Candidates Edition – Updated 6/16/2017

Nominations Committee Reports Candidates for Grand Offices -- More Needed!

by Past Grand President Mark Chiacchiarì, Chairman

The Nominations Committee, pursuant to Bylaws Article VI, Section 1, reports its activities with respect to submitting a slate of nominees for the 51st Grand Chapter Congress in the *Congress Beacon-Candidates Edition*. In addition to myself as Past Grand President and Chair, the committee is composed of Chuck Brown, Mitch Simmons, Kim Ward, and Kevin Weber. Each of the candidates listed in this report has consented to have his or her name placed in nomination. A review of each candidate's Fraternity experience is included in this *Beacon*.

Please note that along with the nomination form, a "statement of platform" and/or "comments" is requested from candidates for office. This statement provides voters a sense of the goals and views of each candidate. Statements read as submitted by the nominee, with the exception of capitalization and other elements reflecting Delta Sigma Pi styles and preferences. Each candidate is required to certify they have read and understand the Fraternity's Code of Conduct and will abide by it. In addition, each candidate for the office of Provincial or Regional Vice President is required to certify that he or she complies with residency requirements per policy N.3.

All chapters are reminded that nominations will be accepted through Grand Chapter Congress. They may be submitted at any time prior to July 1, and will be published in this document. Nominations prior to Congress are *strongly* encouraged – via www.dsp.org. Campaigning by those nominated by July 1 will begin earlier than floor nominated candidates. Refer to Fraternity Policy *Section M. Grand Chapter Delegates, Credentials and Voting* and *Section N. Nominations, Campaigning and Vacancies* for more details.

Any nominations received after July 1 will be considered floor nominations and will be made from the floor during the Grand Chapter Congress, pursuant to Fraternity Policy Section N. An electronic "Official Nomination Form" must be completed in detail and submitted to the committee before the nomination will be recognized. Floor nominees will have their Nomination Forms posted in an area designated at Congress. The Official Nomination Form is available on www.dsp.org and will be available online during Grand Chapter Congress.

This report will be presented again to the Grand Chapter Congress in August. Please contact Mark Chiacchiarì with any questions at pastgrandpresident@dsp.org.

Delta Sigma Pi should expand our brand beyond college campuses. Our chapters should look for opportunities to partner with their local Chamber of Commerce, as well as making connections with high school organizations that support entrepreneurship and careers in business.

Should I be elected, I will focus on our leadership team, ensuring they have the best tools and training at their disposal. By creating a strong, cohesive team, collegians will have more opportunities to excel. We will then be able to focus on the training and development tracks during LEADs; for collegians and alumni. Silent Auction Committee - Spring 2013

Brief Description of Employment Responsibilities: As the human resources and payroll coordinator for Homeowners Financial Group, my job entails communicating with 365 employees in 13 states to ensure employee relations and financial operations run smoothly. Every day, I partner with hiring managers to write offer agreements and present them to their candidates, often times requiring several meetings to get the offer details correct. Once a candidate accepts, I make sure their on-boarding is a positive and professional experience. Once

on-board, I work with employees on a daily basis to assist with their health benefits, retirement management, work-issues, and overall needs. I maintain our HR software with all employee demographic and compensation data and create various reports for upper management. Every two weeks I help coordinate payroll to make sure everyone is paid correctly and on time. This involves maintaining spreadsheets containing thousands of formulas, using proper communication with employees all over the country, and staying organized to ensure accuracy. I consistently use statistical analysis to understand how to make our processes better and more efficient. Aside from the on-boarding and payroll responsibilities, one of my favorite aspects of the job is participating in our leadership training exercises. We recently held training for everyone in a managerial position, within the company, totaling over sixty people in a two-month period. I helped train our leadership team on topics such as hiring, terminating, performance reviews, interviewing, company culture, organization, communication, and compliance. If elected Regional Vice President of the Desert Mountain Region, I will first and foremost appoint District Directors to each chapter in the region to establish a strong leadership team. My plan is to work through these district directors and use the proper channels of communication to communicate regional initiatives.

After appointing a strong team, it is my goal to have all chapters be recognized as Chapter of Recognition or higher in the two-year term. The CMP serves as a road-map of success for any chapter, and I hope to help each District Director understand and utilize the platform to assist and guide their respective executive committees. I plan to build regional unity through brotherhood days in the beginning of each fall term, and structured regional initiations for each spring. These strong regional events will help promote national events such as LEAD and GCC, where I hope to have high numbers of collegiate and alumni members attend. Finally, as Regional Vice President, I would work closely to promote national fraternity initiatives in the region and ensure the Desert Mountain region is a small but accurate representation of the fraternity at large.

