Commentary

William R. Kinsella

Looking at our future. During our Board of Directors retreat this past summer, we concentrated on a wide range of issues including Regional Conferences, new educational programs, financial matters, risk management and alumni planning and organization. All of these issues are important to the current operations of the Fraternity and deserved the time and attention of your elected leaders.

But we also used this time to think about the fraternity's future and to review the variables in the environment within which we must exist, and co-exist, as an organization. We looked at information compiled by the higher education community about demographics, birth rates, and enrollment trends and projections. We also looked at the costs of attending college in the future and the availability of financial aid, not only for the student, but also for the institution itself. We reviewed survey information from faculty about their inclinations to serve as administrators, and the pressures of the "publish or perish" climate of many big schools. We also digested published articles by college administrators responsible for student organizations. All of this is an integral part of continuing to update our strategic plan for our future operations and growth.

Does this really affect us? Yes, and in ways that you may not realize. For example, many colleges are now taking a very dim view about the traditional signature book for pledges. Faculty are under increasing pressure to do research and

publish, thus limiting time that they might otherwise devote to a student organization (I don't think we'll find a single chapter that suffers from too *much* faculty involvement). Student financial aid at all levels has been cut back sending everyone scrambling for more money to pay tuition. That often results in significant part-time jobs that approach full-time employment. And the schools, both private and public, have realized that annual double digit tuition increases can't continue forever. Unfortunately, unless other revenue sources fill the gap (and regardless of what you might think of college athletics, a successful program does help pay the bills) costs must be reduced. That cost cutting can result in faculty layoffs, fewer classes and reduced student services. That, in turn, can seriously impact a person's ability to participate in the chapter, or even prevent a prospective member from attending a recruiting event or accepting a bid.

But perhaps the most thought provoking data we saw concerned the college student of the future. Oh, the traditional student (generally thought of someone in their late teens to early twenties who came straight out of high school) will still make up the majority on most campuses. But they will be joined by an ever increasing number of so called "non-traditional" students. Some predict that the non-traditional student will make up 50% of the student population by the year 2000, and many of them will be business and economics majors. Now this won't happen overnight, but many of our chapters already count non-traditional students as Brothers, and their numbers will continue to increase.

So who are these non-traditional students? Many of them are returning to school after several years of full-time work to complete the degree they started, or obtain a second undergraduate degree. Many find that the undergraduate business degree is one of the few that will help them obtain a good job. Many are thirtysomething or fortysomething in age, and have accumulated a wealth of life experiences. Most are parents; many are single parents. And with the end of the cold war, many are ex-military personnel. There are probably several other ways to describe this group, but one thing is certain—they have a different outlook on life, and on fraternity, than do our typical

19 or 20 year old members. So what should we do?

As with any predictable change, we can choose to ignore it and hope it will go away, or seize the opportunity that the change presents. To ignore this group by not recruiting them or extending them membership bids would be folly. Remember, our four Founders were non-traditional students! Back in 1906, the School of Commerce, Accounts and Finance was a night school with classes from 8-10 p.m. in downtown New York City. These commuter students, Alexander Frank Makay, Alfred Moysello, Henry Albert Tienken, and Harold Valentine Jacobs, met, and planned for their new organization, while riding the subway to and from class.

We can not, and should not, ignore this group which will be an important part of our future. We have to review and update our approach to recruiting, pledge education, professional and service activities, and all chapter operations, in order to attract and keep, this ever growing segment of our prospective member population. The members of this group can provide an added dimension to all our chapters which will only result in a much stronger organization. And we know that it can work as evidenced by several chapters already. In fact, one of the chapters receiving the 1992 Outstanding Chapter Award is almost entirely composed of non-traditional students!

Our future is bright, but we should revisit our past from time to time and remember our legacy. What better time than during our 85th anniversary to recall that legacy. A legacy of professionalism, excellence and leadership. A legacy that has grown and expanded across the country. A legacy of Brotherhood bound together by a common interest in the pursuit of business, unrestricted by race or color or gender. A legacy created by a group of non-traditional students.

Best fraternal regards,

WILLIAM R. KINSELLA

Fraternal Education

The Summer Officer Training Schools
and Fall Regional Conferences
provide educational training
and memories for many Deltasigs.

Memories are created in many ways but in Delta Sigma Pi, fraternity meetings, educational conferences and conventions often create the most memories and the most smiles in anyone's Deltasig career. Few alumni Brothers can recall their collegiate years without remembering a story from a Regional Conference or Grand Chapter Congress. This year, many memories were created for the graduating Deltasigs of 1993, 1994, and 1995 as they participated in nine Officer Training Schools and sixteen Regional Conferences across the country.

Delta Sigma Pi offered two different educational programs this year for our collegiate and alumni members. Starting in June, Officer Training Schools were conducted to give newly elected officers the information they need for their respective office. In the fall, Regional Conferences were conducted to offer all members seminars on personal and professional development, chapter management and general fraternity information. Naturally, social events formed many memories for our members at these conferences and schools.

From the metropolitan areas of Philadelphia and Orlando to the small towns of Mason City, Iowa, and Buellton, California, Deltasigs came to talk, learn, laugh and achieve. In all, over 2,000 fraternity members invested their time and energy for a weekend of fraternity education.

The credit for these successful events must be shared equally between those who attend the events and those who

engineered and managed the conferences or schools. This year, several changes were made in how Regional Conferences were organized and conducted. The fraternity's twenty Regional Directors were responsible for promoting the Regional Conferences and in many cases, selected the hotels to use. District Directors, Executive Committee Members and members of The Central Office staff contributed by conducting seminars, handling registrations at the conference, and in promoting the conference to collegiate and alumni members.

The Officer Training Schools have been in existence since 1990, and started with the humblest of beginnings. The fraternity's elected leaders eagerly sought a way to offer information and education to newly elected collegiate chapter officers

and committee chairpersons shortly after their election. In a planning retreat, the Executive Committee of the fraternity identified seven locations which were convenient to eighty percent of the fraternity's chapters. These training schools were then offered in the summer of 1990 and over 25% of all collegiate officers attended one or more of the training schools. Since then, over 1500 Deltasigs have attended an Officers Training School at twenty locations nationwide.

The summer of 1992 offered newly elected chapter officers with an opportunity to enhance their knowledge of fraternity and chapter operations. The nine Officer Training Schools were conducted on weekends in June and July in such locations as Phoenix, Reno, Houston, Kansas City, Jacksonville, and Rich-

ΔΣΠ

TiS

mond. A significant improvement in attendance was achieved as over 30% of all collegiate officers attended one or more Training Schools. The two hundred page Officer Training School Workbook continues to be a staple of the program.

Chapter officers were now prepared to begin the new academic year, but there still remained a need to provide information and motivation to all collegiate members. A second need was also voiced to offer alumni members with a weekend of Delta Sigma Pi activities. The Regional Conferences began in September to meet these two goals along with several others.

Each Regional Conference started on Friday evening and concluded on Sunday. Arriving on Friday night, social activities such as dances were popular at many Regional Conferences. A carnival atmosphere prevailed throughout as Brothers met other Brothers from around the nation.

