January 8th,  
1923.

To: The President

Subject: Petition from the Seneca Club, Temple University.

From: Member of the Board of Directors.

I vote in favor of the granting of a chapter of Delta Sigma Pi to Temple University, School of Commerce, Philadelphia, Pennsylvania upon the acceptance of the petition of the Seneca Club to be installed as Omega Chapter. My personal knowledge of Temple University is very vague although I have seen the school advertised and have heard from the Regent of the University of Detroit that their requirements are just as rigid as other Universities and therefore see no reason, with the recommendation of Brother Hoyt, why such school should not be admitted among us.

Fraternally yours,

RCS G

January 2, 1923

To: Board of Directors;

Subject: Petition from the Seneca Club, Temple University.

I am handing you herewith copy of the petition received from the Seneca Club of Temple University, Philadelphia, Pennsylvania, together with the historical record of each petitioner, a report from Brothers Edgar and Makay and the approval of the Chairman of the Extension Committee, Brother Hoyt.

The writer has been negotiating with the Seneca Club for a couple of months and the latter part of November, appointed Brother Edgar, a member of the Board of Directors, as Chairman of a Committee the members of which he was to select himself, to make a trip of investigation to Philadelphia. He selected Brother Makay, also a member of the Board of Directors and one of the founders of the fraternity, to make this trip with him, which trip they made on December 16th. The Seneca Club held an informal meeting in the afternoon, a banquet in the evening and a formal meeting afterwards.

About the same time, I had been corresponding with Dean Johnson of the Wharton School of Commerce, Accounts and Finance of the University of Pennsylvania, also situated in Philadelphia. I had Brothers Edgar and Makay interview Dean Johnson at the same time.

The reports of Brothers Edgar and Makay, I think, is very complete. It covers the situation thoroughly and I am most heartily in favor of granting a chapter to Temple University and accepting the petition of the Seneca Club. As you will see from this report, they have likened the situation to that existing at New York, in relation to New York and Columbia Universities, and here in Chicago, in connection with Northwestern and Chicago Universities. Columbus, Wharton and Chicago are all wealthy universities with many influential collegiate fraternities in existant, drawing their membership from all schools. While they have fairly large schools of commerce, they specialize to a great extent in graduate work, and while there would be considerable prestige for Delta Sigma Pi to be able to include these schools on our chapter roll and it is hoped that sometime in the years to come although not very soon, this will be possible, it is evident that the group of men comprising the Seneca Club will develop into equally as strong a chapter at Temple as Alpha is at New York and Beta is at Northwestern, proportionately speaking.

Temple University was founded in 1884 and is one of the largest institutions in the country, having in 1921 over 8100 students and the registration in the School of Commerce is approximately three thousand. It is not very well known in the West but their scholastic requirements are of the very highest and they offer both courses in the day and the evening.

Their curriculum is very complete including 16 courses in Accounting, 5 in Advertising and Modern Sales Management, 7 in Commercial Law, 6 in Economics, 18 in English, 5 in Finance, 6 in Foreign Trade, 5 in French, 4 in German, 15 in History, 3 in Insurance, 10 in Journalism, 5 in Marketing, 5 in Mathematics, 6 in Organization and Management, 4 in Political Science, 4 in Sociology, 4 in Spanish and 3 in Transportation. Their courses lead to a degree of Bachelor of Science in Commerce (B.S.C.) and to receive this degree, one must have completed 128 semester credits, 4 of which are in Physical education. A High School education is required.

I most heartily approve the acceptance of the petition of the Seneca Club and I ask that you indicate your approval of (1) the granting of a chapter of Delta Sigma Pi to Temple University School of Commerce, Philadelphia, Pennsylvania, and (2) the acceptance of the petition of the Seneca Club to be installed as our Omega Chapter. (In this connection, I might state that the Wisconsin petition was received first and that group will be installed before this group can be installed and they will therefore receive preference on the Greek letter Psi which is ahead of Omega.)

