XVII. Calendar of Events

XVIII. Letters of Recommendation

XIX. Closing

## HISTORY OF HILO, HAWAII

Hilo is located on the Big Island, and it is the second largest urban center in Hawaii.

If we stop for a moment, look back a little over a hundred years ago, we would see a huge steamship entering Hilo Bay. The ship is approached by numerous canoes, surfers, and swimmers to greet the passengers with flower leis, kisses, and hugs to show the Aloha spirit. As the steamship finally comes to a stop, passengers from all parts of the world are joined together. Chinese, Japanese, Portuguese, Filipinos, native Hawaiians, and Americans are carrying their belongings and culture.

Hilo is a beautiful place filled with the colors of the rainbow with its tropical flowers and plants. For example, roses, fuchias, begonias, lilies, plumeria, hibiscus, and orchids are some of the beautiful flowers that exist. Also, there are varieties of apples, mangoes, bananas, papayas, avocados, breadfruit, macadamia nuts, and eucalyptus.

Our small Pacific town retains its Aloha spirit and its relaxing atmosphere of one big ohana (family). Besides the scenic wonders and warmth Hilo has to offer, other important events took place that affected Hilo.

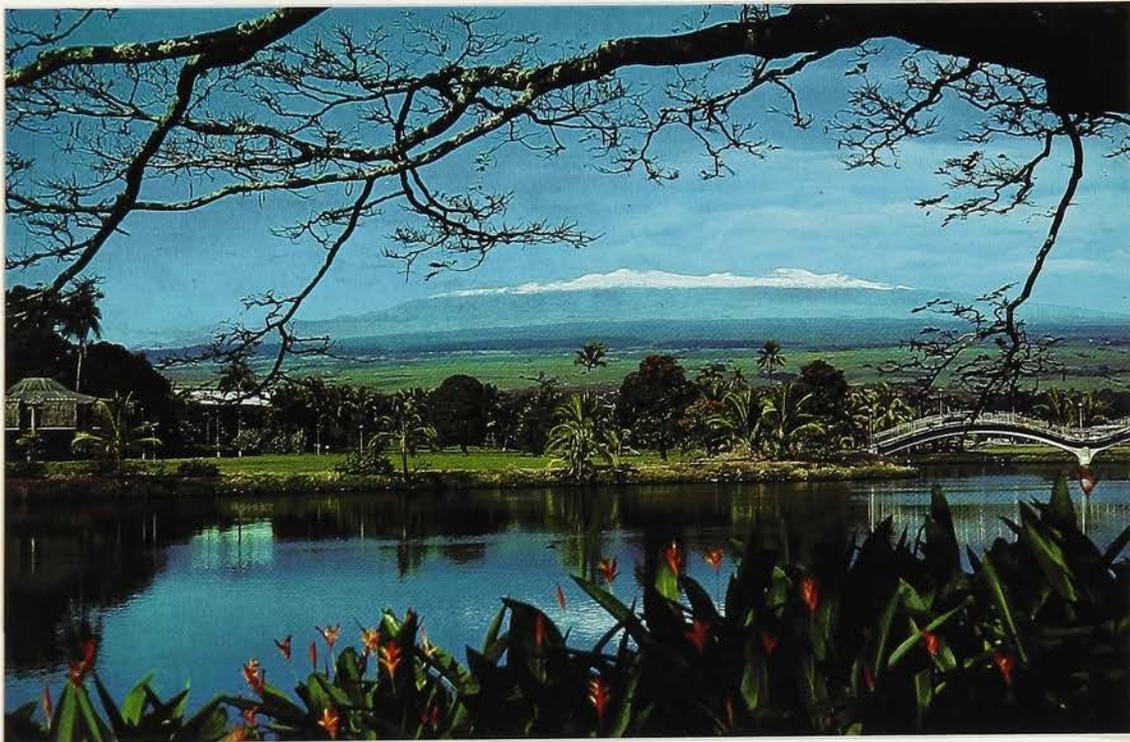

In 1859, Haili Church was built by the early missionaries. Also, sugar became the chief crop of Hilo as well as Hawaii itself. This event brought Chinese, Japanese, Filipinos, and Portuguese to Hawaii as well as Hilo to work on the sugar plantation mills and eventually settle down to raise a family.

Other events are the 1946 and 1960 tsunamis (tidal waves) that destroyed the coastline communities of Hilo Bay. The greatest event that constantly provides us with excitement and sense of destruction is our volcano eruption. Millions of cubic tons of lava are shot into the air, and gigantic flows of red hot lava light up the sky into a bright orange color.

The real Hilo is shown through its small shops and young artists who create Hawaiian bowls, lauhala hats, mats, and oil paintings. Also, Suisan Fish Market is a place where fishermen auction their ahi (tuna), mahimahi and other catch to restaurant owners, supermarkets, and local people. Nearby is Liliuokalani Park, named for Hawaii's last queen, and it consists of thirty acres of an authentic Japanese formal garden. Religious groups in Hilo express their spirit by festivals, prayer, song, and dance. The majority of religious organizations are Buddhist, Christian, and Catholics throughout Hilo.

Every April, a great dance is held in Hilo in honor of King David Kalakaua, who preserved the native hula. Dozens of Hawaiian dance schools (hula halaus) throughout the State, mainland U.S., and Pacific region (including Japan) compete with one another. This event is to preserve the ancient hula and revive the pride and respect of this native hula dance. The Merrie Monarch Festival has become the world's greatest hula dance competition.

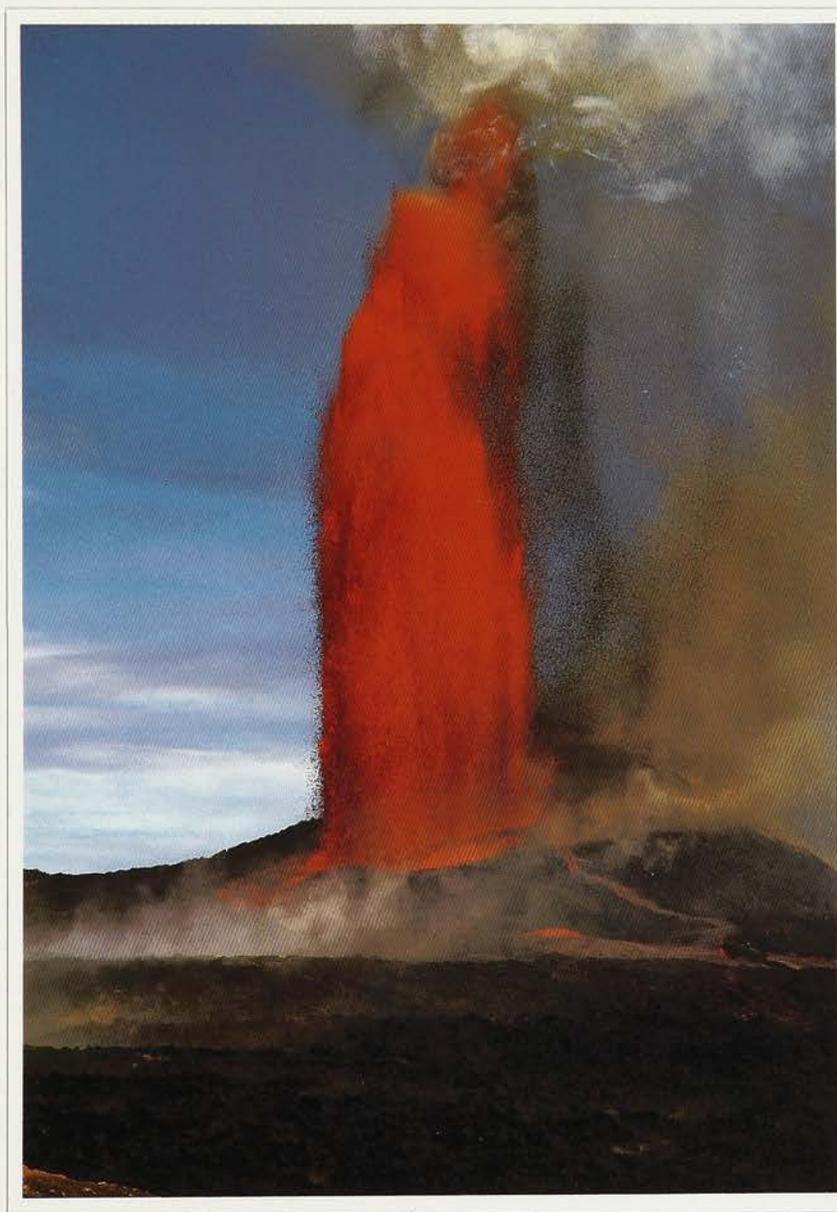

If you should ever visit Hilo, you may still experience its slow pace of life, tropical environment, and its warm hospitality as the first settlers did. The spirit of Aloha will always be shown by its history and most importantly, by all its people.

