B. DELTA SIGMA PI RISK MANAGEMENT POLICY

This policy applies to all members of Delta Sigma Pi (collegiate and alumni), faculty members, pledges, startup group members and employees referred to henceforth as ‘organizational member(s)’ for the purpose of this policy. Organizational members are responsible for ensuring that their guests and volunteers who are not organizational members are made aware of and comply with this policy.

The Executive Director is granted the authority to issue a cease and desist directive to any chapter for a term of up to thirty (30) days. Under any cease and desist directive, a chapter is still considered in good standing, however, may not be permitted to host and/or participate in Fraternity activities as described in the directive.

Policy 1. Alcohol, Drugs, and Fraternity Events

In any activity or event sponsored or endorsed by the organization, including those that occur on or off organizational premises:

- A. Organizational members and guests must comply with all federal, state and local laws. No person under the legal drinking age may possess, consume, sell, provide, or be provided alcoholic beverages.
- B. Organizational members and guests must follow the federal law regarding illegal drugs and controlled substances. No person may possess, use, provide, distribute, sell, and/or manufacture illegal drugs or other controlled substances while on organizational premises or at any activity or event sponsored or endorsed by the organization.
- C. Alcoholic beverages must either be: (1) provided and sold on a per-drink basis by a licensed and insured third-party vendor (e.g., restaurant, bar, caterer, etc.); or (2) brought by individual members and guests through a bring your own beverage (“BYOB”) system.

- E. Alcoholic beverages must not be purchased with chapter funds or funds pooled by members or guests (e.g., admission fees, cover fees, collecting funds through digital apps, etc.).
- F. No chapter may co-host or cosponsor, or in any way participate in an activity or event with another group or entity that purchases or provides alcohol or illegal drugs.
- G. No chapter may co-host or cosponsor an event with a bar, event promoter, or alcohol distributor; however, a chapter may rent a bar, restaurant, or other licensed and insured third-party vendor to hold a chapter event. Chapters are not permitted to sell alcohol as a fundraiser.

Policy 2. Hazing

The term “hazing” means any intentional, knowing, or reckless act committed by a person, whether individually or in concert with other persons, against any individual or group of individuals, regardless of affiliation, for the purpose of recruiting, joining, pledging, initiating, admitting, affiliating, or for the purpose of retaining membership in an organization that causes an individual or group of individuals to do any of the following, regardless of a person’s willingness to participate:

- A. Be coerced to violate federal, state, local law, or Delta Sigma Pi policy.
- B. Be coerced to consume any food, liquid, alcohol, drug, or other substance in any non-customary manner which subjects the individual or group of individuals to a substantial risk of emotional or physical harm which includes but is not limited to sickness, vomiting, intoxication, or unconsciousness.

- E. Endure any other activity which adversely affects the health and safety of an individual, including but not limited to the disruption of academic performance or class attendance, required designated driving programs, line ups, calisthenics, or personal, physical, or financial servitude.

Policy 3. Discrimination

Discrimination against or harassment of any individual for reason of race, ethnicity, creed, religion, sex, sexual orientation, gender identity, marital status, national origin, age, disability or veteran status is specifically prohibited. Accordingly, equal access to employment opportunities, membership, educational programs, financial assistance and all other fraternal activities is extended to all persons.

Policy 4. Assault & Battery

In any activity or event sponsored or endorsed by Delta Sigma Pi, no chapter, member or guest will engage in or permit assault and battery, as defined in the state statutes in which the activity or event occurs.

Policy 5. Sexual Misconduct

No organizational member or guest will engage in or permit sexist or sexually abusive behavior, sexual harassment, non-consensual sexual activity, sexual violence, domestic violence, dating violence, stalking, or sexual exploitation. For the purposes of this policy:

- A. Consent is the affirmative, unambiguous, and voluntary agreement to engage in a specific sexual activity during a sexual encounter.
- B. Sexual harassment is unwelcome conduct of a sexual nature.
- C. Sexual violence is any physical sexual act perpetrated against a person's will or where a person is incapable of giving consent (e.g. due to an individual's age or use of drugs or alcohol, or because of an intellectual or other disability prevents the individual from having the capacity to give consent).
- D. Domestic violence is a pattern of abusive behavior that is used by an intimate partner to gain or maintain power and control over the other intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person.
- E. Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship will be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- F. Stalking is defined as a pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear.
- G. Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses.

Policy 6. Weapons, Firearms, Explosives, Incendiary Devices

Delta Sigma Pi and its members must comply with all federal, state, and local laws and campus policy as it relates to firearms or explosives, incendiary devices or any type of weapon.

Firearms, explosives, incendiary devices, or any type of weapon are prohibited at all regional, provincial and national Fraternity activities or events.

Policy 7. Chapter Houses and Meeting Facilities

The ownership of houses or other living, social or meeting quarters by chapters of Delta Sigma Pi, house corporations or any similar entities is prohibited.

The rental or lease of houses or other living quarters by chapters of Delta Sigma Pi, house corporations or any similar entities is prohibited.

Policy 8. Retaliation

Delta Sigma Pi prohibits retaliation against any individual – members and non-members – for reporting,

inquiring, or cooperating with a report around a violation of the Risk Management Policy.

Retaliation is any action, statement, or behavior that is designed to punish an individual for filing a compliance report, cooperating with a compliance investigation, seeking guidance regarding a compliance concern, or to deter one from taking such action.

Policy 9. Policy Distribution

Delta Sigma Pi will maintain the Risk Management Policy on the Fraternity's official website.

C. INSURANCE

Policy 1. Additional Named Insureds

The Fraternity will not add additional named insureds to its insurance coverage unless the request is:

- From staff for Grand Chapter Congress or LEAD event purposes
- From school administration for chapter recognition or campus facility use
- In conjunction with a philanthropic activity, at which alcohol is not involved in any way

Policy 2. Insurance for Chapter Developed or Sponsored Large Events—Chapters and startup groups are required to purchase liability insurance and list the National Fraternity as an additional insured for any event that has an anticipated (or historical) attendance of more than 300 people. This includes all events that are sponsored or co-sponsored by the chapter and/or startup group, including pledging events. The only exemption to this policy is made for ritualistic activities (i.e. initiations) that are held on campus.

For any event covered by this policy, the hosting chapter or startup group must submit any necessary contracts to the Executive Director at least 90 days in advance of the event for review of any contracts. All contracts must be signed on behalf of the specific chapter or startup group (i.e. The Alpha Alpha Chapter of Delta Sigma Pi) and not on behalf of the International Fraternity of Delta Sigma Pi (or just "Delta Sigma Pi"). Once the event has been approved and the insurance purchased, a copy of the certificate must be sent to the Executive Director.

Policy 3. Payment of Deductibles—For most insurance claims involving volunteers, the Fraternity will pay deductibles in full after all secondary insurance coverage is exhausted. In those cases where significant fault by the volunteer in question has been determined by the Board of Directors, the Board will determine whether any or all of the deductible will be paid by the Fraternity.

Policy 4. General Risk Management Policy—The risk management policy is intended to assist Delta Sigma Pi in reducing the risk exposure of the Fraternity by taking actions designed to reduce the risk of acting in a negligent manner.

This policy is not a substitute for individual responsibility by all organizational members of Delta Sigma Pi.

D. COLLEGIATE CHAPTERS

Policy 1. Bylaws—Each chapter is required to annually submit (electronically) a complete set of their bylaws to the Central Office before November 15. This is required even if no changes have been made. Chapters failing to do so will be subject to disciplinary measures.

Chapter bylaws must not contradict the National Bylaws or Policies established by Delta Sigma Pi. All proposed amendments to the chapter bylaws must be submitted in advance to the Central Office for review and approval by the Executive Director, or his designee, before they become effective.

Policy 2. Officers—

- A. **Elected per National Fraternity:** The following elected officers are the minimum required of each chapter and are to be elected in the following order: president, senior vice president, vice president-pledge education, vice

president-finance, vice president-chapter operations, chancellor, vice president-professional activities, vice president-community service, vice president scholarship and awards, and vice president-alumni relations. Chapters may elect additional officers based on their own bylaws, but only the officers listed in this subsection will receive official communications from the Central Office.

- B. **Elected or Appointed at Chapter's Option:** Chapters may elect, or the chapter president may appoint, additional, including assistant, officers based on the chapter's own bylaws. Suggested additional officers include: webmaster, historian, and newsletter editor.

Policy 3. Qualifications for Office—In order to be nominated, elected or appointed to office (with the exception of the Chapter Advisor) a brother must be a current member of the chapter (or has transferred to, and is affiliating with the chapter) and be in good standing. Any officer that is placed on probation by the university, or becomes in arrears for more than sixty (60) days for any Fraternity liability, is automatically disqualified for chapter office.

Policy 4. Impeachment of Elected Chapter Officers—If any three (3) members of the chapter Executive Committee (or any 5 chapter members) feel that an elected officer should be removed from office, they must submit a motion to the chapter in writing including all charges against the officer and signed by all 3 or 5, respectively. If at least 51% of the members in good standing, present and voting, approve the motion, the chapter will determine a date for the recall proceedings. Such recall proceedings must be held within a reasonable time of the impeachment motion. Proper notice of such proceedings must be given to the officer in question and the collegiate members of the chapter. The officer in question is temporarily suspended from their duties until the proceedings are held. The president appoints a member to perform the duties of the office until the outcome of the recall proceedings is determined.

Policy 5. Recall of Elected Chapter Officers—The chapter members must vote on the recall of an elected officer after proper notice is given. A two-thirds (2/3) vote of the members in good standing, present and voting is required to recall an elected chapter officer. If an officer is removed, policies concerning filling vacancies are then followed.

Policy 6. Vacancies—If a temporary vacancy occurs as a result of action taken through individual discipline, the president must propose an interim candidate to the chapter's executive committee for approval. A majority vote of executive committee members is required to approve the candidate as an interim officer.

If a vacancy occurs in any elected chapter office for any other reason, the chapter must hold a special election for the vacated office. Prior to holding the special election, it may be necessary for the president to appoint another member to temporarily assume the duties of the vacated office.

If the vacated office is the president, then the senior vice president assumes the responsibilities of the president until a new president is elected or appointed in accordance with this policy.

Policy 14. Inactive Alumni Chapters—A chapter not on probation or receivership, whose membership reaches nine or less, will be placed on inactive status. As soon as the membership is increased to ten (and the other franchise renewal requirements under Article XI, Section 2 of the Bylaws are met) the chapter becomes active again.

Policy 15. Chartering New Chapters—Any alumni member in good standing may be recognized as a contact person for alumni chapter expansion in a specific geographic location. Refer to Bylaws Article XI, Section 1 and Article XVI, Sections 6 and 7.

Policy 16. Franchising Existing Chapters—To be recognized continuously as an alumni chapter, the chapter must complete franchising requirements between April 1 and June 30 each year for the upcoming fiscal year. Franchising requirements include a list of officers, a roster of at least ten members residing in the locality of the chapter, a franchise fee of \$33 in 2025-26, a copy of the chapter bylaws, and a charter renewal fee of \$33 in 2025-26 if franchising has lapsed.

Policy 19. Boundary and Location Approval for Alumni Chapters—If an alumni chapter locality is equally divided by a regional boundary, the leadership of the alumni chapter under consultation of the two affected Regional

Vice Presidents, will determine the region to which the alumni chapter will belong. The Regional Vice President will be consulted in determining the chapter locale for the purpose of officer eligibility. If a disagreement arises between the chapter and the Regional Vice President in determining boundaries or locales, the Provincial Vice President makes the decision.

Policy 20. Notification Upon Formation of New Alumni Chapter—When a *new* alumni chapter franchises, the Central Office will notify the Regional Vice President and Provincial Vice President. This does not apply to refranchising of existing chapters.

