commentary....

"DELTASIGS DO IT PROFESSIONALLY" screamed the bumper sticker on the car ahead of me. Fortunately, I was in a long caravan of cars—all full of Deltasigs and all proceeding from a recently completed chapter meeting to the local establishment. I knew what it meant; we *all* knew what it meant. But the point is, did anyone else know? In this age of never-ending slogans, hypes, complaints, and propaganda, do we put our money where our bumper sticker is? Can anyone tell by our actions what it is that we *do* professionally? Do we really know ourselves?

I would be remiss and less than human by not taking this opportunity to commit the mortal sin of most incipient essayists—quoting from Webster. Webster's New Collegiate Dictionary, if not E. F. Hutton, says that a professional is "one that engages in a pursuit or activity professionally." Is that all there is, my friend? I think not!

To me, professionalism is a way of living, a spirit, a creed. It is synonymous with responsibility and de-

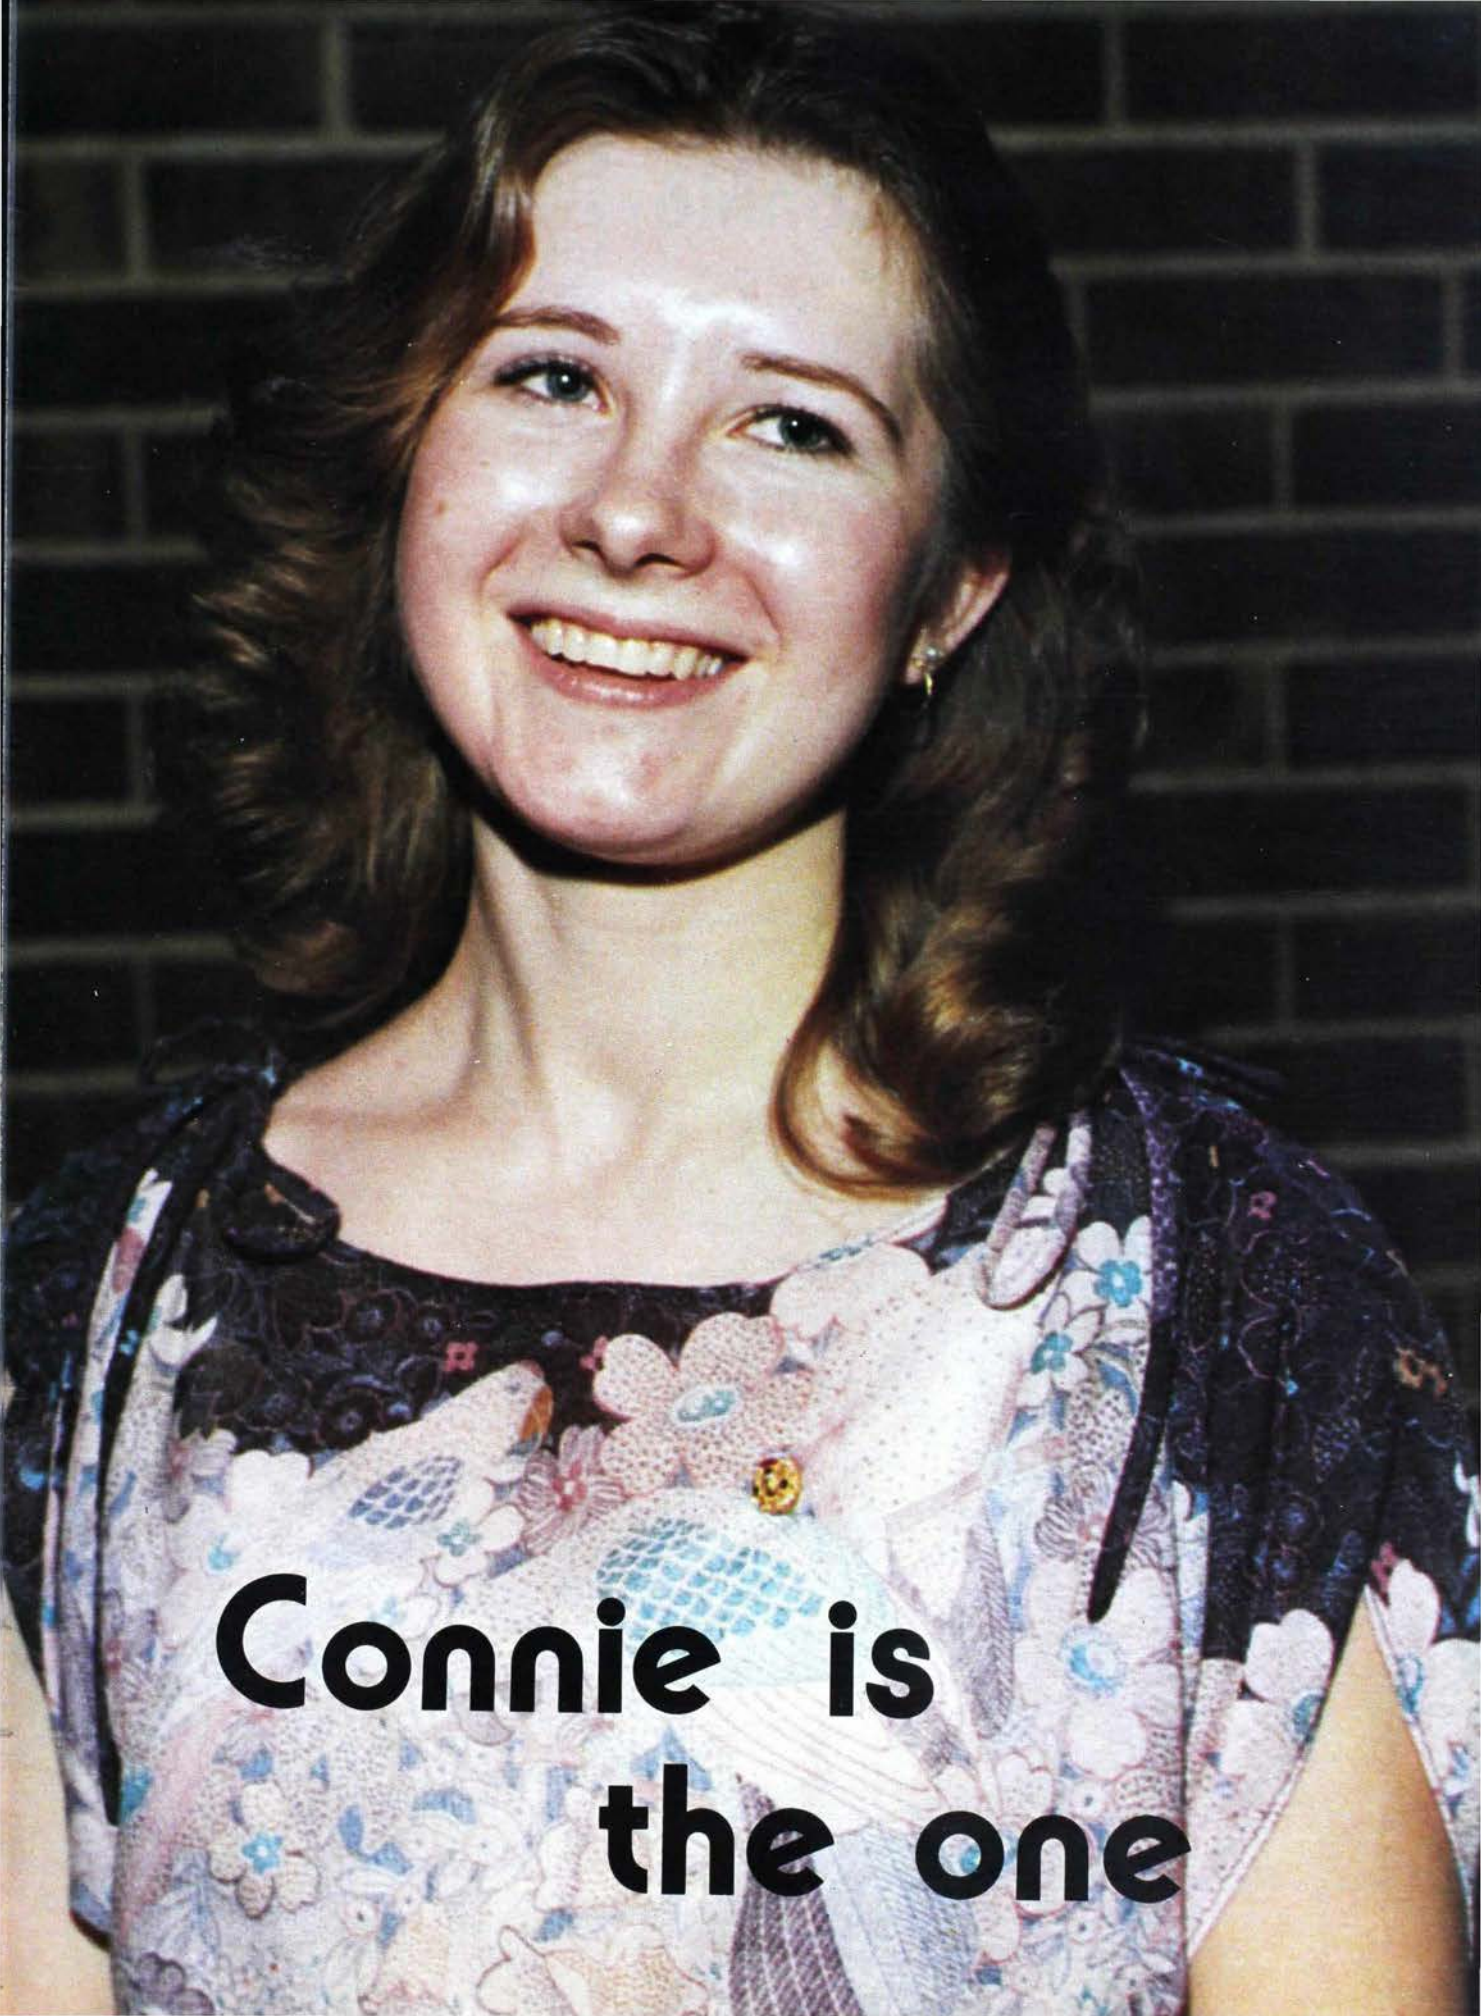

pendability. It is a code of conduct which is above reproach. A professional does what he says, *when* he says he will do it. A professional completes an assigned task as well as he can. A professional meets his financial obligations promptly. A professional keeps appointments, meets deadlines, and gives notice when the situation requires. A professional holds up his end so that he doesn't make the other guy's burden more onerous. A professional supports an organization of which he is a member. But most of all a professional is responsible—responsible to himself, to his fellow man, and to his community. A lot can be said for responsibility—"Anonymous" once said, "Some people grow under responsibility—others merely swell." So you see that being responsible is not necessarily the same as having responsibility.

Do Deltasigs do it professionally? There is no alternative! We have a great opportunity and a tremendous obligation to prove to the world—and to ourselves—that we do. *It's in the oath every one of us once took.* If, as a chapter or alumni club member, you attend meetings regularly and faithfully—then you are doing it professionally. As a chapter or club officer or committeeman, if you act diligently in carrying out the work of the fraternity, then you're doing it professionally. As a District Director, do you make visitations as required and file reports promptly? If so, you're doing it professionally. As a national committee member or Board member, do you answer correspondence timely and responsively? If so—you know the rest! As a member of our great fraternity, can you honestly say that you have attempted to better the standards of your community and the world and that you have conducted yourself according to the highest standards of business ethics? If you can, you'll know why we say: At Delta Sigma Pi—WE'RE THE PROFESSIONALS!!

Fraternally,

A handwritten signature in cursive script that reads "Michael R. Mallonee". The signature is written in dark ink on a light background.

MICHAEL R. MALLONEE
Grand President
Beta Epsilon 709
Life Member No. 5569

**Connie is
the one**

SHE IS PERT. She is pretty, she is professional. AND, she is Delta Sigma Pi's 100,000th member. She is Connie Jo Pietzmeier from Eta Pi Chapter at Wayne State-Nebraska.

As announced at the national convention last summer, the countdown began in the fall of 1979 as chapters began initiating their new members. From a total membership of 98,739 at the end of 1978-79, the figure rose to 99,000, then 99,500, finally creeping toward that milestone figure of 100,000. The goal was finally reached on December 1, 1979, when Connie was among the 21 new members initiated by Eta Pi Chapter.

It was not until the holidays at the end of 1979 that The Central Office staff had the opportunity to review initiations and determine exactly who the 100,000th member would be. During January and February of 1980 a number of "cloak and dagger" calls between the Executive Director and the Grand President, the North Central Regional Director and the undergraduate president of Eta Pi Chapter were made to arrange a special recognition ceremony for this special individual and still maintain an element of surprise and impact which was so important to this type of announcement.

The North Central Region of the fraternity, in which Eta Pi Chapter is located, was holding its annual regional basketball tournament in St. Cloud, Minnesota, on the weekend of February 15-17, 1980. Since all regional chapters and alumni clubs would be in attendance along with Grand President Mike Mallonee, Executive Director Ben Wolfenberger, North Central Regional Director Bob Drewniak and Past Grand President Bill Tatum, this seemed the ideal forum for the presentation. Now to be sure that Connie would attend! The president of Eta Pi Chapter, Joe Miller, was contacted about the presentation and promised Connie would attend.

During his flight to Minnesota

Connie Is The One

Grand President Mike Mallonee with Connie.

North Central Regional Director Bob Drewniak presented Connie with a pearl and ruby badge as a special gift from the region.

the Executive Director worried that his plane or someone else's would be grounded due to weather, or that his luggage including the special presentation certificate would be lost, or that the group from Wayne State wouldn't arrive due to weather or car trouble, or that Connie would not be with the group. Finally, everyone who was supposed to arrive did arrive.

During the dinner dance and awards ceremonies following the basketball tournament, Grand President Mike Mallonee, at the end of his featured address, made the announcement of the 100,000th member. Total surprise took the crowd of well over 100 Deltasigs, including

Connie. She was then presented a special membership certificate as "the 100,000th Member of Delta Sigma Pi," by Grand President Mallonee and Executive Director Wolfenberger. North Central Regional Director Bob Drewniak also presented a pearl and ruby badge as a special gift from the North Central Region.

The fraternity is proud of this milestone achievement reached three years before the 75th Anniversary of the fraternity in 1982. All Deltasigs who have helped bring new members into the fraternity can share this pride. Now, let's aim for the 150,000th initiate. Maybe that's not so many years away.

WHEN THE CENTRAL OFFICE was doubled in size in 1970 with the addition of two new wings, space was provided for a room to house items of historical importance since our founding in 1907. Such a room was to be a museum of sorts and would be proudly called The Archives Room.

Supporting this concept and knowing its importance, two fraternity presidents, Joe M. Hefner, 1963-65, and M. John Marko, 1965-69, acted to make it a reality by giving the first contributions toward furnishing The Archives Room. As time passed additional gifts were received from the Deltasig House Corporation of Chicago and the Chicago Alumni Club in memory of Don Holem, a long time fraternity mem-

ber and worker in Chicago; from individual fraternity members in an appeal during 1977-78; and from the delegates to the 31st Grand Chapter Congress in 1977.

Still, furnishing the room was not yet to be. While many generous gifts had been received, they were not adequate to handle the costs of special display units and other furnishings in keeping with the adjacent Founders' Room.

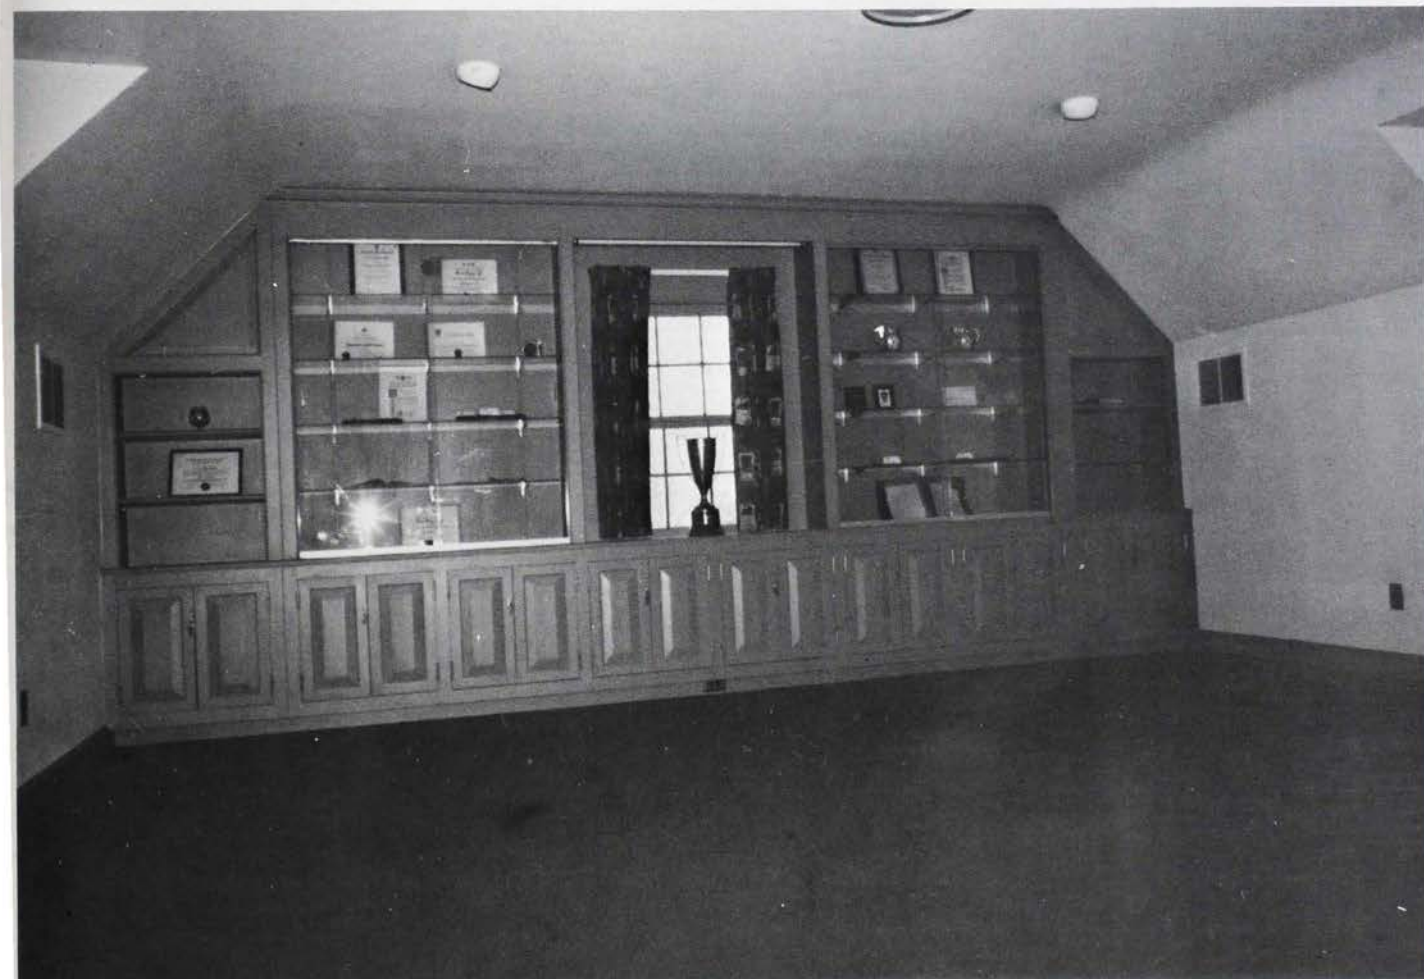

During 1979-80, the very generous un-earmarked contributions from alumni have been designated to this project. In response to a challenge from then Grand President Bill Tatum at the 32nd Grand Chapter Congress in Atlanta in 1979, a number of chapters and clubs have also given gifts of \$75.00

or more to The Archives Room Fund.

Through the gifts received since 1970, The Archives Room is to be completed during 1980. "Dreams do come true." The fraternity has realized about half of its \$18,000.00 goal for this project, allowing orders to be placed for some of the furnishings. If you would like to be among those supporting this project, please send your check to The Central Office, Delta Sigma Pi, 330 South Campus Avenue, Oxford, Ohio 45056.

Following is a list of contributors during the current fiscal year through March 1, 1980. We would like to thank them for their most generous support and for their expression of fraternalism.

Dreams Do Come True

The Archives Room now contains only the built-in wall unit for display purposes.

personal mention

Gregory C. Neuweiler, *Nevada-Reno*, has been selected by U.S. Jaycees as one of the "Outstanding Young Men of America," in Nevada.

Desmond W. Powers, *Nevada-Reno*, has been selected by U.S. Jaycees as one of the "Outstanding Young Men of America," in Nevada.

April Yee, *Ohio*, has a new position as account executive in the commodities department of Drexel, Burnham, Lambert, in New York, NY.

Jack L. Pollock, *Missouri-Columbia*, has been promoted to the Regional Business Controls Staff for IBM in Minneapolis, MN.

Bruce C. Cole, *Wisconsin-LaCrosse*, has been promoted to Assistant Staff Manager at Wisconsin Telephone in Milwaukee, WI.

Stephen W. Arnold, *Texas Tech*, is a Staff Auditor with the First City Bancorporation of Texas, Inc., in Midland, TX.

Lane A. Kramer, *Illinois-Urbana*, has a new position as Credit Analyst with the Republic National Bank of Dallas, in Dallas, TX.

Charles O. Trimble, Jr., *Texas Tech*, was recently named chief financial officer at Brackenridge Hospital, a 350-bed teaching hospital in Austin, TX.

Marc H. Cohen, *Philadelphia Textiles*, has a new position as Operations Manager at Woodbury Business Forms & Systems, Inc., in Atlanta, GA.

The First Federal Savings and Loan Association of Shreveport, Louisiana, has announced the establishment of a \$10,000 scholarship fund at Louisiana State University-Shreveport, in honor of its retiring board chairman, Travis A. White, *Texas-Austin*.

Robert G. Anders, *Georgetown*, was one of the six hostages escaping from Iran with the help of the Canadian Embassy.

Orrin R. Everhart, *Cal State-Sacramento*, has opened his own store, "The Gift Haus," in his home town of Bonners Ferry, Idaho. He is also general manager of Bonners Ferry Grain Company.

After retiring and leaving Chicago, William F. Grimsman, *Northwestern-Chicago*, has opened a placement office for management personnel in the baking industry, in Spokane, WA.

William Ashley Howell III, *Troy State*, was recently named to *Who's Who in American Law*. He is an attorney in Birmingham, AL.

R. W. Hoyerman, *St. Cloud State*, is now property manager at the Belleair Storage

Company in Clearwater, Florida, after having spent the last three years in Hong Kong as a marketing consultant for Eastman Kodak Co.

Fred M. Boese, *North Carolina*, was recently promoted to the rank of Captain in the U.S. Navy and is now Assistant Chief of Staff for Supply and Financial Management for Commander, Fleet Air Mediterranean, Naples, Italy.

Charles R. Covert, Jr., *Texas-Austin*, is currently the Executive Director of the Dallas Apartment Association in Dallas, TX.

Theodore J. Seiter, Jr., *C. W. Post*, has been named Director of Financial Operations of the Church Charity Foundation of Long Island, health care arm of the Episcopal Diocese of Long Island, NY.

Robert M. Spiro, *Loyola-Chicago*, has a new position as 2nd Lt. Student Pilot with the United States Air Force at Williams AFB, AZ.

Stephen L. Webb, *Southern Mississippi*, recently received the award for Outstanding Real Estate Sales at the Hattiesburg Area Distinguished Sales Award Banquet which is sponsored each year by Sales and Marketing Executives International at Hattiesburg, MS.

Daniel E. Nix, *Indiana Purdue*, has a new position as industrial engineer with Magnavox Governmental Industrial and Electronics Company in Ft. Wayne, IN.

Debbie A. Love, *Akron*, has accepted a position as a marketing representative with National Cash Register in Miami, FL.

dividends

To Brother and Mrs. Robert S. Maliszewski, *Eastern Illinois*, on November 22, 1979, a son, Brian Stanley.

To Brother and Mrs. John E. Price, *Southern Mississippi*, on October 31, 1979, a son, John Ellis, Jr.

To Brothers Harry W., Jr., and Cheryl Rossi Fry, *C. W. Post*, on October 27, 1979, a daughter, Tanya Michele.

To Brothers Kenneth Alan and Margaret Hoppe Milford, *Christian Brothers*, on July 29, 1979, a son, Joseph Alan.

To Brother and Mrs. Royce E. Vlasnik, *Wisconsin-Whitewater*, on January 10, 1980, a daughter, Amber Leigh.

To Brother and Mrs. Richard R. Michaels, *Central Missouri*, on December 20, 1979, a daughter, Tiffany Ellice.

To Brother and Mrs. Robert M. Spiro, *Loyola-Chicago*, on December 25, 1979, a son, Jesse Scott.

To Brother and Mrs. Bruce C. Cole, *Wisconsin-LaCrosse*, on October 20, 1979, a son, Brian Austin.

To Brother and Mrs. John Ellis Price, *Southern Mississippi*, on October 31, 1979, a son, John Ellis, Jr.

To Mr. Tim Willis and Brother Joy Hollaway Willis, *Mississippi College*, on December 13, 1979, a daughter, Mary Alisa.

To Brother and Mrs. Leonard L. Larsen, *Louisiana State-Baton Rouge*, on February 14, 1980, a son, Landon Lee.

To Mr. Joe and Brother Rhonda Collier Miller, *Christian Brothers*, on January 15, 1980, a son, Adrian.

the chapters speak

FROM THE UNDERGRADUATES OF THE YEAR

The National Executive Committee of the fraternity met February 22-24, 1980, in Chicago, Illinois, at the Sheraton Plaza Hotel. Since both of the Undergraduates of the Year are members of the Executive Committee, we attended the meeting as your representatives. We thought it would be beneficial to you, the undergraduates, if we conveyed some of the results of the meeting in this article. For any chapters who wish to obtain a more complete report, minutes of the meeting are available from The Central Office upon request.

One of the most important topics on the agenda was regional realignment. The Executive Committee has been reviewing various realignment plans for quite some time and after much deliberation, a final plan was accepted. The proposed realignment would divide the chapters into 15 regions, with not more than 12 chapters in each region. The plan was adopted: (1) to increase the effectiveness of the Regional Directors, (2) to decrease the variances in size among the regions, (3) to plan for future expansion locations, and (4) to reduce the geographic dispersion of the chapters in an attempt to minimize transportation expenses. Before the plan is effective, it must be approved by the Board of Directors and 75 per cent of the chapters and alumni clubs. The proposal will be submitted to the chapters and clubs for a vote during the fall of 1980. We hope that the chapters and alumni clubs will review the plan objectively and will keep in mind the best interests of the fraternity.

The program for the 33rd Grand Chapter Congress at Mackinac Island, Michigan, in 1981 was reviewed. Seminars will be conducted on professional activities, pledge

education, and recruiting. Open forums, which had a favorable response at the Atlanta Congress, will also be scheduled. Based on the program we reviewed, it appears that the 33rd Grand Chapter Congress will prove to be the best ever! It's not too early to start a special fund raising activity to enable your chapter to send a delegation to Mackinac Island.

Another important topic of discussion was the computerization of the Chapter Efficiency Index. The committee which was established last August to study this possibility reported its findings. Computerizing the CEI is not as simple as it sounds, because it involves the computerization of membership records, life membership information, and the accounting functions at The Central Office. It is hoped that within two to three years, a computerized information system will be in effect.

