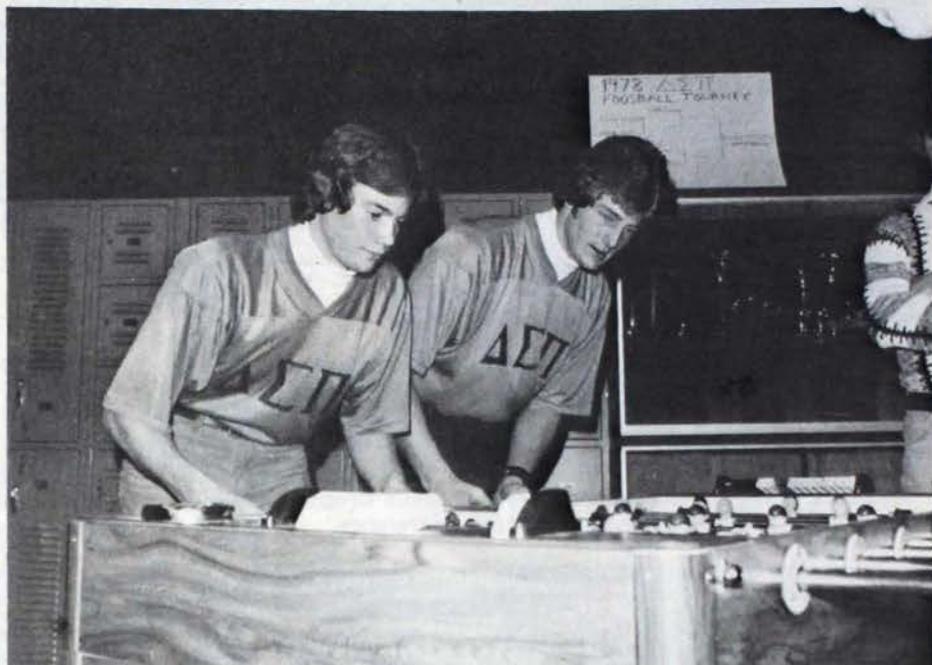

The banquet highlights included trophy presentations and thought provoking and motivating speeches from the following distinguished guests: Bill Tatum, Grand President, Bob Drewniak, North Central Regional Director, and Mike

Mallonee, Director of Alumni Activities. The banquet was not without entertainment, as the master of ceremonies Mark Finger of St. Cloud attempted to keep his composure while Bill made a graceful fall off the back of the stage. He rose quickly, demonstrating no broken bones and a beet red face.

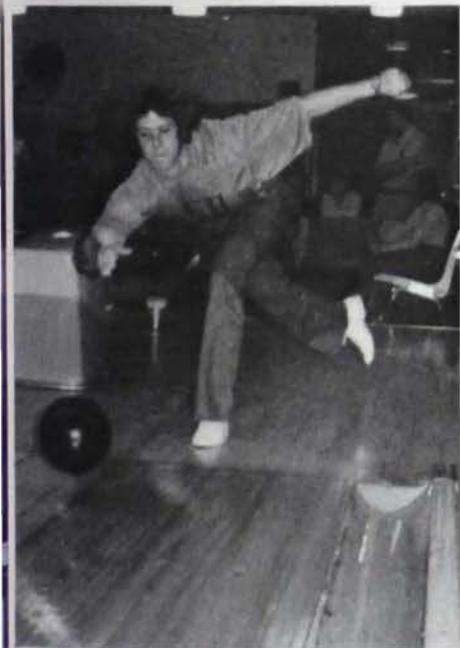

The banquet was followed by a dance with live music from the band "Magic." The Brothers were pro-

vided very attractive escorts for the evening who in turn were given carnations. During intermission, Minnesota took the rowdy award, Wayne State took the chanting contest and Minnesota took the drinking contest.

For the grand finale, a big bash went all night at the tournament headquarters and the beer flowed all night. All in all, a great time for everyone.—MARK FINGER

Champions of the Foosball competition were John Rioko and Rick VonBeuskom of St. Cloud State, showing their form here at the North Central Regional Basketball Tournament.

Tom Stephan of St. Cloud State, showing the form that won him the bowling competition at the North Central Regional Basketball Tournament.

Atlanta Area Conference

ON FEBRUARY 25 APPROXIMATELY 85 people, representing eight chapters from the Alabama-Georgia area and members of Beta Gamma Chapter at the University of South Carolina, participated in the Area Conference program. Sponsored by the members of Kappa Chapter and Georgia State University, District Directors Mark Cohen, Mike Mazur and Jim Henley were

assisted by Southeastern Regional Director George E. Ragland, South Central Regional Director Richard Schreiner, and District Director Charles Murphy. Registration was handled by alumni members Don Henley, Joe Massey, and Ray Hammonds, all of Epsilon Chi Chapter, and Laurie Busse from Iota Chapter.

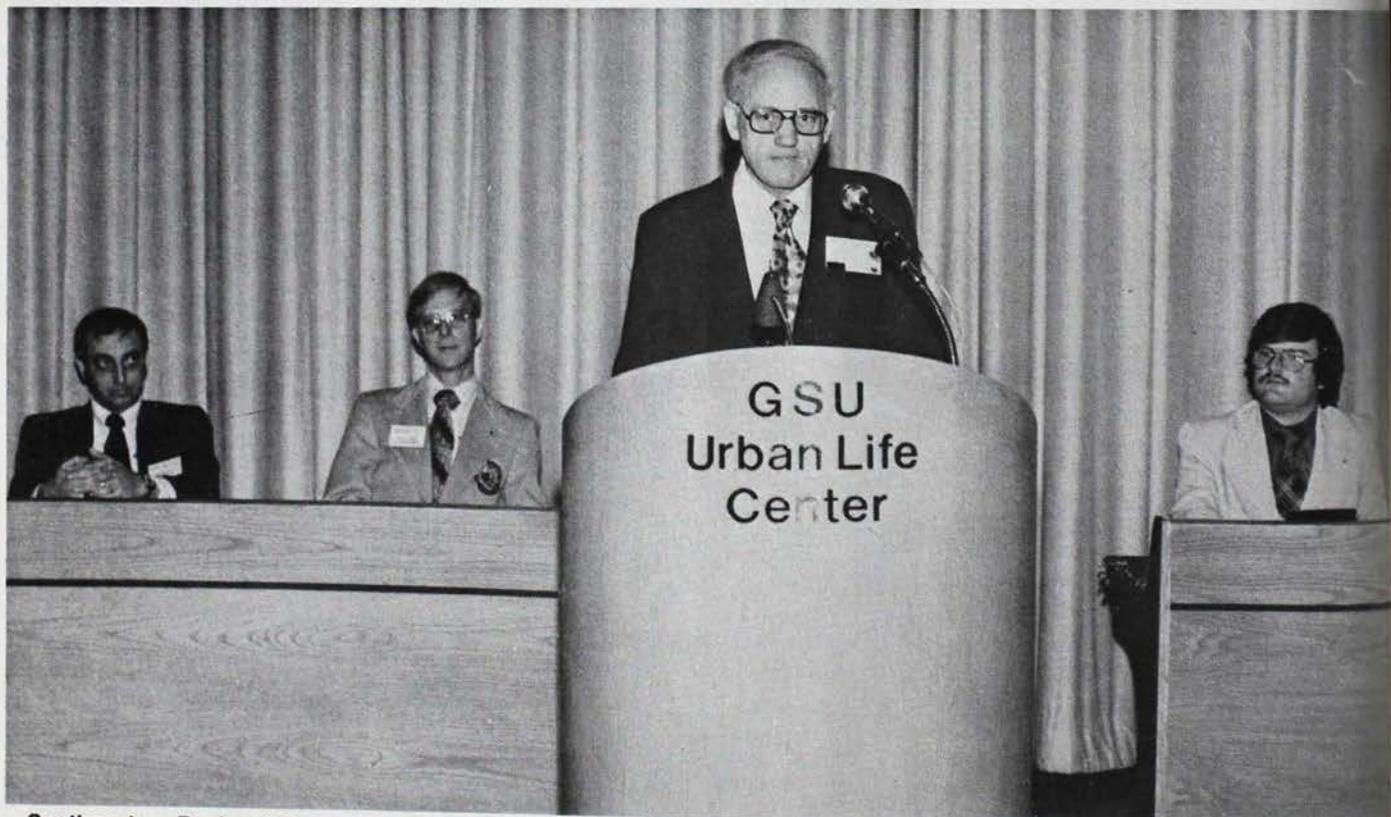

Short seminars held during the day provided enlightenment on pledge education, planning a transition, and conducting initiations. A working luncheon gave the chapter presidents further opportunities to exchange professional ideas with Regional and District Directors on a one to one basis.

After lunch, a short slide show presentation and discussion on recruiting was given by Mike Mazur leaving the remainder of the afternoon open for the discussion of numerous other topics on chapter operations.

Later that evening, the Atlanta Flames provided entertainment for all.—LAURIE E. BUSSE

Members of the Atlanta Alumni Club and Kappa Chapter at Georgia State handled registration for the Georgia-Alabama Area Conference.

In the background, left to right, are South Carolina District Director (South Central Region) Charlie Murphy, South Central Regional Director Richard Schreiner, and Georgia District Director, host, and conference manager, Mike Mazur.

Recruiting—One Chapter's Success

OUR "P.R." PROJECT was launched on November 8, 1977, with the first of a series of four posters which would last for four weeks (one week each) leading up to the night of our recruiting function. What

happened is now history, and the rewards we have reaped and the goodwill we have built has shown us the value of such a program! Needless to say, we'll be using this program again and again.

The campaign started with a black and white poster with the statement: "Occasionally a person is

given an opportunity to better himself; Delta Sigma Pi is that opportunity."

The next week we used a blue poster which says, "Chicago, Detroit, Toronto—and Daytona Beach; Delta Sigma Pi goes everywhere." As these posters went up, the old ones came down. At the end of this week, school let out for quarter break and we resumed classes on November 28. On November 29, we replaced the blue poster with a poster which asks: "Q. What do these professional business students have in common?", and answers: "A. They're Brothers of Delta Sigma Pi." This poster stayed up for a week, coming down to make room for the final poster which conveyed the message—"Delta Sigma Pi is Unity." At the same time this poster was going up, so were our "Open Smoker" signs.

With billboards and the recruiting table set up for the "big event" and the business faculty reading notices announcing the "Smoker," students would have had a pretty hard time not to have heard about the event.

That night history was made for our chapter as over 50 prospects showed up to make it the largest rush in chapter history. From these applicants, and through our screening process, we now have 16 fine pledges.

One of the other promotional things we used was a display case which used the theme—"ΔΣΠ—Greek or English—it still means Business!" This was a widely acclaimed display with many faculty members as well as students commenting on how much they had liked it even a week or two after the display had been taken down. We also sent out a form letter to about 200 freshmen business students inviting them to the "smoker."

Well, that's the story and I hope these ideas will be of help to any chapter who might be able to use them.—DENNIS NIENHUIS, PRESIDENT OF DELTA RHO CHAPTER

Q: What do these professional Business students have in common?

A: They're brothers of DELTA SIGMA PI.

Professional Business Fraternity

One of the posters used by Ferris State.

lifestyle

.... among the chapters

NEW YORK

ALPHA CHAPTER AT New York University, College of Business and Public Administration, has achieved another fine year. Under the leadership of our President Paul V. Farrell and CEI Chairman Thomas Urbowicz, we have again achieved our goal of 100,000 points in the Chapter Efficiency Index.

Without a doubt, the success of this accomplishment must be attributed to the combined efforts of all the Brothers. The rush effort which included many social and professional events was handled by Senior Vice President Francis R. Hoefling and Vice President for Professional Activities Jeremy Berman. Brother Michael Schnur, Vice President for Pledge Education, worked closely with the Brotherhood and our Spring pledge class. We now have many new and promising Brothers who will carry on the chapter's tradition of excellence. Credit must also be given to Treasurer Andrew Kalmanash, Secretary John Stauber, and Chancellor Michael Wilding for keeping the chapter together and running on a daily basis.

It is also our pleasure to announce that we had a very successful Round-up dinner with many alumni Brothers in attendance. We are sure that our annual Summer picnic and other events planned for the coming months will likewise turn out well. Finally, congratulations are in order for Brother Alan Wollner who has been elected Commander of the Jewish War Veterans, Post 88, Bridgeport, Connecticut.

—WINSTON L. WONG

S.U.N.Y.-BUFFALO

THE BROTHERS OF Alpha Kappa Chapter have been keeping active throughout the Winter despite the usual avalanche of that white stuff characteristic of Buffalo. Our professional program has included speakers from the banking industry enlightening our chapter on the innermost causes and reasons why banks make the monies they do. We have also heard from an auditor who specializes in EDP Auditing which proved most interesting.

The major news of our chapter this semester has been the pledging of students from the day school division of the School of Management. For the entire 53-year history of our chapter, we have been restricted to members from the night school, which is a relatively large group. Last year, the univer-

sity ended their ban on social fraternities on our campus and, consequently, our chapter saw the time was ripe for expansion. All of us are pleased to welcome the additional eligible members, and we feel the future is better than ever for Alpha Kappa Chapter.

The semester will end with a Dinner Dance in a nearby Canadian yacht club, by which time the ice and snow up here should be melted.

—TIMOTHY C. ABBOTT

S.U.N.Y.-ALBANY

ZETA PSI CHAPTER has enjoyed another successful year under the leadership of its first woman president, Lynn Jacobsen.

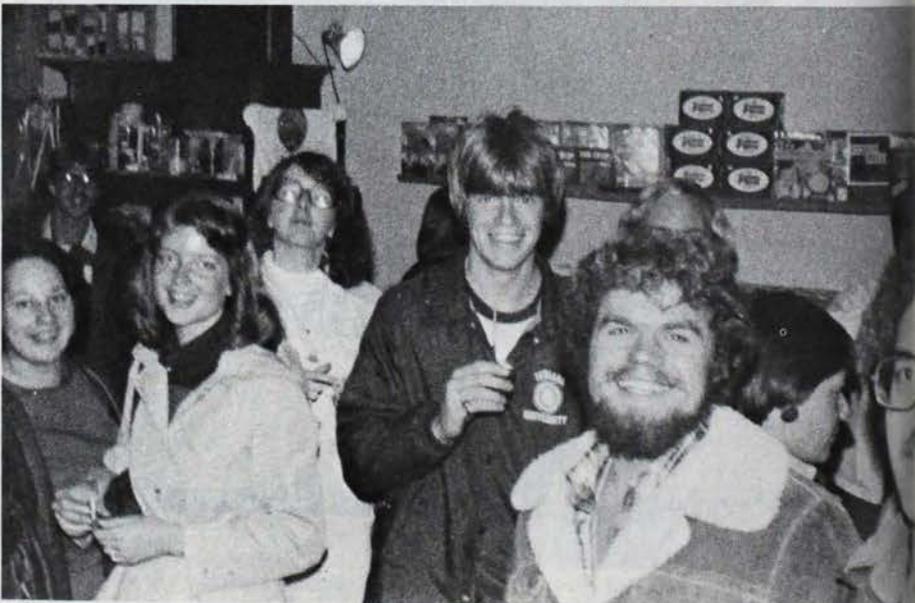

Terry Reasoner, vice president for professional activities, provided us with many interesting events and tours which included "Radio as an Advertising Media" and "Accounting After The Tax Rush."

The Brothers also enjoyed a wheelchair basketball game for the benefit of the handicapped on campus; a tour of the Brotherhood Winery; and a night of dancing at the Rafters.

On other fronts, Brother Larry Bartimer conducted many successful fund raisers, including the running of charter buses home during vacations. With a solid financial base we enjoyed our semi-annual dinner dance on

School of Business Dean Schuyler Otteson, left, speaks with Professor Russell Boisjoly at the annual alumni brunch sponsored by Alpha Pi at Indiana

Members of Alpha Pi Chapter at Indiana enjoy good cheer on professional trip to Oliver Winery near Bloomington, Indiana.

April 15, and are looking forward to getting together with the chapter alumni at our annual Summer picnic. Zeta Psi Chapter wishes all Brothers a healthy and happy Summer.

—GEORGE P. WARNOCK

CONNECTICUT

THETA IOTA CHAPTER at the University of Connecticut has closed out another very successful semester this past Spring. The greatest fulfillment for our graduating seniors is the fact that they are leaving behind one of the strongest and most well organized chapters ever to exist at this university. Through the recent efforts of the entire Brotherhood, Delta Sigma Pi has increased its membership and continues to be the most active organization within the School of Business Administration. The hard work of everyone in all categories has left Theta Iota Chapter in an excellent position to achieve another 100,000 points in the Chapter Efficiency Index this year. Because of this we offer our warmest and sincerest thanks to John Gorzkowski, our Chapter Efficiency Index Chairman. Without his spectacular, and at times unusual, methods we would have been severely hindered in achieving our goal.

As we approach the end of a successful year, we must say goodbye to our officers and welcome the new ones. We thank Leonard LaSalandra, president; Robert Kornhaas, senior vice president; Gregory Ertel, vice president for pledge education; Ronald Rozmus, vice president for professional activities; Maureen Mahoney, treasurer; Doreen Tartaro, secretary; Michael Lubrano, chancellor; John Gorzkowski, Chapter Efficiency Index chairman; and our special thanks to Gennaro Meccariello, historian. Through their efforts, long hours and enthusiasm, the Theta Iota Chapter of Delta Sigma Pi has become an outstanding chapter in the Eastern Region.

We would also like to congratulate and wish the best of luck to the Brothers graduating this semester. Through their enthusiasm and unity, they have created a spirit of success and accomplishment for the chapter.

—GINO MECCARIELLO

PITTSBURGH

LAMBDA CHAPTER at the University of Pittsburgh is now wrapping up its 1977-78 school year which has been very busy despite unusually cold and snowy weather conditions this past Winter.

