TO THE GRAND COUNCIL OF THE INTERNATIONAL
FRATERNITY OF DELTA SIGMA PI

Gentlemen:

We, the undersigned Brothers of Eta Delta Fraternity, hereby earnestly petition for a charter to establish a chapter of the International Fraternity of Delta Sigma Pi on the campus of Eastern Michigan University, Ypsilanti, Michigan.

Eta Delta was formed exclusively for the purpose of affiliation with Delta Sigma Pi Professional Fraternity. The present aims, purposes, and requirements reflected in our Constitution and By-Laws were patterned after and are commensurate with the same high ideals of Delta Sigma Pi.

In pursuit of this affiliation, the Brothers of Eta Delta Fraternity pledge to uphold the rules and regulations as set forth in the Constitution and By-Laws of the International Fraternity of Delta Sigma Pi, and further to carry out its traditions and programs.

Witness our signatures:

William C. Duncan
President

Richard A. Weaver

Gentlemen:

It is a pleasure to recommend the Eta Delta
fraternity as a new member of the Delta Sigma Pi
growing brotherhood. I know that the men and
faculty advisors have worked diligently and long
for your approval and commendation.

Letters of Recommendation

I was personally quite pleased to learn that
the fraternal group of 30 members attained a 2.72
last semester and a cumulative 2.74 over-all.

Sincerely,

Russell L. Ogden
Professor of Business

Office of the Dean

March 27, 1969

Mr. Charles Farrar, Executive Director
International Fraternity of
Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Dear Mr. Farrar:

As the administrative head of the College of Business at this university, it gives me great pleasure to recommend that Eta Delta Fraternity be granted a charter for membership in your international organization.

Eta Delta Fraternity is a very unique organization. Its membership includes many mature, married men who have demonstrated exceptional initiative, leadership and determination. Included in its thirty active members are some of the finest scholars within the college. To the best of my knowledge each man presents the personal attributes of which we can be proud.

During the short time Eta Delta has been in existence, its members have formed strong and enduring fraternal bonds. Almost the entire membership will be in school for another year, thus the professional programs and activities launched this year will gain fruition without the usual lag resulting from graduation of fine leadership.

I have had the pleasure of learning to know personally some of the men of Eta Delta Fraternity and have been proud to have them within the College of Business. It is without hesitation that I recommend approval of their petition for affiliation with Delta Sigma Pi Fraternity.

Sincerely yours,

E. A. Roth, Dean
College of Business

The Grand Council
International Fraternity of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Dear Sirs:

I am very pleased that Eta Delta Business Fraternity at Eastern Michigan University is seeking affiliation with Delta Sigma Pi International Fraternity.

It has been evident for some time that there is a need for another business fraternity at Eastern Michigan. Alpha Kappa Psi, the only current business fraternity for men at EMU, is a highly competent organization. However, the quantity of highly qualified men seeking careers in business grows larger each year as our College of Business grows. Thus, there is a need for fraternal affiliation for these men, which I believe Delta Sigma Pi will effectively provide.

Eta Delta was granted organizational status on March 18, 1969, by the Student Senate, upon recommendation from the Co-Curricular Committee.

The membership of Eta Delta, which comprises 30 men, has a cumulative academic average of 2.74, and 2.72 for the 1968-69 Fall Semester, both of which are higher than the average for men students at Eastern Michigan.

The Grand Council,
Delta Sigma Pi

-2-

March 26, 1969

Again, I wish to express my pleasure that the men of Eta Delta are seeking affiliation with the Delta Sigma Pi International Fraternity. I heartily endorse their request.

Sincerely,

Donald A. Kleinsmith

Donald A. Kleinsmith

The Grand Council of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio

Gentlemen:

As chairman of the Department of General Business, I believe that a local chapter of Delta Sigma Pi will make a significant contribution to the professional development of the students of the College of Business at Eastern Michigan University.

A chapter of Alpha Kappa Psi has been active for several years, but I believe the current and projected enrollments in the College fully justify the formation of a second professional business fraternity.

As faculty advisor of Alpha Kappa Psi for several years, including the transition period from a local business fraternity to its affiliation with the National Chapter, I am cognizant of the need for and the problems of another fraternity. I believe that a second fraternity will be mutually beneficial to both groups, and I strongly endorse the formation of a local chapter of Delta Sigma Pi.