We received a "sneak preview" of the recruiting slide presentation prepared by the Committee on Membership. Along with the slides, the corresponding narrative has been

updated. The presentation will be ready for distribution in the fall and will provide an excellent recruiting tool for the chapters.

The Executive Committee also adopted an addition to the Ritual of Delta Sigma Pi, comprised of a Ritual for the Last Rites. This will be presented to you for consideration at a later time.

Other topics which received much attention during the meeting included expansion activities, fund raising possibilities at the national level, and disciplinary actions.

The next meeting of the National Executive Committee will be in Cincinnati, Ohio, on August 22-24, 1980. We both look forward to representing you, the undergraduate members, at that time. Hopefully, you will communicate some of your ideas and suggestions to us so that we may take them with us to Cincinnati.

SCOTT A. WEBER

Undergraduate of the Year 1978

THERESA M. JESZKA

Undergraduate of the Year 1979

Peter Badala, left, president of Mu Chapter at Georgetown, presents Thomas Murphy with the Business Leader of the Year Award.

NEW YORK

IN OUR FIRST professional event for the spring term, two speakers were featured at our house. Cynthia Annchild, the owner of a local business near NYU, revealed how she started a successful firm with no previous business experience. In a fitting ending, Milton Ohrbach of the Ohrbach Department Store in NYC stressed to our audience the im-

portance of loving your work and persisting in it even if times become difficult.

Due to the recent and widely publicized investigations by the FBI, we were interested and able to invite John Berger to speak. As the Consultant for Foreign Affairs, he answered questions on the role of the FBI in matters that involve foreign countries, international crime, and Interpol.

The members of Lambda Chapter at Pittsburgh attend a professional meeting.

Thomas A. Murphy, Chairman of the Board of General Motors Corporation, addresses students at Georgetown University, home of Mu Chapter.

To our pleasant surprise, Phil Simms, the quarterback of the NY Giants, drew in the largest crowd. Fortunately, this event was held in Shimmel's Auditorium which is one of the few places on campus capable of seating hundreds of spectators. Mr. Simms charmed our audience with his personal insights into the game of football.

In an effort to give future business graduates an edge in the "real world," we know that first appearances are not overlooked. With that in mind, John Pierre Lajune, the Fashion Consultant for Gentlemen Quarterly, was gracious enough to give us a few pointers on the proper business attire.

From Brand, Smith, and Lume, Susan Spector spent her lunch hour with a few dozen people at our house. She informed us on the duties of an account executive in an advertising agency and answered all questions.

—ANTONIO COSTO

PITTSBURGH

LAMBDA CHAPTER AT the University of Pittsburgh is concluding another successful year of school and fraternity activities. Some of us are looking forward to life after graduation while others of us are preparing for future terms at school. All of us here at Lambda Chapter wish the other chapters good luck as they prepare for future endeavors in the business world.

Lambda Chapter held its winter term smoker at the Greentree Holiday Inn in March and welcomed a new group of pledges with an evening of fun and fellowship. Undergraduates and alumni teamed up to provide an enjoyable and informative introduction to life as a Deltasig. Following up in April, the chapter held its spring initiation.

In early May the chapter held a bingo social at Kane Hospital, a county facility for the elderly. The Brothers assisted the residents of Kane Hospital as they played bingo. Small prizes were awarded to the winners, and then the remaining prizes were raffled off.

The Brothers of the chapter are looking forward to the finale of the school year—their annual Spring Banquet at the Top of the Triangle Restaurant located on the 62nd floor of the U.S. Steel Building, the tallest building in downtown Pittsburgh. This banquet celebrates the chapter birthday. It is an exciting, elegant evening everyone looks forward to as the middle of May approaches. At the banquet the chapter will present an award to the outstanding Business Instructor of the Year and will award the Scholarship Key to the deserving graduating senior. The newly elected officers for the coming school year will also be introduced at the banquet.

So, as the school year ends, each of us here at Lambda Chapter is looking forward to achieving his/her own personal goals as the future lies ahead. But, as we look back, our membership in the fraternity will always be a part of us.

—CYNTHIA M. LEPZYK

GEORGETOWN

WHOEVER COINED THE phrase "Business as Usual" certainly was unaware of the forces of change affecting the face of American business in the upcoming decade. In perhaps its greatest achievement since re-

organization seven months ago, Mu Chapter at Georgetown University sponsored the school's precedent-setting *Business Week '80: Trends For the Future*. The week, which took place February 4-8, 1980, consisted of speakers, forums and panel discussions that focused on future trends in the fields of International Business, Management, Government, Finance and Accounting.

In addition, Mu Chapter honored an outstanding individual whose contributions to the business and civic communities have made him a model for future business leaders.

Peter Badala, president of Mu Chapter, presented the "Business Leader of the Year" award to this year's recipient, Mr. Thomas A. Murphy, Chairman of the Board of the General Motors Corporation. Following the award ceremony, Mr. Murphy (a 1938 accounting graduate from the University of Illinois) addressed a full house at Georgetown's Gastown Hall. In his address, a state of the nation assessment from one of the country's leading industrialists, Murphy said he is convinced that the 1980's "will finally force a whole series of constructive decisions" from American people. Issues of concern to business, government and other areas of national life will be confronted early in what he forecast would be a "decade of decisions," in contrast to the "me decade" of the 1970's. Murphy stated that the only action taken in our last decade was "a little putty here and a quick patch there to get us through the worst of an immediate crisis."

Following the award presentation and address, there was a reception in Georgetown's Copley Hall, where the Brotherhood of Mu Chapter was able to meet and talk with Mr. Murphy. Among the guests in attendance were past Chairman of the Federal Reserve Arthur Burns, Mideastern Regional Director Lee Myers, District Director Larry Myers and Assistant Executive Director Mike Tillar.

Though definitely the focal point, Mr. Murphy's presence was not the only activity during the *Business Week '80* program. Topics of the many presentations ranged from such issues as Accounting Trends in the '80's, with Stephen A. Harlan, Managing Partner, Peat, Marwick, Mitchell and Company, to Concerns of Today's Businesswoman and a seminar in Computer Fraud. Among the many distinguished speakers, Mu Chapter was proud to present Daniel Forrester III, President of Chase Investors Management, and James P. Andrews, director of advertising for the Polaroid Corporation, whose topic was Marketing Today.

In retrospect, *Business Week '80* was a precedent-setting event for Georgetown University and a tremendous achievement for Mu Chapter. The five day program enabled the members of Mu Chapter to put into practice the organization and managerial skills that they have learned in the classroom. The program not only helped the members in the professional aspect, but also helped to amplify the great feeling of Brotherhood which has been an integral part of Mu Chapter's great success in the last year.

—RANDAL S. VALLEN

OHIO STATE

THE NU CHAPTER would like to congratulate its newly elected officers. They are

president, Chris Defourny; senior vice president, Candy Horvath; vice president for Pledge Education, Cindy Ammar; Chapter Efficiency Index chairman, Beth Busby; treasurer, Martin Ellerbrock; secretary, Pam Lewis; vice president for professional activities, Cindi Casto; chancellor, Rick Darr; and historian, Ronni Camp. They have been working together this quarter to prepare for another year, and things are moving right along.

Some of our spring activities have included a tour of the offices of Peat, Marwick and Mitchell, and a wheelchair basketball game in which Delta Sigma Pi scored 26 points to the opponents' 27. The proceeds were donated to the office of the Physically Impaired here at Ohio State. Also, the winter quarter pledge class held a Hobo Party where everyone was clad in hobo apparel. We all caught up the spirit and thoroughly enjoyed ourselves.

To close a very successful year the Nu Chapter held its annual Rose Formal. Alumni and faculty were invited along with the members to partake of cocktail, dinner, and dancing. A few bottles of bubbles were consumed which helped everyone to have a fantastic time, and to look forward to another year.

—BETH BUSBY

ILLINOIS

WHOOPIILON CHAPTER AT the University of Illinois has been absolutely outdoing itself this year. Since we've started a new decade, our executive board is working hard to top the fine performances and outstanding good times of the seventies. While President John Oster serves as our idol and guiding hand, Renee Alexander is excelling in her new role as chapter bill collector. Professional Vice President Craig Church has based an outstanding professional program on input from the chapter members. Since our pledge class of fall, 1979, has added so much vivaciousness and so many promising Brothers to our chapter, we couldn't help but add another group of outstanding pledges to our program this spring. Under the direction

of Amy Breeding these members, too, have successfully completed their pledgship and have been initiated into Upsilon Brotherhood. A special note of congratulations should be extended, not only to all of our new initiated, but to Brother Becky Bost. Becky received a full life membership which was donated by two of our alumni for her selection as the Outstanding Pledge for fall, 1979.

The social highlight of this semester was again our Rosehunt and Rose Formal weekend. Senior Vice President Tim Reiersen did an excellent job of hiding those elusive roses. The formal was, as always, spectacular, as we paid tribute to our graduating seniors, as we wine, dined, and danced the night away. Good luck, May graduates, as you head out into the "real world." And so to our Brothers across the world, this closing note from the cornfields . . . May your summer be warm and wonderful and lead you to success in the years to come . . . and may the Illini have a winning football team next fall.

—THE ROSE OF '79

MISSOURI-COLUMBIA

ALPHA BETA CHAPTER members returned to class in mid-January and began planning immediately for a busy spring, 1980, semester. First on the agenda was our rush booth and activities; these were supervised by Dave Pace, this semester's senior vice president. During our three days of recruiting members worked hard to sell Delta Sigma Pi to interested business school members and to meet our potential Brothers at all rush activities. A pledge class of 29 was selected, and then led through a nine week pledge period by Vice President for Pledge Education Jeff Comotto. Their journey culminated in initiation on April 12.

Kevin Brown, chapter finance chairman, set up several successful fund-raising activities during the semester. These included an all-campus Valentine's Day Party on February 15, several car washes in April and May, and sales of lollipops around campus.

President Bob Wolf and raffle committee co-chairmen Jim Morrow and Darryl Lamb

Members of Upsilon Chapter at Illinois-Urbana register prospective members at Illini' Quad Day.

coordinated a combined fundraiser and social project; a raffle featuring 100 gallons of gas as first prize. Members visited approximately 75 businesses in the Columbia area seeking prizes as donations for the event. Over 100 prizes were raffled off on April 9, as over \$1000 was raised for the Candlelighters, a Columbia-based organization which helps leukemia victims and their families.

The chapter visited New Orleans on April 15-18 for the semester's professional trip. Vice President for Professional Activities Jim Huhn worked hard to set up transportation and accommodations for the 60 members who went on the trip. Tours included visits to The World Trade Mart and the Superdome, and a very interesting look at the Mississippi Shipping Industry. Brother Huhn also provided the chapter with a wide spectrum of

professional speakers, including Mr. Tom Gogan, the Vice President of Marketing at Monsanto, Inc., Chemicals Division; Mr. Gene Causioner, President of Robert Hafit Accounting Agency in St. Louis; and Mike Zirbel, Director of Sales and Marketing at Silver Dollar City, Inc. These speakers and tours provide members with an excellent opportunity to get a first hand look at the business world before graduation.

The undergraduate members and alumni celebrated Alpha Beta Chapter's 57th birthday at the annual Rose Dance, held this year on March 8. The event was held at the Flaming Pit Restaurant, and featured Dr. Robert Kvam, a Deltasig faculty member, as guest speaker. The dance was a huge success as a great time was had by all.

The chapter reached a milestone during

the semester as it initiated its 2000th member, making it the first chapter to reach the 2000 member plateau. And lastly, Alpha Beta Chapter has achieved the CEI Honor Roll for the 39th straight year, thus continuing its chapter-record string of Honor Roll Years. The chapter welcomes any questions anyone has regarding the CEI, and hopes the feat can instill a greater sense of fraternalism in all Delta Sigma Pi Chapters around the country.

—GREG DIEKEMPER

NEBRASKA-LINCOLN

ALPHA DELTA CHAPTER at the University of Nebraska-Lincoln started off this semester with an outstanding pledge rush, with 24 new hopefuls. We congratulate Senior Vice President Mary Halsey for her efforts.

We all looked forward to the North Central Regional Basketball Tournament in St. Cloud, Minnesota, February 15-16. Two vans were rented for the trip, and everyone had a great time.

This semester our Chairman of Fundraisers, Kent Johnson, has arranged for us to find student applicants for a Sears credit card. We received 80 cents per applicant and hope to make over \$500.00 from this project.

Our professional program consisted of two professional dinners, February 29 and April 25. During the semester we will have various business persons speak at our weekly meetings. We are also planning to tour a local business.

Social activities will consist of various parties and picnics. Topping them off was a party March 8 for our chapter birthday. On April 27 we had an undergrad-alumni picnic, which is always a lot of fun.

All the members of the Alpha Delta Chapter would like to wish all Deltasigs a rewarding and successful year.

—MARK F. MANNING

TENNESSEE-KNOXVILLE

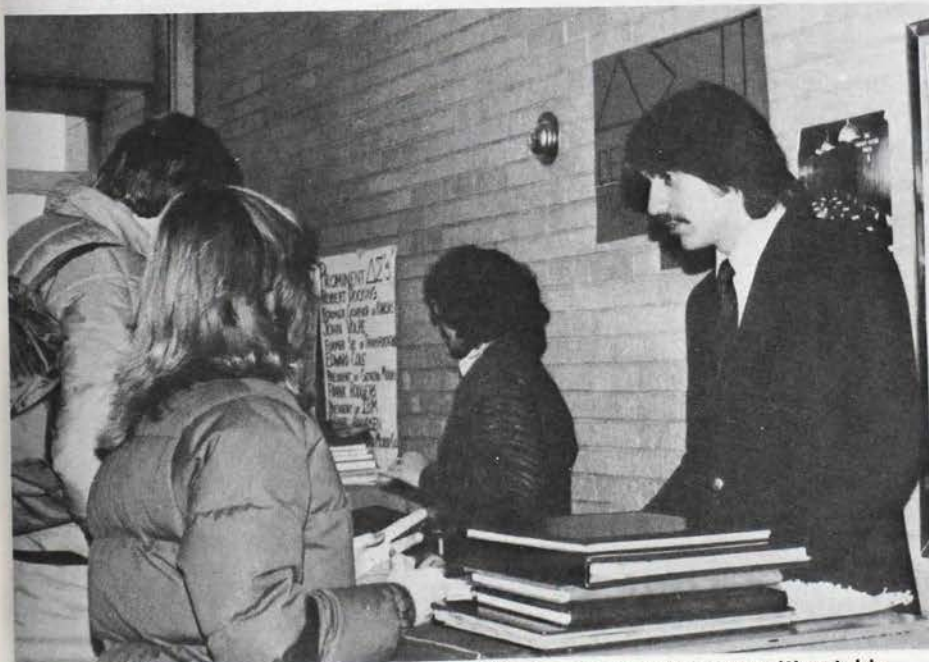

THE ALPHA ZETA Chapter at the University of Tennessee congratulates the graduating Deltasigs and extends to them the best of luck throughout their careers.

Our chapter has been very busy in all areas of chapter activity in 1980. Alcoa, a major producer of aluminum, participated again in our professional activities with their representative coming to us this time. Our chapter also went on a very interesting tour of the Thirteen-Thirty Corporation, the publishers of "Esquire" magazine and "The Insider," a supplement to many college newspapers. Mr. Don Bates, the uncle of our newly elected president, Brother Jennie Bates, presented ideas on "Government Regulations against Small Businesses." For a fund raiser, our Brothers sold a wide assortment of socks, ranging from athletic "munster" socks to managerial black socks. Emphasizing university students as an intelligent (??) target market, we used our marketing, advertising and selling expertise in a very innovative and successful money raising campaign. The highlights of our social activities included a memorable Rose Dance and a foundation-rocking party with the Brothers of Phi Kappa Tau house here in Knoxville.

However, towering above all these activities was the initiation of 34 Brothers on January 16, which more than doubled our

A three-legged race was one of many activities at the spring picnic of Alpha Theta Chapter at Cincinnati.

Members of Alpha Beta Chapter at Missouri-Columbia man their recruiting table.

undergraduate chapter membership. Brother Mike Walsh, our Chapter Consultant, acted as Headmaster during the ceremonies and we are more than indebted to him for his invaluable guidance and advice. In an inspirational election held February 21, many of the new Brothers were elected to office.

The Brothers of Alpha Zeta Chapter will be extremely busy throughout the summer with the preparations continuing for the South Central Regional Conference to be held here in November. We are looking forward to meeting many of you in November and wish the best of luck to all.

—ERIC J. PAINTER

CINCINNATI

ALPHA THETA CHAPTER at the University of Cincinnati is bringing another academic year to an end, a year which showed numerous benefits and challenges conquered. Spring quarter began with some fresh ideas provided by the East Central Regional Area Conference held in Akron, Ohio, in January. New ideas pertaining to fund raisers, professional activities, and more meaningful social events were all utilized this quarter.

One event our chapter participated in was a fund raising project for the Southwestern Lung Association. The fund raiser was held April 19, allowing children ages eight to eleven to compete in sponsored sports events. Alpha Theta Chapter turned out in full force to coordinate the registration and scorekeeping of the participating youths. The Southwestern Lung Association is involved in providing educational programs on lung diseases and their prevention.

Our professional speakers program was exceptionally good this quarter. Cincinnati Gas & Electric sent a spokesman who dealt with the topic of current and future energy problems, and the energy industry overall. Armco Steel sent a group of representatives who conducted mock interviews, which proved informative as well as entertaining. In addition to these, we also had a Deltasig Alumni night. Alumni members from the professional areas of accounting, marketing, information systems, and management were invited to share their knowledge with us.

Our chapter's annual spring anniversary picnic brought the Brothers all together one last time for a leisurely day of fun and frolic. The picnic was not only a witness to softball, soccer, and Frisbee, but also a three-legged race. Alpha Theta Chapter was also proud to select Mary Kay Huelsman as its candidate for the Undergraduate of the Year Award; good luck and congratulations, Mary Kay. Congratulations to all the newly elected officers, also.

—PAUL L. DORGER

DRAKE

GREETINGS FROM THE Brothers of Alpha Iota Chapter to all members. Spring semester, as always, proved both challenging and rewarding for those of us here at Drake University. Beginning with a number of very successful rush activities, the pledge program continued throughout the semester and resulted in the initiation of 18 new members. In the professional area, chapter members and pledges visited Dallas in March for in-depth looks at American Airlines, Southland Corporation, Rockwell International, Braniff

Airlines, Campbell Taggart Incorporated, and Harris Corporation. One chapter professional meeting featured four experts from the Des Moines financial community who spoke on various financial issues. A local field trip took a number of Brothers to the national headquarters of Massey Ferguson, while another chapter meeting featured the president of Agri-Industries, a Des Moines based firm.

Over the course of the semester, Brothers and pledges took part in a skating party at a local roller rink, had an all-night bowling party, and enjoyed numerous "Double Bubbles" around Des Moines. Capping off the semester, Alpha Iota Chapter members raised funds by working at the Drake Relays, and spent a good portion of the money raised on the Rose Dance, the chapter's spring formal.

SUNY-BUFFALO

"THE LOWEST EBB is always the turn of the tide."

It seems only appropriate to start our article off with a philosophical quote since they have been an integral part of our most recent history and the one above is particularly accurate. Beginning with waning membership and negative cash flow, our new chief executive and her committee seized the opportunity to demonstrate what a little resourcefulness and a lot of intestinal fortitude can accomplish. Needless to say, we have emerged not only unscathed but, rumor has it, healthier, wealthier and a wee bit wiser.

Our newest class of initiates is absolutely first rate, our second semester plans are definitely first class, and our year-to-date activities have stolen first place on the all time hit parade. Besides looking both forward and back on the best professional program in recent memory, our Founders' Day celebration and our initiation dinner dance both rated somewhere between incredible and unbelievable with the emphasis on fun.

Also deserving of special mention are the fund raising events that proved so successful for us all semester, thanks to all the Brothers

who gave selflessly of their time and talents to put our coffers back in the black again.

There were a few negatives, but looking at the overall picture, we certainly proved our tide has turned. Exit 1979 proudly, we entered 1980 undeniably optimistic, and justifiably so. Our spring 1980 pledge class numbered 24 and our planned activities include some of the most ambitious endeavors ever undertaken by this chapter.

Because of family relocation, our president Sue Woelke, was forced to resign her office. We'll miss her, but our loss is Detroit's gain. Our best wishes follow her as well as her successor, Warren Keipper. Also elected during our impromptu, mid-term elections was Dawn Dracup to the newly created office of Corresponding Secretary. Congrats to all! Fi-

Officers of Alpha Sigma Chapter at Alabama meet with Commerce and Business Administration Dean Smith.

Newest members of Alpha Kappa Chapter at SUNY-Buffalo gather for a work project.

nally, our now famous beer mug initiation was held on April 26 and it occurred to us that such a solemn and tradition-laden event should be shared with all. If any chapter is interested in learning how to become a member of the Effervescent Order of Elbow Benders, please feel free to call us. You'll soon agree, it's a gas!

—GARY E. MARSCHKE

NORTH CAROLINA-CHAPEL HILL

GREETINGS FROM ALPHA Lambda Chapter! We hope everyone is enjoying a good year, as we are.

Last semester we initiated 24 new Brothers, one of our largest pledge classes. We're glad to have them as Brothers and they are looking forward to being on the other side

of the fence this semester. We also had several professional speakers—one from NCNB on computer fraud and the other speaking on starting and operating a small business. We also now have an annual fall beach trip. If the pictures really indicate how wild the trip was—watch out!

Alpha Lambda Chapter was visited by Chapter Consultant Mike Walsh on March 11 and we eagerly looked forward to his visit. The weekend of March 14-16 was our annual spring beach trip. It was perfect timing—right after spring break and right before pledge education. Then, we initiated our new pledges on March 21. Professionally, we had several speakers lined up. Dr. Blackburn of our business school staff spoke on organiza-

tional behavior. We also heard from the placement service on campus and Burlington Mills.

We hope you have had a good year. If anyone is down this way, please look us up.

—NANCY WAINER

DENVER

ALPHA NU CHAPTER at the University of Denver has been having a very successful year. Due to a new recruiting campaign, the chapter has initiated at least four members each quarter, thereby doubling total membership within a year. The enthusiasm level within the chapter is very high and the influx of new, interested students has inspired us to achieve and strive even more.

The professional program has also been developed extensively. Alpha Nu Chapter has been branching out into areas of the world of commerce we had yet to explore, including retailing, the automobile industry, and new home construction. Our expansion of interests has attracted students from a much wider variety of majors.

Elections were held at the beginning of Spring Quarter, to provide a smooth transition period for the new officers. Most of last year's officers are graduating this month, but they have been a great deal of help in training and advising their successors. To all those Brothers leaving to join the professional world, we wish you the best of luck. Keep in touch!

Success has also come to the chapter in financial matters as well. All in all, the 1979-80 school year has been a good one for Alpha Nu Chapter. With a greatly increased membership, and an extremely talented Executive Board, next year looks to be even better. Have a good summer, Brothers!

OHIO

ALPHA OMICRON CHAPTER at Ohio University is definitely "on the move." Along with the blooming of spring comes the blossoming of Alpha Omicron's ultimate activities which bring the 1979-80 year to a climactic close.

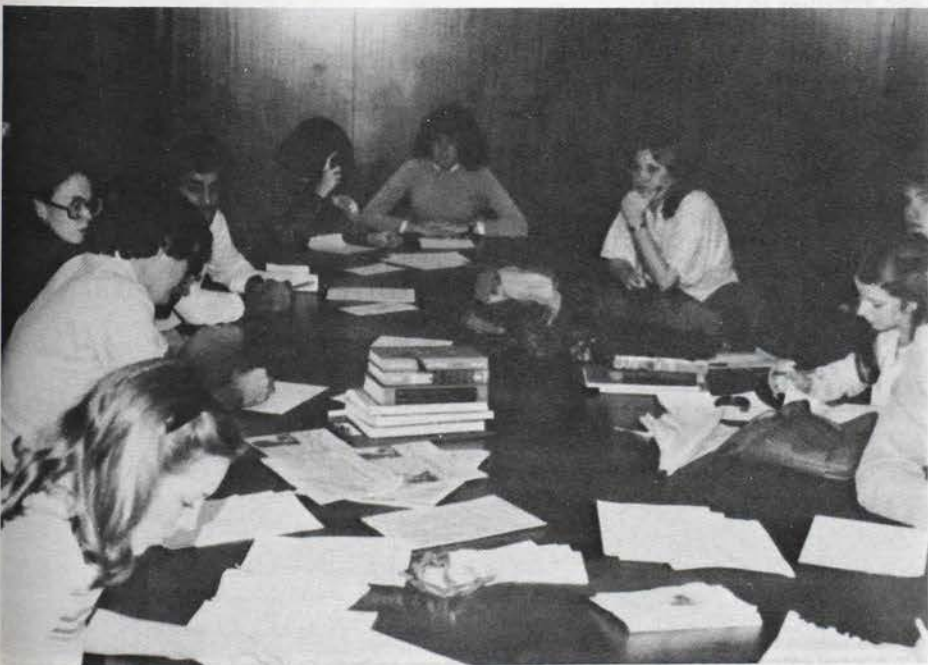

Although spring quarter is when we spend most of our funds, the money-making functions do not stop. The spring issue of "Goodybag"—packets of coupons which give us as well as area merchants a profit—was a success, thanks to the direction of Brothers Darice Fritschle and Matt Timmons. The morning coffee stand in Copeland Hall also continues to bring in funds. The coffee pot is always perking, thanks to Susan Croes.

These money-making projects require much effort from members in order to make them work. This is possible for Alpha Omicron Chapter since we have increased our current membership to 65. This includes a fall pledge class which numbered 15 and 14 winter quarter neophytes who are now enthusiastic Deltasigs.

The new members as well as the old take part in other committees besides fund-raising. The spring trip committee, headed by Vice President for Professional Activities Dave Cox, worked through fall and winter quarters arranging a voyage to New York City. On April 17-20, the trip became a reality. NBC Studios and the New York Stock Exchange were two of the tours we attended in the "Big Apple."

Members and alumni of Alpha Upsilon Chapter at Miami-Ohio enjoy the chapter-sponsored pancake breakfast.

Members of Beta Zeta Chapter at Louisiana State interview prospective members.

Another activity is the upcoming Delta Sigma Pi Annual Spring Formal, dated for May 17. The social committee of Alpha Omicron, under the direction of Laurie Lucas, has been planning for two quarters to make the event a success. The big question to be answered now is "Who will be the next 'Rose of Delta Sigma Pi?'"

As the academic year winds down to an end, the Deltasigs of Alpha Omicron Chapter always take a retreat. This serves its purpose as the last gathering event of the year before summer, and as a chance for the members to look back and say, "All of our planning has certainly paid off; it's been another great year."

The years to come will not be exceptions. "He profits most who serves best"—The Deltasigs of Alpha Omicron Chapter wish to stress this quotation to all chapters as well as wish every chapter an enjoyable summer.

—TAMELA J. MURPHY

INDIANA

AS ALL ALUMNI will recall, spring semester is a terrific time in Bloomington, highlighted by "The Greatest College Weekend"—the Little 500 Bike Race. Alpha Pi Chapter has also had a great time this spring with a host of activities pushing us toward 100,000 CEI points. Five very diverse professional events were presented between February and April under the leadership of Mary Anne Poinsette, vice president for professional activities. One of the favorite speakers was head football coach Lee Corso, who spoke to the chapter about the financial and recruiting aspects of a football team. Alpha Pi Chapter also toured the RCA assembly plant in Bloomington, watching the final assembly of color television sets as well as visiting the business offices at RCA and catching a glimpse of future innovations within this industry. Other presentations were made by Ogden Hamilton of the Ogden Hamilton Travel Agency and John Daschke of the anti-nuclear Paddlewheel Alliance, who presented the current economic structure of nuclear power.

