Nearly 1,300 Brothers Celebrated Our Centennial Kick-Off Congress in Orlando!

A Record 1260 Brothers Kick-Off Deltasig's Centennial Celebration!

Highlights of the Grand Chapter Congress—August 8–12 in Orlando

Listen up or you'll walk the plank! Past Grand President Kathy Jahnke leads fellow pirates in the Golden Knights Ceremony during the Grand President's Dance. Grand President Mitch Simmons (left) and Western Provincial Vice President Chuck Brown assist in the festivities.

For those of you at the Hilton Walt Disney World Resort in Orlando, thanks for making this Congress an unforgettable one—with record attendance! For those of you unable to attend, make plans now for the 2009 Congress, August 12–16 at the Marriott Crystal Gateway in metro Washington D.C.

Congress got off to a great start Wednesday with a keynote address by the motivated Brad Karsh, from Campuspeak and JobBound, who provided attendees valuable information on resume writing and the hiring process. Following an afternoon of educational sessions, ranging on topics from Ritual to personal finances, 2006 National Collegian of the Year Jason Campbell addressed the attendees. The day ended with the always-popular Grand President's Dance and Golden Knights Ceremony, led by Past Grand President Kathy Jahnke. This year's pirate themed dance was a definite crowd pleaser, with many exceptional costumes!

Thursday kicked-off with the honorary initiation of Oreck Corporation Founder David Oreck. After Brother Oreck's motivational speech, he graciously stayed for photos and autographs—a real treat for those in attendance. Following, was the opening business session, alumni recognition lunch, where many alumni were recognized and honored, and provincial and regional awards presentation. An afternoon treat, fitting for our Centennial celebration, was "Founders' Families: A Personal Legacy," a history presentation featuring Jim Jacobs (son of Founder Harold Valentine Jacobs) and George and Roger Tienken (son and grandson of Founder Henry Albert Tienken). The Grand Chapter legislation sessions resulted in some strong debate. Thanks to Brother Todd Mirell for a wonderful job as Congress chancellor! See page 39 for legislation results.

Friday featured the National Awards lunch program, where many chapters and individuals were rewarded for their achievements (see page 13), followed by a moving and inspirational speech by 2007 National Collegian of the Year Vicki Frantz. Regular Deltasig presenter Brother Tim Augustine gave his popular "Interviewing Techniques" and

Other panelists, not pictured, were Past Grand President Kathy Jahnke, 2001 Lifetime Achievement Honoree Bob Hughes and co-host Golden Council member Rich Garber.

It was a banquet centerpiece that doubled as dessert! Golden Council member Beth Bivona, Buffalo, cut her table's birthday cake after a toast was made by Grand President Mitch Simmons.

New Kid on the Block

A century ago, four complete strangers with one thing in common decided to form a bond that would strengthen their relationship not only in the professional world but with each other for a lifetime. They developed an idea and platform of what we know today as Delta Sigma Pi. Without the courage and dedication of these four brothers, and many others to follow in their footsteps of leadership, I would not have the opportunity to address my brothers today as your new Vice President-Finance.

Over the past 13 years as a brother, I never dreamed of doing what I am doing today. Looking back over the years to my first Grand Chapter Congress in Orlando in 1995, I understood what my role was in Delta Sigma Pi. It was not just for four years, but for life. That Congress I heard from many Fraternity leaders who stressed the welfare and progress of our Fraternity. One consistent message that week was to get involved in leadership roles and give back to Delta Sigma Pi what it has given you.

Involvement after graduation is an important process to the growth of Delta Sigma Pi. After I graduated from Lewis (located 30 minutes southwest of Chicago), I stayed involved locally as an active alumnus at my chapter. Many brothers stay involved with their local chapters, but without your involvement in an alumni chapter it is hard for the leaders of tomorrow to be recognized and used to their fullest potential. I knew I could give more to Delta Sigma Pi and decided to join the Chicago Alumni Chapter. Not long after, I was asked to serve on their board, but I didn't stop there. I stepped up my leadership involvement again by serving as president for four terms. I had the honor of accomplishing many great things in Chicago and working with great brothers

Joe Ward, Lewis, was elected Vice President-Finance at the August Congress and is serving his first term on the National Board of Directors.

that will be future leaders of Delta Sigma Pi.

Toward the end of my presidency, Past Grand President Kathy Jahnke made a comment that stuck with me. She said the leadership qualities I showed on a local level could help the Fraternity as a whole nationally. I'll be honest, I never thought of doing anything other than working at the local level. I felt my role in Delta Sigma Pi was to stay and help my local alumni and regional chapters. I thought about many other brothers and friends that had taken the same path I was considering. I decided it was time I share my ideas at a national level . . . but how? Like many of you, I had no current national exposure with the Board of Directors. I thought of the changes that took place a few years ago. There was a position created that would fit me well, VP-Finance. Not only would I be able to share my knowledge of the business world, but would also be able to share my ideas with the Fraternity.

So what can I bring to the table as the new kid on the board? This position is about representing you, the membership, and understanding the numbers behind the numbers that spell out the future of Delta Sigma Pi. My goals have one focus in mind, the well-being of our Fraternity. I asked you at Congress to "Invest in Me" and elect me your next VP-Finance and now I have the honor of "Investing in You."

As I look back at the changes my fraternal career has taken, I thought to myself what can I tell my fellow brothers about my journey? Well, if I learned one thing it is to never underestimate yourself or your commitment to Delta Sigma Pi. Each one of you was probably in the same boat at one point in your fraternal career. Unsure about joining Delta Sigma Pi, unsure about running for a chapter position, unsure about running for VP-Finance or even unsure about running for Grand President—but believe in yourself and you will succeed. Everyone has to start somewhere and work up the ladder. As it is in the corporate world, it is similar in the fraternal world. Get involved with Delta Sigma Pi!

When I pledged I had a professor, a fellow Deltasig, tell the class if you go through school and don't get involved, you will regret it years later. I have no regrets. I tell you the same thing—get involved in Delta Sigma Pi and stay involved for years to come!

I look forward to meeting many of you over the next two years and look forward to working for you. I am very proud to be a Deltasig!

Fraternally,

Joe Ward

Rider's Harry Gamble Honored with 2007 Deltasig Career Achievement Award

Brother Harry Gamble, *Rider*, was presented Delta Sigma Pi's 2007 Career Achievement Award on June 15. The award ceremony fittingly took place during Rider University's Reunion Weekend on the beautiful campus in Lawrenceville, New Jersey. The university sponsored the event to help honor Harry—a Rider Trustee.