Seminar sessions conducted in the morning offered members and pledges insights into membership and management issues facing the fraternity at large and each chapter individually. In the sessions on membership issues, participants discussed how they learned about the fraternity, what their role was in the fraternity, what responsibilities they had to sell the fraternity to others, and what traits are required for new Brothers.

The sessions on management issues described the organizational structure of the fraternity and how each chapter contributes to the success or failure of the fraternity. Later participants were asked participants to describe the critical management issues facing our chapters and our fraternity. This included the highly

Brothers in attendance at the LaCrosse, Wisconsin, OTiS program gather at the end of the weekend.

charged legal environment facing organizations, and the Risk Management Policy of the fraternity. Participants were not finished yet. They were also asked to design and manage the Ideal Chapter, measure their individual listening skills, identify ways to motivate people, and use their non-verbal skills in communication.

The afternoon sessions varied from one Regional Conference to another. Educational sessions on recruiting, member education, fundraising, the Chapter Efficiency Index, and professional activities dominated the afternoon sessions. At the South Pacific Regional Conference, Mr. Richard J. Pearson, Chief Operating Officer of Avery, was initiated as an Honorary Member. The South Atlantic Regional Conference culminated with the initiation of doz-

ens of new Deltasig collegiate members from throughout the state of Florida.

On Saturday night, Brothers gathered for the Regional Conference banquet. At many conferences, this evening culminated with chapters receiving awards from the fraternity and the Delta Sigma Pi Leadership Fund on a regional and national basis. A raffle for a Pearl and Ruby fraternity badge often was the final item of business before the members and guests joined in singing "The Rose of Delta Sigma Pi."

The final day of each conference usually found dozens of exhausted Deltasigs leaving with little sleep but many memories. Our thanks to all the Brothers who made the Officer Training Schools and Regional Conferences so memorable.

1992 REGIONAL CONFERENCES

Randy L. Hult, Chairman of the Educational Division of the Steering Committee, moderated several seminars across the nation.

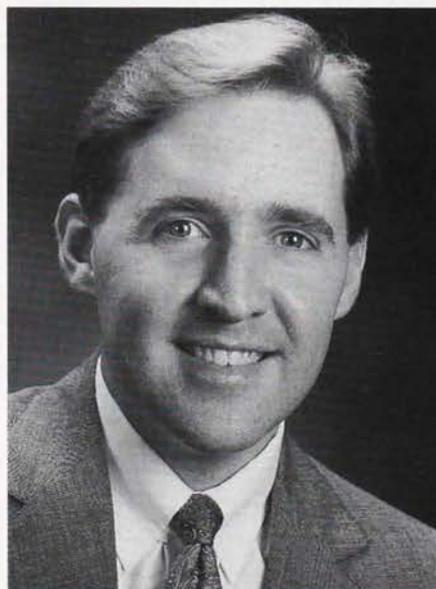

Central Office Staff Changes

Over the summer months, a number of changes took place on the staff of The Central Office.

Some of these changes are the fruition of planning over the past few years and growth in fraternity-wide programs.

C. Dean Ferguson

Dale M. Clark

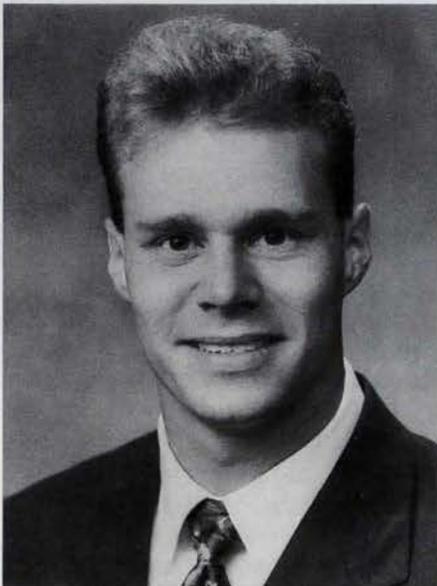

The newly-created position of Director of Educational Services is designed to enhance the educational programming of the fraternity. With the development of the Officer Training School, restructuring of the Grand Chapter Congress and the recent acquisition by The Central Office staff of the handling of many of the details for the Regional Conferences, the need for a staff member to administer these as well as other related functions became readily apparent.

Now serving as Director of Educational Services is C. Dean Ferguson. Brother Ferguson has served as Director of Chapter Services since 1984 and, prior to joining the staff, served in the volunteer roles of District Director and Southeastern Regional Director. He is an initiate of Kappa Chapter at Georgia State University and holds both a Bachelor of Business Administration and a Masters of Business Administration degree from that institution. In addition to conference administration, Brother Ferguson will also revise and/or develop publications of the fraternity and is the Managing Editor of *The Oxford Letter*, the collegiate chapter officer newsletter.

In July, Dale M. Clark joined the staff as Director of Chapter Services. An initiate of Kappa Nu Chapter at Longwood College in Farmville, Virginia where he received a degree in Business Administration with a concentration in marketing. Brother Clark has served in the volunteer role of South Central Regional Director since 1989. As Director of Chapter Services, he is responsible for supervising the chapter consultation program, the Chapter Efficiency Index, the awards program and collegiate chapter expansion.

The fraternity started the current academic year with three Chapter Consultants. Delta Sigma Pi has continuously operated a chapter consultation program since 1957 and there has been a desire to increase the number of consultants for several years. Many fraternities and sororities of comparable size have five or six consultants. The addition of a third Chapter Consultant position allows greater coverage of chapters during the academic year and an ability to provide more attention to expansion efforts. All three new Chapter Consultants joined the staff in June.

Since joining our staff, all three of our new Chapter Consultants have already traveled extensively among the collegiate chapters of the fraternity providing counseling and advisory services. We now introduce our three newest consultants.

James E. Leingang

A native of Illinois, James E. Leingang is a fall 1989, initiate of Iota Nu Chapter at Northeast Missouri State University in Kirksville, Missouri. He served his chapter as a member of several committees and planned and coordinated activities as Chairman of the Community Service and Interchapter Relations Committees. He was presented the Delta Award for the most active Brother of Iota Nu Chapter.

Jim received his Bachelor of Science degree in May, 1992, with a major in finance and a minor in economics. He received the President's Distinguished Scholarship, was Senior Representative for the Student Senate, a Student Ambassador and was involved with the Knights of Columbus in Kirksville, Missouri.

Carla S. May

Carla S. May is a spring 1992, graduate of Grand Valley State University in Allendale, Michigan, and holds a Bachelor of Business Administration degree with a major in management and a minor in public administration. She was initiated into Lambda Xi Chapter in April, 1989, where she served her chapter as Senior Vice President and Ritual Chair.

In addition to her activities with Delta Sigma Pi, Carla served as Secretary and admissions office liaison for the Student Foundation of Grand Valley State University, was President of Operations for the Society of Human Resource Management, and was a member of Omicron Delta Kappa National Leadership Honor Society.