The spring pledge class sponsored a fine professional event by presenting the president of the university, John Ryan. Ryan's speech included the administrative structure of the university and its recruiting procedures. The pledges also threw a party for children with speech and hearing difficulties as their Community Event, and raised money through the sale of coffee and donuts in the Business Building. The entire pledge program under Rich Garber's direction was a success, with the formal initiation of 15 pledges and faculty initiate Richard Judy on March 15.

Alpha Pi Chapter had a busy social calendar as well this semester, including a "World War III Party" sponsored by the pledge class. Many graduating seniors attended the Senior Banquet at the Ramada Inn in Bloomington, where many awards were given as well as time spent for reminiscing. Congratulations, graduates! Hope every Deltasig has a great summer break!

—JEANENE M. BETTNER

COLORADO

ONCE AGAIN, THE Alpha Rho Chapter Brothers at the University of Colorado have been busy. Our first semester included five

professional meetings which yielded interesting information on interviewing, resumes, data processing, marketing, business minorities, banking, and finance. Social activities included recruiting functions, Friday-afternoon celebrations, a Halloween dress-up, a Founders' Day celebration, and a memorable Initiation Banquet and Rose Ball. Furthermore, 12 Alpha Rho Chapter members attended the Thirty-Year Reunion Banquet of the Alpha Nu Alumni held at the Pinehurst Country Club in Denver.

Approximately 12 Brothers worked in cooperation with the C. U. Business Board to raise financial funds to be put toward the purchase of new books and periodicals for the Business School Library. December community service projects included two Christmas caroling parties to benefit faculty, alumni, and several retirement and nursing communities.

In December, Alpha Rho Chapter initiated

23 fantastic new members who display tremendous enthusiasm and energetic ideas. Our chapter now has a second semester membership of 69 Brothers.

Second semester classes started January 22, 1980. The chapter started the spring semester with a newly elected set of officers headed by dynamic President Marty Palmer. During the first and second weeks of the semester, Senior Vice President Chris Wilson organized an informative recruiting table and an introductory social function. Meanwhile, our vice president for pledge education, Kent Hammerstrom, revised and elaborated the Pledge Education Program to increase pledge participation in the professional, social, and fund raising activities of the chapter. Kent planned to initiate 36 new members into the Brotherhood of Delta Sigma Pi in April.

The president of Beta Eta Chapter at Florida talks with the pledges about membership and activities in Deltasig.

On annual retreat at Lake Texhoma are members of Beta Phi Chapter at Southern Methodist.

Mary Dooley, vice president for professional activities, organized a fantastic set of speakers, tours, and demonstrations in the areas of computer graphics, marketing in the ski industry, job interviews with IBM, personal stock investment, sales and marketing in the Coors Brewery, public relations, and business proprietorship. Diane Heppting is our new secretary, Vickie Rath is our new treasurer, Kathy Kneedler is the new CEI chair person, and Brian Zehnder is the new chancellor. Historian Lillian Fernandez has been busy with posters, publicity, our newsletter, and the annual scrapbook! Bevan Claude, our enthusiastic social activities chair person, has a spring calendar that included a spaghetti dinner, a Valentine's Day Party, a chapter birthday celebration on the night of formal pledging, an overnight trip to the mountain town of Evergreen, a St. Patrick's Day Party, a large spring picnic, and the traditional initiation banquet and Rose Ball. Furthermore, President Marty Palmer arranged a weekend ski trip to the Copper Mountain Ski Resort. Marty is also responsible for arranging a credit card marketing project with Sears and Roebuck. We will use the proceeds from our marketing efforts to benefit both the Business School and the community. Nancy Hazelrigg is the chair person for the community service project committee. Mark Primosigh is chair person for the fund raising committee. Mark will show two movies on campus in order to generate the necessary operating funds.

Our fearless Chapter Advisor is once again Professor Daryl Winn. Greetings from the Alpha Rho Chapter!

—KATHY KNEEDLER

ALABAMA

ALPHA SIGMA CHAPTER at Alabama is concluding what may prove to be the beginning of great years at Alabama. Since the beginning of the past academic year, chapter

enrollment has more than tripled! We credit this tremendous growth to the increased visibility of the chapter, and a lot of hard work by chapter members.

This year the chapter co-sponsored one of the "Executive on Campus" series at the School of Commerce. The program is designed to give commerce students a chance to meet top business executives and vice versa. Mr. Marvin Gade, Executive Vice President of Kimberly-Clark Corporation, was the featured executive. The Brothers were also invited to a reception at a nearby Yacht Club given in Mr. Gade's honor.

The chapter celebrated its birthday (March 6) with a formal dinner and an "after dinner party." The entire chapter and the pledge class were present, and all had a great time.

At our last "meet the chapter" night, we had a total of 34 interested persons. Out of that total, we pledged 18. After being received into Brotherhood, these new Brothers announced their objective as making Delta Sigma Pi an even bigger name at the Alabama Commerce and Business Administration School. So, watch for us; we're on the move again!

—THOMAS WILDER, JR.

MISSISSIPPI

ALPHA PHI CHAPTER has pushed forward this year at the University of Mississippi, involving its members in both University and Oxford community projects.

In our second year of growth, 45 members were initiated into Alpha Phi Chapter during the fall semester. Since their initiation, the chapter has benefited from their fresh ideas and interest in promoting Delta Sigma Pi as a truly professional fraternity.

During pre-registration for the spring semester at Ole Miss, Delta Sigma Pi members donated their time to helping in the School of Business Administration and the newly opened School of Accountancy. Our job

was to direct students through the pre-registration process, locating advisors and answers.

In March, Alpha Phi Chapter went out into the Oxford community with volunteer work at Graceland's Convalescent Center. The senior citizens residing at the center are gearing up for a "Rock-n-Roll-A-Thon" to raise money for the Heart Association fund drive. They are going to rock in rocking chairs and roll in wheel chairs for a marathon to collect pledges from the area residents. Our chapter has started taking its vitamins, too, since the senior citizens have told us they are going to "rock and roll all night."

The event will be covered by area news stations.

On April 10, Delta Sigma Pi celebrated its 53rd anniversary at Ole Miss. Plans got underway for a special Alpha Phi Chapter birthday party and a campus-wide public relations campaign to increase the student body's awareness of the long standing professionalism of Delta Sigma Pi.

—DONDRA J. GREEN

SOUTH CAROLINA

THE BETA GAMMA CHAPTER of Delta Sigma Pi is pleased to announce that our annual Rose Dance held on April 19 was a tremendous success. The alumni as well as undergraduate attendance was good and everyone seemed to enjoy the festivities.

Our fund raising activities for the semester included several bake sales, a spaghetti supper, and selling candy. The candy sale was by far the most successful fund raising event.

Our professional activities for the semester included several speakers and tours of some local business establishments. We also gave tours of our Business Administration Building to visitors throughout the semester. Our social activities for the semester included two rush parties, a Valentine party given by the alumni members, and several other parties given by the Brothers. Our softball team enjoyed a good season as they ended with a winning second.

Our pledge class was very active this semester. They performed several activities such as a bake sale, a drawing for prizes, and a car wash. The Steak Supper was presented by the Pledge Class and all that attended complimented them for a job well done.

The Beta Gamma Chapter hopes that everyone had a good and profitable semester and hopes that you have a safe, fun-filled summer.

OKLAHOMA

THE RUSH WEEK for the 1980 spring semester was very productive for Beta Epsilon Chapter at the University of Oklahoma. This semester, we ran a recruiting booth in the College of Business Administration, manned by the Brothers of the chapter. We made contact with a number of people, and in two separate pinning ceremonies, we pinned 26 pledges. These pledges were initiated in March at a joint initiation with Beta Chi Chapter of the University of Tulsa, and Gamma Epsilon Chapter of Oklahoma State University.

We have had several professional programs, including an especially interesting one in which the Brothers participated by taking a personality test. We all enjoyed the

Members and pledges of Beta Eta Chapter at Florida toured Honeywell, Inc., in St. Petersburg.

program, and everyone got a better understanding of himself. We also took a trip to Gore, Oklahoma, to tour Kerr-McGee's Sequoyah Nuclear Plant. This was very informative, as we all learned something about nuclear energy.

As always, we are trying to reach our goal of 100,000 points in the Chapter Efficiency Index. We are well on our way to reaching this goal, and we hope that we are successful.

—RONALD DEBOSE

LOUISIANA STATE

BETA ZETA CHAPTER at Louisiana State University, now 74 members strong, began the fall semester with an extensive rush program, coordinated by Senior Vice President Dea Harmon. After sending out numerous letters over the Christmas holidays, the annual Rush Smoker was held at the LSU Union, along with a wine and cheese party at the Business School to enable members to meet those trying for membership. Also, for the first time, extensive interviews were held to find out more about the potential pledges and if there existed a real interest in Delta Sigma Pi. Approximately 50 students were inducted at the formal pledging.

In the area of fund raising, Beta Zeta Chapter held a project which served a dual purpose. Through the selling of buttons that said "Tiger Bait," the fraternity was able not only to raise monies for the semester, but also helped increase the spirit around campus in the basketball team's bid for another SEC championship.

We plan to have a helpful Big Brother program this semester that will enable pledges and members to come to know each other better through many shared activities. The first of these will be a trip to New Orleans to visit the French Quarter. A bus was chartered to take members there on the evening of Friday, March 14, and return later that night.

However, under Professional Vice President Karen Jensen, professional activities have taken a stronger role in Beta Zeta Chapter's activities this semester. Past speakers this semester were Mr. Thom Barber, the first philosophy teacher in the public school in the entire Southern United States, who spoke on professional ethics. Also, Mr. Pete Arceneaux of the office of Congressman Henson Moore spoke to members on the many activities that occur in the work day of a Congressman. Future speakers include Judge Doug Gonzales who will speak on white-collar crime. These and other speakers have all fallen into a category we have now labeled "Jensen's Speakers."

Also planned is a panel discussion between local business leaders, labor leaders, politicians, etc., to enable members to find out more about what they might expect when they graduate into the real world. A program is also being undertaken, along with the Future Business Leaders of America organization, to bring local high school students to the School of Business for a day of information about business college while at the same time letting them get to know more about the fraternity. Numerous speakers are planned for this event.

The semester of activities will come to a close with the annual Crawfish Boil in which members and old alumni will come together and reminisce the past and plan the future,

while filling themselves with the Cajun delicacy.

Even though Beta Zeta Chapter is losing 36 of its members to graduation in May, we feel our fraternity has improved tremendously over the past semester under President Dirk Henson. With a goal of 110 per cent participation from all members, if we don't make it as the Number One Chapter this semester, the fall of 1980 will definitely be our debut.

Best of luck to all chapters in your activities, and have a great summer.

—HENRY TERHOEVE

FLORIDA

BETA ETA CHAPTER is continuously growing at the University of Florida. Through the efforts of Brothers and pledges we have become well known on campus. This year has been an exciting one for all of us here in Gainesville. After celebrating our 50th Anniversary during fall quarter, there was a lot of work to do this winter. The service committee was busy organizing such projects as a blood drive and a clothes drive. The professional activities included four speakers and a trip to St. Petersburg to tour Honeywell. Chapter Consultant Mike Walsh paid us a visit on Valentine's Day; the meeting was most informative for all of us and the party afterwards was great fun. The social committee, as always, was kept very busy. The quarter ended with the traditional initiation banquet. On March 8, a delegation went to Orlando for the Area Conference, where we learned more about the fraternity and, hopefully, contributed some help to others.

Spring quarter is always a fun time in Florida. There are many activities to get involved in. We are again active in intramural softball. After a very successful rush, we had a great pledge class that kept busy planning activities. The professional activities are of interest to all. An internship program with local businesses has been started this quarter for the Brothers to gain experience in the professional field.

The Brothers of Beta Eta Chapter are looking forward to being active again this summer quarter. If you are an alumnus of our chapter, or know of someone who is, keep us up to date on your address. Ours is: P.O. Box 606 Matherly Hall, University of Florida, Gainesville, FL 32611. Our best wishes to all the Brothers of Delta Sigma Pi!!!

—BRENDA L. ELMORE

RIDER

BETA XI CHAPTER entered its spring semester after having a most successful pledging program. We expect to continue our successful program featuring our Welcome Back Concert, beer blast, and dated rush, under the guidance of Joseph Lenzi, Jr., and Thomas M. Venanzi. We are looking forward to a superb professional program under the direction of Francine Schiano, with the help of the Trenton Alumni Association.

An interesting community service is being instituted by President Francis X. Brown with the assistance of Alumni Brothers Louis Monticchio and Joseph D. Guider. The Brothers will offer free tax service for the poor and elderly in the Trenton area.

On our final note we would like to congratulate Brother Joseph D. Guider on his appointment as a District Director.

—SCOTT M. SCHACHT AND PHILLIP E. VOGEL III

TEXAS TECH

BETA UPSILON CHAPTER at Texas Tech University has just finished a very successful fall semester and is in full swing for an even better spring semester. To get our spring rush program rolling, Senior Vice President Hugh Bonifield started the betting with a Casino Party. It really proved to be successful with the addition of 10 promising new pledges. Add to that the 15 pledges initiated last semester and you can see that the Beta Upsilon Chapter is really "growing" strong.

Professional Vice President Jeri Goodson has really put together an outstanding professional program. Already lined up to speak

The on-campus house-office of Gamma Tau Chapter at Southern Mississippi serves as a study place and for meetings of officers and committees.

to us are Steve Walsh, an independent free broker, Joe Hefner of Charter Life Underwriters, Dub Harris, who is in charge of public relations at the Texas Tech School of Medicine, and Charles Trimbell, Financial Vice President at the Texas Tech School of Medicine. We also have several tours planned, one of which is a tour of the Furr's Cafeteria Company.

We are just as proud of our many other activities as we are of our professional program. We have participated in several voluntary community activities that we were proud to be a part of. Social Chairman Jake Weber is keeping the spirits high with his great partying know-how and has been busy at work preparing for the best Rose Formal ever. Our athletic program is also making itself known around the university. The co-rec basketball team, as well as the two men's teams, turned in strong performances week after week. Our explosive softball team is fired up about trying to improve our third place finish in the university tournament last year. Later on in the year we are sponsoring a racketball tour-

namment for all undergraduate members and alumni. We also planned on paying a visit to our Brothers at North Texas State University for a basketball tournament.

We all hope that your semester will be as productive as ours as we approach our goal of 100,000 CEI points. Since this is the last DELTASIG of this semester, all the Brothers of the Beta Upsilon Chapter hope you all have a "fun in the sun" summer.

—SCOTT FRIEDMAN

SOUTHERN METHODIST

BUSINESS IS PLEASURE with the Beta Phi Chapter at Southern Methodist University. The year got off to a dynamic start by initiating 28 promising pledges and enjoying a chapter dinner at Cork N Cleaver. The Deltasigs boast a powerful chapter of 61, its largest number ever.

The chapter held elections and voted Brother Mike Bryant as their president to lead them through a successful year. Committees were planned and organized for the spring semester. The executive council

looked over the chapter's weaknesses and deficiencies of fall semester and made adjustments for spring. It decided to strengthen the chapter by appointing two new offices. A Faculty Relations Director, Brother Rick Arnold, to help promote a closer affiliation between the faculty and Beta Phi Chapter, and a Public Relations Director, Brother Lisa Aitken, to improve communications.

The Brothers of Beta Phi Chapter had a Welcome Back Party in January for three Brothers who were on leave during fall semester. Brother Mark Dunbar was at SMU in Spain, Brother G. K. Johnson was at SMU in France, and Brother King Grossman was in Washington, DC, acting as administrative assistant for Senator Lloyd Benson. The party was a successful reunion for all Deltasigs.

Beta Phi Chapter immediately started working on rush. Senior Vice President Ed Easterling proposed new rush tactics which received an enthusiastic response from the whole chapter. The chapter had 90 rushees attend their four rush parties. After long deliberation on the 90 rushees, Beta Phi Chapter voted to extend bids to 31 rushees. An induction ceremony was held and the chapter now has 28 eager pledges.

Professionalism is first and foremost with Beta Phi Chapter. An excellent professional activities program has been organized by Vice President for Professional Activities Brother Kyle Rains. It began at full speed this semester with the flamboyant stockbroker, Billy Bob Harriss. Following Mr. Harriss was our next professional activity with Sherwood Blount, a prominent real estate broker in Dallas. Brother Kyle Rains has arranged continuous professional events for us this semester which have interested both the members and pledges. Also, fund raising project plans have been submitted and are up for chapter vote this spring.

On the social scene, Leslie Peskett is organizing our annual Rose Ball formal dance. Her social committee was kept busy making arrangements with hotels and bands, and the formal was scheduled in April. Our next social event was a Member-Pledge Party under the supervision of Vice President for Pledge Education Jim Shultz. The pledge class was split up into committees and worked hard towards their membership.

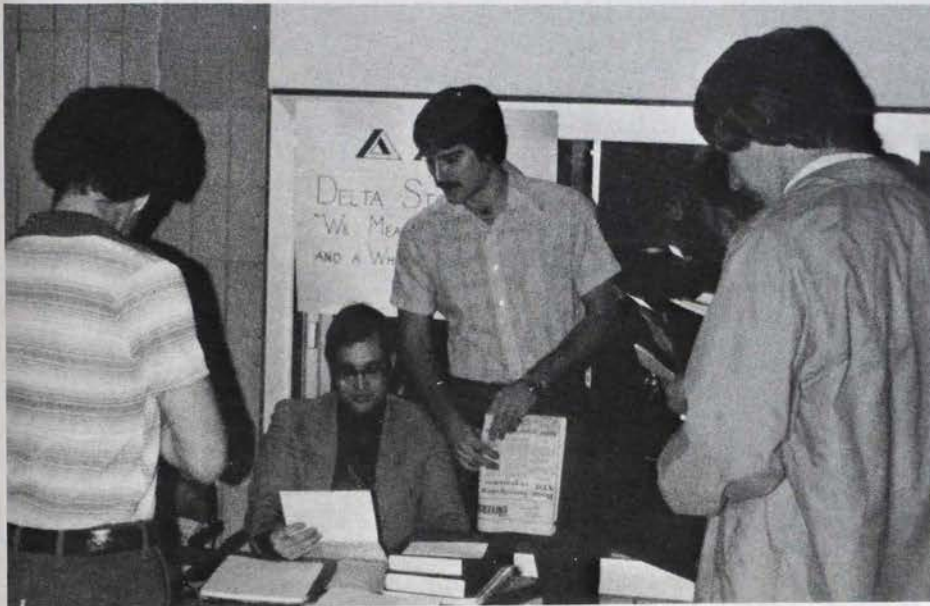

In February, President Mike Bryant, Vice President for Professional Activities Kyle Rains, Vice President for Pledge Education Jim Shultz, and last semester's treasurer, Brian Colwill, organized with the assistance of Dr. Manton an event called Meet the Chapter at East Texas State University. The two chapters got together and exchanged ideas and friendship among Deltasigs. With the whole chapter working together it is able to exhibit its growth and spirit towards being a strong solid chapter at SMU.

—LISA AITKEN

TULSA

BETA CHI CHAPTER at the University of Tulsa has had a very successful semester and is looking forward to even greater gains next year.

On March 29, at the 10th annual joint initiation, we increased the size of our chapter by over 50 per cent. These new members will be a great asset to our chapter in the future. Our Rose Dance was held on April 19

Members of Delta Eta Chapter manned a successful recruiting table at Lamar.

The newly elected officers of Beta Psi Chapter at Louisiana Tech.

and proved to be one of the highlights of the semester. And we will finish off the year with a celebration of Beta Chi Chapter's 32nd birthday on May 9, which will also give us an opportunity to give our graduating seniors a proper send-off.

On the professional side, we sponsored a panel discussion with a representative from Phillips as well as several prominent faculty members. We were also very actively involved in the Business Week program, our speaker being from the Better Business Bureau, as well as the inter-organization sports competition and other activities.

We would like to congratulate all of the graduating seniors and wish all Deltas a wonderful summer.

—GREG KORZEP

LOUISIANA TECH

BETA PSI CHAPTER recently concluded the winter quarter at Louisiana Tech University. The past quarter was rewarding and successful within the chapter. Things got off to a great start on December 8, when 17 fall pledges were initiated. Paul Rozeman was selected for the best pledge award from that pledge class.

Immediately following the Christmas holidays, on January 10, we concluded a fund-raising project with a raffle drawing for a ski trip to Red River, New Mexico. More than 1,000 tickets were sold for the project.

Officer elections were held on January 24. The 10 newly elected officers are: president, Gary Littlefield; senior vice president, Randal Mays; secretary, Cindy Freeman; chancellor, Joel Oertling; vice president for pledge education, Jan Brennan; vice president for professional activities, Alton Davis; treasurer, Kean Songy; Chapter Efficiency Index chairman, Susan Brown; co-historians, Sherry Carter and Mark Knutson. The previous officers did an excellent job of promoting and contributing to the chapter, both professionally and socially. The new officers will have to set high goals in order to maintain their predecessors' performance.

We had a big spring rush last month. There were 25 people to receive bids and 22 went through formal pledging. Their initiation date was scheduled for May 3. Since we currently have more than 40 seniors in the chapter, the successful rush should provide the necessary support.

Beta Psi Chapter has a full load of activities planned for the spring quarter. Our first major function was to attend the annual interfraternity basketball tournament being held in New Orleans, Louisiana, on March 22. Our team looked forward to the opportunity of regaining the title that was lost in last year's tournament.

Another fund-raising project was planned for April 12, setting up a booth at the Louisiana Tech Spring Fling Fair. This project should help provide us with some of the necessary funds for other spring activities.

On April 18 and April 19, Beta Psi Chapter planned a professional tour for Houston, Texas. The tour involved several large corporations in the Houston area.

The last spring activity was our annual chapter birthday party scheduled for May 9, at the Riverboat in Monroe, Louisiana.

These various professional and social functions undoubtedly have influenced and

strengthened the Brotherhood and the opportunities associated with Delta Sigma Pi. We are looking forward to the end of a great year.

—MARK B. KNUTSON

OKLAHOMA STATE

GAMMA EPSILON CHAPTER at Oklahoma State University started the semester with our Annual Spring Semester Rush Smoker with over 75 attending. Among those attending were Grand President Mike Mallonee, Midwestern Regional Director Jim Deaton, and District Director Tina Byford. Since the smoker we have recruited 24 qualified students to become members of Delta Sigma Pi. Three of the pledges and Alumni Member Phi Tan have a strong desire

to begin chapters of Delta Sigma Pi in Singapore as soon as they return to Singapore.

On January 24, we toured T. G. & Y. in Oklahoma City. Those attending were impressed with learning more about the real business world.

On March 29, Beta Epsilon Chapter at Oklahoma University and Beta Chi Chapter at Tulsa University journeyed to Oklahoma State for the Annual Joint Initiation. We anticipated an attendance of more than 150 members and pledges.

—TRICIA J. COLEMAN

Brother Cathy Stewart, a newly initiated member of Delta Omicron Chapter at San Francisco State, killed in a car accident shortly after initiation.

Big Brother members get acquainted with Little Brother pledges at Gamma Tau Chapter at Southern Mississippi.

MEMPHIS STATE

GAMMA ZETA CHAPTER is beginning to make things happen at the School of Business at Memphis State. Our chapter worked in conjunction with our new Dean, Dr. Bond, to organize an open house and dedication of a mobile in the Business Building. Many faculty members attended and this gave the chapter members and professors a great opportunity to get acquainted. We also sponsored a business machine show in the atrium of the College of Business Administration.

We were recently visited by Chapter Consultant Mike Walsh who provided our chapter with an immeasurable amount of information as to how a superior chapter should function. Thanks. We have been making good progress in growth and organization. We do have a good time here at MSU. We have a close-knit chapter made up of good friends. We have had some outstanding parties at members' homes and apartment party rooms. Our chapter has some rather accomplished parties. Recently, we had a contingent take a road trip to New Orleans for the MSU-Tulane basketball game.

Gamma Zeta Chapter tries not to forget its purpose in the world of college instruction and activity. We had business tours planned for Plough, Inc., as well as Schlitz. We had several speakers lined up to relate their experience to us. Among these were A. G. Edwards, stockbroker; R. I. Maxey, South Central Bell; and Farley Houston of Masonite Corporation. Hopefully, these all provided our members with an advantage in their pursuit of a career in business.

We had a big Rose Dance planned for March 8. This included a banquet, dance, and awards to our Outstanding Member, Rose Queen, and Chapter Faculty Advisor.

Have a great spring!

—GARY WILKINSON

WAYNE STATE-MICHIGAN

IT TAKES MORE than one person to make a team, and it takes cooperation and responsibility to make that team successfully functional. And that, Brothers, is why Delta Sigma Pi is an accomplishment today. Without the service, support and monetary contributions, we could not even *begin* to work together, and work as one. Deltasig could not be, or have been, as successful as it is today without *all* of us striving to attain a common goal. Even though the acquisition of that goal is not always easy because we may sometimes conflict, we are nonetheless bound together in so many ways as to overcome our differences. It is that give and take ratio, and the compromises, that help keep us working as one unit.

Delta Sigma Pi, Gamma Theta Chapter, has again been able to work together to better our chapter and bring pride to The Central Office. Our fall pledge program brought six new Brothers to the fraternity, and already they have begun to prove their dynamic leadership abilities. One new Brother, Eric Walters, is now presently serving as vice president for professional activities, and doing a *sensational* job. Due to careful planning, smooth coordination, and active participation, the month of February alone kept us all hopping. Some highlights of the month included the following events: a professional tour and service project at Wayne State University Hilberry Theatre, a professional speaker that elaborated on law as a career, a ski outing at Alpine Valley, and a professional speaker from the Detroit Bank Corporation. On the more social side of things, the chapter had the opportunity to observe the production line at a local brewery as well as taste the finished product. A fruitful experience, to say the least!

In addition to attending the professional activities, the Brothers of the Gamma Theta Chapter have been busy raising money through bake sales and going to Wayne State University sport events. Even though participation in the professional activities is important, it is also important to uphold the financial obligations of the organization and interact with the immediate environment.

With the onset of the spring term, the chapter anxiously awaited a professional tour of the GMC Truck & Coach factory, as well as several other upcoming events.

At the Regional Conference to be held in October, we, the Gamma Theta Chapter, are looking forward to once again acquainting ourselves with our fellow Brothers from the various chapters in the Central Region. Support of each other, support of every other Brother chapter, and the adherence to the standards and guidance of The Central Office can only lead to one of our main purposes: the attainment of knowledge in the world of business. It takes more than one person to fulfill this, and a Brother is more than *one* person.

—CARLA M. VAUGHN

SOUTHERN MISSISSIPPI

NEW ORLEANS WAS a popular city for Gamma Tau Chapter this semester, as it hosted both our Rose Formal and main professional event.

In March we toured the General Motors plant of New Orleans. The tour explored plant facilities and featured talks by management personnel. Other professional activities included two professional dinners, three speakers and two tours.

The Rose Formal, which celebrated Gamma Tau Chapter's 30th Anniversary, was held in the ballroom of the Louisiana Superdome. Over 400 guests attended.

Faculty support, always strong, increased even more. All the faculty members attended the "Wine and Cheese Smoker," a formal rush event sponsored by the faculty. Over 51 per cent of the School of Business staff are now Deltasigs. Dr. George Carter became the faculty initiate, while the chapter voted to make Dr. Aubrey Lucas, president of the university, an honorary initiate.

