Gamma Psi at Arizona won the National Most Outstanding Chapter award for the second time since 2013. In addition, 51 (fifty one!!) collegians attended Grand Chapter Congress earning them the Kenneth B. White Collegiate Chapter Travel Award for the most "people miles". Outstanding indeed! DD and PGP Mike Mallonee is at top, right. Plus more fond memories from our 50th GCC.

CONTENTS

At Congress, Keynote Speaker Jeff Zych, DePaul, provided insight into what the workplace may look like in 2020 and how to adapt the changes in your work. Zych pulled from experience working with IBM's Watson and Smarter Workforce innovations to encourage brothers to focus on the future and be prepared to enable consumers' information capabilities. GP Onuka Ibe (left) also presented Jeff with his Silver Helmet for 25 years of service as a member, former director and president of Chicago Alumni Chapter, two terms as Great Lakes RVP and VP-Finance on the National Board of Directors.

OUR GRANDEST GRAND CHAPTER— the 50TH CONGRESS — IN DELTA SIGMA PI HISTORY!

Four days of the ultimate Deltasig experience came and went, but these memories will not be forgotten: the victorious Deltasig Knight at Medieval Times—defeating he-who-shall-not-be-named; the Grand President’s Tailgate and Dance with an office chair hockey tournament; Jeff Zych’s inspirational keynote speech “Workplace 2020”; and the honorary initiation of former Global Chief Executive Officer of Deloitte, Barry Salzberg.

GP Onuka Ibe welcomed 1,040 (registered) Deltasigs and guests to the Renaissance Schaumburg Hotel for educational and professional sessions; bylaw-impacting business; awards recognizing outstanding alumni and chapters; some awesome social activities and pure brotherhood in action.

Thanks to all who joined us in Chicago!

CONGRESS HIGHLIGHTS

Our 50th Grand Chapter Congress in Chicago brought members from across the world together to celebrate the end of another great Deltasig biennium. Highlights (in somewhat chronological order) included:

- Educational sessions and roundtable discussions on topics ranging from financial tips to résumé realities to social media and technology.
- The Grand President’s Tailgate and Dance with games and “special guests”: the GEICO gecko and a preview battle between some Medieval Times knights—up close and personal.
- Recognition of donors and contributors to the Leadership Foundation.
- Deltasig-only outing to Medieval Times where the black and white (alumni!) knight defeated all comers in a RAUCOUS good time for all ages.
- Presentations by our National Collegians of the Year Nick Rizzi (2014) and Chad Robinson (2015).
- Election of Regional Vice Presidents and the re-election of GP Onuka Ibe, all sitting Provincial Vice Presidents and a newly elected VP-Finance, Kelly Rabin.
- Presentation of the Lifetime Achievement Award to Tim Gover, *Southern Methodist*.

- The Grand Chapter Congress Banquet, a formal affair that opened with a Grand March by Fraternity leadership, emceed by Gus Allen, *Western Kentucky*, and ended with Conchita Dixon, *Penn State-Erie*, leading the “Rose of Deltasig.”

NEXT UP: NEW ORLEANS! Write down **August 16-20, 2017** and plan to experience firsthand all Congress has to offer. ▲

The South Central Province is excited to welcome brothers to their jazz-filled, cajun-flavored, masquerade city—New Orleans in 2017.

"This was the best experience of my college career thus far, hands down. Thank you for the opportunity! I learned so much and grew literally overnight, it seemed! Words cannot express how appreciative I am to have been able to experience this."

2014 Career Achievement Honoree Theresa Drew and GP Onuka Ibe welcomed National Honorary Initiate Barry Salzberg into Delta Sigma Pi at GCC. Salzberg is the recently retired Global Chief Executive Officer of Deloitte. Following his initiation, Drew, also from Deloitte, led a Q&A session with Salzberg where he shared great personal mantras and expert advice about career and life choices.