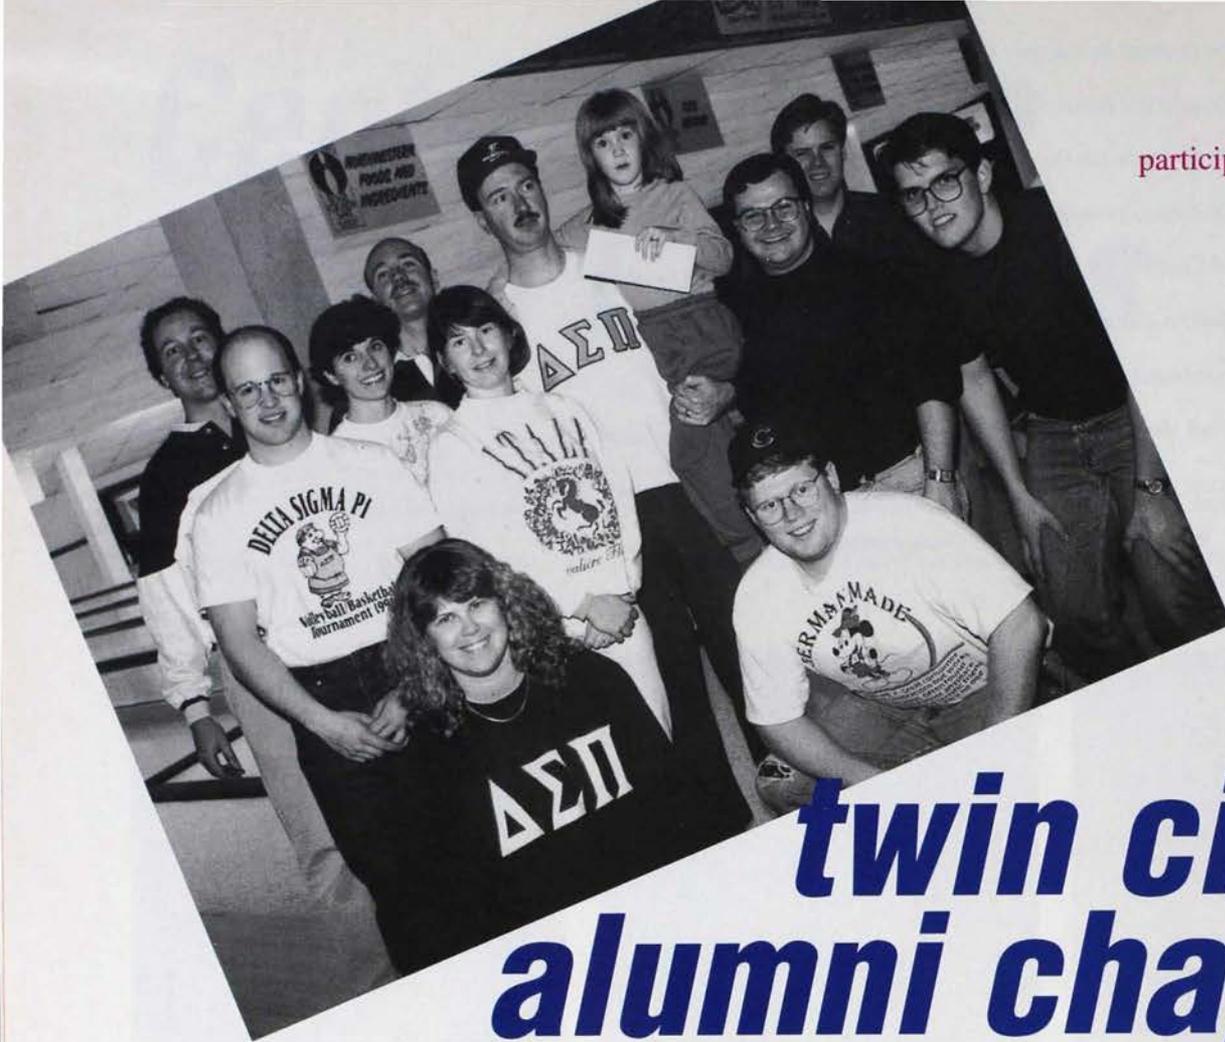

Kathleen R. Skrobot

Kathleen R. Skrobot is a spring 1992, graduate of Western Michigan University and holds a Bachelor of Science degree with a major in marketing and minors in management, business communication and general business. She also holds an Associate in Liberal Arts degree with a business administration curriculum.

Kathy was initiated into Epsilon Omicron Chapter at Western Michigan University in the fall of 1990, where she served her chapter as Vice President for Pledge Education, Secretary, Historian and Ritual Chair. She also served as Chairperson for the Pledge Education Committee and Social Committee, and attended the 38th Grand Chapter in Washington, D.C. as an alternate for her chapter.

Through the active participation of its members, the Twin Cities Alumni Chapter in Minneapolis/St. Paul receives the 1992 Outstanding Alumni Chapter Award.

twin cities alumni chapter

the Twin Cities Alumni Chapter has combined the dedication and hard work of its members to develop a strong alumni chapter of Delta Sigma Pi. The chapter strives to carry on the ideals and share in the brotherhood of Delta Sigma Pi by sponsoring a wide variety of professional, social, and community service events throughout the year. At least one activity is planned each month in addition to the regular monthly membership meetings.

Currently, the Twin Cities Alumni Chapter circulates two publications on a semi-annual basis for its members. "A Slice of Pi" is a newsletter sent to the paid and prospective members in the Minneapolis/St. Paul metropolitan area. The second publication is "The Minnesota Alumni Connection." This publication is sent to all the alumni and collegians living in Minnesota or those who graduated from a university in Minnesota who now live out of the state. The purpose of this publication is to reach a broad base of alumni and collegiate members to remind them of the Twin Cities Alumni Chapter and its opportunities and events.

The chapter's diverse membership is able to offer unique insight into every aspect of the business world from accounting, marketing, sales, and manufacturing to the collegiate members. Com-

munity service continues to be a cornerstone of the chapter. These events enjoy good attendance by the members and are a great way for the chapter to encourage brotherhood while serving our communities. The events sponsored by the Twin Cities Alumni Chapter this past year were the Minnesota Food Shelf Program and Big Sister/Big Brothers.

The chapter enjoys a high visibility with the four collegiate chapters in Minnesota. We have representatives attend meetings or special events regularly. We also understand the influence we may have on the collegiate chapters. Keeping this in mind, the Twin Cities Alumni Chapter sets an example by adhering to the fraternity's constitution, by-laws, and hazing, alcohol, risk management and non-discrimination policies.

The chapter's monthly meetings are

held the first Thursday of each month. Brothers are informed of upcoming events sponsored by the Twin Cities Alumni Chapter. In addition, any collegiate news is also shared. Many Brothers come early to the meeting for dinner and happy hour. Another integral part of the meeting is the "Pointer of the Month." This is a time set aside for a member to lead a 5 to 10 minute talk about current subjects in the business world. Topics have ranged from the importance of financial planning to balancing personal and professional time effectively.

Another important part of each business meeting is when a few moments are taken to help those who are not as fortunate as the Brothers. "Passing the Delta-sig Hat" has become a very successful community service event for the Twin Cities Alumni Chapter. Each month a hat is passed from member to member, allowing each Brother to contribute to the Minnesota Food Shelves. This has been a very successful program for the Twin Cities Alumni Chapter.