Policy 21. Naming an Alumni Chapter—

- A. The initial naming of an alumni chapter shall take place with the chartering of the chapter. After the initial naming of an alumni chapter, a name change for an alumni chapter in good standing can only take place in odd years at the time of annual refranchising, which occurs from April 1 - June 30 for the upcoming fiscal year.
- B. The naming of an alumni chapter must meet the following criteria: The first part of the name must directly reflect the name of a city where the chapter is focused; the alumni chapter cannot be named the same as any Region or Province; the use of a hyphen (- or /) is permitted; no other punctuation is to appear in the name. The words “alumni chapter” will follow the name designation. (e.g. Seattle-Latte Land Alumni Chapter, not Latte Land-Seattle).
- C. In the instance where an alumni chapter is rechartering after a time of inactivity, the alumni chapter can request a name change during the initial refranchising process. If a rechartering alumni chapter does not request a name change, the chapter shall take the name of the chapter that previously existed in that area. After one fiscal year of inactivity, an alumni chapter in any particular geographical area is considered “lapsed.” Therefore, any alumni chapter forming in a geographical area where a lapsed alumni chapter previously existed will be subject to all fees applying to the rechartering of a lapsed alumni chapter according to the interpretation of the *National Bylaws* regardless of any request to change the name of the alumni chapter; an alumni chapter forming in the same geographical area as a pre-existing alumni chapter will not be considered a newly chartered alumni chapter.
- D. To request a name change, the alumni chapter must submit a request to the Central Office. Approval of the name change is at the discretion of the Executive Director or their designee. A decision will be communicated to the alumni chapter within a reasonable time of the request. If approval of a name change is granted, the change will be effective immediately. All name change requests will be kept on file at the Central Office. Prior to request, a name change must be approved by vote of the chapter.
- E. Alphabetical listings of alumni chapters are to be determined by the first word of the city/state beginning in the alumni chapter name.

Policy 22. Foreign Alumni Chapters—Alumni chapters that wish to franchise outside the United States must seek approval from the Board of Directors to franchise. Once approved, the alumni chapter must purchase their own liability insurance policy with minimum coverage equal to or greater than the National Fraternity’s coverage. The alumni chapter must also list the International Fraternity of Delta Sigma Pi as “additional insured” on all insurance policies. Proof of insurance must be submitted during franchising to the Central Office in place of the alumni chapter liability insurance premium.

Policy 23. Chapter Investments—Chapter funds may only be held on deposit with federally insured (FDIC or NCUA) institutions (in checking accounts, savings accounts, money market accounts, or certificates of deposit), or the Delta Sigma Pi Leadership Foundation.

Policy 5. Academic Program Membership Qualifications—The Board of Directors does not consider all business and economics related programs equal in content of the requirements of Schools of Business or Economics. Therefore, each such program will be evaluated on its individual merits on a case-by-case basis. It is the intent of the Board of Directors to approve programs existing outside a School of Business or Economics that meet the criteria listed below. The Board has delegated to the Executive Director the responsibility of determining what programs may be allowed at schools.

A qualified program shall have a minimum of 45 undergraduate unit/credit hours (or 15 courses, should units/credits not be available for review) or 18 graduate unit/credit hours (or six (6) courses should units/credit hours not be available for review) of business or economics related coursework.

In order to qualify as either business or economics related, courses must pursue a business or economics purpose. This definition will not include classes where course work is oriented toward technical applications or liberal arts.

Any chapter or potential startup group desiring to have the approval to recruit or initiate members from a program not within a School of Business Administration, Commerce or Accounting, or Economics, shall submit a written request to the staff of the Central Office. The request must include the program curriculum and website where it can be accessed.

Policy 6. Voluntary Withdrawal (Permanent Removal)—

A. **Definition and Purpose**—Voluntary Withdrawal is the request by a member to the Board of Directors to be permanently removed from membership without eligibility for reinstatement. It is designed to accommodate the wishes of a member who, any time after initiation, experiences a change in belief systems or experiences extreme and permanent hardship. Voluntary withdrawal is not designed to accommodate temporary or manageable factors. Specifically, being unable to meet financial obligations or to actively participate in chapter activities will not be considered acceptable reasons for voluntary withdrawal, unless extenuating circumstances exist.

There is no form of appeal on a voluntary withdrawal request. The Board of Directors reserves the right to reconsider any rejected voluntary withdrawal application if the candidate submits more substantiating information after an initial vote.

B. **Eligibility Requirements to Apply**

1. There must be no outstanding financial obligations to either the chapter or the National Fraternity by the applicant.
2. The applicant must be in good standing with the chapter as defined in Article XII, Section 16, of the Bylaws.
3. Only in the most extenuating circumstances will the inability to meet financial obligations or to participate in chapter activities be considered as acceptable reasons for granting voluntary withdrawal.
4. A written recommendation from a Grand Officer, District Director or the Chapter Advisor is suggested.

C. **Procedure for Voluntary Withdrawal**

1. Completion of the voluntary withdrawal application form in its entirety is required. An alumni member requesting voluntary withdrawal must submit the application to the Central Office staff.
2. A collegiate member requesting voluntary withdrawal must submit the application to the executive committee of their chapter for consideration. A simple majority of executive committee members must review and vote on the application for voluntary withdrawal within 14 days. Upon approval the application will be updated with the vote results.
3. If the executive committee approves the application for voluntary withdrawal, the decision will then be submitted to Central Office staff for review within seven days of the meeting. Staff must review the application and approve or deny within 14 days of receipt.
4. Upon approval of the application, the Central Office will send a letter notifying the requester and chapter (if applicable) of the decision.

Policy 7. Inactive Status (Collegiate, during an academic term)—

- A. **Purpose:** Although membership in Delta Sigma Pi is considered a life time commitment, extreme circumstances arise that necessitate the inactive status of a member during a specific academic term. The Bylaws of Delta Sigma Pi provide for a temporary removal from membership as an inactive status under the following Requirements and Procedures. All applicants should be aware that an inactive status is a temporary suspension of membership during an academic term. Your active membership is immediately reinstated the following academic term. Additional requests for inactive status for subsequent academic terms must be submitted as needed.
- B. **Requirements:**
1. There shall be no financial obligations to either the chapter or the International Fraternity of Delta Sigma Pi by the member requesting inactive status.
 2. The applicant must be in good standing with the chapter as defined in Article XII, Section 16, of the Bylaws.
 3. Extreme circumstance is defined, but not limited to, the following circumstances:
 - a) Extreme loss in family income or livelihood.
 - b) Natural disaster to hometown, country, etc. that has a direct impact on the brother or their family. Hurricanes, floods, tornadoes, earthquakes, forest fires, etc. causing an immediate effect on the brother or their immediate family including displacement from home, loss of home or personal property.
 - c) Significant changes in income or employment conditions of the brother. The hardship or significant need must be explained in full detail.
 - d) Death or serious illness of immediate family member.
 - e) Immediate family member involved in serious accident. Injury of an immediate family member which causes significant impact upon lifestyle of member whereas, the member must provide care, return home, leave school, etc.
 - f) Personal changes to the member such as pregnancy, serious accident or injury requiring a hospital stay, or major surgery.
 - g) Request for inactive status should typically occur when payment of dues is due or during the first half of the academic term. Situations that arise mid to late in the term should not affect financial obligations (membership dues) but allow the member excused absences from Fraternity events. The chapter has the authority to approve these absences as excused on a case-by-case basis as deemed appropriate by the chapter.
 4. Other extreme circumstances may exist which are not specifically defined above, and will be evaluated on a case-by-case basis.
 5. A complete description of extreme circumstance must be forwarded to the Central Office with the minutes of the meeting, but not necessarily *in* the meeting minutes (for the privacy of the member).

6. The following examples **do not** constitute “extreme circumstances” for inactive status:
- Lack of interest and effort in the Fraternity. Being “too busy” does not constitute an extreme circumstance. A member who belongs to more than one organization must fulfill Delta Sigma Pi obligations as agreed to in their pledge of membership. The chapter has the right to excuse absences according to their written attendance policy.
 - Upperclassmen who do not wish to participate at the end of their academic term. All members regardless of class status must complete their obligations of membership, including attendance at meetings and events and payment of membership dues.
 - Work or class obligations. Every student incurs these (or similar) obligations as many students/members must work and attend school on a regular basis.
 - Financial hardships, which are not clearly and completely explained.
 - Personality conflicts and differences of opinions.

C. Procedures:

- Completion of the form in its entirety is required. The applicant must provide a detailed explanation of the reasons for the request.
- The member requesting an inactive status must submit the application to the Executive Committee of their chapter for consideration. A simple majority of executive committee members must approve a brother’s request for inactive status. Upon approval the application will be updated with the vote results.
- If the executive committee approves the application for Inactive Status, the decision should be submitted to the Hub. The chapter officers should submit the application for inactive status, minutes from their meeting approving the inactive status, and the complete description of the extreme circumstance provided by the member, within seven days of the meeting.
- The application for inactive status will be review by the Central Office staff within 14 days of receipt, and if approved, the Central Office will issue a credit to the chapter’s account when the application is received within 60 days of the first day of classes in each academic term. The Central Office will send a letter notifying the member, chapter and local leadership of the decision.

Policy 8. Faculty and Honorary Membership—As per Bylaws Article XII, Sections 9 and 10, the Board of Directors, by majority vote, hereby delegates approval of those faculty and honorary member candidates submitted by chapters, to the Executive Director. The Executive Director will use criteria provided by the Board to make such decisions. Chapters may appeal any decisions of the Executive Director to the Board of Directors. Membership forms for all initiates, including proposed faculty and honorary initiates, are due within seven days of the chapter’s pledging ceremony.

Criteria approved by the Board 2/1/03 is as follows:

Faculty - generally accepted if meet the following criteria:

- *Current member of Business School faculty, staff or administration*
- *Not a member of a competing business fraternity - Alpha Kappa Psi, Phi Chi Theta or Phi Gamma Nu*

Honorary - generally accepted if meet the following criteria:

- *Individuals whom have made a significant contribution to business, government, education or the Fraternity*
- *Individuals whose professional or personal achievements warrant the bestowing upon them of honorary membership*
- *Not a member of a competing business fraternity - Alpha Kappa Psi, Phi Chi Theta or Phi Gamma Nu*

Unusual circumstances may cause additional scrutiny.

Policy 9. Alumni Member Status Change—At the discretion of the Provincial Vice President, a collegiate member may be granted alumni status due to special circumstances. The Provincial Vice President will provide documentation to the Central Office with the member's identifying information and reason for the status change. Upon receipt the Central Office will send a letter notifying the member and the chapter of the change.

G. PLEDGING AND INITIATIONS

Policy 1. Election and Voting on Pledges—To elect a pledge to membership or voting to remove a pledge from the pledge process will be done in accordance to Article XII. Section 11 and Section 12 of the National Bylaws, subject to the following requirements:

- A. Ballots will be collected and counted by the presiding officer and two other chapter officers present.
- B. Votes must be cast anonymously.
- C. Voting systems must provide confirmation only those present at the meeting have cast votes.

Policy 2. Administering the Initiation Process—The following lists the administrative steps involved with initiations and the officers responsible for each step:

- A. Senior vice president ensures that the names and personal information of each prospective pledge are reported to the National Fraternity prior to the Pledging Ceremony.
- B. Vice president-pledge education ensures that:
 - 1. The names of each pledge are reported to the National Fraternity no more than 7 days after the Pledging Ceremony.
 - 2. All financial obligations affiliated with initiations are submitted to the Central Office within 14 days following each initiation.
- C. Chancellor is responsible for coordinating regalia shipping with the Central Office in a timely manner.
- D. Vice president-finance ensures badges are ordered and paid for at least 21 days before each initiation each term. They ensure an official badge is leased for each initiate. If the chapter has any extra badges on hand (not borrowed or acquired from brothers), that information is to be communicated to the Central Office in conjunction with (or in lieu of) any badge order.
- E. Vice president-pledge education and vice president-finance ensure that the initiation report is completed and returned with related initiation fees to the Central Office within fourteen days following each initiation.

Policy 3. Guide to Pledging and Initiation—

Campus Requirement

Executive Director in consultation with the Regional Vice President, District Director, Assistant District Director and Chapter Advisor approval is required any time a collegiate chapter wishes to initiate new collegiate or honorary members at a location other than the college or university where the chapter is chartered.