THE BIG ISLAND OF HAWAII:  
A PARADISE IN THE PACIFIC

The Big Island of Hawaii, also known as the Orchid Island, is the youngest and southernmost island in the State of Hawaii. More than twice the size of all the other islands combined, it is an island of amazing contrasts. The island is still growing with active volcanoes adding new land to an already tropical paradise in the middle of the Pacific Ocean.

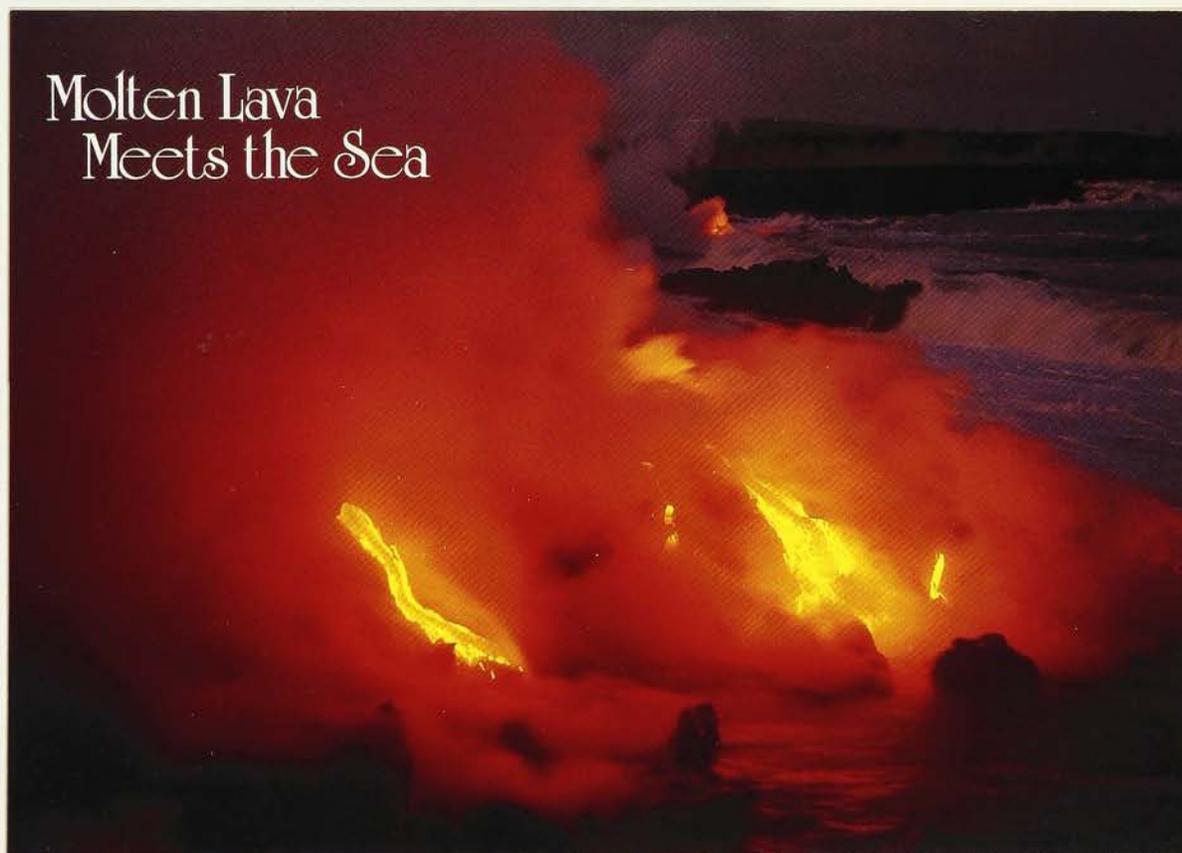

The Big Island is also a place of diverse cultures where a tourist feels right at home among Hawaii's friendly people and customs.

This incredible fountain of red hot lava shoots over 1,000 feet into the sky at Kilauea Volcano's Pu'u O'o Vent within the Hawaii Volcanoes National Park.

This is a moment of destruction for a small patch of fern and forest left untouched by earlier lava flows. In the background is the Pu'u O'o Vent of Kilauea Volcano within Hawaii Volcanoes National Park.

Lava from Kilauea Volcano meets the sea at Kupaahu, not far from Kalapana Black Sand Beach. Lava is still entering the sea today.

Kalapana Black Sand Beach was formed by ocean waves and hot lava. A volcanic earthquake at this site in 1975 caused the beach to drop two feet causing mature coconut trees to now grow within the surfline.

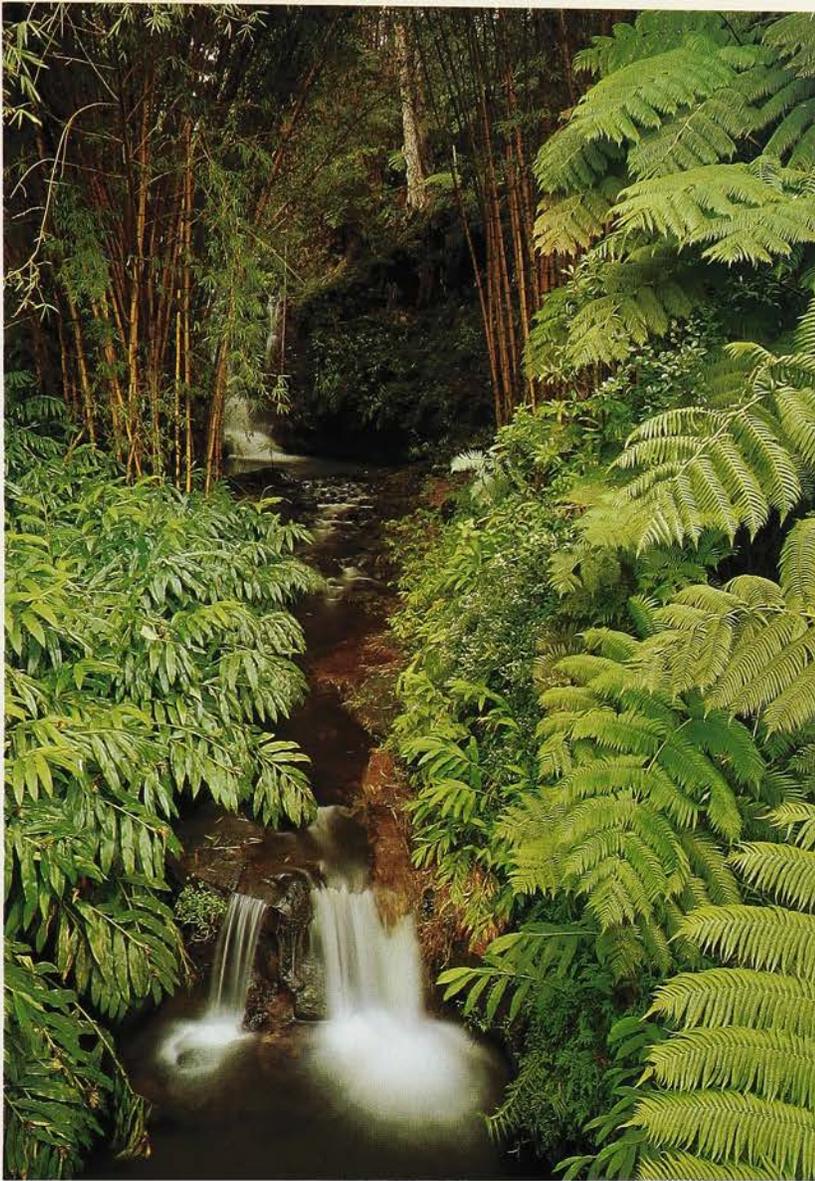

Rainbow Falls near Hilo, Hawaii is the home of the mythical goddess Hina. A rainbow is usually visible in the early morning.