February marked the annual Forecaster sponsored by the Twin Cities Alumni

A Slice of Pi... Delta Sigma Pi Twin Cities Alumni Chapter

FOUNDER'S DAY

by Angie Tietz
The highlight of this fall will be a special TCAC Meeting in November, which happens to fall on November 7... FOUNDER'S DAY!! Hors d'oeuvres and beverages will cap off a brief meeting. Join in the toast to our four founding Fathers. It will be a great time to come and hear what TCAC is doing. Chat with brothers you know and meet some brothers you don't. See you at 7:00, November 7th at Stub and Herb's on 227 SE Oak Street on the U of M campus across from Memorial Stadium.

LOOSE CHANGE

by Michelle Baker
Twin Cities Alumni Chapter kicked off its season of community service by taking up a collection of "loose change". The money collected will be used for a variety of projects.

THE NAME TAGS ARE BACK!

by Kari Ann Miller
At each meeting all paid members will have their own name tag with office and very helpful in learning on it. This will be fun and very helpful in learning and remembering old names. What a bonus pay your dues and get a very cool name tag. We love this organization and we are looking forward to a year filled with new people as well as all of the regulars. See you at the next winning TCAC event.

NETWORK LUNCHES

by Howard Gunther
The TCAC is starting a new event for all the persons in business. Once a quarter we will be planning a luncheon for the purpose of exchanging potential referrals. In addition, the TCAC will be utilizing the information gathered from these lunches to better distribute information regarding Deltasigs, where they work and how they do business. The luncheon for the fall quarter will be Friday, December 13 at the Burnett Realty office at 1501 W. 80th St. in Bloomington by Harold Chevrolet at 35W and 494. So bring some referrals to trade. Contact Randy Walker for more information (H) 890-0392.

heavily argued against by our region. It was impressive to see both active and alumni battle for positions in this heated debate.

Throughout the week, there are many parties, dances, seminars, and of course the coveted Yellow Dog initiation. An Officer prior to the congress and those who attended indicated it was very worthwhile.

While a chapter can only send one official delegate, the TCAC sent an envoy of eight brothers to keep me company. While I saved at the Legislative, the rest of the group faced... Next time, I'll be with the...

The 39th Grand Chapter Congress will be held in Anaheim, CA in August, 1993. The 40th Congress will be Orlando and in 1994, the 41st Grand Chapter Congress will be held in the Twin Cities.

Chapter. The Forecaster is an event devoted to the evaluation and understanding of current topics in the economic and business world. The featured speaker this year was Bob Wilson, Director of the Wilson Learning Center. Bob Wilson is a futurist and gave the Brothers an interesting peek in the possibilities and opportunities in the business world that lie ahead.

Slipping into their favorite bowling shoes, the chapter members once again participated in the Big Brothers/Big Sisters Bowl for Kids' Sake. In February, both active and alumni Brothers met in St. Paul to help raise funds for this organization. Professional bowlers they are not, but we did manage to raise several hundred dollars for Big Brothers/Big Sisters.

Keeping with the holiday tradition, members of the Twin Cities Alumni Chapter held a Christmas party for Toys for Tots. This is a program in the metro area that receives donations of unwrapped toys as Christmas presents for children in the metro areas who might not get any presents. Several toys for these children were donated by members of the Twin Cities Alumni Chapter.

Members of the chapter are currently involved in two summer sports, volleyball and softball. The chapter's volleyball team is appropriately named "The Delta Force." The softball team is sponsored by a Brother's business. Both teams offer a chance of competition and socializing for the members of the chapter with the spirit of Brotherhood.

Twin Cities Alumni Chapter's annual pig roast set the tone for the chapter's summer activities. A large turnout of Brothers and family members helped make the day a memorable affair. Prior to the start of the pig roast, the annual Twin Cities Alumni Chapter golf tournament was held. Prizes were awarded to golfers with outstanding scores. Volleyball was again the featured sport of the day, with some intense competition among the players. For those not suited for the rigors of the volleyball game, badminton and bocce ball games were available for leisurely activities. To encourage the pig roast as a family affair, games were also set up for the children who came to the park. All children involved in the games received toys for their participation.

"Capitalizing on Brotherhood" was the theme for the 1991 Grand Chapter Congress held in Washington, D. C. Eight members from the Twin Cities Alumni Chapter journeyed across the nation to meet with fellow Brothers for a week in the nation's capitol. An excellent hotel choice located by the city's subway system made sight-seeing very convenient for the Brothers. Members took advantage of the opportunities to learn from other fraternity Brothers and brought back a wealth of knowledge from the Grand Chapter. We greatly look forward to "Sharing the Magic of Brotherhood" at the 39th Grand Chapter in Anaheim, California this coming August.

Twin Cities Alumni Chapter works very hard to offer a variety of events and activities to meet the needs and wants of its members. The number of participants throughout the year turned out to be staggering. The Twin Cities Alumni Chapter has been very successful with participation through strong marketing campaigns. We are proud to have a total member participation that reaches near one thousand for this year's events.

Your Alumni Chapter Speaks

AKRON CANTON—The Akron Canton Alumni Chapter began the fall season with plans for an eventful year. We started by attending a Cleveland Indians baseball game in September and by helping Theta Kappa Chapter with their fund-raisers by selling raffle tickets.

The Brothers have also been very busy planning our annual Christmas and Racquetball parties. These two events are always very successful and help us to bring many alumni together.

A prime objective of the Akron Canton Alumni Chapter is to increase the interaction between ourselves and the collegiate members of Theta Kappa Chapter in the coming year.

—Thea R. Spiker

BOSTON—For those of you not yet familiar with the Boston Alumni Chapter, we consist of members of a wide range of ages from sixteen collegiate chapters. We have held many of our usual events this season, including a Red Sox game, Nick's Comedy Stop, Cape Cod "Nickfests," and Superbowl parties. There were also a sprinkling of pool parties, volleyball games with collegiate chapters, and professional tours, the most exciting which was of the Boston Garden, home of the Celtics. Larry Bird's recent retirement made it even more memorable.

We hold our meeting on the second Wednesdays of each month at 7:00 P.M.; if you are in the Boston area for any reason, please call Chapter President Jim Gerhardt at 617-461-1966, or Executive VP/Treasurer Keith Merritt at 508-823-0979. You can also write to us at P.O. Box 7240, Quincy, MA 02269-7240. We would be happy to bring you up-to-date with our activities.

—Deborah Lang

CENTRAL MISSISSIPPI—Five years ago, I was District Director for Mississippi College under then Regional Director James Pendergrass. During a Leadership Conference in Atlanta, Georgia, Jim told me of his desire to establish an Alumni Chapter in Mississippi. Thanks Jim for the vision! Today the Central Mississippi Alumni Chapter is alive and well. We were franchised on April 4, 1991. This year Steve Jackson serves our chapter as president, Laura

Brothers from the Central Mississippi Alumni Chapter and Gamma Tau Chapter at the the Rose Ball.

McCann is Vice President, Michael Gavin is Treasurer, Ellen Molstad is Secretary and Liz Little is our membership director.