Policy 4. Standard Pledge Education Program—Sections A. through E. of this policy provide the standard pledge education program all chapters are required to follow. The pledge program is four (4) to five (5) weeks long and is coordinated with the academic calendar of the respective college or university. In cases when a school break falls during a pledge education program schedule, a program may be extended to six (6) weeks in order to accommodate this, but there are still no more than five (5) pledge meetings. An individual may not be in a pledge program longer than six (6) weeks (42 days) from pledging ceremony to initiation unless approved by Central Office staff due to special circumstances, such as severe weather, campus interruptions or personal emergencies.

A. PURPOSE OF PLEDGE EDUCATION

The purpose of pledge education is to formally present Fraternity history and information to our potential members and to begin the integration into the chapter on a provisional basis in order to make the best possible brothers. In addition, pledges will learn the business operational requirements of the Fraternity through the participation in various chapter events and activities. The pledges will become familiar with the opportunities and obligations available and expected through membership, including: knowledge of basic local and national Fraternity history,

values, and operations; meeting procedures, etiquette and organizational skills; and the Fraternity's emphasis on personal and professional development of the individual. Pledge meetings will serve to reinforce Fraternity knowledge through discussions and activities.

This is a time for pledges to get an in-depth preview of membership and make a final decision on their pursuit of membership. Likewise, the evaluation method(s) described in this program will be implemented by members of the chapter to determine which candidates will best represent the Fraternity and uphold its professional objectives.

The vice president-pledge education (VPPE) is an elected officer of the chapter and has a primary responsibility for the implementation of the pledge education program.

B. NATIONAL PLEDGING REQUIREMENTS

To be eligible for membership in Delta Sigma Pi, pledges must be enrolled in a "qualified" academic program as defined in the Fraternity Bylaws (generally a declared pre-business, business or economics major). Individuals with other declared majors are generally not eligible to pledge. Members of Alpha Kappa Psi, Phi Chi Theta, and Phi Gamma Nu are also ineligible. Members of Pi Sigma Epsilon marketing fraternity, and all general/social fraternities and sororities are eligible for Delta Sigma Pi membership.

1. Pledge Education Program Overview – The Delta Sigma Pi Pledge Education Program is intended to introduce pledges to the Fraternity before initiation. As such, pledges will be expected to be an active participant in a variety of chapter meetings, events and activities, in addition to their own pledge meetings. The primary learning environment for pledges will be during their separate pledge meetings, which are described elsewhere in this policy, and the online learning system, which is where they will also take their quizzes and comprehensive exam. Since pledges are not yet members of the chapter, they may not present themselves as a representative of the chapter or Fraternity, hold chapter officer positions, vote on chapter matters and are not allowed in meetings during executive session or Ritual. However, pledges may participate on various chapter committees and may attend executive committee meetings, if invited by the chapter president.
2. Pledge Education Guide – The Pledge Education Guide is a comprehensive manual that all VPPEs are required to follow in order to properly implement the pledge education program. It contains a complete outline of pledge meetings, meeting agendas, teaching guide, activity descriptions and other relevant items needed for them to carry out a successful pledge education program.
3. Online Learning System – Pledges will use an online learning system for educational modules and to conduct quizzes and the comprehensive exam.
4. Educational Materials, Pledge Program and Chapter Bylaws and Policies – The chapter will provide each pledge with a personal copy of the pledge education program, chapter bylaws and chapter policies. The current national Fraternity bylaws and policies can be found on the Fraternity's website.
 - a. Each pledge must read *and* have a thorough understanding of all information within provided documents.
 - b. Each pledge must have thorough knowledge and understanding of the Risk Management Policy.
 - c. Although the pledge should be familiar with chapter bylaws and policies, information from these will not be included on the quizzes and comprehensive exam.
5. Quizzes and Comprehensive Exam – Quizzes and the comprehensive exam will be administered through the online learning system. The VPPE will communicate all due dates for quizzes and the comprehensive exam to pledges at the beginning of the pledge process. The most current answers to questions on the quizzes and comprehensive examination can be found on the Fraternity website. The VPPE is responsible for ensuring pledges are provided with all correct answers to quizzes and the comprehensive exam.

6. Finances – Each pledge is required to pay all initiation fees in full prior to initiation day. A payment plan may be agreed upon by the vice president-pledge education and vice president-finance, but may not extend beyond initiation day. A pledge may not be charged more than the total initiation fee as outlined below in order to become a member of Delta Sigma Pi, including costs that might be associated with initiation, such as transportation and hotel costs.

- a. The total initiation fee is \$150 per collegiate and it includes the following:
1. The national initiation fee of \$85.00 per collegiate.
 2. The badge lease of \$50.00 per collegiate.
 3. The local initiation fee of \$15 per collegiate. This fee covers supplies and expenses for chapter participation.

"1" and "2" above are submitted on behalf of each member directly to the Central Office which administers the programs of the National Fraternity.

Other costs associated with pledging might include chapter events where chapter members are also charged the same amount, initiation banquet and/or mementos, an optional jeweled badge, etc.

- b. In the event that a pledge is not initiated for any reason, the national initiation fee and badge lease fee will be refunded in full. Any portion of any local fees to be refunded is at the discretion of the chapter-
- c. The chapter may subsidize the costs above with chapter funds, at their discretion.
7. Pledge Pin - Each pledge will be presented with an official pledge pin at the pledging ceremony. This pin is to be worn only while a pledge and only on the left coat lapel, or over the heart on the shirt, blouse, sweater, or dress (per national bylaws). Upon initiation, the pledge pin is replaced with the Fraternity badge. The pledge pin identifies the pledge as a potential member and is a reminder of the endeavor to become a member. Any lost pledge pin will be charged to the pledge at the current price of pledge pins (\$8.50), as established by the Board of Directors.

Pledge pins are to be worn, if practical, while at school or Fraternity meetings, functions and events, and at any other time at the discretion of the pledge. There are no requirements or procedures concerning wearing pledge pins (or not) while drinking alcohol, in bars, with or without certain colors or letters, etc.

8. Risk Management – All pledges will receive training on risk management.
9. Meetings and Events – Pledges should attend all chapter meetings, pledge meetings and chapter events, but cannot be required to exceed a combined total of six (6) hours per calendar week (Sunday through Saturday) attending these meetings and events. If a pledge cannot attend an event or meeting, they should contact the VPPE. Attendance at pledging ceremony and initiation is mandatory, pending successful completion of the pledge education program.

The date and start time of chapter meetings, pledge meetings and initiation must be provided to pledges prior to the pledging ceremony. The date, location, start time and end time for all chapter events and activities must be provided to pledges no less than one week (seven (7) days) in advance. All chapter events, meetings and activities where pledges are present must be held between 8:00 a.m. and midnight (12:00 a.m.).

Exceptions to the time restrictions above may be approved by the PVP prior to the pledging ceremony.

10. Chapter Committees – If a chapter utilizes committees, pledges may serve on them, but this is not required. Pledges should not be expected to do anything on committees current chapter members are not required to do.
11. Big Brother Mentorship Program - Each pledge will be matched, one on one, with members of the chapter. Pairings will be announced at the first pledge meeting to take place on the same day of the pledging ceremony

so that the Big Brothers can assist their Little Brothers from the beginning of the pledging process. The Pledge Education Guide outlines approved methods to be used as a means to introduce the pledges to their Big Brothers.

The member (Big Brother) will meet with the pledge (Little Brother) throughout the pledge education program. The Big Brother acts in many roles similar to a coach, trainer, aide, guide, host, and mentor. The Big Brother assists the pledge wherever necessary by answering questions, helping study, providing encouragement, and most importantly, demonstrating true friendship and an open line of communication at all times. Each pledge is given this personal opportunity to have a reliable source of assistance with any pledge requirement, academic strains, conflicts, or concerns that may develop. The Big Brother serves as the pledge's advocate throughout the pledging process.

Big Brothers are not to be encouraged or expected to purchase gifts of any value for the pledges. Pledges are not to be encouraged or expected to purchase any gifts for their Big Brothers at any time throughout the pledge process or following initiation.

C. PLEDGE EVALUATION METHODS

Each pledge will be evaluated individually by the vice president-pledge education and subsequently by the whole chapter throughout the program. Pledges successfully meeting the evaluation criteria will be initiated. Any of the following methods, or any combination of these, may be utilized to determine the success of the pledge and their ability to enhance the objectives of the Fraternity. Due to the sensitive nature of the evaluation of pledges, all chapter discussions related to the evaluation of pledges must be done in executive session.

1. Attendance and Participation - Attendance of each pledge will be kept by the VPPE at all required meetings and functions. Participation in activities will also be evaluated, beyond mere attendance. This allows each pledge to demonstrate their time management ability as well as their overall interest in becoming a member.
2. Conduct - Honesty, sincerity, ambition, a positive attitude, and other similar traits represent an individual's good moral ethics and character that will reflect the image and reputation the Fraternity desires of its members.
3. Quizzes and Exams - Each pledge will be evaluated on their success at periodic quizzes, and the comprehensive exam, the questions of which are found in *The Crown & Delta*. Pledges are expected to have a thorough understanding of the pledge education material and strive to do well on quizzes and the comprehensive exam. Scores 80% or better are considered satisfactory. Pledges with scores under 80% may be considered for removal from the pledge program, but the chapter may also give positive consideration to the pledge based on their attendance, participation and conduct as described above.

D. LIABILITY STATEMENT

Anything not explicitly written in this policy or the Pledge Education Guide (B.2) will not be allowed during the pledging process. This is not limited to, but includes such things as: participation or planning of events or activities except for those addressed in this policy; required phrases, lists of traditional projects, rules, expectations, suggestions or requirements not addressed in this policy; "ideas to remember"; "obligation of pledges"; dress codes outside of what chapter members are also required to wear as appropriate and reasonable for an applicable event or meeting, oral ceremonies, carrying of certain objects and votes of confidence. Additionally, there may be no requirement, expectation or suggestion pledges gave a gift (paddle, etc.) to Big Brothers, officers or the chapter. All activities must comply with the Delta Sigma Pi Risk Management and Conduct Policy, Bylaws, Ritual, University Policies and applicable federal, state and local laws. Any matter arising that is not covered in this program should be directed to the respective Regional Vice President and Central Office staff.

E. SCHEDULE OF MEETINGS

The VPPE has discretion to choose the date and time of the pledge meetings, but this must be communicated to recruits before they pledge.

H. CHAPTER ASSISTANCE AND ENCOURAGEMENT

Policy 1. Concern—The Grand President is empowered to express official concern in writing to a chapter on any matter related to the conduct or performance of its programs, operations or management. This may be done at the discretion of the Grand President or upon recommendation of the Board of Directors, the respective Provincial Council, the respective Grand Officers or the office of the Executive Director. The letter of concern will be distributed by the Provincial Vice President, Grand President and/or the Executive Director.

Policy 2. Placement of Chapters on Guidance—The Grand President is empowered to place a chapter on guidance. The Board of Directors or Provincial Council may recommend that a chapter be placed on guidance but the enactment of such recommendation is at the discretion of the Grand President.

Policy 3. Definition and Purpose of Guidance—

- a. **Definition**—Guidance is an official notification to a chapter that the conduct or performance of its programs, operations or management is unsatisfactorily below minimum standards established by the Board of Directors. During the guidance period, certain specific objectives will be given to the chapter designed to improve the conduct or performance of its programs, operations or management that were unsatisfactory.
- b. **Purpose**—Guidance is not a punitive action and shall not itself cause a chapter to be considered “not in good standing”. Chapters on guidance will be eligible for special assistance or consultation as may be determined by the respective Grand Officers or the office of the Executive Director.

Policy 4. Guidance Period—Guidance must be for a specified timeframe not to exceed a 12-month period. At the end of that specified timeframe, the chapter is evaluated and could, among other options, be placed on guidance again for a specified timeframe not to exceed another 12-month period. A chapter may not be placed on guidance, including renewals, for more than a period of 36 consecutive months.

Policy 5. Placement of Chapters on Receivership—The Executive Director is empowered to offer the assistance of a receiver to a chapter experiencing specific operational need. This may be done at the discretion of the Executive Director or upon recommendation of the Board of Directors, the respective Provincial Council, the respective Grand Officers or the Grand President.

