Newsletter of the 2021 Grand Chapter Congress

Candidates Edition – Updated 6/7/2021

Nominations Committee Reports Candidates for Grand Offices -- More Needed!

by Past Grand President Onuka Ibe, Chairman

The Nominations Committee, pursuant to Bylaws Article VI, Section 1, reports its activities with respect to submitting a slate of nominees for the 53rd Grand Chapter Congress in the *Congress Beacon-Candidates Edition*. In addition to myself as Past Grand President and Chair, the committee is composed of Kathy Jahnke, Avery Moore, Brittany Salazar, and Darrick Williams. Each of the candidates listed in this report has consented to have their name placed in nomination. A review of each candidate's Fraternity experience is included in this *Beacon*.

Please note that along with the nomination form, a "statement of platform" and/or "comments" is requested from candidates for office. This statement provides voters a sense of the goals and views of each candidate. Statements read as submitted by the nominee, with the exception of capitalization and other elements reflecting Delta Sigma Pi styles and preferences. Each candidate is required to certify they have read and understand the Fraternity's Code of Conduct and will abide by it. In addition, each candidate for the office of Provincial or Regional Vice President is required to certify that they comply with residency requirements per policy P.3.

All chapters are reminded that nominations will be accepted through Grand Chapter Congress. They may be submitted at any time prior to July 1, and will be published in this document. Nominations prior to Congress are *strongly* encouraged – via www.dsp.org. Campaigning by those nominated by July 1 will begin earlier than floor nominated candidates. Refer to Fraternity Policy *Section O. Grand Chapter Delegates, Credentials and Voting* and *Section P. Nominations, Campaigning and Vacancies* for more details.

Any nominations received after July 1 will be considered floor nominations and will be made from the floor during the Grand Chapter Congress, pursuant to Fraternity Policy Section P. An electronic "Official Nomination Form" must be completed in detail and submitted to the committee before the nomination will be recognized. Floor nominees will have their Nomination Forms posted in an area designated at Congress. The Official Nomination Form is available on www.dsp.org and will be available online during Grand Chapter Congress.

This report will be presented again to the Grand Chapter Congress in August. Please contact Onuka Ibe with any questions at pastgrandpresident@dsp.org.

Statement of Platform: Inter-chapter relations have been a highlight throughout my journey with Delta Sigma Pi. Since my first Congress, connecting with chapters nationwide has been instrumental to collaboration, which allows us to accomplish feats we never thought possible—while forming everlasting friendships. That is the magic of DSP.

With such a diverse group of universities throughout the Great Lakes Region, I believe we all benefit by cultivating relationships across our chapters. Each of you has shown resiliency this past year, and while it is vital to continue supporting one other within each chapter, we can further our work together as a region to build brotherhood, partnerships, and professionalism.

My experiences professionally and as a dedicated District Director have primed me well to lead our region through the next biennium. As your Regional Vice President, I will make inter-chapter relations my strategic priority while working toward the following goals:

- Increase collegiate operational efficiencies by sharing best practices and insights
- Create meaningful engagement opportunities for recent Alumni graduates

Statement of Platform: Being RVP over the past decade (especially in this second go around) has provided me with some great opportunity. Overseeing the development of different student leadership, working alongside brothers with passion for our fraternal future, and participating with the Leadership Foundation.

My goals are straight forward:

- Continue to listen to what the chapters in the Gulf Western Region need to make their experience better and more well-rounded. I think we did a great job with putting together the team with the help of both alumni and collegians.
- Work with chapters on their strategic plans to achieve chapter goals and national expectations. This was initially well on the way. Would like to get back on track again.
- Develop and empower a next generation regional leadership team to lead the years to come.

I would still like to change regional committee structures to help chapters with specific critical functions in chapter operations and regional specific leadership events for development. We were well on our way until the pandemic hit... safe to say it stalled everything.

Certified Deltasig Leader Status: Tier 2 training complete.

Statement of Platform: As we begin to see the light at the end of the tunnel that is this global pandemic, we must prepare for the next set of challenges to be faced as chapters return to in-person operation. Some brothers have never seen an in-person initiation ceremony or chapter meeting. Others may be dealing with uneasiness in group settings after a year of solitude. Each brother will be returning to campus with a different level of fraternal experience, an individual set of personal circumstances, and a unique perspective on what our “next normal” should look like. After volunteering in-person for over a decade, and now assisting chapters that are operating virtually, I have experienced both sides, and believe the future is somewhere in-between. The pandemic taught us that much of what we do at the chapter level can be handled virtually and showed us those aspects of in-person fraternal life we missed the most. It is imperative, now more than ever, for fraternity volunteers to lead with compassion, empathy and

understanding, and to pursue innovative solutions to unite us all on a new path forward. I am running for Steel Valley Regional Vice President to help our students chart this new course