Sincerely yours,

W. Oscar Collins

The Grand Council
International Fraternity of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Gentlemen:

May I add my support to the request of Eta Delta fraternity that they be given national affiliation with Delta Sigma Pi. Although it has not been my privilege to be closely associated with the members of Eta Delta thus far, I have been most favorably impressed in the contacts which have been made, including their presentation to the College of Business Advisory Committee requesting recognition.

I think the College is large enough to support two business fraternities, and also believe some healthy competition will be good for both groups. I especially like the approach of Eta Delta in encouraging scholarship and believe this will foster professionalism in the fraternity.

It is hoped you will give favorable consideration to their petition.

Sincerely,

A handwritten signature in cursive script, appearing to read "Claude I. Shell".

Gentlemen:

The members of Eta Delta professional business fraternity, Eastern Michigan University, are fine young men; worthy of recognition and acceptance into the International Fraternity of Delta Sigma Pi. Having worked with them closely since their orientation meeting last November, I have been favorably impressed with their academic and leadership abilities, professional attitudes, sense of direction, and overall perspective.

This semester they have planned and are carrying out a program of professional meetings, getting to know each other and working together toward common goals. They are a dependable, cohesive group, preparing to meet the challenges of today's business world.

Because I am confident they will be an honor to the fraternity, the school, and themselves, I recommend acceptance of their petition for membership and chartering of the local chapter.

Sincerely yours,

Leland Brown

Gentlemen:

I am pleased to write this letter of recommendation on behalf of Eta Delta Fraternity at Eastern Michigan University, Ypsilanti.

In fact, I recently had the pleasure of meeting and talking with the 30 active members on a business subject and they are a fine group of young men with serious personal achievement goals. Many of them asked perceptive questions after my presentation.

It is my judgment and opinion that Eta Delta would make an excellent addition to the proud tradition and ranks of Delta Sigma Pi.

To the Grand Council:

This letter constitutes a recommendation for the Eta Delta Fraternity at Eastern Michigan University of Ypsilanti, Michigan. The organization has been a commercial account customer of our University Branch for the past several months and has been very business-like in its bank transactions.

They appear to be a Fraternity of fine young men from our University who would be an asset to your organization. Their affiliation with you would also fit into the general trend of growth and excellence at Eastern Michigan University.

Yours very truly,

Eastern Michigan University

A History of Eastern Michigan University

Eastern Michigan University was founded by the state legislature in 1849 to educate teachers for public schools. It was the first normal college west of Albany, New York. In recent years Eastern has become a multi-purpose university with accredited and respected degrees in many areas of the liberal arts, social and natural sciences, business, and pre-professional programs.

Eastern also has the distinction of establishing one of the first Student Union Buildings, McKenny Union, which provides dining and recreational facilities for students, faculty and staff, and guests. It also provides meeting and conference rooms, food catering facilities, the bookstore, 12 bowling lanes, a billiard room, and a ballroom.

History

On June 1, 1859, the college became Eastern Michigan University, containing three colleges -- Arts and Sciences, Education and the Graduate School. The College of Business was created in 1964 and is presently housed in Booth Hall.

Enrollment at Eastern has increased from 3,900 students in 1955 to 5,100 in 1960. The greatest student growth, however, has been from 5,900 in 1962 to its present 12,000, almost tripling its student body in seven years.

It also provides meeting and conference rooms, food catering facilities, the bookstore, 12 bowling lanes, a billiard room, and a ballroom.

On June 1, 1959, the college became Eastern Michigan University, containing three colleges -- Arts and Sciences, Education and the Graduate School. The College of Business was created in 1964 and is presently housed in Boone Hall.

Enrollment at Eastern has increased from 3,400 students in 1955 to 5,100 in 1960. The greatest student growth, however, has been from 5,900 in 1962 to its present 17,000, almost tripling its student body in seven years.