A recruiting smoker was held at the Greentree Holiday Inn which proved to be both educational and enjoyable for members, prospective pledges and alumni. This social event led the way to the successful initiation of a new group of pledges in the Spring.

Plans are now being finalized for the Spring Banquet to be held at Pittsburgh's Top of the Triangle Restaurant. This banquet gives the members and alumni, along with their escorts, an opportunity to mingle and enjoy a pleasant evening with good food and music. The Spring Banquet celebrates the chapter's birthday, introduces the new officers for the upcoming year, and honors the instructor in the University's Business Department who the business students feel did the most to foster their interest in the world of Business and Commerce.

Lambda Chapter held a picnic at Camp Sleepy Hollow, a county facility for homeless young boys. The members and residents of the Camp enjoyed an afternoon of food and outdoor activities.

As the year draws to a close, Lambda Chapter can look back and see that it has experienced an interesting and worthwhile schedule of activities. The Brothers have a feeling of satisfaction and unity and hope that the other chapters of Delta Sigma Pi are equally satisfied with the outcome of this past school year.

—CYNTHIA M. LEPCZYK

JOHNS HOPKINS

HELP DAY FOR CHI CHAPTER this year was held on Saturday, April 1, 1978, at the League for Handicapped Children and Adults. The Brothers rolled up their sleeves and, with paint and brushes provided by the institution, painted and trimmed various sections of the building. Food also was provided and everyone had a good time providing a much-needed service.

An attempt was made this year to establish a standing Chi Chapter and Baltimore Alumni Club Ritual Team which will provide each initiation with a well-rehearsed and memorized Ritual. The second step is to provide alternates for each Ritual part. By doing this, there will always be a Brother with Ritual experience available.

The professional meeting for May was a real treat for Chi Chapter and friends: arrangements were made with the Baker-Whitely Marine Towing Company to provide us with a tug-boat tour of the port of Baltimore. This was a delight for many who haven't seen the new inner-harbor section of the port with its many added attractions. The area has become quite a social and artistic gathering spot for the local inhabitants as well as a tourist attraction.

Plans are being made for the annual June dinner-dance, and the crab feast. Both events are well attended by the Brothers and, in conjunction with the Baltimore Alumni Club, it has provided the social plateau for fellowship.

—MELVIN J. SMITH

RIDER

BETA XI CHAPTER at Rider College is reaching the close of its Spring semester, which has been very rewarding in all aspects.

One of the most successful activities during the semester was the Intro-Rush. Alumnus Jim Persenda and Advisor Dr. Mark Sandberg each gave a meaningful talk on Friendship. Jeff Toll gave a slide presentation to introduce the fraternity to the rushees.

The bi-annual Inish, always a big event, was held in April and was enjoyed by all who attended.

Under the leadership of our Chapter Efficiency Index Chairman, Scott Schacht, we are on our way to exceed last semester's total of 82,000 points. Scott has been very diligent this semester about making sure that our chapter obtains as many points as possible. Other reasons for the hike in Chapter Efficiency Index points is our improvement in the category of membership.

This semester we have had more professional meetings than ever before, and we owe

this to our enthusiastic Vice President of Professional Activities, Tony Stefanoni.

Pledging has been a great success, thanks to our Vice President of Pledge Education, Jim Fontana. Jim, with the help of our Ritual Chairman Nick Trapani, coordinated the pledge program in order that it be meaningful to the Pledges as well as to the Brothers.

We would like to thank our Advisor, Dr. Mark Sandberg, for his support and his advice in parliamentary procedure.

All good things must come to an end, and this year we are sorry to say goodbye to our graduating seniors: Joe Guider, chancellor; Sue Winiasz, secretary; Joe Hasson, scribe; Bill Podhirny, assistant to the president and faculty liaison; Lou Monticchio, co-social; Rich Windle, co-social; Joe Bietz; Bruce Brier; Ira Goldberg; Scott Grayson and Bob Liana.

—WAYNE MOORE

MARYLAND

THIS PAST JANUARY, the Gamma Sigma Chapter sponsored a chapter retreat. Alumnus Brother Wayne Brent conceived and guided the retreat from its inception to its successful conclusion. The purpose of the retreat was to help the chapter in reviewing its past, present and future goals and needs. The activity lasted approximately eight hours and was enthusiastically received by the members.

Alumni Brothers Wayne Brent, Tom Burgess and District Director Jay Lord each chaired a group of Brothers. The coming semester's pledge program, Brotherhood, community projects, fund raising and meeting protocol were discussed in depth.

Since the first retreat proved to be a success, another session is planned for later in the year.

ST. JOSEPH'S

ZETA PI CHAPTER at St. Joseph's College continues to grow strong as the school year comes to a close. Thanks to the hard work of Chairman Tim Cramsie, our Spring rush program netted 17 pledges. Pledgemaster Tony Mullen hopes to guide these eager pledges into our Brotherhood.

Community Chairman John Nucero and committee deserve much praise for their achievements, most notably the three day Basketball Marathon for the National Hemophilia Foundation. Not only did the committee raise money for a worthy cause, but they also improved the good name of the Zeta Pi Chapter and Delta Sigma Pi on campus and in the neighborhood. Other events this semester included the Easter Dinner at Drueding Infirmary, and a trip to the zoo and an ice-skating party for the orphans.

The Professional Committee has had a busy Spring semester. In addition to the films, Chairman Joe Waldecker has planned several tours, including a stop at the Schmidt Brewery and a field trip to the New York Stock Exchange. Our lecturers continue to be both interesting and popular, the most notable being the Philadelphia Flyers' announcer, Gene Hart. The highlight of the program, the Leadership Award Dinner, was also a great success.

Fund-Raising Chairman Sal Grasso and his industrious crew continue their excellent work. Our boathouses, car washes, and con-

cession sales remain profitable because Sal and Company put much hard work and planning into their events, and rightly deserve the respect and admiration of the Zeta Pi Chapter. Special mention goes to Brother George Ward, who selflessly donated the proceeds from the auction of his most prized possession, a collection of charcoal etchings of Canadian geese and other assorted fowlness, to the chapter.

Our Social Program provided us with many enjoyable times. Under the auspices of Chairman Charlie Spencer, our semester of events included a white water raft trip, several ski trips, a hayride, a day at Great Adventure Park, a wine and cheese party, and many wild and crazy Mansion Mixers. We also initiated plans for a block party to which the whole college campus would be invited. This party would be held in conjunction with several of the fraternities and sororities on the St. Joseph's campus in an attempt to further improve our image.

Finally, the Zeta Pi Chapter wishes a happy Summer for all Deltas everywhere.

—MICHAEL SWEENEY

SOUTH CAROLINA

THE UNIVERSITY OF SOUTH CAROLINA'S Beta Gamma Chapter is in the midst of its Spring pledge program. This year's rush program lasted two weeks instead of our regular one full weekend. All rushees, faculty, alumni and Brothers enjoyed themselves. This semester's pledges were Steve Austin, Cathy Crumpler, Cindy Owen, Mike Owens, Joe Davis, Jim Fulton, Jimmy Vance, Janet Week, Jimmy Copeland, Gwen Brockington, Norman Dixon, Allen Peek, Alan Merrit, Kay Colvin, Jim Blanchett and Linda Wellman. We also welcome back to school two Brothers, Tim McLean and Ronnie Stokes.

USC President James Holderman spoke at our meeting February 13, 1978. He spoke on management of a public institution and stated his support of our efforts to obtain a fraternity house. We have taken the necessary steps to make President Holderman an honorary member of Delta Sigma Pi.

We have been viewing the market for a suitable fraternity house for some time. Our efforts are finally paying off and it looks as though we will be in a house before next year. Dean Kane has been especially supportive and enthusiastic.

The chapter is sponsoring a new buddy system between the undergraduate chapter and faculty to keep them informed of chapter operations, meetings, tours, professional speakers, parties, and any problems that arise.

Preparation for the Rose Dance has already begun. Plans are moving along well and it looks like a full attendance at the best Rose Dance yet.

Good Luck to all graduating Brothers and we hope they get their foot in the door somehow. To those of us left behind we wish a restful and rejuvenating Summer.

—JOY D. HARRELSON

JAMES MADISON

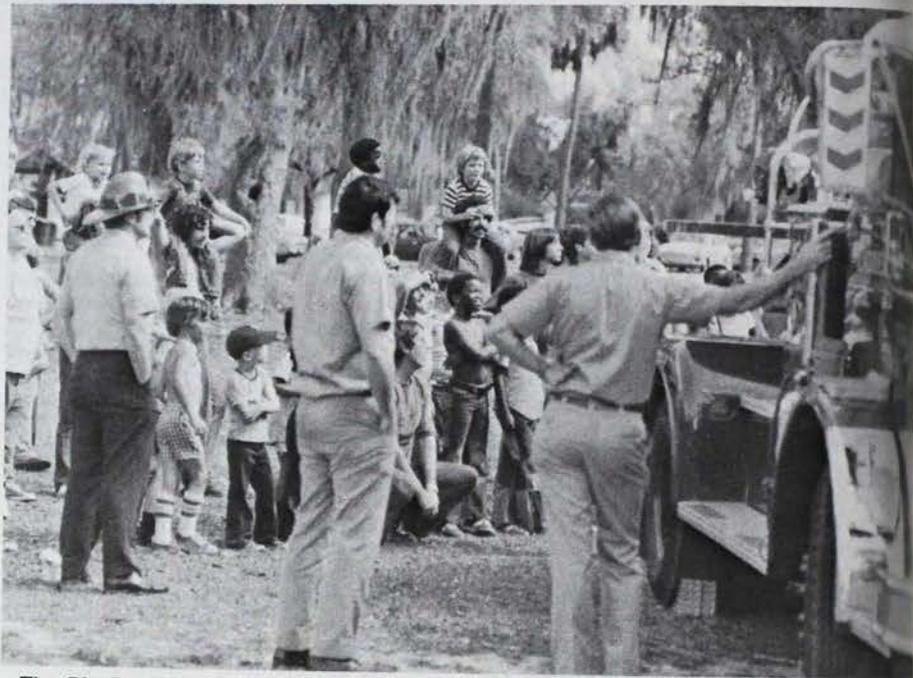

THE IOTA KAPPA CHAPTER winds up its fourth year as the most successful yet. In our first year as a coeducational organization, we achieved our largest membership. As over half of the chapter prepares for graduation

and what may follow, we wish them much luck and hope that, as alumni, they will keep in touch with their chapter.

Our Theta pledge class, though much smaller than the previous class, showed exceptional enthusiasm. Pledge-Brother activities this semester included the traditional College Farm picnic, a wild road rally, and a pizza party in which Brothers and Pledges demolished a huge pizza, six feet in diameter. We also took advantage of all the late Winter snow this year, by going on several ski trips

to nearby Massanutten Ski Resort.

The Brothers' biggest project of the semester was a stereo raffle which was a successful fund raiser. We also continued our involvement in JMU's intramural program. Brothers Ron Devine, Bill Millon, Mike Lee and Mike Mathisen teamed up to take first place in JMU's intramural bowling league. Ron was the league's top scorer with a 170 average. Our football and softball teams also fared well despite a season marred by poor weather conditions.

The Big Brother/Big Sister picnic sponsored by Theta Phi Chapter at South Florida.

South Central Regional Director Richard Schreiner, visiting the Georgia-Alabama Area Conference, talks with other Deltasigs.

As the year draws to a close, the Brothers of the Iota Kappa Chapter would like to extend best wishes to our outgoing Rose, Brenda Sparkman. We would also like to welcome our new Rose, Linda Delamarta, who is showing the same cheer and enthusiasm Brenda displayed for us in the past year.

The Brothers returning next year are looking forward to hosting the South Central Regional Conference which will be held at Harrisonburg's Sheraton Inn this coming November. We feel privileged to be hosting the Conference and have already begun plans to make it a big success.

The Brothers of the Iota Kappa Chapter would like to congratulate the following Brothers and their fiancées who will be getting married this Summer: Mike Lee & Cathy Lutinski, Mike Mathisen & Terry Reynolds, Steve Seldon & Debbie Vecchiolla, Don Fecher & Sheri Layman, and Terry Smith & Suzanne Shumate. Congratulations and Best Wishes to all of you!

The Iota Kappa Chapter wishes everyone a safe and enjoyable Summer, and we are looking forward to a very successful and prosperous 1978-79 school year.

—ROBERT BLAIR

GEORGIA STATE

WINTER QUARTER BROUGHT us five new pledges and we are busy with Spring Quarter activities, the election of officers, and our annual Rose Formal.

Winter Quarter, we planned a professional field trip to Bear Paw, North Carolina. We toured TVA Dam and Nuclear Center. Speakers from the lodge on conservation and recreation were on the agenda.

We also planned a Career Upgrade in coordination with the Atlanta Alumni Club. The objectives of the program were as follows: 1. To provide a forum for students, graduates, business leaders, and academia to exchange ideas; 2. Acquaint students with the real

world of business and identify for them industry and job opportunities; 3. Allow business leaders the opportunity to observe and make contact with potential employees; 4. Bring about a professional approach to your job opportunity search; 5. Act as a catalyst for the establishment of dialogue and a closer relationship between students of business, their professors and the world of business.

It involved 10 different panels with representatives in most areas of business. The keynote speaker was L. C. Whitney, President, National Data Corporation (N.D.C.), speaking on "Career Management."

—BOB COOPER

FLORIDA

THE BETA ETA CHAPTER started the new year with an enthusiastic rush and its major field trip in February. Atlanta, the business center of the South, was the destination of 25 members. The weekend was highlighted by tours of the Lockheed-Georgia Company and of the C and S Bank of Atlanta which included meetings with the executives of each company. We were joined at the C & S Bank by the Deltasigs from Florida State.

In the Fall, Beta Eta Chapter began a drive to promote alumni participation in the chapter. Pledges, alumni, faculty, and Brothers and Sisters gathered at several wine and cheese socials to talk over old times and plans for the future. Our newest additions to the fraternity were initiated in early March at the traditional initiation banquet. Plans are also in the making for the Third Annual Rose Cup Tennis Tournament which will be held to benefit Big Brothers/Big Sisters of Greater Gainesville.

We are looking forward to a beautiful Florida Summer and invite all members of Delta Sigma Pi traveling through Florida to stop by the campus and visit with the Brothers and Sisters of Beta Eta Chapter.

—DIANE CHILDS

AUBURN

THE BETA LAMBDA CHAPTER of Delta Sigma Pi is currently busy with its end of school schedule of activities. Our many activities have included several business meetings, dinner meetings, a field trip to Atlanta, Georgia, and the Area Conference also held in Atlanta. At one of our dinner meetings, Daniel LaFont from The Central Office of Delta Sigma Pi spoke on operations at the national level and the history of the fraternity.

The speaker at the second dinner meeting was Mr. Fletcher L. Byrom, the Executive in Residence at Auburn University this quarter. Mr. Byrom held various production, marketing, and operating responsibilities with Koppers Company, Inc., before becoming Chief Executive Officer in 1967.

The chapter planned a field trip to the Federal Reserve Bank in Atlanta. A tour of the bank was arranged and the chapter looked forward eagerly to the trip.

The chapter engaged in an active rush program, seeking new pledges. Information booths were set up in the School of Business to inform the Auburn students about the fraternity.

Elections for new officers for the coming year were also held this quarter. The new officers are as follows: Robert Pumphrey, president; Thomas Harrison, senior vice president; Beverly Pearce, vice president for professional activities; Bill Baker, treasurer; Karen Rothenanger, secretary; Blanch Ventriss, CEI Chairman; Frank Langston, chancellor; and Jack Ginn, historian.

The chapter is constructing a glass display case that will be placed at the entrance in the campus business building. It will contain the chapter charter, a list of members, a schedule of the current quarter's events, a list of the Delta Sigma Pi Scholarship Key Award recipients at Auburn dating back to 1931, and pictures of various activities of the chapter during the current year.

—BOBBY BOWERS

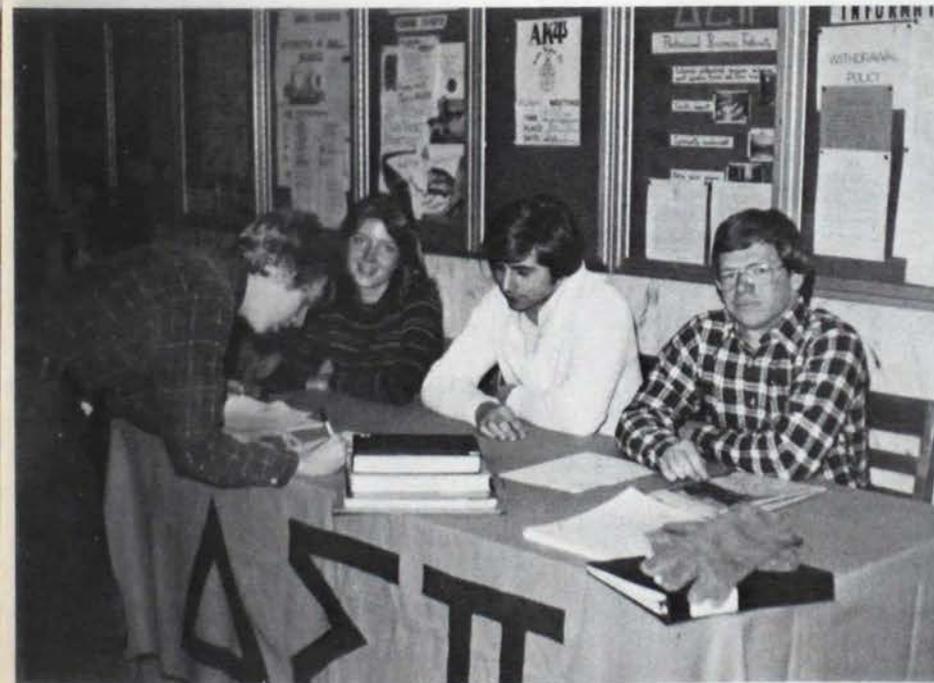

MIAMI-FLORIDA

THE BETA OMEGA CHAPTER wishes to extend our greetings for the Spring Semester to the rest of the chapters. This has been a semester of good fortune for Beta Omega Chapter, and we would like to share it with all.