Those gathering to honor Brother Gamble included: Rider President Mordechai Rozanski, who provided a welcome; Business Dean Larry Newman, *Rider*, who presented Gamble career highlights and some Beta Xi history; Golden Council Brother Dean Ferguson, *Georgia State*, who told of Harry's Deltasig involvement; and Executive Director Bill Schilling who presented Brother Gamble with a Golden Helmet Award and the Career Award.

Brother Gamble retired in 1997 from a long and interesting career centered around football. His last position was Coordinator of Football Operations and Club Relations for the National Football League, in which he served as a liaison between the 30 clubs and the NFL officiating department. Other responsibilities included matters involving the competition committee, college scouting, the World League, and youth football development.

Upon appointing Gamble to that position in 1995, NFL Commissioner Paul Tagliabue said, "Harry brings the seasoned and critical perspective of a top club executive, former coach, and member of the competition committee. He knows all facets of the game, and enjoys an outstanding relationship with people at every level of the sport."

Prior to joining the league office, Brother Gamble was the president-chief operating officer of the Philadelphia Eagles from 1986 to March 1995, playing a key role in elevating the Eagles to one of the top organizations in the NFL, both on and off the field. In doing so, he earned the respect of his peers both for his business acumen and patience.

During his tenure as president-chief operating officer, the Eagles returned to their winning ways. Over Gamble's nine seasons in that role, the Birds post-

ed a 79-62-1 regular season record, including five straight winning campaigns from 1988-1992, each of which culminated in 10-or-more wins—a feat matched only by the San Francisco 49ers during the same span—and a berth in the playoffs in four of those years. That string of successful seasons was highlighted by an NFL East division crown in 1988.

Brother Gamble began his rise through the Eagles' organization in 1981 as a member of Coach Dick Vermeil's coaching staff. He then concentrated his efforts in administration in 1983 as an assistant for both the coaching and personnel staffs before being named director of football operations in 1984; and vice president-general manager in 1985. Prior to joining the Eagles, Harry was a head football coach at Lafayette College (1967-1970) and the University of Pennsylvania (1971-1980). In 1972, he was chosen by his peers as the NCAA District One Coach of the Year and by the New York Sportswriters Association as the University Division Eastern Coach of the Year.

During college (1948-52), Brother Gamble was an offensive lineman with the Rider football team. In 1987, he received an honorary Doctor of Laws degree from his alma mater.

Born and raised in Pitman, NJ, Brother Gamble has master's and doctorate degrees in business education from Temple University. He was an offensive lineman at Rider, and then became a player-coach with the 2nd Army Headquarters team at Fort Meade (MD) in 1953. After coaching and teaching in the New Jersey high school ranks from 1954-1961, Gamble became an assistant coach at Penn from 1962-66.

Throughout his career, the personable brother has received much recognition. In 1987, he received an honorary Doctor of Laws degree from Rider. Four years later, he was honored as the Distinguished Citizen of 1990 by the South Jersey Council of the Boy Scouts and received the First and Goal Award from the Philadelphia High School Football All-Star Game for his commitment to the community and to the game itself. He was then honored as the 1992 Professional Sports Executive of the Year by the New Jersey Sports Writers Association. In 1994 Gamble was named Man of the Year by the Archdiocese of Philadelphia's Catholic Youth Organization (CYO) and was also honored by the American Red Cross' Camden County Chapter with their Good Neighbor Award. In May of 1995, he was inducted into the Pennsylvania Sports Hall of Fame. The Deltasig Career Achievement Award is clearly well-deserved among all these accomplishments and honors!

A strong 'believer' in both Delta Sigma Pi and Rider, as he outlined in his moving and heartfelt acceptance remarks, Harry has long appreciated and supported both. In the last decade he has attended and provided motivational and keynotes at a number of Fraternity student gatherings. He is well-remembered for his role at the Leadership Academy in Oxford.

Gamble and his wife, Joan, reside in Haddonfield, NJ. They have two sons, Harry, a landscape designer, and Tom, director of pro personnel for the San Francisco 49ers. An avid hobbyist, Gamble is a licensed private pilot, an owner of thoroughbred race horses, and enjoys gardening and riding his motorcycle.

Several of Harry's Rider brothers from school days attended the event, as did current chapter members, District Director Jason Yourman and Chapter Advisor Alan Wiman, Eastern Regional Vice President Kathy Lazo-Thompson, Golden Council members Walt Brower and Heather Bailey Ferguson, Philadelphia Alumni President Tom Calloway and National Community Service Chair Liz Calloway.

Brother Harry Gamble's passion, enthusiasm and approach toward success provide outstanding examples for all Deltasigs to follow! ▲

2007 Lifetime Achievement Honoree Mark Roberts Shares his Fraternal Journey

“In some respects, it’s difficult for me to express the impact that Delta Sigma Pi and my involvement in it has had upon my life over the past 30 years. Then again, as I look around this room tonight and think about the hundreds of friends I’ve made over the years and through my travels for the Fraternity—many of whom are here tonight—and the incredible energy, excitement, enthusiasm and potential for the future represented by the collegiate members and young alumni that I’m meeting for the first time, I know that my reasons for wanting to be a part of this organization haven’t changed since February 1977.”

And with that moving intro, Brother Mark Roberts, *San Francisco*, in front of 1260 brothers during the Centennial Grand Chapter Congress banquet, accepted the 2007 Lifetime Achievement Award. Mark shared what led him to join Deltasig, “I saw a photo of a group of about 30 fellow students at San Francisco who were wearing shirts and ties but engaged in a definitely social activity. They were having a great time and really enjoying each other’s company. When I learned they were all business majors like me and that they were members of a professional business fraternity, I knew I wanted to join them.”

He also shared how joining the Fraternity led him to meet his wife (Claire Sammon Roberts, *San Francisco State*). “I was initiated in April of 1977, graduated about two years later, and was almost immediately appointed district director (for San Francisco State) by the late and truly great Brother Skip Loomis, *California-Berkeley*. Let me pause to thank Skip again for his trust in my interest and enthusiasm and for appointing me as district director where I met a collegiate member who has had by far the most profound and positive

impact on my life and fraternal career—my wife and brother, Claire.”

In closing, Mark thanked all brothers in attendance. “I look forward to continuing to work together with all my brothers in the future. I was born the year the Fraternity celebrated its golden anniversary and I was privileged to participate in our diamond jubilee 25 years ago. I have many payments still to make to truly earn the Lifetime Achievement Award. It will be my pleasure to keep participating and contributing in the years ahead. But nothing will give me greater pleasure than to see other brothers present here tonight—many of you—being honored with the same recognition in the future. I challenge you to give me the pleasure of being able to

acknowledge and recognize you for your service to the Fraternity during Delta Sigma Pi’s second century.”