Tim Gover, Southern Methodist, was honored as the 2015 Lifetime Achievement honoree at Grand Chapter Congress. PGP Mark Chiacchiari (left) and GP Onuka Ibe (right) presented his award at Saturday's banquet, also attended by fellow Deltasig and "blood" relatives: son Ed, Illinois; brother Bob, Eastern Illinois and granddaughter Lainey, Baylor. Daughter-in-law Bonnie and granddaughter Katie also joined the celebration.

2015 National Collegian of the Year Chad Robinson, St. Cloud State (MN), gives his COY address at the Awards Luncheon. For a list of award winners, see page 12.

All of the PGPs except Bill Kinsella (1989-93) and Dick Parnitzke (1983-85) attended this GCC. Top from left: Bill Tatum (1975-79), Norm Kromberg (1997-01), Onuka Ibe (2013-present), Randy Hultz (1993-97) and John Henik (1985-89). Bottom from left: Mike Mallonee (1979-83), Kathy Jahnke (2001-05) and Mark Chiacchiari (2009-13). Not pictured: Mitch Simmons (2005-09).

The 2013-2015 National Committee Chairs were thanked at the final business session for their service to the Fraternity. From left: Lisa Brown, Scholastic Development & Awards; Paul Carpinella, Professional Development; Becky Gradl, Congress Host; Kris McDaniel, Community Service; Kara Hoover-Lenox, Alumni Development; Burton Bridges, Marketing and Communications; and GP Onuka Ibe. (That's GCC Credentials Chair and PGP Norm Kromberg in the back!)

“Greatest time of my life. Met so many brothers and will not ever miss a GCC if at all possible.”

The Southern Province won the Pop Tab War by donating nearly three times that of the other four provinces combined. In total, 190.6 pounds were donated to Ronald McDonald House Charities. Thank you to all those who volunteered including Heather Lewis, Indiana State, and Sam Shaheen, Akron.

During the Grand President's Tailgate and Dance, the biennial Golden Knights Ceremony was held—with special guests, knights from Medieval Times! PGP Mark Chiacchiari leads the pledge.

(Continued on page 6)

Valerie Martinez, Cal State-Fullerton, and Rechenna Lo, Chapman (CA), pose with chapter "mascots". Martinez is the new National Scholastic Development and Awards Chair.

"One of the best of 12 I've attended."

PGP Mark Chiacchiari and GP Onuka Ibe "bobble headed" to show their approval of another "grand" Grand Chapter Congress.

The inaugural Office Chair Hockey Tournament at the Grand President's Tailgate and Dance was refereed by Amy Briggs, Minnesota State. From left: Marc Robbins, Cincinnati; Briggs; Dean Ferguson and Patrick Murphy, both Georgia State.

Nearly 1,000 Deltasigs filled the Medieval Times arena to watch the black and white knight representing the alumni win the final battle against the knights representing each province.

Some members of the Chicago Alumni Chapter posed before the banquet. They were proud to host GCC in their home city—33 members in total attended!

Thank you to all who attended the Fraternity and Foundation reception, which included live and silent auctions, and donor recognition. From left: Golden Council members Richard Featherston, Dean and Heather Ferguson, and new Leadership Foundation Trustee Larry Mroz.

GP Onuka Ibe presented charters to Gamma Sigma at Maryland-College Park, Sigma Omega at Northeastern (MA), Tau Upsilon at Louisville (KY), and Tau Phi at Jacksonville State (AL). Kristen Lobo, Northeastern (MA), accepted the charter for Sigma Omega Chapter.

Collegiate members from Desert Mountain Region joined together at Medieval Times to cheer on their knight. From left: Ava Mueller, New Mexico; Tory Johannsen, Texas-El Paso; Mark Seaver, New Mexico; Dominic Martinez, New Mexico State; Jorie Weyer, New Mexico; Matthew Ferland and Nicole Pesek, both Northern Arizona.

Former and current Educational Leadership Consultants gathered in Chicago to share stories from their travels while on staff with each other.