To begin, rush went extremely well as we signed up nine new pledges, bringing our total membership up to 45 Brothers.

Next, Beta Omega Chapter participated by selling pizza at our annual fund raising event, Carni-Gras (which is the largest College Carnival in the entire United States), and completed a clean sweep of all the trophies. These trophies included the Overall Winner (the organization which grosses the most income), the Independent Division winner, the Best Advertising and Promotion, and the Best Booth Award. Congratulations to all the Brothers, especially Carni-Gras Chairman Joe Handy, and Associate Chairman Joe Huard, on a job well done.

We would also like to congratulate our President, Oscar Rivera, on his admission to Georgetown University Law School, and to the other Brothers in the chapter (Yellow Dogs included), who were accepted after this letter was written. We wish you the best of luck.

Recruiting table of Alpha Pi Chapter at Indiana enjoyed good traffic in the lobby of the School of Business building.

The 1977-78 academic year has come to a close, and we wish all new officers the best of luck in the upcoming year. Most of all, we bid farewell to our old graduating Brothers, while we welcome our new alumni.

—DANNY JAY SALZBERG

GEORGIA SOUTHERN

EPSILON CHI CHAPTER would like to congratulate the new officers who took office at the first meeting of Spring Quarter.

Slave Day was a great success again this quarter and, as usual, the professors worked us like we were slaves.

The Career Day was a success. It gave the students an opportunity to talk to executives in their preferred career fields.

The chapter took a trip to Disney World. This gave the Brothers an opportunity to be together for some fun. We had the annual Rose Dance in Savannah. This year the dance was held at the Savannah Yacht Club. Everyone had a good time dancing to the band and seeing the returning alumni.

Parents were invited to come to this quarter's initiation banquet. During this same weekend, the annual Business Faculty versus the Brothers of Delta Sigma Pi softball game was played.

The chapter would like to congratulate all graduating seniors and wish them success. Have a nice summer.

—LYNDA S. SAPPINGTON

FLORIDA TECH

WE OF THE Theta Sigma Chapter, at Florida Technological University, have proceeded to apply to practice some of the ideas developed during the past year.

Two different types of fund raising activities are being used at this time. First is the sale of stadium cushions at our basketball and other sporting events. On the front side of the cushion is the emblem of Florida Technological University. The back side contains sub-divided sections for local advertisements. We hope that this project will bring the needed revenue to operate our chapter's activities, and leave enough money to continue service projects for the community. Our second fund raising activity is a plant sale which has been held monthly on our campus since the beginning of Winter quarter. One of our Brothers, Robert Guy, works for a plant wholesaler, and sells us the plants at cost, so that we are able to sell them to F.T.U. students at a slightly higher price. This way the students may get good deals on plants and our fraternity can make a good return.

During the Winter quarter we also made some accomplishments in our rush program. Chairman Martha Rotramel and the rush committee spent much time in planning our best rush party to date. It was a buffet and cocktail affair with plenty of dancing and socializing. A letter was sent to each undergraduate business student, announcing the date of the rush party, and telling them about Delta Sigma Pi. The event was a great success and well worth the time, effort, and money spent to pull it off. We feel that through more campus activities and good rush and pledge programs, our chapter will continue to prosper at Florida Technological University.

—TIMOTHY BIRD

SOUTH FLORIDA

HERE AT THE Theta Phi Chapter at the University of South Florida, second quarter proved to be both busy and enjoyable.

Our rush table and smoker were very successful, attracting over 35 prospective rushees—15 of whom were initiated. Special thanks to our Senior Vice President, Joel Patterson, and the Rush Committee for their excellent work.

We had several functions this quarter in the areas of professional, financial, and community-service activities.

Professional activities included: an enlightening tour of the Tampa Chamber of Commerce; an informative speaker, Mr. Bud Mueller, from the General Telephone and Electric Company; and a fascinating lecture-seminar by Mr. Roy Bertke, the business editor for the TAMPA TRIBUNE.

Our major financial project took place during the annual Gasparilla Day, a parade and festivities honoring Tampa's historic past. Brothers and pledges worked all morning before the parade to set up aisles of chairs along the nine-mile route; and later that afternoon, we all worked to remove them. During the parade, we sold programs (and enjoyed some of the festivities). The day was quite profitable and a lot of fun. Other fund raisers this quarter included car washes, coffee and doughnut sales, a raffle for Valentine's Day, and a concession stand at the 1978 Pro-Bowl football game.

In the area of community-service, Theta Phi Chapter held its annual picnic for the Big Brothers and Big Sisters organizations of Tampa. We took 60 young children to a local zoo and amusement park for the day. Additional entertainment was provided by professional football players from the Tampa Bay Buccaneers, and a skill demonstration by a ladies' karate team. The press was also invited.

Faculty luncheons were initiated this quarter in an effort to make faculty alumni more involved with the chapter. These luncheons also provided a chance for

Brothers to become better acquainted with faculty members.

Overall, we had a great quarter and eagerly await our next exciting activities.

—HARRIET SPECTER

GEORGIA COLLEGE

IOTA MU CHAPTER at Georgia College sponsored a "Business and Industry Conference" on April 4. The objective of the conference was "to provide a forum for the exchange of ideas, concepts and problems in the business and industrial world from the viewpoint of businessmen with the interaction of professors and students." Some of the speakers attending the conference were William Sharp, Vice President for Advertising U.S.A., Coca-Cola Company; Eddie West, Director for personnel at Milliken Textiles; Andrew Brimmer, economic adviser, President of Economic Forecast, Incorporated, and member of the Board of Directors of Dupont; and Jim McIntyre, Director of the Office of Management and Budget in Washington. Many businessmen from all over the state attended the conference. Seminars were conducted on topics of economic forecast, management, and advertising. The day provided a learning experience for all in attendance. Iota Mu Chapter received much praise for a job well done.

On April 23, Iota Mu Chapter sponsored the 2nd Annual Georgia College Car Rally. The turnout was tremendous! As of the Spring of 1977, the Georgia College Car Rally has become a tradition to be carried out by Iota Mu Chapter each Spring. Tickets are sold for participation in the rally and admittance to a party following the rally. The ticket price includes a chance to win prizes, a free meal, a live band, beer, and a lot of other freebies. It also provides the best entertainment for a Spring weekend. Keep on rallying!

Iota Mu Chapter's Book Exchange opened for the second time with a wide range of recognition on campus among students. The Book Exchange has provided our Brothers with a perfect opportunity to learn about operating a small business. It has also cre

Newest initiates of Beta Eta Chapter at Florida entertain other members at the initiation banquet.

ated a constant source of revenue for our chapter. Hopefully, this will become a permanent operation for the chapter.

Spring is here, and so is graduation. Iota Mu Chapter initiated its 2nd annual resume project. This project provides a service for all seniors on campus. Brothers collect seniors' resumes and compile them into a booklet which is sent out to businesses and industries throughout the state.

Iota Mu Chapter helped sponsor the Music Department's presentation of the "Mikado." Brothers in Iota Mu Chapter helped with the ushering, programs, lighting, make-up, ticket sales, and publicity, and served as their business manager.

Brothers helped sponsor and usher at a recent activity featuring Cookie Rodriguez.

—M. ELLEN BRYSON

CINCINNATI

ALPHA THETA CHAPTER at the University of Cincinnati has been of some assistance to the Small Business Administration in our community. The Small Business Administration is conducting seminars for small businessmen who have become involved in or have been in business for the past six months. Alpha Theta Chapter has been asked to send a Brother over once a month to speak on topics dealing with personal factors affecting small businessmen. Chris Grimm, our public relations chairman, delivered a speech titled,

"Small Businessmen, The Master Key," to approximately 50 attendants and she reported that the speech was well received.

As this quarter is coming to an end, Alpha Theta Chapter is proud to report 10 of our Brothers are graduating. A high percentage of our graduates have accepted jobs with prestigious firms such as Procter and Gamble and Arthur Andersen & Company.

We also wish to extend a warm welcome to a new faculty member initiate, Raymond P. Neveu, Associate Professor of Finance.

Larry Schroeder, our social activities chairman, has been selected as the East Central Region candidate for Undergraduate of the Year. Congratulations!

—DIANA L. FLUEGEMANN

OHIO

ALPHA OMICRON CHAPTER had another cold but active Winter quarter. Professionally, the fraternity hosted several executives from companies like Xerox, IBM, and Bordens, in cooperation with the College of Business Career Day. Other speakers for the quarter included Stuart Pratt, who talked on Armark industrial chemical sales, and Ed Beckett of the Ohio University Placement Service. This quarter's pledges organized a tour to Chris-Craft in Gallipolis, Ohio, as a part of their professional activity requirement. Chris-Craft manufactures boat parts and engines.

The chapter had initiated several fund raising projects to cut expenses for the Spring trip and formal. Among these projects were the raffle of the Ohio University-Miami game basketball at half-time and an Alpha Omicron Chapter sponsored comedy film festival on Sibling's Weekend. Both were very successful. The Spring trip has been narrowed down to two cities, with New York and Chicago in a split deadlock. Also plans were made for the Spring formal. A good alumni turnout made this formal the best ever.

With Spring elections coming up, the chapter would like to thank the following officers, Micky McCord, president; Dan Brooks, vice president for professional activities; Bruce Malesik, senior vice president; Chapter Efficiency Index chairman, Mark Butterworth; secretary, Scott Carter; vice president of pledge education, Chris Pratt; Steve Sherman, chancellor; Al Wagner, treasurer; and Jim Beamish, historian, for the successful year.

—JAMES W. BEAMISH

INDIANA

A MORE RIGOROUS and professionally oriented pledge program headlines Alpha Pi Chapter's goals this semester. Membership in the chapter now exceeds 90, a number considered to be too large and unmanageable by many Brothers. It is hoped that more careful scrutinization in the selection process and a tougher pledge program will reduce the number of "marginal members" in the chapter and increase the fraternal feeling within the chapter. For this reason this semester's rush program was very low profile in nature. Twenty prospective pledges attended the membership smoker last January 22 and 13 were selected for the pledge program. A Spring graduating class of about 30 will help move us towards our membership goal of 60-70 actives.

The end of the Fall semester proved to be a very active few weeks for Alpha Pi Chapter. New officers elected for Spring semester included the chapter's first female officers. They are: Andrea Morow, senior vice president; Nancy Ferrara, vice president for professional activities; and Joyce Butts, secretary. Other officers elected were: Tom Libertone, president; Bob Gibson, vice president for pledge education; Mike Deaton, treasurer; Mike Pecar, alumni relations chairman; Mike Riordan, CEI chairman; Dave Knust, chancellor; Dave Kelly, social chairman; and Rich Garber, historian.

Twenty new initiates were initiated last November 7 following the successful completion of their pledge program. The pledges did community work at Stonebelt Recycling Center, hosted a Halloween party for the chapter membership, and raised money for the fraternity by raffling a ten-speed bicycle. The chapter was pleased to have Mr. David Rose, new director of the East Central Region, present at the initiation ceremony.

The last major event of the semester was the annual Rose Dance, held December 9 at the Fireside Inn in Bloomington. Guest of honor was Mr. John Connors, who, in a ceremony held earlier in the day, became only the third honorary initiate in the 52-year history of the Alpha Pi Chapter. Mr. Connors had impressed the chapter earlier in the semester

Winning First Place in competition with 74 other teams in the Miami University Games People Play competition was Deltasig's Alpha Upsilon Chapter. Team members were Lynn Stryker, Linda Krebs, Rick Douglas, Dan Davis, Julie Williams and Connie Reitler.

with his presentation on actuarial accounting. Also present at the Rose Dance were Drs. Samuel Frumer and Charles Hewitt, 1977 co-winners of the Delta Sigma Pi teacher excellence award.

Second semester activities thus far have been highlighted by Alpha Pi Chapter hosting the East Central Region Area Conference last February 4. About 40 Brothers visiting from other East Central chapters discussed fraternity issues at the day-long meeting. The visiting Brothers were provided with overnight accommodations by chapter members.

After a postponement due to the Blizzard of '78, the Spring pledge-member kegger was finally held last February 3, on the eve of the Area Conference. The semi-annual event gives pledges a chance to become better acquainted with the membership. Most pledges use the kegger as an opportunity to get started on one very important phase of pledgship, individual interviews with chapter members.

Stephen Martin, director of Indiana University's real estate certification program, spoke at the chapter's first professional event of the new semester. His topic was "Careers in Real Estate."

Upcoming events on the professional calendar include speakers from Mellon Bank of Pittsburg, *Playboy* Magazine, Cummins Engine, and Brendamore Sporting Goods. Two field trips were planned for the semester. The chapter visited Mead Johnson in Evansville in late February. An overnight field trip to Cincinnati was planned for mid-April to visit Procter and Gamble, the Federal Reserve Bank branch, the John Shillito Company, and H. and S. Pogue Company.

Other major activities planned for the remainder of the semester include Alpha Pi Chapter's annual "core roast," a faculty-active golf outing, a 1950's dance, and a dinner honoring graduating seniors.

—RICHARD M. GARBER

KENT STATE

BETA PI CHAPTER is presently nearing the end of a successful Winter-Spring activities program. Although we here at Kent experienced one devastating snow storm after another during Winter quarter, we still managed to follow fairly closely our proposed professional and social calendars.

Among the speakers sharing their valuable time and thoughts with us were: Mr. William Worthington, Vice President of The Cleveland based firm Warner and Swasey; Mr. Ken Files, proprietor of Akron's Filing Scales; and Mr. Jack Lindgren, our dynamic chapter advisor who gave an inspiring talk on chapter operations. Rounding out the term are expected visits from Mr. Jack Higgins, Kent's Goodyear executive professor and former head of the Griswald-Eschelman advertising agency; Mr. Shazaz Amidi, food and beverage manager of the Holiday Inn at North Randall; and Mr. Irv Hull, a popular (?) market-ing instructor.

Scheduled tours include a visit to the plant of the Timkin Company in nearby Canton and one to the Federal Reserve Bank in Cleveland. These activities should help Beta Pi Chapter attain the 100,000 Chapter Efficiency Index point level for the second consecutive year.

As ambitious as our professional program sounds, this chapter realizes that social activity provides the foundation for establishing strong fraternal bonds. Therefore, our group of 40 has participated in such events as an evening of midnight bowling held at the bowling center of Historian Russ Berzin, a tobogganing night on the frozen slopes at Bearcreek, and our annual softball entry into the Kent intramural circuit.

Our Spring Dinner Dance has been scheduled for May 27 at the Rusty Nail in Kent. Alumni are urged to attend. Our annual "Professor of the Year" festivities will culminate at the dinner with the awards ceremony. Rounding out the weekend will be the Spring golf outing to be held at the K.S.U. Meadowview course. A party will follow and, as always, all alumni are cordially invited.

A final note: Beta Pi Chapter would like to express its warmest appreciation to the Brothers of Zeta Phi Chapter of Florida Atlantic University, our gracious hosts over Spring Break this March 17-26. Thanks.

—RUSSELL F. BERZIN

INDIANA STATE

THE DELTA TAU CHAPTER recently completed a very fine semester. There was a tour of Anheuser-Busch in St. Louis, Missouri, and there were several professional speakers highlighted by representatives from Stroh's brewery.

The Delta Tau Chapter is also happy to announce the initiation of 17 new Brothers. This was the first year that Delta Sigma Pi has allowed women to join so the new Brothers consist of four males and 13 females. The chapter is looking forward to the activities that are planned. Some of the activities planned are a tour of Procter and Gamble in Cincinnati, Ohio, some professional speakers, and the highlight of the semester will be the Rose Dance.

The Brothers of the Delta Tau Chapter would like to extend our best wishes to all other chapters for a good year.

—JEFFREY A. MAHER

BALL STATE

EPSILON XI CHAPTER has had an enjoyable and profitable Spring Quarter. Due to the coal strike, we got an extra week of break at the beginning of the quarter and I'm sure a lot of Indiana Brothers know what I am talking about.

Just prior to Spring break, we had elected the following new officers: President, Dennis Mishler; Senior Vice President, Dan Grieshop; Vice President for Professional Activities, Paul "Fuzz" Guckenberger; Vice President for Pledge Education, Jon Wolfe; CEI Chairman, Don Beckley; Treasurer, Scott Anderson; Chancellor, Craig Myers; Historian, Ron Henry; and Secretary (the first woman officer in Epsilon Xi Chapter's history), Katherine "Missy" Arbuckle. A lot of these new officers have served before so we are looking forward to a year of solid leadership.

Our professional activities have really been interesting and thought-provoking. Mr. Joe Jackson, accounting professor and alumnus of Delta Sigma Pi, spoke to our Brothers on the subject of the accounting profession, and we have taken tours at several places: Ball Corporation Office; Colonial Bread, Mun-

cie; and Merchants National Bank, Ma. The best part of these tours was speaking to the people in management positions about their functions in the firm.

We undertook a campaign to sell our books to help replenish our bank account after our Winter banquet, and it was a success both for us and for the students. We made use of the discount coupons.

As this is my final contribution to DELTASIG, I would like to bid farewell to those who have been reading my newsletter. It has been an honor to represent the Brothers of Epsilon Xi Chapter.

—BRUCE W. M...

AKRON

THETA KAPPA CHAPTER has finally out of the snow drifts to a fine Spring Quarter. We are very optimistic toward our first CEI "Honor Roll" status since our initiation in 1970. We are also looking forward to a strong pledge class such as our Winter Quarter Class. Among our regular bi-weekly meetings, we will be holding our Second Annual Theta Kappa Open Golf Classic on March 17-18, 1978. We would like to extend an invitation to any Brother to join us for the afternoon for any other function that we may be sponsoring during the year. You can find us at the University of Akron, Leigh Room 409-B, our office during the day, or by dropping us a letter. We will also be holding our annual "Ugly Professor Contest" where a penny will buy you a vote for your candidate for the ugliest professor at Akron University. The proceeds will go to the Easter Seal Campaign in Northeastern Ohio.