Collegiate Chapter Offices or Responsibilities Held: Vice President of Alumni Relations (Spring 2013). External Ambassador (Fall 2013).

Brief Description of Employment Responsibilities: I work with universities in the West United States to help build their finance curriculum around industry needs. I consult professors on how they can use our educational technology as a course supplement to their syllabus as it fosters experiential learning and applied financial theory. I often attend large scale academic conferences to generate awareness of how our clients incorporate our financial technology in the educational space to better prepare their students for a future career on Wall Street.

Alumni Chapter Offices or Responsibilities Held (include dates): Vice President of Collegiate Relations (2014 - 2015). President (2015 - Present).

Alumni Chapter Affiliation: New York City

National Activities or Responsibilities Held (include dates): Attended GCC 2013. Attended GCC 2015 (Delegate for the NYC Alumni Chapter). Attending GCC 2017.

As VPCR, I attended local collegiate chapter's alumni events, such as Alpha's Meet the Chapter meeting. I also invited the VPARs and VPPAs to the Bloomberg office for an exclusive finance student networking night.

As President, I created a strategic plan to rebuild our alumni chapter with the assistance of my officers. We re-branded and create a new website, hosted our first ever volunteer event, created a bi-monthly area alumni newsletter, established several flagship seasonal events, re-opened our bank account, and am working on seeding the Empire scholarship fund.

Statement of Platform: After a year of serving as the interim Empire RVP, I successfully connected all collegiate chapters in my region and helped them realize that their network is stronger than their own campus. I hosted a regional picnic in Central Park with over 55 brothers from 5 different campuses. The impact of their collaboration was evident at the following LEAD school, as I saw the brothers excited to see familiar faces during our regional meeting.

If I am re-elected as the Empire RVP, my primary goal is to continue to drive engagement across the region and foster an environment for both collegiate and alumni brothers to learn and grow. I plan to continue leading by example and illustrate to the collegiate brothers the many ways to stay involved after graduation.

I also plan to have more professional development opportunities for my DDs (e.g. webinars, workshops, team retreat). I host 1:1 meetings each semester, but it would be a great opportunity for my DDs to discuss challenges they have been having on campus and hear suggestions from peers advising other chapters in a casual setting. I am planning to require that my entire team go through CDL training as well.

I have been a Brother of Delta Sigma Pi since 2005 when our chapter received its charter after being a Colony for less than a year. I, along with other colony members, were inspired to meet our requirements and join this Fraternity. As a collegiate, I was inspired to serve in numerous officer and chair positions to better our chapter. Since my graduation, I was inspired to serve continuously as District Director and on Regional, Provincial, and National Committees.

From the beginning of my Deltasig story to this current chapter that I'm in, there has always been that one driving force for me to be involved, and that is inspiration. Inspiration from Brothers I've met along the way and the collegiate and alumni experiences that make being a Brother so cherished.

I will be the inspiration for the Gulf South Region to be better than we were yesterday: to meet our CMP goals; to be educated; to be prepared; to be financially stable, to grow, and most importantly, to be an inspiration for others.

Since becoming RVP, I have worked to lay the groundwork for a cohesive leadership team once again and to provide our volunteer leaders and chapters the much needed and requested support.

As stated during the recent interim election, it is my ultimate goal as the Regional Vice President to lead with integrity and specifically to re-engage the leadership of this region as a cohesive team and bring the chapters of the region closer once again. With the region's continued support, I want us to host an annual regional conference, in addition to Brotherhood Games and Regional Initiation.

One of those pledges was featured on a Forbes list last year. Thanks to LEAD I visited brand new cities and met people from all walks of life. When I graduated I sat next to my little, who served our chapter as president. A brother recommended me for my first job out of college. A few years later while interviewing for my current role with Citi, I was challenged by a Brother and felt confident I got the job. And even greater-my brothers are still some of my closest friends years after graduation. Serving collegians as DD, or even less officially as a mentor, brings me more satisfaction and joy than having a good day at work. I am not afraid of a difficult conversation or hard work. I only aim to help steer the ship of progress