Liliuokalani Gardens in Hilo, Hawaii is a very popular setting for visitors and local people.

Akaka Falls, plunging 420 feet into a mountain pool, is the longest waterfall in the State of Hawaii. Pathways through Akaka Falls State Park lead you through lush and fragrant flowers.

Wild bamboo, ferns, and ginger blossoms are found along this stream in Akaka Falls State Park, about 12 miles from Hilo, Hawaii.

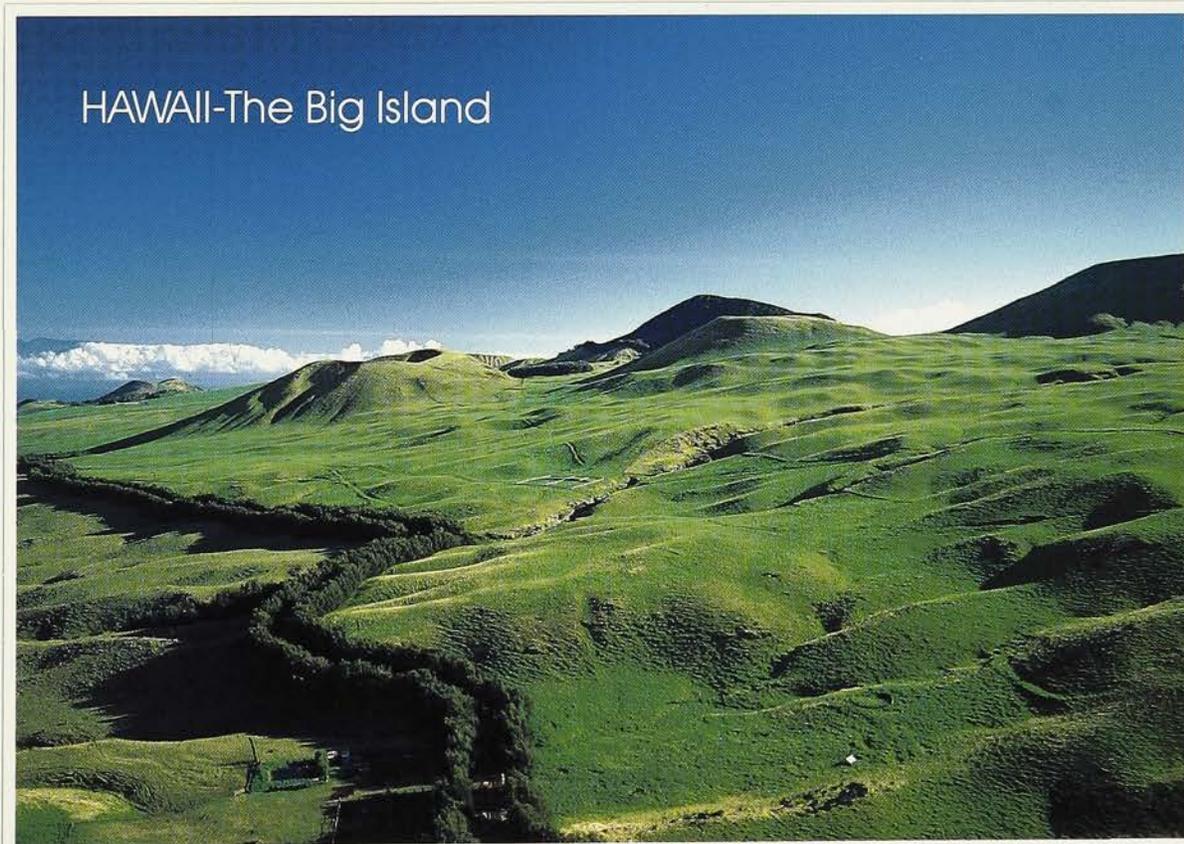

Waipio Valley, "Valley of the Kings", was once occupied by several thousand Hawaiians. A favored place of Hawaiian royalty, it is bounded on either side by lush, green cliffs 2,000 feet high. Taro farming is still done in the valley.

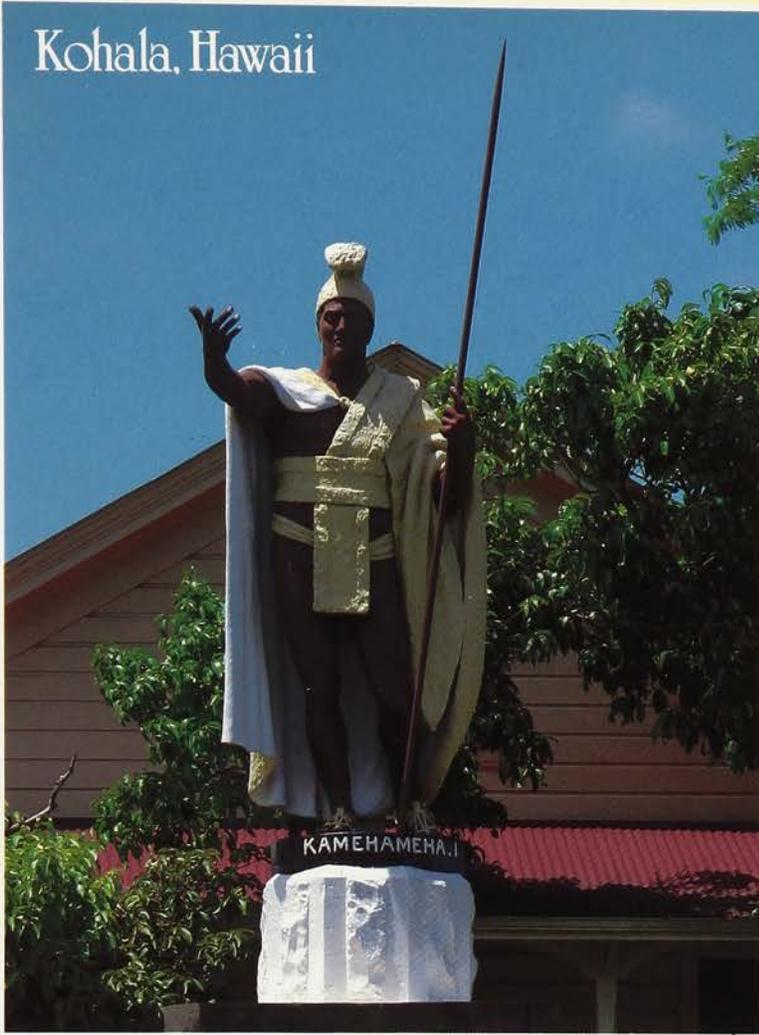

*13,796 Foot, Snowcapped Mauna Kea, Hawaii*

Mauna Kea, meaning "white mountain" in Hawaiian, is the tallest mountain peak from below sea level in the world. It is the site of University of Hawaii's Institute of Astronomy and the world's largest telescope. The mountaintop lies above 40% of the earth's atmosphere making it world recognized for astronomical observation. There is even skiing! Mauna Loa, an active volcano, is in the background.