Current Facts About Eastern Michigan University

Eastern's 217-acre main campus battles with nearly 17,000 students. Buildings needed to provide for this student body are transforming Eastern's campus. New construction, in excess of \$16 million, is now underway. Included in this new construction are: 145 married student housing apartments, a six-story Physical Science building, and an athletic complex consisting of a 25,000 seat football stadium, track and field facilities, and a 2,500 seat baseball stadium. Also, the seven-story Pray-Harrod classroom building, which upon completion in June, 1969, will be the largest classroom building in the State of Michigan is capable of holding 5,000 students at one time. It will house the Departments of English Language and Literature, History and Social Sciences and the College of Business. Another complex of buildings are on the drawing boards, with the University's five-year plan for capital improvements reaching \$30 million.

Current Facts

The estimate of enrollment for Eastern in 1970 is 20,000 students. The University's development plan is based on an anticipated enrollment of 25,000 by 1980, but this figure could be reached by the mid-1970's.

Profound changes are occurring simultaneously at EMU -- both the more obvious physical growth and the less obvious conversion from a teacher's college to a university, with all the enlargement in scope that this implies. Already in the ten years in which Eastern Michigan has been a university,

Profound changes are occurring simultaneously at EMU -- both the more obvious physical growth and the less obvious conversion from a teacher's college to a university, with all the enlargement in scope that this implies. Already in the ten years in which Eastern Michigan has been a university,

more than 30 percent of EMU's students are in non-teaching curricula. This is reflected in new degrees being granted, the most recent of which is a bachelor's degree in fine arts, the seventh bachelor's degree offered. Other bachelor's degrees are in arts, science, art education, business education, business administration, and music education. Master's degrees are offered in arts, science, and business administration.

Under the dynamic leadership of Dr. Harold E. Sponberg, president of Eastern since July, 1965, Eastern has moved into a new era of excellence, in which the stated policy of the University is to make "E" stand at once for Eastern and for Excellence.

The Campus

The Campus

The Water Tower

Located at the intersection of Cross Street and
Washington Avenue, this tower has long been a landmark of
Ypsilanti and the EMU campus. It is still in use today as
a reserve water supply for the city of Ypsilanti.

The Water Tower

Located at the intersection of Cross Street and Washtenaw Avenue, this tower has long been a landmark of Ypsilanti and the EMU campus. It is still in use today as a reserve water supply for the city of Ypsilanti.

