

PETITION TO THE INTERNATIONAL FRATERNITY  
OF  
DELTA SIGMA PI

SUBMITTED BY  
SIGMA SIGMA UPSILON COLONY

# Dedication

”To all of those who worked so hard to  
make Sigma Sigma Upsilon  
a success...past, present, and future.”

It is with deep gratitude that we extend our sincerest thanks to Michael Sovansky, Gary Clark, Jerry Woodcock, Dean Mitchell and Kay Newsted. Without their unyielding support, their insight and direction, and their many forms of friendship, none of us would be where we are today. We couldn't have done it without you!

We would also like to thank Jeff Fizer, our Regional Director, Huong-Hoa Tran, our District Director, and C. Dean Ferguson for their special guidance and attention throughout our history.

A final note of thanks to the many others at Saginaw Valley State University, who all did their best to make our success possible. They know who they are, but more importantly, we know, too!

Our Sincerest Appreciation,

**Petition to the  
International Fraternity  
of  
Delta Sigma Pi**

Gentlemen,

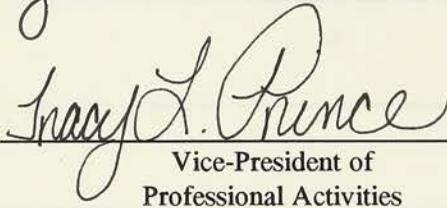

We, the undersigned members of Sigma Sigma Upsilon colony hereby present this petition for a charter to establish a chapter of Delta Sigma Pi on the Campus of Saginaw Valley State University in Saginaw, Michigan.

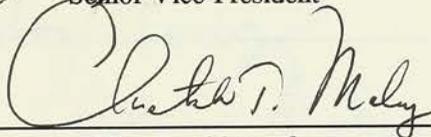

Sigma Sigma Upsilon has strived solely for the purpose of representing Delta Sigma Pi International Fraternity and the ideals which have been set forth by this organization. We, the brothers of Sigma Sigma Upsilon, have pledged to support the rules and regulations set forth in the Constitution and Bylaws of the International Fraternity of Delta Sigma Pi, and we will uphold the traditions and programs established by this association.

Dear Mr. Ferguson:

This letter is to recommend approval to form a Sigma Sigma Upsilon colony at Saginaw Valley State University.

I have every reason to believe that Sigma Sigma Upsilon will contribute to a positive campus environment. I support their application for acceptance and recognition as a new colony at SVSU.

Sincerely,

Eric R. Gilbertson

Dear Mr. Ferguson:

I am writing to recommend approval of a chapter of Delta Sigma Pi business fraternity at Saginaw Valley State University in Saginaw, Michigan. I am very happy to support this application.

The students involved in the Sigma Sigma Epsilon colony are attempting to further their education through visits to businesses and sponsoring area professionals to speak. The young men and women of this colony are exemplary students and citizens. As a new chapter of the Delta Sigma Pi Fraternity, this group would be a tremendous asset to Saginaw Valley State University.

I would like to support this application for acceptance and recognition of Gamma Sigma Phi as a new chapter of Delta Sigma Phi wholeheartedly.

Sincerely,

Dear Mr. Ferguson:

I recommend the approval of a chapter of Delta Sigma Pi at Saginaw Valley State University.

The students involved in the Sigma Sigma Upsilon colony are supplementing their classroom experiences with various impressive activities.

I am glad to support this application for acceptance and recognition of Sigma Sigma Upsilon as a new chapter of Delta Sigma Pi.

Sincerely,

Dear Mr. Ferguson;

I recommend the installation of the Sigma Sigma Upsilon Colony at Saginaw Valley State University, as a chapter of Delta Sigma Pi International Fraternity. I thoroughly support this endeavor and I admire the ambition of the students who have personally undertaken this goal.

It is a privilege for me to lend my encouragement and support to the young professionals involved with this organization. The purpose and objectives that the members of the Sigma Sigma Upsilon Colony have outlined for their professional program have been presented to me in detail, and I am pleased by their initiative and enthusiasm.

It is with full confidence that I submit my recommendation for the acceptance and approval of chapter status for the Sigma Sigma Upsilon Colony at SVSU. I wish continued success to the Colony's current members, and to those who will profit from their efforts in the future.

Sincerely,

Douglas C. Iles  
Vice President  
Resident Manager

Dear Sir,

Please accept this recommendation for the approval of a Delta Sigma Pi chapter at Saginaw Valley State University in Saginaw Michigan. I am very pleased to present and support this application on behalf of myself and as a member of the Saginaw business community.

I am very impressed with the accomplishments and future plans of the Sigma Sigma Upsilon colony at SVSU and I am delighted to see the students become more involved in their local business community. The students at SVSU are attempting to supplement their education by expanding the ordinary regiment of classroom exercises and lectures with more diversified activities. These activities include visiting local businesses and financial districts and inviting area professionals to their university to speak on a wide range of topics.

As a businessman in the Saginaw area interested in the education of our children and the future of our community, I urge you to accept the Sigma Sigma Upsilon colony's application.

Sincerely,

A handwritten signature in cursive script that reads "Leo A. Cesere".

Dear Mr. Ferguson:

This letter is to recommend our approval of a chapter of Delta Sigma Pi at Saginaw Valley State University in Saginaw, Michigan.