We, here at the University of Akron, would like to wish you all a very nice Summer. We will be back next year in a rather unusual situation, inasmuch as the University has decided to shift to semesters from the present quarter system. This means that most of us will be trying to find out where the second quarter of Western Cult can be found or where we can't graduate due to the loss of some classes that is no longer offered. Theta Kappa Chapter will be involved through our orientation program held for transferring sophomores from the General College. This can be a fine example of the blind leading the blind!

—SAMUEL F. SHANNON

BOWLING GREEN

THE NEW OFFICERS of Theta Pi Chapter took over office early this quarter and, with the past officers acting as advisors, have established a well-rounded program already. The pledging program has continued to grow as 19 new pledges will be initiated into the chapter recently.

The professional program set up by Brother Doug Willaman was divided between two tours and three speakers. The tours were through an advertising firm, whose president spoke to our chapter earlier, and Owens Corning. The speakers were a sales representative from Owens-Corning, a marketing professor on the subject of marketing research, and a district personnel manager from Mart.

Finally, we did it! The members of Theta Pi Chapter finally beat the business faculty in the annual softball game. An overall strong team defense and some clutch hitting paid

he way to victory. After the game, we all gathered at a local pub for pizza and beer to review the highlights of the game and make treats and promises with respect to next year's game. Another social excursion was a canoe trip. For some members, such as brother Laura Mangino, the experience was a bit damp, as they found that navigating a canoe was not as easy as it looked.

At this time, Theta Pi Chapter would like to wish all the best to our graduating seniors. We also would like to extend to all chapters our hopes for your continued success in the future.

—DAN KERKHOFF

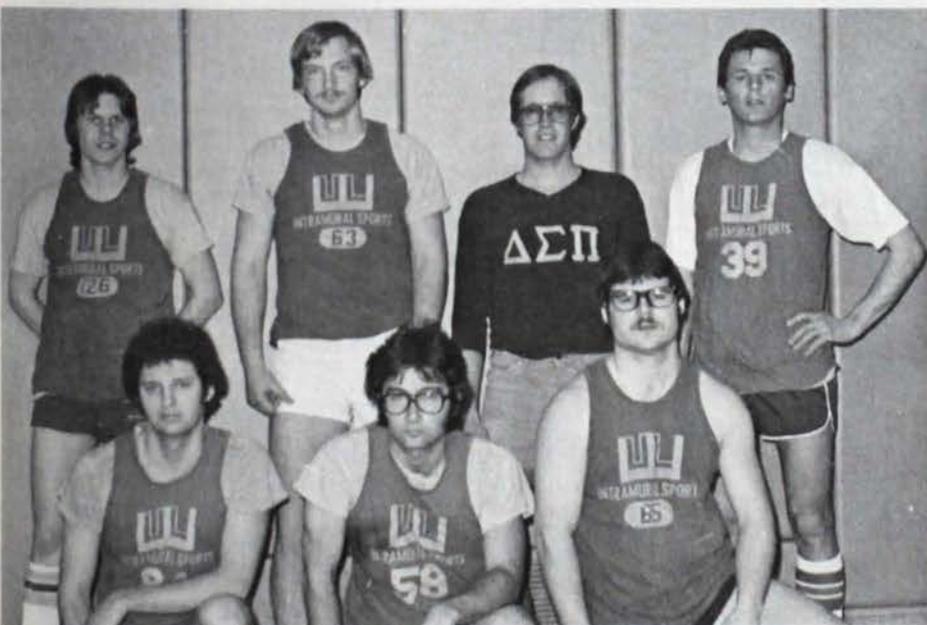

INDIANA-NORTHWEST

THETA PSI CHAPTER at Indiana University Northwest recently attended an Area

Conference at Indiana University, Bloomington, Indiana, where our Vice President of Professional Activities John V. Henik made an excellent presentation about our professional speaking program, "Lectures in Professional Excellence." John explained how professional people from the community have volunteered their time and efforts to come on campus to speak on various topics of interest to the community. These sessions are held once a week and are open to the public free of charge. He went into detail as to how he and his committee lined up the speakers and had programs printed to advertise the sessions. The programs were mailed to each business student on campus, area business people and the area high schools. The turnouts have greatly exceeded our expectations.

Personal contact is one key to successful recruiting as shown here by Alpha Pi Chapter at Indiana and interested prospects.

The number two basketball team in intramurals at Wisconsin-LaCrosse was Deltasig's Eta Rho Chapter.

Among the topics that have been or will be discussed this semester are "The Problem of Steel Imports and Recommended Governmental Action," which was a panel discussion. Members of the panel were Earl Sieger of U.S. Steel, Mike Heagy of Bethlehem Steel and Thomas D. Moore of Youngstown Steel, with Theodore E. Leask of Superior Engineering as moderator; "The Impact of the Oil Crises in our Economy in the next 25 Years," James L. Johnston of Standard Oil of Indiana; "Reverse Discrimination in the Graduate Schools," Dean Richard I. Badger of the University of Chicago Law School; "The Future of Nuclear Power in Northwest Indiana," Dean Mitchell, Chairman of the Board of Northern Indiana Public Service Company, and others.

Each year the Brothers of the chapter sponsor a blood drive. This year our drive was very successful. The organization of the drive was done by John V. Henik, Chairman of the blood drive. Our quota, as set by the Northwest Indiana Red Cross, was 80 pints. We exceeded our quota, with the aid of the Brothers, the pledges and the student body.

Another annual event of Theta Psi Chapter is our Mush Ball Tournament. Net proceeds of \$1,200 are expected this year with the participation of 15 area teams.

We are also proud of the achievement of our President, Dan G. Cekarmis, who is a 1978 candidate for "Undergraduate of the Year."

At our upcoming initiation, Theta Psi Chapter plans to initiate 19 new Brothers. Along with these new Brothers we will initiate our first honorary member, Congressman Adam Benjamin, Jr. Congressman Benjamin is a representative from the State of Indiana to the U.S. Congress and a prominent Gary businessman. He has accepted our invitation to become our first honorary member and plans to be present to address our banquet in April.

—PATRICIA D. JOHNSON

WISCONSIN-MADISON

THE MEN OF PSI CHAPTER are once again proud to report another successful semester, one of special significance to us. As Psi Chapter celebrates its 55th year in existence, we will also celebrate the crossing of our 1000th member mark. To commemorate this exciting achievement the Psi guys have decided to hold a banquet. Presently, plans are being made to include a social hour, dinner and an orchestral ball. Therefore, we would like to extend our invitation to all Deltasigs to attend this festivity.

Along the line of membership, the initiation of eight new Brothers brought Psi Chapter closer to this mark of Psi 1000. The new actives are Paul Benrud, Rich Tetzlaff, Greg Teeters, Larry Wallace, James Tilley, Pat Klarer, Larry Green and Mike Mogenburg. Spring rush has gone extremely well under Senior Vice President Sigurd Bringe, with a final pledging of 17.

Highlighting this semester's professional activities were two field trips put together by Brother Doug Nelson. The first took us to Milwaukee to visit Bucyrus-Erie and the Schlitz Brewery operations. A Bucks basketball game wound up the day for members, pledges and Little Sisters. A second trip to General Motors and Parker Pen, both of Janesville,

Wisconsin, was planned. In addition, six guest speakers were scheduled to address the chapter sometime during the semester. Our final professional project is the annual student-faculty banquet which provides an excellent opportunity to meet and talk informally with the business faculty, many of whom are Deltasigs themselves.

Psi Chapter's service projects for this semester began with our annual welfare outing through the Big Brotherhood service of Dane County. Also for the first time, the Deltasigs were the guests at the medium security prison at Oxford, Wisconsin, for several friendly games of basketball with the inmates.

The Spring social calendar was more than full, thanks to the efforts of Social Chairman Phil Shepet. Our second semester initially began a week early by hosting a get-together in the Upper Peninsula of Michigan. Enjoying a week of excellent skiing were members as well as alumni and pledges. The time was invaluable in getting to know our pledges better and strengthening the bonds of Brotherhood with our chapter alumni. Winding down the semester were weekend parties with sororities and Little Sisters. Enthusiasm was high for our two final events of the year—Rose formal on May 6 and Dad's Day on April 8.

Senior Send Off will seat 10 graduating seniors at the head table. They are: Daryl Walther, Sigurd Bringe, Doug Schultz, Ray Edwards, Don Morell, Jeff Story, Phil Shepet, Gerard Ballweg, Wendell Kurtz, Steve Rossmeissl, Gary Tobison. We extend our appreciation and wish them our best in beginning their respective careers.

One last reminder is to mark Saturday, September 23, 1978, on your Fall social calendar so that you may be able to attend the Psi Chapter banquet. More details will be going out to all chapters and Psi Chapter alumni when they are finalized. We remain in Brotherhood and hope to see many of you this Fall.

—GARY J. HERMAN

DETROIT

GAMMA RHO CHAPTER has finished another busy semester at the University of Detroit. Congratulations are in order for the Brothers who have completed their requirements for the B.B.A. degree.

The past semester was filled with many social and professional outings. Along with the normal rush activities a Spring Disco Dance sponsored by the Greater Detroit Alumni Club of Delta Sigma Pi and the Gamma Rho Chapter provided a night of enjoyment for all. The highlight of the professional program was a tour of Detroit's Stroh Brewery since it provided us with the knowledge of the brewing of beer, and their corporation structure.

The scholastic year has ended for the majority of the Gamma Rho Chapter Brothers and while many of us put away our books we continue to meet socially throughout the Summer. Activities will include two softball games, one with Alpha Kappa Psi and the other with the Greater Detroit Alumni Club, each followed by a family picnic. The Brothers will meet again for a golf outing and also for a canoe trip.

I would like to thank all the Brothers and especially this year's officers who have helped make the 1977-78 scholastic year a big success. I would also like to thank all the wives and girl friends of the Brothers for their expertise in planning and preparing fantastic meals at all of our parties. To all the Brothers and chapters of Delta Sigma Pi, we at Gamma Rho Chapter wish you a prosperous and enjoyable Summer.

—DANIEL C. JASTER

FERRIS STATE

DELTA RHO CHAPTER is enjoying the rating of being one of the largest fraternities on campus. A Spring recruiting program was undertaken which will help the chapter maintain its status.

This year, the chapter sent over 75 students down to Daytona Beach, Florida, to bask in the sun during our "Spring Break." In this annual event, two buses are chartered for the ride and hotel reservations were made to accommodate the students. This project has turned out to be our biggest money maker.

Over 40 firms were in attendance for our ninth annual "Career Day." Representatives of companies from around the state were greeted with a morning coffee hour where they were able to talk with the Brothers and faculty of the School of Business. The representatives also entered many classrooms where they were able to lecture about their various fields of occupation. Afternoon festivities allowed students of the college to meet with and speak to the firm's representatives about career possibilities.

Our chapter's professional program took us to Frankenmuth, Michigan, to tour a well known retail outlet called "Bronner's," where the Brothers learned that it really could be "Christmas" 365 days a year. And then on to Zehnder's for a work famous "chicken" dinner after a first-hand tour of the place. The next tour took us to the newly finished Renaissance Center, to tour an accounting firm. While in Detroit, the Brothers kept the tradi-

tion of stopping at Stroh's. The Stroh's people showed the Brothers and alumnus in attendance great hospitality with a well-rounded tour of the brewery.

The chapter is making final efforts to achieve our goal of 100,000 points in the Chapter Efficiency Index. We are well on the way to making the goal with all programs operating at top efficiency.

The Brothers of Delta Rho Chapter wish all the members of Delta Sigma Pi a very successful school year and a good Summer. We be looking forward to hearing from you again next Fall.

—DENNIS R. NIENHUIS

LEWIS

ZETA XI CHAPTER has had a year of progress. During the second semester, our new officers carried on the tradition of the previous officers, to achieve an unprecedented year of change.

Thanks are in order for Senior Vice President Steve Wlodarski for his excellent planning of our recruiting program. Our Formal Rush was enhanced by the presence of several faculty Brothers, a marvelous speech by Alumnus Roger Rickmon and a slide show on loan from Brother Steve Szekely, our past Regional Director.

Also, to be congratulated on his job is Brother James Rousey for his excellent training of our pledge class. His strict discipline and creativity led to the initiation of some truly fine new Brothers.

Brother Rich Vodziak organized a professional program that was both interesting and educational. This past semester included such notable speakers as John Lowery, Deltasig alumnus, who spoke on "Marketing Research," a speaker from the General Electric Company who discussed "Personnel and Manpower Management," as well as a speaker from Western Electric, who talked about "Industrial Management." These and other speakers contributed to the success of the professional program.

On February 16 the chapter held a dance

The pledges of Delta Nu Chapter at Loyola-New Orleans with their Big Brothers.

featuring the band, "Hotel." The turnout was excellent and everyone had a good time. Credit for the success goes to Brother Steve Peterson, the social chairman, Brother Mark Olson for publicity, and Brother Rich Bersell for arranging for the band.

We'd also like to thank the Chicago Alumni Club for the tremendous Undergraduate Day they hosted on April 6. As always, the tours were fascinating and the dinner most enjoyable.

Zeta Xi Chapter is proud to be represented by Brother Steve Wlodarski, as the Central Region Undergraduate of the Year. Brother Wlodarski has long been a source of new ideas and enthusiasm in the chapter.

We wish our graduating Brothers, Rich Bersell, Dave Converse, B. Scott Kropf, Ray Lipke, Rich Vodziak, and Steve Wlodarski, every success in the years to come.

We hope other chapters have found the past year to be a successful one, and wish all our Brothers everywhere a fabulous summer.

—CHERYL A. REZNICEK AND KAREN M. ERCOLI

WISCONSIN-LA CROSSE

ETA RHO CHAPTER at the University of Wisconsin-LaCrosse started the second semester in fine form by kicking off our rush program with an informal rush that was a joint venture with the women of the Phi Gamma Nu Sorority. The two formal rushes that followed, combined with the efforts of our Senior Vice President Rich Molzahn, resulted in our taking 11 new pledges.

Delta Sigma Pi was honored to provide a representative to the Students Advisory Board to the Dean of the School of Business this semester. Brother Steve Kremer is presently serving in that capacity to voice the thoughts of the other Brothers in the affairs of the School of Business.

On February 9 a dinner and professional meeting was held featuring Mr. Dick McGarry, a recruiter from Trane Corporation, who held everyone's interest with his formal talk

and the following discussion on "Job Interviews and Interview Practices," a subject of importance to us all.

Of course, our two basketball teams were going strong again this Spring. This year we really looked forward to the annual basketball game against Psi Chapter at Madison which has a reputation of being a good time for all who attend.

Eta Rho Chapter would like to wish the best of Brotherhood to all and the best of luck to all the graduating Brothers.

—FRANK L. VONDRASHEK

LOUISIANA STATE

BETA ZETA CHAPTER got things rolling early this semester with a rush smoker on January 16. In less than a week's time the chapter had a party, a professional meeting, and the pledging-in ceremony. The pledge program brought back old and introduced new ideas into the educational program as well as the chapter's activities. As a whole, the class worked diligently on their fundraising raffle and on their service project.

There were several occasions for both the members and pledges to become better acquainted, outside of school. The chapter attended one of the LSU basketball games and partied afterwards at the apartment of three of the members. Another function, which has almost become a standard activity, was the Big Brother-Little Brother ice-skating party. February 24 was an evening on the ice followed by a quick warm-up at Chelsea's Pub.

The social committee kept our schedule busy with two TGIF's and the final fling of the year, the Annual Crawfish Boil. April 29 was an afternoon of feasting on this Cajun Cuisine as well as the pleasure of participating or watching the members play volleyball, softball, and horseshoes. The chapter members as well as alums enjoyed this special afternoon.

Next semester the School of Business will be moving to a new building, CEBA. So, Beta

Zeta Chapter will be soon vacating the old familiar 134 Himes.

Have a nice Summer!

—CAROLYN MCCOY

LOUISIANA TECH

BETA PSI CHAPTER at Louisiana Tech University has enjoyed a highly successful year to date. With membership now topping 80, Beta Psi Chapter has achieved a fine balance of numbers and active participation by all Brothers. Our Spring pledge class of 16 promises to be a fine addition to the chapter.

The following officers were installed February 16: Jim Pennington, president; Keith Wall, senior vice president; Janet Funk, vice president for pledge education; Ronnie Lester, vice president for professional activities; Cheryl Powell, secretary; Steven Kern, treasurer; Dale Johnson, CEI chairman; Art Reisinger, chancellor, and James Lynch, historian.

A full and vital professional program has fired Beta Psi Chapter to greater endeavors. Speakers included the president of Dunhill Employment Agency of Shreveport, Louisiana, and an FBI agent. Our annual field trip was to Houston, and was a time of learning and visiting with many Beta Psi Chapter alumni and friends. Tours of Texas Eastern Corporation and Exxon, Inc., were followed by visits to the Houston Ship Channel and an advertising agency. In the future we are planning a field trip in connection with the Crescent City Alumni Club Basketball Tournament, an event looked forward to every year, and which Beta Psi Chapter has won the past two years.

Our chapter continues to stay involved with campus activities by our sponsoring for the first time a worthy candidate for the Miss Louisiana Tech Pageant. The College of Administration and Business Commerce Day allows Beta Psi Chapter to promote not only business, but Delta Sigma Pi by participating in Wacky Olympics and presenting the David L. Gloer Scholarship to a worthy business student at the Commerce Day banquet.

1978 being Beta Psi Chapter's 30th anniversary, a gala birthday party is being planned on May 13 with all alumni, members and friends of Beta Psi Chapter joining in the festivities of a dinner-dance on a riverboat. Again we look forward to a 100,000 point year led by our phenomenal CEI Chairman Dale Johnson, and wish all other chapters the best in achieving this worthy goal.

