A PETITION TO

THE

INTERNATIONAL FRATERNITY OF

DELTA SIGMA PI

The group was formed by students in the College of Business Administration who hoped to broaden their horizons through professional programs. With this idea we hope to better our campus and the community of Valparaiso, Indiana surrounding it. We set our standards high, as does Delta Sigma Pi, and are constantly working to meet them.

The honor of being accepted as a charter of Delta Sigma Pi would be of mutual benefit to all concerned. It would provide the vigor and high standards of Delta Sigma Pi, and it is the hope of Delta Sigma Pi could enable us to reach out to the world outside our community.

Gentlemen:

We, the brothers of Kappa Beta Alpha, a Professional Business Fraternity at Valparaiso University, submit for your consideration this petition for acceptance.

Our group was formed by students in the College of Business Administration who hoped to broaden their scope through professional programs. With this idea we hope to better our campus and the community of Valparaiso Surrounding it. We set our standards high, as does Delta Sigma Pi, and are constantly working to meet them.

The honor of being accepted as a charter of Delta Sigma Pi would be of mutual benefit to all concerned. We would promote the values and high standards of Delta Sigma Pi, and in turn Delta Sigma Pi could enable us to reach more people inside and outside our community.

Therefore, we ask that you grant Kappa Beta Alpha a charter so that we may establish a chapter of the International Fraternity of Delta Sigma Pi on the Valparaiso University campus.

Respectfully,

The Brothers of Kappa Beta Alpha

Dear Mr. Roberts:

LETTERS
OF
RECOMMENDATION

I am pleased to write this letter in support of our students' efforts to establish a professional business fraternity in Columbus, Ohio. I have witnessed the development of Delta Sigma Pi and the progress toward full membership in Delta Sigma Pi.

Membership in Delta Sigma Pi will provide excellent opportunities for our students to become involved and mature professionally.

I strongly support the establishment of a Delta Sigma Pi chapter at Columbus University.

Sincerely,

To Whom It May Concern:

I am writing on behalf of students and faculty members of the College of Business Administration at Valparaiso University who are interested in establishing a local chapter of Delta Sigma Pi. The establishment of a Delta Sigma Pi chapter at Valparaiso University has the full support and wholehearted endorsement of my office. I feel that a local chapter of this fine, professional business fraternity would have many benefits for our students.

I hope that a chapter can be established on our campus in the near future, and I would be happy to cooperate in any way that I can in this project.

From: Sandra K. Leach, Director, Career Planning and Placement

I am writing this letter to communicate my interest in and support of Kappa Beta Alpha of the International Order of Delta Sigma Pi with Valparaiso University. Our University has a fine reputation - one which will be further enhanced with the addition of a chapter of Delta Sigma Pi.

As Placement Director, I am especially pleased that Kappa Beta Alpha is seeking acceptance as a Chapter of Delta Sigma Pi. The community of Valparaiso will benefit from the establishment of a Delta Sigma Pi Chapter in any number of ways, but certainly interaction between business professionals and students will enhance learning and provide experience with the working world.

Sincerely,

Gentlemen:

The Kappa Beta Alpha colony of our Business College here at Valparaiso University has requested that I recommend to you their acceptance as a chapter of Delta Sigma Pi. I highly recommend this group to you because I am personally acquainted with many of the students and can attest to their intellectual curiosity and interest in ideas, their willingness to contribute to the work of the class and of the Business College, and their desire to widen their horizons. Since I am an advisor to Alpha Lambda Delta and Mortar Board on our campus, I am a firm supporter of honorary and professional fraternities. I have seen how they can move students toward utilizing their full potentials by initiating plans and working with others toward a common goal.

This group is genuinely interested and entirely self-motivating in becoming affiliated with the national business fraternity. I truly believe that this affiliation will be beneficial and growth-stimulating for the business students of our University and also for your national organization. I highly recommend the affiliation of the Kappa Beta Alpha colony with the international fraternity of Delta Sigma Pi.

Gentlemen:

The Kappa Beta Alpha colony here at Valparaiso University has requested that I recommend to you their acceptance as a Chapter of Delta Sigma Pi. Such a recommendation comes with my whole-hearted support. I believe that the presence of the professional fraternity on our campus will encourage our students towards greater excellence, develop a greater awareness of professional/career opportunities, and enhance the relationships with fellow students and professors.

Several other professional fraternities which are currently represented on our campus are responsible for significant contributions to the lives of our students and the students in their activities have proven to be a credit to the professional fraternities to which they belong. I have every reason to believe that a chapter of Delta Sigma Pi will prove to be a similar blessing to our students and in return prove to be a credit to the National Fraternity.

I would request that the application for acceptance into the fraternity be given every due consideration. Thank you.