Grand Chapter Actions: two amendments passed

Updated bylaws are available online at dsp.org/bylaws.

Bylaw Article XVI, Section 3 was amended to determine the naming of collegiate chapters after Psi Omega—since we were running out of names in our conventional approach! Chapters after Psi Omega will thus be designated with two Greek letters in *reverse alpha order*: Omega Psi, Omega Chi and so on through Omega Alpha; and as Psi Chi, Psi Phi and so on through Psi Alpha; etc.

Bylaw Article XIV Section 5 was amended to allow the Board of Directors to lengthen terms of suspension or probation to match discipline terms given by a university. ▲

New Deltasig Partner: Charles Schwab

Delta Sigma Pi is proud to announce our new partnership with Charles Schwab! For 40 years, The Charles Schwab Corporation has been an advocate for individual investors and the financial professionals who serve them. Schwab is dedicated to hiring top talent for their Financial Consultant Academy; the 18-24 month developmental rotational program prepares individuals for a career as a financial consultant in one of their branches. They are also seeking juniors/rising seniors for the Schwab Intern Academy and will start recruiting in September for summer 2016. Interns have the ability to work in departments such as Technology, Client Services, Finance, and Corporate Functions. To learn more, visit dsp.org/Schwab and see article on page 28. ▲

Farewell to ELC Brooke Crail

During that time she visited more than 30 chapters and helped brothers across the country better understand recruiting, financial management, professional programming, service events and more! We appreciate all you've done for the Fraternity and best of luck in the future, Brooke! ▲

Chapter Management Program Recognition

The Chapter Management Program is divided into three achievement levels: Accredited Chapter, Chapter of Recognition and Chapter of Excellence. The CMP allows chapter members, national leaders and staff to evaluate chapter operations and activities. Chapters are required to submit items to the National Fraternity to achieve each level and are expected to reach the Accredited Chapter level, which includes the minimum standards for every collegiate chapter. If all requirements for Accredited Chapter are completed, the chapter should strive to achieve the second level, Chapter of Recognition, and then the third level, Chapter of Excellence.

Congratulations to the 54 chapters that reached Chapter of Excellence, 83 chapters reaching Chapter of Recognition and 109 that earned the Accredited Chapter in 2014-2015!

EXCELLENCE

A Chapter of Excellence is a chapter that is operationally sound with a well-rounded program focusing on larger scale events and National Fraternity promotion. To earn Chapter of Excellence, a chapter must achieve the Accredited Chapter tier, the Chapter of Recognition tier and complete the required and optional items for the third tier. These are the top performers in Delta Sigma Pi.

Alumni Chapter Recognition Program

The Alumni Chapter Recognition Program was developed in 2013 to encourage alumni chapters to promote leadership, enrich programming, enhance communication with their membership and receive recognition for their efforts. Chapters can be recognized on three levels: Bronze, Silver, and Gold.

The Bronze level has requirements in three categories: chapter events, communications and supporting the Delta Sigma Pi Leadership Foundation. Silver chapters must complete the Bronze level requirements, additional chapter events and communications and fulfill criteria in the Certified Deltasig Leader, collegiate relations and recruitment categories that begin on the second level. Gold chapters will have completed requirements of the Bronze and Silver levels, increased chapter communications, events and CDL training, and the submit a chapter planning and operations report.

Congratulations to the following alumni chapters reaching recognition for 2014-2015!

Planning For Your Future:

If you're about to graduate or have recently graduated, CONGRATULATIONS! It's time to start thinking about retirement.

"Wait, what?"

My first mentor after graduation gave me some great advice that I followed ever since. He told me that *no one ever retires on accident*. Yet when you consider that 25% of Americans have saved less than \$10,000 for retirement, it sure seems like most think they're just going to trip over their retirement one day purely through dumb luck.