Brother Roberts started his Deltasig service as a district director for the Western Region immediately after he graduated in 1979. A year later, he moved to Oxford to work for the Central Office—first serving as a consultant and then as the first director of chapter services. He then went on to serve as a district director on several occasions for many different chapters, as a trustee of the Leadership Foundation (and eventually its second chairman), and as a member of the Fraternity’s Board of Directors and old Executive Committee as the last vice president for alumni benefits and services. He also served as chapter advisor for San Francisco.

Mark, a member of the Golden Council, currently serves on the Centennial Steering Committee and is a Trustee Emeritus of the Leadership Foundation serving as a member of the Major Gifts Committee and was also a recipient of the Anthony Z. Fernandez Distinguished Alumni Service Award.

Professionally, Mark has enjoyed a career in development, currently as development director with Chabot Space & Science Center. The Roberts’ are longtime donors to the Leadership Foundation. Both are members of the 2007 Centennial Society and Centennial Founders of the 10K Club. They have lived in Orinda, California, in the San Francisco Bay Area, for the past 14 years. They have two “very pampered” cats, Bud and Lou, and enjoy travel, wine, Giants baseball and volunteering their time for the Fraternity, Leadership Foundation, their church and other organizations. ▲

COLLEGIANS OF THE YEAR

Congratulations 2007 Collegians of the Year!

Each year, a collegiate member from every chapter who demonstrates what it truly means to be a Deltasig, is chosen as their chapter's Collegian of the Year.

The following criteria, in order of importance, are taken into consideration in the selection of chapter candidates, the regional and provincial winners, and finally the selection of the National Collegian of the Year: Fraternity involvement; attendance at inter-chapter Fraternity events including but not limited to Grand Chapter Congress, LEAD Schools and Provincials, regional initiations, chapter activations, etc.; essay outlining goals if selected as National Collegian of the Year, degree of Leadership exhibited in Delta Sigma Pi; university/community involvement and leadership; scholastic aptitude/GPA; additional essays required by the application and letters of recommendation. Other criteria considered includes, in no particular order: ability to represent the Fraternity on the national Board of Directors, leadership ability, dependability, responsibility, honesty, integrity, and sincerity, moral character, personality and professional attitude.

Regional winners are selected by a committee appointed by the Regional Vice President. One provincial winner is selected by each Provincial Scholastic Development and Awards Committee. The National Scholastic Development and Awards Committee selects the national winner from among them.

Regional Collegian of the Year winners received: a pearl and ruby badge and a \$400 award from the Delta Sigma Pi Leadership Foundation made possible by the Clyde Kitchens/Thoben Elrod and Mr. and Mrs. Sidney A. Sparks Scholarship Funds. Provincial winners, in addition to their regional awards and recognitions, will receive an additional \$500 scholarship (if they enroll in graduate studies within five years after being selected). The national winner also serves as a voting member of Delta Sigma Pi's Board of Directors for a two-year term and becomes eligible for a \$5,000 scholarship from the Foundation's Sparks Fund.

Congratulations 2007 Provincial COYs!

Believe

"Believe deep down in your heart that you're destined to do great things."—Joe Paterno, Penn State football coach

This quote by Joe Paterno, the Penn State football coach for over 40 years, has become a motto that I live by.

I grew up in a working class town where the expectations for students were set extremely low and were epitomized by an assembly held on my first day of high school. The speaker explained that "not everyone is meant for college" and that "there is a need in this world for all types of occupations; not just doctors, lawyers, and business people." While most students were disheartened by this lecture, I was inspired to defeat this sentence of mediocrity. So in order to compensate for the major disadvantage of a non-supportive high school, I pursued excellence with my academics and my extracurricular activities. At the end of my high school career, standing before my counselor with an exemplary grade point average and an impressive amount of extracurricular activities, she recommended I go to community college. Although she didn't believe in me and my abilities, I continued to believe in myself. Placing my counselor's recommendation aside, I knew I possessed the ability to succeed in a four-year university. I applied to a few local colleges as well as The Pennsylvania State University. I had dreamed of going to Penn State since I was a little girl, but I doubted the likelihood of my acceptance there. When I found out I was admitted, I was thrilled because I knew all my hard work had finally paid off.

I have experienced many exciting and rewarding moments over the past four years at Penn State. However, perhaps the best experience of my college career would be my involvement with the Penn State Dance Marathon (THON), through Deltasig. Over the past 35 years, the students who participate in THON have raised more than 46 million dollars and have helped thousands of children and their families fight pediatric cancer. My senior year, I was afforded the opportunity to dance on behalf of our chapter. Dancing for 46 hours for children with cancer was the most amazing experience of my life, but it was by far the most difficult. My inspiration during the whole event was a 4-year-old girl named Sydney, who had been diagnosed with brain cancer two years ago. Her family chose the Alpha Gamma chapter as their sponsor for THON. From the second we heard the news, they were nothing less than family to us. It wasn't until the final hour of THON when I realized what a difference all the dancers were making. We were all joined with our arms inter-locked singing "Somewhere Over the Rainbow" when Sydney's mom looked at our THON dancers with tears in her eyes and said, "If it weren't for you, we don't know how we would have the strength to get through this ordeal." Her words touched me very deeply. I learned an extremely valuable lesson through this emotional experience. When the opportunity arises to help others, you must believe that you can make a difference.

It wasn't until June 14 of this year that I really understood what the THON families were going through. That was the day I received a call from the dermatologist informing me I had been diagnosed with skin cancer. She told me I had a malignant melanoma (the most aggressive form) and it had already progressed to stage 2. I scheduled surgery immediately. I received my test results a few weeks ago. I am truly thankful that the cancer did not spread to any other organs. Even when the battle seems insurmountable, you cannot give up and must not lose hope that everything will work out in the end. You can overcome the most difficult obstacles by believing in yourself and drawing strength from your friends and family.

I hope you will take this quote by Joe Paterno and apply it to your everyday life. I've learned that it takes the passion of one to inspire many. I truly believe you can do anything you set your mind to. I look forward to serving you over the next two years as your 2007 Collegian of the Year. I cannot wait to work with you!

COLLEGIANS OF THE YEAR

Building Fences

Through research and interviews, I have found that people do not like change. However, change is inevitable. Think about all the change that has occurred within our own Fraternity in the past 100 years. Do you think our founding fathers would ever have envisioned Delta Sigma Pi's success, or even the 1260 brothers in attendance in Orlando? Delta Sigma Pi has changed my life . . . and for the better. I have no idea where I would be today without the Fraternity. Through the support of our brothers, myself and others have been able to adapt to change. In fact, Delta is the mathematical symbol for change. We are here to change and impact peoples lives.

Founder Henry Albert Tienken used the following analogy to describe the purpose that Delta Sigma Pi serves: "We are like fence posts, and Delta Sigma Pi is the fence that bonds us all together. Without Delta Sigma Pi, we share no common purpose, have no common bond, but with Delta Sigma Pi we do."