The Administration Building

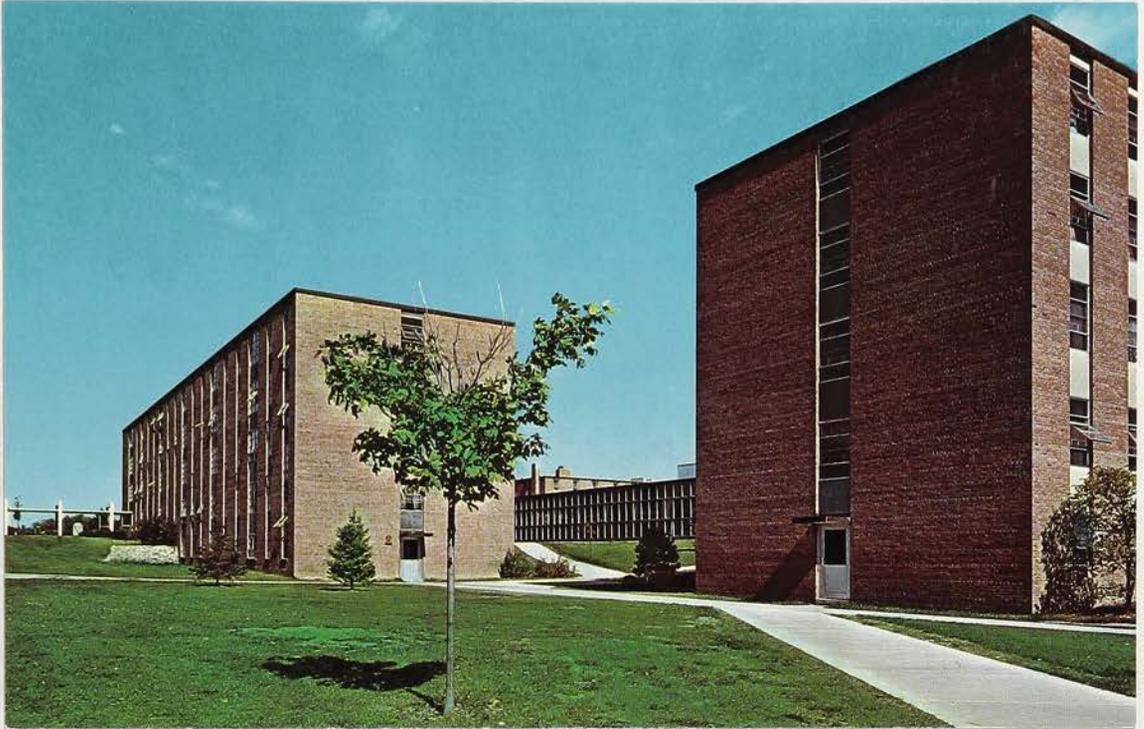

John D. Pierce Hall

This structure has a unique feature of being one of the most economically built facilities, per square foot, of any college building in the country. It houses the administrative offices plus the Department of Education and general classroom space. The bell tower chimes are heard throughout the campus and the community.

Strong Physical Science Building

This structure has a unique feature of being one of the most economically built facilities, per square foot, of any college building in the country. It houses the Departments of Physics, Chemistry, Mathematics, and Geography.

Daniel L. Quinn Dining Commons Building

The center building houses the dining commons number 1 for 4 dormitories, Buell, Downing, Wise and Best Halls. Food services and off-campus housing and on-campus housing offices are located here also.

amatic and speech activities. The University FM radio station, WHUT, has broadcast facilities in this building.

Daniel L. Quirk Dramatic Arts Building

This building, dedicated in January, 1959, contains an instructional theater seating 381. It is also equipped with radio facilities, an outdoor amphitheater, and classrooms and offices housing dramatic and speech activities. The University FM radio station, WHUR, has broadcast facilities in this building.

Joseph E. Warner Physical Education Building

Dedicated on September 29, 1964, this physical education building houses a swimming pool of Olympic proportions, 3 large gymnasiums, locker facilities for 3,000 students, 4 general purpose classrooms, a lecture hall, 2 seminar rooms, and 3 handball courts. Many intra-fraternity basketball, handball, and water polo events are held here each semester.

College of Business

The origin of the College of Business at EWU may be traced back to 1913 when life certificates in commerce were awarded to teachers. In the 1929-30 academic year, two distinct curricula began to emerge -- Business Administration and Commercial Education. The Department of Business Education was formed in 1947-48 with majors first established in accounting and secretarial studies. By 1950-51 two bachelor's degrees were offered -- a Bachelor of Science Degree with Teacher's Certificate and a Bachelor of Science Degree in Business Administration. Majors in the Business Administration curriculum were expanded in 1955 to encompass the areas of Accounting, Marketing, General Business, and Secretarial. The department now became known as the Department of Business Studies. In 1961-62 the department name was again changed to the Department of Business.

Program

The College of Business was established in July, 1964, and has for its major responsibility the provision of educational programs of a professional nature for those persons who contemplate careers in business and public administration or as business teachers in our educational systems; the development of in-service professional training for those individuals presently employed in those fields; and the performance of such related public service and research activities as required.

To carry out its College of Business has established both graduate and undergraduate curricula leading to the bachel

The origin of the College of Business at EMU may be traced back to 1913 when life certificates in commerce were awarded to teachers. To carry out its mission the college has established both graduate and undergraduate curricula leading to the bachelor of business administration and the bachelor of business education degrees and the master of business administration and the master of business education degrees respectively. The educational programs have been accredited by the North Central Association of Colleges and Universities. The college holds membership in the Assembly of the American Association of Collegiate Schools of Business and in the National Business Education Association.

The College of Business presently located in Boone Hall will be moved to the new seven-story Pray-Harrold classroom building in summer of 1969. This move will increase our present classroom facilities one and one-half times. Plans are now underway for a separate College of Business building in five years.