About the same time I started my first job and got the sage advice from my mentor, I also heard famed business philosopher Jim Rohn say, "even someone with modest earnings can achieve financial independence by their 30's". To do so, however, requires living your life with a very definite plan of how to save, invest, and pay off debt with your incredible future squarely in your crosshairs.

My plan has always been to have the ability to retire in my mid-40's by reducing debt, keeping monthly expenses low, and creating passive income by investing in real estate. As such, some of my advice may seem VERY aggressive. Adjust your plan accordingly!

I believe *any* financial plan is based on the individual. Please know the following advice is not for everyone, but *anyone* that follows it is sure to have an abundant future and a number of dignified decades in retirement.

The biggest challenge with your first/new job is the amount of money you're making *seems* like a lot until you factor in all of your expenses, debt payments, and lifestyle choices. There is a delicate balance between covering your monthly bills like rent, food and student loans and paying for unplanned expenses, saving for retirement, paying for a wedding/buying a ring, buying a car or a home, and making weekly trips to Target.

In fact, it's downright overwhelming. But, it doesn't have to be.

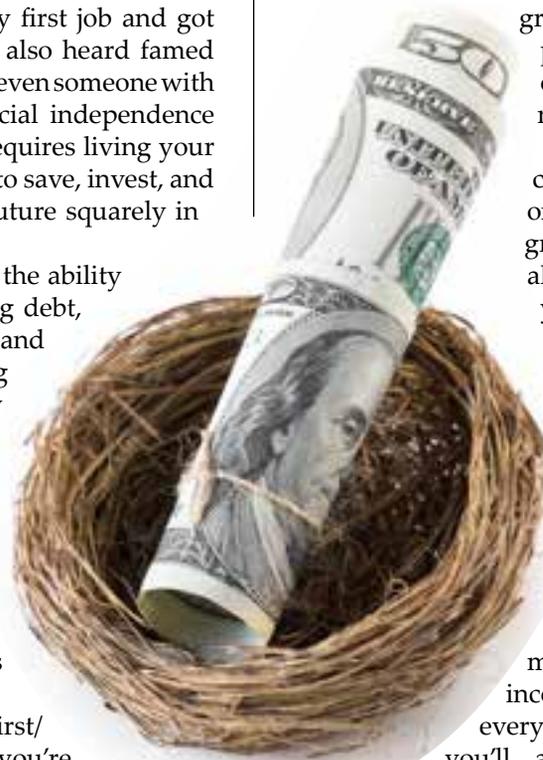

Once gainfully employed, your micro-economy should be fairly simple: just make sure there's **more money at the end of the month** and not more month at the end of the money.

It sounds simple, right? It is if you remember two age-old pieces of wisdom.

The first comes from the book *The Richest Man in Babylon* by George S. Clason. The richest man in the story grew his wealth by following one simple rule: 10% of everything you make is yours to keep. By that he means every time you receive a paycheck, 10% of

How to save for retirement when you get your first job or change jobs

By Adam Carroll,
Phoenix-Thunderbird

that check should be put away for growing your financial future. Most people spend first and save later, only the amount they have to save never amounts to much.

The second piece of wisdom came from my grandfather who once told me that he and my grandmother retired early by always living on the previous year's income. If they received a raise in salary at the beginning of the year, they lived on the budget from the previous year's income. Every extra cent went to increasing their net worth, buying assets, and/or eliminating debt. In essence, the raises they received were not enjoyed until the year after.

As simplified as the advice may be, just by living on last year's income and knowing that 10% of everything you make is yours to keep, you'll achieve financial independence faster than you ever imagined.

Here are the steps to take in the process:

Step #1: Establish an emergency fund. This fund should be at least \$1,000 when you begin your job and should grow to at least \$3,000-5,000 within the first year to 18 months. This money will sit in a money market account, far away from the evil clutches of your ATM and debit card! Consider this money an insurance policy for when/if things go wrong. The single biggest financial challenge for most people is not having anything to fall back on in case of an emergency.