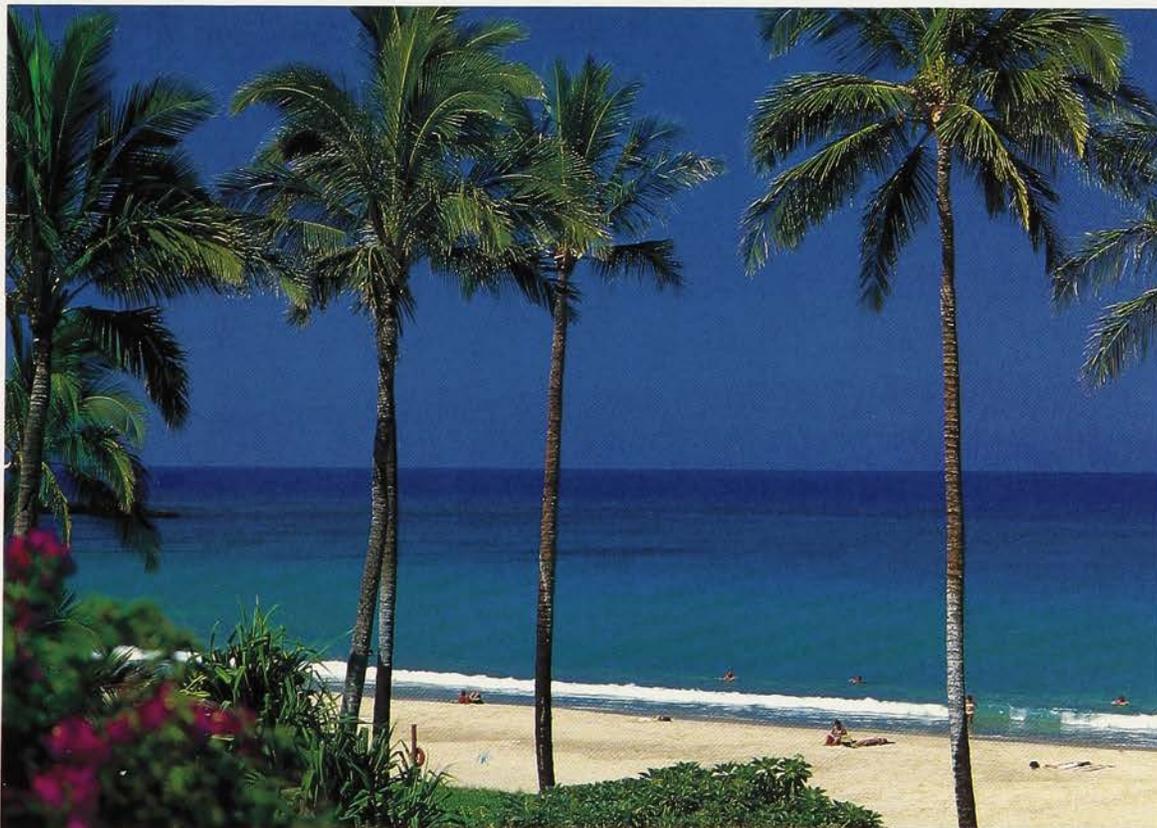

Parker Ranch on the northern coast of the island of Hawaii is the largest ranch in the United States under single ownership. It covers approximately 200,000 acres.

Kohala, Hawaii

Statue of King Kamehameha the Great at Kohala marks the birthplace of the King who united the Hawaiian islands. On the Kohala coast is the Pu'ukohala Heiau (religious temple) built by King Kamehameha.

Statue of King Kamehameha the Great

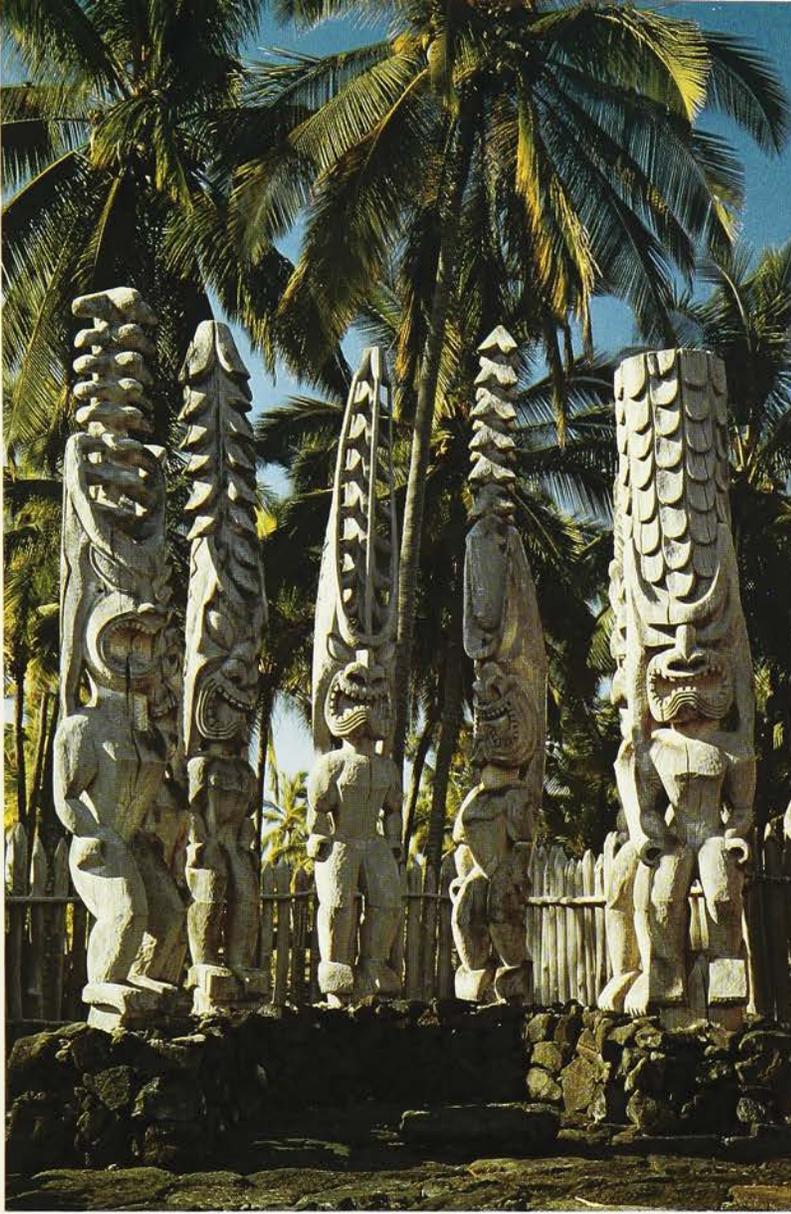

Hapuna Beach on the Kohala coast of the Big Island is the site of a beautiful and popular park run by the State of Hawaii.

This championship course, carved from volcanic lava, takes its place among other world-class courses of breathtaking beauty. This course is located at Mauna Lani Bay Hotel on the Kohala coast of the Big Island.