—DIANE KAY DELK

SOUTHERN MISSISSIPPI

GAMMA TAU CHAPTER at the University of Southern Mississippi has just completed a rewarding Spring Quarter. We have recently set up a \$250.00 scholarship in the name of the fraternity. Hopefully, this perpetuating fund, which will be awarded each year to a deserving business student, will bring more recognition to Delta Sigma Pi on Southern Mississippi's campus.

Professionalism, one of our strongest points, was fostered by our Vice President for Professional Activities, William Nichols, with tours to Northern Electric Company, Masonite Lumber and Hardboard Company and to Merrill Lynch Investment Brokers in New Orleans. An excellent speaker, Mr. Bill Ray, lectured on "The Role and Respon-

Joyce Butz pins new pledge Dan Johnson at Spring induction ceremony of Alpha Pi Chapter at Indiana University.

sibility of Privately Owned Institutions on the Community." We are proud to say we had a large turnout for each of these events.

The Winter pledge program went exceptionally well with the initiation of three new faculty members; Mr. John Price, Mr. David Vicnair and Dr. Thomas Estes, plus 11 new undergraduate members.

Our Fund Raising Chairman, Tony Stamps, kept the chapter financially alive with a series of projects including a doughnut sale, working for the Young Banker's convention by cooking and serving barbecued chicken and waiting on tables at a university-sponsored dinner theater. All the Brothers enthusiastically backed Tony in these endeavors to make them a success.

The chapter had a great chance to get to know Danny LaFont, our Chapter Consultant. Danny is definitely an authority on chapter operations as was shown by the great advice he gave us, especially on selecting pledges. On top of this, we found out that he is a fantastic singer. With his voice and a few guitars, we had an instant party (which we all loved) the night before the scheduled meeting. We want to thank him for everything.

We would also like to congratulate and wish the best of luck to the Brothers who are graduating this year. Through their hard work, enthusiasm and unity, they have created a spirit of success and accomplishment for the chapter.

—TERRI MURRELL

LOYOLA-NEW ORLEANS

DELTA NU CHAPTER at Loyola University of the South, after an activity-filled semester, is beginning to tone down for the summer. Planning is in initial stages for the next semester which will further aid in uniting our chapter.

The re-establishment of our chapter newsletter and a professional business trip to Houston were the highlights of this semester. Many alumni enjoyed hearing from us and learning what we were doing just as we enjoyed presenting it. Since our chapter is beginning to grow stronger, we hope that our newsletter will be successful.

Getting started for Summer, Delta Nu Chapter will celebrate our chapter birthday on May 3. It will not only mark our 20 years of existence, but will also remind us of our reorganization and growth. Also, we will celebrate the end of the school year with a picnic after final exams on May 13. It will be the perfect chance to make plans for the Summer.

As our chapter grows, we hope to keep unity. We have experienced a near collapse and our rapid growth is attracting more students. From a faithful few to dedicated many, we're succeeding and we will survive.

—SHIRLEY M. TOUPS

MISSISSIPPI COLLEGE

ZETA IOTA CHAPTER at Mississippi College is enjoying another profitable and fun-filled semester. The Brothers of the chapter are practicing for the annual Crescent City Alumni Club Basketball Tournament to be held in New Orleans with other chapters of the area. Zeta Iota Chapter plans to "dribble" away with the first place trophy this year. Also, in April, our chapter sponsored Derby

Day for the girls' social clubs. Derby Day has always been a highlight for the Spring semester on our campus and we expected another full day of and competition for all again this year.

Our Vice President for Professional Activities, Bill Farlow, has several tours of local businesses along with speakers appearing on campus. We also plan to tour the Federal Reserve Bank while in New Orleans. David Douglas, Vice President for Pledge Education, reports that Spring Rush is underway, while Becky Tucker, social chairman, worked on plans for several parties this semester, with a ski-party for late Spring. The Brothers are continuing to sell donuts in the dorms once a week. We have discovered this project to be very profitable and good publicity for us on campus.

The Brothers of Zeta Iota Chapter want to extend their best wishes to all chapters, and a special note to those chapters that will be represented at the Crescent City Alumni Basketball Tournament that we are looking forward to seeing you in New Orleans.

—KATHRYN A. WATERBURY

SOUTHEASTERN LOUISIANA

ZETA SIGMA CHAPTER at Southeastern Louisiana University launched a fine Spring semester. We started off with a very effective rush program. One of our members hosted an informal party at his home, and a semi-formal party was held the following week at the Student Union. We gained several well-qualified pledges from these activities.

The professional activities for this semester included two guest speakers and three tours. One tour took us to a bank in New Orleans, while another one was in Baton Rouge. On our third tour, we visited a bank in Hammond. To celebrate our chapter's 12th birthday, we will sponsor a reception for the business faculty. The fund raising project for this semester again was selling chocolate candy. We decided to work on this project again because of the tremendous success we had with it last semester. Our initiation for our new pledges was scheduled for the first part of April. It was followed by a banquet at a local restaurant.

Now near the end of the semester, we look toward the future: new officers will be elected and tentative plans will be formulated for next Fall semester.

—JANE E. ROUSSEL

NICHOLLS STATE

ETA IOTA CHAPTER at Nicholls State University had a very busy Spring semester. Our fund raising project each Spring semester is a softball tournament which takes a lot of planning and work. This year's tournament was held on the Chackbay Church Field on March 18 and 19. There were 16 teams participating from the Thibodaux-Houma-New Orleans area. Awards were given to the first, second, and third place teams. Besides these trophies, individuals on the first place team each received a Delta Sigma Pi award jacket. All in all, it was a very successful money-making project.

Our vice president for professional activities, Kim Becnel, was very busy getting together many professional programs. One item on the agenda was a luncheon with a speaker from Jack Daniels talking about the

"Marketing of Jack Daniels." Another luncheon speaker was Mr. Don Lathrop, President of the American Bank of Houma, Louisiana. The fraternity went on a tour to McDermitt, an Oil Field Fabricator Company in Amelia, Louisiana. Several professional activities were planned at our regular business meetings also. These included a speaker from the City of Thibodaux's Department of Finance, and three films—"Leadership: Style or Circumstance," "Women in Management: Threat or Opportunity," and "Group Dynamics: Group Think."

Jerry Marcantel, an alumnus of Eta Iota Chapter, is starting up an alumni club in the Houma-Thibodaux area. We wish him luck in his efforts with this job.

Two of our past members were blessed with children—Kimberly Babineaux had a baby girl in October and Craig and Mrs. Kees had a baby boy in February.

Eta Iota Chapter wishes all of you an enjoyable and productive Summer and Fall semester.

—RUTH MATTHEWS

NORTHEAST LOUISIANA

FROM NORTHEAST LOUISIANA UNIVERSITY, this is the roving reporter bringing you news from the Eta Omicron Chapter. Due to the busy rush week when the Brothers got acquainted with several rushees, we had a Spring pledge class of 12. Those taken in were: Steve Breed, Adrel Chapman, Joyce Cluck, Paul Galloway, Bobby Hood, Chris Nelson, Greg Overby, Teresa Overby, Tim Quinn, Tom Theriot, Marcia White, and Harold Williams.

This Spring's professional program alone would keep anyone busy, however, we had an active social calendar as well. Our annual money-raising project was a car wash which gave all the pledges an opportunity to prove themselves as hard workers.

April was truly the busiest month of the Spring semester. The Brothers of Eta Omicron Chapter enjoyed the Crescent City Alumni Club Basketball Tournament in New Orleans on April 1 once again. The alumni Brothers provided a great program and the Eta Omicron Chapter Brothers found plenty of time to party in "sin" city.

This year's Spring initiation banquet was held on April 8. Two of the Brothers, Vic Head and David Cole, made this a better day by getting married. This provided a first in the history of the Eta Omicron Chapter.

This year's CEI performance is doing very well. Consequently, we expect to make the Honor Roll for the second consecutive year.

Brotherhood among chapters in the Southern Region has remained very strong since the Grand Chapter Congress last Summer. We of the Eta Omicron Chapter are looking forward to seeing all the chapters in the Southern Region at the Southern Regional Convention this Fall. Wishing all Brothers a great Summer and a great year next Fall.

—LISA STAFFORD

MCNEESE STATE

A first has occurred in Eta Tau Chapter at McNeese State University this past Fall semester—women were accepted into the fraternity. Twelve out of 21 of the new activities are women and two have taken office this

Spring semester. Brotherhood is taken seriously in our chapter and the evidence is everywhere to be seen. Before classes, during classes, after and between classes, the warmth of honest Brotherhood flows through the laughter and conversation of the Deltasigs in the halls.

Our Spring semester had many activities planned. Among them were the education of pledges, a garage sale, a basketball tournament, and the Rose Ball.

Eta Tau Chapter is raising money to provide recreation equipment for the handicapped children's home. We are also having

our blood types put on file at the hospitals for use in case of an emergency.

Our Spring rush program got off to a great start with the smoker. Phil Smathers, a local Broker, was the speaker. Mr. Smathers was followed by Dr. Frank Busch, the Southern Regional Director. He gave a presentation on the background and future of Delta Sigma Pi. We had 12 new pledges for this semester and looked forward to having them join the ranks of our fraternity.

Eta Tau Chapter finished the Fall semester by ranking fifth in the nation and third in the Southern Region in the CEI Index.

The Lakes Charles Alumni Club is very helpful to our undergraduate chapter. Many of the members are McNeese graduates and are constantly available to help and guide us to achieving our goals. Eta Tau Chapter would like to wish all of the other chapters of Delta Sigma Pi a very successful and rewarding school year.

—JENNIFER M. FREY

NEBRASKA-LINCOLN

ALPHA DELTA CHAPTER entered into its 15th year at the University of Nebraska-Lincoln with plans for activities designed to contribute to the growth of both the chapter and the individual Deltasigs. Professional activities, highlighted by a tour of Omaha businesses, played an important part in achieving this goal for the Spring semester. Speakers such as John Ragsdale, attorney for Woodmen Accident and Life, and Lee Thomas, program director for KLMS Radio, shared their knowledge with the chapter at a professional dinner, the Spring Awards Banquet, and several meetings.

Community involvement and social activities continue to be of importance to Alpha Delta Chapter. A series of evenings spent with the residents of the Nebraska Center for Children and Youth followed successful activities with them last semester. A picnic held in April for members, pledges, and alumni proved to be a social highlight of the Spring semester as it promoted friendship between all the Deltasigs.

Alpha Delta Chapter is looking towards the future as evidenced by its initiation of 10 men and women on April 16. Elections have been held, and officers installed for the Fall semester, a semester the chapter hopes to develop to its full potential.

—JOYCE LADELL ROBB

SOUTH DAKOTA

ALPHA ETA CHAPTER at the University of South Dakota is once again at the end of a busy semester. After winning in last year's Dance for Dystrophy, we competed again this year. With a total of 11 people dancing, we received second place for organization donations and third place was given to Sister Dixie Coons for individual donations.

Professional speakers for this semester have been Mr. Wymar speaking on International Manners, Ms. Colleen Quinn on Corporation Auditing, Mr. K. D. Lohry on the K. D. stockyard, and Mr. Fuller on Job Interviews. All of these speakers have been informative and very interesting.

With the field trip to Denver, we spent a very interesting four days. The trip started on April 5 with the bus ride from Sioux City to Denver. April 6 was filled with a trip to the Denver Mint and May D & F. A trip to the Air Force Accounts and Finance Center on the morning of the 7th and a visit to Coors Brewery for the afternoon filled the second day. April 8 was left for shopping and sight-seeing; we left Denver at 11:00 that night.

The semi-annual care packages were one of our main money making projects. With a group of 10 students and two teachers, we have our pledge class of this semester.

The members once again got together for the annual pig feed and softball game with the faculty. We also challenged the faculty to a basketball game earlier in the semester.

Pictures and personal contacts helped Alpha Delta Chapter at Nebraska-Lincoln tell its story at its information booth in the College of Business Administration.

Director of Alumni Activities Mike Mallonee at far left, and Intermountain Regional Director Ted Atlass at far right, join members of the Denver Alumni Club and Alpha Nu Chapter at Denver at the chapter's initiation.

Ending the year with our Spring Formal seemed a good way to round off the semester. The formal was held in the Hilton in Sioux City, Iowa.

—JOAN M. CARLIN

DRAKE

THE BROTHERS OF the Alpha Iota Chapter would like to thank the Brothers of the Theta Tau Chapter for hosting the North Central Region Basketball Tournament, and congratulations to them for ensuring a fine time for all those attending. Our congratulations also go out to them on their victory in the tournament.

Washington, DC, became a reality for the Brothers as the site of our Spring field trip. Many thanks to Brother Dave Rogers for his many hours of work in arranging this unparalleled learning experience.

With the end of the semester upon us, the Alpha Iota Chapter wishes that all of the Brothers have a very prosperous Summer.

—WILLIAM S. SNARSKI

WAYNE STATE

ETA PI CHAPTER At Wayne State College took a pro tour to Minneapolis, Minnesota, on October 27 and 28. Fourteen undergraduates, 13 future pledges and three chapter advisors visited the Federal Reserve Bank, Betty Crocker at General Mills, Inc., Tonka Toys, and 3M Corporation. The Brothers had many questions to ask the companies about their financing, marketing, management and advertising techniques. All agreed the tour was worthwhile.

In successful rush we initiated 13 Deltasigs who are already contributing much to the chapter. The outstanding pledge, Phil Koeber, was announced at the initiation banquet.

The chapter conducted a fund raising project by distributing energy packages, which included various snack foods, to students on campus during finals week. This idea went over very well.

On February 22 the first smoker was held to inform prospects of what Delta Sigma Pi has to offer—we hoped for another successful rush.

Brothers of Eta Pi Chapter participated in the North Central Basketball Tournament at St. Cloud, Minnesota, on February 17-18. Playing in the tourney and meeting other Deltasigs added up to an exciting weekend.

—JOELENE B. GUSTAFSON

ST. CLOUD

THETA TAU CHAPTER at St. Cloud State University is making preparations for the locally renowned Daytona Beach Spring break trip. At least 235 sunbathers are expected to go down to Florida this Spring, the largest group to date that Theta Tau Chapter has had for the annually-held trip. Thirty-five Brothers will participate in the trip that is spearheaded by Brother John Dixon.

Theta Tau Chapter planned to hold this year's Rose Dance, tentatively scheduled for April 1, at the Sunwood Inn Hotel in St. Cloud. A big turnout of alumni was expected. Music was provided by the band, "Head East."

This Spring Quarter, Theta Tau Chapter will be awarding two \$200.00 and three \$100.00 scholarships in the name of Doug Jirik as part of the Doug Jirik Memorial

Fund presentations. The memorial fund is headed by Brother Dan Maxwell who takes care of all contributions that are donated to the fund.

Theta Tau Chapter expected to field a strong IM softball team this Spring. The new crop of pledges received last Fall and the newcomers this Spring will revitalize the previously old and slow Theta Tau Chapter team. A campus championship is expected for the Deltasigs.

The annual regional basketball tourney was held the weekend of February 17-19. The tournament was a big success and congratulations should be given to Brother Mark Finger who put in a great deal of time to make the tournament enjoyable for everyone.

—BRAD McMURRAY

MISSOURI

BY CONSCIENTIOUS EFFORT by its constituents, the Alpha Beta Chapter of Delta Sigma Pi has continued its tradition of being the strongest business fraternity at the University of Missouri-Columbia through the Winter Semester of 1978. Predictions indicate that the chapter will attain Honor Roll status for the 38th consecutive year, but the members refuse to rest on their laurels. Much effort was expended to make sure Alpha Beta Chapter kept its standards high and oriented its members to business with a good program.

Rich Goodman, Vice President of Professional Activities, invited a variety of professional speakers from both small towns and large cities while, at the same time, covering the major fields of business.

The Chicago Business Trip in late April exposed the chapter to such companies as Standard Oil, Sears, and IBM of Chicago, showing insights on business that textbooks cannot do.

The chapter went coed in the Fall of 1977, reflecting the increasing trend of female mobility in the business world. Now, this semester's pledge class had a female/male ratio of 1 to 1 and the first female pledge class president was elected this Spring. Since both males and females are now interacting in a business atmosphere on the collegiate level, tomorrow's business people will have fewer problems establishing business relationships with members of both sexes.

Alpha Beta Chapter joined in the fight against Multiple Sclerosis with a service project in coordination with several civic organizations in Columbia.

Alpha Beta Chapter of Delta Sigma Pi is now finishing its 54th year at the University of Missouri-Columbia and a good year it was. But here's hoping next year is even better.

TULSA

BETA CHI CHAPTER at the University of Tulsa has had a successful Spring semester. In April we were hosts for a joint initiation with Beta Epsilon Chapter from Oklahoma University and Gamma Epsilon Chapter from Oklahoma State University. A joint initiation is an example of the way in which chapters can work together in order to achieve the goals and ideals stated in the Ritual of Delta Sigma Pi.

A banquet was held this month to celebrate the 30th anniversary of the formation of this chapter. Many alumni attended and were

able to renew old friendships, begin new friendships, and prove that, despite age differences, one is a Deltasig for life.

We have several activities planned for enjoyment during the Summer. But we look forward to the Fall semester when we will give more men and women the opportunity to say: "I'm proud to be a Deltasig!"

—JOHN J. THOMAS

OKLAHOMA STATE

THE GAMMA EPSILON CHAPTER at Oklahoma State University is proud to report the completion of another successful semester, filled with many fun and educational activities. The new year brought with it the leadership of the new officers for the 1978 Spring semester. They were: Greg Myles, president; Jimmy Jackson, senior vice president; Mark Burson, vice president for pledge education; Greg Sampson, vice president for professional activities; Toni Mullendore, chancellor; Cindy Lane, treasurer; Phil Tan, secretary; Escler Pruitt, historian; and Dennis Blackwood, CEI chairman.