Policy 6. Definition of Receivership—Receivership is a voluntary agreement between a chapter and the Fraternity where the approval and general supervision of the operations and programs of the chapter are vested in a Receiver. A receivership may be entered into for any reason deemed necessary including those that may have caused a previous guidance or probation period.

Policy 7. Receivership Period—Receivership must be for a specified timeframe not to exceed a 24-month period.

Policy 8. Offer of Receivership—An offer of receivership must contain the terms of the receivership, including the period, requirements, the current Fraternity policy regarding receivership, and the procedure for acceptance. One of the requirements must be to add the appointed receiver as a signatory on all bank accounts of the chapter. This must be a written document, prepared by the Executive Director or designee, and delivered to the chapter officers, Chapter Advisor, and all associated national officers.

Policy 9. After Acceptance of Receivership—After acceptance of receivership by a chapter, the Executive Director will, after consultation with the appropriate Regional Vice Presidents and District Director, appoint an alumni member in good standing as Receiver. Members of the Board of Directors shall not serve as a Receiver. Upon appointment, the Receiver has the duty to supervise the operations of the chapter in receivership under the specific requirements of the receivership. Such requirements will specify the authority and responsibilities of the Receiver and of the chapter. The Executive Director has the authority to replace the Receiver for just cause. At the conclusion of the receivership period, the Receiver must prepare a final report for the Board of Directors and the Provincial Council. This report must contain a specific recommendation to either place the chapter on guidance or revoke its charter.

Policy 10. Letter of Encouragement—The Grand President is empowered to express official encouragement in writing to a chapter on any matter related to the conduct or performance of its programs, operations or management. This may be done at the discretion of the Grand President or upon recommendation of the Board of Directors, the respective Provincial Council, the respective Grand Officers or the office of the Executive Director. The Provincial Vice President and/or the Executive Director may also express such official encouragement if authorized by the Grand President. The letter of encouragement is designed to be used in situations where a deep concern is not an issue, but; whereas, the chapters need an increase in morale.

Policy 11. Chapter Reorganization—

Chapter Reorganization is a notification to a chapter that the conduct of its members or unsatisfactory performance of its programs, operations, or management has not or is likely not to be resolved or significantly changed through terms of Guidance, Receivership, or Probation and to grant more strategic efforts for the chapter without needing to suspend or revoke the chapter charter. The approval and general supervision of chapter membership, operations, and activity is vested in the National Fraternity via an appointed committee of alumni volunteers and Central Office staff. This process includes transitioning members who do not desire or warrant continued involvement to alumni status.

Chapter Reorganization is not an exclusively punitive action and shall not itself cause a chapter to be considered “not in good standing”. Chapters under Reorganization will be eligible for and subject to any other simultaneous form of assistance or discipline. Chapter reorganization shall attempt to educate and restore a participating membership, resolve any policy infractions, and develop a plan to resume regular chapter activity.

- A. **Offer of Reorganization** – The Executive Director is empowered to offer the assistance of reorganization to a chapter experiencing an operational concern. This may be done at the discretion of the Executive Director or upon recommendation of the Board of Directors, the respective Provincial Council, the respective Grand Officers or the Grand President. Chapter reorganization shall be for a specified timeframe of no less than the number of weeks remaining in a term and shall not exceed one 12-month period.

An offer of reorganization must contain the terms of the reorganization, including the time period, requirements, and the procedure for acceptance. This must be a written document, prepared by the Executive Director, or designee, and delivered to the chapter officers, Chapter Advisor and all associated National Officers.

- B. **Acceptance of Chapter Reorganization** – A review or assessment of progress shall be documented every 30 days by a student and/or by a Fraternity officer such as the District Director, Regional Vice President, Chapter Advisor, or Central Office staff. At the conclusion of the reorganization period, the Regional or Provincial Vice President shall recommend any additional chapter assistance or discipline actions.
- C. **Alumni Status Consideration Committee** – An Alumni Status Consideration Committee (henceforth referred to as “the committee” in this policy) will be convened to meet with all members of the chapter to determine if they are interested in and/or should maintain their collegiate membership status. The committee will be comprised of, at least, the Regional Vice President, District Director, Assistant District Director (if applicable) and a Central Office staff member. The committee will be charged with the task of communicating with each collegiate member on the roster and evaluate whether any members desire to or should be offered alumni status and be removed from the chapter roster. Additional alumni members may be utilized in meeting with members interested in continuing their collegiate membership.

During an up to four-week designated time period, all chapter members on the roster will be expected to meet with up to two (2) alumni members should they wish to continue their collegiate membership. This discussion will determine if the members are enrolled and in good standing at the university; seek input on the individual’s desire to participate and expectations for continuing; discuss any involvement in any risk management or individual disciplinary incidents; review their financial status; and make a recommendation to the committee regarding their membership status in Delta Sigma Pi. The committee will ultimately determine the status of each member. These decisions about membership status changes are permanent for the duration of the student’s tenure at the same campus.

Should the committee, after making a reasonable effort to contact a chapter member as specified in this policy, fail to make contact with the member, the committee may render a decision on the member's eligibility without conferring with that member.

If a collegiate member is engaged in a disciplinary situation, as defined in the Fraternity's individual discipline policy, the committee may need to confer with the student that they are not eligible to participate in the chapter reorganization.

When a collegiate member requests of the committee to be transitioned to alumni status, the committee will provide that to the Central Office for appropriate notes on their membership record. When the committee has determined a collegiate member is ineligible to participate in the reorganized chapter and has communicated that to the collegiate member, the committee will provide that to the Central Office as well. Assuming alumni status during reorganization is a sacrifice of all collegiate benefits and opportunities.

Once the student collegiate member and committee decisions have all been made and properly communicated, any students moved to alumni status can no longer have any contact or attend any chapter meetings, events, or programs held by the group while under reorganization and cannot re-affiliate as a collegiate member at any later time.

Remaining collegiate chapter members after the above process will be the new contacts for any and all collegiate correspondence and will work with their District Director, Regional Vice President, Faculty Advisor, and Central Office staff as usual to comply with and resume normal chapter operations. Should it be necessary, the District Director is empowered to appoint an interim Chapter President, Vice President-Finance, and/or Vice President-Chapter Operations for the purposes of receiving appropriate communications until an election can be held.

- D. **Appeal of the Alumni Status Consideration Committee Decision** – A student may, within 10 business days of being informed of the committee's determination of ineligibility, submit an appeal to the Central Office stating the reasons why the member should continue to remain eligible for collegiate participation in the chapter. The appeal will then be forwarded to the National Standards Committee for consideration. The National Standards Committee will determine if the individual should be reinstated as a collegiate member. All decisions of the National Standards Committee are considered final and will have no further appeal.
- E. **Chapter Financial Status While Under Reorganization** – If the chapter has unpaid prior debts, an analysis of the expenses shall be prepared by Central Office staff and reviewed with the Provincial and Regional Vice Presidents for consideration of any appropriate write-off of bad debt. During the academic term which chapter reorganization begins, any individual based invoices such as member dues or initiation fees for students who are granted the alumni status shall be automatically credited whereas chapter related invoices such as insurance, regalia, etc. are to be discussed and determined based on the specific situation.

Policy 12. Delegation of Authority—Unless otherwise determined by the Grand President, all assistance actions requiring approval of the Grand President are delegated to the Executive Director, or their designee, to be designed in consultation with local leadership.

Policy 13. Communicating Assistance Actions to Chapters—Chapter assistance decisions are to be communicated to the chapter presidents within a reasonable timeframe of the decision. In the case of guidance or receivership, the decision must be communicated within five days, provided by the applicable District Director (primary) or Regional Vice President (secondary) insofar as possible, though terms of such may be communicated later. Written notice containing all applicable information will be issued from the Central Office, under applicable signature, within a reasonable time after the decision.

I. CHAPTER DISCIPLINE

Policy 1. Most details of chapter discipline are found in the Bylaws Article XIV.

Policy 2. The Executive Director, or their designee, is permitted to adjust rosters of chapters prohibited from conducting business due to disciplinary action according to the reported graduation date of each member.

Policy 3. Delegation of Authority—Unless otherwise determined by the Grand President, all disciplinary actions requiring approval of the Grand President are delegated to the Executive Director, or their designee, to be designed in consultation with local leadership.

Policy 4. Communicating Discipline Actions to Chapters—Chapter disciplinary decisions are to be communicated to the chapter president within a reasonable timeframe of the decision insofar as possible. The notice of such decisions is to be provided by the applicable Regional Vice President (primary) or Provincial Vice President (secondary) insofar as possible. In the case of probation or suspension, the decision must still be communicated within five days, the notice of such decisions is to be provided by the applicable District Director (primary) or Regional Vice President (secondary) insofar as possible, though applicable information and terms of such may be communicated later. Written notice containing all terms will be issued from the Central Office, under applicable signature, within a reasonable time after the decision.

J. DISCIPLINE OF THE INDIVIDUAL

Policy 1. This policy contains all policies and procedures related to the discipline of an individual. It is updated as often as needed.

Policy 2. If any member of the Fraternity is arrested by a law authority, the Board of Directors by a 2/3 vote can repeatedly suspend such member for an amount of time of up to six months as long as a conclusion to criminal proceedings is pending without conducting a hearing. Any additional discipline by the Fraternity must follow the processes set forth in this policy.

Policy 3: Collegiate chapters must establish a Chapter Standards Committee of no fewer than the chancellor and three (3) additional initiated collegiate members trained per Fraternity guidelines. Collegiate chapters must maintain a Chapter Standards Committee at all times to ensure the integrity of this policy.

Policy 4. Allegations may be submitted for any of the following violations:

- A. Violating the oath of allegiance to Delta Sigma Pi or breaking the laws of this Fraternity or any chapter with which a member is affiliated.

Past Grand Presidents not sitting on the current Board of Directors will have their Grand Chapter Congress registration fee waived.

The District Director and Chapter Advisor recognized for each chapter by the National Fraternity, and members of the faculty and administrators from schools where Delta Sigma Pi has an active chapter, may receive a special discounted rate for Grand Chapter Congress registration. This discount does not apply to any other “advisors” elected or appointed by any collegiate or alumni chapter or Grand Officer.

Policy 6. “Official Host(s)” —Following its selection of a Grand Chapter Congress site, the Grand President may designate a group of members as the Congress Host Committee and will designate a Host Chair from among the group members. The Host Chair will receive a complimentary Congress registration and no other compensation. No other individual acting in a “host” capacity will receive any compensation, including complimentary registration. With the exception of the Host Chair, all individuals serving in any host capacity must register and pay for any convention activities they attend.

Functions of the Host Committee include, but are not limited to:

- a. Supporting the Executive Director in efforts to accumulate information on vendors, venues, etc. in the Congress area.

When performing volunteer duties, the Host Committee is to refrain from actively campaigning in any election or wearing any paraphernalia that endorses a candidate.

Policy 7. Congress Reserve Fund for Collegiate Chapters – Chapters may elect to deposit funds to the Congress reserve fund. Fund deposited are not subject to any forfeitures or restrictions except in the case of chapter closure.

- A. These funds may be used for any prepaid expenses in advance of Congress such as registration fees or transportation costs such as airfare. All prepaid expenses will be reimbursed within a reasonable timeframe after an expense report with adequate documentation is received by the Central Office. The chapter vice president-finance will be responsible for preparing the expense report documentation which must be countersigned by the chapter president.
- B. If no request is made to reimburse prepaid expenses and a chapter has a registered delegate at Grand Chapter Congress, any unused funds will be mailed via check, made payable to the chapter, within 14 days upon the conclusion of Congress.
- C. If no registered delegate is present, the funds will be retained for the chapter until next GCC unless the chapter submits a written request for them after GCC.

Policy 8. Site Selection—The Executive Director is authorized to recommend sites for Grand Chapter Congress that best fit the Fraternity’s needs, without regard to geographic rotation.

Policy 9. Testimonials—A Testimonial is a Grand Chapter Congress declaration that honors a person or group for their accomplishments and/or for service to the Fraternity. It may be serious or humorous, frequently containing elements of both. Any Testimonial questioning the character or motives of a person or group, or is derogatory or defamatory, is out of order. Testimonials properly received according to the Congress Standing Rules are recognized at the closing business session of Grand Chapter Congress.