Step #2: Get a short-term disability policy if your employer offers it. Many employers will offer an add-on policy to your benefit package that pays you if you become temporarily disabled. Go ahead and pay a little extra every month for this policy. Yes, I know you're 10 foot tall and bulletproof, but you have insurance for your car, why wouldn't you have it for your ability to

produce income? (If you have it, you may not have to tap into your emergency fund!)

Step #3: Establish your retirement vehicle with your employer. If your employer offers a 401k, make sure you are participating to the full extent that you can. Most employers will match you dollar for dollar up to a certain percentage of your salary. Consider this free money, and you need as much of that as you can get right now!

If your employer doesn't offer a 401k, open a ROTH IRA through an advisor or through a site like **ETrade.com**. The ROTH is simply an investment "bucket" where money is stored. From this bucket you can purchase stocks, bonds, or mutual funds. ETrade has some incredible investor education modules, or you can find someone knowledgeable about investing to find out more. Just know that the ROTH and 401k money is not easily accessible, so this should be considered off-limits until the future.

Step #4: Begin an automatic savings plan for future purchases. We have been brainwashed to believe that if you want something like a couch, a new television, or a new car, then the best way to pay for it is over 12-72 months in easy monthly installments. In reality, the "stuff" you buy should not be put on credit, but instead paid for with cash. The way you do this is by putting a certain amount of your check away each month into a savings account identified for future purchases. My challenge to you is to save \$5,000-10,000 in this account over a few years just to prove to yourself you can—services such as **smartytig.com** may help.

Can't Save?

Perhaps you find yourself in a situation where saving *anything* is a long way off. Modest earnings and ballooning student loan debts have hamstrung more than a few new graduates. The key is to live like a broke college student for a couple more years. Do everything you can to reduce expenses, eliminate debt, and make extra money doing side hustle projects.

Do your best to begin putting just 1% away in your emergency savings fund or your company's 401k. As you get used to the amount, adjust it to 2%, then 3%, and so on until you are at 5%. While you may not have a lot of money on your side, what you do have is time and your money will grow over time. The key is forming the right habits now--the rewards will come soon!

If you want additional ideas on how to minimize expenses and eliminate debt, order *30 Days To \$1K* on Amazon. It's a book I wrote on taking charge of your finances in 30 days or less.

What you should focus on by age bracket:

IN YOUR 20'S

- Do your best to live on last year's income.
- Live strictly according to your budget and adjust your wants accordingly.
- Save (outside of retirement) at least three months' worth of expenses. Ideally raise this to six months in case of job loss or emergency.
- Don't buy an expensive vehicle - you shouldn't be driving around your (depreciating) net worth.
- Save and/or invest at least 10% and ideally 15-20% of your salary (by mid-late 20's).
- Speak with a financial planner about preparing for your future, paying off debt, and investing for the long term.
- Have the crucial money discussions with your spouse or significant other.
- Consider buying a duplex as your first home and collecting rent to offset your mortgage.

IN YOUR 30'S AND BEYOND

- Max out qualified investment vehicles (like ROTH IRA) every year.
- Participate as much as you're able in your 401k.
- Retire ALL debt (student loan, car, credit card, consumer loans). Even better if you do this in your 20's!
- If you own your home, make 1-2 extra payments per year to eliminate added interest expense and pay down the principal.
- While your budget may not be as strict, adhere to a monthly spending limit and discuss financial goals with your spouse or significant other regularly.
- Know it is not how much you make, but how much of what you make you keep! ▲

New Opportunity from New Deltasig Partner

At Charles Schwab, we strive to see through clients' eyes and value making a difference in their lives. We feel this strategy sets us apart from our competitors, earning us recognition as one of Fast Company's 2015 Most Innovative Companies, resulting in significant recent account and asset growth. As we expand our business in order to support our growing client base, we are committed to developing talented professionals who can grow along with us through the Schwab Financial Consultant Academy.