This purpose and foundation have been constant, and will remain constant throughout our history. However, we must continue to work toward the future of our organization through brotherhood and teamwork.

We have taken great steps in the past two years to allow brothers and chapters to work together and collaborate on best practices as well as create open lines of communication. *Deltasig inCircle* is a fantastic networking tool allowing chapters to share their ideas and thoughts throughout all provinces. I encourage all brothers to share your chapters' best practices, instead of duplicating efforts. This will help all chapters learn from one another as well as move forward into the next 100 years. If everyone works a little, no one person or chapter has to work a lot. We are here to support each other and share ideas, to become better, stronger chapters.

Another change that has occurred over the past two years is to our Collegian of the Year program. The Board of Directors recently passed new selection criteria for the award based upon survey feedback. This new criteria is easier to understand, providing for clearer and more concise instructions on how to select the chapter, regional, provincial, and national Collegian of the Year. We have also expanded the application to include a new essay asking the question, "What makes you a leader?" Look for more changes to the Collegian of the Year program as the task force continues to work on improvements.

In closing, let me say it has been the greatest honor of my life to serve as the 2005 National Collegian of the Year. I hope that, at least in a small way, I was able to help bridge the gap between collegiate chapters and the Board of Directors. To the many brothers I had the pleasure to meet over the past two years, I hope you will take what you have learned from the various events and share them with your local chapters. I hope to see all of you very soon. Although my time serving on the Board as Collegian of the Year has passed, I am still going to be involved in Delta Sigma Pi. To those of you who have just graduated, I encourage you to do the same. Until I see you again, remember my phone is always on and my door always open!

Brother Mark Mikelat Provides "50 Tips for Effective Networking"

Brother Mark Mikelat, *Arizona State*, a professional speaker, can now add author to his resume. His book, *50 Tips for Effective Networking* covers networking strategies, relationship building, personal communication, personal image, and event management. "If you need to speak to people to promote your business, your organization, or yourself, you'll benefit from this book," says Mikelat.

50 Tips for Effective Networking is just one piece of Mikelat's "Building Aspirations" program. Using the mantra, "Achieving What You Want for Yourself and Your Life" (also the title of his next book), Brother Mikelat has developed a three-step plan for achieving your aspirations. According to Mikelat, aspirations are your lifeblood, "what you truly and sincerely want for yourself and your life. They are not what you could have, should have, or would have, but simply what you want."

In addition to his Building Aspirations Corporation, Brother Mikelat also provides on-site training for corporations such as Acxiom, Bank of America, Gap.com, Wachovia National Bank, and Mineshare. He has also served as emcee for various events including the Miss Long Beach and Miss Greater Los Angeles USA Pageants. Finally, Mark teaches international business and finance, import/export management, and general business at Long Beach City College.

Brother Mikelat's book *50 Tips For Effective Networking* as well as numerous other Building Aspirations guide books are available at www.buildingaspirations.com.

Bellarmine/Kappa Psi

In August, Bellarmine hosted "Mini DSP Day," held the day before school began, to welcome brothers back to campus. In the spirit of Harry Potter, the event started with the announcement of "houses" (named for each of our Founders) and its residents. A breakout session followed where the goal was to network and come up with trivia questions about each brother to ask the other teams. Then the "houses" reconvened to compete against each other in a trivia game consisting of questions about the history of Deltasig and the submitted trivia questions. The grand prize was a gift certificate for a dinner at a local favorite restaurant.—P. Kime Le

California-Davis/Nu Rho

California-Davis brothers joined hundreds of students and residents in April for Relay For Life, a fundraiser for cancer research. Teams raise money and take turns walking the track. The goal is to keep at least one team member on the track for 24 hours, from 10 a.m. Saturday to 10 a.m. Sunday. According to the event's web site,

the Deltasig team received the most donations, raising over \$5,192.—*Courtesy of The California Aggie Online*

Cornell/Omicron Rho

Two Cornell organizations, the Mutual Investment Club of Cornell (MICC) and the Sustainability Enterprises Association (SEA), joined to launch the Sustainable Investment Challenge (SIC), a creative investment competition. SIC, an interdisciplinary competition, brings the concept of environmental-consciousness in business and industry to college campuses in the form of a hands-on contest. With the slogan "Money Should Be Green," SIC introduces business students to sustainability through awareness of both social and environmental issues and introduces environmentally conscious students to the concepts of investment and business. The pairing came about as the presidents of both organizations are members of Deltasig (MICC—Ariel Tan and SEA—Richard Weidel). "We came together as two members of Delta Sigma Pi wanting to make a difference in the undergraduate business community

through our roles as business leaders on campus," Tan said. "Instead of investing in just any security, we challenge participants to critically think about investor responsibility by analyzing a company not only through its fundamental business operations, but through a holistic approach of its economic, social and environmental impacts to society. If the principles of sustainability and social responsibility are exposed to college students at an early stage, perhaps the future generation of business leaders will be influenced for the better—both in their thoughts and activities. We plan to make this huge, by increasing awareness at campuses across the nation and even other countries, in hopes of influencing the next generation of business leaders to have more socially responsible thought regarding business decisions."—*Courtesy of The Cornell Daily Sun*

Georgia Southern/Epsilon Chi

On June 2, over 80 Georgia Southern brothers came together for a day of food, fun and fellowship. The idea of this first-ever Epsilon Chi Reunion was conceived by Jana James, Lorenzo West and Evette Lovelace—however, many additional brothers helped implement the event. During the reunion, initiation roll-call took place to recognize the oldest (Adrienne

Freeman) and newest (Mistura Onifade) brother in attendance. Plans to attend Congress were discussed and the dean of the College of Business Administration, Brother Shiffler, graciously paid for the registration of two brothers. The event was a huge success and next year's is already being planned. We hope to see many more familiar and new faces in 2008!—*Evette Lovelace*

In the spring, we had Seashols N. Starks come and speak with our chapter on "Positioning You in the New Economy." Seashols gave an entertaining and excellent presentation about varying individual personalities that combine and make up a successful team. Each person's input helps to assure balance and perspective. The speaker brought in different items to associate with each type of individual. The presentation taught us that no matter what team we eventually end up on, we'll recognize what type of team member we are, as well as those around us—all leading to a successful working environment.—*Tamara Cabarris*

Purdue/Kappa Omega

Purdue brothers came up with a unique way to advertise their chapter—a video commercial. Brother Ahmad Bari combined his hobby of videography with marketing ideals to create a video advertisement for

This spring, SAN JOSE STATE brothers competed in Brotherhood Games—chapters from the Bay Area compete for the coveted BroGames Cup while gaining friendships and networking. Participants included San Jose State, Cal State-East Bay, San Francisco State, San Francisco, Santa Clara, California-Berkeley, Cal State-Sacramento and Cal State-Chico. This year, San Francisco State brothers named the cup in honor of Jimmy Yip, Cal State-East Bay, who died earlier this year.