O. GRAND CHAPTER DELEGATES, CREDENTIALS AND VOTING

Endorsed procedures for consideration by the leadership prior to each Congress:

- 1) *Select the chancellor and parliamentarian well in advance of Grand Chapter so they are aware of all expectations, agenda, scripts and legislation.*
- 2) *An announcement should be made prior to the start of the election process as to the order of business for the voting process and the expectations of the voting delegates.*
- 3) *Include instructions in Congress scripts on voting procedure to ensure the announcement is made and empower the Chancellor and Parliamentarian to enforce the procedure. The announcement will be written and presented by the Governance Chair at Delegate Orientation and before voting begins.*
- 4) *The Governance Chair will select Governance Committee Members and/or caucus moderators to act as “marshals” during the voting process to ensure all delegates are seated and accounted for.*
- 5) *Seat collegiate delegates throughout Congress in 5 sections by province then within each province by region in Greek alpha order to facilitate the provincial and regional voting. Alumni chapter delegates are also to be seated in alpha order by province and region, following the last collegiate delegate in each respective region.*
- 6) *Provide a map to caucus moderators for the location of each province and region within the delegate area so they can find the area they are moderating.*
- 7) *On election day, segregate the delegates from the general seating area using rope partitions, tape or additional space.*

Policy 1. Determination of Good Standing—Per Bylaws Article X, Section 3 and Article XI, Section 4, chapters on university probation, Fraternity probation, or that are indebted to the National Fraternity for any sum of money past due, are not in good standing and are ineligible for voting representation at Grand Chapter. “Past due”, for purposes of Grand Chapter voting privileges, is defined as any balance due to the National Fraternity at the time of the Congress Opening Session that had been invoiced on or before the June 30 immediately preceding the Grand Chapter Congress.

In order to achieve a status of good standing, any monies received by the Fraternity for payment on a chapter’s account within 14 days prior to the first day of Grand Chapter Congress will be paid in the form of cashier’s check,

money order, certified check, cash or credit card payment. Payments other than those specified will be accepted, but the chapter will not receive a status of good standing for the event and a delegate will not be seated.

To be eligible to vote at Grand Chapter Congress, all alumni chapters, both established and newly chartered, must complete all chartering and/or annual franchising requirements by June 30 of the fiscal year immediately preceding Congress (which is equivalent to June 30 of the same calendar year as Congress). Additionally, an alumni chapter must be franchised by June 30th to take part in any special election held after, but resulting from the business at Grand Chapter Congress. Alumni chapters not chartered or franchised by the June 30 deadline are not entitled to representation at the Grand Chapter Congress.

Policy 2. Election of Delegates and Alternates—Collegiate chapters entitled to voting representation at Grand Chapter must elect an official delegate, and any alternates, prior to the end of the academic term immediately preceding Congress. The names of such delegates and alternates must be reported to the Central Office by July 1. Official delegates and alternates of alumni chapters entitled to vote at Grand Chapter must be elected and reported to the Central Office by July 1. Only those delegates and alternates reported to the Central Office by July 1 receive official Fraternity communications regarding Congress legislation and/or elections.

Policy 3. Attendance of Official Delegates and Grand Officers —The official delegate of each chapter and each Grand Officer are required to attend each business session of the Grand Chapter Congress. Failure to be in attendance proportionately reduces any available expense allowance. Absence at any roll call or during a fractional part of one session exceeding thirty (30) minutes in length will constitute an absence under this Policy, unless the Grand President has officially excused the delegate or officer for a good cause.

Policy 4. Duties of Grand Chapter Congress Delegates and Alternates—Official delegates have the following duties:

- a. To report to the official credentials desk at the Grand Chapter Congress prior to the opening business session.
- b. To report to the official credentials desk at the Grand Chapter Congress prior to rotating with an alternate.
- c. To attend the orientation session at the Grand Chapter Congress.
- d. To attend all business sessions of the Grand Chapter Congress, unless rotating with an alternate delegate.
- e. To report back to the chapter all business conducted at the Grand Chapter Congress.

Alternates must adhere to the duties of delegates, but are not required to attend all sessions, as long as the chapter is represented in their absence.

Policy 5. Credentialing Process—Each delegate and alternate reported to the Central Office by July 1 must report to the designated “credentials” area at Congress for determination of voting eligibility. The chapter’s disciplinary status is reviewed and any balances due the National Fraternity are noted. Delegates and alternates from eligible chapters must provide a photo identification, proof of Congress full registration and must complete a statement verifying their individual good standing status within their chapter. Collegiate chapter representatives must also verify their enrollment in the academic term immediately following Congress.

Any potential delegate or alternate who was not reported to the Central Office by July 1 must also report to the “credentials area” at Congress. Those individuals meeting all other criteria, who are also elected officers previously listed on the current Officer Report for their chapter, may serve as a delegate or alternate at the sole discretion of the Governance Committee.

The Governance Committee oversees all credentialing and resolves any disputes arising therefrom. Decisions of the Governance Committee are final.

Policy 6. Order of Elections—Balloting for the office of Grand President will be the first order of elections, followed by balloting for the office of Vice President-Finance. Balloting for Provincial Vice Presidents and Regional Vice Presidents will be held in individual sessions of the Provinces and Regions involved, with Provincial Vice President balloting preceding Regional Vice President balloting.

Policy 7. Secret Balloting—The ballot for the election of Grand Officers must be taken by secret written vote, except when there is only one candidate nominated for a position.

Policy 8. Non-Majority Results—In the event that the vote for a Grand Officer does not produce a majority vote winner, the name of the candidate receiving the lowest number of votes will be withdrawn and another vote taken. This will continue until the required Grand Officer is elected or only two candidates are left and two consecutive ballots end in a tie. In such case, the voting delegates, the two final candidates, the caucus moderator(s) and members of the Governance Committee will enter executive session for a question and answer session not to exceed 15 minutes. After the session, another vote will be taken. If a winner is not determined in that vote, the Grand President will appoint an interim officer and elections will be held via a reasonable period after school resumes. Additional nominees may be considered.

Policy 9. Delegate Seating—Alumni chapter delegates will be seated among the collegiate chapter delegates during legislation at Grand Chapter Congresses, insofar as logistically possible.

Policy 10. Balloting Considerations During Grand Chapter

- A. Only delegates will be seated on the convention floor during a voting session. All other attendees must stand clear of such area so as not to be confused with the delegates.
- B. Prior to the election, all candidates not in attendance will select one non-delegate member to act as an observer of the election process on the candidate's behalf. Candidates in attendance will serve as their own observer.
- C. The Governance Committee Chair will count the votes. The Governance Chair may delegate the responsibility of counting the votes to caucus moderators or other members of the Governance Committee. In all such cases, the counting will be witnessed by each candidate's observer.
- D. The result count of each vote is to be announced and the name of the successful candidate.
- E. Candidates for office should generally not be a voting delegate in their own race. If situations such as this arise, then the alternate should be required to be the voting delegate. If there is no alternate delegate available, then the candidate who is also the voting delegate should have their vote recorded separately and away from the remaining delegates.

Policy 11. Standing Rules—The standing rules for each Congress are approved by the delegates in attendance thereof. The rules presented here are the recommended framework.

A. Meetings, Quorum, Delegates and Credentials

- 1. The Grand Chapter Congress *session* consists of a series of *meetings*, with each meeting at separate times and/or on separate days. For admission to the convention floor and delegate seating area, each delegate and alternate is required to wear the badge and identification ribbon issued from the "credentials" registration desk. All challenges to floor access will be resolved by the credentials registration desk.
- 2. The presence of a quorum will be established by a credentials report at the beginning of each meeting of Congress. An updated credentials report will be provided each day.
- 3. Each delegate must receive their electronic voting device (if applicable) from the designated area prior to taking their seats on the floor. Voting devices will be available approximately fifteen (15) minutes prior to the start of each meeting.
- 4. A credentialed alternate may substitute for the official delegate from their chapter. However, the alternate may not be seated and recognized until the Credentials Chair is notified, in writing on such form as they may specify, of the substitution. Once seated, the alternate will have all duties and privileges of the delegate until the Credentials Chair is notified of another change (if any).

B. Amendments

1. No secondary amendments are allowable except those, which in the opinion of the chair, create or fill a blank.
2. Any motion to delay consideration or consider again will not be in order if applied to any amendment.
3. No amendment is allowable until a written copy is presented to the Congress Secretary in such manner as the Secretary may prescribe.
4. Any proposals affecting the Initiation Ritual will, upon passage, also automatically amend the Honorary Initiation Ritual.

C. Debate

1. No speech in debate may exceed two minutes. Time not consumed is lost and may not be carried over to future speeches or otherwise reserved in any manner.
2. One delegate representing a body listed in the proposed legislation amendment as submitting a Bylaw or Ritual Proposal will have a maximum of two minutes to introduce such proposal. In the case where there are multiple submitting bodies of a proposal, a single delegate will be recognized to speak on behalf of all bodies. A representative of the Board of Directors will present information about their discussion and recommended vote to the delegates. The Board presentation will not exceed two minutes.
3. A delegate or Grand Officer (Board of Directors and Regional Vice Presidents) may yield the floor to someone other than a delegate or Grand Officer for purposes of debate. The yielding will be considered as if the delegate had obtained the floor for purposes of recognition and time consumed in debate. At the conclusion of the speech of the person to whom the floor was yielded, the delegate may automatically reclaim the floor to speak for any remaining time. Time not consumed is lost and may not be carried over to future speeches or otherwise reserved in any manner.
4. No debate on any main motion or amendment may begin until a written copy is presented to the Congress Secretary in such manner as the Secretary may prescribe.

D. Voting

1. The method of voting will be at the discretion of the Chair, which may include voice vote, placard vote, or electronic device vote. When a vote is taken by electronic device, voting will be conducted using the designated voting platform. The Chair will announce how long the vote will remain open. The results will be announced once the vote is closed.
2. In accordance with the Regulations Governing the Ritual, a three-fourths (3/4) vote of the delegates assembled is required to approve any proposed changes to the Ritual.
3. In accordance with the Policy and Procedures Manual, a two-thirds (2/3) vote of delegates assembled is required to approve any proposed Resolution.
4. A one-third (1/3) vote of the delegates assembled is required to cause a roll call vote on any main motion considered under Bylaw or Ritual Amendments. A roll call vote will not be in order on any other question or under any other circumstances.
5. No member may cast a vote for more than one chapter on any issue.

E. Transitional Rules

1. All Resolutions and amendments to the Bylaws, if passed, will become effective immediately upon the adjournment of the Grand Chapter Congress at which they were enacted.
2. All proposals to the Ritual, if passed, will become effective upon publication and distribution of the revisions by the Central Office staff.

F. Testimonials

1. Testimonials may be submitted to the Congress Secretary in writing via dsp.org/testimonials.
2. Those testimonials submitted by the deadline specified by the Chair and deemed appropriate by the Rules and Resolutions Committee will be included in the Official Congress Proceedings. Any additional submissions may be allowed at the discretion of the Chair.

G. Appeal of Charter Revocation

1. This rule prescribes the procedure for conducting a hearing on an appeal of charter revocation under the Bylaws.
2. Each delegate will be provided a copy of the chapter's letter or other written notification appealing the charter revocation. Any other documentation regarding the circumstances of the revocation action is open to inspection by any delegate upon request.
3. The hearing will be held in closed session (delegates, Grand Officers and staff only).
4. The order of business for the appeal hearing is:
 - a. The Chancellor presides over the hearing, announces the appeal, the bylaw authority therefore, the procedures contained in this rule and any other introductory comments.
 - b. The Grand President, or their designee, makes a presentation not to exceed ten (10) minutes on behalf of the Board of Directors stating the reasons and circumstances for the revocation action including the reading (or summary if provided to delegates in advance) of the specific charges and specifications.
 - c. The appellant chapter then may make a presentation not to exceed ten (10) minutes explaining the reasons for the Appeal.
 - d. The delegates may then present questions to the Grand President, or a designee, or the appellant chapter for a period not to exceed ten (10) minutes. Each question will not exceed one minute and answers will not exceed two minutes.
 - e. By majority vote, the delegates may extend the questioning by one additional ten (10) minute period.
 - f. All members of the appellant chapter will then be excused from the hearing.
 - g. Without motion, the Chancellor will present the question to be voted upon. Debate on the question will not exceed ten (10) minutes with one additional 10 (ten) minute period allowable by majority delegate vote. No subsidiary motion, other than the Previous Question, is in order. Each speaker will not exceed one minute.
 - h. A secret ballot will be taken on the question.
 - i. The ballots will be counted in the presence of the Chancellor, Parliamentarian, Credentials Chair, one delegate selected by the appellant chapter and one delegate selected at random. The results will be announced first to the delegates and then to the appellant chapter. The motion to reconsider will not be in order.