Fraternally yours,

*W. L. Wright*

Mr. H. G. Wright,  
1100 Majestic Bldg.,  
Chicago, Ill.

Dear Sir:

I am sending you a report of our investigation trip to Philadelphia, December 16th, including the Seneca Club Petition, and five complete copies of the individual histories of its members. Mr. Book was kind enough to comply with my request to have the extra copies typed to facilitate distribution to the Board of Directors.

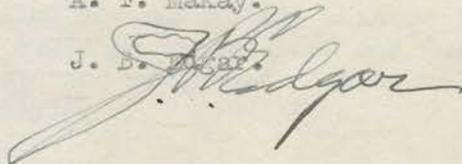

Please send Mr. Book a mimeographed copy of our constitution as requested in his letter of December 21st which I am enclosing. You will also note that we will be assured the support of the faculty if we grant the Seneca Club a charter.

Substantiating the final report, Brother Makay and I strongly recommend that the Seneca Club be granted a charter as a Chapter of our fraternity. Although Makay will write you direct to that effect, we urge that their petition be accepted inasmuch as a letter was received from Mr. William Scanlon, President of the Wharton School Association, stating that Dean Johnson disapproved of the establishment of a Chapter in the Wharton School.

Fraternally yours,

A. F. Makay.

P.S. I am mailing carbon copies of the individual histories to Makay together with a copy of the report for his files.

REPORT ON INVESTIGATION OF SENECA CLUB  
OF TEMPLE UNIVERSITY.

Philadelphia, Pa.

PURPOSE AND HISTORY:

The Seneca Club was founded in 1919 by a group of day students in the School of Commerce of Temple University for the purpose of promoting social life in the school and to stimulate interest and study of business. Of the original founders of the Club, six members are still in school and actively engaged in carrying out its purpose.

PERSONNEL:

The Club membership at present is comprised of twenty one active members, each one a factor in school affairs. The attached statement covering each member's history, scholastic rating and activities engaged in will substantiate the above statement.

Included among the present active members of the Seneca Club is Professor Cochran who acts as Faculty adviser. Prof. Cochran attends all Club meetings and also has passed on the scholastic standing and personal characteristics of every member of the Club and will continue to approve all proposed members in the future. This exacting method of selecting members is responsible for the present high standard of the Club's members and typifies the sound principles on which the club is conducted.

It will be noticed that the Club is comprised of an unusually mature body of men, their ages averaging twenty five years or over. They impressed us as being sound thinkers, and exceedingly earnest workers. Our opinions were confirmed by Prof. Cochran's report on each member. These men go into whatever they attempt whole-heartedly, whether in the interests of the school or their own organization. They give full support to all school affairs voluntarily.

FUTURE OUTLOOK FOR A CHAPTER IN TEMPLE UNIVERSITY:

1.-Unity of Purpose of Seneca Club:

The members of the Seneca Club are absolutely sincere in their motive in petitioning us and as far as could be ascertained our fundamental purposes are alike. We are convinced that they would work incessantly to uphold our ideals and further our interests.

2- Faculty Support:

The motive of the Seneca Club members in petitioning us for the privilege to operate as a chapter is genuine. They do not have to be sold on the merits

Several influential members of the faculty of Temple University who know of our organization, apparently through Dr. Galloway, sanction without reservation their affiliation with us, recommended that they petition us. Dr. Dunham and Prof. Cochran may be numbered among those who have boosted Delta Sigma Pi of their own volition. These men and other professors and department heads will gladly accept membership in the chapter at Temple University if we grant a charter to the Seneca Club.