For the second year in a row, brothers from COLORADO-BOULDER participated in the largest volunteer-driven fundraising program for childhood cancer, hosted by the St. Baldrick's Foundation ("Shaving the Way to Conquer Kids' Cancer"). Five brothers volunteered to shave their heads and the chapter raised over \$3,400 for the charity! Visit www.stbaldricks.org to find out how your chapter can get involved. his chapter. "It is my way of combining my interests to benefit the Fraternity," Bari said. The video started out as a promotional tool to be played at Fraternity recruiting events, but was changed to an advertisement played during classes pertaining to business. Feedback to the video was so positive that the chapter plans to continue using video messages to help recruit new members.—*Courtesy of The Exponent Online*

St. Louis/Beta Sigma

Alumni brother John Cook gave a university-wide lecture September 12. Motivated by his desire to give back to Deltasig, Cook spoke on how he was able to build his professional career through honesty, integrity, compassion, and hard work. He advised fellow students to pay attention to opportunities for community service in both the corporate and private sectors. He shared a story on how he exposed

an internal thief while working for local department store Stix, Baer & Fuller. He reported the theft to his superiors, eventually leading to his promotion to an internal auditor. As a result, in 1991 Cook founded his own successful company called The Profit Recovery Group, which thrived on helping companies find and regulate theft or inaccuracies within the financial aspects of the business. He also spoke on his humanitarian efforts (helping children in Nepal) and that empathy is a key point to building a successful leader that can understand and have compassion for his subordinates.—*Courtesy of Associated Content*

Southern California/Phi

The Southern California chapter, along with the USC Marshall School of Business and the USC Viterbi School of Engineering sponsored, "The Business of Gaming Conference" September 28. This event focused on marketing,

finance, licensing, and entrepreneurship in the industry—a job fair also took place. Panelists and speakers included executives from Shiny Entertainment, Naughty Dog, High Moon, Insomniac Games, and other game industry companies.—*Courtesy of www.gamasutra.com.*

Texas A&M-College/Lambda Nu

Lambda Nu brothers held their first-ever golf tournament, April 14, at Pecan Lakes Golf Course in Navasota, benefiting the Candlelighters Children's Cancer Center. We'd like to thank the 60 players who took part in this event. In addition to the golf tournament, we also held a raffle and silent auction—prizes included golf clubs and Houston Astros baseball tickets. Thanks to our participants and volunteers, we raised \$3,000! Plans are already underway for our second tournament, taking place in the spring.—*Corinne Baumgartner*

Share Your Chapter's News!

Here is your chance to share your chapter's activities with the rest of the Fraternity. Send your On Campus News to magazine@dspnet.org for publication in a future issue. You may include a photo. However, digital photos must be high-resolution (300 dpi or higher is required for printing). Also, please provide a detailed caption with your photo.

In April, CINCINNATI brothers hosted a philanthropy golf outing at Neumann Golf Course benefiting Junior Achievement. In addition to the golf scramble, participants enjoyed hole competitions, raffles, and a silent auction where they bid on items ranging from a beach vacation to a Carson Palmer autographed football. Over 75 members of the university and local business communities attended the event, helping raise \$2,600 for Junior Achievement and Delta Sigma Pi. Atlanta

To kick off the Centennial year, we showed up in strength for Grand Chapter Congress with over 30 members in attendance! We networked, participated, helped influence the direction of our great organization and enjoyed the brotherhood that only Congress can provide.

Our first event was the annual Bill Borland picnic where 40 plus members, family and friends enjoyed terrific brotherhood and a wonderful BBQ lunch. We've also had our first monthly dinner meeting and a casual Saturday lunch social event. Our Centennial Celebration at the Vinings Club in Atlanta, November 3, was a night to remember. Reviewing the program, the presentations, the planned menu, our Fraternity history Quiz Show, the Cigar Aficionado initiation and, most importantly, the brotherhood, this was a once-in-a-lifetime event! —Wendy Braxton, Kennesaw State

LOYOLA-NEW ORLEANS alumni (from left) Jason Del Toro, Rachel Hicks, Brandy Harrington, Kelly Covington, and Brent Munster gathered together at the Orpheus Mardi Gras Ball in New Orleans February 19.

Chicago

In September, we had our first ever whirllyball event. With a mix of bumper cars and lacrosse, everyone had a competitive and fun time working in teams. October 6 provided a fun night out at Improv Comedy watching Christian Finnegan. On November 10, in connection with the North Central LEAD School, we hosted our Founders' Day event at the

The ARLINGTON LONE STAR Alumni Chapter celebrated National Alumni Day with a start to a new Mardi Gras tradition. Over 40 brothers from Texas Arlington, Texas Christian, North Texas and alumni from Arlington and Dallas were in attendance. Congratulations Golden Helmet Honorees for 50 years of service!

Past Grand President **Bill Tatum**, *Southern Mississippi*, is the 1992 Lifetime Achievement Award Honoree, a Golden Council Member, and a Trustee Emeritus. His contributions to our Fraternity and Foundation are legendary—yet he continues to visit chapters and assist with their recruiting efforts as well as present recruiting sessions at LEAD events and Congress.

Ben Whisenant, *North Carolina-Chapel Hill*, has been involved for a number of years at local chapter events. His son Todd is also a brother, Golden Council member and former chapter consultant at the Central Office.

Harry Gamble, *Rider*, the 2007 Career Achievement Award Recipient (see page 6), also received a Golden Helmet award in June.

Past Grand President Bill Tatum, Southern Mississippi, an extremely dedicated member of the Fraternity has added a Golden Helmet to his list of achievements. Congratulations, Bill!

Congratulations to Ben Whisenant, North Carolina-Chapel Hill, for his 50 years of fraternal service! Grand President Mitch Simmons presents his Golden Helmet at the Orlando Congress.

Congratulations Silver Helmet Honorees for 25 years of service!

Alan Brunton, *Akron*, is a Golden Council Member, District Director, past Regional Vice President, and active in the Cleveland-Akron Alumni Chapter. He also chairs the Northeastern Professional Development Committee.

Esther DiGiacinto, *Johns Hopkins*, is active in the Baltimore Alumni Chapter and served on its Board for many years. She is an RN and has earned 3 degrees in nursing. She is credited with being a founding charter member of the National Intravenous Therapy Association.

Paul J. P. Garcia, *Southern California*, has served as a District Director, Regional Director, Provincial Vice President and Vice President for Alumni Benefits and Services. He is a Golden Council Member and remains active in the Los Angeles Alumni Chapter and Southern California chapter.