The students involved in the Sigma Sigma Upsilon Colony are further supplementing their classroom experience by visiting local corporations and inviting area professionals to speak to the students and faculty of the University.

We at AT&T support this application for acceptance of Sigma Sigma Upsilon as a new chapter of Delta Sigma Pi.

Sincerely,

Dear Mr. Ferguson:

The purpose of this letter is to recommend approval of a chapter of Delta Sigma Pi at Saginaw Valley State University. As you recall, I previously worked with SVSU students for two years as district director assisting them in their efforts to become an active chapter of Delta Sigma Pi.

From discussions I have had with some of the current officers, as well as attending one of their meetings, I see increased support and considerable enthusiasm for the establishment of a chapter. I know they have been involved in various professional activities and fund-raising events, as well as social activities. I truly believe the Sigma Sigma Upsilon Colony at SVSU will provide important experiences for students at SVSU and serve the fraternity of Delta Sigma Pi very well.

Sincerely,

Jerry A. Woodcock

# Institutional History

## Saginaw Valley State University

---

# Institutional History

The University occupies a 782 acre campus located on M-84 (Bay Road) within the triangle formed by Bay City, Midland, and Saginaw. SVSU is one of the most modern and well-equipped centers for higher education in the state. An extensive building campaign that began in 1983 provides an attractive, barrier-free campus with major classroom buildings and the library linked by enclosed walkways for everyone's convenience. SVSU is the newest of Michigan's 15 state institutions of higher education.

Saginaw Valley State University, known originally as Saginaw Valley College until 1975, and then Saginaw Valley State College until 1987, started as a private institution in 1963 and became a state supported college in 1965. The existence of SVSU is a testimonial to the determination and vision of dedicated people who believed this region deserved its own degree-granting institution to serve local needs. It took 12 years to turn the dream of a four-year institution into a reality. A charter was granted on November 13, 1963, to establish a private, four-year liberal arts institution.

In January of 1967, SVSU moved to the present campus site which consisted of a \$400,000 multi-purpose facility. A second building, housing temporary classrooms, was constructed in 1968. In 1969 the campus celebrated the addition of a major classroom complex including a major classroom building (Wickes Hall), a residence hall, and a student center and dining facility (Doan Center). The Pioneer Hall of Engineering and Technology, constructed with contributed funds, was dedicated in 1978. Two modern and well-equipped classroom instructional facilities were opened for Fall 1986 classes -- Brown Hall and the Science Building. The third component of the building facility, the Melvin J. Zahnow Library, was opened in January 1987 for the winter semester.

During the period 1986-89, three other facilities were opened: 1) a 40-unit student apartment complex (1986); 2) an administrative services building (1987); and 3) the Arbury Fine Arts Center and Marshall M. Fredericks Sculpture Gallery in 1989. The Arbury Fine Arts Center and Fredericks Sculpture Gallery is a \$7 million, privately funded facility that includes classrooms and display/performance areas for students in music and visual arts. The gallery features a permanent display of works by world-renowned sculptor Marshall M. Fredericks.

The Ryder Center for Health and Physical Education is an \$18.7 million center completed in 1989. The new structure surrounds and dwarfs the original Cardinal Athletic Center, adding 185,000 square feet. Cardinal Stadium, a 2,500-seat football stadium and Morley Field, a nine-lane outdoor track, are adjacent to the complex.

# University Mission

Saginaw Valley State University was chartered by the State of Michigan in 1963 to meet higher education needs in east-central Michigan. Today, more than 6,400 students from Michigan, as well as several other states and nations, are enrolled in undergraduate and master's degree programs at SVSU.

The primary mission of the University is to promote the intellectual and personal growth of students. As an important part of its mission, SVSU fosters research and creative activities. The goals of the research program are to extend knowledge, inspire superior teaching, and contribute to the intellectual, social, and economic well-being of the region. Community service is another element of the University mission. SVSU sponsors continuing education courses, conferences, workshops, and technology transfer efforts.

The institutional mission statement follows:

Saginaw Valley State University was founded primarily to meet higher education needs in east-central Michigan. The University offers a comprehensive array of traditional baccalaureate degrees. The same general education requirements support all of the undergraduate curricula. Master's degrees are also granted in fields for which there is a substantial regional demand.

Approximately one-half of SVSU's students are in the traditional age range. The others are older students, most of whom are preparing for occupational advancement or leadership roles in their community. Nearly 90 percent of all students are commuters; many combine part-time study with full-time or part-time employment. The resident students live in convenient apartment-like dormitory suites or housekeeping apartments.

The primary mission of SVSU is to promote the intellectual and personal growth of students. A highly qualified faculty, most of whom hold terminal degrees, teach both day and evening classes. Classes are designed to be relatively small. Support services and co-curricular offerings are planned to meet the needs of both residential and commuting students. Periodic program review is used to monitor the quality and impact of formal and informal learning opportunities.

# University Mission

## Cont'd

As an important part of its mission, the University fosters research and creative activities. The goals of the research program are to extend knowledge, inspire superior teaching, and contribute to the intellectual life and social well-being of the region.

Community service is another element of the University's mission. SVSU sponsors continuing education courses, conferences, workshops and technology transfer efforts. Cultural events, many campus activities, and the University library are open to the public. The library serves as the administrative center of a regional consortium formed to encourage resource-sharing. SVSU faculty and staff cooperate with area businesses and civic organizations in ways that contribute to the economic and cultural vitality of the region.