Eta Delta Fraternity

Eta Delta Fraternity

HISTORY OF DELTA SIGMA PI FRATERNITY

On November 11, 1968, an informal information-orientation meeting was held in Blackboard Hall to determine whether or not there was sufficient interest and enthusiasm among the students in the College of Business for organizing a professional business fraternity. Previously letters had been mailed to selected would-be qualified members, and over fifty students indicated their interest by their presence. At this meeting the objectives of Delta Sigma Pi were discussed, a history of professional fraternities presented, and general topics discussed relating to the group. Out of this meeting almost all of the students present signed up that they were interested in pursuing organizing further, and a steering committee was formed consisting of: **History** Duncan, Charles Gilmer, Gary Hart, Joseph Hance, James Jendil, Robert Knoks, Gregory Locker, Jeffrey Manroe, Artis Noel, Bradford Riedle, and Richard Weaver.

For the next three weeks the steering committee and Professor Leland Brown (temporary advisor and member of Delta Sigma Pi) met regularly to prepare by-laws and plans for organizing a local business professional fraternity with the possibility of applying for Delta Sigma Pi membership in the Spring semester 1969.

The steering committee elected three temporary officers to serve until officers were elected for the Spring semester:

1. Richard Weaver, President
2. Joseph Hance, Secretary
3. William Duncan, Treasurer

HISTORY OF ETA DELTA FRATERNITY

On November 11, 1968, an informal information-orientation meeting was held in Starkweather Hall to determine whether or not there was sufficient interest and enthusiasm among the students in the College of Business for organizing a professional business fraternity. Previously letters had been mailed to selected would-be qualified members, and over fifty students indicated their interest by their presence. At this meeting the objectives of Delta Sigma Pi were discussed, a history of professional fraternities presented, and general topics discussed relating to the group. Out of this meeting almost all of the students present signed up that they were interested in pursuing organizing further, and a steering committee was formed consisting of: William Duncan, Charles Gilmer, Gary Hart, Joseph Honce, James Jeindl, Robert Knoke, Gregory Lockey, Jeffrey Munroe, Artis Noel, Bradford Riedle, and Richard Weaver.

For the next three weeks the steering committee and Professor Leland Brown (temporary advisor and member of Delta Sigma Pi) met regularly to prepare by-laws and plans for organizing a local business professional fraternity with the possibility of applying for Delta Sigma Pi membership in the Spring semester 1969.

The steering committee elected three temporary officers to serve until officers were elected for the Spring semester:

1. Richard Weaver, President
2. Joseph Honce, Secretary
3. William Duncan, Treasurer

Furthermore, the steering committee planned a series of three organizational meetings which were carried out. On December 11, 1968, presentation of fraternity objectives, officers' duties, and professional programs were discussed. By-laws were adopted at this meeting.

Initiation fees and dues were collected at the second general meeting, held Wednesday, January 8, 1969. Active membership in Eta Delta Fraternity became set at thirty. Afterwards, an open house was held by Professor Brown for all fraternity members. Mr. Tom Hall, District Director of Delta Sigma Pi, and one of his fraternity brothers, Mr. Jurdzinski, also attended this social gathering.

At the third general meeting, held Wednesday, January 22, 1969, the following officers were elected for the Spring semester 1969:

President: William Duncan

Senior Vice-President: Richard Weaver

Vice-President: Jeffrey Munroe

Secretary: Joseph Honce

Treasurer: Robert Knoke

Historian: Thom Sharp

Chancellor: Gary Hart

Fraternity Advisor: Leland Brown

Subsequently, committees were appointed and began their duties.

Beginning in the Spring semester 1969, a program of professional meetings, informal social gatherings, and regular business meetings has been held. To date the program has

consisted of two professional speakers, a fund-raising car wash, and a bowling party.

Of course, much time and effort have gone into preparing the petition for approval and in training preparatory for becoming charter members of Delta Sigma Pi in May, 1969.

Steering Committee

Steering Committee

One of many business meetings of Eta Delta Fraternity.

Fund-raising project of Eta Delta Fraternity. The members finished the day wet but happy on an occasion which fostered brotherhood.

Aims and Purposes of Delta Sigma Pi at Eastern Michigan University

1. To petition for and establish a chapter of the International Fraternity of Delta Sigma Pi on the campus of Eastern Michigan University.
2. To encourage scholarship among the members.
3. To promote the study of business at Eastern Michigan University.
4. To promote closer affiliation between the commercial world and the students of business.
5. To further develop higher standards of commercial ethics and culture, and the civic and commercial welfare of EMU and the community.