Sincerely,

Robert E. Schroer

Gentlemen/women:

I would like to recommend without reservation, that the National Delta Sigma Pi Fraternity accept the Valparaiso University's Kappa Beta Alpha Fraternity as a Chapter of Delta Sigma Pi.

Although this fraternity is a new one on campus, I am acquainted with several of the members and these members have shown drive, dedication and a tremendous sense of responsibility toward their academic studies. I feel they can and will apply these same qualities to the growth and success of Kappa Beta Alpha.

Sincerely,

Gentlemen:

The Kappa Beta Alpha Fraternity here at Valparaiso University has requested that I recommend their affiliation with the International Order of Delta Sigma Pi. The members of Kappa Beta Alpha are dedicated and enthusiastic in their endeavor, and it is my view that the affiliation with the national business fraternity will be of substantial benefit to the business students of the University. I also believe that their activities here will prove to be a credit to the National Fraternity as well.

I have come to know many of the members in Kappa Beta Alpha and can assure you of high levels of dedication and interest. We are looking forward to the day when Kappa Beta Alpha Fraternity joins with the International Order of Delta Sigma Pi for the benefit of all.

Dear Brothers:

Over the past months I have attended executive and general meetings of Kappa Beta Alpha. They are a dedicated and enthusiastic group of individuals who work well together as one group to accomplish a common goal. Their fund raising activities and meetings are well organized and their goals are achieved.

I believe they are of Delta Sigma Pi caliber and I recommend them to admission as a colony to the International Fraternity of Delta Sigma Pi. It will be a privilege one day to call them "Brother."

Dear Brothers,

I am doubly proud this day. First, I have been given the honor of recommending my fraternity to the students at Valparaiso University. The fraternity has been an important part of my own development, as it has for thousands of other businessmen and professionals. The opportunity of serving the business world, the university and the community which is offered by our fraternity will allow these students to enjoy the profits that each "Deltasig" accumulates.

Secondly, I am proud to be able to recommend a dedicated, enthusiastic, professional organization for admission into our fraternity as a colony. The students of Kappa Beta Alpha have met each goal with a resourcefulness that speaks well of them and their university. They have laid the foundation for a successful chapter of Delta Sigma Pi. The fund-raising, organizing and petitioning efforts have been in keeping with the highest standards established by our fraternity. I believe what impresses me most about them is their ability to discuss every side of an issue and then put aside their personal differences and strive for the common good. I would be proud to call any one of them "Brother."

Fraternally yours,

Subject: Chapter Charter

Brother Mike,

Although we are all brothers of one fraternity, Delta Sigma Pi, I would like to believe that each of us has a very special feeling for his respective chapter. I am very proud of being a Delta Sig and especially being one from Theta Psi Chapter. I am fortunate to be part of this team and have been honored by my brothers. Delta Sigma Pi, Theta Psi Chapter and I have many accomplishments we should be proud to acknowledge. One of the most important of these was my election as Undergraduate of the Year for our region.

In the spirit of Service to others, I feel very strongly that more people should be given the opportunities that Delta Sigma Pi offered me. It would be wrong to think that others could not benefit from the brotherhood that only Delta Sigma Pi can offer. Therefore, I fully endorse the proposal that a new Chapter be initiated and a Charter be granted to the students of the School of Business at Valparaiso University in Valparaiso, Indiana.

Fraternally,

To Whom It May Concern:

As an active brother of the Theta Psi chapter, Indiana University Northwest, and officer of the Northwest Indiana Alumni Club, I strongly recommend the sanction of a new chapter at Valparaiso University.

I am also a Personnel Manager for a small manufacturing company in Valparaiso. While employed with the company in this area, I have had the opportunity to become acquainted with the students at Valparaiso University, both as prospective as well as active employees. They are a civic-minded and professional group of young people.

I believe that their membership in Delta Sigma Pi would be an asset to the organization.

Sincerely,

Carolyn Hartley

HISTORY
OF
VALPARAISO UNIVERSITY

A view of the Student Union, Mueller Hall and the Chapel of Resurrection

Valparaiso University is a medium-sized, private, church-related, coeducational university. There are three distinct phases in the University's history. In 1859, Valparaiso Male and Female Academy was founded as one of the first coeducational institutions in America. After reverses caused by the Civil War, classes were suspended in 1869. But, in 1873 Henry Baker Brown revived the institution as the Northern Indiana Normal School and Business Institute. "Mr. Brown's School," a flourishing private, proprietary institution, was renamed Valparaiso College in 1900 and rechartered as Valparaiso University in 1907.

A new chapter in the history of the University was begun in the summer of 1925 when the University was purchased by the Lutheran University Association. The Association, an Indiana corporation composed of men and women affiliated with the Lutheran Church-Missouri Synod, now owns and controls the University.