Two commitments are common to the instructional, research, and community components of the University mission. First, SVSU actively cooperates with area community colleges to assure broad access to education and efficient use of the knowledge and skills they need to function effectively in the increasingly interdependent nations of the world.

**Adopted by the Board of Control on October 14, 1985.**

# Accreditation

Saginaw Valley State University became a candidate for accreditation with the North Central Association (NCA) in 1968. Accreditation at the baccalaureate level was granted in 1970. Following an evaluation visit in 1974, the commission granted accreditation at the master's level with special reference to the initiation of the Master of Arts in Teaching degree. In subsequent years the commission granted SVSU provisional and then continuing accreditation at the master's level.

In 1987, the North Central Association renewed its accreditation of Saginaw Valley State University at the baccalaureate and master's degree level. In addition the University is accredited by the following specialized accrediting bodies:

**Accreditation Board for Engineering and Technology (Engineering)**

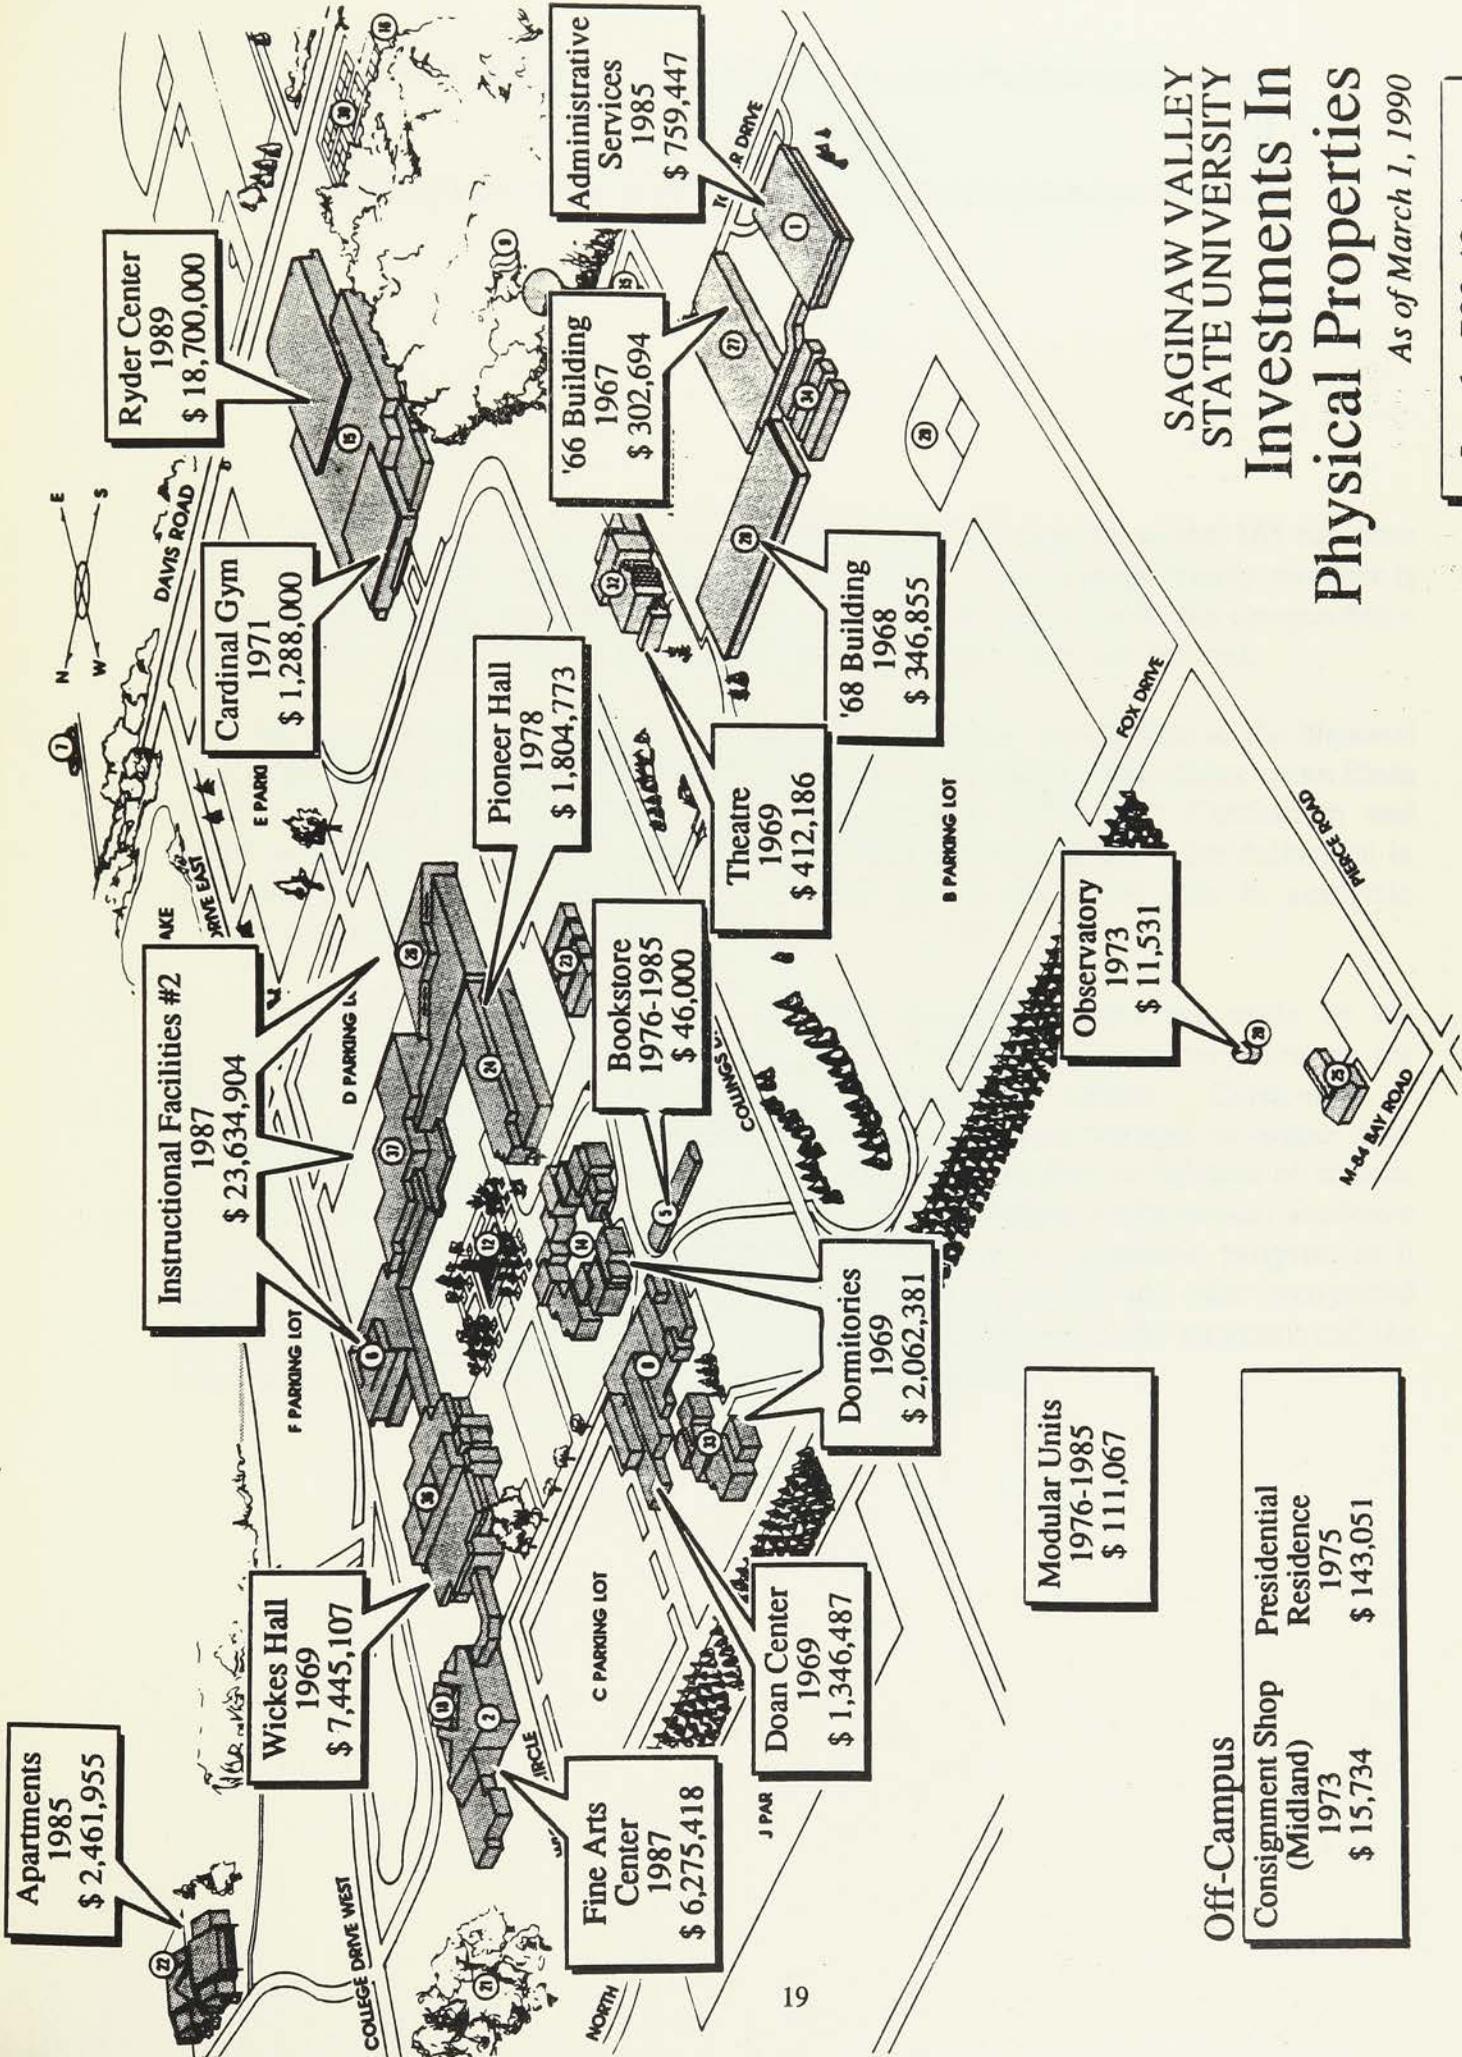

**American Chemical Society (Chemistry)**

**American Society of Clinical Pathologists (Medical Technology)**

**American Medical Association (Medical Technology)**

**Council of Social Work Education (Social Work)**

# Faculty

The faculty at SVSU is a varied group. Approximately 80 percent of the 168 full-time faculty members hold the terminal degree in their field. The average faculty member is 47 years old and has been teaching at SVSU for 12 years. As a result, the campus has a seasoned and stable faculty. Seventy-eight percent of the faculty are tenured.