This past November we co-sponsored "The Rose Ball" with Gamma Tau (University of Southern Mississippi) and Zeta Iota (Mississippi College). It was great fun, full of surprises, fellowship and brotherhood. The best surprise came from a Gamma Tau Brother who proposed (via romantic poem) on the dance floor. Thanks Victor and Melissa for including all of us in your special moment. A big thank you to our Regional Director Robert F. Yoakum and Southern Provincial Vice President Richard B. Featherston for making the long trip to join us.

If you live in the Central Mississippi area and would like to know more about our alumni chapter, please call Steve Jackson at 601-956-3408.

—Sharon Tew

CHICAGO—The Chicago Alumni Chapter is a great way to continue involvement in Delta Sigma Pi. Our activities range from professional to social, and there are a variety of events to appeal to everyone.

Summer started with the Annual Golf Outing/Elections. Other summer events included a day at Arlington International Racecourse, and food, fun and volleyball at the family picnic.

If you live in the Chicagoland area and would like membership information, please mail requests to Kathy Jahnke, Chicago Alumni Chapter of Delta Sigma Pi, P.O. Box 11314, Chicago, IL 60611.

—Kathleen M. Jahnke

CLEVELAND NORTH COAST—Greetings from the shores of Lake Erie. Since our reorganization a year ago, the chapter's membership has grown to 40 Brothers all of which live and work in the Greater Cleveland area.

Summer months are always action-packed in Cleveland. Some of the chapter's activities included: wagering at Northfield Horse Park, relaxing at Fagna's Happy Hour, meeting for business lunches at the Roxy Grill, playing volleyball at the annual picnic, riding the white waters at the Ohiopyle State Park and teeing off at the annual golf outing.

Earlier this year we helped organize a professional trip to the Cleveland area for the Delta Omicron Chapter at West Liberty State University. We welcome and encourage other chapters to visit our city and look forward to meeting you.

Having recently conducted elections, the new chapter officers are eager to start planning our events for the new year. Scheduled events include going to a Cleveland Browns game, a hayride with the Kent State Chapter and our annual Christmas Party.

The Cleveland North Coast Alumni Chapter is very excited about its accomplishments this year and look forward to welcoming additional Brothers in its upcoming membership drive.

—Michael T. Losneck

Dr. James Bartos, Columbus Alumni Chapter, with bocci medalists from the Special Olympics.

COLLEGE PARK—In April, 1992, the College Park Alumni Chapter was reactivated to represent Deltasigs in the Washington, D.C. metropolitan area. We have since grown to over forty members. Our main goal for the coming year is to continue our growth by contacting the many alumni in the Washington area that did not attend our local universities.

We regularly get together at Santa Fe Cafe in College Park, Maryland, from 3:00 to 7:00 P.M. on the second Saturday of each month. We also try to organize at least one other event each month such as our Softball Challenge with the Gamma Sigma Chapter. Of course the results were Alumni 19, Collegiates 11. We also had our annual tailgate at the University of Maryland Homecoming football game in October.

We encourage any Brother living or visiting the Washington, D. C. area to contact us and attend our events.

—Jim Figlozzi

COLUMBUS—This year, the Columbus Alumni Chapter has been busy making a conscious effort in becoming more visual in the community. Last November Brothers assisted the Big Brother/Big Sister foundation for the second time with "A Taste of Class." By volunteering in positions such as food servers and blackjack dealers, the chapter helped Big Brothers/Big Sisters raise proceeds for the operation of the organization.

On June 27, Brothers volunteered for the Special Olympics held at the Ohio State University. We coached and cheered persons with mental and physical disabilities during an exciting day of bocci.

—Diane M. Mahnen

DALLAS—The long-term goals which we set for the chapter last year are being achieved with great success. In fact, our goal of assisting with the region in colonizing new chapters has even expanded to the Fort Worth Alumni Chapter. If you are in the area of Fort Worth and wish to become a member and re-franchise that chapter, please call Jeannie Williamson at 214-506-0014.

During the fall, Dallas Alumni Chapter will be performing its second mass mailing. Our

Your Alumni Chapter Speaks

first mailing included 500 Deltasigs in the area resulted in our membership increase 30 percent. Several chapter members have become involved in a career placement network which is accessible by over 15,000 human resource departments. We are in the process of obtaining additional information and making a presentation to the fraternity in order for all Deltasigs to have the same opportunity. For information please call Todd Granberry at 214-343-0854.

—Todd Granberry

LONG ISLAND—The Long Island Alumni Chapter has recently completed its new membership mailing, and so far, the response has been great! Over forty new members have joined the chapter and we expect many more to join during the next few weeks. As part of our mailing, we included an "A-Z" survey, in which we asked the Brothers to rate the activities they would most like to see planned. A white water rafting trip, and Broadway Show trip seem to be the most requested activities, while attending a xylophone concert doesn't seem to rate very high (Can you think of something better starting in "x"?).

The new Executive Board is very optimistic about our revitalization, and we are confident we will continue to grow and prosper.

New members are always welcome, and new ideas are also encouraged. Remember, a chapter is only as strong as its members!

For further information please contact any of the following Executive Board Members: President Christing Manning (718) 353-0278, Secretary Kim Schettini (516) 739-1940, or Treasurer Donna M. Smith (516) 873-8650. We look forward to seeing you!

—Donna M. Smith

NASHVILLE—The Nashville Area Alumni Chapter has more than doubled in size since the beginning of the year. Our growth has been fueled by an exciting schedule of events. We have had a night at the ball park, a summer picnic, happy hours, a hockey game, a Super Bowl party, an evening at a local comedy club and a couple of seasonal parties. We are planning for a guest speaker in November, a Christmas party in December, a Super Bowl party in January, a tax relief happy hour in April and have many more other exciting events tentatively scheduled for the Spring and Summer.

Please contact the chapter's President, Beth Keith (615) 791-9865 or Secretary Jennifer Brooks (615) 391-5304 for information about membership and activities.

—Jennifer Brooks

QUINCY—The Quincy alumni Chapter celebrated its second year as a chapter in October. The chapter holds regular monthly dinner meetings on the last Thursday of each month and sends newsletters to inform members of current activities. Over the summer, the chapter got together for a barbecue in June and ad pool party in July.

Currently we are organizing a hay rack ride for November and a ski trip for January or February of 1993. If you are interested in our

chapter and would like additional information, please contact me at 1430 South 36th, Quincy, Illinois 62301-6067 or (217) 224-0279.

—Jennifer S. Johnson

SACRAMENTO VALLEY—The Sacramento Valley Alumni Chapter has put together a new calendar of events. All undergraduate and alumni Brothers are invited to join us whenever they are in the area. We have our luncheon meeting on the first non-holiday Wednesday of every month. Also, there is a social on the fourth Tuesday of every month. In November, we celebrated the 85th Anniversary of Founders' Day with our annual dinner. On the first Saturday of December, we will again hold our annual Christmas Party. We hope that many Brothers will be able to join us for this big night. In January, we will have our annual Super Bowl Party. In April, we will again put on our walking shoes and participate in the annual March of Dines Walk America. Any Brothers needing information should call, President Karen Stebelski at (916) 361-3810 or Secretary Darrel Auble at (916) 332-8378. We wish everyone a successful year.

—Darrel A. Auble

SAN FRANCISCO BAY AREA—The Bay Area Alumni Chapter has just completed its first year with nearly 100 members and participants representing initiates from nearly 30 different collegiate chapters.