The University now includes seven units: the College of Arts and Sciences, Christ College, a separate honors unit, the College of Business Administration, the College of Engineering, the College of Nursing, the School of Law, and the Graduate Division. Today, there is a total student enrollment of over 4,000, a full-time on-campus enrollment of over 3,500, and a faculty which numbers over 270.

Aspiring to serve the growth of whole men and women, the University sees knowledge of the Christian tradition as essential to the educated person. For this reason, it places emphasis on the religious heritage of mankind, particularly on the Christian heritage as grasped by the Lutheran Church.

Valparaiso University is fully accredited by the North Central Association of Colleges and Schools for the offering of bachelor's and master's degrees. The undergraduate and graduate programs for the preparation of teachers are approved by the Indiana Department of Public Instruction; The undergraduate program is also accredited by the National Council for the Accreditation of Teacher Education. Valparaiso's offerings are further accredited by the National Association of Schools of Music, and approved by the American Association of University Women.

The School of Law is a member of the Association of American Law Schools and is approved by the American Bar Association.

The College of Engineering in its programs of Civil Engineering, Electrical Engineering, and Mechanical Engineering is accredited by the Accreditation Board for Engineering and Technology, and is a member of the American Society for Engineering Education.

The College of Nursing is accredited by the Indiana State Board of Nurses' Registration and Nursing Education, and by the National League for Nursing.

The University is a member of the American Association of Colleges for Teacher Education, the American Council on Education, the Association of American Colleges, the Council on Social Work Education, the Lutheran Education Association, and the American Association of Colleges of Nursing.

With its rich history and its location, about forty-four miles from Chicago, Valparaiso University offers many opportunities and experiences for its students.

HISTORY
OF
THE COLLEGE OF BUSINESS ADMINISTRATION

Valparaiso University Campus (Neils Science Center and Housing Dorms)

Course offerings in Finance
The Valparaiso University College of Business Administration is a separate administrative and instructional unit of the University under the direction of the Dean of the College. The College is located in William E. Urschel Hall, a two-level structure dedicated on September 9, 1979, and first occupied during the fall of that year. As an integral part of the University, the college endorses the philosophy and general objectives of education of the University, properly concerning itself with preparation for occupational life, as well as with life in general.

Upon occupying the new College of Business Administration building, the total business student enrollment was 795: 247 freshman, 201 sophomores, 205 juniors, 138 seniors, and 4 special students. Since that time the enrollment has grown steadily to the recent total during the fall of 1982 of 830 students. By staying small, the college can be more selective in accepting students, maintaining a strong, quality program and keeping a low student - faculty ratio. To meet the steady growth of enrollment and improve the student - faculty ratio further, the business teaching faculty has grown from fourteen during the fall of 1979 to the present number of twenty.

The College of Business Administration offers three four-year curricula majors, which lead to the degree of Bachelor of Science in Business Administration. These majors are: Accounting, Administrative Sciences, and Business Economics.

Course offerings in Administrative Sciences are organized to provide concentrations in marketing management, financial management, human resource management, and general management.

To be eligible for the degree of Bachelor of Science in Business Administration, a student must complete one of the three prescribed curricula and devote approximately one half of his/her time to required and elective courses in the liberal arts. The required courses include English, religion, the natural sciences, mathematics, the social sciences, and physical education. The liberal arts electives may be chosen from any of the natural sciences, mathematics, humanities, languages, or social sciences. A student must achieve a grade of C (1.7) or better in each of the required lower division business courses:

Mathematics 36 or 52	4 credits
Administrative Sciences 50 (GLM)....	3 credits
Accounting 52	4 credits
Accounting 55	3 credits
Administrative Sciences 62 (GLM)....	3 credits
Economics 71 and 72	<u>6 credits</u>
	23 credits

For advancement to upperdivision courses, a College of Business Administration student must complete a minimum of 56 hours with an overall minimum cumulative grade point average of 2.0. In addition a student must receive a grade of no lower than C- in each upper division course of the college used to fulfill the requirements of a major or concentration. To all

of the above, a student must acquire a minimum of 125 credit hours in order to graduate with the degree of Bachelor of Science in Business Administration.

Sweater sold as a fund raiser

The prospect of initiating a professional business fraternity at Valparaiso University originated on October 3, 1982, when an informative organizational meeting sponsored by the International Fraternity of Delta Sigma Pi was conducted in Room 202 of Urschel Hall on campus for all business students. Mark A. Roberts, Robert L. Taylor, Gary D. Crum, Mr. William Tatum, Mr. Richard D. Lindstrom, Mr. John Henik, and other DSP representatives presented the purposes and benefits of having a business fraternity on campus. The outcome of this meeting proved to be most successful, resulting in the presence of a petitioning group.