Senior Vice President Jimmy Carpenter's goal of a carefully selected, quality group of pledges was realized in the 20 students who participated in formal pledging. It is hoped and expected that they will add much to the chapter.

Over 30 per cent of the chapter started the semester on the Dean's list, and vowed to make scholarship an even stronger point throughout semesters to come.

In closing, Gamma Tau Chapter continues to strive for excellence in all its activities, knowing that this goal can only be achieved through Brotherhood and hard work.

—S. D'ANN MANGUM

ARIZONA STATE

GAMMA OMEGA CHAPTER at Arizona State University has prospered in membership this semester with the addition of 28 new Brothers through a dynamic pledge program.

Vice President for Professional Activities Ron Goodall offered the chapter a diversified program. Highlights included a tour of the local Coors Brewery distributor, an opera-

The riverboat Natchez was the scene of a professional tour of the Port of New Orleans by the members of Delta Nu Chapter at Loyola-New Orleans.

tions tour of Kennecott Copper Mines at Hayden, Arizona, and an afternoon at Phoenix Greyhound Park. Carl Schneider, of Thunderbird Alumni Club, was a welcome guest speaker, as he shared with members his experiences in the commodities trading business.

Brothers rolled up their sleeves in support of the Red Cross Blood Campaign. Publicity and clerical activities were performed by those who preferred to maintain their current blood capacity.

The Social Committee worked hard to relieve the pressures of winter flood conditions and studies. A billiards night, roller skating party, Canyon Lake picnic, ski weekend, and Initiation Banquet succeeded in complementing the serious side of chapter operations. Gamma Omega Chapter proudly hosted Arizona Deltasig Days in April. Financial support for activities was achieved through the sale of coffee mugs to commemorate the 25th Anniversary for the College of Business.

President David Hart, the Executive Committee, full participation, and optimistic attitudes combined to provide Gamma Omega Chapter another rewarding semester and a positive outlook for the new decade.

—SUSAN E. CROCKER

NORTH TEXAS STATE

RUSH ACTIVITIES CONSISTING of two rush parties and one smoker during the last two weeks in January at North Texas State proved to be fruitful as 16 students accepted bid offers during Bid Acceptance Ceremonies held February 1, 1980. This spring pledge class has proven to be highly active as each Monday night at pledge meetings activities were planned including much needed work on the Delta Sigma Pi Fraternity House, a Leap Year party on February 29, and fund raising activities to supplement the pledge class budget. The fine work performed by the pledge class members culminated in their initiation March 31, 1980. Other Delta Sigma Pi activities for this spring included a Greek Basketball Tournament, numerous parties, the annual Rose Ball, and a lake party held at Lake Dallas facilities provided by our advisor, Dr. David Fitch.

—JUDY MOODY

LAMAR

"WE MEAN BUSINESS . . . and a Whole Lot More!" is truly the motto of the Delta Eta Chapter at Lamar University. Deltasigs "got down to business" even before the spring semester began, meeting during the Christmas holidays to plan a dynamic recruiting campaign and to revise our pledge education program. Recruiting activities included the usual recruiting table as well as a "Meet the Chapter" evening with guest speaker Professor Charles Hawkins, and a very successful chili supper and get-acquainted party—where we were all pleasantly surprised at the culinary talent of our president, Brother Bill Dickson. The efforts of our Vice President for Pledge Education, Brother Mike Warner, and the recruiting committee were duly rewarded at the Pledge Acceptance Ceremony and Banquet on February 8, when 15 promising young men and women and three faculty members became pledges. We were very pleased to enjoy the company of our Regional Director, Brother Victor A. Tabor, at the ceremony and banquet and hope to see him again soon.

Deltasigs were involved in various service projects sandwiched in between our calendar of professional and social activities. Working in conjunction with the Beaumont Chamber of Commerce, we participated in a city-wide clean-up campaign which did much to beautify our city, and gave us a feeling of accomplishment as tons of unsightly litter were picked up and properly disposed of. To serve students of the College of Business, we compiled an employment roster of seniors looking for jobs. Using information collected from questionnaires we wrote a computer program designed to supply potential employers with a list of interested and qualified students. And, to keep fellow Brothers informed of all the latest gossip and daily happenings, we now publish a monthly newsletter packed with all sorts of newsworthy items.

Our professional agenda of field trips and informative guest speakers was interspersed with social activities like the Houston Softball Tournament on March 15-16, where our Deltasigs, in true Deltasig fashion, went out and gave it their best. And who will forget our trip to New Orleans, or the Chapter Anniversary Party on April 12, or our Spring Formal, or, last but definitely not least, the fun in the sun at Brother Ron Stokes' cabin on Lake Rayburn.

In closing, Delta Eta Chapter is proud to announce three mergers. Married in August of 1979 were Brothers Daryll Martin and Gari Lynn Smith. Brother John Leffage and Jan McRoberts were married on March 29, 1980, and Brothers Mark Morris and Cindy Evans will become man and wife on May 17. We wish you all much happiness and continued success in the future.

We at Lamar wish all other chapters a happy, and long, summer.

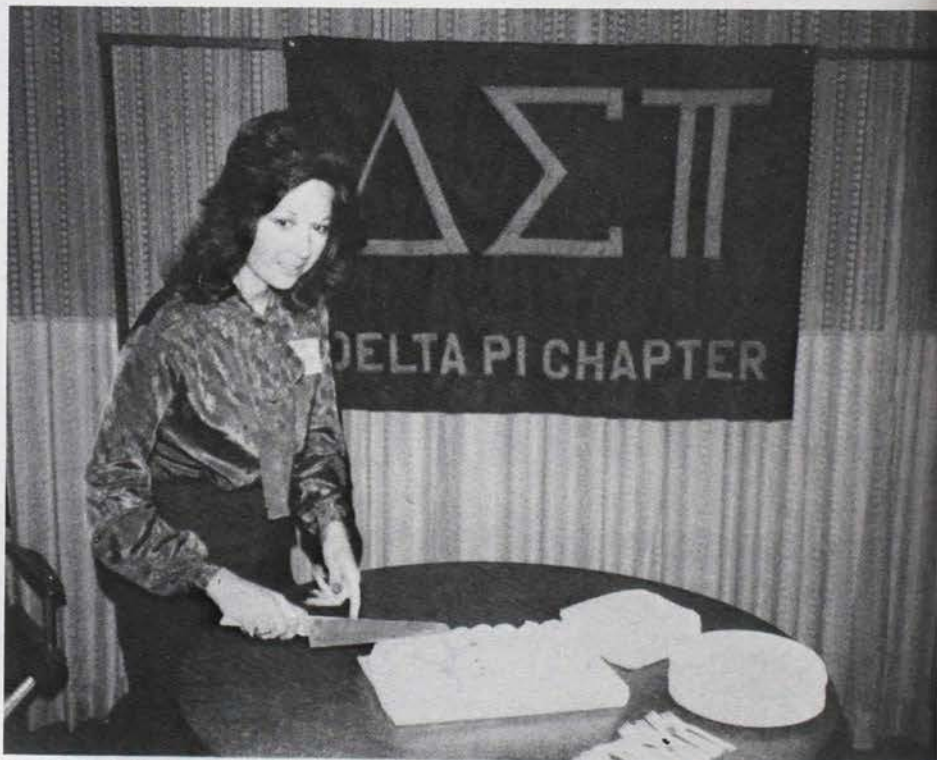

—CINDY L. RICE

FLORIDA SOUTHERN

DELTA IOTA CHAPTER at Florida Southern College started its fall semester off with guest speaker Gene Parnell who works with the City of Lakeland Personnel Management. After his discussion, we all asked questions and found it very informative. We also had guest speakers covering topics such as Computer Sales, Advertising, and Public Affairs. We planned a manufacturing tour of the Florida Tile Plant in our area, too.

John Krone, first chapter president and member number one of Delta Omicron Chapter at San Francisco State was the featured speaker at a chapter recruiting function.

Suzanne Hollerbach, president of Delta Pi Chapter at Nevada-Reno, cuts the 21st birthday cake for the chapter.

We've enjoyed our new pledge class this semester. On March 22 we repainted our activity board, sanded all of the wooden desks in our business building and varnished them. Afterwards we had a softball and picnic social to get to know our new Brothers. It was a lot of fun.

It was our honor to enjoy the presence of our Chapter Consultant, Michael T. Walsh. Our Executive Committee met with him prior to our business meeting. He assisted us with operational matters and answered our questions concerning the national fraternity.

We would like to thank our graduating officers for their fine jobs and the great friendships they contributed to our chapter: president, John Muckenthaler; senior vice president, Tina Hardin; vice president for

professional activities, Rodney King; vice president for pledge education, Dick Longden; secretary, Anne Cross; treasurer, Keith Johns; Chapter Efficiency Index chairman, Cindy Montford; and social chairman, Charles Bombard. Good luck to you all.

—SHIRLEY BEALS

LOYOLA-NEW ORLEANS

DELTA NU CHAPTER at Loyola University has continued to grow even after our great fall recruiting. Spring has brought us four fine new members, plus an additional faculty member.

Our professional program this spring has been the finest we have ever experienced. We have striven to improve our professional activities, so they will be second to none. We have had speakers such as Mr. Frank

Macaluso from Ochsner Clinic. Heavy emphasis has been placed on tours such as the Port of New Orleans on the riverboat Natchez and the Federal Reserve. In addition we had two luncheons with guest speakers. Our professional trip this year was to Jacksonville, Florida.

Having such a large chapter now we have found the need to promote unity in the chapter. We accomplished this by having a retreat. The purpose of this retreat was to seek out and solve problems within the chapter by promoting open discussion in a strictly informal atmosphere. It was a rewarding experience for all. It allowed many of us to really see what the true meaning of Brotherhood really is.

We are all looking forward to the Regional Conference this coming fall here in New Orleans.

—KERMIT FRYMIRE, JR.

SAN FRANCISCO STATE

DELTA OMICRON CHAPTER started off the semester with a successful spaghetti dinner for prospective pledges at Sigmund Stern Grove in San Francisco on February 8.

President Guymond Louie, Senior Vice President Jennifer Leong, and Vice President for Pledge Education Claire Sammon put out extra efforts to get the dinner off the ground. John Krone, the first Delta Omicron Chapter initiate and the first chapter president of San Francisco State, was the guest speaker at the spaghetti feed. He spoke about the fraternity as he remembered it 21 years ago and the positive feelings he has for it now and in the future. John Reyes, Vice President for Pledge Education from fall '79, won the "Most Valuable Member Award," while Greg Pustelnik won the "Most Valuable Pledge Award," of the fall '79 semester. Rex Saoit, an alumnus of the chapter and token Hawaiian, won a trophy for his keen sportsmanship and abilities in Delta Omicron Chapter's Racquetball Tournament of fall '79.

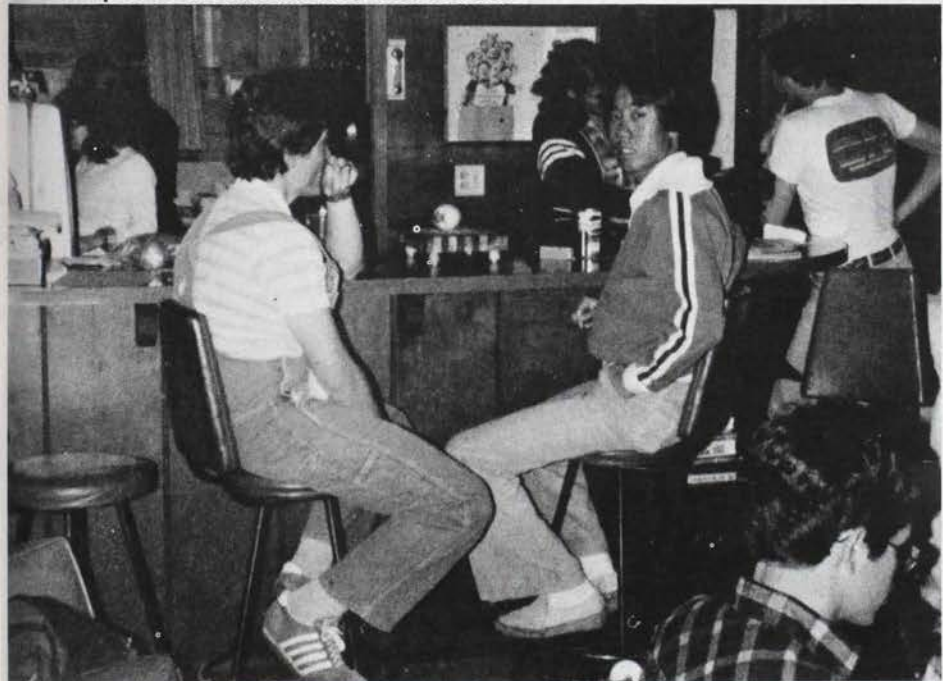

Rush Week and the memorable rush party will always be remembered as we "rocked the night away," till 2:00 in the morning at Brother Claire's house. Five new initiates (Bryant, Gilman, Ealish, Pete, and Celeste) were pinned on February 17 in the business lobby of SFSU.

Jeffrey Nebenzahl and Leianne Wong, co-vice presidents for professional activities, worked together to have three successful professional events. Speakers included Donald Kunstler, President of the San Francisco American Marketing Research Association, Richard Harcourt, Past President of the National Endowment of the Arts and Past President of the San Francisco Chamber of Commerce, and John D. Lynch, of Gary Nelson and Associates—a headhunting executive firm.

Social Chairman Gerald Segalas and Joseph Addiego organized two ski trips to Lake Tahoe in early January and mid-semester. Joe, whose bright ideas included having a hot tub party and barbeque at the beach, really started the fraternity to socialize. Community Chair Persons Nancy Roeder and Sylvia Allewelt organized a memorial service for the loss of our late beloved Brother, Cathy Stewart. The community event was held at St. Finn Barr in San Francisco. Jesus Ortiz, the one and only Ritual

East Central Region Director Jeff Philippi, left, meets with panel leaders representing each chapter at the Indiana Area Conference.

Members of Delta Sigma Chapter at Loyola-Marymount enjoy the chapter's annual retreat.

Chairman, ordered some lovely beer mugs for the Brothers. "Cheers" go out to Jesus! Publicity Chairman Steve Rezentes ordered some very professional business cards. Steve's events posters will long be remembered for his professional touches. And, how could we forget to mention the quality and lifelike photographic genius of our Historians Deepinder Sekhon and Carol Chin? Deepinder and Carol organized the bulletin board and glass display case in the SFSU business building. Margaret Eng, known as a credit as this semester's treasurer, kept excellent records of the frat's money. Financial Chairman Tony Vella kept good records of our donut sales and profit making. Donald "Stretch" White really kept us in order as this semester's Chancellor. Way to go, Don! Without the accurate minutes of our meetings, our fraternity would become unorganized. Special recognition goes out to our appointed secretary and disco Brother, Micheline Savarin.

Lucky graduates of the spring semester are the following Brothers: Joseph Addiego, Jesus Ortiz, Claire Sammon, Guymond Louie, Jeff Nebenzahl, John Reyes, Gerald Segalas, Deepinder Sekhon, Donald White, and Kevin Wright. Congratulations and good luck to all the Brothers of the Delta Omicron Chapter. We had a wonderful semester, but the best is yet to come!

—ANNE HILO

NEVADA

AN EXCELLENT BALANCE of social and professional activities characterized the past semester for Delta Pi Chapter in Reno, Nevada. Diligent efforts of social co-chairmen Larry Fry and Madeline Sanford expedited a successful spring rush and a fun-filled semester for the Brothers. Vice President for Professional Activities Tere Weldin sponsored programs which featured prominent local citizens as guest speakers. The chapter gained recognition in the university community by opening most of these programs to the general public. Community projects have included participation in local March of Dimes and Easter Seals fund drives. In addition, Delta Pi Chapter has continuously maintained the College of Business Administration reading room for the past three semesters.

Delta Pi Chapter celebrated its 21st birthday in style on April 23, 1980. President Suzanne Hollerbach was on hand for a special cake-cutting ceremony. Also, throughout the spring semester a chapter basketball team played in competition with other Greek organizations on the University of Nevada-Reno campus.

A special event was held this spring in order to promote Life Membership in Delta Sigma Pi. Life Membership has gained increased popularity among the Brothers since the fall of 1979, when members were able to take advantage of CEI discount prices. Meanwhile, graduated members of Delta Pi Chapter eagerly await formation of an alumni club.

Fifteen graduating seniors will bid farewell to Delta Pi Chapter on May 17, 1980.

—MATTHEW E. PICHON

FERRIS STATE

DELTA RHO CHAPTER has been busy maintaining a successful professional pro-

gram and enjoyable social functions. As our school year ends, we look back on a lot of work and good times, too.

To start, Delta Rho Chapter's Fourth Annual Florida Trip to Daytona Beach took place February 22-March 1. Approximately 40 Ferris students and Brothers enjoyed the fun and sun of the south to get away from the cold weather of Michigan.

Highlighting professional activities, our 11th Annual Career Day was the biggest ever. Students met with representatives from approximately 50 companies during a full afternoon on April 16. Another annual event, the Delta Rho Chapter's Spring Raffle, was also a success. This year, one-third of the proceeds went to a Big Brother-Big Sister Camp for area youth. A professional tour to Detroit also added to a year of educational experiences.

Springtime always signals a new term of office with new officers. For Delta Rho Chapter at the controls this year are: Phil Salna, president; Mark Mischley, senior vice president; Dan Passinault, vice president for pledge education; Bill Ferris, vice president for professional activities; Rick Fowler, treasurer; Pete Standish, secretary; John Black, chancellor; Brian Carney, CEI chairman; and Steve Pitts, historian. As is always true when Delta Rho Chapter puts its faith in nine Brothers who are to lead and guide them, this year's Executive Committee did a fine job.

While Delta Rho Chapter was busy with its professional program, time was still available for entertainment. On April 12, Rose Ball was held at Lincoln Country Club in Grand Rapids. Much time and preparation went into this dinner dance and it was thoroughly enjoyed by the alumni, undergraduate members and their dates.

Numerous other parties and get-togethers with other groups on campus took place with everyone enjoying each other's company and having a lot of fun.

A growing membership and upbeat pro-

gram have kept us going this year and promise advancement in the future.

—MARK E. LIVANEC

LOYOLA-MARYMOUNT

THE DELTA SIGMA CHAPTER at Loyola-Marymount University preceded its spring semester with a chapter retreat in Lake Arrowhead. With a great turnout from the chapter members and the help of some great alumni, everything came together and flourished in what might become a chapter tradition.

Alumnus Randy Johnson graciously donated his cabin for our use, and the weekend of February 9-10 was spent on planning, refining and improving our pledge program. We also used this time to set some goals, bring out new ideas and generally have a good time together.

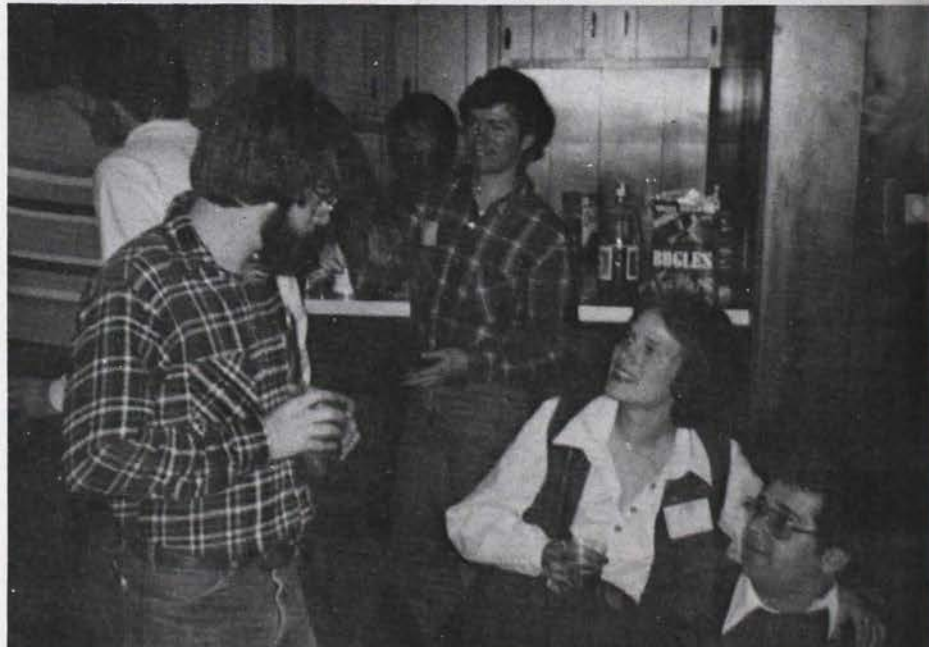

This pre-planning helped in that we had a terrific pledge program which was surely the best yet. Thanks, Bill, Randy, Mike M., Nancy, Debbie, Corraean, Shane, Jose, Joavan, Marny, Mike K., Jeannise, and Jorge for the great weekend we all shared. We accomplished a lot, but have a lot more goals we must achieve, so keep up that Brotherhood!

—CHRISTINE L. PENNING

INDIANA STATE

THE DELTA TAU CHAPTER of Delta Sigma Pi kicked off the new year by hosting an East Central Region Area Conference, January 18-19. Chapters attending were: Alpha Pi, Iota Lambda, Epsilon Xi, Theta Psi, Zeta Theta, and the University of Evansville, which is working on a charter. Tim Vetang, District Director, Jeff Philippi, Regional Director, and several alumni added a burst of enthusiasm to the conference. A party was held on January 18 to unite Brotherhood within the region.

Spring rush began January 20 with three professional activities and a pizza party. The home of our advisor, Mr. J. Richard Becker, was the site of our initiation of 28 pledges on February 17. After nine weeks of obtaining

Members, alumni, and prospective members of Delta Chi Chapter at Washburn at the spring, 1980, recruiting function.

members' signatures and participating in pledge activities, initiation on April 25 was welcomed by the new Brothers. Mr. Becker was awarded with a plaque for Outstanding Service by the chapter.

The Brothers of Delta Tau Chapter have participated in many activities this semester. These include: the annual roadblock for the American Cancer Society with a goal of \$1,500, a trip to the Anheuser-Busch Brewery in St. Louis, a debate entitled "Labor vs. Management," and two professional tours.

We participated in Indiana State University's Donaghy Day, a day set aside to beautify the campus by planting trees and flowers, picking up litter, and painting curbs. This is an annual event that we participate in with many other campus organizations.

Our Big Brother/Little Brother Banquet consisted of dinner and drinks at a nearby restaurant. The Little Brothers presented

their Big Brothers with paddles in appreciation of their help through pledging. The Big Brothers then showed their Little Brothers a night on the town of drinking and dancing.

The Rose Dance was held April 26, the night after initiation. The Brothers were together for this last gala event of the semester.

On behalf of the Delta Tau Chapter, I'd like to wish each of you a wonderful summer.

—JUDY MOORE

TEXAS CHRISTIAN

DELTA UPSILON CHAPTER at Texas Christian University has had a balanced program this year. Delta Upsilon Chapter had a strong rush for the spring of 1980. There were two rush smokers, one on January 30 and one on January 31. On February 2 there was a luncheon for the rushees at Angelo's Barbeque. Ten bids were given out on February 4 and all 10 attended the candlelight cer-

emony on February 11. Delta Upsilon Chapter also held a pledging ceremony for Dean Johnson, the new Dean of the business school.

Business week was held November 12-16 with people from various parts of the business community such as Terry Lynch, an economist for First National of Fort Worth, and the head of the marketing department of the Dr. Pepper Company. The Delta Upsilon Chapter also co-sponsored John Molloy, author of *Dress for Success*.

Our speaker program has included some prominent people such as John Justin of Justin Industries, and Delta Sigma Undergraduate of the Year 1978, Scott Weber.

On the social side, Delta Upsilon Chapter ended the fall with a Christmas party at Rose Queen Ann Reid's house. Our Rose Formal was held at the Fairmont Hotel on March 21, in Dallas, Texas, with a catered dinner and entertainment by Reunion.

The Delta Upsilon Chapter has progressed very well this semester and will continue its good reputation in the TCU community.

—GUY FINLEY

WASHBURN

THE DELTA CHI CHAPTER of Washburn University began this spring semester by recruiting, through a smoker, rush party, and information table, 10 new pledges who should prove to be welcome additions to our membership. On February 15-16, for a community service project, we participated in Washburn's "Super-dance '80" for Muscular Dystrophy. Along with other campus organizations, we worked at "sockblocks," decorated and cleaned up the dance floor, registered dancers, and counted the total amounts of donations. Brother Walt Berry even danced the full 28 hours of the marathon!

We have scheduled two professional businessmen from the community to give speeches at future meetings. Our chapter celebrated its birthday (March 12) at a party on Friday, March 14. After spring break came to an end, we were actively involved with the details of our 20th Annual Fraternity Business Day for April 2. The agenda for that day included three speakers at various times on assorted topics of interest, plus a panel discussion. Also, we hosted a banquet for the speakers, our business faculty, and chapter members after the program. We began early to sell program advertisements to local businesses, the proceeds from which went towards our scholarship fund. Also, for their community service project, our pledge class planned to help with a "Super-Kids" contest benefiting the American Lung Association. A combination Life Membership and Pledge-Member Party was scheduled for April 5, and April 6 was the date of initiation for our new members. Our elections for next fall's officers were held April 10, and we will end this semester with a Senior Party, May 16-17, to extend congratulations and farewells to our departing seniors, Brothers Bob Allen, Deanna Desch, David Farrell, Holly Hardy, Lonnie Hossfeld, Janet Kerns, Curt Landis, Kathleen Moir, Cheryl Schuster, Susie Stanley, Steve Weir, and Jill Wenger.

The Delta Chi Chapter has thus far had a fun and worthwhile semester and plans to continue to do so throughout May. We wish the same for all our Delta Sigma Pi Brothers!

—PAM MULVILLE

Brothers Tim Perry, Gary Seis, and Rick Parks, left to right, confer at the Indiana Area Conference in the East Central Region.

Brothers of Delta Upsilon Chapter at Texas Christian tackle the energy crunch by car-pooling for dinner. Did they all get in that one car?

WEST LIBERTY STATE

THE WEEK AFTER Delta Omega Chapter's spring break, the pledges sponsored a tour to Weirton Steel in Weirton, West Virginia. Several members and pledges attended and enjoyed the tour.

On April 13, the pledges officially became Deltasigs, which raised the total membership to 60 Brothers. The day started at 10:00 A.M. with the written test followed by interviews. At 12:30 P.M. the Ritual commenced—a day the new members will always remember. After the banquet at the Bella Via, an informal party was held at the Jo-El Room. Everyone had a great time.

On April 16, Mr. Ron Bucci from General Graphics Advertising Company spoke to us. On April 25, all the Brothers traveled to Hannibal, Ohio, to tour Ormet.

This has proven to be one of Delta Omega Chapter's best years for quite awhile. Under the leadership of Brother Nancy Bacho, our Brotherhood has grown. With Brother Jeff Bowman's constant reminder to all the other Brothers, our Chapter Efficiency Index points have been easily achieved. Because of the tremendous growth in the last two years, an organization chart has been developed to help the chapter run more efficiently and smoothly. When elections were approaching, the transition program went through with ease with detailed instructions from the previous officers.

On May 10, a combined chapter birthday party and farewell to graduating seniors was held at Brother Kimpel's cabin. It was an exciting, but a sad time. Several Brothers will be graduating, but the traditions and friendships, both old and new, will be carried on forever.

Have a nice summer, Brothers of Delta Sigma Pi!

—CATHY A. MULLETT

ROCHESTER TECH

EPSILON LAMBDA CHAPTER at Rochester Institute of Technology is bigger and stronger than ever. We currently have 32 chapter members and two well qualified pledges.