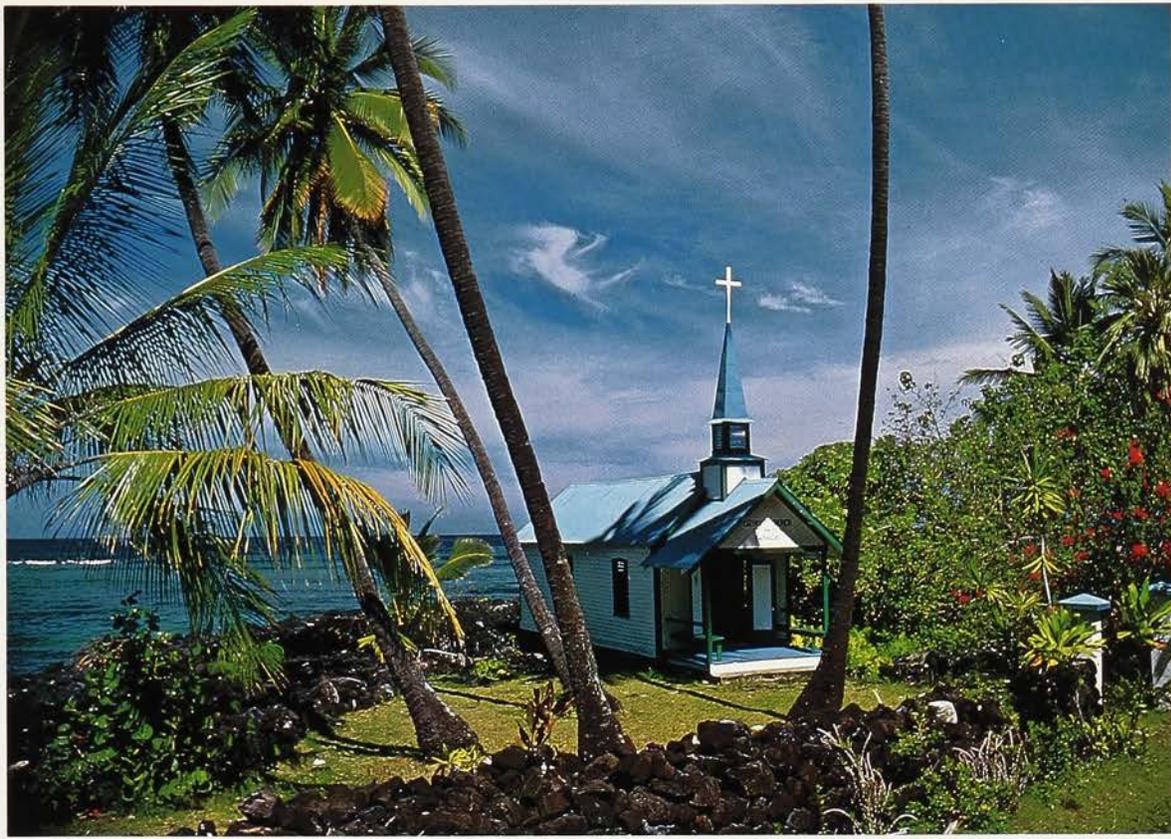

Deep sea fishing in waters off the Big Island of Hawaii brings professional fishermen from all over the world to test their skills. Each year, Hawaii hosts the International Billfish Tournament. It also hosts the Ironman Triathlon on the Kona coast.

Pu'uhonua o Honaunau (City of Refuge) was built in the 12th century to provide asylum for the kapu (law) breakers. It is a National Historical Park on Hawaii's south Kona coast.

Fun and enjoyment aboard the "Fair Winds" at Kealahou Bay, location of Captain Cook's monument.

St. Peter's Catholic Church by the Sea at Kahaluu.

The Hibiscus is Hawaii's official State Flower. Many hundreds of varieties of colorful blossoms flourish the year around in the lovely gardens of Hawaii.

The ohia lehua tree with its delicate red blossom is seen in Hawaii Volcanoes National Park.

Plumeria is a popular lei flower, long lasting and fragrant.

Anthuriums are grown on the Big Island and shipped throughout the world.

## HISTORY OF UNIVERSITY OF HAWAII AT HILO

The University of Hawaii at Hilo, organized in 1970, is a part of Hawaii's nine campus system of higher education. Located in Hilo, with a branch in Kailua-Kona, it uniquely incorporates the two-year Hawaii Community College with a four-year College of Arts and Sciences, a four-year College of Agriculture, and an expanding Center for Continuing Education and Community Service. In fall 1987 the University of Hawaii at Hilo enrolled 3,500 students.

The University of Hawaii at Hilo is situated on the island of Hawaii, the largest in the Hawaiian Archipelago. With an area of 4,060 square miles, it has more land than all the other Hawaiian islands combined. With its great variety of physical features, including peaks that are snowcapped in winter, pasture lands, canefields, active volcanoes, and rain-swept valleys, the "Big Island" of Hawaii has been described as a tropical mini-continent. Hawaii is an island surrounded by the Pacific ocean almost 2,500 miles from the mainland U.S.A. Its marine environment, geological diversity and cultural richness are considered educational resources by the faculty and administration.

University of Hawaii at Hilo

**Location:**

UHH is located in the city of Hilo (pop. 44,000), on the "Big Island" of Hawaii. Hilo is 35 minutes by air from Honolulu, the state capitol. There is a UHH satellite facility in Kealahou, Kona (West Hawaii).

**Enrollment:** 3,500 (Fall, 1987)

**Faculty to Student Ratio:** 1 to 17

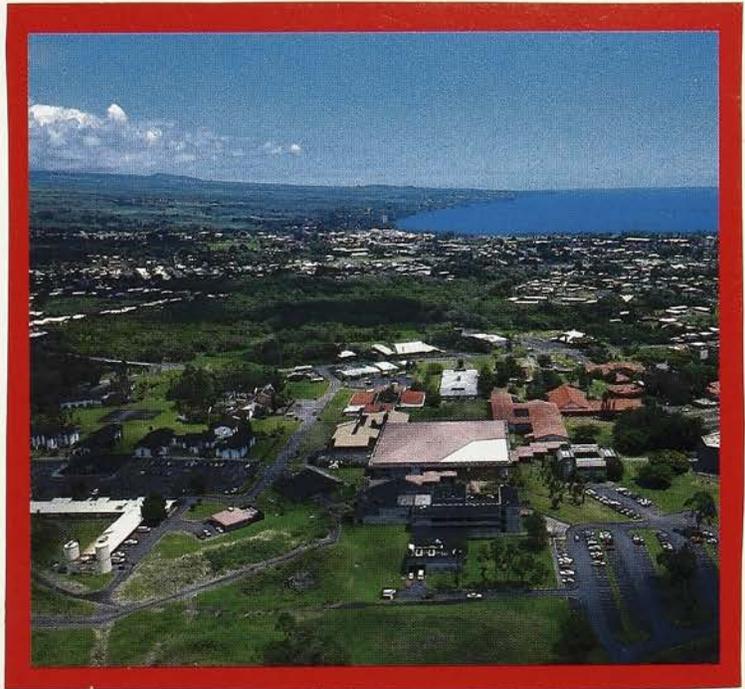

**Average Class Size:** 17

**Calendar:**

2 semesters of 16-17 weeks each and a 6 week summer session.

**Accreditation:**

UHH is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges.

**University of Hawaii at Hilo**

Hilo, Hawaii

THE BUSINESS ADMINISTRATION PROGRAM  
AT THE UNIVERSITY OF HAWAII AT HILO

Begun in 1982, the purpose of the Business Program at the University of Hawaii at Hilo (UHH) is to provide students with a basic educational background either for careers in business, government, or service organizations or for graduate study.

Before entering UHH, students are advised to complete two years of algebra, trigonometry, courses in speech/communication, and English courses emphasizing writing.

During the first two years at UHH, students are considered Pre-Business students. They complete General Education Requirements for a broad arts and sciences background and a core of classes to prepare them for the professional business program.

The upper division professional business program includes courses in functional areas of business such as accounting, finance, management, marketing, and quantitative methods. In addition, students complete electives, both emphasizing the uniqueness of an island economy or one applicable to mainland or foreign business. Bachelor of Business Administration students may also pursue academic minors.

## HISTORY OF ALPHA THETA KAPPA COLONY

On June 11, 1987, five business students from the University of Hawaii at Hilo met at the Waiakea McDonalds in Hilo, Hawaii to form a colony of Delta Sigma Pi. They met on King Kamehameha Day which is symbolic because King Kamehameha united the Hawaiian Islands. Similarly, the students met to unify themselves as a colony. These students were Jeffery Alleman, Mark Araujo, Harold Kamei, Pedro Lizardi, and Joy Suzuki. At their July 1, 1987 meeting, Mark Araujo suggested the name Alpha Theta Kappa (AΘK) which was adopted to mean A O.K.!