Events in the first year included a wine tasting tour, a Warriors game, our monthly happy hour, and numerous other events. The most popular event has been our monthly happy hour held on the first Thursday of the month, drawing anywhere from ten to twenty-five Deltasigs every month.

Under the new leadership of Laura LeSieur Pendleton, the Bay Area Alumni Chapter is looking forward to another exciting year. If you currently live in the Bay area or plan to relocate, don't be left out, please contact Laura at (415) 349-6339 or Joe at (415) 342-3960 for further information.

—Joseph A. Totah

SOUTH FLORIDA—Happy Anniversary South Florida Alumni! The South Florida Alumni Chapter is pleased to be celebrating our second anniversary. As we embark upon the coming year, many activities are planned to strengthen the bonds of Brotherhood within our chapter and the South Florida area. One of the chapter's goals this year is increased support of the Leadership Fund and the establishment of the South Florida Alumni Chapter Scholarship Fund. We challenge all alumni chapters to initiate activities to support the future of our fraternity - the Delta Sigma Pi Leadership Fund.

As you know, many areas of South Florida were recently devastated due to Hurricane Andrew. In the aftermath of the storm, the residents of South Florida have come to appreciate the true sense of Brotherhood and community. Thanks to all who have shown their support and concern. If you like to contribute to the relief effort, donations may be mailed to

Several Brothers from the South Florida Alumni Chapter joins members of the Executive Committee and Central Office Staff at Universal Studios in Orlando following the August Executive Committee Meeting.

the Florida Relief Fund, c/o The American Red Cross, P.O. Box 870, West Palm Beach, Florida 33402.

The South Florida Alumni Chapter invites and encourages all alumni in the area to join us.

—Kathleen M. Murray

ST. LOUIS—The St. Louis Alumni Chapter had another successful day at the fair, the VP Fair that is. Together with the collegiate chapters in the Mid-Western Region, we worked together at the annual Fourth of July VP Fair selling beer and soda. The work was long and tiring, but the sales were worth it.

A Founders' Day banquet was held November 7, 1992. All Deltasig alumni and undergraduates within the St. Louis area were invited to attend.

Once again, the St. Louis Alumni Chapter will be hosting its annual Undergrad Weekend in St. Louis. Tours of area businesses are planned, along with a volleyball game, welcoming party, and a night attending a St. Louis Blues hockey game. It's sure to be another successful weekend.

—Jean A. Bollinger

TAMPA BAY—Our alumni chapter in Tampa Bay began the new year with its Second Annual Family Day Picnic. For the second year running, mother nature has not cooperated, even though the events went on.

Membership of the chapter has seen an increase from 33 Brothers for 1990-1991 to 53 Brothers for 1991-1992. This can be contributed to organizing activities which all Deltasigs could participate regardless of age or marital status.

The second Friday of every month, our Happy Hours, have continued to be well attended and have provided an excellent opportunity to meet other Deltasig Alumni.

This year our agenda will include a spring fund-raiser which will lay the foundation for an undergraduate Scholarship Program. Also planned is a social event where Deltasig Alumni will honor Graduating Collegiate Brothers.

—Sanford S. Hoffman

Grand Council Plans

The postponement of the 14th Grand Chapter Congress of Delta Sigma Pi which had been scheduled for Minneapolis in September and which was postponed in order to co-operate with the Office of Defense Transportation in the prosecution of the War effort, brought many unusual problems for consideration at an epochal meeting of the Grand Council held in Chicago, Friday, Saturday and Sunday, August 14, 15 and 16, 1942. So many timely and unusual problems were discussed and at such length that the Grand Council was in session continuously for three days and nights, except for time out for meals and sleep, and, in fact, all Grand Council members but one were able to remain over in Chicago on Monday to discuss informally other problems which may face Delta Sigma Pi during the coming year.

First of all, the Grand Council found that most of our chapters were in very good condition at the close of last college year. Whereas we had anticipated a large decrease in initiations, this decrease has turned out to be very small, much less than anticipated. Furthermore, two chapters were installed during the year at Kent State University in Ohio and at Rutgers University in New Jersey and the addition of these initiates brought the total membership figure to even higher than the record of the previous year.

Many plans for the coming year were discussed by the Grand Council and various actions taken. As to just what date college men would be inducted into the Army was not known at the time this meeting was held, but it was felt that the first semester, at least, would find our chapters for the most part operating under fairly normal conditions.

Of unusual and timely significance was the rather thorough discussion as to what the fraternity could do to provide special services to the many brothers who would eventually be in the armed forces of our country. This was analyzed from every possible angle and thoroughly discussed for the better part of one day. It was the unanimous decision of the Grand Council to establish a national War Service Committee and since Delta Sigma Pi would be

having alumni from every chapter and alumni club in service and they will be stationed in all sections of the country as well as overseas it was felt that these services should be planned, organized and operated on a nationwide basis rather than leaving it up to each individual chapter and alumni club.

A special engraved recognition card has been prepared and is being mailed to all members in service as soon as they

report their service address to the Central Office. A War Service News will be published, correspondence will be carried on with every member in service, contact secretaries will be established in many cities, everything possible will be done from a fraternity point of view to aid in keeping the morale of our members in service at the highest possible level at all times.

All of this activity can only be made

Wartime Activities!

postponed by action of the Grand Council and while this action was later approved by the chapters one of the members of the Grand Council pointed out that had a Grand Chapter Congress been held the terms of certain members of the Grand Council would have expired this fall. It was his suggestion that the members of the Grand Council should proceed as though a Grand Chapter Congress had been held insofar as their terms of office were concerned and that all terms that would have expired this fall had a Grand Chapter Congress been held be considered as having expired. This met with unanimous favor among the members of the Grand Council and it was unanimously voted to put this in effect as of September 1. After considerable discussion and a reluctance on his part to succeed himself as Grand President under normal conditions, the Grand Council members decided that in view of the existing emergency and his experience as Grand President it would be best to continue Brother McKewen in office for a second term and this was so voted.