5. Should the appellant chapter fail to appoint a representative, or should the representative fail to appear for the hearing, such failure will be announced to the Congress and the hearing will continue according to this Rule.

P. NOMINATIONS, CAMPAIGNING AND VACANCIES

Policy 1. Nominations for Grand Officer—

- A. **Candidate Affirmation of Leadership Code of Conduct**—All candidates for elected National Officer positions including Grand President, Vice President-Finance, Provincial Vice President, and Regional Vice President are required to attest to their knowledge of and agreement to comply with the Leadership Code of Conduct for volunteer leaders by signing a Leadership Code of Conduct acknowledgement form. A signature affirming the Leadership Code of Conduct is required, and may be mailed, faxed or electronically submitted via email with a copy of a scanned signature or a typed acknowledgement of the nominee's full name on the line provided. The Governance Committee will not accept a candidate for any office until the Committee has received a signed Leadership Code of Conduct acknowledgement form. Nominations will also be accepted in advance for any newly created regions or provinces that become officially recognized at the upcoming Grand Chapter Congress.

After the Grand Chapter Congress has accepted the report of the Governance Committee, each of the names contained therein will be considered as placed in nomination for the respective offices indicated. No seconding speeches will be in order (thus there will be no seconding speeches).

Additional floor nominees will then be presented to the delegates of the Grand Chapter by the Governance Committee, as a supplemental report of the committee, in the following order: Grand President, Vice President-Finance, Provincial Vice President, and Regional Vice President. Candidates wishing to be considered a floor nominee must submit the electronic form that complies with Policy P.3. and be certified by the Governance Committee prior to being announced to the Grand Chapter as a floor nominee. After the Grand Chapter Congress has accepted the supplemental report of the Governance Committee, each of the names contained therein will be considered as placed in nomination for the respective offices indicated. At the conclusion of the Report of the Governance Committee, and upon determination by the Chancellor that all properly submitted candidates have had the opportunity to be placed in nomination, the Chancellor will declare the nominations period closed and no further nominations will be in order. Attempted floor nominations without prior submission of the form, or in violation of these procedures, will be ruled out of order by the chancellor. No seconding speeches will be in order (thus there will be no seconding speeches). Nominations forms from floor nominees will be posted in an area designated by the Governance Chair.

- C. **Nomination, Appointment, Election and Campaign Procedures for PVP and RVP Vacancies**—Should a vacancy occur in the office of Provincial Vice President or Regional Vice President, the following procedures apply. The interim appointee and all other eligible brothers will automatically be considered candidates upon their completion and submission of the nomination form and any statement of position.
4. Nominations are to be submitted to the Central Office via the electronic nomination form that complies with Policy P.3.
5. The Central Office is responsible to communicate all information, notices and deadlines in writing to appropriate chapters; and will verify the eligibility of all candidates.

 - a. The Chair of the Governance Committee shall ensure that no less than three (3) members of the Governance Committee will be present at the meeting of the Provincial Council. If less than three are available, the Chair shall appoint sufficient brothers, from among the Golden Council, until such time as the voting has concluded.

9. The result of each vote is to be announced only as to whether or not a majority result was reached and the name of the successful candidate. The vote count will not be given. In the case that there be two or more candidates with none receiving a majority of votes, a second vote of the two candidates with the most votes shall be administered to all chapters in the Region or Province, respectively.
10. Once votes are counted, all chapters in the Region or Province, respectively, will be informed of the winner and related contact information.
11. Any challenges or unresolved issues will be brought before the Governance Chair for resolution.

Policy 2. Caucuses at Grand Chapter—The Board of Directors, in preparing the detailed Congress program, will provide for a period of time before elections when the delegates, in formal session, may meet the candidates for Grand President and Vice President-Finance. Each candidate may then have up to five minutes to address the delegates. After all Grand President and Vice President-Finance candidates have addressed the delegates they may be questioned from the floor during any remaining scheduled time of the formal session in a process as determined by the Governance Committee.

In situations where free-form text is collected, the Governance Committee may set character limits that are uniformly enforced across all candidates for a given election. Staff shall ensure the character limitations are enforced on submissions.

2. All nominees must agree to abide by and support all Fraternity Bylaws, Ritual and Policies (refer to "Leadership Code of Conduct" Policy DD.) and indicate so by signing or acknowledging the certification statement found in Policy P.3.8.). No candidate will be placed in nomination until an actual signature or acknowledgement affirming the Leadership Code of Conduct is obtained indicating this certification (see Policy P.1.A.). Incumbent officers seeking re-election must submit a new signed Leadership Code of Conduct affirmation.
3. By submitting the electronic nomination form, it will be forwarded to the Executive Director at the Central Office and the Governance Chair.

9. Candidates for office must submit their own nomination form.
10. Separate nomination forms must be submitted for each position a candidate wishes to be nominated for.

Policy 4. National Election Policies—

A. **Accountability**—The selection of our Fraternity's leaders is a serious and important process that requires the highest standards of ethics and integrity. Our collegiate and alumni members look to their officers for leadership and conduct befitting a member of Delta Sigma Pi. It is the responsibility of all candidates to deal solely with the issues and responsibilities of the respective position, and to refrain from any statement, action or conduct, which might slander or libel another brother. Candidates are responsible for the conduct of their supporters and should ensure that any campaigning is done according to policy parameters and in the most ethical manner possible.

B. Campaign Policies—

1. Nominees receive notification from the Governance Committee once their nomination has been validated, or if further action is required to properly complete the process.
2. Once candidates' nominations are officially validated by the Governance Committee, but no earlier than January 15 preceding Grand Chapter Congress, candidates may campaign to promote their views and to interact with Fraternity members. If January 15 falls on a weekend or Fraternity staff holiday, campaigning would begin the following business day.
3. No additional advance nominations will be approved after July 1st. Additional nominations, considered floor nominations, will occur in accordance with this policy.
4. Definition of campaigning: The unsolicited approach of a candidate, or candidate's supporters, to a delegate or other organizational member or chapter for the purpose of promoting the candidacy of the candidate. Delegates, organizational members and chapters are encouraged to proactively interact with candidates. A candidate responding to an inquiry from a delegate, organizational member or chapter is considered permissible at any time.
5. Announcements or introduction of candidates as part of a Provincial Conference or other Fraternity meetings or gatherings do not constitute campaigning and may be made so long as such occasions adhere to the following criteria: a) all certified candidates at the time of the announcement or introduction for any office that is presented must be included and b) the Governance Committee has previously approved of such occasion and the method in which the announcement or introduction is to occur.
6. Distribution of promotional items such as flyers, signs, brochures, hats, buttons, pencils, etc., is prohibited by candidates or their supporters. The scope of this policy includes, but is not limited to:
 - a. Distribution of promotional materials at regional, provincial, or national events including Grand Chapter Congress.
 - b. No items (flyers, banners, signs, etc.) may be posted in the buildings or on the grounds of Fraternity event sites.

- 7. Candidates are responsible for any costs related to their campaign activity. Fraternity equipment, supplies, and staff time may not be used for Fraternity election campaign purposes of any kind, with the exception of elections to fill PVP and RVP vacancies, during which the Central Office will, upon request, provide chapter contact information at no cost to candidates.

Candidates directly (or indirectly, through their supporters) violating policies (1) through (10), or other guidelines established by the Governance Committee, will be advised to cease and desist by the Governance Chair. Infractions after an initial warning will be announced to chapter officers or delegates. Further violations will result in disqualification (by a majority vote of the Board of Directors at the recommendation of the Governance Chair).

In the event that the Governance Chair has not advised the candidate to cease and desist and a majority of the Governance Committee determines that a violation of policies (1) through (10) is material to the election such that chapter officers or delegates should be immediately notified of the violation, an announcement to the chapter officers or delegates shall take place.

At any point should the Governance Committee unanimously determine that disqualification of a candidate is in order, the matter shall be referred to the Board of Directors (a majority vote of the Board of Directors shall then disqualify the candidates).

R. CONFERENCES

Conferences of collegiate and alumni chapters may be held in addition to meetings of the Grand Chapter. The Executive Director is in charge of the planning, organization, administration, and all other aspects of Fraternity conferences. The Board of Directors may establish rules and regulations for the conduct of such conferences. The purposes of these meetings focus on providing direction, motivating leadership, providing educational material, fraternal fellowship, and encouraging involvement consistent with the purpose of this Fraternity.

Policy 1. Provincial Conferences—

A. Registration:

1. Reasonable and fair registration fees will be budgeted by the Executive Director. Such fee shall cover all costs associated with the Conference, but not limited to: promotion, printing, entertainment, food, tax, gratuity, speaker fees and costs, staff travel and expenses, security, attendee materials and shipping.
2. Registration fees are to be established for the Provincial Conferences to collectively “break even” at no more than three-fourths of expected attendance based on history, location, venue, etc. This combination of the Provincial Conference registration fees for a given year is targeted to meet all expenses for those combined events. (Any particular conference may have a budgeted loss; but collectively the budget should be break even.) The Board of Directors may supplement Provincial Conference budgets with other resources in order to reach a desired registration fee.
3. The Central Office will handle pre-registration with regular updates to the Board of Directors and Regional Vice Presidents.
4. The Executive Director will establish registration rates and deadlines for any discounted rates.
5. Central Office staff will be responsible for ensuring registration is handled, which may be done by staff or volunteers.

B. Conference Programming:

1. The conference program, including educational programming curriculum, professional, service and social activities, will be developed by Central Office staff, in conjunction with the Executive Director and Board of Directors, to meet the variety of needs of conference attendees.
2. The Provincial Vice President of the host province, or their designee, will serve as emcee for the event. If they are not available, the Grand President and Provincial Vice President will work in concert to determine

who will lead the efforts at the conference—it may be them, another Board Member, staff, or a combination of people to achieve the best results.

C. Publicity:

It will be the joint responsibility of the Provincial Vice President, any Regional Vice Presidents and Central Office to promote the Conference.

D. Accounting:

The Executive Director is required to make available a detailed profit and loss statement to the Board within 90 days after the final Provincial Conference of the fiscal year.

E. Additional Provincial, Regional and Area Events:

Additional provincial, regional or area events may be held at the discretion of the Board of Directors and Provincial Councils. The Central Office *may* assist in promotion, planning and programming of any such event. The Executive Director must approve any event requiring a contract to be signed for facility space. A financial statement of the event must be received at the Central Office within one month of the event. If no financial statement is received, expense reimbursements may be frozen until such time the financial statement is submitted for review by the Executive Director.

Policy 2. LEAD Schools—

A. Registration:

1. Reasonable and fair registration fees will be budgeted by the Executive Director. Such fees shall cover all costs associated with the School including, but not limited to: promotion, printing, entertainment, food, tax, gratuity, speaker fees and costs, staff travel and expenses, security, attendee materials and shipping.
2. Registration fees are to be established for the LEAD Schools to collectively “break even” at no more than three-fourths of expected attendance based on history, location, venue, etc. The combination of the LEAD School registration fees for a given year is targeted to meet all expenses for those combined events. (Any particular school may have a budgeted loss; but collectively the budget must be break even.) The Board of Directors may supplement LEAD School budgets with other resources in order to reach a desired registration fee.
3. The Central Office staff will handle pre-registration with regular updates to the Board of Directors and Regional Vice Presidents.
4. The Executive Director will establish registration rates and deadlines for any discounted rates.
5. Central Office staff will be responsible for ensuring registration is handled, which may be done by staff or volunteers.