"I see the Financial Consultant Academy as a tremendous opportunity for college graduates. We designed the program to help provide a strong foundation of knowledge and experiences to set participants up for long-term success. Learning the tools of the trade in the Financial Consultant Academy is important, but a financial advisor's job isn't all financial. We're looking for college graduates with the innate ability to develop relationships." Brian McDonald, Senior Vice President of Client Service and Support.

The Opportunity

FC Academy combines experiential learning with a structured career path. The cohort-style learning experience was designed to help build participant knowledge, skills, and abilities as they gain real-world

experience servicing Schwab clients. Along the way, participants receive coaching, mentorship, and access to industry experts to make sure they're equipped to enter the branch network upon program completion. During this immersion participants encounter a mix of formal classroom training, coaching, and experiential learning.

Formal classroom trainings are led by industry professionals and cover subjects ranging from basic stock market knowledge to more advanced subjects such as technical analysis, options trading, and asset allocation. In addition to coaching that participants will receive from their direct supervisor, they'll receive career-specific coaching from a former financial consultant. The "Cohort Coach" brings experience and knowledge in four key areas: wealth management/relationship building, managed investing, financial planning, and portfolio management. Coaching is delivered in group and individual settings. Lastly, it wouldn't be an effective preparatory experience without incorporating our client focus philosophy. Throughout the Academy participants will work directly with clients in roles of increasing responsibility.

The first phase of FC Academy takes place in Client Service & Support, one of Schwab's largest business groups. Participants are immersed on a team of Schwab Financial Service Professionals while still engaging in

weekly learning activities with their cohort. It's during this rotation where participants first help serve clients in an unlicensed capacity- researching client needs, providing education, and contributing support with transactions. Participants learn how to provide world-class service to clients over the phone while building experience that can help prepare them for face-to-face interactions. By developing a strong understanding of our service model, participants will learn how to be better equipped to serve clients once they reach their destination role.

As participants progress, they'll earn the opportunity to take their Series 7 & 66 industry exams. Upon passing of the industry exams, participants will begin developing proficiency in financial planning, asset allocation, and trading while deepening their understanding of the financial markets. With this knowledge, participants begin serving clients as their licensed representative - a position upon which the firm and clients' place their utmost trust. As participants rotate through teams and have new experiences, they'll continue to receive additional coaching and mentorship guidance.

During the second phase of FC Academy, participants will be immersed on a team that will help prepare them to deliver on Schwab's sales model. Outbound calling, creating financial plans, and spending time in a Schwab branch are experiences that can help prepare participants for their destination role. Participants also receive advanced training on subjects such as relationship building, consultative sales practices, and practice management to help them manage their future book of clients.

Upon successful completion of the FC Academy, participants will subsequently transition to one of over 300 Schwab branches nationwide. Participants will have the opportunity to work face to face with clients, putting into use all they have learned to help enable their clients to reach their financial goals.

What are we looking for?

Schwab is looking for a driven, passionate, and motivated individuals that want to join our elite team. Your professional curiosity along with the desire and ability to challenge the status quo are traits we admire. We want to tap into your ability to see through our clients' eyes and to help make a true difference in their financial future.

Tristyn Eames, Financial Consultant in Lone Tree, CO states "The reason I decided to transition to the FC role is to be

Tristyn Eames

able to help clients on a one on one basis. As a FC we get to be involved in client's life and help them achieve the goals and dreams that they want to fulfill. We get to know the clients and continue the relationships throughout the years."

When considering the opportunity, potential applicants should think about their answers to the following questions:

- Am I interested in the financial markets?
- Do I enjoy working with clients to help them achieve their goals?
- Do I enjoy building relationships?