Elections for the 1980-81 executive board have been completed. The chapter congratulates Peter Sharman, president; Ted Turner, senior vice president; Jim Ganley, vice president for pledge education; Jim Metz, vice president for professional activities; Gary Pinkowski, chancellor; Jim McKenzie, secretary; Joe Gattozzi, Chapter Efficiency Index Chairman; Steve Guttenberg, treasurer; and Larry Woods, historian. The new executives make up one of the strongest boards Epsilon Lambda Chapter has had. The chapter thanks Ralph Reid, Jim Dunn, Andy Forsberg, Keith Neifach, Peter Sharman, Sharlene Smeltzer, Doug Tahy, Jim Metz, and Mark Talbert for the excellent job they did on the 1979-80 executive board.

Epsilon Lambda Chapter is proud to host the Eastern Regional Conference in the fall of 1980. Ted (C. T.) Turner and the Shore Patrol are currently working on house renovations to be completed before the Regional Conference.

Epsilon Lambda Chapter earned and donated \$450 to the American Cancer Society. We worked hard raising money for Easter Seals. Both projects were headed by Tim

(Louie) Geloso.

The chapter is very active in Greek Council, holding three major positions. Larry Pomer is Greek Council president, Ted Martinez is member at large, and Bob Gatewood is the manager of the concession stand.

Epsilon Lambda Chapter is very enthusiastic about the upcoming year. We have many plans and a strong Brotherhood to carry them out. We are looking forward to seeing a strong turnout at the Regional Conference from our Brothers in other chapters. The chapter anticipates a large and strong pledge class this spring. Special thanks to our non-business major independents who helped us in many of our projects.

—LAWRENCE H. WOODS

EASTERN NEW MEXICO

THE YEAR HAS been a successful one for Epsilon Eta Chapter in Portales, New Mexico. The major tour of the year consisted of tours to Burroughs Corporation and the Adolph Coors Brewery in the Denver, Colora-

do, area. Professional speakers were held at the fraternity house throughout the year. Visits by Chapter Consultant Mike Walsh and Intermountain Regional Director Bill Leonard were beneficial to the chapter.

1980 brings to Epsilon Eta Chapter the 20th Anniversary of the chapter. A large Rose Dance was planned. Once again alumni participation has been excellent throughout the year. An alumni reunion during homecoming had many Brothers present and participation in Rose Dance activities and festivities was expected to be good.

On February 14 our chapter held the annual Valentine's Day Party. This year we invited prospective pledges and their dates as part of our rush program. The Chapter Room was decorated with crepe paper and the centerpiece was a heart with the Greek letters of the fraternity in the middle. This centerpiece was later taken to El Paso, Texas, for the Area District Meeting and presented to the Gamma Phi Chapter as a small token of our Brotherhood.

Members of Epsilon Lambda Chapter at Rochester Tech for 1979-80. Visiting is Eastern Regional Director Dick Parnitzke, upper right.

Members of Epsilon Theta Chapter at Cal State-Chico prepare for the traditional spaghetti feed, an annual recruiting function.

NEW ORLEANS

EPSILON NU CHAPTER at the University of New Orleans initiated nine new Brothers at our recent initiation. These men will help us maintain our standard of excellence, and will continue to foster pride in our ranks.

Our professional program this semester is both exciting and rewarding. We have arranged for tours to satisfy interests from broadcasting to aeronautics, and our speakers continue to enlighten us as to the many facets of our fast-moving and complex business world.

Our chapter is well represented in the Student Government Association. Brothers Mike Damore, Mike Keim, and Rick Halprin are very active in that organization.

Two alumni, Brothers Phil Gunn and Terrell Martin, recently passed their CPA exams. We are proud of our alumni, as they continue to bring pride to our chapter.

We hope to enjoy continued success in the future, and hope that all chapters of Delta Sigma Pi can achieve a high level of success.

—WILLIAM J. POYNOT

BALL STATE

EPSILON XI CHAPTER is growing stronger everyday. The entire chapter is working together more effectively and efficiently to accomplish its goals. The Brothers have been very busy with various professional and social functions.

Some of the Brothers attended the Area Conference at ISU in January where we met with other chapters in our area. Each chapter gave a speech on a different topic such as recruiting, pledge education, Ritual, etc. The entire conference was very interesting and informative. We have also been busy with other functions such as a tour of the WIPB television station in Muncie and a lecture on "Time Management."

The highlight of winter quarter was the winter banquet held at the Hillcrest Country Club in Indianapolis. Brother Barb Younkes did an excellent job in setting up the ban-

quet. The evening started off with cocktails, followed by the invocation, dinner, State of the Chapter, a speech by guest speaker Mike Walsh, special awards, Outstanding Member Award given to Brother Younkes, and then dancing. All Brothers, including the alumni, who attended the banquet found it to be a very enjoyable evening.

On February 8 Epsilon Xi Chapter initiated 11 pledges into the fraternity. This was a fine pledge class, and we can only benefit from their admission into the fraternity. Congratulations to Mark Knapp for being voted "Most Outstanding Pledge."

At our last business meeting for winter quarter, we elected new officers. Congratulations to these new officers. We are sure they will do a great job, along with the help and support of the other members to carry out the objectives of the fraternity.

The Brothers of Epsilon Xi Chapter would like to wish everybody a great summer, and to all graduating seniors, the best of luck with their careers in the world of business.

—LISA SOPKO

CAL STATE-SACRAMENTO

ENTHUSIASM AND SPRING fever seemed to hit Brothers of Epsilon Phi Chapter this semester. Many new and exciting activities have been planned for this spring.

In conjunction with the Interfraternity Council here at Cal State-Sacramento, Brother Mike Bugbee is organizing a football game with the California Youth Authority. To be held later this spring, Brothers of Epsilon Phi Chapter, along with members of other Greek fraternities, hope to promote goodwill and provide a stimulating day for these wayward youths.

In an effort to expose student Brothers to the business sector, Linda Joy DeBoard, Vice President for Professional Activities, is organizing an internship program which will give students experience in the business community. The Brothers will work 10 to 20 hours per week as trainees merely observing

and learning the routine. As he or she gains a more complete understanding of the company's needs, the student can take over some of the routine tasks. In this manner, the student gains experience, and the company gains from the service. At the completion of the semester program, if the company wishes to retain one or more students, part-time employment may be negotiated between the student and the company.

How else can Brotherhood be expressed than by the concern of the health and welfare of one another? During the end of last semester, an account at the Sacramento Blood Bank in the name of Delta Sigma Pi-Epsilon Phi Chapter was established. Many of us nervously went in groups to console ourselves and donated our pint in the name of Brotherhood.

Obviously our size (65 active members) has proven to be an asset in attaining our potential and achieving our goal of the Ideal Chapter.

Lastly, we would like to send our congratulations to all graduating Brothers, and hope this summer is an enjoyable and productive one.

—TERESA G. MILLER

GEORGIA SOUTHERN

EPSILON CHI CHAPTER would like to congratulate the new officers who were inducted at the first meeting of spring quarter, and wish them success as they begin their leadership duties.

The Brothers are very active spring quarter. Our six pledges helped us earn money for the fraternity through car washes, by selling tea crates, and by working hard for the faculty of the School of Business on Slave Day.

Career Day was also a great success again this year. It gave the students an opportunity to meet and talk to executives in their preferred career field.

The chapter's annual Rose Dance was on April 26 at the Holiday Inn Mill's House in Charleston, South Carolina. Everyone ate out together and afterward joined the faculty and alumni for dancing and fun. Our annual spring trip, planned for May 9-10, will be spent rafting down the Itchatucknee River in Florida.

Parents have been invited to come to this quarter's initiation banquet at the Nic Nac Restaurant preceding the initiation of our six pledges on Saturday May 24. In the afternoon following initiation, the exciting annual Business Faculty versus the Brothers of Delta Sigma Pi softball game will be played and afterward we all will enjoy a picnic.

The chapter would like to congratulate all graduating seniors and wish them success.

—ANN T. THIGPEN

CHRISTIAN BROTHERS

EPSILON PSI CHAPTER at Christian Brothers College wishes to congratulate the chapter's new officers: president, John Cage; senior vice president, Philip Dees; vice president for pledge education, Pamela Thomas; vice president for professional activities, Janet Suber; advisor, Bill Moss; secretary, Debbie Baggett; treasurer, Ramon Marus; CEI chairman, Venita Elmore; chancellor, Virginia Stewart; historian, Marybeth Her-ring; and Chapter Advisor, Bro. Alfred

Serving members and prospectives at the spaghetti feed of Epsilon Theta Chapter at Cal State-Chico.

Maroni. With their help and the help of our other Brothers, this year's hayride and dance were the best the students had ever seen. Another success was our bus trip to a rival college during our Homecoming week. Our enthusiasm and presence at an out-of-town game helped bring our basketball team home victorious.

A visit from our Chapter Consultant, Mike Walsh, filled us with new ideas and an eagerness to make Epsilon Psi Chapter even better.

All in all, we got off to a good start this year and looked forward to a full schedule of social and professional activities.

—MARYBETH HERRING

EASTERN ILLINOIS

EPSILON OMEGA CHAPTER began the spring semester with a new vitality unmatched in recent years. One of the reasons for such high enthusiasm is the superb rush program organized under our Senior Vice President Mike Daniel. We have an excellent class of pledges and look forward to outstanding results from them. Another reason for our exuberance is the possibility of attaining yet another 100,000 point semester in the Chapter Efficiency Index under the direction of Paul Augustyniak, our CEI Chairman.

A remarkable display of unity occurred early in the semester when we held a raffle. Thanks to the creativeness and hard work done by Project Chairman John Stewart and Craig "Herb" Bernard, we had the biggest money making project our chapter has ever had in recent times. Everyone had a good time selling the tickets, and about the only place we didn't sell them was in the girls' showers! A few more reasons that Epsilon Omega Chapter is running so smoothly under President Brad Irle's guide is the professional program we have had under the many talents of J. Dean Gillard and Jim Mansk. We planned another semester of fantastic speakers and tours this semester which will add greatly to our chapter, and, last, our intramural teams continue to be perennial powerhouses and all hope for a bid to the Summer Olympics.

To conclude, Epsilon Omega Chapter would like to congratulate all graduates and express best wishes and a bright future for all.

—JAMES C. STOWELL

SAINT PETER'S

THE ZETA ETA Chapter at Saint Peter's College has enjoyed a most productive second semester. In the midst of all the other activities taking place, the Brothers found time to take a tour of the New York Stock Exchange. The recent excursion was enjoyed by all who attended.

Our chapter has been participating in many of the school's intramural sporting programs and in the Greek Olympics. We proved tough competition in all areas and made a strong showing in all our undertakings.

As the end of the school year approaches, I would like to take this opportunity to thank the chapter's Executive Board for a job well done. Congratulations are also in store for all our graduating Brothers. We wish you all the best of luck and our most sincere wishes for a most satisfying career, plus a lifetime of happiness.

—MARIE LA BRUNO

WESTERN KENTUCKY

ZETA THETA CHAPTER began the spring semester with a very successful recruiting week. The week consisted of two "Meet the Chapter" meetings, one consisting of a chili supper.

Several pledges were initiated into the chapter on April 19, 1980.

Our professional program was very strong this semester; we had several guest speakers and plant tours. The most important professional event of the spring semester was our Third Annual Recognition Banquet. At the banquet each year we honor an outstanding member of the community. On March 12, 1980, we honored Mr. Earl Fischer; he was also initiated into the chapter as an Honorary Member.

Our Spring Formal was held on April 5, 1980, at the Executive Inn in Owensboro, Kentucky. The theme of this Spring Formal was a Zeta Theta Chapter Reunion.

We the Brothers of Zeta Theta Chapter wish all the Deltasigs an enjoyable summer and a prosperous next school year.

Also, to all the Brothers that are graduating—much success in your new way of life.

—LEANNE CLASBY

MISSISSIPPI COLLEGE

FEBRUARY, MARCH AND APRIL have been some of the fullest months that the members of Zeta Iota Chapter at Mississippi College have ever experienced. Our recruiting efforts turned out well and we are proud to have many fine new members to share our good times with.

Our professional tours and speakers have not only been numerous but generally very informative. We have enjoyed tours such as the Jackson Chamber of Commerce, the Gulf States Cannery in Clinton and the Jackson office of Touche-Ross and Company, CPA. Our professional speakers have included a Pru-

Members and pledges of Zeta Phi Chapter at Florida Atlantic on initiation day breakfast.

Pledges of Eta Kappa Chapter at Troy State present a T-shirt to Dr. Rhae Swisher, Dean of the School of Business at Troy State. The shirts were a pledge project for the quarter.

dential Insurance Special Agent; a member of Peat, Marwick, Mitchell and Company, CPA; the Executive Vice President of Jackson's Deposit Guaranty National Bank; and Jimmy Fowler, the President of Fowler Buick-Opel in Jackson, who received the honor of Sales and Marketing Executive of the year, gave a fine talk on "The Importance of Being People Oriented."

Earl Fischer, outstanding community member designate and newest honorary member of Zeta Theta Chapter at Western Kentucky.

The Brothers of the chapter celebrated the annual event of Derby Day in April. This is a socialistic event celebrated with all the female social clubs on campus.

We want to congratulate our Brothers who are graduating in May and hope to see them again in the coming years. They are: Ike May, Gwen Henderson, Brooks Derryberry, Cheryl Ratliff, Mike Woodthorpe, Tom Alexander, Julie Ellis and Sharon Whitey.

From all of us at the Zeta Iota Chapter we would like to wish all Brothers a safe and prosperous summer.

—SHARON D. WHITEY

WESTERN STATE

THE ZETA KAPPA CHAPTER at Western State College is having a very successful year. After losing a number of members through graduation, we have been able to rebound with a large pledge class. There were five women and seven men in the fall, 1979, pledge class, one of the largest in years. Since the chapter was rebuilding and the pledge class was large, much of our activities centered around the pledges. To raise money for the pledge class project, a beer and boogie dance was sponsored by the chapter. This was the first time beer was introduced at a school dance. The money we made went toward two benches constructed by the handicapped. Professional activities consisted of two excellent speakers. Our major financial resource was our concessions business, which involves handling a snack bar at all home football and basketball games. We ended the year with officer elections.

This spring we concentrated more on professional activities. Besides the normal film schedule, we had five speakers and two state tours scheduled. The speakers commented on business and mining, international market-

ing, insurance, retailing, and computers. The state trips consisted of tours of a bank note company, United Airlines Flight Training Center, Coors Brewery, Rocky Flats Arsenal, a large national bank, and other businesses. One of our service projects was the sponsorship of a MD marathon dance. To wind up the year, we should be one of the best 100,000 CEI point chapters.

—ERIC NIEMANN

TEXAS A & I

THIS SEMESTER AT Zeta Nu Chapter, our main professional tour was a tour of Texas Instruments in Houston, the week following the Houston Alumni Club Softball Tournament.

In community involvement activities, the chapter became involved with Big Brothers/Big Sisters of the Coastal Bend. To highlight this election year, we registered voters both on and off campus.

Last fall, we were able to have one of the most successful fund raisers in the chapter's history. By starting three weeks early, we were able to capture the entire market on mum sales prior to the homecoming weekend. Good planning and initiative were the keys. In what usually is a buyer's market here at A & I, our early bird start caught other organizations off guard and thus we truly monopolized the market. Please don't notify the FTC!!! We netted well over \$350.00.

—LEVI J. BENTON

ST. JOSEPH'S

ZETA PI CHAPTER at St. Joseph's University in Philadelphia has enjoyed a very successful semester. Although we graduate 29 seniors this month, last semester's Vice President for Pledge Education Dave Iburguen and this semester's Vice President for Pledge Education Kevin Boyle have led a large number of quality Brothers into the fraternity, greatly enlarging our ranks.

Vice President for Professional Activities Bill Donovan deserves a big hand for the spectacular Leadership Awards dinner held on March 18. Msgr. Francis Schulte, who is the head of the Philadelphia Archdiocesan School System, received this year's award for his outstanding service to Church and community.

Social Chairman Joe "Fiege" Fisher entertained the Brothers with a series of Manor Mixers, and other assorted parties while Professional Chairman Paul "Hell 'n' High Water" Carney tried to improve the Brothers' minds with lectures and tours. Brother Mike Coyne assisted by making contact with a small Philadelphia based pharmaceutical distributor.

Under the direction of Treasurer Chris Galligan, the chapter survived financially through the weekly "Bar Nights," car washes, and a Casino Night.

The undergraduate Brothers of the Zeta Pi Chapter would like to thank the seniors and wish them all luck in their future lives.

—FRANK J. HAYES

MENLO

ZETA RHO CHAPTER at the Menlo College School of Business Administration planned big things for this semester. Our chapter has sponsored a speaker program which has scheduled, every Thursday, a business speaker from the local community to

Janet Suber, VPPA of Epsilon Psi Chapter at Christian Brothers, right, gets tips about her office from Chapter Consultant Mike Walsh, while Pamela Thomas, VPPE, left, prepares for chapter meeting.

come and talk to us about his/her business experiences. These programs have been very successful in the past and this semester has been no exception. Other activities lined up for this semester included several tours of local wineries and a spring bake sale.

We were very proud to have placed fifth nationwide in the Chapter Efficiency Index ranking last semester. We worked very hard to earn as many points as possible and this semester we look forward to another good showing.

Our soft drink machine in the basement of our business building is contributing much-needed revenues to our bank account. This gives us a little more freedom to plan weekend trips and the like. We would like to suggest to other chapters that they consider this as a means of earning money—it really works.

Our pledge class has shaped up well in all pledging activities. Zeta Rho Chapter extends its best wishes to all Deltasigs and hopes this has proved to be an excellent semester for all.

—PETER M. EVANS

SOUTHEASTERN LOUISIANA

ZETA SIGMA CHAPTER at Southeastern Louisiana University in Hammond began the spring semester of 1980 by inducting eight women and one man as pledges as a result of our semester's rush held on February 5. We all looked forward to having these well qualified persons as Brothers of Delta Sigma Pi.

The activities scheduled for this semester were a raffle of his and her watches for Easter, selling candies, taking part in the Crescent City Alumni Club's annual basketball tournament, tours of area companies, speakers, and several other activities. We'll end the year with the initiation, banquet, and our own annual barbecue cookout at the home of our advisor, Binford Carver.

We all looked forward to a successful semester and we wish each of our Brothers much success in the future.

—ELTON AUGUSTUS

VIRGINIA TECH

HELLO AGAIN FROM the mountains of beautiful southwestern Virginia. The Zeta Upsilon Chapter here at Virginia Tech is looking back on one outstanding year!

Our Brotherhood here has advanced to unprecedented levels in all areas. Our professional program has proved most valuable through the diversity of its speakers and films organized by our Professional Vice President Jennifer Ross. Scott Bennett and Paul Kaiser deserve the highest praise for making our financial status sound. I guess it takes an accountant . . . (What else are they good for?).

This year's memories range from the '79 Homecoming to this year's 1980 Annual Spring Blast—the finest yet. The undergraduates held their annual basketball clinic for the alumni—Jeff Barron, Don Costello, Bill Holt, Chris Colville, Rich Hodge and company. Spring Blast will provide water skiing, horseshoes, basketball and a variety of other activities.

Fall featured the Sixties Revival, and the "turn back the clock" party. Winter was highlighted by the Pledge's Fantasy party

and, of course, the traditional Winter Banquet with guest speaker, the Honorable Dean Mitchell.

One more tradition deserves its own honorable mention—our fraternity house. As a gathering place for Brothers and alumni, as well as faculty, the house continues to be the pride of the Zeta Upsilon Chapter at Virginia Tech. We welcome all fraternity Brothers to pay us a visit anytime.

The Zeta Upsilon Chapter has achieved respect among the many other organizations for its dedication to professionalism and for offering business students a more enriched, varied college experience here at Tech, and the Brothers look forward to becoming the strongest Brotherhood in all the nation.

—RON HODGE AND EDDY DAY

FLORIDA ATLANTIC

NOW THAT THE Zeta Phi Chapter is almost through its third quarter for the 1979-80 year, the Brothers are busy in anticipation of graduation and summer break. As this academic year draws to a close, we can look

back on some of our successes and look forward to things planned for the coming year.

Guest speakers have been the highlight of this year's professional activities under the direction of Brother Kathy Vignau. Topics for these lectures included advertising, computers in business, international relations with Latin America, and nuclear energy. The lecture topics proved to be beneficial due to the diversity of interests within the Brotherhood. The Brothers also enjoyed a tour of the Federal Reserve Bank in Miami. A two-day stock exchange seminar was another enlightening event.

The community service project headed by Brother Dan Klopenstein was a real success. Brothers volunteered their time and efforts to assist the clerical duties at the Fort Lauderdale March of Dimes headquarters.

Recruitment plays a major role in the Zeta Phi Chapter's activities. During the winter quarter two informal "Meet Deltasig" nights and an open house were held. As a result of these activities, bids for pledging were extended to four outstanding students. On

Members of Eta Rho Chapter at Wisconsin-LaCrosse had the opportunity of touring the corporate offices of Cargiss in Minneapolis as a part of the professional program.

Members of Theta Kappa Chapter at Akron do a clean-up job as part of community service.

March 1 the chapter was both proud and happy to welcome Jonathan Greenlaw, Belinda Hirsch, Julia Miller, and Marie Sides into the Brotherhood of Delta Sigma Pi. The spring quarter once again included several informals and an open house to kick off the pledge period. Brother Russell Flott has done a fine job planning and implementing these activities.

The social scene has been a whirlwind of activity with Brother Barry Sommers at the helm of organization. Special thanks go to our alumni Brothers since the first social function of the winter quarter was a party sponsored by the Boca Raton Alumni Club. Several Brothers provided the entertainment for the evening by putting on skits and awards were given for the best costume. The Valentine's Day picnic was the next social event. All of the Brothers enjoyed this pot luck picnic and spent the day playing football and volleyball. The Life Membership party had a roaring twenties theme and not only was it a fun occasion, but a profitable one also—five Brothers became Life Members that night. The Graduation Day picnic was an outstanding event. All the Brothers enjoyed reminiscing about memorable times during their association with the Zeta Phi Chapter. Everyone in the chapter is anxiously awaiting the last big event of the year, our banquet. This year's spring banquet will take place at the Crystal Lago Country Club in Pompano Beach.

The Zeta Phi Chapter athletes, under the guidance of Brother David "Chuckie" Ross, have participated in numerous sporting events the past two quarters. Softball, volleyball, waterpolo, and indoor ice hockey teams have kept this chapter in the school newspaper sports highlights every week.

The Southeastern Region Area Conference was held on March 8 at the University of Central Florida in Orlando. Chapter management, finance and fund-raising, and pledge education were a few of the informative

topics of the seminars. Before leaving the Orlando area the Brothers made a side trip to Disney World to top off the weekend activities.

In closing, the Zeta Phi Chapter would like to wish all seniors good luck in their future endeavors and all chapters a good summer.

—PAMELA ANN GORDON

SUNY-ALBANY

THIS SEMESTER ZETA Psi Chapter got off to a great start. Our rush program headed by Senior Vice President Dave Fabian was one of the most effective ones to date, as we had more applicants than ever before. The committee system underwent changes and additions this semester under the leadership of President Bob Maxant. It was altered to meet the growing needs of the chapter. In addition to the standing committees we initiated a Frat Control/Public Relations committee. So far this committee has been successful in revising the chapter's standard operating procedures, and we already see that it will play an integral role in the future of the chapter.

In keeping with tradition, Zeta Psi Chapter has been successful in conducting a full program of professional events. Many Brothers took part in a tour of an area baking company that services most of upstate New York. On our weekend trip to Montreal we viewed the city and spoke with members of the Chamber of Commerce. The trip proved to be very informative and educational, as well as a lot of fun. We also took a professional tour of a winery, where we had the chance to see how wine was made, and also learned about their marketing techniques. Vice President for Professional Activities Al Gordon supplemented these activities with various speakers. These events were open to the Brothers and the University community.

Several social happenings and community service events complemented our busy schedule of professional events. A weekend ski trip

was the social highlight of the semester. The Brothers rented a cabin in the woods and enjoyed many winter activities. The major attraction of the weekend was a visit to Lake Placid to see the site of the 1980 Winter Olympics. Later in the semester, the social committee, along with the Vice President for Pledge Education, Warren Marmorstein, planned an evening of roller skating for the Brothers and the pledges. Again this semester we participated in a game of wheelchair basketball which was a rewarding experience, as well as enjoyable. At Easter time we went to a local hospital and hosted a party for the children staying there. The afternoon was as meaningful to us as it was to them.

Our high degree of success could not have been achieved without the fine leadership of our Executive Committee, advised by Past Grand President Harold L. Cannon, and the cooperation and unity of each and every Brother in the chapter. We hope for success in the future and would like to wish our Brothers everywhere the best of luck in all their ventures.

—LESLIE KANTER

NORTHERN ARIZONA

THE ZETA OMEGA CHAPTER was off to a great start this semester. It offered everyone on the chapter a chance to become involved . . . from pledge to member.

Our senior vice president, Sandy Burlem, organized Rush Week. We had our traditional Mexican Food Pot-luck/Information Meeting. Our honored guests were Bill Leonard, Bob Hamer, Theresa Jeszka, and Bill Wilson.

After installing seven men and one woman, Geoff Habgood guided them into becoming our Brothers. We thank Geoff for a job well done!

The highlight of our professional program was our "Las Vegas Extravaganza." It consisted of two tours (Caesar's Palace and The Mint), plus a show. Thanks to Jeanne Mazarella, it was a tremendous success.

Our community project this semester was to help out during the Arizona Special Olympics. It was a rewarding experience for all of us that were involved. Thanks, Matt, for making all the arrangements.

On April 29 our chapter celebrated its 13th birthday. Laurie Morton arranged our traditional birthday celebration in the College of Business with cake and coffee—all were invited.

The Zeta Omega Chapter would like to extend a special thanks to Brother Gregg Hoglund. Through his generous contribution to our professional program, we were able to offer our members a great semester.

Also, we would like to announce the upcoming dividend to Brothers Mike and Laurie Morton. Their bundle of joy will be here in early July.

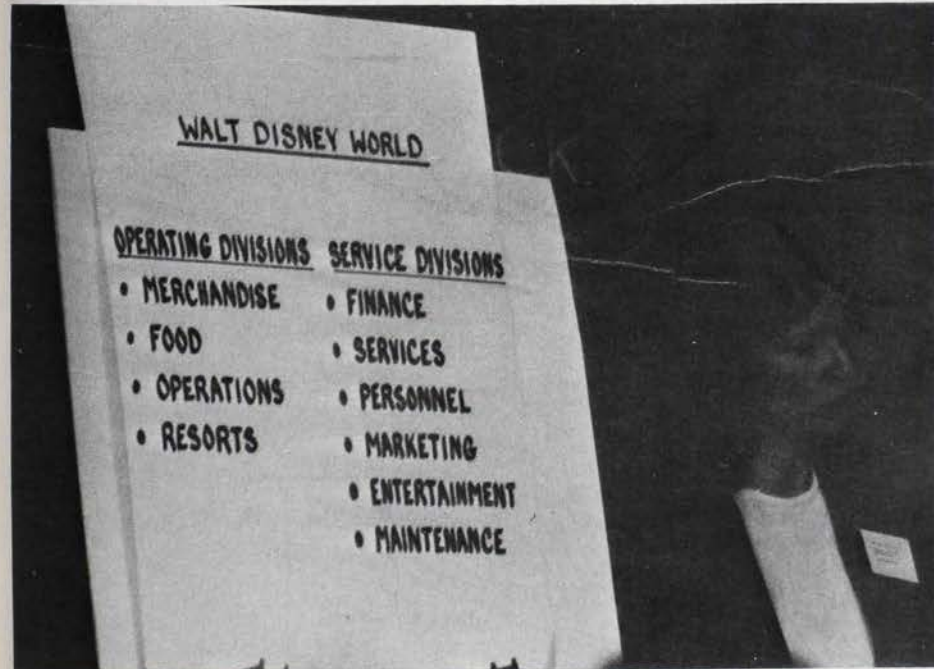

One final announcement is the proposed merger of Brothers Mark D'Agostino and Debbie Sharp. The wedding will be October 13, 1980, in Huntington Beach, California.