The students met during the summer. They held their first professional tour at Snappy's Pizza in Hilo in November, 1987. In December, they helped with the Wishing Tree to provide Christmas presents for needy children. They held two car washes in January, 1988 and raised funds for the March of Dimes. On February 5 and 6, they held a two day food booth at the Hilo Mardis Gras.

The group was well on its way with speakers at their February and March meetings, a picnic, a softball game with the Lehua Jaycees in April, two car washes in May, and a weekend in Kailua-Kona on June 10, 1988 to celebrate the one year anniversary of the colony.

On July 27, 1988, the colony established its newsletter entitled Keiki O' Ka Aina meaning "Children of the Land."

In the Fall of 1988, the students held one of their most successful recruiting drives during class registration. The program of speakers was continued, the fifth car wash held, a \$500.00 scholarship awarded to a colony member, candy sales, and purchase of colony shirts. The membership grew to about forty members, who are excited and enthusiastic about becoming a Chapter of Delta Sigma Pi.

# P E T I T I O N

We, the undersigned business students at the University of Hawaii at Hilo hereby petition the National Office to form a Chapter of Delta Sigma Pi.

# University of Hawaii at Hilo

CAMPUS CENTER/STUDENT ACTIVITIES

**TO:** JJ Vroom/Alpha Theta Kappa Colony

**FROM:** Nancy Piianaia 

**RE:** Registration , 1988 - 89 Academic Year

I am pleased to inform you that we have received all of the necessary forms for the registration of your organization for the 1988 - 89 academic year. If your membership, constitution or any other relevant materials change, please let us know.

Your organization has been included in our list of currently registered organizations which is made available to prospective student members. We will inform you of any programs, training sessions, or additional activities for organizations through the individual designated as your contact person. The student government has also been informed of your status.

The Campus Center will be glad to assist you if you need a room for your meetings, if you need information related to University procedures, or if we can assist you in any other way.

Good luck during the coming year, and thank you for providing us with all of the forms and materials necessary for registration.

PROFESSIONAL  
TOURS

Owner Angel Bowden  
greet colony members  
at Snappy's.

Members enjoy the  
final part of the  
tour!

Waikoloa at last!

On the grounds of the  
Royal Waikoloa Hotel.

Members take an interest  
in the operation of the  
hotel.

Members listen attentively as Becky Pilapil explains the operation of the \$360 million Hyatt Regency Waikoloa.

Members enjoy the stroll through the hotel grounds after a ride on the hotel's monorail.

An Oregon tourist video-tapes the group's professional tour!

Hotel guide Becky and member Regina Grace enjoy the ride on the canal boat along the Hyatt's grounds.

The Hyatt's main pool is 22,180 square feet - nearly 3/4 acre with waterfalls, slides and grotto bar.

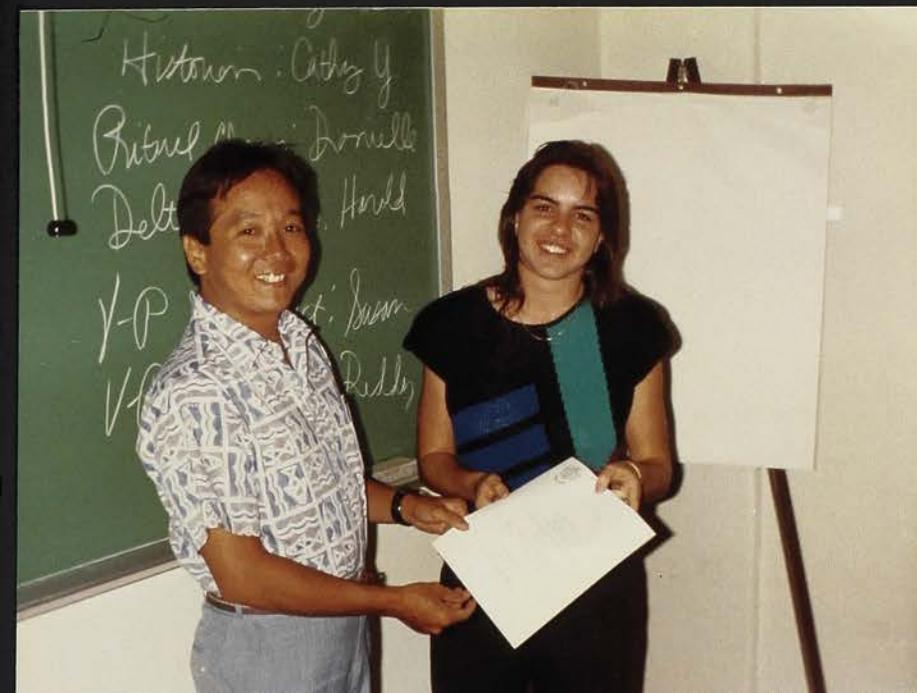

Like a scene from Indiana Jones, members get a good view from the swinging rope bridge across the main pool.

SPEAKERS

Carl Okuyama, President of Sure Save Supermarkets, holds a session on how to manage one's time.

Jamie Winfrey presents Mr. Okuyama with a certificate of appreciation.

Gordon Takaki, Branch Mgr. of Servco Financial Corp., explains how to establish and maintain good credit.

Mr. Takaki always appreciates a receptive audience!

Carl Watanabe, Asst. Vice President of Island Title Corp., conducts a session on leadership.

Deltasig alumni member Michael Dudley spoke about his experiences as a Hawaiian Airlines pilot.

Brother Dudley also expressed the special feeling of being a Deltasig.

SOCIAL EVENTS

No money for shoes!

Lunch time!

Attorney Jerel Yamamoto and the Lehua Jaycees in a high scoring softball game.

Dennis Nagai and his dorky swings. Attorney Gerald Takase watches.

Dear Members of the Delta Sigma Pi,

Thank you for participating in the March of Dimes 1988 March Against Birth Defects. We have now reached 92% of our \$12,000 goal. Because of your time and generosity, the March of Dimes will enable to continue the commitment of preventing birth defects through research, professional and public education and service to the community.

The March of Dimes is funded solely by contributions. No funding is received from Aloha United Way; therefore, the effort that you put into the March Against Birth Defects is very special to us.

Again, thank you for the love and caring extended far beyond yourself for the future children of Hawaii.

Sincerely,

Robert Miyake and Clayton Chong  
Co-chairman 1988 March Against Birth Defects Campaign

raisin enjoyed our  
food!

# Mardi Gras royalty begins reign today

Queen Debi Makaweo and King Randy Rohner will reign over the Mardi Gras festivities tonight and tomorrow in downtown Hilo.

The king and queen will preside tonight over the Street Ball and Grand Peacock Costume Contest. Registration for the contest will be held from 5 to 7 p.m. at the corner of Shipman and Keawe streets. Judges will view all contestants from 5 to 8 tonight, and the Peacock winners will be featured in a procession at 9 p.m.

From 5 to 11 p.m. today, Keawe Street from Shipman to Kalakaua streets will be closed for dancing and merriment. The two-block area also will be closed from 11 a.m. to 6 p.m. tomorrow for the continuation of Mardi Gras that will feature a float parade with the king and queen in horse-drawn carriage at 4:30 p.m.

An "international festival of foods" will also be part of the Hilo Downtown Mardi Gras. Food booths will be set up along Keawe Street tonight and all day tomorrow.

Japanese, Hawaiian, Italian, French Creole, Middle Eastern and American fare will be offered. Kay's Lunch Counter will offer Japanese bento; Bob's Ono Hawaiian Food will feature salmon and terriburgers, and What's Cooking will offer chicken caeciatore and baked ziti, while Pousse's will be blackening

The Hawaii Design Group will serve fetaffel, marinated chicken in pita bread, tabouleh salad and pastries, while a University of Hawaii at Hilo business fraternity will cook pizza and hot dogs. Meadow Gold will have a booth full of milk, juice and ice cream treats.