B. Programming:

1. The program, including educational programming curriculum, professional, service and social activities, will be developed by staff and National Professional Development Work Group, in conjunction with the Executive Director and Board of Directors, to meet the variety of needs of attendees.
2. As national events, members of the Board of Directors will serve as emcee for the events. The Grand President and Provincial Vice Presidents will work in concert to determine who will lead the efforts at the various LEAD Schools – it may be them, another Board member, staff, or a combination of people to achieve the best results.

3. Provincial Vice Presidents will coordinate efforts between their Provincial Community Service Chair and the National Community Service Chair to host an onsite service activity (if desired) at each School.

C. Publicity:

It will be the joint responsibility of the Central Office staff, Board, and Regional Vice Presidents to promote the School.

D. Accounting:

The Executive Director is required to make available a detailed Profit and Loss Statement to the Board within 90 days after the Schools.

Policy 3. Presidents' Academy—

- A. **Travel Policies** - In order to be eligible for reimbursement or to qualify for expenses to be covered, all travel arrangements for approved collegiate members attending the Delta Sigma Pi Presidents' Academy must be coordinated through Delta Sigma Pi's approved Travel Agent, unless otherwise approved by the Executive Director or their designee.

Registration deadlines will be set and communicated to chapters throughout the fall term. If a chapter does not meet the registration deadline and has not communicated with the Travel Agent or Central Office by that deadline, the chapter may incur some travel expenses due to late booking.

B. Cancellations, Change Requests and Travel Delays (see also Policy 6.G.)

1. Cancellations – Once booked, in the event an attendee needs to cancel attendance at the Academy, attendee must contact the Fraternity's Travel Agent immediately. It is the responsibility of the attendee to make certain that all airline, train, hotel, care and shuttle services are cancelled. If the Travel Agent cannot be reached, the attendee must contact the airline/train and Central Office staff as soon as possible.

Unless otherwise specifically approved, the full cost of the airline ticket (train or other) as paid by Delta Sigma Pi will be due from the attendee/chapter within 30 days of cancellation.

Special circumstances for cancellation will be considered on a case-by-case basis for emergency requests.

2. Change Requests – In the event an attendee needs to change travel plans, the attendee must contact the Fraternity's Travel Agent immediately. The Travel Agent will work with the attendee to change the travel plans, but any costs associated with changing the travel will be due in full by the attendee/chapter at the time of the change—payable via credit card.

Special circumstances for changes will be considered on a case-by-case basis for emergency requests.

3. If an attendee is delayed on the way to the airport and misses their flight, attendee must make sure the airline is notified prior to the departure time or the unused ticket will have no value—contact the airline immediately! Also contact the Fraternity's Travel Agent immediately. The attendee should proceed to the airport and take the next available flight to the Presidents' Academy. Any change fees will be the responsibility of the attendee/chapter and will be payable direct at the airport.

Special circumstances for changes will be considered on a case-by-case basis for emergency requests.

C. Transportation:

1. Actual cost of coach, economy, or equivalent non-refundable base fare for air travel will be covered for trips of greater than 350 miles one-way. Airlines used by Delta Sigma Pi generally allow a carry-on and personal item at no cost. Some airlines will allow checked baggage at no cost. Delta Sigma Pi will not reimburse for checked baggage – checked bags (if any) will be the responsibility of the attendee. With this being a two night event, it is anticipated attendees can reasonably pack in carry-on luggage for the event.
2. Travel arrangements must be finalized with the Travel Agent no less than 21 days before the event. After that date, chapters are subject to transportation expenses.
3. For collegians traveling within 350 miles one-way of the Presidents' Academy destination, Delta Sigma Pi's Travel Agent will assess if driving (rental car or personal), train, air or other transportation is most cost and time effective – and will book and arrange costs and/or mileage reimbursement accordingly.
4. If a rental car is deemed most cost effective, the Travel Agent will book on behalf of the collegiate attendee, but the attendee will need cover costs with a credit card at the rental company. Receipts provided to Delta Sigma Pi will result in reimbursement of the agreed upon rental car fee, fuel for rental car, and tolls. If attendee does not have a credit card, Travel Agent will seek other arrangements. Rental car options may be limited due to attendee location, age (under 25), credit card availability.
5. If a personal car is approved and used for travel to the Presidents' Academy, mileage will be reimbursed to the attendee at a rate not to exceed the IRS standard mileage rate, as well as tolls. The reimbursable rate will be available from the Travel Agent on request and is set at the approved IRS charitable organization rate.
6. If a train is deemed most cost effective by the Travel Agent, Agent will book the train tickets and pay the ticket fee. Reasonable transportation expenses (up to \$40 one way or as approved by the Travel Agent) from the St. Louis train station to the hotel will be reimbursed to the attendee. The Travel Agent will advise on best options for transport to the hotel – and advise of other attendees also on the same train for ride-sharing.
7. If flying, a complimentary hotel shuttle is available to attendees from St. Louis Lambert Airport to the Presidents' Academy hotel and for the return to the airport also. Attendees should use that option. If private car service, taxi or other transportation is used, that will not be reimbursed by Delta Sigma Pi (unless approved by the Travel Agent).
8. Parking expenses, as well as transportation expenses to/from airport, train station and rental car centers, are the responsibility of the attendee/chapter.

D. Meals:

Delta Sigma Pi will provide the following meals:

Friday – Dinner

Saturday – Breakfast, Lunch, Dinner

Sunday – Breakfast

Additional meals or snacks while traveling or during the Presidents' Academy are at the cost of the attendee/chapter.

E. Lodging:

1. Lodging will be provided to attendees for two nights room & tax, and reservations will be managed by the Travel Agent based on double occupancy. Attendees will be paired with another attendee by gender. If an attendee would like a room to themselves, they will pay 100% of room cost and that will be arranged through the Travel Agent. All attendees must stay at the Academy hotel.

2. If additional nights are desired (beyond the two nights), the cost of any additional nights will be incurred by the attendee in full. Exceptions may be granted for additional nights if flight availability is limited.
3. Room service, movies, laundry services, business center or any other incidental expenses will be the responsibility of the attendee. The hotel will require a credit card at check-in for such expenses. The room expenses will not be billed to the attendee. If no credit card available, you will not be able to make any charges to your room.
4. Internet in sleeping rooms and meeting space may be negotiated at no expense to the attendee. You will be provided a code at check-in by the hotel. If not available complimentary, the attendee may need to incur this expense if necessary.

F. Travel Reimbursement:

1. A travel expense report form will be provided to attendees with travel expenses that are reimbursable (as previously defined for rental cars, personal cars, etc.) and must be completed for all travel reimbursements with receipts attached. Travel expense reports should be submitted to Delta Sigma Pi Accounting Department for approval as quickly as practical, but no later than 30 days after the Presidents' Academy concludes. Once received, reimbursement checks will be sent to the attendee within a reasonable time frame.
2. The chapter should reimburse incidental expenses such as parking; transportation to/from airport, train station or rental car facilities; meals not included as part of the program.

G. Attendance:

All chapters are expected to have a collegiate officer representative attend the Presidents' Academy, and that attendee is expected to participate fully in the events of the Presidents' Academy. Failure to have a representative attend and/or participate fully may result in financial, CMP and/or chapter assistance/discipline action.

H. Registration Fee

Collegiate chapters will be charged \$400 annually (July 1-June 30) in 2025-26 for Presidents' Academy registration, to be invoiced in two equal installments of \$200 each on September 15 and February 1. Chapters will owe registration regardless of sending a representative to the conference.

S. EXPANSION AND REACTIVATION

Refer to Bylaws Article XVI "new collegiate and alumni chapters", in addition to the following policies.

Policy 1. College and University Eligibility to Host a Delta Sigma Pi Chapter–

- A. **Qualified program** – The college or university must have a defined department, division, school, or college that offers curriculum as defined by the academic program membership qualifications policy. This entity will serve as the host location for a chapter.
- B. **Accreditation** – The college or university must be accredited by an appropriate accreditation authority for higher education.
- C. **Enrollment** – At least 400 full-time undergraduate students must be regularly enrolled in qualified programs. Total business/economics enrollment less than 400 full-time undergraduate students may be considered on an individual basis. A majority vote of the Board of Directors is required to approve recognizing a startup group at schools with less than 400 full-time undergraduate business/economics enrollment.

D. Permission from School – The office of the business/economics dean or equivalent must provide a written statement of permission to allow publicity materials to be distributed and informational meetings to be held for the purpose of establishing a startup group and subsequently petitioning for a Delta Sigma Pi charter.

E. Location – Consideration of any program outside the United States; or a campus where English is not the primary language, requires a special review by the Board of Directors to determine if appropriate resources and insurance are available and if the program and students are likely to meet Delta Sigma Pi operational standards. A majority vote of the Board of Directors is required to approve startup group efforts at any such campus.

Policy 2. Policies and Procedures for Students/Faculty Starting a New Chapter – In addition to procedures described here, a group seeking recognition as a Delta Sigma Pi startup group must also research and comply with any organizational policies on its respective campus. Also, policies 1.D. above and 2.A. below may be completed simultaneously and in cooperation with campus recognition policies.

A. Information and Intent – A “statement of intent” to start a startup group and subsequently a chapter of Delta Sigma Pi must be submitted to the Central Office with the signatures of two or more interested students. The startup group will be recognized by the common usage name of their college or university followed by the word “Startup Group”. (e.g., a startup group at New York University would be named New York Startup Group, a startup group at Northwestern University-Chicago would be named Northwestern-Chicago Startup Group and a startup group at the City University of New York-Baruch College would be named CUNY-Baruch Startup Group.) (The startup group is essentially a local fraternity seeking a charter from the National Fraternity).

A startup group that does not submit a petition after two years of existence will be reviewed by the Board of Directors in order to determine if a group will ultimately be a sustainable chapter.

B. Communications – The startup group must correspond with volunteers and the Central Office staff on a monthly basis by submitting various reports, as required.

C. Operations & Activities – The startup group must plan and implement a variety of activities that will demonstrate they are functioning like a Delta Sigma Pi chapter. A startup group uses the same Fraternity materials as existing chapters, with the exception of ritualistic materials. Startup groups may not utilize any type of rituals, nor be introduced to Delta Sigma Pi Ritual until approved for pledging and installation.

1. **Officers and Members** – The initial startup group will be determined by staff/volunteers and reported by Central Office staff. Startup group officers will remain in place until the group has an updated set of bylaws approved. In the event of an officer vacancy by resignation, removal by staff, or 2/3 vote of the group membership prior to conducting an election, staff will appoint a replacement. Officers must be confirmed by the startup group at the beginning of each school term and summer on the appropriate form provided by the Central Office.

Startup group offices are to parallel those required of chapters in policy Section D, with the exception of the vice president-pledge education and responsibility of the chancellor to serve as chair of the chapter standards committee. The startup group is required to obtain a startup group advisor, who must be reported with the report of officers.

Members of the startup group must regularly be reported on the form provided by the Central Office. Recruitment of new members should be a continuous effort to reach 25 or more and the total membership must be reported by the end of each school term on the form provided by the central office. At least 20 members must be returning to campus for two semesters or quarters after installation. The startup group may not recruit students in their term of graduation.

2. **Meetings** – Weekly meetings should be held and reported monthly to the Central Office. When startup group membership exceeds ten, the executive committee (officers) should begin an additional weekly meeting to plan for the startup group meeting and to review the status of all objectives.

3. **Activities** – The startup group must plan a variety of professional events, service activities, and fundraising events and report them monthly according to procedures set by Central Office. Social events, while not required for installation, should be reported as well.
4. **Academics** – Startup group events to enhance academic performance are encouraged. Each member must be in good academic standing with the college/university with a grade point of 2.0 or higher.
5. **Bylaws** – A standard set of Fraternity Startup Group Bylaws will be provided to each startup group after a properly executed statement of intent is received. The startup group will submit an updated set of bylaws to be utilized as the group operating procedures within six (6) months of establishment. Copies should also be made available to each startup group member.
6. **National Event Attendance** – The startup group is encouraged to regularly attend national events (LEAD events and Grand Chapter Congress).
7. **Reporting Requirements** - The startup group must utilize the reporting mechanisms established by the Central Office staff.