THE PHILADELPHIA SITUATION:

We find ourselves in the rather delicate position of having to make our selection between the two universities in Philadelphia as a place to establish a Chapter. If Temple University was the only school in the city, our recommendation would be for granting the Seneca Club a charter without further consideration. However, there is no denying the desirability from the standpoint of public opinion of establishing a Chapter at the University of Pennsylvania. Comparatively speaking, you have covered the essential feature of the Wharton School when you mention the prestige of the latter over Temple. It would not be possible to organize and develop in the University of Pennsylvania, a group with the same serious intent and capabilities as the petitioning group at Temple. A professional fraternity, we were told by Dean Johnson, <sup>Wharton School</sup> would compete directly with the collegiate or general fraternity and would have to draw its membership from members of the latter. In Temple, there are no general fraternities.

As we see it, the Philadelphia situation is analagous to the situation in both New York City, with respect to Columbia University and New York University, and in Chicago with respect to the University of Chicago and Northwestern University. Knowing conditions as we do in the four above mentioned institutions, there is little doubt as to which we would select for extension purposes if we were entering these two cities anew.

The University of Pennsylvania can be compared to Columbu's and Chicago University insofar as the possibilities of future development of a professional fraternity in competition with social Greek letter societies are concerned; insofar as the ultimate good our fraternity would accomplish in a "rich man's school" - typified in University of Pennsylvania, Columbia and Chicago, <sup>there is no</sup> comparison in what we are accomplishing and can accomplish in a "poor man's school" as exemplified in Temple, New York and Northwestern. In short, if we grant a charter to the Seneca Club, Delta Sigma Pi will be an important factor in Temple University, while the part we would play in the Wharton School of the University of Pennsylvania is questionable.

Respectfully submitted,

*W. Edgar*  
*A. F. McKay*

TEMPLE UNIVERSITY  
PHILADELPHIA

1815 N. 18th Street,  
Philadelphia, Pa.,  
December 21, 1922.

Mr. J. Bulford Edgar,  
Retail Research Association,  
225 Fifth Ave., New York.

My dear Mr. Edgar:

As promised on Saturday, I am sending by registered mail today, six copies of the information you requested concerning each member of our club, and also a copy of Dr. Conwell's "Acres of Diamonds" which we hope you will accept with the compliments of the club.

Regarding the copy of our constitution to which the petition refers, I believe you said that you would send us the constitution of Delta Sigma Pi, and Mr. Cochran suggested that we wait for this and use it as a model for revising ours. We assure you that this will be ratified promptly and a copy forwarded to you if this will be satisfactory.

At a meeting last evening of the Faculty Council, we were assured the support of the Dean and the school authorities and their permission for a chapter of Delta Sigma Pi at Temple University was formally granted.

I hope that you enjoyed your short stay with us and am sorry that Mr. Mackay could not stay longer, as we might have arranged more enjoyable entertainment. The boys of the Seneca Club join me in wishing you, the remaining officers and members of Delta Sigma Pi a very Merry Christmas and a Happy and Prosperous New Year.

Very truly yours,

Leon J. Book

December 20th, 1922.

From: Seneca Club of Temple University.

To: Officers and Members of the International Fraternity of  
Delta Sigma Pi.

Subject: Application for affiliation.

Gentlemen:

We, the undersigned students of commerce, members of the Seneca Club of Temple University, Philadelphia, Pa., respectfully submit this, our petition, that you install us as a Chapter of your honorable fraternity at Temple University, and in so doing, promise that we will conform to all your requirements and customs and will preserve forever the principles of your fraternity.

You will find a copy of our Constitution and a history of each member of our club with this petition, thereby affording you an opportunity to see what are our principles and interests, also the activities engaged in by our members.

It is our earnest belief that a Chapter of Delta Sigma Pi at Temple University will be an asset of the School and a great benefit to the under-graduate body, and we pledge ourselves to build an organization which will be in harmony with your traditions.

We trust that our petition may receive favorable consideration and we thank you for courtesies and considerations shown us to date, believe us to be

Respectfully yours,

SENECA CLUB.

INTERNATIONAL

FRATERNITY OF

DELTA SIGMA PI

1100 Majestic Building  
Chicago, Illinois.

January 2, 1923

To: Board of Directors;

Subject: Petition from the Seneca Club, Temple University.