Mayor Dante Carpenter has proclaimed today and tomorrow "Hilo Mardi Gras Days" and has called "upon our citizens to come, see and enjoy downtown Hilo, to set aside their cares and concerns, dress up in costume, step out and strut to the music, watch the parade and join in the revelry" with their fellow citizens.

The proclamation noted that the "Umbrella Festival" theme of this year's Mardi Gras "gives the citizens of Hilo a chance to display their sublime indifference to the climate with which this town has become identified."

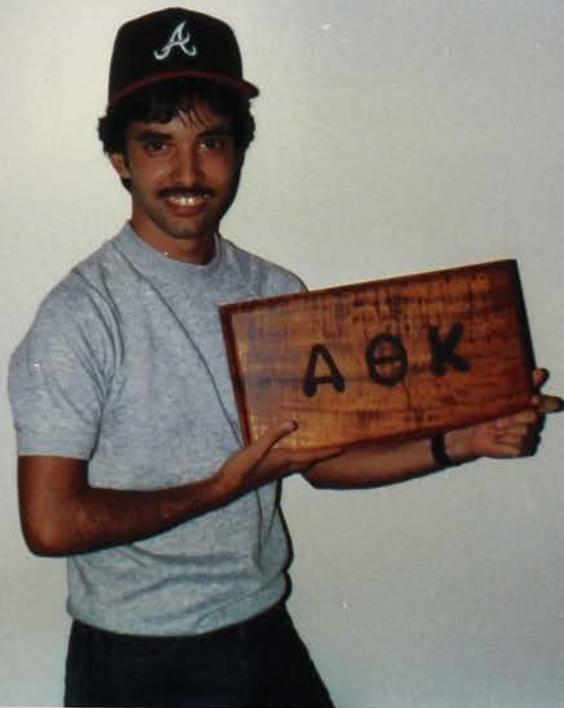

Various contests will be held tomorrow with registration beginning at 11 a.m. at the corner of Shipman and Keawe streets.

Andrew Oliver, a Mardi Gras organizer, said "There will be a festival atmosphere with music, lights, circuses, costumes, parades, dancing in the streets and an international buffet of foods."

Mardi Gras '88 is sponsored by the Keawe Collection of Shops, it is supported by the Downtown Improvement Association and by

# University of Hawaii at Hilo

OFFICE OF THE CHANCELLOR

October 31, 1988

An Open Letter to Delta Sigma Pi,

I am indeed pleased to support the efforts of Alpha Theta Kappa Colony of the University of Hawaii-Hilo to become a chapter member of Delta Sigma Pi.

It is my understanding that the purpose of Delta Sigma Pi is to foster the study of business in universities and to promote closer affiliation between the commercial world and students of commerce. These goals are worthy and completely consonant with the aims of this University. Our business program is the largest majors program of some 43 degree programs and shows signs of continuing growth and maturation. In addition, one of the focal points of the University's programs is encouraging students to become knowledgeable with the "real world" and thus programs such as the Small Business Institute and Center for Business and Economic Development, in which students serve as consultants under the close supervision of faculty are strongly supported by the University.

The students in Alpha Theta Kappa Colony have demonstrated their allegiance to the stated purposes of Delta Sigma Pi and will represent the fraternity well. Your careful consideration of their application will be appreciated.

If there is further information that would be helpful, please let me know.

Sincerely yours,

Edward J. Kormondy  
Chancellor

Delta Sigma Pi  
P. O. Box 230  
Oxford, Ohio 45056-0230

Dear Mr. Ferguson:

I am writing to ask for your support in granting the Alpha Theta Kappa Colony its charter membership into the Delta Sigma Pi Professional business fraternity.

I had the opportunity of being a guest speaker at one of the group's organizational meetings and was pleased to see the quality and enthusiasm of the students.

The University of Hawaii at Hilo is a growing campus and has good potential for the group. The fraternity can help the students aspire to higher goals and assist in producing a more professional climate at the school.

Mr. Clayton Chong, who is a personal friend of mine for many years, is a very dedicated and committed person. He has the determination to make this new fraternity become a successful and viable part of the University's program. I urge you very much to extend membership to this group.

Should you need any additional information regarding chapter membership, I would be pleased to assist you.

Sincerely yours,

Mr. C. Dean Ferguson  
Director of Chapter Services  
Delta Sigma Pi  
P. O. Box 230  
Oxford, OH 45056-0230

Dear Mr. Ferguson:

I am writing on behalf of Mr. Clayton Chong regarding his efforts to organize a Chapter of Delta Sigma Pi professional business fraternity.

I have been a businessman for the past thirty years and a Hawaii State Senator for sixteen years and see the value for a Chapter of Delta Sigma Pi professional business fraternity to be established at the University of Hawaii at Hilo.

Having a Chapter in Hilo will benefit both the business students and the local business community by providing the students an opportunity to receive first-hand information from business leaders at their bi-monthly meetings and through community service projects. This interaction will serve as an invaluable tool to prepare students for the business world.

I support the business students' efforts to organize a professional business fraternity at the University of Hawaii at Hilo.

Sincerely,

Richard Henderson  
President

C. Dean Ferguson  
Delta Sigma Pi  
Oxford, Ohio 45056-0230

Dear Brother Ferguson,

This letter of recommendation is in support of the University of Hawaii Hilo Campus Alpha Theta Kappa Colony initiating a chapter of Delta Sigma Pi in Hilo, Hawaii.

There are approximately forty-three students interested in forming a Hilo, Hawaii Chapter of Delta Sigma Pi. The students have worked to raise funds for the anticipated Chapter. They are active in supporting many community functions and have close ties with members of the local business community.

Fraternally and in Brotherhood,

  
W. L. Boyd

Life Member, Number 9673

November 4, 1988

Mr. C. Dean Ferguson  
Director of Chapter Services  
Delta Sigma Pi  
P. O. Box 230  
Oxford, OH 45056-0230

Dear Dean:

This letter is in support of the chartering of a Delta Sigma Pi Chapter at the University of Hawaii at Hilo. I remember the support and inspiration you gave me when I was reactivating the Rho Chapter at the University of California at Berkeley. Today, the Rho Chapter is one of the strongest performing chapters within it's region, and we can all be proud of that. We now have another opportunity to develop a potentially outstanding chapter.

The Alpha Theta Kappa Colony has developed rapidly since its beginning in June of 1987. The colony, now approaching 40 chartering members, has operated very much like an established chapter since its dawning. It has had professional speakers from such diverse sectors as the airlines, financial services, and retailing industries, as well as professional field trips of major resort hotels and restaurants on the Big Island. Its community service events have included a major financial collection to aid the March of Dimes, and the collection and distribution of presents for the needy this past Christmas. Lastly, the colony has kept itself economically strong by staging a number of fundraisers such as car washes and a Caion food sale at Hilo's local Mardi Gras.

Clayton Chong, the key Deltasig who has assembled the colony, is a well-qualified organizer and adviser. He was initiated into Miami University's Alpha Upsilon Chapter in 1971, and has progressed on to form his own successful legal practice with specialization in real estate law.

Page 2., Mr. C. Dean Ferguson  
November 4, 1988

The Alpha Theta Kappa colony at the University of Hawaii, Hilo has the right spirit, momentum and guidance to become a successful Deltasig chapter. I recommend them highly to you, and I look forward to seeing you again soon.

Sincerely,

Subject: Admission of Alpha Theta Kappa Colony to the  
International Fraternity of Delta Sigma Pi

Dear Brother Ferguson,

I was very honored when Clayton Chong asked me to write this letter to you. Brother Chong has done an extremely good job of bringing the Alpha Theta Kappa Colony along from a group of individuals to a cohesive organization of over 40 members. I know it has not been an easy task putting this group together, since Brother Chong is a successful attorney and very active in other community organizations. However, he believes in the ideals of our fraternity and feels that Delta Sigma Pi will be an asset at the University of Hawaii at Hilo campus and to the community.