Good luck to all graduating seniors. The rest of us will be back in the fall.

—BROTHERS OF THE ZETA OMEGA CHAPTER

NICHOLLS STATE

ETA IOTA CHAPTER at Nicholls State started the new decade with hopes of replen-

Rose Strack spoke to students at Central Florida, home of Theta Sigma Chapter, about career opportunities at Walt Disney World in Orlando.

ishing our wealth of good members. And that we did! Under the aggressive leadership of Senior Vice President Karen Maupin, Eta Iota Chapter recruited its largest pledge class ever (33). Congratulations should go to all of the Brothers of the chapter for their tireless efforts in securing Eta Iota Chapter's spot as the Number One Fraternity on campus. Special thanks should also be given to the alumni and the faculty of the College of Business Administration at Nicholls State for their support and participation throughout the semester.

Glenn LeCompte, vice president for professional activities, kept us in ties and dresses all semester long with his outstanding schedule of speakers and tours. Big hits this semester included a luncheon with a speaker discussing the marketing aspects of Jack Daniels, and a tour of WWL Television in New Orleans.

Eta Iota Chapter's 5th Annual Softball Tournament was once again a tremendous success, with teams from throughout the area eagerly participating. Everyone had a great time as usual, and the chapter's concession stand was kept constantly busy with hot and hungry customers.

The semester gradually came to a close with everyone anxiously anticipating initiation and the Rose Ball—on April 19 that day finally came. Initiation was performed excellently and everyone in attendance thought it was very impressive. With our new Brothers in high spirits, the chapter celebrated its Rose Ball that night (and much into the next day). Special thanks go to Mark Ledet for his fantastic job of getting it all together, and two aspirins and a Coke to everyone who helped clean up afterward (whew!).

The spring semester proved to all that Eta Iota Chapter is here to stay, and in a BIG way. Under the leadership of President Rick Spansel, we once again achieved our goal of 100,000 points (for the second straight year), and we wish the new members all the luck in maintaining our fine tradition of excellence.

In conclusion, Eta Iota Chapter salutes its Brothers who are graduating this semester. They are: Ralph Boudreau, Ricky Cambre, Gary Campos, Laurie Guay, Glenn LeCompte, Mary Ann Licciardi, Karen Maupin, Lynn Schulkens, Janet Schwank, and Rick Spansel. **GOOD LUCK AND GOOD JOB!**

—GARY CAMPOS

TROY STATE

THE ETA KAPPA CHAPTER at Troy State University began the winter quarter with lightning speed and accomplishment. A very successful recruiting program brought nearly 30 prospective members to each of our two "Meet the Chapter Nights." We were overwhelmed on the second night by the speech given by the Dean of the School of Business, one of our chapter faculty members, Dr. Rhae Swisher. He enlightened the old Brothers and did more in a few, brief moments to motivate the new people than anyone could think possible. We gained 15 hard working pledges from our efforts and would like to say "thank you" to Dean Swisher and to everyone who made the recruiting so successful.

Even though we had a short quarter it could not have been detected in viewing our long list of accomplishments. Eta Kappa

Deltasigs enjoyed such things as touring local industries, a very successful and profitable money making project, hearing some very informative professional speakers, attending the Area Conference in Columbus, Georgia, pigging-out at our chapter birthday party, selling tickets to the college beauty pageant and having a volleyball team sponsored in a campus marathon.

Other feelings of accomplishment were gained from the planning of our Career Day on campus which we're sure will bring many Brothers and other business students together to hear the views of business men and women from the surrounding area. Our plans so far are to have a CPA, a local bank examiner and several other business occupationally. We really looked forward to this event which was planned for April 9, 1980. A personal invitation was extended to all Brothers. We'd love to have you visit Troy State!

We're also very excited about our Spring Fling. Plans are already well underway to take a trip to Birmingham this spring to tour five or six firms and businesses. A number of our Brothers are from the Birmingham area and we're sure it will be a worthwhile and memorable occasion.

As the winter quarter comes to an end we are glad and thankful for all the returns we've received from our hard work. However, we are sad in that we are having to say goodbye to five of our Brothers. Graduating this quarter are Sid Mickle, Wayne Linton, Nancy Miner, Frank Trimper, and Vicky Pinkard. We're sure we'll be in constant contact with each of them but will truly miss having their smiling faces and helping hands around. We wish each of them all the best the world has to offer and are sure they'll each go far in the business world.

Finally, one important thing we wish to mention is the fact that Eta Kappa Chapter ranked third in the Southeastern Region, fall quarter, for CEI points obtained. Third place wasn't too bad, but we plan to blow the two

chapters ahead of us away and naturally come out on top with 100,000 points in the spring.

—ALISA STUCKEY

NORTHEAST LOUISIANA

ETA OMICRON CHAPTER started the year with a visit from District Director L. Murphy Smith. He spoke briefly and encouraged the Brothers to continue to work together to improve the chapter. Everyone enjoyed the association with Murphy and his wife, Kathy, who are both alumni of our chapter.

Our professional program has been both interesting and informative this semester. Guest speakers included representatives from IBM and Burroughs, who discussed data processing and word processing systems. Mr. John Luffey, partner in a local accounting firm, spoke on "Accounting and Inflation."

"Business Information Systems Day" was the highlight of our professional activities. Equipment which processes business information, both numerical data and words, was exhibited by several companies in the auditorium of our Student Union Building. Companies who took part in the exhibit were Burroughs, Data General, IBM, Radio Shack, Lanier, and Sperry-Univac. Students, faculty, and business persons from the Northeast Louisiana University and the surrounding area attended, and were educated on the most recent information systems available. We would like to thank Dr. J. W. Smith, our Advisor, for all his assistance in organizing this activity.

We had a fine basketball team headed by Athletic Chairman Nicholas Morgan. Key players were David Stidham, Mike McShane, Phillip Taken, and Mike Hood. At the Regional Deltasig Basketball Tournament in New Orleans, many chapter members went along to support our boys, and everyone had a great time.

Initiation was held April 12 and we expect our new Brothers to be fine additions to the chapter. We also welcome our faculty initi-

Two past presidents of Theta Sigma Chapter at Central Florida, Tim Bird, left, and Marc Gibault, center, joined Chrysler executives at lunch on Career Day.

ate, Mr. Lonnie Phelps, Instructor of Management and Policy.

Congratulations and best wishes to all those graduating this month. The graduates from Eta Omicron Chapter include Nicholas Charles Morgan III, David Stidham, Mike McShane, Carla J. Young, Tom Theriot, Imogene Kirk, Myra Canterbury, Patti Boyd, Donna Leslie, Debbie Barthold, Mary Sheehan, and Ryan Chappell.

The Brothers of Eta Omicron Chapter at Northeast Louisiana University wish all Deltasigs a relaxing and fun-filled summer.

—BEVERLY LOVE

WAYNE STATE-NEBRASKA

ETA PI CHAPTER at Wayne State College began the 1980 winter semester with 57 members. Our smoker brought in 15 new pledges. This term the Eta Pi Chapter has invited our alumni members to join in the

initiation of the pledges. Initiation this semester was combined with Rose Formal which was scheduled to be held in Sioux City, Iowa, on April 12.

Fund-raising activities for this term include selling SOB T-shirts (Student of Business), our annual four-hour work day, and energy packets which are delivered to students at the start of finals week.

Eta Pi Chapter sponsored and played in a benefit basketball game for heart disease on February 14, Valentine's Day. The proceeds went to the Wayne Care Center who forwarded them to the Heart Association.

A mini-tour was scheduled for March 14 to Sioux Falls, South Dakota. We planned to visit Northwestern Bell, Dual Manufacturing, and the Empire Mall while in Sioux Falls and meet with management personnel.

Eta Pi Chapter is very proud and honored

to have one of our pledges from last semester, Connie Peitzmeier, inducted as the 100,000th member of Delta Sigma Pi. Congratulations, Connie!

This term promises to be another successful one for the Eta Pi Chapter and best wishes to all other chapters in the fraternity.

—IRENE BROWN

WISCONSIN-LA CROSSE

THE ETA RHO Chapter at the University of Wisconsin-La Crosse began the spring semester with an extremely successful rush program directed by Pledge Educator Jack Belke. By initiating 15 new pledges we feel confident that our chapter is continuing to gain in popularity. Our calendar of events for the semester engrossed a variety of programs for the social, professional, and educational development of our members as well as enhancing our professional image—both at school and within the community.

On February 7, the chapter sponsored a speaker/dinner featuring three guest speakers from Gimbel's. The theme for the event, "How to Succeed in Business," was well received and attended by pledges and members. All members present felt that the event was informative and appreciated the opportunity to speak at leisure with the Gimbel's representatives about topics of concern to aspiring business people.

Our Minneapolis trip, during the last weekend in February, was as entertaining as it was informative—a pleasant mixture of professional activities rounded off with stimulating social events. Leaving La Crosse early Friday morning, we arrived in Minneapolis around 10:00 A.M. to begin an arranged tour of the General Mills facilities located there. This tour was informative in providing us insight into product testing and improvement as well as furnishing us with pertinent information about currently successful products they carry. After lunch, we proceeded to Cargill Corporation for a presentation and lecture pertaining to their marketing, accounting, and data processing systems. The evening was rounded off with a hockey match between University of Minnesota-Minneapolis and University of Minnesota-Duluth. The trip back to La Crosse was by a circuitous route so that we could attend the UW-La Crosse vs. UW-Eau Claire basketball game held in Eau Claire. Unfortunately, despite our vigorous efforts to cheer our team on to victory, we lost!

Our professional activities agenda for the semester concluded with a career seminar consisting of workshops in resume writing, interviewing, and salary/benefit analysis. This is an annual event sponsored by our chapter and was well received by students and faculty. Participating in the seminar were personnel representatives from Mirro Corporation, Schultz Brothers, and Trane Company.

The Brothers at Eta Rho Chapter would like to extend a greeting and our best wishes to all Brothers of Delta Sigma Pi and wish them all the best of luck in all their endeavors.

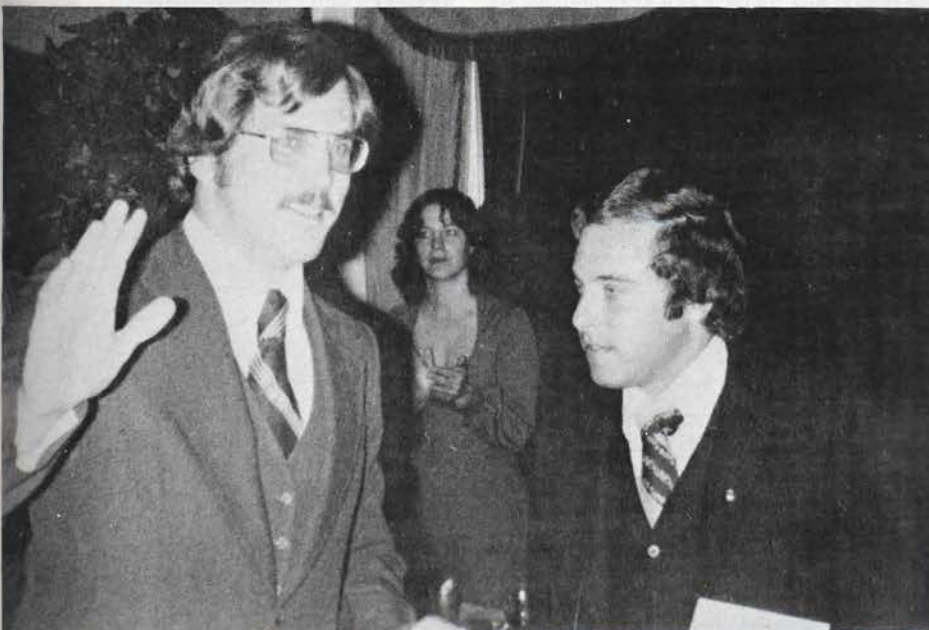

—ALLAN R. BETCHER

SOUTHERN ILLINOIS

ETA SIGMA CHAPTER at Southern Illinois University at Edwardsville has elected

Bob Sloan, center, organized the successful winter quarter formal as social chairman of Theta Pi Chapter at Bowling Green State.

Miles Drenth, left, received the Brother of the Quarter award from Theta Phi Chapter at South Florida.

new chapter officers. They are: president, Ken Ryder; senior vice president, David Votrain; secretary, Vendetta Black; treasurer, Mark Bentlage; vice president for professional activities, Lorna Scruggs; vice president for pledge education, Janet Deal; chancellor, Judy Kelly; Chapter Efficiency Index chairman, Richard Shindel; historian, Janet Butts; and Chapter Advisor, Frank Weber. We all look forward to working with these great people as well as all appointed committee chairmen and members.

Our bake sales continue to improve our financial standing. We also were able to collect over \$100.00 in one evening when a group of Brothers took inventory at a local clothing store on a Saturday night.

All of us enjoyed a great time at a bowling-and-pizza party held recently. Although it is not certain who won the most games, we did have a lot of fun together.

Eight new pledges were initiated and we celebrated our happiness later that same evening at our Rose Bowl celebration held at the Stratford Hotel in Alton. The evening was cheerful and rosy.

Congratulations to District Director Bill Stroud for having his name and picture in the Edwardsville newspaper for his work in the local Jaycees club.

May every Brother enjoy a fun and safe summer.

—MARK D. BECKER

CAL POLY-POMONA

BROTHERS OF THE Eta Chi Chapter at Cal Poly-Pomona have been keeping themselves busy this past spring quarter. One of our major activities was our community service project. This project was planning and carrying out an Easter Egg Hunt for the Crippled Children's Society of Pomona Valley. This Center is there to help children learn how to handle various learning and physical disabilities. The Egg Hunt was nothing but fun for the Brothers, and the experience of working with those kids was one that will not be forgotten for a long time. One aspect of our professional program that deserves recognition was our professional tour of the Bonaventure Hotel, located in Los Angeles. This tour provided the Brothers with a real insight as to the workings inside and out of a hotel.

On the lighter side, the Brothers of Eta Chi Chapter are pleased to announce that Brother Gary Goerner has been crowned King of the Cal Poly Backgammon Tournament. The tournament was a "come one, come all" type. Gary now proceeds to the regional tournament to be held in San Luis Obispo. Also, the Eta Chi Chapter entry of a basketball team into the school's intramural program proved to be a genuine success. The Brothers are not real experts in this field, but the results ended on an optimistic note with the team finishing fairly high up the ladder.

In closing, the Brothers of Eta Chi Chapter would like to take the time to say to the lucky Deltasigs, who this June will be taking a gigantic first step, "knock'em dead!"

—JEFFREY W. GRANT

HOUSTON

WITH THE END of a busy fall semester, the Brothers of the Eta Psi Chapter at the University of Houston started off the new

year by going to Dallas for the Cotton Bowl. About 40 of us were at the game and a few of us spent the whole weekend. Winning the game was, of course, the highlight of the trip but the feeling of unity and Brotherhood followed us back to Houston as we planned for the new semester to begin.

The officers for the spring 1980 semester are Jim Stuermer, president; John Revelle, senior vice president; Pi-Yi Mayo, vice president for pledge education; John Solomon, vice president for professional activities; Deborah Dunlay, treasurer; Fred Lipsey, secretary; Phyllis Dovalina, historian; Mark McMillan, chancellor; David Mosley, Chapter Efficiency Index chairman; and Dan Lassiter, Louis Morin, Marc Murphy, Victor Tabor, David Warnick, Chapter Advisors. Each of these members and all our Brothers have worked hard to present a fulfilling and successful semester.

Our rush program began January 14 and proved to be one of our best. We had two big rush parties in which all members attended, plus alumni. As a result, on February 15 we pinned 14 new pledges.

On February 1, the Eta Psi Chapter celebrated its 10th birthday by having a party. About 100 people were there to eat, drink, and share our Brotherhood. Several alumni were present, which made the occasion all the more memorable. "Happy Birthday, Eta Psi."

We had a joint party with our sister sorority, Phi Gamma Nu, which gave us a chance to share ideas and meet new people. Also, the alumni club, which has been very active this semester, had a wine tasting party to which all members were invited.

"We Mean Business," the statement behind our chapter, has played a big role this semester. We had several professional activities planned from speakers about the ROTC, Stocks and Investments, Real Estate and Housing, and Energy Resources to tours of the Coca-Cola Company, Anheuser-Busch, an oil refinery and a brokerage firm. We've had one fund-raiser, a po-boy sale, which was very successful and we have two more planned for

the semester, and the pledges will be having a fundraiser as part of their pledge program. The chapter is involved in intramurals playing softball, golf, table tennis and many more activities. In addition to intramurals, the chapter will have a softball tournament with the alumni club.

After an unusually successful pledge program, on April 26 we initiated 14 new Brothers to the chapter. Our chapter, as one can see, has had a challenging semester. We, the Brothers of the Eta Psi Chapter, would like to wish all our fellow Brothers everywhere success with their challenges.

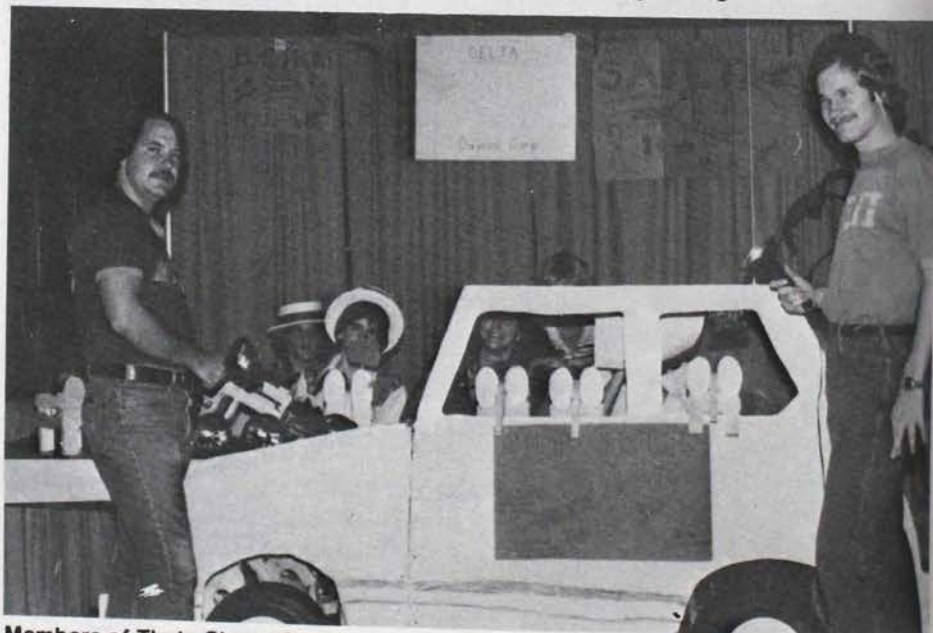

—MARY ANNE HAMLIN

CONNECTICUT

THETA IOTA CHAPTER at the University of Connecticut has had a very busy and rewarding spring semester. Our spring semi-

J. Hoford, a chapter alumnus, spoke to Theta Phi Chapter at South Florida on the subject of city management.

Members of Theta Sigma Chapter at Central Florida join Junior Achievement members in selling emergency auto lamps. The JA group is sponsored by the chapter.

formal was held in conjunction with the celebration of the chapter's tenth anniversary. The many alumni that attended the occasion helped make it a great success. We also had various fund raisers such as plant and donut sales, a beer fest, and a very productive raffle organized by Michael Maguire.

Theta Iota Chapter had an outstanding pledge program this spring, run by Melinda Lefebvre, vice president for pledge education. Our very large pledge class was a major factor in the chapter's quest to once again achieve 100,000 points in the Chapter Efficiency Index.

Initiation and the subsequent banquet, held April 13, was a very enjoyable time for all as both new and old Brothers came together for the event. As the semester comes to a close and the officers step down from their re-

spective positions, the chapter looks within for continued success from a large source of potential leaders.

—ROBERT E. MAQUAT

AKRON

THETA KAPPA CHAPTER returned to the University of Akron with a positive outlook for a rewarding and successful spring semester, after a well deserved break. Some of our optimism stems from accomplishing many worthwhile goals during fall semester.

The fall pledge class project was a leaf-raking service set up for two weekends in November. Because of the large number of elderly people living close to the university, Deltasigs volunteered to rake the lawns of their homes. The pledges also surprised the chapter with a lovely cake to help celebrate Founders' Day.

Our fall professional program followed the theme, "The Expanding Role of the Business Person." Highlights included two account representatives from the IBM Corporation, speaking on the opportunities in sales, and a timely speaker, Doug Tschappat, Senior Vice President of Operations from the Ohio Edison Company. The energy during that meeting ran very high! We also took an interesting manufacturing tour of Terex Corporation during the winter break from classes. Our alumni provided a stimulating panel discussion on what to expect from the first year of a job after graduation.

Spring semester's professional program is currently going strong, having begun with Dominick B. Maimone, partner of Touche Ross & Company, CPA, explaining that at the heart of success in business is good communication. He was a most animated and enjoyable speaker.

The main motivating force behind our enthusiasm for this semester was the Area Conference held on our campus the last week in January. It started the year off right with informative workshops on all aspects of the fraternity. With six chapters in attendance, we were able to see similarities and differences in our programs and methods, yet still know that we are all Brothers with the fraternity in common.

As the officers and members find new inspiration and insight into the fraternity, we are busy planning numerous events. After a recruiting workshop held by Brothers from the fall pledge class, we have many interested prospective members. Hopefully, for each graduating senior, we will pledge at least one new Brother.

Finally, the Brothers of Theta Kappa Chapter anxiously awaited our chapter's 10th Year Anniversary Celebration which was held in April, with a banquet and dance.

To all our graduating Brothers we extend our hope for success in their future endeavors, and wish everyone a great summer!

—CAROL GORDON

ST. AMBROSE

THIS SEMESTER'S ACTIVITIES of the Theta Omicron Chapter started somewhat slower than last semester's. Last fall we were able to start off right away with the "WOOD-SIE" (a welcome-back-to-school mixer), a big outdoor party highlighted by a live band. It is its success that instilled a positive impact on the Brothers and motivated them to combine their efforts in working toward a successful year. In a somewhat quieter fashion, Gene Seehafer, the Director of Alumni Relations, was the speaker who started the current semester. He spoke to the chapter and asked for its input and assistance concerning the newly established MBA program here at St. Ambrose.

Characteristic of this semester was Career Day, held February 13. With the added help of our 11 newly-initiated Brothers, the event ran quite smoothly. It was well received by both students and businesses alike, even though scheduling difficulties first semester had caused it to be postponed to the February date.

As in every chapter, an important part of our total program is public relations, both on campus and within the community. For example, we sponsored a Book Exchange which not only enabled students to purchase used books at reasonable prices, but to sell their old ones for extra cash, also.

As for public relations within the community, we had a car wash for Muscular Dystrophy, contributing the proceeds to the Jerry Lewis Telethon. We also collected a variety of canned goods for the Danvenport Catholic Worker House for Thanksgiving. This semester we sponsored a dinner for local senior citizens, which we helped to prepare and serve.

May, 1980, holds special meaning for the Theta Omicron Chapter as it marks our tenth year as a chapter! Plans are in the making for an extra-special Birthday Party. We are planning to unify our Brotherhood throughout the semester and hopefully this birthday will also help unite the alumni and our graduating seniors in launching a local alumni club.

—MICHELLE M. STUDER

BOWLING GREEN

THETA PI CHAPTER at Bowling Green State University is winding up another successful year. With a new and enthusiastic group of officers handling executive matters, the membership is planning an even brighter future. Special thanks go to the old officers,

Sherri Milton, chapter secretary, is the Rose Queen of Iota Omicron Chapter at Central Missouri and was honored at the first annual Rose Ball Banquet.

Members of Theta Psi Chapter at Northwest Indiana gathered for the annual pledge-member football game.

most of whom are graduating this June. Best of luck to all of you in the business world!

One of Theta Pi Chapter's most successful ventures has been the "Day in Business Program." Brothers get the opportunity to spend a day with a professional person in their specific fields of study. Firms which have participated include IBM, Armour-Dial, and Owens-Illinois.

Brother Laura Mangino successfully organized a "Recruiting Night." Recruiters from various firms, including Packaging Corporation of America, General Electric, and Eaton Corporation, were on hand. Brothers were able to dine with these representatives and discuss career opportunities.

Fund raising projects have included a raffle for a shopping spree at Kroger's grocery and receiving commissions on the sale of Creative Clocks.

The annual member-faculty softball game is always a highlight of the spring social calendar. We hope everyone has a productive and enjoyable summer.

—TIMOTHY M. GALLAGHER

DUQUESNE

THETA RHO CHAPTER at Duquesne University has been very successful this year. Many firsts have been accomplished during the 1979-80 academic year. In intramural athletics, both the football and basketball teams reached the playoffs. This is the first time that playoffs have been reached in either sport.

The Brothers of the chapter had a double celebration on Founders' Day. On Founders' Day, the chapter was awarded first place in the professional fraternity division of the Duquesne Dance-a-thon for M.D. Brother Paul Zurich "boogied" for 52 hours to bring home the trophy.

Our fall rush brought in five good pledges. The pledges had a very successful community involvement event as they collected \$500 in one day for muscular dystrophy. They also conducted a tour of a local television station.

Professional programs have been well attended at Duquesne. Brother Eric Schorr has brought in many speakers and arranged a couple of tours. The speakers have drawn as many as 70 people to one event.

The Delta Sigma Pi Book Exchange was also a great success this year. It enables the students of Duquesne to sell their books much easier. These show that Delta Sigma Pi not only helps business students, but everyone in the community.

—AARON HACHERL AND PATRICK ZOLLNER

CENTRAL FLORIDA

THETA SIGMA CHAPTER is really excited about all of the activities that we are carrying on in the fraternity and around the campus of the University of Central Florida. This is the first year that the university has had a football team and we were all out to cheer them on to a winning record. This is also the first year that our chapter has sponsored a Junior Achievement company. The company, remarkably enough named Delta, which was also sponsored by Daytron Corporation, has done quite well this year and they reached over \$1700 in sales. We are all very proud of Tim Bird and Doug Wilson, who have been the sponsors from our chapter.

One of our biggest projects this year has been Career Day. Career Day is an event

sponsored by all of the business organizations, where executives from different companies describe their companies and the career opportunities that are available. This year's Career Day was highlighted by presentations by Chris M. Kennedy, Director of Federal Government Affairs for Chrysler Corporation, Rose Strack, CPA, Director of Finance Training and Development for Walt Disney World, and Norm Ware, Sales Representative for Mobil Oil.

Possibly our most important event this year will be the celebration of our 10th Anniversary. We will be holding our Birthday Banquet on May 31 and we have a devout hope that all of the alumni of Theta Sigma Chapter and all other Deltas in the Orlando area can attend this landmark event. For more details, please write to Delta Sigma Pi, Box 26292, Orlando, Florida 32816 or call me at (305) 862-1703.