The faculty is represented by the SVSU Faculty Association, an affiliate of the National Education Association and the Michigan Education Association. The major committees of the institution -- Professional Practices Committee (PPC), the Curriculum and Academic Policies Committee (CAPC), and the Graduate Committee -- are delineated in the 1990-93 SVSU Faculty Contract and give faculty an active role in academic governance and personnel decision.

Recommendations for curriculum and academic program changes are made by the faculty through the appropriate committee (PPC or Graduate Committee) through the Faculty as a Whole to the Vice President for Academic Affairs. Curriculum or academic program changes are those involving such matters as changes in course titles or numbering; changes of departmental prerequisites; introduction or deletion of courses in the major, minor, or elective category; evaluation of student performance; academic program content defined so as to include the structure of an academic program as it relates to certification, degree requirements, subject matter, and/or any other recognized professional criteria as determined by the faculty qualified to teach the program; and the introduction of new programs, majors or minors, or degrees.

# Profile of Students

The University mainly serves more than 6,400 students from east-central Michigan and from around the state. More than 60% of the student body is from the tricounty area (Bay, Midland, and Saginaw Counties), and more than 90% from the 14 county service region.

Approximately 600 students (10%) are campus residents, approximately 3,500 students (57%) are day commuters, and approximately 2,100 students (34%) are evening commuters. At SVSU, 3,174 students (1,361 men and 1,813 women) are full-time students (51%), and 3,038 students (1,099 men and 1,939 women) are part-time students (49%). About 2,000 or 33% (878 men and 1,144 women) of the students at SVSU are under 22 years of age, 1,100 or 17% (472 men and 594 women) are 22 to 24, and 3,100 or 50% (1,100 men and 2,014 women) are 25 years or older.

# History

## College of Business and Management

---

# History

Under the direction of Dr. George Harman, Saginaw Valley State College first established a formal School of Business and Management during the 1974-75 academic year. In the Fall of 1978, Dr. James L. Mitchell was appointed as the Dean of the School of Business, and together he and Dr. Harman established a Master of Business Administration program. In 1987, Saginaw Valley State College became Saginaw Valley State University, and the School of Business and Management was changed to the College of Business and Management.

Currently, the College of Business and Management offers programs leading to Master's and Bachelor's degrees, in particular, the Master of Business Administration (M.B.A.), the Bachelor of Business Administration (B.B.A.), and the Bachelor of Arts (B.A.). The B.A. degree is available only with a major in Economics. The B.B.A. programs offered by the College allow students to concentrate in, or major in, Accounting, Economics, Finance, Management, Industrial Management, Marketing and General Business.

The College of Business and Management has experienced tremendous growth since its inception in 1975, and in the Fall of 1991 students enrolled in the College accounted for more than 20% of the University's population.

The College has continuously expanded its facilities to meet the needs of its students and provide them with a dynamic, up-to-date learning environment. The future will see the construction of a multi-million dollar facility that will be called The Business Innovation and Professional Development Building. Once completed, this new complex will house the College of Business and Management. The architectural plans for this modern learning facility have been approved, with a targeted construction date set late in 1993.

# Goals and Objectives

The College of Business and Management assumes that students pursuing four-year degrees in business and economics at SVSU have two major objectives for their academic training. First, they intend to achieve specialized skills adequate to qualify them for entry-level positions in a variety of private and public enterprises. Generally, the specialized content of majors offered by the College makes this objective possible. But the College assumes further that students have a broader objective. Over their four-year experience at SVSU, business and economics students plan to sharpen their communication skills with the expectation that these efforts will enrich their lives generally and prepare them for leadership roles in our society. As a result of the total SVSU experience -- including careful selection of coursework outside of the College and participation in cultural and other campus events and activities -- students expect to gain a better appreciation of the arts, literature and the sciences; they expect to have a better sense of history and the workings of the social, political and legal institutions which form their environment; they expect to be able to speak, listen, write and read more effectively; and they expect to have a more global perspective of their total environment

# A Glimpse of Saginaw Valley State University

---

## Byron Center for Health and Physical Education

The Byron Center for Health and Physical Education was completed in 1975. The new complex includes the newly constructed Cardinal Athletic Center, totaling 175,000 square feet. The Byron Center includes the James H. Hinkle Jr. Gymnasium, which seats 1,200 for basketball games and 4,000 for basketball games and other activities. The complex also includes 170,000 square feet of multi-purpose space for tennis, racquetball, badminton, and recreational sports. Other features include a 25-lane Olympic-sized swimming pool with a separate hot tub, eight racquetball courts, 100m track, tennis courts, and 100,000 square feet of multi-purpose space. The complex also includes a track and softball stadium, as well as 10 new tennis courts, two soft-sand courts, a golf course-like area and 10,000 square feet of covered parking. A 2,500-seat football stadium, the Mackey Field, and the new outdoor running track, are subjects of the complex.