The semester kicked off with a pledge party hosted by the members. This helped set the chapter attitude of spirit, enthusiasm, and unity which prevailed throughout the semester.

Our professional activities included company tours of Williams Company and Tele Company, both of Tulsa. Guest speakers included: an audit partner from Peat, Marwick, Mitchell of Tulsa, who spoke on interviewing techniques; the president of Clay Barnard and Company, who gave a presentation about computer warehousing; and the owner of Bates Brothers' Men's Wear, who spoke on the subject of ownership and management of a retail business.

Our annual Rose Ball was held April 1 at the Stillwater Country Club and proved to be a delightful evening for all who attended. April 8 highlighted the semester with the activities of pledge initiation which combined the O.S.U. Gamma Epsilon Chapter with the Tulsa University Beta Chi Chapter, and the Oklahoma University Beta Epsilon Chapter. The initiation activities were held at Tulsa University.

The semester's activities ended with a farewell party for our 28 graduating seniors to wish them the best upon their graduation from the classroom into their new positions of employment in the business world.

—ESCLER PRUITT

NORTH TEXAS STATE

DELTA EPSILON CHAPTER is having a great Spring semester with many thanks to our new officers: Mike Shost, president; Dan Thomas, senior vice president; Joe Kosanda, vice president for pledge education; John Mason, vice president for professional activities; Mike Robnett, treasurer; Robert Schlein, secretary; Pete Balda, chancellor; Jim Jugler, CEI Chairman; and Rafi Siddiqui, historian.

To start the semester out right, we had a work project to square away all difficulties that might arise, including repair work on the house and yard.

Our recruiting activities this semester started with great enthusiasm. We have pledged 15 new prospective members who look very promising.

The professional events this Spring are very impressive. Our first activity included several speakers from various fields of the business community and involved everyone in a panel discussion. Other speakers we had planned for this semester, to name a few, include a representative from the Atlantic Richfield Company and the Business Manager of N.T.S.U.

Socially, we sponsored a basketball tournament between the chapters of Texas Christian University, Texas-Arlington, and Southern Methodist University. TCU was awarded a trophy for winning the tournament. Other social activities included the annual Rose Ball which was held in Dallas on April 8. Many chapters in the area participated with us, in addition to the Alumni Club.

All the Brothers of Delta Epsilon Chapter wish all chapters a very good and productive semester.

ANGELO STATE

ETA THETA CHAPTER at Angelo State University is losing several Brothers to graduation while others are just becoming active in the fraternity. Graduation will be taking its toll this year with our Past President Randy Harbin, our current President Mark Low, Vice President of Professional Activities Larry Lopez, Mark Brown, and Andy Dillon. A few others will also be graduating after the Summer session; consequently, the new Brothers coming in have some shoes to fill.

This always proves to be the busiest part of the school year, not only for Brothers preparing for graduation, but for everyone involved in coordinating our Summer ad sales. It's very critical for the ad sales force to be indoctrinated at this point for the sales to be successful.

The Spring semester has been an eventful one for Eta Theta Brothers with the cooperation of the San Angelo Alumni Club. April 23 at Riverside Golf Club was Eta Theta Chapter's annual golf tourney and barbecue. The following weekend, April 29, at the San Angelo Country Club the Rose Banquet honored this year's Rose and newly installed members. Participation in I.F.C. included an all campus party and the Greek Games, a first for our local chapter.

Brother Andy Dillon getting married this summer will provide a retreat for the chapter on July 24. Also slated for this Summer is the ground-breaking for the new Angelo State business building.

—DAVID YOUNG

NEW MEXICO

GAMMA IOTA CHAPTER experienced a very exciting term. We had a lot of variety in our rush, fund-raising, community service, professional activities, and social functions.

We were able to recruit 12 new members, all of whom proved themselves more than adequate for initiation by planning several lucrative fund raising projects, an exceptional party for the chapter members, and some unique public service activities.

Our active fund raising projects also showed a great deal of originality. Our first fund raiser was selling carnations for delivery on Valentine's Day for \$1.00. With a minimum of work we had our first \$300.00. Our next fund raiser also had an air of simplicity. We provided a wrecked automobile in the

center of campus for further, slow destruction. All interested were offered three whacks with a sledge hammer for \$1.00 or 50¢ per smash. We were able, in only six hours, to raise \$350.00. Our last small fund raiser, which raised \$200.00, was our sidewalk house number painting project.

We closed the year with a terrific fund raiser project with help from our newly initiated members. We held the First Annual Spring Olympics with skateboarding, frisbee, foosball, and campus organization volleyball competitions. With the help of the Miller Brewing Company we were able to have a professionally run competitive activity and also sales of T-shirts, athletic equipment, refreshments, and more fun that we had had on any of our previous fund raisers.

Our community service for the term was kicked off with a blood drive held on campus at the Business School in cooperation with Blood Services of New Mexico, which netted 63 pints of blood through sponsoring by our chapter. Members and pledges served as pollworkers in the Spring General Elections of the Associated Students of UNM in which over 2500 undergraduates participated. One active Brother with impressive musculature donned the colorful garb of Spider-Man in a community service project in which chapter members took Easter baskets to invalid children.

The professional program this term commenced with a discussion of Business and Government featuring U.S. Senator Pete Domenici (R-NM), publicized through newspaper advertisements and radio announcements. Other professional speakers included: Dr. Martin Fleck, Environmental Consultant to the Public Service Company of New Mexico; G. Y. Fails, Executive V. P. of the Greater Albuquerque Chamber of Commerce; John Sullivan, president and owner of Pioneer Wear; and Jack O'Guinn, Assistant V. P. of Albuquerque Federal Savings and Loan Association and Manager of the Downtown Branch. Professional tours were arranged at Point America Corporation and Nambe Mills.

But, without a doubt, the big event of the semester was the joint project initiated as both a professional and fund raising project. The Delta Sigma Pi Business Machine Exposition, held for three days in Johnson Gym, attracted displays from over a dozen local businesses (IBM, Honeywell, 3M, etc.) and approximately 2000 visitors, netting a \$400 profit for the chapter.

Nothing lacked in our social lives. We had a very successful rush party, a fantastic party hosted by the pledge class, parties to celebrate the success of our projects, and a Rose Dance to end all Rose Dances. The meal was catered, the band had just enough soul, and much merriment prevailed. We closed out the year with a party to transfer our graduating members to our alumni club.

ARIZONA

THE GAMMA PSI CHAPTER at the University of Arizona looked forward to the most successful Spring semester in the chapter's history with a dynamic group of members and an outstanding pledge class of 25.

Our professional program for the Spring semester includes several quality speakers from various local businesses as well as several tours in the Tucson area. Among the

tours planned were an in depth look at the operations of both a Coors Brewery Distribution Center and Asarco Mine. Both provided a unique and enjoyable educational experience.

On the social side, during the semester approximately 10 Brothers traveled to the Zeta Omega Chapter at Northern Arizona University for Arizona Deltasig Days. The Brothers had a great time and even got to get in a day of skiing. In addition to Arizona Deltasig Days, our chapter made plans for a Spring semi-formal dance and banquet that took place some time in April.

Our committees also had big plans for the semester. The finance committee hoped for a semester of active trading in stock options while the committee for faculty relations and honorary members is looking forward to the possible initiation of the daughter of one of the Fraternity Founders.

The Gamma Psi Chapter feels that it is important to note that many of our chapter Brothers will be graduating this semester. We would like to wish them and all the other graduating Deltasigs the best of luck.

—J. S. DAVIS

NORTHERN ARIZONA

ZETA OMEGA CHAPTER at Northern Arizona University has had a busy semester. We had a very successful rush program this semester and we hope the new members will prove to contribute to the continuing success of our chapter.

This year it was our turn to host Deltasig Days and we took full advantage of the elements and our location—a complete day of skiing topped off by a formal banquet, dinner and dancing. What a great opportunity to get ideas, suggestions and feedback from other Brothers in the state.

Our community service project has us heavily involved with Big Brothers of Flagstaff. Last semester we organized a picnic for all Big Brothers and Big Sisters in the area. This semester we are helping the Big Brothers to recruit more men to be Big Brothers to those boys who are on the waiting list. A whole week of activities and lots of publicity will help us to achieve this goal.

Our professional calendar is quite full for the Spring. We have speakers scheduled to talk about such topics as "The Gubernatorial Race," "Energy" and "Profit is not a Four Letter Word."

The Spring semester is going to be an active and rewarding one. We hope that some of you will join us in our endeavors this semester. Good luck to all of you for a happy and profitable Spring 1978!

—MOLLIE BUCKLEY

SAN FRANCISCO

GAMMA OMICRON CHAPTER, although not heard from in recent issues of The DELTASIG, has kept itself completely occupied during the past year. Our lack of communication with other chapters can be attributed to a lack of time, not to a shortage of activities to report.

During the Summer, our Brothers once again collected ads from local merchants, organized and arranged them, and printed them upon colorful, informative blotters which were distributed to all students in September.

At the same time, we were making preparations for our 27th annual Rose Dance, which was then held on October 14 at the Holiday Inn, Union Square, here in the city. Once again, this gala event was a tremendous success and, as usual, was hailed as the social event of the academic year by faculty, alumni, and students alike.

By the time this article is published, Gamma Omicron Chapter will have welcomed 16 new initiates into our chapter, following a well planned, constructive five-week pledge program under the guidance of Junior Vice President for Pledge Education Mike Malekos. We firmly believe that this is one of the finest group of pledges ever assembled in our chapter's history. We expect these new Brothers to be instrumental in the further reconstruction and revitalization of our chapter.

Undoubtedly, you will be hearing a great deal about activities undertaken in the future by Gamma Omicron Chapter. Until next year, all of our Brothers wish you an active and rewarding Summer in the fraternity.

—MARK A. ROBERTS

LOYOLA-MARYMOUNT

DELTA SIGMA CHAPTER entered the Spring Semester with a sense of purpose and determination. All the Brothers are participating and doing their fair share to make our chapter the "Best in the West."

We started the semester with a professional activity, "Security Pacific Bank Tour." The tour was held on January 31 and lasted the entire day. It proved to be a day filled with information and fun for all who attended. The second event took place on February 23, and was "Meet the Companies Night." This was our first Annual Professional Activity which proved to be beneficial both to the University School of Business as well as to our Fraternity. Congratulations are in order to Brother Gary Polk and his committee for all their hard planning.

Our rush program started on February 13 and ended with pinning on February 27. Rushing was a successful recruiting period which ended with a very promising pledge class. Our Vice President for Pledge Education, Brother Mike Dragotto, kept the pledges smiling and very busy during the program.

Our Community Service Project this semester was an Easter Egg Hunt and Easter Baskets for a group of underprivileged children. The kids loved it and so did all the Brothers!

Our Social Activities included a ski trip to Snow Valley where all the Brothers showed off their skiing talents. On April 8 we held an Area Baseball Game and Picnic and our Brothers from Eta Chi Chapter, the alumni and all members and pledges had a great time with good memories to take home with them.

At this time we would like to wish our graduating Brothers, Gary Polk and Wilson Mar, congratulations and best of luck and happiness always.

I'd like to express appreciation and a thank you to all the Brothers for all their hard work. Have a good Summer!

—CORRINE FALCON

C.S.U.-SACRAMENTO

EPSILON PHI CHAPTER is really on the move this Spring. We are working to improve the communication between students and faculty. An informal faculty reception was held as part of our rush activities. An active Brother has been assigned to each Faculty Brother in the hopes that we may become better acquainted.

Senior Vice President Kathy Hill led a very successful rush program ending with an orientation spaghetti dinner. Nineteen students have been pinned as prospective mem-

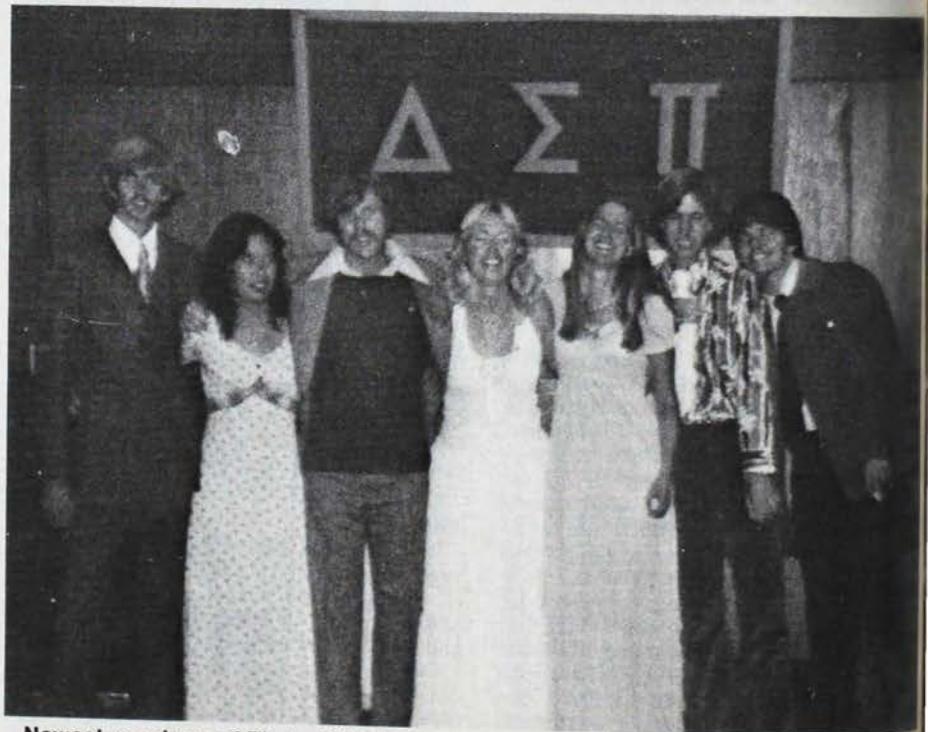

bers and Brother Christy Bethany, Vice President for Pledge Education, is leading them through a successful pledge program.

The professional program is highlighted with tours to Anheuser-Busch Brewing Facility in Fairfield and a local business dealing in silk-screened T-shirts, Special T's. Speakers from various businesses will also be featured before our regular business meetings.

Members and pledges are looking forward to the alumni club reunion and chapter birthday celebrations this May. Brothers far and near are coming to share knowledge, inspi-

Members of Epsilon Theta Chapter at C.S.U.-Chico provide personnel for the annual Spaghetti Feed recruiting function of the chapter.

Newest members of Theta Chi Chapter at San Jose State gather at their initiation.

tion, and friendship.

We, the Brothers of Epsilon Phi Chapter, wish all Deltasigs an enjoyable and productive Summer.

—LORETTA L. BUTTACAVOLI

SAN JOSE

THETA CHI CHAPTER at San Jose State University in San Jose began our Spring rush program with lots of enthusiasm and spirit. With six of our Brothers returning from last semester and five new Brothers, we plan on having at least 30 prospective new members this semester.

A schedule of our professional activities for this semester includes a tour of Memorex, an FBI tour, and a tour of Peat, Marwick, and Mitchell. We are combining with other organizations on campus and the Zeta Rho Chapter this semester in planning on speakers and activities. Our main fund raiser will be a flea market set up at the Berryessa Flea Market in San Jose.

Our officers for this semester are: Kristine Yee, president; Eric Hernandez, senior vice president and historian; Jan Oberschmidt, vice president for pledge education; Rick Patrickson, vice president for professional activities; Dawn Rundquist, secretary and CEI chairman; Vicki Eberly, treasurer; and Mary Kay Carlson, chancellor.

In closing, the Theta Chi Chapter would like to extend its best wishes to all chapters of Delta Sigma Pi for a very successful year, and a productive semester.

DAWN RUNDQUIST

personal mention

Donald W. Stansbury, *New Orleans*, is now Manager of Data Medics, a data processing service for the medical profession, in New Orleans, LA.

Robert M. Spiro, *Loyola-Chicago*, is an Account Executive with Merrill Lynch, Pierce, Fenner & Smith in Chicago, IL.

Martin J. Stein, *Pennsylvania State*, has accepted a position as Sales Representative with the Penn Mutual Life Insurance Company of Philadelphia, PA. Brother Stein will be located with the Edward H. Emery Agency in Harrisburg, PA.

Russell E. Brown, *Arizona State*, has become a partner in the public accounting firm of Hewell, Brown, Hines, Cummings, Ketchum & Brown, in Longview, TX. Brother Brown previously was associated with Arthur Young & Company in Dallas, TX, and Wichita, KS.

Harold W. Rothenberg, *Indiana State*, has just become National Sales Manager of Superex Electronics Corporation of Yonkers, NY.

Ronald L. Allen, *CSU-Sacramento*, has passed the California Bar and was sworn in to practice law before the California Supreme Court and the Federal District Court of the Eastern District of California.

Gerald W. Wells, *Arizona State*, has been promoted to supervisor of training by Armco Building Systems, a leading manufacturer of metal wall, roof and structural systems for commercial, industrial and institutional buildings, in Middletown, OH.

Stan Feinerman, *Florida Atlantic*, is presently the President of Accounting and Business Consultants, Inc., of Fort Lauderdale, FL.

Carl J. Seiberlich, *Pennsylvania*, on active duty as a Rear Admiral, is now the Deputy Chief of Naval Personnel in the Navy Department in Washington, DC.

Raj K. Aggarwal, *Indiana-Northwest*, has been selected for inclusion in the 1978 editions of two major bibliographic reference works, "American Men and Women of Science" and "Who's Who in the Midwest."

Philip J. Gunn, *New Orleans*, is an Assistant Accountant with Ernst & Ernst, CPA firm, in New Orleans, LA.

Arthur M. Rodriguez, *New Mexico State*, has been commissioned a 2nd Lieutenant in the U.S. Marine Corps and is stationed in Virginia.

J. Kenneth Austin, *New Orleans*, has been promoted to Accounting Controller of the Houston Marriott Hotel, in Houston, TX.