Baltimore Alumni Chapter Member Esther DiGiacinto, Johns Hopkins, is honored with the Silver Helmet Award, presented by Grand President Mitch Simmons.

Joseph Goldblatt, *Texas Christian*, is a Golden Council Member and has most recently served as District Director for the Phoenix-Thunderbird Alumni Chapter. He served 27 years in the military. In the July 2005 issue of *The DELTASIG*, he was featured for his Bone Appetite Bakery and Boutique (better known as a doggie bakery) in Phoenix.

Carlos Hazday, *Miami-Florida*, is a Golden Council member; former Provincial Vice President, Regional Vice President and District Director; and most recently involved in the installation of the Florida International chapter.

(continued on page 22)

James Higgins, *Ball State*, is a Golden Council Member and past Regional Director. Professionally he is a partner with an accounting firm in Indianapolis.

Frederick Karr, *Johns Hopkins*, is active in the Baltimore Alumni Chapter. He is a retired training superintendent for Domino Sugar Refinery.

Marlow Kee, *Missouri-Columbia*, is a Golden Council Member, past Provincial Vice President and past Regional Director. He is chief financial officer for a large international medical technology organization based in Seattle.

Beth Keith, *Bowling Green State*, is a Golden Council Member, past Provincial Vice President and Regional Director. She is president of the Atlanta Alumni Chapter and is a marketing and sales consultant for The Beren Group.

Larry Lunsford, *Truman State*, remains active with the university and his collegiate chapter. He is vice president of finance for Bernstein-Rein Advertising in Kansas City.

Denita Morin, *Georgia State*, is active in the Atlanta Alumni Chapter and currently treasurer of the chapter and a past District Director. She serves as manager, trusts and probate, for the Arthritis Foundation.

DREAM BIG!!

You never know what might happen.

When the Delta Sigma Pi Leadership Foundation announced its intention to raise \$100,000 in celebration of our Centennial Congress, some cautioned our goal was too aggressive and suggested perhaps we should be more realistic. The Leadership Foundation does have aggressive goals, and thanks to the financial contribution of the brothers highlighted on the following pages, we not only met our Congress goal of raising 100k, we surpassed it by 15%!!! This accomplishment is unprecedented in our fraternal history!!!

Thanks to you, the Leadership Foundation is strong. Our total account assets have grown to \$1,448,766, up from \$1,238,240 in 2006, \$1,068,545 in 2005, and \$878,225 in 2004. The list recognizing our cumulative givers appeared in July's Centennial issue. This and other past issues of *The DELTASIG* can be viewed at www.dspnet.org (Publications & Forms).

The Delta Sigma Pi Leadership Foundation now offers more than 70 scholarships and fellowships to brothers annually, as well as grants to some collegiate and alumni chapters for professional and educational development opportunities. These awards total more than \$80,000 each year.

We will continue to dream big. One of our strategic goals is to fully fund all programming (such as LEAD events and Grand Chapter Congress) for each Deltasig by the year 2015. In addition, we intend to help fund capital improvements to the Central Office so that it will continue to serve the Fraternity into our second century.

Will we meet these aggressive goals? Only time will tell. With your continued support, I believe we will.

So I challenge you to dream big. You will be amazed with what we WILL accomplish.

Proud to be a Deltasig!

Fraternally,
Eddie Stephens

2007 Centennial Society Members *Recognizing a Century of Progress*

As part of Delta Sigma Pi's Centennial commemoration, the Fraternity's Board of Directors and the Delta Sigma Pi Leadership Foundation Board of Trustees have created the 2007 Centennial Society. Membership in the Society is limited to those individuals providing \$2,007 in unrestricted gifts between July 1, 2003 and June 30, 2008. Membership will be bestowed to individuals upon reaching \$2,007.

The funds raised through membership in the 2007 Centennial Society will be used to support and secure future educational, leadership and scholarship opportunities for our brotherhood.

Special recognition of Society members will occur at all national and provincial Fraternity events. Additional recognition will be provided through inclusion in *The DELTASIG*, and a final list of all Society members will be on permanent display at the Central Office.

We invite you to provide for our future, honor our past and join the 2007 Centennial Society today!

10K Club Centennial Founders

As of 8/24/2007

The Leadership Foundation Board of Trustees developed the 10K Club to better secure the next 100 years of Delta Sigma Pi. Individuals giving at least \$10,000 in unrestricted gifts to the Leadership Foundation between July 1, 2003 and June 30, 2012, will earn membership in the 10K Club. All gifts that count toward the 2007 Centennial Society also count toward becoming a member of the 10K Club. Those who joined before the Centennial Congress (listed below) are "10K Club Centennial Founders" and will be designated as such.

Grand President's Circle

The Grand President's Circle is open to collegiate members attending a provincial or national event who donate at least \$10 to the Leadership Foundation and commit to serve the Fraternity after graduation. Members also pledge to contribute at least \$10 per year to the Leadership Foundation during their remaining undergraduate years and at least \$50 per year thereafter. During the past year, nearly 250 brothers joined the Grand President's Circle, bringing the total membership to more than 4,600 brothers! To review a complete list of all Grand President's Circle members, visit www.dspnet.org, click on Leadership Foundation, Giving Programs and then Grand President's Circle. You can also visit this site for more information about this program and all programs offered by the Delta Sigma Pi Leadership Foundation.

Endowed/Named Funds for Educational Scholarships and Grants

A gift to establish a named/endowment fund demonstrates your farsighted commitment to the development of future business leaders. An endowment fund is maintained in perpetuity, with a portion of the annual investment return to be used for the charitable purposes you specify. Such an endowment, which typically bears the name of the donor or donors, reflects your interests and serves as an enduring testament to your generosity.

A minimum initial gift of \$2,000 is required to start a fund. The fund is permanently endowed when at least \$20,000 has been contributed within six years.* The fund then begins to generate annual scholarships and/or grants.

A fund may be designated to provide scholarships for members from a particular chapter or group of chapters or based on other criteria. Similarly, a fund may be designated to generate grants for an educational program that has special meaning to the donor.

A Gift Agreement between the donor and the Leadership Foundation sets forth the purpose of the fund and how scholarships or grants will be distributed.

For more details, or to start a named/endowed fund, contact the Leadership Foundation at foundation@dspnet.org or 513-523-1907 x237.

To make a gift toward any of these named/endowment funds, you may give online at www.dspnet.org—just note to which fund you wish to contribute, or call the Leadership Foundation at 513-523-1907 for assistance. Note that gifts restricted to a named/endowment fund do not count toward 2007 Centennial Society/10K Club membership.

*Endowment programs terms as of August 2007. Subject to change.