## **Ryder Center for Health and Physical Education**

The Ryder center is an \$18.7 million center completed in 1989. The new structure surrounds and dwarfs the original Cardinal Athletic Center, adding 185,000 square feet. The Ryder Center includes the James E. O'Neill Jr. Arena, which seats 2,000 for track meets, 4,000 for basketball games and 6,000 for Commencement. Inside the arena is a six-lane, 200-meter track and a multi-purpose area for tennis, volleyball, badminton and intramural sports. Other indoor facilities include a 50-meter Olympic-sized swimming pool with a moveable bulkhead, eight racquetball courts, fitness center, human performance lab, classrooms and locker rooms. New outdoor facilities include baseball and softball stadiums, as well as 10 new tennis courts, two intramural fields, a golf instruction area and an archery range. Cardinal Stadium, a 2,500-seat football stadium, and Morley Field, a nine-lane Reslite outdoor track, are adjacent to the complex.

## **Dorothy D. (Honey) and Ned Arbury Fine Arts Center and Marshall M. Fredericks Sculpture Gallery**

The Dorothy D. (Honey) and Ned Arbury Fine Arts Center and Marshall M. Fredericks Sculpture Gallery is a \$7 million, privately-funded facility that includes classrooms and display and performance areas for students in music and the visual arts. The gallery features a permanent display of the work and models of world-renowned sculptor Marshall M. Fredericks.

## Wickes Hall

Wickes Hall centralizes student services on the first floor, including the Registrar's office, Academic Support Services, Admissions, Scholarships & Financial Aid and the Office of Placement, Cooperative Education and Counseling Services. Also included are offices for career, personal and substance abuse counseling and Student Government. The second floor accommodates the nursing program, Health Services, data processing, Information Services and the *Valley Vanguard* student newspaper. Chief administrative offices, the Dean of Student Affairs Office and the Academic Dean's Offices are on the third floor.

## Doan Center

Doan Center is the location for the offices of Campus Activities, Dining Services, Orientation and Residential Life. The University Cafeteria for dormitory and commuter students accommodates more than 400 people. Also included are an information desk, meeting rooms, lounge areas, the Cardinal's Nest Snack Bar and a game room.

## **Melvin J. Zahnow Library**

Named for one of the University's founders, the Melvin J. Zahnow Library opened its doors in the spring of 1987. Its 66,726 square feet span three floors, offering its users a comfortable and convenient place for research and study. The Zahnow Library is one of the region's largest and most modern libraries. As of mid-1990, the library's collection totals over 220,000 volumes and is increasing by nearly 10,000 volumes each year. In addition, the library houses generous collections of periodicals and audio-visual materials, government documents, the University archives and over 220,000 microforms. The library mission is to develop its collections toward meeting the research needs of the undergraduate.

# Sigma Sigma Upsilon

In early 1988, the idea of beginning a chapter of Delta Sigma Psi on the campus of Siskiyou Valley State University was first proposed. Due to poor timing and a lack of interest, however, the idea was shelved for the following year.

In the fall of 1991, internal matters of the University offered promise that the dream of establishing such a chapter would now become a reality. The level of support from both students and the University was unprecedented. The challenge of "making something from nothing" was one of the most exciting objectives of the society.

On November 14, 1991, \_\_\_\_\_ to determine the precise number of students who were interested in the idea of a professional business fraternity. Attendance was outstanding at nearly 70 students. Following this initial meeting, executive officers were nominated and elected, and professional meetings were scheduled to develop and organize community events and activities, fundraising promotions, and recruitment efforts.

The purpose and objectives of the Sigma Sigma Upsilon society had yet to be drawn up, and there was a great deal of work to be done, but the dedicated group of professional students who were associated with the society looked forward to the challenge!

# History

In early 1988, the idea of beginning a chapter of Delta Sigma Pi on the campus of Saginaw Valley State University was first initiated by Marty Boda. Due to poor timing and a lack of interest, however, the colony dwindled during the following year.

In the Fall of 1991, interest resurfaced, and a renewed effort offered promise that the dream of establishing such a chapter would now become a reality. The level of support from both students and the University was tremendous. The challenge of "creating something from nothing" was one of the most exciting objectives of the colony.

On November 14, 1991, an open meeting was held on campus to determine the precise number of students who were interested in the idea of a professional business fraternity. Attendance was outstanding at nearly 70 students. Following this initial meeting, executive officers were nominated and elected, and professional meetings were scheduled to develop and organize community events and activities, fund-raising promotions, and recruitment efforts.

The purpose and objectives of the Sigma Sigma Upsilon colony had yet to be drawn up, and there was a great deal of work to be done, but the dedicated group of professional students who were associated with the colony looked forward to the challenge!

# Purpose and Objectives

## **Objectives:**

- To provide rewarding educational experiences to colony membership.
- To increase attendance at professional meetings and advance recruitment of business students for membership.
- To increase contact and forge positive relationships with area businesses and their professionals.
- To involve the faculty and alumni of SVSU in the colony's professional program.