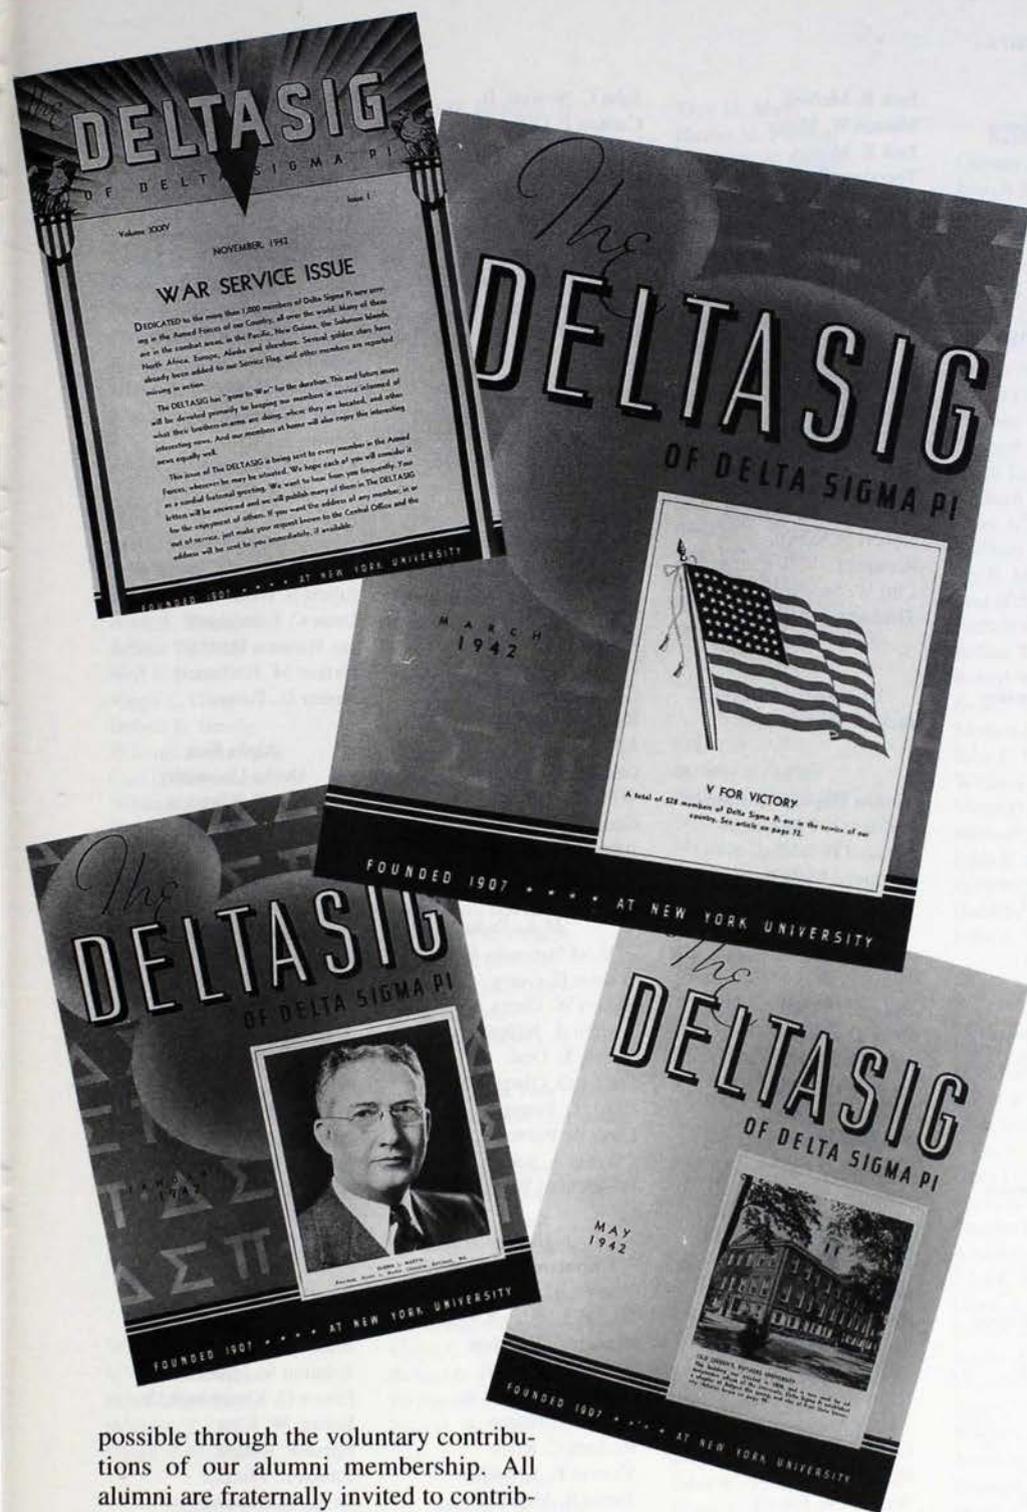

The following members continue on the Grand Council, their terms of office expiring at the next meeting of the Grand Chapter Congress: Past Grand President Eugene D. Milener, Johns Hopkins, of New York, New York, Kenneth B. White, Boston, of Dallas, Texas, and Fred W. Floyd, Pennsylvania, of Philadelphia, Pennsylvania, H. G. Wright, Northwestern, of Chicago, was reappointed Grand Secretary-Treasurer of Delta Sigma Pi by the Grand Council

(Editors Note: The following article was reprinted from the November, 1942 issue of The DELTASIG Magazine. The January, 1943 issue of The DELTASIG Magazine was devoted almost exclusively to the detailed listing of the 1,723 Brothers who at that time had entered the armed services. This was to be the last issue of The DELTASIG Magazine to be published until November of 1946. At the peak of World War II, Delta Sigma Pi operated with only 11 active undergraduate chapters. In total, over 4,000 Brothers served in the armed forces of the United States in World War II.)

possible through the voluntary contributions of our alumni membership. All alumni are fraternally invited to contribute to this War Service Program Fund in order that we may provide the greatest possible services to our brothers in uniform. All contributions should be sent to the War Service Committee in care of the Central Office of the fraternity. We will

tell you more about the progress of this work in future issues of The DELTASIG.

Another unusual and significant action took place at this Grand Council meeting. The Grand Chapter Congress had been

Alumni Notes

Kristine N. Palmer Named First Recipient of PFA Faculty Award of Excellence

Kristine N. Palmer is joined by George Cox, President of the Professional Fraternity Association (l) and Executive Director Michael J. Mazur, Jr.(r).

Kristine N. Palmer, Chapter Advisor for Kappa Nu Chapter at Longwood College was the first recipient of the PFA Faculty Award of Excellence - a new award granted by the Professional Fraternity Association in recognition of outstanding service by advisors to chapters of professional fraternities. The Professional Fraternity Association serves as an inter-organizational body of nearly forty professional fraternities.

Ms. Palmer is an assistant professor of accounting at Longwood College in Farmville, Virginia, where she serves as Faculty Advisor to the Kappa Nu Chapter. A graduate of Longwood College with a BS in Business Administration, Ms. Palmer holds an MBA degree from Virginia Commonwealth University and

is a Certified Public Accountant. In Delta Sigma Pi, she serves as Chair of the Committee on Chapter Advisors and was named the Delta Sigma Pi Chapter Advisor of the Year in both 1988 and 1991.

In considering candidates for the PFA Faculty Award of Excellence, the members of the Executive Committee of Delta Sigma Pi immediately thought of Kris Palmer. She is well known in this Fraternity and as an advisor who gives far more than the minimum to her chapter and to each member she meets. The presentation of this award to Ms. Palmer took place during the Annual Meeting of the Professional Fraternity Association at The Palmer House Hilton Hotel in Chicago, Illinois, in September.

Upgrade to Alamo's Membership Program.

As a member you'll receive special privileges. You can start by using the attached certificate for a free upgrade on your next rental. Plus, you'll receive discounted daily, weekly and weekend rates at every Alamo location in the U.S. and U.K., earn Frequent Flyer credits with major airlines and receive unlimited free mileage on every rental. For reservations or more information call our new Member Reservations Line at 1-800-354-2322 and start enjoying the many benefits of Alamo's Membership Program.