—MICHAEL J. LYNCH

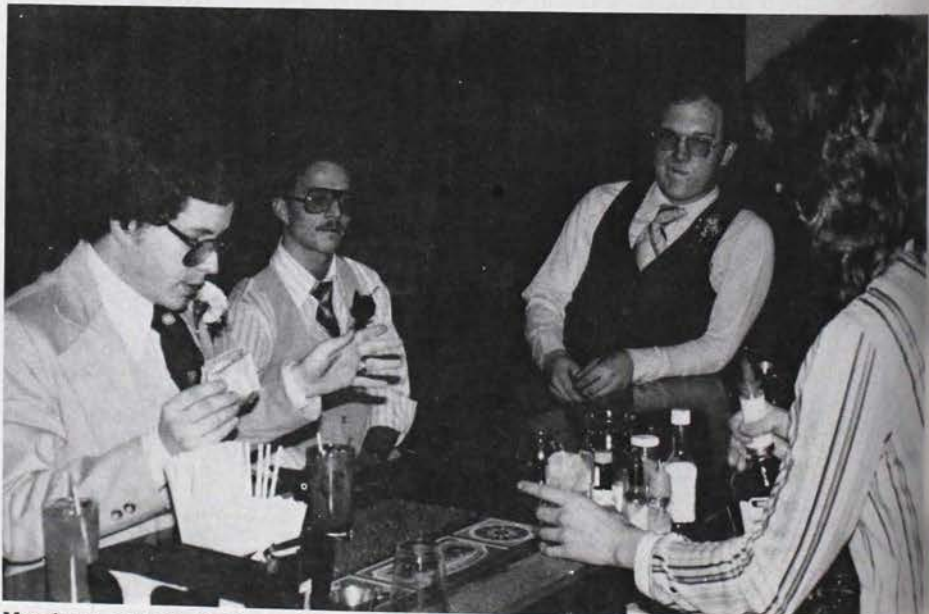

ST. CLOUD STATE

THETA TAU CHAPTER is proud to announce that it has 100 per cent Life Membership, thanks to Gregory J. Kapsner, senior vice president, who signed up seven new Life Members. The Theta Tau Chapter has become part of the first 100 per cent Life Membership state in the nation. The Brothers of Theta Tau Chapter urge and challenge other chapters to do the same.

The North Central Region's 20th Annual Basketball Tournament was held by Theta Tau Chapter for the third consecutive year. Six chapters and two alumni teams came to St. Cloud State University from across our region to play ball and have a great time. Theta Tau Chapter dominated the tournament with the Theta Tau Chapter alumni winning first place and undergraduate members taking second. The highlight of the weekend was at the banquet after the tournament when Executive Director Ben Wolfenberger presented

Members of the area chapters and District Directors gathered with Western Regional Director Skip Loomis for the Northern California Area Conference.

Members of Iota Omicron Chapter at Central Missouri enjoy the social hour at the chapter's first Rose Ball Banquet.

a Brother from Eta Pi Chapter as Delta Sigma Pi's 100,000th member. Other distinguished speakers were Grand President Mike Mallonee, Past Grand President Bill Tatum, North Central Regional Director Bob Drewniak, and Keith Masuda, president of the Delta Sigma Pi Educational Foundation. The Brothers of Theta Tau Chapter would like to thank all 150 Brothers that came to the tournament, and we are looking forward to seeing all of you next year.

Keeping up with its annual events Theta Tau Chapter went on its Eighth Annual Florida Trip. Each year our chapter organizes and sponsors a trip to Daytona Beach, Florida, during spring break. Thanks to Robert E. Meath, chairman of the Florida trip committee, over 260 students were able to get away from the cold Minnesota winter into the warm Florida sun.

As this year comes to an end Theta Tau

Chapter will be celebrating the 10th year anniversary of its founding at St. Cloud State University. We would like to wish all graduating Brothers much luck and success in the future, both in their careers and in their lives, and hope they stay in contact with their fellow Brothers.

—JEFFREY J. LEWANDOWSKI

SOUTH FLORIDA

THETA PHI CHAPTER entered spring quarter with all of our activities not yet planned, but there were sure to be more excellent speakers and tours of the same caliber we've experienced in the past. At USF our professional activities are very important, especially with the opportunities available in the growing Tampa Bay area.

We looked forward to another great pledge class. Theta Phi Chapter is continually growing stronger and spring quarter was sure to bring in more outstanding new Brothers.

One major activity already planned for spring quarter was our traditional picnic with children from the Big Brother Association of Tampa. It is a fun-filled day that guarantees a good time for both the Brothers of Theta Phi Chapter and the Children of the Big Brothers Association.

Spring quarter also means working a concession stand at the Tampa Bay Rowdies Soccer games. This is a good financial project, but when you're with friends it means a good time. Occasional breaks also give us a chance to cheer the Rowdies on to victory.

Even though all plans were not completed, spring quarter has been successful.

—DAVID WALKUP

INDIANA NORTHWEST

THETA PSI CHAPTER is proud to announce the initiation of 11 new members last semester. As for this semester, Vice President for Pledge Education Brother Frank Perconti was kept busy with 12 neophytes.

Brother Willie Forte is also very busy. He is our vice president for professional activities and has done an excellent job of recruiting speakers for Lectures in Professional Excellence. Some of the speakers' topics were "The Energy Crisis-Real or Contrived?" "Women in Business," and "Realistic Marketing."

Other events which kept many Brothers busy were rushing and the Blood Drive. From January 14-26 we had tables set up to recruit pledges and blood donors. On January 26 the Rush Smoker was held. Some Brothers from the Alpha Omega Chapter at DePaul University joined us at Tiberon Trails Clubhouse to recruit pledges. They also helped us to consume large quantities of food and drink. On January 29-30 the Annual Blood Drive was held, and 101 pints of blood were donated to the American Red Cross. Chairperson Brother Debby Ozelie felt the success was due to the time and effort donated by the Brothers.

Social Chairperson Brother Maria Targett organized our annual Pledge vs. Brother Bowling Tournament on February 24. The Brothers won, of course, and trophies were distributed for the best and worst bowling scores. She also organized the Life Membership Party held at Brother Lynn Riechers' house on February 23. Everyone had a great time, including our Regional Director, Jeffrey Philippi.

Our chapter has also worked with the Northwest Indiana Alumni Club to bring Christmas cheer to senior citizens at St. Anthony's Nursing Home in Crown Point, Indiana. Some of those who helped were Brother Marc Miller, president of Theta Psi Chapter, and Brothers Karen Kvasnica and Virginia Miller. The alumni club has invited us to some of their events such as the Ski Outing which was held on February 1-3, and the infamous St. Patrick's Day Party on March 15 (complete with green beer).

Some events we all looked forward to included the installation of our newest chapter at the University of Evansville on March 22; Career Day on April 11 which was highlighted by speakers from various fields of business; and the banquet for our newest Brothers which was organized by Brother Kim Smith, senior vice president.

—DEBORAH J. OZELIE

Scorekeepers put in a long hard day's work at the North Central Region's annual basketball tournament in St. Cloud, Minnesota.

The team from Theta Tau Chapter at St. Cloud State finished second in the North Central Regional Basketball Tournament.

JAMES MADISON

THE BROTHERS OF the Iota Kappa Chapter at James Madison University have had a very busy and productive spring semester. We saw the addition of 10 new Brothers and because of graduation we wish to say farewell to 20 of our departing Brothers. With the newly elected officers, we are anxiously awaiting their leadership.

This spring's pledge class held a very successful car wash, a bake sale, and a donut sale to help offset their initiation costs. Another event which both the Brothers and pledges participated in was our pizza night. As for James Madison's intramural program, everyone helped with the successful season. Our chapter had teams entered in bowling, softball, and volleyball.

The Iota Kappa Chapter has increased the number of our community service projects. Not only did we go door to door collecting for the Heart Fund, but fraternity members also gave blood for the local hospital. To cap off the projects, the Brother enjoyed cheering up patients at the hospital during Easter time.

Our major fund raising campaign for the spring semester was a raffle, giving the winner a \$200 first prize. Because of this financially successful raffle, our initiation banquet was held at the Spotswood Country Club in Harrisonburg, Virginia, on April 18, 1980. The banquet turned out to be a great time for everyone—Lisa Loving, our present Rose, gave up her throne and the best pledge for the spring pledge class was announced. Prior to the banquet, the Brothers and pledges got together for a fun day at the College Farm.

Our professional activities have continued to be interesting and informative. Some of the speakers included a stock broker and the manager of our local theater; the activities were highlighted by a tour of the C & P Telephone Company.

We would like to congratulate the stepping down officers for a job well done and wish to welcome the new officers. The Iota Kappa Chapter regrets the loss of our graduating seniors. We will hope that as our Brothers they will go forward into the working world and will continue to carry on the standards for which Delta Sigma Pi was founded.

—ELIZABETH T. BOYWID AND HENRY C. JOHNSON

INDIANA PURDUE

THE IOTA LAMBDA CHAPTER at Indiana Purdue University-Fort Wayne, Indiana, reports it has had a very interesting semester. To start it all out, Tim William had a big New Year's party which had some good punch and over 100 people in attendance.

In January, Delta Tau Chapter at Indiana State University hosted an Area Conference. Our Regional Director, Jeff Philippi, coordinator and main speaker at our conference, brought up some interesting issues concerning activities of the chapters. It was a fun weekend at Indiana State. We had a big party which provided the opportunity for Brothers to socialize and have fun.

This semester we have pledged seven prospective members. We are proud of this group because these people are willing and anxious to get the show on the road.

Our professional program this semester has included tours of the Dana Corporation

and the Ford Motor Company in Dearborn, Michigan. We have also had many professional speakers.

Congratulations are in order for Debbie Glick and Brother Kevin Hill who will be married on June 7, 1980.

Our chapter wishes all a very nice summer.

—LARRY L. SNEARY, JR.

NORTHEAST MISSOURI

SPRING 1980 HAS been a busy time for Deltasigs at Northeast Missouri State.

The Iota Nu Chapter has been working much in the area of fund raising this semester. It sold T-shirts with a business logo in January, valentines and carnations in February, and doughnuts every week.

The chapter held its regular professional meetings throughout the semester. It also sponsored two teams to compete in the Blue Key Campus Bowl in February.

Rush was a huge success this spring. Over 70 students showed an interest in pledging the Iota Nu Chapter. The pledge class consisted of 28 undergraduates and three faculty members.

In April, the chapter held its second annual Easter Egg Hunt for selected classes in the Kirksville public school system.

The Iota Nu Chapter encourages all Brothers to be active in both their fraternal and their academic pursuits. The chapter especially encourages all graduating Brothers.

—VALERIE S. MCHARGUE

CENTRAL MISSOURI STATE

THE FIRST ANNUAL Rose Ball of the Iota Omicron Chapter of Delta Sigma Pi was held January 25. Sherri Milton, secretary of the chapter, was crowned Rose Queen in honor of her outstanding services shown throughout the past year. All other senior women of the chapter were also honored with a yellow rose and a special dance.

A field trip to Anheuser-Busch, Inc., of St. Louis, Missouri, was taken March 26. Tours of the different business departments provided knowledge of how a large corporation is organized and how one performs. The trip was a professional and social experience from viewing the marketing department to relaxing in their brewery curiosity lounge. Other professional activities of the year have been held to give association of the chapter with businesses in action.

The spring pledge class of the Iota Omicron Chapter prouced 19 new Brothers who promise to be contributing members. Spirit shown from their professional activities and fund raiser symbolize the spirit which keeps Iota Omicron Chapter strong. The chapter is happy to have these members representing them as Brothers of Delta Sigma Pi.

Celebration of the Iota Omicron Chapter's first anniversary was held April 26. A banquet and dance was held to officially celebrate the success of the first year. Officers of the 1979-80 school year stepped down while the new officers of 1980-81 school year were installed. As the first year of the Iota Omicron Chapter comes to an end, reflections of struggle and success come to mind. Growth and great potential have been present throughout this first year which shows the uniqueness of Delta Sigma Pi's Brotherhood. With the efforts that have been put to practice this first year, a strong Iota Omicron Chapter is inevitable. Much praise goes to all who have made this possible while a special good-bye goes to the graduating seniors of 1980. The seniors are: Bill Arnold, Bob Fritz, John Harmsen, Susan Hinck, Jan Hobbs, Steve Jennings, Jeff Kallenbach, Gayle Kral, Jean Lee, Linda Melvin, Diane Parker, Pat Plaskett, John Pottier, June Wildscheutz, and Tammy Wolfe.

—JOHN F. POTTIER

Members of Zeta Psi Chapter at SUNY-Albany journeyed to Lake Placid, site of the 13th Olympic Winter Games.

SAN DIEGO STATE

THE IOTA PI CHAPTER of Delta Sigma Pi at San Diego State University is growing stronger and more dynamic with each semester. The third pledge class was initiated into the Iota Pi Chapter on April 18.

Along with our growth in numbers, we have also grown professionally. Our professional calendar was a busy one with a favorable balance of guest speakers and company tours. One of the highlights of our professional program was a guest speaker from IBM who conducted a candid question and answer period with us. He left us all with an increased knowledge of IBM and a solid contact for the future.

Teamwork, Brotherhood, and blue skies started off the year right with a two-day car

wash. The car wash got the ball rolling for our semi-annual T-shirt sale and an ice skating fund raiser—all of which were financial triumphs.

The Iota Pi Chapter is looking forward to the fall football season where we will proudly be able to display our Delta Sigma Pi banner. The banner was ardently worked on by our fall, 1979, pledge class and presented to the chapter in February.

Many of our founding Brothers of the Iota Pi Chapter will be graduating this semester. We wish them the best of luck and thank them for their dedication and contributions in establishing the Iota Pi Chapter as the enthusiastic and close one that it is.

—AMY L. JORDAN

Members of Alpha Epsilon Chapter at Minnesota-Minneapolis were among the teams from every chapter and alumni club in the region at the North Central Regional Basketball Tournament.

Awards were the order of the evening at the banquet following the North Central Regional Basketball Tournament.

in memoriam

- Leon W. English, *North Texas State*
 Sam Y. Cross, *Tennessee-Knoxville*
 Richard F. Blausler, *Ohio*, 5-28-79

Success Takes Participation

YOUR DELTA SIGMA PI Educational Foundation is an institution every Brother can be proud to be associated with as it continues to prosper with the ever increasing support from Deltasigs who have the dedicated concern for excellence in higher education for business. It is through your tax deductible gifts that enables our foundation to sponsor programs that aid students of commerce and business administration.

The trustees of the Educational Foundation are Deltasigs who are qualified full voting members elected by their colleagues to six year terms on the Board of Directors. In turn, the officers are elected by the Board for two-year terms. The foundation does not maintain a paid staff and must rely on volunteerism to carry on its work. Officers and directors attend biennial meetings at their own expense and are not financially compensated for their services.

You may be asking, why should I contribute to the foundation when it expends approximately \$10,000.00 annually and has a fund balance twice that amount? It has been only recently that the foundation assets exceed its commitments. As a foundation, our commitments are not considered liabilities until such time when certain terms and conditions are met by the grant recipients. These commitments are noted annually in the foundation's audited financial report. In the last audited (1978-79) report, approved grants amounted to \$18,800.00.

For our foundation to continue doing its work in the name of Delta Sigma Pi, it will be necessary to strengthen our fund balance substantially. During this fiscal year we have been gaining ground in this area due to gifts from chapters and alumni clubs. The foundation expresses its thanks and appreciation to Alpha Beta Chapter, Missouri-Columbia*; Alpha Rho Chapter, Colo-

rado; Beta Kappa Chapter, Texas-Austin; Beta Xi Chapter, Rider*; Beta Pi Chapter, Kent State; Beta Upsilon Chapter, Texas Tech; Beta Psi Chapter, Louisiana Tech; Gamma Epsilon Chapter, Oklahoma State; Delta Nu Chapter, Loyola-New Orleans; Delta Rho Chapter, Ferris State*; Epsilon Xi Chapter, Ball State*; Epsilon Upsilon Chapter, New Mexico State; Epsilon Chi Chapter, Georgia Southern; Zeta Phi Chapter, Florida Atlantic*; Zeta Psi Chapter, State U. of New York-Albany; Eta Theta Chapter, Angelo State*; Eta Lambda Chapter, Weber State; Theta Omicron Chapter, St. Ambrose; Theta Tau Chapter, St. Cloud State; Theta Phi Chapter, South Florida*; Iota Lambda Chapter, Indiana-Purdue; Albuquerque-Zia Alumni Club; Chicago Alumni Club; Milwaukee Alumni Club; Minneapolis-Twin City Alumni Club and the North Central Region*; and Alumni Association of Omega. (*Honorary Foundation Members)

A memorial gift is a service to the living and a pledge to the future and is a means of perpetuating the memory of loved ones. The following Deltasigs were remembered in memorials to the Delta Sigma Pi Educational Foundation this year: Harvard L. Mann (Gamma), Lee Richardson (Alpha Lambda) and Edward F. Wieland (Xi). Other means of support to the foundation come through gifts by will and life insurance policies.

We know you are besieged with requests to give to all kinds of worthwhile causes. One could not begin to give to all of them, but in setting your priorities, please consider which have meant the most to you in the past. For us, and we hope for you, the best way of expressing our feelings toward Delta Sigma Pi is through a commitment to the Delta Sigma Pi Educational Foundation. If we believe that our fraternal Brotherhood is worthwhile, if it opened doors to a fuller and produc-

tive life, then we may express our feelings in this tangible and rewarding way.

Like any other contribution, this is a purely personal decision. The amount you give is not as important as the fact that you do give. One yardstick, of course, is your ability; the other is what you consider the recipient's need. Many Deltasigs operate on the theory that a modest sum given regularly is the best practice to pursue. A large number of annual gifts range from as little as \$10.00 to \$100.00, while some Brothers are able to give considerably more. You are the best judge of how you can meet your foundation's growing needs each year.

Your Educational Foundation has set a goal of \$22,000.00 for the current fiscal year which ends on June 30, 1980, and your participation before that date will enable Delta Sigma Pi to succeed once again. Send your tax deductible contribution directly to: DELTA SIGMA PI EDUCATIONAL FOUNDATION, MARC H. COHEN, TREASURER, 2717 No. 2 NORSEMAN DRIVE, SMYRNA, GEORGIA 30080, today!

Fraternally,
Keith N. Masuda
President/Theta Xi 23
Life Member No. 5877
Twin City Alumni Association
3237 15th Avenue South
Minneapolis, Minnesota 55407

P.S. A gift of \$100.00 or more qualifies you as a full voting member. A copy of our latest audited financial report is available upon request to our treasurer. For more information about the foundation, request a copy of our publication, "Spirit of Deltasig," by writing Delta Sigma Pi Educational Foundation, Committee on Membership, Robert F. Trapp, Sr., Chairman, 22301 Olmstead, Dearborn, Michigan 48124.

DELTA SIGMA PI EDUCATIONAL FOUNDATION SCHOLARSHIP PROGRAM

For sons, daughters, grandsons or granddaughters of members of the International Fraternity of Delta Sigma Pi. To be completed and returned (postmarked) on or before January 31, 1981, to:

Dr. Harold L. Cannon
Delta Sigma Pi Educational Foundation
216 Menands Road
Loudonville, New York 12211

Please enter me in the DELTA PI EDUCATIONAL FOUNDATION SCHOLARSHIP PROGRAM FOR 1981.

I am the son grandson nephew niece
 daughter granddaughter of a member of Delta Sigma Pi, and I expect to complete high school in 1981 and enter college in 1981. I have taken the Scholastic Aptitude Test (SAT) prepared by the Educational Testing Service. (An extra copy of your score can be obtained by using code 1000 when taking a test or can be furnished by your high school counselor.) I understand that my score on this test will be used to evaluate my candidacy in the Delta Sigma Pi Educational Foundation Scholarship Program.

Check one:

- Results of the SAT are enclosed.
 Results of the SAT will be furnished by my counselor.

PLEASE PRINT CLEARLY

The exact date I will complete high school is _____ mo. _____ yr.

Name _____
(Last) (First) (Middle)

Month, Day, Year of Birth _____

Home Address _____
(Number & Street) (City & State) (ZIP Code)

Present High School _____
(Exact Name) (City & State) (ZIP Code)

High School Where Tested _____
(Exact Name) (City & State) (ZIP Code)

(Name of Parent, Grandparent, Uncle, or Aunt) (Designate Which)

(Chapter Affiliation) — Name and Number

- I have applied I intend to apply
for admission to the following colleges* or universities:*

1. _____ 2. _____ 3. _____

I plan to pursue a course of study leading to a degree of Bachelor of Business Administration (or equivalent B.S. or B.A. in business) with an emphasis (Accounting, Marketing, Finance, Management, etc.) in

(*Admission must be in one of 191 schools where Delta Sigma Pi has chartered a chapter. A list of such schools is available by contacting the International Fraternity of Delta Sigma Pi, 330 South Campus Avenue, Oxford, Ohio 45056).

I understand that the decision of the Delta Sigma Pi Educational Foundation is final in the selection of scholarship winners and that there is no appeal from the decision of the Foundation. It is my further understanding that if awarded a scholarship, the award is \$500 per year for four years upon providing evidence of continued satisfactory academic performance to the Foundation.

alumni in action

ALUMNI REPORT

THIS MONTH'S DELTASIG finds most of our undergraduate Brothers preparing for exams and summer jobs. While no one can help with the first, many of us can aid in the second. At the National Executive Committee meeting held in Chicago last February an officer of Beta Epsilon Chapter at Oklahoma suggested that the fraternity explore the possibility of a summer extern program for Deltasigs. A program of this type requires planning and it would be impossible to get the program underway this year, but your Committee on Alumni Activities will study the possibility of a program for 1981. In the meantime, if you or your firm will be hiring summertime employees, please think about hiring the best workers you can get, your Brother Deltasigs. Contact your local chapter and let them know about job opportunities in your company.

Incidentally, planning was probably the most important topic at our mid-year Executive Committee meeting. Each of you, I hope, has already begun to plan for your participation in this fall's Regional Conference. Regional Conferences give you an opportunity to meet and share ideas with other undergraduates and alumni in your region. Be sure that you will be there this fall. Two of the biggest reasons for missing regionals are conflicts in schedules and money. Since all regional dates have been set, mark your calendar *NOW* so you won't unintentionally plan a conflict. Also, if you can put away \$3.00 a week from now till the regional you'll have more cash than you need to participate. Regionals are a great opportunity to meet national officers, too, and I look forward to meeting you this fall. —**MICKEY JOHNSON, DIRECTOR OF ALUMNI ACTIVITIES**

ALBUQUERQUE-ZIA

THE ALBUQUERQUE-ZIA Alumni Club is growing and changing in significant ways in order to meet the new challenges of the '80's. We've expanded not only our membership, but our purpose and our direction as well.

In September, 1979, we revised our bylaws, changing the form of our executive structure from that of a Triumvirate to an Executive Board consisting of a president, two vice presidents, a secretary, and a treasurer. This was done in order to more closely conform to actual practice, and also provide a better vehicle for expansion and diversification. As our membership grows, we felt it necessary to adopt this more formalized structure.

In December 1979, we elected officers to serve through June, 1980, when we will hold new elections for one-year terms. Elected in December were Brother Garry Spencer as president, Brother Robert Nieri as senior vice president, Brother Michael Pata as vice president, Brother Janet Long as secretary, and Brother David Hahn as treasurer.

After his installation as president, Brother Spencer outlined to the club the goals that the new Executive Committee had set for the upcoming months. They proposed to solidify the organization by creating committees to carry out the work of the club; to increase the membership by 50 per cent; and to publish an informational newsletter.

Committees were formed to carry on the various functions necessary to accomplish these goals; Brother Bob Nieri will head the Membership Committee; Brother David Hahn heads up the Finance Committee, Brother Barbara Schkade the Social Committee, Brother John Taylor the Professional Committee, Brother Charles Barnhart the Publicity Committee, and Brother Charlie Burnham heads the Initiation/Ritual Committee. Brother Hahn was also appointed to serve as our liaison with the Regional Conference Planning Group (see below). These committee heads would naturally appreciate the help of any of their Brothers in Delta Sigma Pi in accomplishing the goals of our Fraternity, as well as the help of their Brothers in the Albuquerque-ZIA Alumni Club.

The club meets on the first Saturday morning of each month, at 9:00 A.M. in the lounge of Howard Johnson-Midtown, here in Albuquerque. The Executive Committee meets on the second and fourth Tuesday evenings of each month, at a place designated before each meeting.

At our March, 1980, meeting, we hosted the Pledge Class of Gamma Iota Chapter along with their Member Big Brothers. This semi-annual event is held to encourage potential Brothers to become acquainted with the alumni and the business community. In furtherance of this goal, many alumni will serve as Alumni Big Brothers to the Pledges along with their regular Member Big Brothers. Planned for the June, 1980, meeting is our regular Election of Officers;

nominations will be opened at the May meeting the month before.

Albuquerque will be the site of the Rocky Mountain Regional Conference on October 3-5, 1980. It is timed to coincide with Albuquerque's spectacular Hot-Air Balloon Fiesta which draws hundreds of balloonists from all over the world. There are many exciting activities planned to take advantage of this. The Albuquerque-ZIA Alumni Club plans to attend and fully support the conference, and we herewith extend our invitation to all other alumni to come and have a good time with us. For further information contact Rita Muniz at home, (505) 843-7336, your nickel, or write this club.

During the past few months, members of the Albuquerque-ZIA Alumni Club have been very active in fraternity and business affairs. Brothers Dave Hahn and Anita Williams, and Past Grand Chapter President Warren Armstrong attended the Grand Chapter Congress in Atlanta. Five alumni Brothers attended the District Conference in El Paso, and they were the largest group of alumni in attendance. They were Brothers Garry Spencer, Bob Nieri, Janet Long, Rita Muniz, and Charlie Burnham.

Brother Charles R. Barnhart graduated from the University of New Mexico Law School, and was admitted to the Bar of New Mexico. He now practices in Albuquerque, and he says he'll keep practicing till he gets it right.

Brothers Marc Woodward and Bruce Squire are now practicing CPA's in the new firm of Squire & Woodward, and the newest additions to the ranks of the Albuquerque-ZIA Alumni Club who have earned their CPA's are Brothers John Cox, Anita Williams and Tony Catanach.

Under social notes, we are happy to report that Brothers Kent Gharemani and Denise Ulibarri have announced that they will be married on May 25, 1980. This will be the second pair of ZIA's to wed, the first being Brothers Jim and Diane Schulte (formerly Frost). And Brother Barbara Schkade and the Social Committee planned an outstanding event for mid-March.

—CHARLES R. BARNHART AND GARRY SPENCER

BALTIMORE

INCREASED ATTENDANCE AT most scheduled functions this year was due to the persistent work of several Brothers and the initiation of a "Bring-a-Brother" program. Baltimore Alumni Club still has a long way to go, however, in achieving full attendance and its absent Brothers should reconsider dedicating some of their life to fraternity in Delta Sigma Pi.

The only remaining event this school year is the June Dinner Dance to be held in the glass pavilion on the Johns Hopkins University campus on June 1. Come early and revisit the seat of your education if you didn't get a chance to do so during Homecoming last month.

Any Brother wishing to contact the Baltimore Alumni Club during the summer may call C. William Kilburn at (301) 235-4245.

—THOMAS O. MURN

BIRMINGHAM

DELTA SIGMA PI alumni in the Birmingham, Alabama, and surrounding area are organizing an alumni club. This club's membership will be open to alumni of any chapter of Delta Sigma Pi living in or near Birmingham. If you are interested in continuing your fraternal bond through professional and social gatherings, please contact Bill Howell, 1439 Steven Circle, Birmingham, Alabama 35226. Home Phone 979-0990; Office Phone 595-2501.