## **These objectives are to be met through various activities including:**

- Professional Meetings, the purposes of which are to provide the membership and potential members with an increased exposure to the dynamics and diversification of today's business environment and its impact on their futures.
- Professional Social Activities to continually enhance the professional program and expand its dimensions while providing increased opportunities for social interaction.
- Professional Field Trips to locations such as Dow Chemical locally, and the Chicago Financial District abroad, among others. These excursions are meant to provide an extension of the classroom experience and an opportunity for "real world" exploration of business functions. They will also allow participants to interact with corporate personnel on a professional level.

# Colony Activities

**November 14, 1991** -- Jade Boling, President of Sigma Sigma Upsilon, hosted an open meeting on campus to determine the number of students interested in a co-ed professional fraternity. Attendance was outstanding at nearly 70 students. Speakers at the meeting included Jade Boling, President; Todd Cramer, Coordinator of Cooperative Education and Employment at SVSU; and Jeff Fizer, Delta Sigma Pi Regional Director.

**December 13, 1991** -- By this date, the end of the Fall semester, the colony had held three general meetings at which officers were nominated and elected, committees formed to develop and organize professional meetings, community service activities, fund raising events, and recruitment efforts, and to schedule all of this into the coming semester's calendar.

**January 5, 1992** -- Jade Boling held the first Executive Officer's Meeting, after which such meetings were held every other week to discuss coming events and provide all officers with an update on the progress of each committee.

**January 8, 1992 - January 9, 1992** -- Stephen Warheit chaired a recruitment drive in the Brown Hall concourse during which he distributed literature about the colony to business students and answered questions regarding membership.

**January 15, 1992** -- The first Professional Meeting was held, during which a schedule of coming events was distributed to all members.

**January 25, 1992** -- A Chapter Workshop was held on the campus of SVSU. Speakers included Dean Ferguson, Jeff Fizer, and Huong-Hoa Tran, all of whom discussed how the colony might better organize itself, and what it must accomplish in order to be considered eligible as a chapter of Delta Sigma Pi by May of 1992. The event was extremely helpful in providing a focus for future efforts.

**February 5, 1992** -- During the Professional Meeting on this date, the colony hosted Terri Lechner-Carmichael as a guest speaker from Merrill Lynch.

**February 8, 1992** -- A group of colony members travelled to Western Michigan University to participate in events at the Annual Rose Bowl.

**February 9, 1992** -- A Professional Social Activity was held at the nearby Bintz's Apple Mountain Ski Resort. In addition to being a social event, this activity also served as a fund-raiser for the colony.

## Colony Activities

Cont'd

**February 18, 1992** -- During the Professional Meeting on this date, the colony hosted a guest speaker from General Motors. Dues collection also began at this meeting.

**February 21, 1992** -- The colony's first Corporate Field Trip took members to Dow Chemical U.S.A of Midland, Michigan. During the 2½ hour excursion, members of the colony were able to see first hand the inner workings of a major chemical manufacturer, from the corporate office structure with its intricate hierarchy to the industrial plant itself, where many of the country's most famous, and occasionally notorious, products are developed and manufactured. This trip was highly informative and was thoroughly enjoyed by all participants.

## Schedule of Coming Activities

**March 14, 1992** -- During this Professional Meeting, SVSU alumni are invited to participate and share their views and suggestions for gaining ground in today's professional environment. It is expected that their first-hand knowledge will go far in helping colony members to plan a successful strategy for entering the professional job market. Immediately following this meeting there will be an After Hours Social at a nearby restaurant.

**March 27, 1992** -- Colony members are invited to participate in an After Hours Social at a local restaurant.

**April 1, 1992** -- A Professional Meeting has been scheduled for all members during which the colony will host a guest speaker. The identity of the speaker will be announced at a future date prior to this meeting.

**April 10, 1992** -- All colony members are invited to participate in the final After Hours Social before classes break for the Summer.

**April 30, 1992 - May 3, 1992** -- During this weekend, members will participate in a Community Service Activity in the form of the Michigan Department of Transportation's Adopt-a-Highway Program. Sigma Sigma Upsilon has been issued a two mile stretch of M-81 to maintain free of trash and debris. The colony will participate in this program three times each year

**May 30, 1992** -- The goal of the Sigma Sigma Upsilon colony is to become installed as a recognized chapter of Delta Sigma Pi by this date!

# Faculty Advisor

## Advisors

---

### Michael J. Brennan Faculty Advisor

Michael J. Brennan, J.D., is currently a Professor at the University of North Carolina at Chapel Hill. He is currently an Associate Professor of Business Law. He received his B.S. from Duke University and a J.D. from the University of North Carolina.

Professor Brennan has served as the Faculty Advisor for Sigma Sigma Sigma at the University of North Carolina. He is a member of Delta Sigma Phi.