Our Hiring Process**

To ensure Schwab is hiring the best candidates we have a multi-step hiring process which can take anywhere from 4-6 weeks. Interested individuals will be required to complete the online candidate submission form and attach a resume. The candidate submission and resume is then reviewed by a Schwab talent advisor (recruiter). Once the talent advisor reviews the submission, they will then send the candidate two web assessments which the applicant must complete and pass. After the assessments, the next steps are phone and face to face interviews with the talent advisor and hiring manager. Should an offer of employment be extended, the talent advisor will contact you with the hiring information and next available start date. The offer is contingent upon a background check, which will begin once you accept the offer. ▲

*** Candidates must successfully complete each step to advance throughout the hiring process.*

Brothers and Friends,

After another successful Grand Chapter Congress in August, I am once again amazed by the generosity of our brothers! The fantastic interactions with brothers from across the country, extensive training for our members, and the awarding of scholarships to deserving members is an incredible reminder of the impact of the Foundation. It is only through the ongoing gifts from our donors that we are able to sustain these programs and we look forward to future opportunities to support the Fraternity.

Gifts to the Foundation make many things possible. Deltasigs attending Grand Chapter Congress, LEAD Schools and LEAD Provincial Conferences benefit from great professional programming and opportunities to interact with alumni, some of whom end up as mentors or even employers for some. Scholarships are another significant outcome of your gifts. The Foundation wrote dozens of scholarship checks to 2015 Collegians of the Year and 2015 scholarship recipients totaling more than \$80,000. Applications for these scholarships increased and the Foundation's email and snail mail boxes get many thank you notes from brothers who benefit directly from your gifts. I pass those collective "thank yous" to you here. Your dollars make a real difference!

Our newest giving option is the Deltasig For Life Donor (DFLD) program, which was launched in 2013. This giving circle facilitates monthly or quarterly giving by credit/debit card and provides an easy budgeting option for the donor and a steady stream of revenue for the Foundation. During Grand Chapter Congress, we were able to add 52 new DFLD program members and had three donors increase their giving level.

We had the honor of celebrating major milestones with some of our donors at Congress. The Leadership Foundation Trustees and I truly enjoyed the opportunity to thank our donors throughout the week. Our ability to raise more than \$112,000 in the course of one week is truly impressive! I would like to say a special thank you to the volunteers who helped support our various events in Chicago. The individuals who donate their time and talent supporting the Foundation events during Congress also deserve a significant "thank you". Without your efforts and commitment, our success would not be possible!

In the next biennium, the Foundation will be working with the Fraternity to develop our strategic plan and determine how our donors can support those goals. I am looking forward to leading the Foundation in these efforts and engaging our donors in a way that ensures success!

Fraternally,

Katie I. Magoon
Leadership Foundation Chair and President

Double Your \$!

Over 9,000 corporations and businesses in the United States recognize the need and provide support for scholarship and education through individual matching gift programs. Gifts are often matched at a dollar-for-dollar rate; however, some companies offer programs which double, triple and in some cases quadruple gifts. Check with your company's human resources department for more information and contact the Delta Sigma Pi Leadership Foundation to get your matching gifts underway.

Will your company match your gift to the Delta Sigma Pi Leadership Foundation? These companies did in 2014-2015...

As members pool their resources together, they can make a bigger impact. A chapter gift to the Delta Sigma Pi Leadership Foundation not only provides a larger financial benefit to the Fraternity, but also encourages individual giving in the future.

A great way for collegiate and alumni chapter members to show they are proud to be Deltasigs is to get their chapter involved in the Buck\$ 4 Brotherhood program by becoming a Legacy Chapter. The program educates members about the Delta Sigma Pi Leadership Foundation and encourages them to join the Fraternity's tradition of service by helping their chapter build the legacy of Delta Sigma Pi. To participate, chapters collect donations of at least \$1 per brother (or a minimum of \$50 total for an alumni chapter) before December 1 of each calendar year. Donations may come from individual gifts or from the chapter's treasury and should be submitted as a single donation on behalf of the chapter. For more details, visit [dsp.org/B\\$4B](http://dsp.org/B$4B). In 2014, almost \$9,000 was donated by 113 chapters through this program. ▲
