Resume of the Chi Delta Mu Fraternity

From 1926 until 1928 the Chi Delta Mu Fraternity operated as a DeMolay Club, and in December 1928, the name of this Club was changed to Chi Delta Mu Fraternity. As a freaternity the numbers increased to such an extent that we were forced to establish a new residence whereby a larger number could be accommodated.

Since the organization of the fraternity, we have initiated approximately one hundred and twenty members. The average number initiated per year is approximately twenty-two members. The scholastic standing of this fraternity has been of an outstanding nature ever since it has been operating as a fraternity. In 1933 the fraternity failed by a one half point margin to carry out the scholarship award offered by the school for the first time to a fraternity or sorority group making the highest scholastic average. This prize will be offered annually in the future. Previous to this year we have had the highest average of all groups and clubs and fraternities and sororities in the years of 1930-1932. The average percentage of the entire fraternity at the present time is 88.09 per cent.

At last years graduation eight Chi Delt men graduated with honors. We expect to repeat this feat in the coming year. One of the members had the honor of graduating with Summa Cum Laude,--The highest honor awarded to any graduate of Rider College.

While the members of the fraternity have been outstanding in scholastic ability they have not neglected their social and athletic activity of the school. In 1930-1931 the basketball championship was won, in 1932-1933 the track championship of Rider College was won, In 1932 the baseball championship of Rider College was won. The members of the fraternity hold offices in the various athletic activities.

This includes, captaincy of varsity track team both indoor and outdoor in 1932-1933. Members of the fraternity hold varsity position on each of the major athletic teams of the College.

Our expansion has been very rapid and has continued to be on the increase ever since the beginning. At the present time we have members in all of the school activities. This includes the dramatic club, forum club, the presidency of the Interfraternity Council and the Concertmaster of the Rider Symphony Orchestra. Three members of the Chi Delta Mu Fraternity belong to the Skull and Sabre Honor Society of Rider College.

The Financial condition of the Fraternity has always been excellent, and the future looks even more bright than the past.

At the present time there are sixteen members at the house, and eight members who are not. Our house will comfortably accommodate twenty eight members, but we can provide for thirty-three.

The fraternity does not own its own home, but the conditions surrounding the rental of the home are unusual in that the rental is unusually low, and at sometime in the future this property will be donated to the fraternity.

We present to you a copy of the constitution herewith for your perusal.

DELTA SIGMA PI
CHAPTER FINANCIAL STATEMENTS

of X Δ M Chapter

at the close of business on March 1, 1934

This report must be filed with The Central Office no later than _____

INSTRUCTIONS TO THE CHAPTER TREASURER

The Treasurer of each chapter of Delta Sigma Pi is required to prepare the necessary figures for the financial statements contained in this report, and file same with The Central Office within thirty (30) days after the close of each college semester or quarter, and at any other time as may be required by the *Grand Secretary-Treasurer*. Failure to file this report properly filled out within the prescribed time subjects the chapter to a fine of \$5 for each month's delay in filing.

First of all you should bring all your entries up to date, post them, then close your books, take off a trial balance and see that your accounts are in perfect balance. Reconcile your checking account and see that the balance as shown by your bank statement, after making allowance for checks outstanding, agrees with the balance as shown in Account Number 1. Then prepare the necessary Balance Sheet (Schedule I) and Statement of Income and Expenditures (Schedule II) as required by this report. Unless your TOTAL ASSETS agree with your TOTAL LIABILITIES your books are NOT in balance. The difference between your TOTAL INCOME and your TOTAL EXPENDITURES indicates your profit or loss for the period. There are plenty of extra lines for the listing by name and account number, all accounts you may have that are not specifically designated in the Standard Accounting System by name and number.

It is essentially important that the analysis of your Accounts Receivable (Schedule III) be filled out in detail, showing the amount owed to your chapter by each member. If, for instance, your report is being prepared as of January 31st, all January charges remaining unpaid on January 31st should be listed in Column 3 (less than 30 days old); all December charges remaining unpaid on January 31st should be listed in Column 2 (30-60 days old) and charges made in November or prior thereto, and still unpaid on January 31st, should be listed in Column 1. The total of all items listed in Columns 1, 2 and 3 should agree with the total amount listed in Column 4, which is simply a total of the other three columns. If you cannot list the names of all your members in the space provided in Schedule III, attach a separate sheet to this report ruled in the same manner as Schedule III.

Extra copies of this financial report are sent to you for the purpose of making copies for your chapter files or chapter officers. Only ONE copy of this report should be filed with The Central Office. This form is prepared so that it will fit any standard three ring binder. Please complete this report and file it within the time limit as indicated at the top of this page, and thus avoid a fine for delay in filing.