## Faculty Advisor

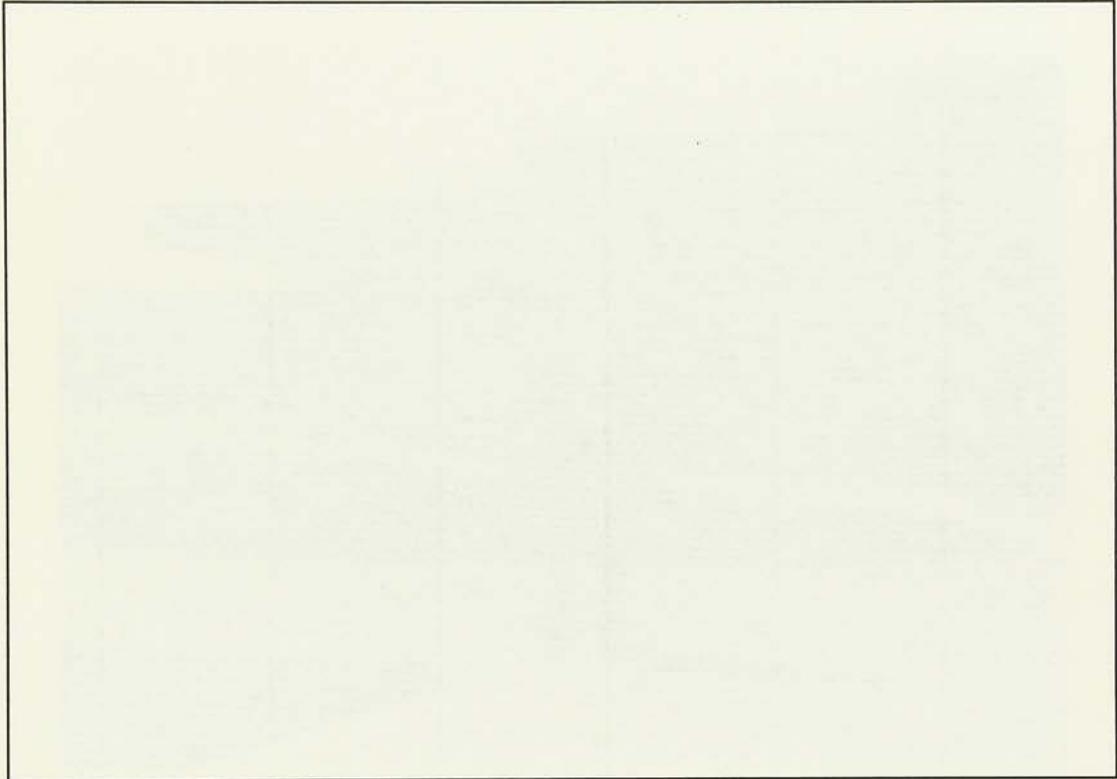

**Michael J. Sovansky**  
**Faculty Advisor**

Michael J. Sovansky joined the faculty of Saginaw Valley State University in 1980. He is currently an Associate Professor of Business Law. Professor Sovansky earned a B.A. from York College and a J.D. from Thomas Cooley Law School.

Professor Sovansky has served as the Faculty Advisor for Sigma Sigma Upsilon since its inception. He is a member of Delta Sigma Pi.

# Alumni Advisor

## **Jerry A. Woodcock** **Alumni Advisor**

Jerry A. Woodcock joined Saginaw Valley State University in 1978 as Vice President of Business Affairs, and currently serves as Vice President for Administration and Business Affairs.

Mr. Woodcock earned a B.A. in Commerce from Ferris State College, where he was a member of the Delta Rho chapter of Delta Sigma Pi. Mr. Woodcock is also a C.P.A. and he received his M.B.A. from Michigan State University.

Mr. Woodcock's interest in seeing a chapter of Delta Sigma Pi at SVSU has continued from the first days of Sigma Sigma Upsilon. He served for two years as District Director of Delta Sigma Pi.

# Faculty Initiate

**Gary Clark**  
**Faculty Initiate**

Dr. Gary Clark came to Saginaw Valley State University in 1991 as a Professor of Marketing. Dr. Clark holds a Ph.D. in Marketing from the University of Kentucky. He earned a B.A. and an M.B.A. in Marketing/Management from Eastern Illinois University

Dr. Clark has shown an exceptional amount of enthusiasm and support for the endeavors of Sigma Sigma Upsilon. He has fostered our growth through personal attention and effort, and we appreciate his support.

# Membership Plan

## North Sigma Chapter Fellowship Chapter of Delta Sigma Pi

### Constitution of the Chapter

## Membership

- 1. A membership of the Chapter shall consist of all members who have been admitted to membership in accordance with the provisions of this Constitution and the Bylaws of the Chapter.
- 2. A membership shall be held for the term of one year beginning on the first day of January and ending on the last day of December.
- 3. A membership shall be held for the term of one year beginning on the first day of January and ending on the last day of December.

### Benefits to the Member

- 1. The member shall be entitled to all the rights and privileges of membership in the Chapter.
- 2. The member shall be entitled to all the rights and privileges of membership in the Chapter.
- 3. The member shall be entitled to all the rights and privileges of membership in the Chapter.
- 4. The member shall be entitled to all the rights and privileges of membership in the Chapter.
- 5. The member shall be entitled to all the rights and privileges of membership in the Chapter.

# Membership Plan

## **Sigma Sigma Upsilon Petitioning Colony of Delta Sigma Pi**

### **Responsibilities of the Member**

- A commitment of time and effort to the colony in community service projects, fund-raising programs, and professional business meetings.
- A commitment to continued growth and prosperity with regards to advancement toward the establishment of a chapter.
- A commitment toward the presentation of new ideas regarding activities and programs offered by the colony.