Despite the fact that the fall of 1982 is recognized as the origin for the introduction to Delta Sigma Pi, the idea did exist in the minds of some students last spring; however, this petitioning group did not come into existence until the second meeting of the business students on October 10 when Robert Taylor returned with representatives from the Theta Psi chapter at Indiana University Northwest to clear up any questions that remained in our minds and to help us get started on the right path.

By the time of the October 17 organizational meeting, a vote concerning the establishment of a professional business fraternity was taken. Out of the thirty prospective members present, the vote resulted in an unanimous consensus. The next vote taken was for the Fraternity name. Since the Business College at Valparaiso is formally known as "The College of

Business Administration", Mike Kettner suggested the name Kappa Beta Alpha (KBA). This suggestion ran unopposed and therefore became the name of the perspective colony. The election of officers was held with the following results:

President	Michael J. Kettner
Senior Vice President	Kari L. Daelke
V.P. of Professional Activities	Brad Kovach
Secretary	Carolyn A Leedy
Treasurer	Donna L. DiPaolo
Chancellor	John F. Townsend
Historian	Lisa Marie Visingardi
Social Chairman	Mark S. Anderson

The first meeting of the elected officers was held on October 20. Also present were Robert Taylor and Dean F. Barry Haber, dean of the College of Business Administration. At this meeting a program of upcoming service functions and activities was planned and accomplished. The included:

November 6-8

Silver Anniversary in Cincinnati, Ohio. Six brothers--Mike Kettner, Kari Daelke, Carolyn Leedy, Lisa Marie Visingardi, Mark Anderson and Dave Knight--attended the convention. While in Ohio, they visited the central office located on the Miami University campus. They met and spoke with several DSP's from prominent businessmen to college students, to become more familiar with the fraternity and benefit Kappa Beta Alpha.

November 13:

Senior Day and V.U. -- Members of KBA set up a table in the Student Union to answer any questions that visiting seniors might have.

In addition a retreat was planned in December; however, due to the unavailability of a place to conduct the retreat, it was postponed until January 21, 1983. Also accomplished at this meeting was the establishment of three committees: By-Laws,

Mike Kettner, Chairman; Steering, Lisa Marie Visingardi, Chairman; Faculty Student Advisors, Kari Daelke, Chairman.

The next general meeting for the membership was held on October 24. Members were informed of the topics discussed on October 20, and sign-up sheets for involvement in the committees or activities were passed around. A vote was taken and a unanimous outcome resulted in the establishment of \$25.00 initiation dues, which included \$20.00 to be applied toward the initiation fee of \$70.00 during pledging, and \$5.00 to establish a working capital fund.

The fund raisers initiated during the fall of 1982 included the selling of donuts and coffee in Urschel Hall on Wednesday and Friday mornings, and the selling of sweaters with V.U. - College of Business Administration, written on them. Other ideas raised for the spring of 1983 included, dances, a raffle, car washes, and credit card sign-ups.

By the time of the last general meeting before Christmas break, the By-Laws were accepted and ratified and the membership was closed with a total of forty members. A letter was sent to Dean Haber asking to obtain space in Urschel Hall for a DSP chapter office. Farewells were said to two members, Rita Skarha and Lisa Marie Visingardi, who would be overseas during the next semester. Following a busy first semester of activities, Kappa Beta Alpha remained inactive due to first semester final exams and Christmas break.

Lisa Visingardi formally resigned from her post as Historian due to the fact that she would be overseas spring semester. A new Historian was needed and Kim Weyhrich stepped in to take her place. We also had a change in other Executive Board members. Mark Anderson moved to Vice President of Professional Activities, and Gail Clore and Jill Larsen were voted as co-social chairmen. While working to get our petition done we have already started our pledge requirements. We held a retreat/seminar at Thunderhouse on January 22, and sold sweaters, M&M's, bouquets from a local florist, and sponsored a pizza contest as fund raisers. We also received three co-advisors, one a professor at the school of business, the dean of the college, and the placement administration. We are planning another fund raiser at the local florist again at Mother's Day, and the sweaters are still on sale to business students. For a speaker we have asked for a speaker from the Nuclear Regulatory Commission to come at the end of February or beginning of March. We are working toward a late April initiation dinner and hope to have everything completed at that time.

The retreat at Thunderhouse for KBA colony.

Dear Members of Kappa Beta Alpha,

Due to my absence during the spring of 1983, I do hereby resign from the position of Historian for the elected year of 1982-83. I have enjoyed working with you and only regret that I cannot complete my term.

In choosing a replacement, I suggest that you look for the following qualifications: photography skills, writing skills, and a strong interest.

Thank you for an enjoyable semester.

Sincerely,

Lisa Marie Visingardi
Historian