The CENTRAL OFFICE of DELTA SIGMA PI

I hereby certify that the following statements reflect the true and accurate financial condition of our chapter as of the date indicated.

(Signed) John D Fitzharris
Chapter Treasurer

History of
RIDER COLLEGE

Rider College was organized in 1865 as the Rider Business College and it operated under this plan until 1893 when it consolidated with Stewart College. In 1901 it combined with the Moore Business School with the name of Rider-Moore-Stewart School. In 1914, the name was changed to Rider College. The new charter from the State of New Jersey in 1914 showed the purpose of the school as follows:

- a. To maintain and operate a school or schools for the training of youths in academic, commercial, and technical branches of General Education.
- b. To establish and maintain a library or libraries and to furnish the same with books, reviews, magazines, newspapers and other publications which will enlarge the library facilities of Rider College. This is now being erected. It will include new laboratories for scientific study and research.

The College has an average enrollment of 1400 to 1600 students of which about 50% are co-eds. The portion of the male students furnish splendid fraternity material. There are six active fraternities on the campus who maintain houses. These fraternities have an average membership of twenty five men. There are also six sororities who maintain houses and who have a membership approximating that of the fraternities.

The location of the College is near the heart of Trenton, at the corner of State and Carrol streets, opposite the newly constructed post-office.

The departments of the College in which degrees are granted are:--

Accounting

Business Administration

Journalism

Secretarial Science

Education (School of Education)

Liberal Arts

In 1927, the state Board of Education granted permission to Rider College to grant degrees in Commerce. In 1930, the same board granted permission to also grant degrees in Education.

A new Library is being erected. This building will include laboratories for scientific study and research. The Carnegie library foundation has supported this project.

Rider has a bright future and will without question remain one of the leading educational institutions in the state of New Jersey.

Gentlemen:

I have been requested to write a short letter of recommendation for the Chi Delta Mu Fraternity of Rider College. Because of the high esteem in which the young men of this fraternity are held, it gives me great pleasure, indeed, to forward this recommendation to you.

As faculty adviser to the Interfraternity Council, I have had ample opportunity to observe the work of the officers and personnel of this fraternity. They have always dispatched their duties with an exactness and promptness that has served them well in the administration of the affairs of their own fraternity. The scholastic standing is above the average and comparable to the rating of the best students in the school.

Chi Delta Mu Fraternity has always demonstrated its willingness to cooperate at all times for any progressive movement pertaining to scholastic work, athletic or extra-curricula activities. They have always met their obligations promptly and are in an excellent financial condition.

I commend them to you without any mental reservation whatsoever.

Yours truly,

Adviser to the Interfraternity Council

Gentlemen:

The Chi Delta Mu Fraternity, Rider College, Trenton, New Jersey, has asked me to write you a letter relative to its record, reputation and status in general at the college and in the local community.

For about three years, while head of the department of Business Administration at the college, I served as Faculty Adviser to the Interfraternity Council. In this connection it was my privilege to become actively connected with much of the student organization and to become intimately acquainted with the character and habits of each of the individual bodies.

The Chi Delta Mu Fraternity has for several years demonstrated its willingness and capacity to operate conservatively and with good effect upon the college and the personnel of its membership. It has uniformly chosen men of unquestioned standing morally, scholastically and socially. It has certainly contributed beyond its ordinary share to the various important student activities. Furthermore it is my opinion that a most imposing group of its alumni holds unusual distinction in its progress after graduation.

It is my opinion that the chapter is worthy of your most earnest consideration, and I am happy to offer you this evidence of my personal regard for both the present active members and many of their predecessors.

Very truly yours,
William J. Cheyney

Gentlemen:

It is with pleasure that I write you a few words concerning the Chi Delta Mu Fraternity of Rider College.

I have watched the growth of this organization since its inception in 1928. The men selected for membership in this Fraternity have always been from our best students. Mentally, physically and financially the men selected have caused the growth of the Fraternity. This organization has always met its obligations and at the present time is financially sound. They have no outstanding obligations, but the Treasurer reports a cash balance.

I sincerely believe that this membership would be a valuable addition to any National Fraternity.

Sincerely yours,

Joseph W. Seay

Gentlemen:

I have been requested by the Chi Delta Mu Fraternity of Rider College to write to you regarding their status at this institution.

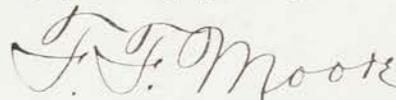

It is with pleasure that I recommend this organization to you. The membership of this fraternity is highly selected and is composed of the best students in college.

Since the organization of the DeMolay Club in 1926 and then the change to the present organization, the work of this fraternity has been carried forward on a sound financial and scholastic basis.

The members of this fraternity have been unusually active in athletic and scholastic affairs and have the respect of the entire student body.

It is without any reservation whatsoever that I commend them to you.