Gary W. Langford, *CSU-Chico*, has been named manager of key accounts for Elizabeth Arden for the San Francisco Bay Area, CA.

Peter H. Balkovec, *Pittsburgh*, has been promoted to Manager of Systems Estimating Department of Pittsburgh-Des Moines Steel Co., in Neville Island, PA.

Edward L. Lawson, *Weber State*, has a new position as Staff Accountant with Central Gulf Lines, Inc., in New Orleans, LA.

Richard N. Walsh, *Georgia State*, has a new position as Regional sales representative for the North Georgia district for Manumark Company.

Randy M. McDonald, *Georgia State*, has been promoted to network supervisor of the Southern Bell switching station at Dunwoody, GA.

Charles L. Bruce, *Georgia State*, was promoted to Director of Financial Administration of the Georgia Department of Labor, at Atlanta, GA.

Ralph C. Hook, Jr., *Arizona State*, recently received the U.S. Army Legion of Merit award on his retirement from the U.S. Army Reserve at the rank of Colonel, having served in the USAR from 1969-1977 in various assignments, the last being Commandant of the 4960th USAR School at Fort Derussy, Hawaii. He is also Professor of Business Administration at the University of Hawaii, where he has served as Dean of the College of Business Administration, now teaching full time. At Arizona State where he formerly taught and became a Deltasig, he was elected to the Faculty Hall of Fame as reported in our November, 1977, issue. He is a member of the Golden Council of the fraternity, having served on the Board of Directors as Director of Education for Business.

merger

Thomas R. Hall, *Oklahoma*, to Lisa A. Hicks, on December 17, 1977, at Lawton, OK.

Barry D. LeBlanc, *New Orleans*, to Theresa Villars, on November 12, 1977, at New Orleans, LA.

Michael J. Breaux, *New Orleans*, on October 8, 1977, to Linda Simoneaux, at New Orleans, LA.

Terry J. Manning, *New Orleans*, on August 12, 1977, to Donna Martin, at New Orleans, LA.

Thomas J. LeBon, *New Orleans*, on September 24, 1977, to Roxanna Zimmer, at New Orleans, LA.

Gary F. Rinck, *New Orleans*, on December 12, 1977, to Jane Wanda Boisdore, at New Orleans, LA.

Lee B. Wood, *Kent State*, on June 17, 1977, to Anne M. Menegay, at Lewisville, OH.

Debi Ann Ziemkowski, *Northern Arizona*, on January 28, 1978, to S. Bradley Green, at Cottonwood, AZ.

Jeffrey H. Grimm, *Cincinnati*, on September 3, 1977, to Christine A. Webb, at Savannah, OH.

Michael K. Fallon, *New Orleans*, on January 21, 1978, to Theresa Ann Du Cote, at New Orleans, LA.

Cody R. Leser, *New Mexico State*, on August 12, 1977, to Michelle Rudat, in Las Cruces, NM.

Kevin Jillson, *New Mexico State*, on August 20, 1977, to Carol Hillger, in Las Cruces, NM.

William K. Powell, *McNeese State*, on December 24, 1978, to Sharon Marie Lowrey, at Lake Charles, LA.

Howard N. Mendel, *Georgia State*, on June 26, 1977, to Gayle Robin Friedman, at Atlanta, GA.

Ralph C. Hook, Jr.

dividends

To Brother and Mrs. Warren E. Atchison, *Northern Arizona*, on December 30, 1977, a son, Douglas Arthur.

To Brother Kim and Mr. Wayne Babineaux, *Nicholls State*, on October 1, 1977, a daughter, Marissa Kaye.

To Brother and Mrs. Donald W. Stansbury, *New Orleans*, on August 20, 1977, a son, Ryan Jude.

To Brother and Mrs. Noel Gibson, *CSU-Sacramento*, on December 23, 1977, a daughter, Kelly Marie.

To Brother and Mrs. Russell Kern, *Pittsburgh*, on December 19, 1977, a son, Timothy Michael.

To Brother and Mrs. Keith Larson, *South Dakota*, on February 1, 1978, a son, Stafford Jason.

To Brother and Mrs. James O. Greason, *Georgia State*, on December 20, 1977, a daughter, Tiffany Diane.

To Brother and Mrs. S. Wayne Murdock, *Georgia State*, on January 20, 1978, a son, Patrick Wayne.

To Brother and Mrs. William F. Taylor, *Georgia State*, on February 17, 1978, a daughter, Jessica Erin.

To Brother and Mrs. Charles L. Bruce, *Georgia State*, on December 21, 1977, a daughter, Cynthia Marie.

To Brother and Mrs. Gideon Shande, *Georgia State*, on July 24, 1977, a son, Akura Gbedda.

SPECIAL BULLETIN

THE DELTA SIGMA PI EDUCATIONAL FOUNDATION has been offering each year a four-year (\$500-\$1500/year) scholarship to the child/grandchild of a Deltasig. The scholarship criteria, for 1980 high school graduates, has now been expanded to encompass applicants who are nieces/nephews of Deltasigs.

Applications are submitted directly to the Educational Foundation and reviewed by the National Merit Scholarship Corporation (NMSC) which selects the awardee based on tests offered by them nationally to all high school graduates in their Junior year. They also establish the grant based on information furnished directly to NMSC during the selection process.

Applicants for the Foundation scholarship must be planning to enroll for a B.B.A. degree or equivalent with a concentration in areas such as Management, Accounting, Finance, Marketing and the like. The applicant must also be planning to attend a school at which Delta Sigma Pi had chartered a chapter. A list of the eligible schools is available from the Fraternity's Central Office in Oxford, Ohio, or from the Foundation's Chairman of the Committee on Scholarships—Dr. Harold L. Cannon, 216 Menands Road, Loudonville, NY 12211.

An application for high school students expecting to graduate in 1980 will appear in the November, 1978, issue of *The DELTASIG*. The preliminary tests for this class are scheduled for the Fall, 1978, and information for such is available at the student's high school.

*GRAND CHAPTER CONGRESS

The August, 1979, Grand Chapter Congress is not so far away. In the Fall we will begin releasing dates, location, and other information. Save your time and money NOW for this gathering of the fraternity family.

*ANNIVERSARY

Alpha Omega, DePaul University, June 2, 1928-78

*WITH THIS ISSUE

... we end another publishing year. We have tried to bring you timely news of your fraternity and present it in an interesting way. We have appreciated your many compliments and your constructive suggestions. We hope you will continue to write. Thank you for your participation in your fraternity.

*REGIONAL CONFERENCES

On page two we announce dates and locations for the Fall, 1978, Regional Conferences. Chapters and Alumni Clubs will receive further information from the Regional Director. Plan now to attend your Regional Conference.

*POTPOURRI

With this issue we inaugurate a new "every once in a while" department. These mini-features are worthy of note and as they occur, they will be showcased in this department.

ALUMNI REPORT

RECENTLY I CAME ACROSS an article in the faculty advisor's column of the Fall, 1977, issue of THE NEWSLETTER, published by Epsilon Phi Chapter. John Maxey, advisor to Epsilon Phi Chapter, had reprinted in his column an article from an old issue of The DELTASIG. I think it is such an excellent and timeless piece that it should be reprinted once again:

"The great majority of alumni love to talk about their happy days of undergraduate association. It represents those golden years of participation during which time they were identified as *actives*. By common implication, this fosters the thought that upon graduation a Brother ceases to be an *active* and becomes an *alumnus*—or seemingly an *inactive*.

"Regretfully, for many this is true. Graduation in many instances creates the idle alumnus who, while professing his faith and belief in Delta Sigma Pi, makes no effort to support its activities.

"Graduation should be merely a point in time when a Brother changes his designation from *active undergraduate* to *active alumnus*. It is a change in participation from undergraduate chapter activities to alumni club activities.

"Our Fraternity membership is a lifetime privilege—a lifetime distinction—a lifetime responsibility. These obligations can be fulfilled through active alumni club association and national service. The value of association of this kind will be what you choose to make it; if you will give but a little of your time and energy, you will be repaid a hundred-fold by a life full and rich in those things which do not perish."

All I can add to this is: Amen, Brother, Amen!—MICHAEL R. MALLONEE, Director of Alumni Activities

AKRON

A NEW ALUMNI CLUB is on its way! Last Fall Deltasigs in the Akron and Kent Area had formed the Akron Alumni Club. The club is in the process of being officially chartered—having approximately 20 members and still growing rapidly.

In September of 1977, a dinner meeting was held at the Mark Restaurant in which the prospective club discussed the goals and objectives of the newly founded organization. Professional dinner meetings and social events were planned for the new year. The Akron Alumni Club was truly on its way.

The new year began with a social get together over at the house of one of the Brothers. What a way to start the new year with Alumni Brothers and their wives and friends playing foosball, ping-pong, and pool! Old times were discussed, as well as present and future plans, over drinks and sandwiches. Earmarked by a very successful event, 1978 will prove to be a good beginning for the young club. Plans for upcoming events are already in action.

We are very busy recruiting new members and any Brother wishing to contact us, please write or call John Gabelman at 133 Hollywood Avenue, Cuyahoga Falls, Ohio 44221 (Phone 216-928-5199).

Join an alumni club and keep Delta Sigma Pi a part of you!

—JOHN BADER

ATLANTA

GEORGIA TECH'S FREDERICK B. WENN STUDENT CENTER was the scene of our January meeting. Fred Wenn was a Deltasig from Alpha Chapter who was instrumental as faculty advisor in the early formative and operational stages of Kappa Chapter when it was started in 1921 at Georgia Tech's evening school. Thirty-three members and guests were treated to a talk on Energy Management in Business by William T. Studstill, Program Coordinator of the Industry Energy Conservation Program at Tech. It was a beautiful evening and will serve as a base for the Zeta Lambda Chapter's reactivation effort in the next year.

On February 25, approximately 85 people, representing eight chapters from the Alabama-Georgia area and members of Beta Gamma Chapter at the University of South Carolina, participated in an Area Conference program. Short seminars held during the day provided information on pledge education, planning and transition, and conducting initiations.

Atlanta Alumni Club Treasurer Dave English prepared the first of two directories providing an up to date list of members in the Atlanta Alumni Club. A second more complete list will be published in early 1979 in connection with the 32nd Grand Chapter Congress to be held here in Atlanta.

The Atlanta Alumni Club has been extremely busy with various activities this year. Any Brother wishing to join the "bullish bunch" in preparation for the 1979 Grand Chapter Congress, as well as many upcoming and exciting programs, should contact Brother Bob Busse at 9401 Roberts Drive, N.E., Atlanta, Georgia 30338—(404)-993-5661.

—LAURIE E. BUSSE

BALTIMORE

THE BALTIMORE ALUMNI CLUB has had a successful year, thanks to the constant hard work of our officers and Board of Directors and the support of Chi Chapter and club members. Activities were held bi-monthly, starting out with a Sunday brunch at Hunt Valley Inn in September. November saw the celebration of Founders' Day with appropriate remarks and a presentation on the buying of diamonds. In January, we had a cocktail party at the beautiful Roland Park home of our first vice president. The March professional meeting was co-sponsored by Chi Chapter and the club. On May 6, we revived

the steak fry tradition with a bull roast at the Hilton area of Patapsco State Park. We are all looking forward to the annual January dinner dance and July crab feast sponsored by Chi Chapter. In supporting Chi Chapter, Baltimore Alumni Club members can complete their calendars with local fraternity-related activities 11 months of the year. The 12th month is reserved for national or regional activities.

Although the club Brotherhood consists mostly of Chi Chapter graduates, we are gaining a significant contingent from Gamma Sigma Chapter, University of Maryland, who are locating in the Baltimore area. Any Brother of Delta Sigma Pi who has received a Certificate of Good Standing is eligible to apply for membership in the Baltimore Alumni Club. Our local dues are \$5.00 for State of Maryland residents and \$2.00 for Brothers living outside the state. Non-Life Members add \$10.00 for National dues. Interested applicants should send their names, chapter and/or Life Member numbers, addresses, home and business phone numbers, and a brief resume of past fraternity positions to: Thomas O. Murn, 3101 Brendan Avenue, Baltimore, Maryland 21213.

—THOMAS O. MURN

CHICAGO

IT SEEMS JUST like yesterday that I was writing for the November issue of THE DELTASIG, and now it is already time for our final article of the year. It has been a year of continued improvement in the areas of finances, membership, program, chapter relations and activity. All this attests to the continuing belief by many Brothers that alumni club membership is beneficial and enjoyable. We hope that all of you who joined the club this year will be with us again in the Fall. Dues statements for the 1978-79 fiscal/activity year will be in the mail around September 1. If you were one of those who didn't join this year, let me extend to you this advance invitation to join us in 1978-79. We are here to bring the benefits of Delta Sigma Pi into your alumni years, something we have been doing for literally hundreds of Deltasigs since the mid-1920's.

This Fall we will have the added function of the Central Regional Conference, at the writing rumored to be in Champaign, Illinois. All area alumni are welcome to attend the weekend Deltasig mini-convention. Further details will be forthcoming from the office of the new Central Regional Director.

But before we end this fraternal year we still have one more function to offer you: the annual Golf Outing and Election is scheduled for June 1, a Thursday, at the Midwest Country Club in Oak Brook, Illinois. Whether or not you are able to golf during the day, at least plan to be with us in the evening for the Officer Farewell Dinner. Following the dinner will be the election of club officers and Directors for the 1978-79 club fiscal/activity year. Plan to be with us!

A word to our May-June grads: be sure your chapter treasurer forwards your Form G (Certificate of Good Standing) to The Central Office. Many clubs give recent grads a discount on first-year local club dues or even a one-year free membership (exclusive of National Alumni Dues), but they won't know who you are unless they receive an approved Form G from The Central Office. And remember, each time you move be sure to leave a forwarding address with the Post Office. All Brothers moving into this area are requested to let us know their new addresses by writing to us at the following address: Chicago Alumni Club of Delta Sigma Pi, P.O. Box 11314, Chicago, Illinois 60611.

Have an enjoyable Summer!

—JAMES L. PRESCOTT

DALLAS-FT. WORTH

THE DALLAS-FORT WORTH Alumni Club sends frosty white greetings to all as Dallas unspools from a record Winter's snowfall ready to start in on the Spring and Summer activities.

Latest result on the 1978 membership

drive reports the addition of 18 new members as of February 20. Congratulations and welcome to the club; the membership now lists 28 official members.

While passing through on his way to Houston, Alumni Director Mike Mallonee dropped in to meet the members at their favorite watering hole, "The Skyriders Lounge." As the man from The Board of Directors peddled his wares selling Life Memberships and Life Member pins, a pair of other vitally important topics became the center of discussion, those being (1) the alumni club's responsibility in assisting the five area undergraduate chapters to attain stabilized growth and development, and (2) the market potential in the Dallas-Ft. Worth area for the alumni club's continued success in growing socially and professionally to meet those responsibilities.

Any Brother wishing to join the Dallas-Ft. Worth Alumni Club should contact Victor Scammel, Jr., at 5607 Martel, Dallas 75206 or call at (214) 827-1716.

—VICTOR SCAMMEL, JR.

DETROIT-GREATER DETROIT

THE GREATER DETROIT Alumni Club would like to congratulate our undergraduate Brothers who will graduate this year and encourage them to look into their local alumni clubs. The alumni clubs provide the opportunity to preserve acquaintances and affiliation with the fraternity for life. To those Brothers relocating in the Detroit area, we extend a warm welcome and an invitation to join us in the Greater Detroit Alumni Club.

Special thanks and a "tip of the hat" go to Leo Garcia for his service as president of the G.D.A.C. Leo has decided not to seek re-election to that office in the upcoming elections. We would also like to extend our best wishes to Brother Steve Szekely who has resigned as Regional Director of the Central Region. The fraternity in general and the Central Region chapters and alumni clubs in particular will miss him.

Looking ahead to upcoming events, G.D.A.C. elections will be held on Friday, May 26. We encourage all members to attend this meeting and assist in the selection of new officers. Our annual golf outing is planned for June 3, and the Outgoing Officers Party as well as the annual family picnic are also in the near future. Details are being sent to those on our mailing list.

Any Brother wishing to join the Greater Detroit Alumni Club or be added to our mailing list should contact Brother Bob Trapp at 22301 Olmstead, Dearborn, Michigan 48124. Office and home telephone numbers: 313-424-0804 and 313-563-6940.

Have a happy Summer.

—LAWRENCE M. YOST

GARY-NORTHWEST INDIANA

HELLO ALUMNI. I hope each and every one of you is a member of a local alumni club. If you're not, what's the problem? An alumni club can't exist unless it has members like you. The Northwest Indiana Alumni Club is having an all-out membership drive during May. Take advantage of our low membership dues. If you are a Life member it will cost you only \$.83 per month. That is almost what you pay for a gallon of gasoline or a pack of cigarettes. And if you aren't a Life Member it will cost you only \$1.67 per month to be a member of the alumni club. Come on, alumni, join the rest of your Brothers and join us today. If you are concerned about knowing anyone, you might be surprised.

In June we will host our third annual golf outing, so start practicing up because there will be awards and prizes for all types of golfers.

In July we will hold our election of officers. This is a very important meeting, so plan to attend, and consider running for an office in the alumni club.

And again, any Brother wishing to join the Northwest Indiana Alumni Club should write to us at P.O. Box 1857, Gary, Indiana 46408. Also, Brothers, have a great Summer, because before you know it Winter will be here again.

—RAY N. GIACOMINI

HOUSTON

THE HOUSTON ALUMNI CLUB, like the Phoenix, rises renewed from the ashes of inactiveness. Once more in March the undergraduate and alumni Deltasigs of the South-

Members of the new Houston Alumni Club gather at the organizational meeting with visitors from Louisiana and Director of Alumni Activities Mike Mallonee visiting from Oklahoma City.

Louisiana visitors to Houston Alumni Club organizational meeting with Director of Alumni Activities Mike Mallonee at far right.

western Region enjoyed great Brotherhood and competition at the annual Deltasig softball tournament. Brother Juan Castellano and his committee deserve special recognition for the outstanding success of the tournament.