—WILLIAM ASHLEY HOWELL III

BOCA RATON

IN FEBRUARY WE held our first annual Southern Rock n' Roll and Comedy Shop Revue. Alumni club members and Brothers from Beta Omega and Zeta Phi Chapters and dates attended. Tom Snyder, Abbott and Costello were good, but the unknown comic was at his best. The exciting part of the evening was when "Razz" and the Dynamic Deltasigs took the stage, back from their national tour. They were as always just great. A "Happy Feet" contest was held and ended in a close tie.

Our March meeting was in Lake Worth, followed by an evening of bowling fun. Some of us even knocked down pins that night. On our future agenda is a camping trip to the Florida Keys and possibly a rafting trip. If you are in the Boca area, or just visiting, contact Brothers Ray and Judy Saxton at 826 Small Drive, Lake Worth, Florida 33461; phone number is 585-9921.

—EDWARD D. MARA

CHICAGO

IT'S GOLF OUTING time again, Brothers. Circle the date of June 12 (a Thursday) on your calendars and dust off those golf clubs. We'll be knocking those balls around and have dinner, too, at the Indian Lakes Country Club in Bloomingdale. If you are unable to take the day off from work to go golfing, you can still attend the dinner that night. Open to Brothers only, reservations for this function can be made by calling Jim Prescott, evenings, at 545-2535. We encourage donations of items for the prize table. Fliers for this function will be mailed to club members in late May. After dinner that evening elections for club officers and directors for the fiscal year 1980-81 will be held. Join us for this wrap-up of 1979-80.

In the months ahead we'll have activities to interest everyone, so when your dues statement arrives pay your dues right away so that you will be kept on the mailing list. This fall there will be the Central Regional Conference and the rumors keep flying that it will be held somewhere in northern Illinois around early October. Club newsletters will carry all the details as they become known.

If you were one of those who didn't join the club this year, then next year will give you another opportunity to continue to benefit from and enjoy Delta Sigma Pi. Come around and judge for yourself. For information about the club write us: Chicago Alumni Club of Delta Sigma Pi, P.O. Box 11314, Chicago, IL

60611. Join us as an active Deltasig for life.
—JAMES L. PRESCOTT

CINCINNATI

YES, THERE REALLY is life in Delta Sigma Pi after graduation, as seniors from area chapters will learn at the Cincinnati Alumni Club's Senior Roundup on Wednesday, May 21. Last year's wine and cheese party was so popular with both seniors and alumni that we'll be doing it again this year for the Roundup. This activity is free of charge to seniors, alumni, and spouses/guests, and we expect our best Senior Roundup turnout ever this year, so plan to be with us that night if you're a senior or alumnus in the Greater Cincinnati/Oxford area. Seniors and alumni on our mailing list will be receiving a letter shortly with details; anyone who isn't contacted by mail can call Lew Ebstein at 561-7313 or Tom Butz at 481-4006.

On June 26 we'll find out how Deltasigs fare at the wagering window when the Cincinnati Alumni Club has their Night at the Races at Latonia Racetrack. Anyone out there with tips, share them, please!

Since our last report on the alumni club activities, we've had an ice skating party in cooperation with Alpha Theta Chapter, at which it was duly recorded on film that Mike Tillar *did* fall down at least once, despite what he says.

We also held elections in March, and will share the results with you in November's DELTASIG.

Have a great summer; see you in the fall!

—MARY JO WUEST

COLUMBIA-SOUTH CAROLINA

WITH OVER 50 Brothers having their dues paid up through June 30, 1980, the Columbia Alumni Club will finish this year well into the black, thanks to the hard work put in by our treasurer, John Wentzell. We announce with regret that our president of the past three years, Don West, has accepted a job offer in Cincinnati and was forced to submit his resignation at the end of January. He will, however, return to Columbia on May 25 for one final transaction—his marriage to Jane Quinn. Congratulations, Don! With Don the property of Cincinnati Alumni Club, our former Vice President, Terry Hundley, took over as Don's successor, effective with our February meeting. Terry's wife, Sharon, is the South Central Regional Director.

Our November meeting was highlighted for the second year in a row by Kevin Joyce, a former University of South Carolina All American, captain of the 1972 Gold Medal Olympic basketball team (in my mind they won it!), and a former player in the American Basketball Association. He discussed former Coach Frank McGuire and his "forced retirement" following the 1979-80 basketball season.

Our spring events included the annual Rose Dance and Alumni Picnic, with our biggest event coming this July in the form of a Casino Party, something we haven't tried in over six years.

Our business meetings at the Essex Park Clubhouse, off Broad River Road, are on the second Wednesday night of every month at 7:30 P.M., while our monthly luncheons are on the first Friday of each month at 12:00 NOON at the Lion's Head Restaurant in Five

Points. Dues are \$15.00 annually for Life Members and \$30.00 for non-Life Members. While the vast majority of alumni club members do come from the undergraduate Beta Gamma Chapter here in Columbia, we welcome all Brothers who may find their way to Columbia, either for a visit or on a permanent basis. We have dues-paying members from as far away as Indiana, where Brother Jim Wright now resides. Any Brother wishing to join the Columbia Alumni Club should contact Brother Dennis O'Keefe, secretary, 26 Cromwell Manor Drive, Apt. T, Columbia, SC 29210, phone (803) 798-7875 (home) and (803) 758-8406 (business); or Brother John Wentzell, treasurer, 201 Milway Road, Irmo, SC 29063, phone (803) 781-5139 (home) and (803) 256-3533 (business).

The Brothers of the Columbia Alumni Club wish all Deltasigs around the country an enjoyable and restful summer.

—DENNIS J. O'KEEFE

FORT WAYNE

THE FORT WAYNE Alumni Club is busy making plans for 1980. Organizing commenced with election of officers on January 20. Our new president is Jeff Pickering. Best wishes are extended to him and all the newly elected officers for a great year.

Social events are high on the list of priorities. On February 23, a wine and cheese tasting party was held. Everyone brought his favorite cheese and bottle of wine for others to taste to see how they liked them. The party was a big success; good food, good drink, and most of all, good friends. Social events forthcoming are a softball game between the Fort Wayne Alumni Club and Fort Wayne's undergraduate chapter, Iota Lambda, early this summer, and a toga party.

We have added a new twist to our business meetings this year. Along with our regular agenda, members take turns speaking on a topic of special interest to them. Items such as the speaker's career, job, hobbies or other such worthy subjects are talked about and discussed. This has been a valuable learning experience for all of us, and a great way to know your fellow Brothers a little better.

Also, in the planning stages for this fall is a Junior Achievement project. We want to share all the business knowledge we have gained through our fraternal experiences and business courses. We feel it will be a great way to improve business attitudes and skills in high school students.

It is a great benefit for the Iota Lambda Chapter and the Fort Wayne Alumni Club to be located in the same city. The undergraduate chapter is a good supply of talent, initiative and drive that helps our alumni club, especially when becoming a member of our club upon graduation. But here is a special invitation to all Deltasigs in Northeast Indiana, Southeast Michigan and Northwest Ohio to join our club. We need you. Deltasigs in this area wishing to become a member of the Fort Wayne Alumni Club should contact Dan Nix at (219) 747-1090, or Phil Fluegemann at (219) 432-1451.

—DANIEL E. NIX

GARY-NORTHWEST INDIANA

GREETINGS FROM THE Northwest Indiana Alumni Club. We certainly have been busy so far this season. December 15 was our

Christmas and Membership Drive Party. Brother Gary Crum was in charge of this event and it was a huge success.

As part of a new tradition, on December 23, Brothers in the alumni club and Brothers from Theta Psi Chapter at Indiana University Northwest joined together at St. Anthony's Nursing Home in Crown Point, Indiana, to share the holiday spirit with the senior citizens. Marc Miller, Karen Kvasnica, and Virginia Miller were some of the undergraduate Brothers that attended. Karen and Virginia distributed the cookies they baked while Blanche Vercel played Christmas songs on the piano and tried to convince Gary Crum to play Santa. We are hoping this will become an annual event.

Because we never let harsh winters slow us down in Northwest Indiana, January 12 was our annual Alumni Bowling Outing at Camelot Lanes in Hobart. Brother Kurt Knutsen, our outing chairman, knew that not even a blizzard as occurred last year could have prevented us from getting together. Trophies were distributed for the best and the worst bowling scores.

On February 1-3, we held our ski outing at Alpine Valley, Wisconsin, and it had been anxiously awaited. Brother Rich Lundstrom had some interesting stories to tell when he returned to his favorite watering hole, the Flamingo. Brother Dave Smith, our Vice President, worked very hard to make this trip a success . . . no casualties were reported.

March 15 marked our St. Patrick's day party at Tiberon Trails Clubhouse in Merrillville. Brother Pat Pazak was our chairman in charge. Pat is also a member of the breakfast club at the Flamingo. He provided entertainment from the Emerald Isle in Chicago.

For April our alumni made plans to attend the Theta Psi Initiation Banquet. In May we are planning a Dinner and Show Get Together, in June is our Annual Golf outing, and in July, our annual picnic in which we invite all our undergraduate Brothers.

Brothers in the Northwest Indiana area interested in joining the Northwest Indiana Alumni Club, please write us at P.O. Box 1857, Gary, Indiana 46409.

—JOHN V. HENIK

HOUSTON

HOWDY, FROM HOUSTON, Texas, the fastest growing metro-plex in the nation!!! It is only appropriate that the alumni club develop with the city and in that light we have adopted six months terms of office. This was done to allow more members to participate in the decision making process and at the same time prevent members holding an office for a year from becoming stagnant. Living in a mobile society today, nearly everyone has trouble keeping up with his job, marriage, housing and, last but not least, children. The current officers follow: Marc Murphy, president; Tom Maxwell, vice president; John Malone, treasurer; and Barry Kleypas, secretary.

The activities scheduled by the current administration have included selling coupon books to raise money for the national pledge for "commitment to excellence." Fifteen Brothers attended a Houston Rocket basketball game in early December to see them lose by two points, but they'll be back! Speaking of being back, the return of Joe Morgan and Houston's own Nolan Ryan will make trips to the Astros even more exciting this year. As fate would have it, another poker game was held and it seems that the big fish from the last party bought Kugerrands at \$290.00 and could not be persuaded to cash in before they reached \$1,000.00. An all important get acquainted party was held to welcome those new members and their wives to the club membership. Brother Russell Casper was responsible for a very informative and enjoyable wine and cheese tasting party held at his apartment game room. Brother Richard Ambrose hosted the first party the club held last fall. For those alumni clubs having never given such a party, it is well worthwhile to check into having one. To contact Russ Casper or Richard Ambrose, Vic Tabor can supply addresses and phone numbers.

For those Brothers traveling through or moving to the Houston area, late June marks the first attempt to have a giant family picnic of the over 1,300 Brothers now located in the Houston area. To contact the Houston Alumni Club write or call Vic Tabor at 8701 S. Braeswood, Apt. 110, Houston, Texas 77031, or phone (713) 981-0760, or the current president, Brother Marc Murphy at (713) 651-3258.

—BARRY A. KLEYPAS

LAKE CHARLES-BAYOU COUNTRY

LAKE CHARLES-BAYOU COUNTRY Alumni Club held its annual gumbo and poker night on January 26, 1980. Everyone who attended left full of chicken and seafood, but with empty pockets. In our March 4 meeting we discussed upcoming events and prepared strategy for the basketball tournament in New Orleans. The strategy paid off as we soundly defeated all the competition and defended our title as champions, and Saturday night was party! party! party!

In April we had a barbeque and fishing party at Brother Jim Morris' estate in DeRidder. Everyone is looking forward to the annual Rose Ball in May put on by the Eta Tau Chapter, and we are looking forward to celebrating the 11th birthday of the Eta Tau Chapter.

Finally, the Bayou Country Alumni Club would like to take this opportunity to congratulate all the December, 1979, and May, 1980, graduates and wish them all well in the business world.

—GLENN COMEAUX

MILWAUKEE

OUR PROFESSIONAL NIGHT program took place on November 28, 1979, with John Cerny in charge. Our speaker, Mark Musolf, Secretary of Revenue for the state of Wisconsin, recited the accomplishment of our new governor in securing a 16 per cent credit on our 1979 income taxes and a 12 per cent credit on 1979 property taxes paid. Write your legislative representative on your ideas for 1981 tax reform, including treatment of capital gains and inheritance taxes.

Kurt Knutsen, left, presents the winning trophy to Donn Yover and his wife at the annual Gary-Northwest Indiana Alumni Club bowling outing.

The next event was the annual St. Patrick's Dinner Party on Sunday, March 16, at Westmoor Country Club, with Jim Ferschinger in charge. Our Founders' Day will be celebrated Friday, May 16, at Midway Motor Lodge with Bob Biwer as chairman. This event always draws the largest attendance of the year.

Monthly noon luncheons continue on the third Monday and are now held at Diane's Inn, 7365 West Appleton Avenue, as it crosses Capital Drive. With Bob Neimon and Gene Schramka as co-chairmen, the meetings are taking on a more youthful look with interesting speakers.

Our members have offered their assistance in securing speakers for Delta Chapter's Professional Night programs. Speakers have included: Dr. Leon T. Kendall, President of Mortgage Guaranty Insurance Company, on "A Practitioner's Economic Outlook;" Herbert F. Grayson, Vice President on "Service of an Advertising Agency;" and our own Don Kalton, chairman of the board of Geis Overhead Door Company, spoke on the "Opportunities of Small Business."

We are glad to hear that our Milwaukee Alumni Club members were instrumental in chartering an alumni club in Sun City, Arizona. Lee Heidgen is the president. He now holds membership in three alumni clubs; Chicago, where he was employed; Milwaukee, his home town; and Sun City, his retirement home.

Write Milwaukee Alumni Club, P.O. Box 635, Hales Corners, Wisconsin 53130 for membership, to be listed in the next issue of the Roster, and to receive the regularly published newsletter.

—MILTON A. KASSNER

NEW ORLEANS-CRESCENT CITY

SPRING WAS FULL of activity for the members of the Crescent City Alumni Club. In the city that hosts the world for Mardi Gras, naturally, most of our Brothers were active in Carnival Balls, parades, and many parties and events of the season during February. Immediately following Mardi Gras, a pot-luck supper was held. The supper is becoming an annual occurrence, and affords an atmosphere in which old and new members and spouses can get to know each other better. March is a special month for the Crescent City Alumni Club. That is the time for the Annual Southern Regional Basketball Tournament. This year's tournament was another success, with nearly 200 Brothers attending from the many undergraduate chapters of the Southern Region. Special thanks go to Brothers Louis Lehr and Brian Landry from the Crescent City Alumni Club for spearheading the Tournament this year.

April brought elections and a new slate of officers to guide the Crescent City Alumni Club through the coming year. We wish them the best of luck in realizing their plans for the club.

As summer is upon us, we look toward a slower pace of activity. Lazy southern weekends and sultry New Orleans nights were made for relaxed socializing. A picnic and several informal outings are planned to carry us through until fall.

We hope you graduating seniors starting to work in New Orleans will take advantage of the summer ambiance, and attend some of

the outings. This is a great way to meet your Brothers who have also come to New Orleans to live. To find out more about the Crescent City Alumni Club's activities, contact Alan Ferrington, 768 Hickory, Gretna, LA 70053, or phone him at 529-5262 during the day.

—ALAN FERRINGTON

PITTSBURGH

IT'S AMAZING HOW time goes by so quickly. Once again we are at the end of another successful and busy year for the Pittsburgh Alumni Club. This year's activities have included regular scheduled business meetings, the monthly luncheons, and several social events.

A great big hand should be given to Brother Bill Dawson, who this year was in charge of our monthly luncheons. We had such a big response that we had to move from the Engineers Club at the William Penn Hotel to the Landmark Restaurant, then to the Pittsburgh Press Club. Of course, all this enthusiasm could not have been accomplished without Bill's two capable assistants, Brothers Jim Elderkin and John Cook, and all those Brothers who helped make it successful.

Our last big social event held at the Cross-gates Inn this year was the awarding of the Herbert W. Finney Scholarship to two outstanding business students. Recipients of this year's award were Milton Nance and Mary Ann Klaus. Also receiving the Golden Helmet Award for 50 years of service to the fraternity was Theodore P. Auld of Lambda Chapter. Three Brothers that honored us with their presence were Grand President Michael R. Mallonee, Director of Alumni Activities Michael M. Johnson, and Assistant Executive Director Michael J. Tillar, who spoke to us about the importance the alumni clubs must play in the development of the undergraduate chapters.

The Pittsburgh Alumni Club would like to welcome the new future chapter at Robert Morris College. We all know how hard everybody has been working to establish Delta Sigma Pi at Robert Morris, and now can see the fruition of all our efforts.

Don't forget coming up in June will be our regular business meeting to elect new officers for the '80-81 year. This has been a really good year for us, but what we need is you and we can't function without you. Any Brother wishing to join the Pittsburgh Alumni Club should contact Brother Ed Will at RD No. 1, Box 119-A, Burgettstown, Pennsylvania 15201. Office and home telephone numbers are 344-6133 and 729-3939.

ROCHESTER

ROCHESTER ALUMNUS BRINGS GOLD MEDAL back from Lake Placid Winter Olympics. Vice President Tom Camiolo (227-4376) used the Gold Medal to bake cakes, cookies, and bread. If we still have your attention and you are an alumnus living in the Rochester area, call Tom right now (before the baked goods are all gone) for information about joining the Rochester Alumni Club. President Tom Walker (586-4248), Secretary Paul Frey (594-1118) and Chairman Hans Susstrunk (271-3243) can also give you information on membership. If you're in Rochester on business (like many of you Kodakers) call us to see what activities are going on.

If you couldn't attend "The Star of Christmas" starshow and family get-together at the Strasensburgh Planetarium you missed a great activity. Leonard Nimoy's narration was very logical and the sweeties brought by some of the wives were enjoyed by the adults as well as the kids.

The Brothers and families of the Rochester Alumni Club wish to express their appreciation to Jean and Brother Walt Chappelle for their thoroughly enjoyable presentation, "To Europe With Adventure." The Brothers of Epsilon Lambda Chapter also deserve a big hand for the open house afterwards. The dinner and evening at the Philharmonic in March was another highlight of our mild winter. We hope to see many alumni at the Epsilon Lambda Rose Dance on May 10; if you didn't receive details, call Steve Guttenberg at 475-3905 for details.

All activities are from suggestions from our members. If you have an interesting idea call one of your officers. Look for a schedule of summer activities in the mail soon. See you this summer.

—PAUL FREY

SEATTLE

GREETINGS FROM THE Pacific Northwest! We are in the process of establishing an Alumni Club in the Seattle area. Who says your days as a Deltasig are over? Contact Barry W. Kirk, P.O. Box 1603, Bellevue, Washington 98006. Phone (206) 747-4311.

SHEPHERDSTOWN

THE SHEPHERDSTOWN ALUMNI CLUB wrapped up its second successful year by planning a full schedule of activities and goals for the coming year. In addition to our spring banquet and June meeting, our traditional summer meeting will be held in Shepherdstown in conjunction with Epsilon Kappa Chapter. This meeting consists of good food, Brotherhood, and the opportunity to teach the undergraduates how the game of softball is played.

Cincinnati Alumni Club President Lew Ebstein does a peculiar maneuver at the club's ice skating party.

We look forward to providing more speakers for the local undergraduate chapters and perhaps to have a project to increase our net earnings. At the present time we are having a 50/50 drawing which should more than triple our net earnings of last year. Jim Hockenberry and Dave McCormick are utilizing cash flow and capital budgeting techniques in determining the reinvestment of the anticipated \$1.50 profit. As a result of this windfall profit we have decided that our alumni club be restricted to only dues paying members.

Along a more serious train of thought, professionalism and membership will be our main goals for the coming year with the main emphasis being placed on attracting more recently graduated alumni to our meetings.

If you just moved into this area let us know. We will call or mail you information about the club. Join us and continue the benefits of Delta Sigma Pi that began back in your college days. Write or call Brother Sam Turner, Route 6, Box 238, Hagerstown, MD (301) 791-0067.

—JOHN L. MCCracken

TAMPA-TAMPA BAY

THE TAMPA BAY Alumni Club joined Epsilon Rho Chapter and Theta Phi Chapter at the Area Conference held at the University of Central Florida, March 8, in Orlando. We enjoyed exchanging ideas with other area alumni members and the undergraduate chapters.

As part of a program to recruit new members, the Tampa Bay Alumni Club followed up a successful mailer campaign with an informal cocktail party on March 22. The cocktail party provided an excellent opportunity for the potential members to meet us and to learn more about our club.

April marked an occasion well worth remembering. On April 29 our club celebrated its first birthday by throwing a party with the undergraduate chapters. In looking back, our first year was a time of learning, growing, and gathering of invaluable experience, which we hope will enable us to continue to grow.

An installation of new officers banquet will be held the end of May at the Tampa Airport Host Hotel. We would like to extend our congratulations to all our new officers and to thank our past officers for their time and effort in making our first year a good one.

We continue to get together every third Wednesday of each month at the Casbah Lounge, Holiday Inn on North Dale Mabry, after work. Come on out and visit with us or contact Brother Cecil Gary at 837-5565 or Brother John Murphy at 961-0977.

—BETH THOMAS

TRENTON

THIS YEAR WILL be very special for the members of the Trenton Alumni Club. The newly elected Board of Directors is very excited about making our club more enjoyable than ever. Our new Program Director, Lou Monticchio, has added more activities that will enable the Brothers in our area to enjoy the same fraternal spirit that existed while in college. These activities are intended to involve the whole family so that no one gets left out. We are also planning a membership drive led by our new Membership Director,

Rich Windle. To ensure good communications, we have decided to increase our newsletter mailings, which will be the job of our new Publications Director, Danny Worman. Our financial affairs are handled by Mr. Experience himself, Mark Berkowitz, who is now in his second consecutive year of service in the crucial office of Finance Director. We would like to take this opportunity to invite all of the Brothers in the Trenton area to inquire about our club, so we can help you to stay active in Delta Sigma Pi. Also, if any Brothers are in the area, please contact us—we would like to see you. And, of course, we would like to hear from all of the chapters and alumni clubs, whether it be newsletters, questions, comments, or suggestions. The Trenton Alumni Club wishes all of the Brothers and their families nothing but the best in the '80s. So remember, KEEP SMILING!!!

—JOSEPH D. GUIDER

TUCSON

TUCSON ALUMNI CLUB in Tucson, Arizona, has had a busy first year. The club was just chartered in July.

Our monthly activities have provided Brothers with insight into the business and educational community and with fun.

In September we sponsored a dinner for alumni and undergraduates from the University of Arizona, Gamma Psi Chapter. We had invited the police chief from the city of Tucson to speak before us. There had been some recent public controversy about the Tucson Police Department and the chief's topic was quite timely.

Brother Bill Mahnken spoke at our October luncheon. He had been working for the chemical company that had developed and marketed DDT in the late 1940's. His talk concerned the marketing and research procedures of the chemical company.

Grand President Mike Mallonee presided at our November breakfast. Brother Mike had spent a long Friday with his various flights from Oklahoma City and with the undergraduate initiation and party. But, Brother Mike arrived for our breakfast "bright eyed." After breakfast he and some Tucson alumni traveled to Tempe for a regional meeting and then a testimonial dinner. Several other Tucson alumni and Gamma Psi Chapter undergraduates drove to Tempe to attend the meeting and the dinner, also.

Brother Joe Goldblatt, a lieutenant in the U.S. Air Force, presented a series of slides in December about the missile wing stationed at Davis-Monthan AFB, and about the many missiles scattered around Tucson. Because of the Iranian Crisis, this scheduled talk was of intense interest.

Brother Jerry Molinari presented a series of slides in January to the alumni and Gamma Psi Chapter undergraduates concerning his research expedition into the Arctic Circle to observe grizzly bears. The scenery was very beautiful and the tales were hair-raising.

February was our "big event." The Tucson Alumni Club held a Rose Ball. We had dinner and dancing. The atmosphere was festive and everyone had a fantastic evening. The disk jockey playing the records had a very good mix of various kinds of music which

prompted everyone to dance at last one dance during the evening. Bill Wilson was able to drive from Phoenix to participate. Next year's Rose Ball should be bigger and better.

The March luncheon featured Brother J. R. Brooks with discussions about the construction industry in Tucson and the economic outlook.

In April the alumni participated in a banquet with the Gamma Psi Chapter for a reunion of Deltasigs.

In May the alumni will participate in the Arizona Deltasig Days, a statewide function. And, in late May there will be a wine and cheese party at Brookside Winery to end the academic year.

Correspondence can be directed to Joe Hardy, president, at 7345 N. Mt. Shadows, Tucson, AZ 85718.

TULSA

TULSA ALUMNI CLUB members will be as busy during the summer months as they were when the Tulsa Alumni Club began its 1980 schedule of activities with a Leap Year Roundup Party on February 29, which was the climax of a successful membership drive. In March, many of our members attended the Tenth Annual Oklahoma Combined Initiation, hosted this year by Gamma Epsilon Chapter at Oklahoma State University in Stillwater. Together with the Oklahoma City Alumni Club, we sponsored the party held after the banquet. We look forward to next spring when Beta Chi Chapter at the University of Tulsa will host the combined initiation. Several of our members also attended Beta Chi Chapter's Rose Dance in April, and in May we will help the chapter celebrate its birthday and honor its graduating seniors.

Summer activities include a float trip in June; a 4th of July cookout; and a lake party in August to bid farewell to summer. For more information about these activities and membership in the Tulsa Alumni Club, contact Kevin Kenny, 5094 S. Urbana, Apt. 16-I, Tulsa, OK 74135, (918) 496-9236; David Birchall, 12938 E. 35th Place, Apt. 1506, Tulsa, OK 74134, (918) 665-0868; John Thomeyer, P.O. Box 4733, Tulsa, OK 74104, (918) 743-6931; or Paul Munding, 7038 E. 77th Place, Tulsa, OK 74133, (918) 492-9016.

NATIONAL EXECUTIVE COMMITTEE MEETING

Summer Meeting The Marriott Hotel Cincinnati, Ohio August 22-24, 1980

bulletin board

At the end of another publishing year I want to thank Assistant Editor Mike Tillar, The Central Office staff, Compolith Graphics, and Maury Boyd and Associates for their untiring assistance with the magazine. Thanks also to Past President Bill Tatum for providing so many photos for the publication, and to all of you who provided articles and photos and met deadlines.

Remember that Regional Conferences are in the fall of 1980. Dates and locations are on page 2. Plan now to attend your respective conference.

The November, 1980 issue will bring news of new chapters, our 1980 Undergraduate of the Year, the tales of The Central Office Staff.

NOTICE OF ADDRESS CHANGE

Please change my address as follows:

_____ street

 city state zip

Please attach address label here

MAIL TO: Delta Sigma Pi
 330 South Campus Avenue
 Oxford, Ohio 45056

DELTA SIGMA PI INVITES YOU TO BECOME A LIFE MEMBER

AS A LIFE MEMBER OF DELTA SIGMA PI YOU ARE SPECIAL
AND YOU HAVE SPECIAL ADVANTAGES:

- Your National Alumni Dues are paid for life.
- You receive The DELTASIG Magazine for life.
- You receive your gold embossed Life Membership Certificate and Life Membership Identification Card.
- Your name is added to the Life Membership Roll of Loyalty.
- You have helped to endow permanently your Fraternity.

TO JOIN THIS SPECIAL GROUP—

Send your check for \$75.00 to The Central Office, Delta Sigma Pi, 330 South Campus Avenue, Oxford, Ohio 45056. If you qualify for one of the special discounts, make your check for the appropriate amount:

Alumni - \$75.00