I am handing you herewith copy of the petition received from the Seneca Club of Temple University, Philadelphia, Pennsylvania, together with the historical record of each petitioner, a report from Brothers Edger and Mekey and the approval of the Chairman of the Extension Committee, Brother Hoyt.

The writer has been negotiating with the Seneca Club for a couple of months and the latter part of November, appointed Brother Edger, a member of the Board of Directors, as Chairman of a Committee the members of which he was to select himself, to make a trip of investigation to Philadelphia. He selected Brother Mekey, also a member of the Board of Directors and one of the founders of the fraternity, to make this trip with him, which trip they made on December 16th. The Seneca Club held an informal meeting in the afternoon, a banquet in the evening and a formal meeting afterwards.

About the same time, I had been corresponding with Dean Johnson of the Wharton School of Commerce, Accounts and Finance of the University of Pennsylvania, also situated in Philadelphia. I had Brothers Edger and Mekey interview Dean Johnson at the same time.

The report of Brothers Edger and Mekey, I think, is very complete. It covers the situation thoroughly and I am most heartily in favor of granting a chapter to Temple University and accepting the petition of the Seneca Club. As you will see from this report, they have likened the situation to that existing at New York, in relation to New York and Columbia Universities, and here in Chicago, in connection with Northwestern and Chicago Universities. Columbus, Wharton and Chicago are all wealthy universities with many influential collegiate fraternities in existence, drawing their membership from all schools. While they have fairly large schools of commerce, they specialize to a great extent in graduate work, and while there would be considerable prestige for Delta Sigma Pi to be able to include these schools on our chapter roll and it is hoped that sometime in the years to come although not very soon, this will be possible, it is evident that the group of men comprising the Seneca Club will develop into equally as strong a chapter at Temple as Alpha is at New York and Beta is at Northwestern, proportionately speaking.

Temple University was founded in 1884 and is one of the largest institutions in the country, having in 1921 over 8100 students and the registration in the School of Commerce is approximately three thousand. It is not very well known in the West but their scholastic requirements are of the very highest and they offer both courses in the day and the evening.

Their curriculum is very complete including 16 courses in Accounting, 5 in Advertising and Modern Sales Management, 7 in Commercial Law, 6 in Economics, 18 in English, 5 in Finance, 6 in Foreign Trade, 5 in French, 4 in German, 15 in History, 3 in Insurance, 10 in Journalism, 5 in Marketing, 5 in Mathematics, 6 in Organization and Management, 4 in Political Science, 4 in Sociology, 4 in Spanish and 3 in Transportation. Their courses lead to a degree of Bachelor of Science in Commerce (B.S.C.) and to receive this degree, one must have completed 128 semester credits, 4 of which are in Physical education. A High School education is required.

I most heartily approve the acceptance of the petition of the Seneca Club and I ask that you indicate your approval of (1) the granting of a chapter of Delta Sigma Pi to Temple University School of Commerce, Philadelphia, Pennsylvania, and (2) the acceptance of the petition of the Seneca Club to be installed as our Omega Chapter. (In this connection, I might state that the Wisconsin petition was received first and that group will be installed before this group can be installed and they will therefore receive preference on the Greek letter Psi which is ahead of Omega.)

Fraternally yours,

President

To: Board of Directors.

Subject: Petition from the Seneca Club, Temple University.

Dear Brothers:

As Chairmen of the Extension Committee, I recommend the granting of a charter to Temple University, School of Commerce, Philadelphia, Pennsylvania and the acceptance of the petition of the Seneca Club as submitted herewith.

It is my belief that Temple University with its 3000 School of Commerce students will be a very fertile field for the development of a strong chapter of Delta Sigma Pi.

You will notice from the reports submitted that Brothers Edger and Makay have investigated the Seneca Club very carefully and have reported most favorably.

Fraternally yours,

*Earle R. Hoyt*

Chairmen, Extension Committee.