FREE UPGRADE

- Valid for ONE FREE UPGRADE to next car category, subject to availability at time of rental.
- (In the U.S.) Valid from a compact car or above, excluding luxury and specialty cars.
- (In the United Kingdom) Valid on self-drive rentals only from a group B car category or above, excluding group E cars and above.
- Offer is applicable toward Membership Rates only. One certificate per rental accepted; must be presented at the Alamo counter on arrival. Once redeemed, certificate is void. A 24-hour advance reservation is required.
- This certificate and the car rental pursuant to it are subject to Alamo's conditions at the time of rental.
- Offer valid through May 26, 1993 (except 12/19-12/27/92, 2/11-2/13/93 and 4/8-4/10/93).

For reservations call your Professional Travel Agent or call Alamo's Membership Reservations Line at 1-800-354-2322 Request Rate Code BY and use your membership ID number when making reservations.

Alamo features fine General Motors cars like this Chevy Beretta.

Recalls

The Delta Sigma Pi Leadership Fund apologizes for the following errors in its 1991-92 Annual Campaign Honor Roll of Donors. The Brothers whose names appear below were inadvertently omitted from the Giving Level listings.

Richard B. Featherston
Crown & Delta Society

Paul J.P. Garcia
1907 Society

John V. Henik
Chairman's Forum

Elizabeth M. Keith
1907 Society

Frederick C. Lipsey
1907 Society

Thomas A. Moran
1907 Society

Ronald W. Richards
1907 Society

Marc A. Robbins
Crown & Delta Society

Chris E. Robinett
Crown & Delta Society

Additionally, Brothers Russell E. Brown, William R. Leonard, and William E. Wilson were listed under the incorrect chapter. They should have been correctly listed under Gamma Omega Chapter.

Scholarships

The Delta Sigma Pi Educational Foundation, through your generous support of the 1992-93 Annual Campaign of the Delta Sigma Pi Leadership Fund, announces that applications for the following scholarships are now being accepted:

Undergraduate Study Grants for Deltasigs

One-time grants of \$500.00 for undergraduate study in the field of business are available to undergraduate Deltasigs in their freshman, sophomore, junior or senior year. An applicant must be a collegiate Brother of the fraternity in good standing with at least one semester or quarter of college remaining. Grants are based on fraternity service, scholarship and demonstrated financial need.

Graduate Study Grants for Deltasigs

One-time grants of \$1,500 for graduate study are available to Deltasigs who have completed at least 75% of the undergraduate requirements for graduation. An applicant must be a collegiate Brother of the fraternity who has been a member for at least one year, or an alumni Brother in good standing. Applications are sent to all collegiate and alumni chapters, and Deans of Schools of Business.

Headquarters Headlines

Michael J. Mazur, Jr.

Delta Sigma Pi is now eighty-five years old and this milestone event in our history causes me to reflect upon our roots as a benchmark for evaluating our present and looking toward our future. Over the years that I have served as Executive Director, I have come to a greater appreciation of the heritage of our fraternity. There are many Brothers who have come before us who have helped make Delta Sigma Pi the success that it is today. This fraternity has overcome problems similar to many organizations worldwide - war and economic depression. We have also changed over the years to reflect the times and we have even been, at times, progressive rather than reactive in our changes as well.

Delta Sigma Pi was founded in 1907 by four men who shared a common walk from classes to a New York subway station. From their conversations during these walks, the very foundations of Delta Sigma Pi were laid. They wanted a "club" that business students, regardless of economic, social, religious, or ethnic background could belong. These were truly men of commerce as they each held jobs and attended night school at NYU. They understood what it took to run a business and how to survive in the real business world. They also understood and experienced prejudice due to their various back-

grounds - an Italian-American, a Catholic, a Jew, etc.

About eighteen months ago, I had a unique and a special opportunity. After some nine years of attempts to meet either in Oxford or at some other convenient location, Brother Jim Jacobs, son of Founder Harold V. Jacobs and I finally had a chance to meet. I spent a delightful afternoon with Jim and his charming wife, Julia, and he shared many anecdotes about his father. The one item which stuck most with me was a fact which I knew before our visit but, hearing it from the son of one of the founders of our fraternity simply increased the impact. There was a time in the history of Delta Sigma Pi when restrictions on membership were enacted and people with religious or ethnic backgrounds of some of our founders were not permitted to join. Brother Jacobs stayed away from the fraternity that he helped found until these restrictions were lifted. It amazes me that he came back at all!

While this certainly is not a pleasant part of the history of the fraternity, it nonetheless is a part of our heritage. It does illustrate how an organization can stray from its original intent and it provides a lesson to current and future generations.

Our founders came from diverse backgrounds and they wanted an organization that would have a broad-based membership with a high level of commitment. Speaking in a 1957 interview, Founder Harold V. Jacobs told of other organizations on the NYU campus that had an elitist type of membership and how they did not want that in Delta Sigma Pi.

I think that today, Brothers Moysello, Makay, Tienken and Jacobs would be

somewhat surprised but pleased with the membership of Delta Sigma Pi. We are men and women working together for our futures and the futures of those that will come after us. While we have no active chapters outside of the United States, we are truly global in our membership with members from a wide variety of countries actively involved in the operations of our chapters and alumni worldwide. We are a fraternity that cares about people in our communities with a high emphasis on service. We are people who care about each other as evidenced by the enthusiasm evidenced at all of our events; the sharing of the life joys that we celebrate together; the comfort that we receive from Brothers in times of sorrow; and the help, in many ways - big and small, that we give each other. We are a fraternity with a responsive and caring national leadership that listens to the concerns of its members and has adopted policies on Risk Management and Non-Discrimination that make sense in the world in which we live today.

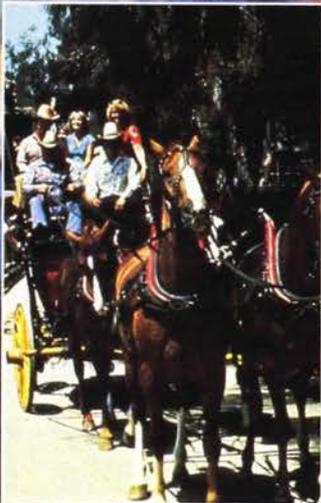

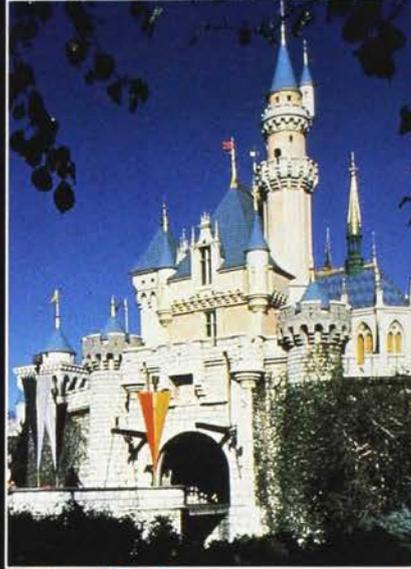

As they intended in 1907, today in Delta Sigma Pi, all who have something worthwhile to contribute are welcome. The ideals of the Four are realized today in many ways on both the "grassroots" and the national levels.

It has been a great eighty-five years with an even greater future.

Faternally,