To salute the Brotherhood of Delta Sigma Pi and the arrival of Summer, a big Texas style picnic is scheduled on June 4, 1978. This annual event is being held at Tenwood Country Club which is owned by Tenneco Oil Company. If you plan to attend your name must be on the guest list being prepared, so call Brother Rufus Estis for further details.

Internal officers elected at the reorganizational meeting were: President Dan Lassiter, Executive Vice President Rufus Estis, Vice President of Inter Fraternity Activity Andy Wright, Vice President of Social Affairs Doug Findley, Secretary Victor Tabor, and Treasurer Mike Morgan. These men will serve until September when new elections are scheduled.

If you reside in the Houston area or are just passing through call Rufus Estis, 713-443-6693, Dan Lassiter, 713-723-0137, or Vic Tabor, 713-981-0760, for information regarding the Houston Alumni Association of Delta Sigma Pi and to get your name on our mailing list.

—VICTOR A. TABOR

LAKE CHARLES-BAYOU COUNTRY

THE BAYOU COUNTRY Alumni Club is starting out of the blocks very good. The Brothers that graduated from McNeese State University have joined the ranks of our alumni club.

We have been busy spreading the Greek letters, "Delta Sigma Pi." Representatives went to Houston, Texas, to start an alumni club. We also have Brothers in Lafayette, Louisiana, and are trying to start an alumni club and undergraduate chapter at the University of Southwest Louisiana. Any Brothers in these areas who would like further information can contact Brother Keith Powell at P.O. Box 1192, Lake Charles, Louisiana 70602. Home and office telephone numbers are 436-2739 and 436-9519.

We had a great time at our annual February party. There were door prizes and games. The purpose of the party was to get the Brothers united and to share that great feeling of Brotherhood.

Our plans for the future will include a Las Vegas Night, a Spring picnic, seining fish in June, and a Summer picnic.

Any Brother wishing to join the Bayou Country Alumni Club should contact Brother Keith Powell.

—WILLIAM KEITH POWELL

LOS ANGELES-PACIFIC SOUTHWEST

THE RECENT FORMATION of Pacific Southwest Alumni Club provided a furtherance of Brotherhood and fellowship for Brothers that graduated from the campus of California State Polytechnic University at Pomona. The population density in the Greater Los Angeles area made it necessary to closer facilitate the geographic boundaries of the Southern California Region. The participation and dedication of Brothers was overwhelming in making this alumni club a total success.

With the cooperation of the Los Angeles Alumni Club, April 1, 1978, set the stage for the "First Southern California Reunion of Delta Sigma Pi" at the Quality Inn Hotel in Anaheim (near Disneyland). Special thanks are extended to Bill Kinsella, Howard Kirk and District Director Scott Morgan for their efforts and hard work to make this reunion a complete success. It was a rewarding and memorable evening for all of us to reminisce about our college days.

Any Brother wishing to join the Pacific Southwest Alumni Club should contact our president Howard Kirk, at 741 E. Level Street, Covina, California 91723.

—KLAUS D. TRETIN

MIAMI

THE GREATER MIAMI Alumni Club continues to grow and prosper since its inception in August, 1977. Two of our newest members include Max Kunianski and Leo Romero. Max is a December graduate from the University of Miami. He served the Beta Omega Chapter of Delta Sigma Pi as vice president for professional affairs and senior vice president for membership development, and currently holds the office of Alumni Advisor. He is now studying for his MBA degree at Miami. Leo, who are initiated during the Spring of '77, served brilliantly as social chairman for the Beta Omega Chapter. He also received many honors while an undergraduate Brother, including Best Brother for the Fall of 1977. Leo is currently employed with Barnett Banks of Miami.

A few of the activities which the alumni club has participated in with the Beta Omega Chapter include the Fall Initiation Banquet, which was held at the Eden Roc Hotel on Miami Beach; the Spring Rush Party which was held at the King's Creek Apartments Clubhouse; the Spring Installation Luncheon at the Chez Vendome Restaurant, which saw 12 new members begin a seven week pledge period. Guest speaker for the installation luncheon was Alumnus Brother Michael Sullivan, Assistant Promotion and Public Relations Director of the Miami Dolphins.

The G.M.A.C. held their first meeting of 1978 at Mansene's Italian Restaurant. During the casual dinner meeting different members discussed many of the problems they encountered at their jobs. It was a chance to talk business among Brothers, without having to be pressed to make a sale to some client. A few of the members present included Woody Spencer of the Burroughs Corporation, Owen Talbott of Savoy Electronics, Mike Brenan of Dean Witer Reynolds, Rick Superstein of Bamberg, Superstein and Co., Mike Sullivan of the Miami Dolphins, Barry Hechtman of the University of Miami Controllers Office and Neil Gevirtz, Al Roser and Bruce Morecroft.

An Alumni-Undergraduate softball game was played at the UM intramural field on March 18. It would be a safe bet that our outstanding alumni team defeated the undergraduates, keeping our record undefeated.

Plans for the summer ahead include a Memorial weekend cookout, a July 4 party at the Playboy Club, tailgating at the Ft. Lauderdale Strikers' soccer games and casual dinner meetings at least once a month.

The Greater Miami Alumni Club wishes the best of luck to all Delta Sigma Pi graduates, especially the outstanding Brothers of the Beta Omega Chapter. Any Brother wishing to join the Greater Miami Alumni Club should contact Brother Mike Sullivan at 5830 Red Road, Apt. 106, Miami, Florida 33143. Office and home telephone numbers 358-2448 and 667-0263.

MINNEAPOLIS-TWIN CITY

BROTHERS, THE LAST regularly scheduled monthly business meeting of the Twin City Alumni Club for this fiscal year will be held Monday, May 15. The conclusion of our monthly business meetings for the Summer months does not mean the end of activity. The month of May begins what may be the most diverse Spring and Summer schedule ever put together by the Twin City Alumni Club. Some of the events on our schedule include a graduation party for graduating Deltasigs in our District, a fishing trip, a trip to a pro soccer game, inner-tubing down the Apple River, and topping off the Summer will be the Fifth Annual Pig Roast.

The Twin City Alumni Club wishes to extend an invitation to all interested alumni in our area to join us in our Summer activities. We ask that all alumni once again stand up and be proud to say "I am a Deltasig."

We are also looking forward to this Fall when our regular monthly dinner meetings will once again begin. For more information, please write or call: Twin City Alumni Club of Delta Sigma Pi, Box 14322, Minneapolis, Minnesota 55414; Doug Spurgeon, President, Phone: 340-3395, or Dick Theilmann, Vice President-Membership, Phone: 331-1297.

—DOUG SPURGEON

OKLAHOMA CITY

THE OKLAHOMA CITY ALUMNI CLUB has not been too active this Winter due to the unusually rugged weather; however, we did have a Christmas party and everyone had a good time.

Despite our slow Winter we have had a planning session and have quite a few very important activities planned for the coming year. Our most important project is the organization of an undergraduate chapter at Central State University in Edmond, Oklahoma. There was an organizational meeting in March to kick this project off.

In April, we again participated in a joint initiation for all the Oklahoma undergraduate chapters. This is an annual event which we participate in every year and which was held in Tulsa this year.

With respect to social activities, we have at this writing three events scheduled: a party in March, an undergraduate recruiting party in May, and a family picnic in June. We will report on the success of these activities in future issues.

Any Brother wishing to join the Oklahoma City Alumni Club, please contact Dan Campbell at 4005 N. W. 29th Street, Oklahoma City; Phone: (405)-943-7349.

—PAUL GUNDERMANN

PITTSBURGH

AS WE END this fraternal year, Chairman Bernard Michalek and President Victor Scrivo, along with the officers and directors of the Pittsburgh Alumni Club, would like to thank the alumni Brothers who helped make it a good year by their participation in the many events held by our chapter as well as those of our undergraduate Brothers from Lambda and Theta Rho Chapters.

Republican Chairman Ted Jacob, Democratic Chairman Sheriff Gene Coon—I don't know how they do it—but Jim Elderkins' Committee continues to present an outstanding guest speaker at Noon on the fourth Monday of each month at the Engineers Club, William Penn Hotel. So if you want to join us for some good food and Brotherhood, call Jim at 434-8500 (business) or 833-3170 (home).

The Pittsburgh Alumni Club extends best wishes to all Brothers for a successful 1978.

—JOHN R. CONLEY

SACRAMENTO

THE SACRAMENTO ALUMNI CLUB of Sacramento, California, had a successful 1977-78 year, thanks to the support of all its members. This year's paid membership reached an all time high of 75 members. The semi-annual Rush Week Spaghetti Feed was a huge success in February. The food was delicious and the event was well attended by many of the alumni and actives in our area. The alumni were impressed by a smoothly run Casino Royale efficiently operated by the Epsilon Phi Chapter in April. The very important Initiation Dinner-Dance was held a week later. We extend to all our new Brothers sincere and heart-felt congratulations. Our second annual Big Reunion is scheduled for the month of May. We will be celebrating this 15th anniversary of the Epsilon Phi Chapter at the Red Lion Inn and are expecting 300, plus Brothers and their partners, to attend.

All Deltasigs are invited to attend our monthly alumni luncheon on the first Wednesday of every month at Rattlesnake Dick's located at 2003 L Street in Sacramento. At the May luncheon we will be holding elections for next year's officers. Any Brother wishing to run for office, please contact one of the officers in the chapter. Also, any Brothers wishing to join the Sacramento Alumni Club should contact Douglas Bertsch at 7311 Robin Road, Fair Oaks, California 95628; Phone: 966-8705—Work—488-6700.

SAN FRANCISCO

THE SAN FRANCISCO ALUMNI CLUB! Yes, we're alive and prospering. This is the first article submitted by us in many months. We hope to establish a new trend and keep everyone informed of our activities on a regular basis. Several outstanding activities were held last year and plans for this year are even more vigorous. Our alumni club has been operating strongly since the beginning of 1977. Business meetings for the second half of this year are scheduled every other month, in the evening, at a restaurant located in the San Francisco area: June 1, August 3, October 5 and December 7.

A spaghetti feed was held on January 13 at Sigmund Stern Grove Clubhouse in San Francisco honoring Brother Ernie Bergman.

Over 100 people were in attendance, including many Brothers. Much time and effort was put into this event and it was appreciated by all who attended.

In March we had a very successful wine-tasting tour. It proved to be a very entertaining and interesting program for all who attended.

Scheduled activities in the near future are a trip to Reno this month, a Great America trip in July and a golf tournament in September. We hope many Brothers will be able to attend.

Information regarding the San Francisco Alumni Club may be obtained by writing the San Francisco Alumni Club, 55 Sutter, Suite 112, San Francisco, California 94104 or you may contact Mike Sheehan, President, 415-992-1174 (Home Phone).

—DONALD A. HAUSER

SOUTHERN ILLINOIS

GREETINGS TO ALL the alumni clubs throughout the country from one of the newest alumni clubs—the Southern Illinois Alumni Club. The Southern Illinois Alumni Club was chartered in July of 1977 by 16 Brothers from the Eta Sigma Chapter at Southern Illinois University, Edwardsville, Illinois. We currently have a membership of 20 and are obtaining new members from other chapters now living in the Southern Illinois-St. Louis, Missouri, area.

The activities of the alumni club have been strictly social thus far. Our first function was a picnic at the Alton Box Board Lake in Godfrey, Illinois, around Labor Day. Our next function was a New Year's Eve party. The alumni club sponsored this annual event of the Eta Sigma Chapter which was held at Brother Little's home. A committee was formed at our last meeting to make plans for more social events for coming months ahead.

Besides social functions, the Southern Illinois Alumni Club is working with the Eta Sigma Chapter of SIUE in their recruiting program. It is to our advantage to help the Eta Sigma Chapter since a majority of our membership will come from them and we must try to keep it active.

For all Deltasigs living or passing through the Southern Illinois-St. Louis, Missouri, area and wanting to contact us, please write or call Harold Kutter, Membership Chairman, 438 Ruth Avenue, Cottage Hills, Illinois 62018, Phone: 618-656-6873, or Ken Maue, President, 9208 Catalina Drive, St. Louis, Missouri 63136, Phone: 314-869-1563.

—HAROLD R. KUTTER, JR.

TOPEKA

A GROUP OF about 12 Brothers of the Delta Chi Chapter in Topeka, Kansas, are trying to rejuvenate the alumni club. Elected officers are: Dean Eikenberry, president; Paul Coleman, vice president; Andy Pfeifer, vice president; Jim Handley, vice president; Duane Raine, secretary; Kirk Manion, treasurer; and Randy Rahberg, correspondent.

Activities are being planned for future dates, and we ask that any interested Brothers in the Topeka area contact one of the above officers.

—RANDY RAHBERG

DES MOINES

DELTA SIGMA PI Alumni in the city of Des Moines, Iowa, and surrounding area are organizing an alumni club. This club's membership will be open to alumni of any chapter of Delta Sigma Pi living in the Des Moines area. If you are interested in being a member, please contact Marc Franson, 1414 30th Street, Apt. 8, Des Moines, Iowa 50311, (515-274-3996). Activities of the club will include social activities, professional programs, and assisting with undergraduate chapters in Iowa.

ORGANIZING AN ALUMNI CLUB

Request from The Central Office a copy of the Manual for Alumni Club Operations and a geographic printout of all Deltasigs residing in your area. List *all* ZIP Codes from lowest to highest numbers for the area where you wish to seek membership.

Send out a letter of intent stating that you are planning to organize an alumni club. Include an application blank for those interested in becoming a member. Remember to ask for both address and phone number. Be sure to include the question "Are you interested in assisting in the organizational stage of our Alumni Club?" (Through this initial contact you will be able to come up with an organizational committee). Keep this committee small, around five members, so immediate decisions can be made.

You now have your organizational committee selected. This committee must meet to begin planning the organizational meeting. Utilize all of the members of the committee, keeping in touch with each member by telephone. A notice of the organizational meeting should be sent to all who have answered your original application.

The Organizational Meeting should be an informal coffee or smoker to help develop and guide your future programs by soliciting the desires of those in attendance. Pass out a questionnaire asking "What type of program would you like to have?" (More of our most successful clubs have moved away from a speaker or formal program to a more social program involving the entire family several times during the year). Ask about hobbies, sports and general interests. You will be surprised how well you can plan a pro-

gram utilizing this information.

5. Work on the Constitution and Bylaws for your Alumni Club as described in the "Manual." You need a minimum membership of 10 members to franchise your alumni club nationally. The franchise fee of \$20.00 is to be submitted with your letter of application and a copy of your Constitution and Bylaws, with a list of your charter members and \$10.00 in National Alumni Dues for your non-Life Members. Submit your application with the above enclosures to The Central Office. Upon approval you will receive your charter.
6. You should elect officers of the new alumni club, filling out the Form L (List of Officers of the Alumni Club) and submit it to The Central Office. This form should be typewritten and completed in its entirety.
7. Your Alumni Club is now organized and franchised and should be well on its way to success.
8. The Executive Committee (officers of the Alumni Club) should meet privately—planning, arranging, and directing the alumni club program. You will notice, after being involved in the alumni program for a while, that the membership would rather elect officers to plan and direct the function and not be involved in the planning or arrangements. The Alumni Club meetings should be entertaining, of common interest, and always inviting to the entire membership.
9. You should elect a representative to coordinate activities with your local undergraduate chapter(s) if any are in your area. Be sure the Alumni Club representative is a Brother that is outgoing and will get involved with the undergraduates. He should attend some of their meetings and functions whenever possible. Your club should have several joint functions with the undergraduates each year so you can interest them in joining the alumni club upon graduation. The Sacramento Alumni Club gives the first year membership in the Alumni Club to the graduating seniors of the local chapter, which has enhanced its membership greatly. You should have a membership card printed to present to those Brothers paying local Alumni Club dues.
10. Be sure to prepare articles and good quality photographs of your Alumni Club activities and submit them for publication in the Alumni Section of The DELTASIG Magazine. Be sure to close each article with "any Brother in our area wishing to join our Alumni Club, please write or call Brother _____", listing his address and telephone number. You will be surprised how many calls you will receive from Life Members, Alumni and undergraduates either passing through, visiting or residing in your respective areas.
11. You now have an excellent group of involved Deltasigs, those choosing to become involved. Our fraternity, unlike most of the professional fraternities, is not professionals doing a common thing, but professionals in diversified occupations of common interest. We have the greatest potential of any professional fraternity and that is the involvement of a complete cross-section of businessmen from Commerce and Business. You now have your club organized and the balance is left to you and your membership. Delta Sigma Pi is you!

DELTA SIGMA PI INVITES YOU TO BECOME A LIFE MEMBER

AS A LIFE MEMBER OF DELTA SIGMA PI YOU ARE SPECIAL
AND YOU HAVE SPECIAL ADVANTAGES:

- Your National Alumni Dues are paid for life.
- You receive The DELTASIG Magazine for life.
- You receive your gold embossed Life Membership Certificate and Life Membership Identification Card.
- Your name is added to the Life Membership Roll of Loyalty.
- You have helped to endow permanently your Fraternity.

TO JOIN THIS SPECIAL GROUP—

Send your check for \$75.00 to The Central Office, Delta Sigma Pi, 330 South Campus Avenue, Oxford, Ohio 45056. If you qualify for one of the special discounts, make your check for the appropriate amount:

Alumni - \$75.00

All Undergraduates - (20% Discount - \$60.00 Total Cost)

Undergraduates who are members of Honor Roll or Honorable Mention Chapters receive an additional 10% Discount (30% Total Discount - \$52.50 Total Cost) if the purchase is begun prior to December 31, following the CEI achievement.

Payment—May be made in full single payment, or in consecutive monthly payments until the full amount is paid. The Central Office will send you an invoice for the remaining balance each time a payment is received. We will appreciate your keeping us apprised of your current address.