Living Legacy Society

(as of 10/25/07)

The Living Legacy Society is a planned giving program recognizing those brothers investing in the future in a special way. Through their planned gifts, these brothers help ensure a Delta Sigma Pi legacy of future generations of business leaders. You can join the Living Legacy Society by making a provision in your will or trust, or by naming the Leadership Foundation as a life insurance beneficiary.

The Leadership Foundation salutes the following brothers who have made a special investment in the future by joining the Living Legacy Society. In the case of those brothers marked as deceased, the Foundation already has received a bequest. If you are interested in learning more about the Living Legacy Society and how you can join, please email foundation@dspnet.org or call 513-523-1907.

Double Your \$\$\$!

Over 9,000 corporations and businesses in the United States recognize the need and provide support for scholarship and education through individual matching gift programs. Gifts are often matched at a dollar-for-dollar rate; however, some companies offer programs which double, triple and in some cases quadruple gifts. Check with your company's human resources department for more information and contact the Delta Sigma Pi Leadership Foundation to get your matching gifts underway.

Each year the Leadership Foundation sponsors collegiate brothers to attend the LeaderShape® Institute—an intensive, energizing and unique educational experience designed to develop students' ability to lead with integrity. This year nine brothers made the trip to Allerton, Ill. At the Institute, participants create a "LeaderShape Vision," a project implemented throughout the following year. This year's Deltasig participants decided their vision would be to support Deltasig, as a way to give back.

Spring Bloomed with a Historical Reactivation and Two Installations!

Alpha Chapter at New York Reactivated

In March 2006, a group of students were officially recognized as a colony to reactivate Alpha Chapter at New York University. Their efforts culminated into a successful reactivation April 14, 2007 with 47 students and one faculty member being initiated at the Leonard N. Stern School of Business. The students were largely supported and prepared for their big day by District Director Lesley Ross, *Connecticut*, and Pledge Educator (and Golden Council Member) Wendy Eilers, *Eastern Illinois*.

Following initiation, a banquet to re-install the chapter was held at Sal Anthony's Italian banquet hall in the Little Italy area of Manhattan. Alpha alumni member and then Eastern Regional Vice President Kathy Lazo-Thompson (who served as Mistress of Ceremonies) had been instrumental in gaining university approval for Alpha's return. Grand President Mitch Simmons presented a new charter to Alpha Chapter and recognized each new member. Other special presentations were made by Northeastern Provincial Vice President Onuka Ibe, Executive Director Bill Schilling, and Director of Chapter and Expansion Services Dale Clark.

Students assisting with the ceremony included brothers from Rider and Ohio Dominican. Many other individuals also assisted and supported the event including then Vice President-Finance Joelle Berlat, Vice President-Organizational Development Mark Chiacchiarri, Steel Valley Regional Vice President Wayne Lauer, then National Community Service Chair Liz Calloway, and Golden Council members Velvet Simmons, *Louisiana-Monroe*, and David Hennel, *Bentley*, and members from collegiate and alumni chapters in California, Georgia, New York, Pennsylvania, Florida and Washington, DC.

Deltasig's Alpha Chapter at NYU saw their hopes for reactivation become reality April 14 with 47 students and one faculty member initiated.

New York University is a private university founded in 1831. Today, enrollment is nearly 40,000 students in 14 schools and colleges. The School of Business was founded in 1900 as the School of Commerce, Accounts, and Finance and was named the Leonard N. Stern School in 1988. Delta Sigma Pi began as a Fraternity at NYU in 1907 and is extremely pleased to have reactivated Alpha during its Centennial year!

Omicron Chi Chapter Installed at Frostburg State

April 21 was the installation of Omicron Chi (#262) at Frostburg State University in Frostburg, Maryland (near Cumberland). The colony began in February 2006 following interest meetings to organize in fall 2005. The Dean and Assistant Dean, Danny Arnold, *Louisiana Tech*, and Connie Groer supported the group and helped achieve the goal of full chapter status.

Frostburg State was founded in 1898 as Maryland's second State Normal School

with a two-acre site of land. Today, the university encompasses 260 acres with enrollment of over 4,200 students. While business programs were offered since the early 1970s, The College of Business was officially organized in 1987 and recently became AACSB accredited.

Pledge education was administered by District Director (and Golden Council member) Mickey Johnson, *Shepherd*, and Dean Danny Arnold. At initiation, 32 students and five faculty members became charter members of Omicron Chi. Grand President Mitch Simmons conducted the ceremonies assisted by students from West Virginia and Shepherd. Brother Simmons also presented the chapter charter during a banquet at the Rocky Gap Resort attended by many family members and brothers.

The banquet was emceed by Capital Regional Vice President Frank Hodas and other presentations were made by Northeastern Provincial Vice President Onuka Ibe, Director of Information Services Michael Banks, Vice President-Organizational Development Mark Chiacchiarri, and Director of Chapter and

Expansion Services Dale Clark. Others assisting and supporting the event included Golden Council members Barbara Balcita, *Penn State-Erie*, Corie Schilberg, *Penn State-Erie*, Catherine Merdian, *North Texas*, Clifford 'Sparky' Graves, *Penn State-Erie*, 2006 National Collegian of the Year Jason Campbell, District Director Arnel Balcita, *Penn State-Erie*, and Jennifer Holt, *Johns Hopkins*.

Deltasig's First Northwest Chapter Installed at Washington State

Our first collegiate chapter in the northwest (#263) was installed at Washington State University in Pullman on April 28. A graduate student, Brian Gillespie, began recruiting in 2005 after learning of the Fraternity from Alyse Aldrich, *Northern Arizona*. Grand President Mitch Simmons declared 38 students and four faculty members to be the charter members of Omicron Psi Chapter during initiation and installation ceremonies. Students were pledged with support from the faculty and visits from Western Provincial Vice President Chuck Brown and Director of Chapter and Expansion Services Dale Clark.

The initiation, held at Washington State's College of Business was conducted by a team of Deltasigs including Simmons,

The Fraternity continues to grow with the 262nd chapter installed at Frostburg State University, in Frostburg, Maryland, April 21. Faculty/staff initiates pictured: Carol Gaumer (2nd row, 4th from right), Connie Groer (2nd row, 3rd from right), Shakil Rahman (2nd row, 2nd from right), Paul Lyons (2nd row, far right) and Evan Offstein (3rd row, far right).

Brown, Bay Area Regional Vice President Lisa Brown, Leadership Foundation Trustee Greg Howell, Golden Council members Mark, *San Francisco*, and Claire Roberts, *San Francisco State*, Los Angeles Alumni Chapter members Jim, *Southern*

California, and Rochelle Siegrist, *Cal State-Long Beach*, and Seattle Alumni Chapter members Kelly Baluta, *Drake*, and Deborah Saenz, *New Mexico*.