My association with Delta Sigma Pi began in 1973 when, as a junior, I pledged the Delta Sigma Chapter at Loyola University in Los Angeles. Our chapter then, as I am sure it is now, was a very active organization and many of my brothers from Loyola are active in the Southern California Alumni Association. I am presently a Life Member of Delta Sigma Pi and a member of the Hawaii Alumni Club.

Over the last 12 months the Alpha Theta Kappa Colony has been a very active organization. They have organized a number of business functions at different business enterprises in the Hilo area and have sponsored some very successful fund raisers, both for the Colony and for various charities. It is my understanding from what Clayton has told me, that most of the members of the colony have earned both their national and colony membership dues through these fund raisers.

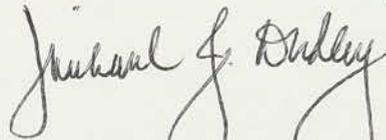

In March of this year I had the opportunity to visit the colony and be their featured guest at one of their meetings. At that time there were about 22 members total and I was very pleased to see 15 of those members in attendance, especially since, as I recall, it was final exam week. After the business part of the meeting I spoke to the members about my career as an airline pilot and answered questions.

Having been rush chairman at Loyola and having met personally with some of the young men and women at the Alpha Theta Kappa Colony at the University of Hawaii at Hilo, I feel confident in my belief that the colony should be inducted into the International Fraternity of Delta Sigma Pi. These young men and women will uphold the ideals of our fraternity, be a service to their community and be a valuable asset to the National Office.

It is my hope that you will give my recommendation your full consideration. Thank you for the opportunity to speak on their behalf.

Mr. C. Dean Ferguson  
Director of Chapter Services  
Delta Sigma Pi  
P.O. Box 138  
Oxford, Ohio 45056-0138

Fraternally Yours,

Michael J. Dudley  
Delta Sigma-168

Dear Dean,

I am always grateful for the opportunity to speak as a member of Alpha Theta Kappa Chapter of Delta Sigma Pi. I sincerely hope that the business methods of the University of Hawaii at Hilo can also benefit from what Delta Sigma Pi has to offer.

I have seen the membership of Alpha Theta Kappa Colony grow from five to about forty business students. Not only steady growth of membership has not stopped by itself, rather, the members have earned their way through five semesters, a Hilo Hardly Ever Fails Party, and selling candy bars. They have broadened their sense of social responsibility by helping needy children during Christmas and raising funds for the March of Dimes. And they are working very hard in the real business world by having professional papers, speeches at their bi-monthly meetings, and social events with business people. Those who joined the Fraternity are truly dedicated individuals.

The membership is comprised of students from Korea, Hong Kong, Korea, Japan, and various U.S. states. I sincerely hope that these students have much to contribute to the business community in the Pacific region. Delta Sigma Pi will give them a chance to work together and experience the common bond of brotherhood as they enter the business world.

The students are enthusiastic about Delta Sigma Pi, and I am impressed by members who cheerfully volunteer to do things. Many have already signed up to help in the business

Mr. C. Dean Ferguson  
Director of Chapter Services  
Delta Sigma Pi  
P.O. Box 230  
Oxford, Ohio 45056-0230

Dear Dean,

I am always grateful for the experiences I had as a member of Alpha Upsilon Chapter of Delta Sigma Pi. I sincerely hope that the business students at the University of Hawaii at Hilo can also benefit from what Delta Sigma Pi has to offer.

I have seen the membership of Alpha Theta Kappa colony grow from five to about forty business students. The steady growth of membership has not sprung up overnight. Rather, the members have earned their way through five car washes, a Hilo Mardis Gras food booth, and selling candy bars. They have broadened their sense of social responsibility by helping needy children during Christmas and raising funds for the March of Dimes. And they are learning more about the real business world by having professional tours, speakers at their bi-monthly meetings, and social events with business people. Those who signed the Petition are truly dedicated individuals.

The membership is comprised of students from Hawaii, Hong Kong, Macao, Japan, and mainland U.S. I strongly feel that these students have much to contribute to the business community in the Pacific region. Being members of Delta Sigma Pi will give them a chance to work together and maintain the common bond of brotherhood as they enter the business world.

The students are enthusiastic about Delta Sigma Pi, and I am impressed by members who cheerfully volunteer to do things! Many have already signed up to help in the Wishing

Tree project to provide presents for needy children this Christmas, and they will have their first Charter Day party this month honoring the founding of Delta Sigma Pi.

I believe that the group has finally reached a stage where the students can function on their own. I therefore highly recommend that Alpha Theta Kappa colony become a Chapter of Delta Sigma Pi. These students really deserve this honor and will bring credit to the fraternity.

I look forward to seeing you in Hawaii!

Very truly yours,

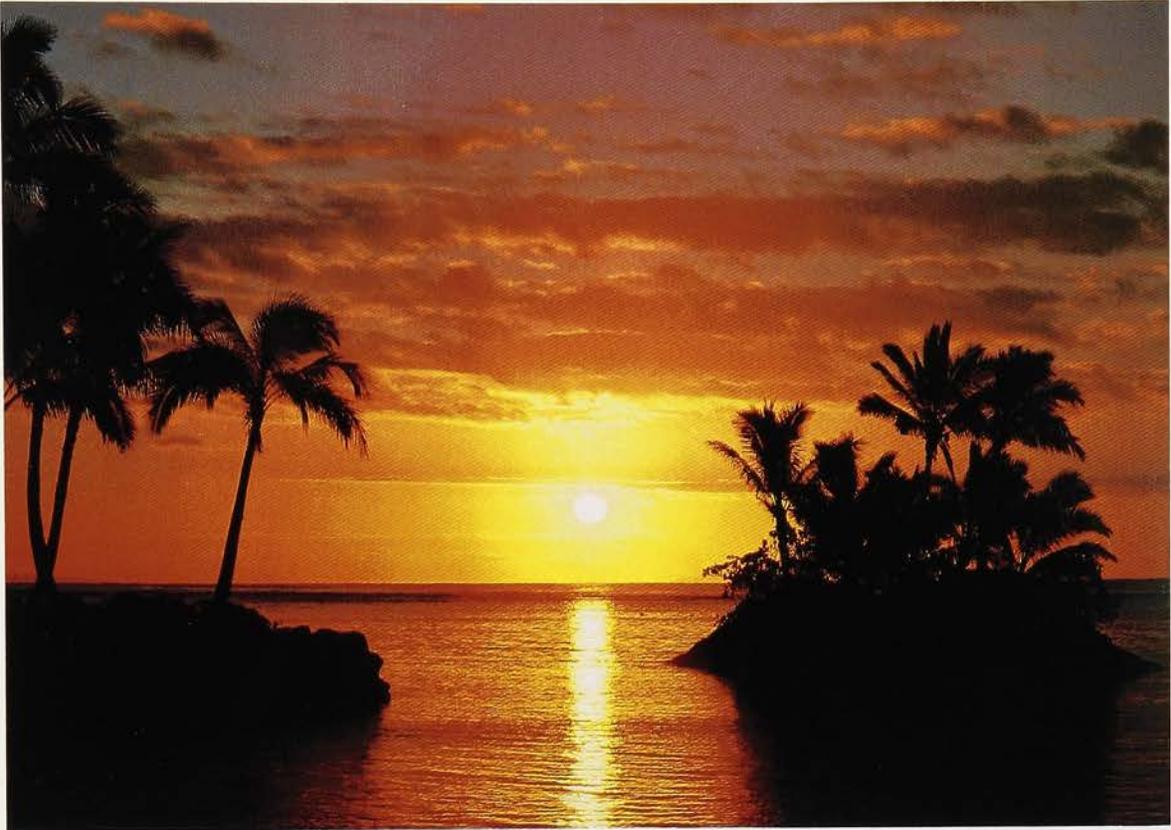

CHONG & CHONG

By those of Delta Sigma Pi.  
We at UH Hilo  
Have set our goals up high  
We've learned to work together  
For our business future ahead does lie.  
And although each of us may later go  
His own separate way  
The bonds of true brotherhood and friendship  
Within us will always stay.