The chapter charter was granted by Grand President Simmons during a banquet at the University Inn in Moscow, Idaho. Various alumni mentioned assisted with presentations of the chapter gavel, scholarship key plaque, and greetings from other brothers across the land. Kelly Baluta was introduced as the chapter's new district director and colony officers all received recognition for their service. The new chapter looks forward to assisting with other expansion in the great northwest.

Washington State was founded in 1890 as a land-grant institution and first named Washington Agricultural College and School of Science. It has been entrusted with 190,000 acres of land throughout the Pacific Northwest. Enrollment is now over 18,000 students. The College of Business awarded the first business degree in 1940 though business courses have been taught since 1892. The bachelors, masters, and doctoral levels all hold AACSB accreditation. ▲

Many leaders offered their support at these expansion events. To help celebrate the installation of Washington State, the first chapter installed in the northwest, were, among others, Grand President Mitch Simmons (back row, far left) and Western Provincial Vice President Chuck Brown (standing at right).

"I thought this magazine was one of the best yet!" —*Leadership Foundation*
Chairman Eddie Stephens

"Let me commend you on the information-packed recent *DELTASIG*. As a faculty brother and historian, I enjoyed the pictures and the articles, although I must take exception to one article.

The article "What is Delta Sigma Pi Material?" which I realize was written in 1924, I did find objectionable because of the use of the words "men," "man," and "he." I realize that in 1924, women may not have been allowed in Delta Sigma Pi and when "he" does refer to women he does so parenthetically. It would have been nice if there was a preamble written by you, indicating that where reference was made only to the male gender, all Deltasigs be made aware of the important role that female brothers have made over the past many years.

Of course, I do understand women may not have been held in such high esteem or considered Delta Sigma material and I am assuming Deltasig was 99.99% male for many decades, including the decade in which the article was written. Thank God the world has changed and we are sensitive to the successful women Delta Sigma Pi's and the contributions they have made not only to their chapter, but the Fraternity as a whole.

I have been a faculty brother for 28 years and am proud to say I am a Deltasig and pleased that the Fraternity here at Albany has seen fit to honor me with the title "chapter advisor" for many years.

Thank you for allowing me to comment."

Fraternally,
John S. Levato
Assistant Dean-Albany

PS—I was thrilled to see a photograph of Harold "Doc" Cannon in this issue. He left us way too young and was my mentor and friend. I miss him dearly.

"Special thanks to all those who contributed to *The DELTASIG's* 100th Anniversary Centennial Edition! Every once in a while its good to take a break from the regular *Deltasig* news and focus on where we've come from. It was a lot of extra work . . . and it is appreciated! The extra focus on celebrating the Centennial definitely contributed to the record breaking 1,200+ brothers at the 46th Grand

"I regret to inform you that my brother, Emil E. Schuster, *Arizona State*, passed away October 31, 2006. Your 100th anniversary issue has arrived and was full of history Emil would have enjoyed. Your magazine is excellent."

Thank you,
Dorothy Smith

Brothers,

"It was an absolutely great Congress and will be hard to top. You should feel pleased with the results."

Thanks!

A patriotic fife and drum corps from Disney led the 2005-07 Grand Officers into the Centennial kick-off banquet. The corps was followed by a rousing rendition of the National Anthem.

Centennial Grand Chapter Congress (continued from page 3)

“Landing the First Impression” sessions and Past Grand President Mike Mallonee gave his “farewell performance” of the historical series he has coordinated for many years, “The First 100 Years,” featured fellow Past Grand Presidents Randy Hultz and Kathy Jahnke, 2001 Lifetime Achievement Recipient Bob Hughes, Golden Council member Kevin Zachman, Atlanta Alumni Chapter Vice President Donna Zachman and co-host Golden Council member Rich Garber. The night ended with a Pleasure Island/Downtown Disney group outing. Brothers truly took over the area, some even getting the chance to be a part of some comedy club attractions!

Saturday brought the conclusion of the business sessions, where your new leadership team was elected. See page 8 to

Brother Todd Mirell, California-Davis, led the business sessions as Congress chancellor—quite a daunting task and one he excelled at! Corie Schilberg, Penn State-Erie, served as parliamentarian and is also to be applauded for her efforts.

meet those who will lead the Fraternity into its next 100 years! Also, as part of our Centennial history series, brothers were treated to a Past Grand Presidents panel, emceed by Brother Augustine. Then it was time for the official kick-off to our Centennial—the banquet and dance! With a patriotic fife and drum corps leading the 2005-07 Grand Officers into the room, an amazing rendition of “The Star Spangled Banner,” in true Disney style, a performance by Disney’s Brooklyn Skyline, the presentation of the 2007 Lifetime Achievement Award to Brother Mark Roberts (see page 9), an oversized ice sculpture and birthday cake and a toast to 100 years of brotherhood, the evening was a great start to the celebrations yet to come in this Centennial year! ▲

Congratulations to the 2007-09 Board of Directors, elected at Congress! From left: South Central Provincial Vice President Jeff Gallentine, Past Grand President Kathy Jahnke, Northeastern Provincial Vice President Onuka Ibe, Western Provincial Vice President Chuck Brown, Grand President Mitch Simmons, North Central Provincial Vice President Amy Briggs, 2006 Collegian of the Year Jason Campbell, Vice President-Organizational Development Mark Chiacchiari, 2007 Collegian of the Year Vicki Frantz and Southern Provincial Vice President David Ross. Executive Director Bill Schilling and VP-Finance Joe Ward not pictured.

Golden Council member Claire and 2007 Lifetime Achievement Award Honoree Mark Roberts greet new friends Captain Hook and Smee during Wednesday’s pirate-themed Grand President’s Dance.

Select items from the Buzz and Stonie Sutton Archives at the Central Office made their way to Congress. Thanks to Past Grand President Bill Tatum for his assistance and use of his display cases!

While voting is always a part of Congress, the vote for favorite GEICO mascot (gecko vs. caveman) led to some serious division among brothers! GEICO was one of many affinity partners present.

Grand Chapter Legislation:

Bylaw Amendment 1—PASSED—Change Article III, Section 1 to remove “August or September” from GCC timing language. GCC can now be held in July—or any other time the Board chooses, if such need arises.

Bylaw Amendment 2—FAILED—Alumni chapter chartering and franchising requirements will remain unchanged.

Bylaw Amendment 3—PASSED—Clarifies that Article IV, Section 4, allows members to be nominated for Grand Office as long as they reach the 3-year membership requirement by the date of their election or appointment.

Bylaw Amendment 4—FAILED—No changes will be made to the “election of pledges” sections of the Bylaws.

Bylaw Amendment 5—PASSED—Article II, Section 11 will be changed to move the Illinois counties in the St. Louis metro area from the North Central to the South Central Province. Related policy language on regions will also be changed.