D. Chartering Requirements –These requirements must be met in order to receive a charter from the National Fraternity.

1. Per Bylaws, at the time of chartering, the startup group must have 25 or more members excluding alumni, honorary, and faculty initiates. A minimum of 20 members must return to campus the two semesters or quarters following the installation.
2. The startup group is expected to plan and execute at least two (2) professional activities, two (2) service activities, and one (1) fund raising events each term. Within the 13 months prior to submitting its petition a total of five (5) professional activities, four (4) service activities, and two (2) fund raising events must be completed. Each activity must be reported according to standards set by the Central Office staff. Each member of the startup group must have participated in one or more of each type of event to enable a startup group member to pledge the Fraternity. With the approval of the District Director, pledge educator and the startup group, additional events can be held during the pledge process for startup group members to fulfill these membership requirements.
3. The startup group must have at least two charter members who have attended at least one national event each (LEAD events or Grand Chapter Congress).
4. All charter members must be enrolled in a qualified program and be in good academic standing with the college or university.
5. In addition to other established reporting requirements, the startup group, with assistance from staff and their District Director must submit a summary report at the end of each academic term that includes the following items: progress toward chartering requirements, calendar of chapter meetings (along with attendance figures), and summary of recruiting events (along with attendance figures for current startup group members and prospective members).
6. Within 90 academic days (excludes extended academic breaks) of a startup group's founding (the date the startup group was officially recognized by the National Fraternity), the startup group must submit a payment of \$400.00 toward its charter fee. Within 60 days thereafter, the startup group must submit additional payments of \$400.00 or more every 60 days. This process continues until either the startup group has paid the full charter and initiation fees or has petitioned, in which case, the full balance on the charter fee is due with the petition.

These fees will be applied toward charter and initiation fees owed at time of petitioning. Failure to pay fees in a timely manner will result in automatic Board review of the startup group.

7. In addition to all chartering fees having been paid the group must demonstrate initiation and badge lease fees have been collected and available to be submitted upon petition approval.
8. The group must submit and have approved by the Executive Director, or their designee, a petition to be utilized as a historical document. Photos are extremely beneficial in creating the first historical records for the new group and are requested.

The petition must include (in this order):

- a. Table of Contents
- b. Request for charter letter – A brief statement indicating intent to obtain a Delta Sigma Pi chapter charter followed by the printed name and accompanying signature of each charter member.
- c. A minimum of three letters of recommendation, including one from each of the following (more are welcomed and encouraged):
 - i. College/school of business/economics dean (or equivalent) and/or startup group advisor, and/or other faculty/administrator(s)
 - ii. District Director and/or Regional Vice President
 - iii. Staff supporting the group
- d. Brief summary of college/university history about the founding, major development and growth events. Campus photos are desirable.
- e. Brief summary of college/school/department of business/economics (if available) history about the founding, major development, and growth events.
- f. Brief summary of the development of the startup group and a complete list or description of all professional, service, fundraising, scholastic, and social events conducted by the group. This startup group history must include all events for the duration of the startup group's existence and not just the current term. Several group or activity photos are recommended.
- g. Complete membership statistics, which include the total number of student members listed by graduation term and year; and a categorization of how many members are in each qualified major. The number of faculty participants should also be identified, as should any startup group alumni who have remained supportive and desire to be initiated.
- h. Member biographies - defined as an individual photo of each member with their name, major, graduation date, and any other information desired by the startup group. Information usually included is member hometown, career goals, or hobbies.

E. Petition Approval by Board of Directors—

1. After receiving both the petition and charter fee, the Central Office staff will review the petition for completeness and verify that membership and activities requirements have been satisfied. Electronic summaries of the petition are sent to the Board of Directors. Per Bylaws Article XVI, Section 2, a three-fourths (3/4) vote of the entire Board of Directors is required to accept the petition, authorize that official pledging may begin, and subsequently grant a new chapter charter.
2. The startup group and all involved parties will be notified of the voting result by the Central Office staff. The Grand President, Provincial Vice President, Regional Vice President, and the Executive Director (or their designee) must discuss and agree on an installation date with the startup group to ensure that sufficient national leadership is able to be present for the installation. Per Bylaws Article XVI, Section 4, the Executive Director has ultimate authority to select the date, and it must be no more than six months from the date of petition approval.

F. Pledging—

1. Once the petition for chapter status is approved by the Board of Directors, an installation date is set by the startup group president, Grand President and Executive Director (or their designee). A pledge education program is conducted in accordance with the Pledging and Initiations policy.

2. Alumni of a chartering group (such as a local fraternity or members of a startup group who have graduated before installation of the chapter) are eligible to become members as honorary initiates at installation per Bylaws Article XVI, Section 5. They will pay the collegiate initiation fees. The Grand President may reject an application for this process based on the individual's record of involvement during the formation of a startup group.

Any alumni members of the chartering group who are not initiated at the time of the installation may be considered for initiation as an honorary member of the chapter at a later date, via the normal process.

3. The pledge education program for the startup group will be prepared by Central Office staff and must be in compliance with the Pledging and Initiations policy, concluding with initiation and chapter installation. The pledge education program is administered by the startup group pledge educator (see Policy 3.C. below). The Executive Director (or their designee) will ensure program materials, membership applications, jewelry or any other needed items are provided to the designated startup group pledge educator.
4. Members of a chartering group who are either abroad (out of the area/country), or on a work training program that makes them not able to attend startup group functions may be initiated the next term after they have returned to school. They may only be absent from school a maximum of one term (either a quarter or semester).

The following must be completed in order for these startup group members to be listed as Charter Members.

1. The members returning to school must have participated in one or more of each type of event (Professional, Community Service and Fundraising) to pledge the Fraternity.
2. A Pledging Ceremony is held for the returning members in compliance with the Pledging and Initiations policy.
3. The members returning must participate in the same pledge education program that the former startup group members (their pledge brothers) participated in and must be at least 30 days in length, concluding with initiation.
4. The initiation of the individual(s) must be completed before the new chapter has the Pledging Ceremony for their first group of pledges.

If these steps cannot be completed, the individual(s) may seek invitation from the chapter to pledge in the future following standard procedures.

G. Startup Group and Individual Fees—

1. A charter fee established by the Board of Directors (see "finances" policy) is charged to petitioning groups. Funds for the fee may be collected through fundraising efforts, from the school (Dean's office, student activities) or from corporate sponsors and contributions.

In the event a startup group does not charter, one-half of the submitted fees will be returned to the charter group. If the same startup group petitions again within a two-year period, any retained fees will be applied.

2. An initiation fee and badge lease are required for each collegiate, faculty and honorary initiate. The fees are identical to those of any other initiate and are found in the "finances" policies.
3. Some installation costs are at the discretion of and the responsibility of the startup group. An installation celebration is held following the first initiation and the startup group (or each member) is responsible for the cost. All attendees (startup group members, family, friends, etc.) must be charged an appropriate price of admission to the event, or such costs must be paid from the startup group treasury. If the startup group desires music, decorations, or any other items at or after the celebration, they assume responsibility for payment of those items. The startup group is responsible for all hotel or other meeting

location arrangements including meal selection, room costs, payments, etc. The startup group is encouraged to submit any necessary contracts to the Executive Director for advice and suggestions before signing them.

4. Membership dues are not assessed to startup group members, nor to new initiates in the same term as their initiation. Local student dues are at the discretion of the local startup group or chapter.

H. Supplies and Recognition—A number of items are provided to the startup group/new chapter. Costs for these items are accounted for as part of the chartering fee. These include:

1. Staff support to the group.
2. Two (2) complementary registrations to one (1) annual national event. Additional registrations will be invoiced at the “early bird” rate for the event regardless of the date the group registers.
3. A framed charter with the names of each new member inscribed upon it.
4. Eight copies of the Fraternity’s Ritual book.
5. A gavel engraved with the chapter name and installation date.
6. Programs for the installation ceremonies.
7. A supply of pledge pins and any other reporting forms, operations manuals or other resource materials not available from the Fraternity website.
8. Up to \$1,000 toward the chapter’s installation celebration. The Executive Director will establish a process by which invoices can be paid by the Central Office directly or expenses can be submitted for reimbursement. Any costs more than \$1,000 are expected to be paid by the group/chapter.
9. One (1) hard bound copy of the startup group/chapter’s petition.

Policy 3. Policies and Procedures for Volunteers and Staff Assisting a Startup Group—

- A. **District Director** – A startup group should have a District Director appointed by the Regional Vice President within 15 days of startup group recognition. If the Regional Vice President does not appoint a District Director within that time period, one may be appointed by the Executive Director (or their designee). The term of office is the same as chapter District Directors -- one year expiring on June 30. A District Director may be re-appointed for additional terms.
- B. **Advisors** – The startup group must elect a Startup Group Advisor in accordance with the “Chapter Advisor” qualifications and duties found under “Collegiate Chapters.”
- C. **Startup Group Pledge Educator** – An alumni member of the Fraternity, appointed by the Regional Vice President, in consultation with the District Director, and Executive Director (or their designee), administers the pledge education program for a startup group after its petition has been approved. The startup group pledge educator may be the Startup Group Advisor or District Director, but is not necessarily so. The startup group pledge educator is expected to be appointed at least thirty (30) days prior to the submission of the group’s petition.
- D. **Initiation Preparation and Roles** –
 1. Initiation is coordinated by the Executive Director (or their designee) at the direction of the Grand President and with assistance from the District Director, Regional Vice President and the local startup group officers, usually utilizing collegiate members from nearby chapters, at their discretion. All

chapters and members invited to assist with the ceremonies must be in good standing with the Fraternity, unless otherwise approved by the Grand President.

2. The collegiate chapters assisting with initiation will receive mileage reimbursement at the current IRS rate if greater than \$10.00 or travel is greater than 25 miles one way between the startup group and their chapter. Mileage reimbursements are per collegiate chapter; not per member. In addition, up to seven of the collegiate assistants will receive a complimentary ticket for the installation celebration. If the members do not attend the celebration, they forfeit the ticket with no cash value. No travel reimbursements are provided to alumni members. The National Fraternity will reimburse installation celebration costs over and above any officer budgets for the pledge educator, chapter advisor, district director, RVP, PVP, and Grand President. This reimbursement will not impact any other budget allocations available to these individuals. All reimbursements and complimentary celebration tickets are paid for by the National Fraternity; not the startup group. The Executive Director (or their designee) will coordinate all financial arrangements for these items.
 3. Refer to the “Reimbursement Policy” under the “Finances and Investments” policy section for details on installation travel expenses.
- E. **Installation Celebration Program** – A printed program for the celebration will be prepared by the Executive Director (or their designee). Costs are paid through chartering fees unless in excess of allotted amount or otherwise noted.
1. The startup group, staff and the startup group pledge educator will assist in verifying the names of all members to be printed, and in securing one or two university representatives to offer welcoming and school history remarks to the attendees.
 2. The Regional Vice President and the Executive Director (or their designee) will coordinate head table seating and presenters. The Grand President (or alternate) will present a “replica” charter and the official “charge” to the startup group. (The actual charter is presented at a later date, since names are not available until the installation ceremony is completed.) Speeches, ceremonies, award presentations or any other activities not specifically relating to the startup group and installation are not permitted.
 3. The Central Office staff member attending the event will ensure that the program arrangements on-site are all in place, including head table arrangements, meal service, presentations, etc. and that all are flowing within the available time limitations. T. FINANCES AND INVESTMENTS

Policy 1. Collegiate Dues Exceptions—

- a. If a member is on university suspension or probation, they are required to pay dues unless the terms of the discipline do not allow participation in student organizations. Members on probation will be counted for dues.

- c. Chapters unable to collect dues or pay invoices for disciplinary reasons shall not incur late fees, interest, or other financial penalties as a result of payment missed while such action is in effect.
- d. Dues and fees not invoiced as a result of a chapter's disciplinary status may, at the discretion of the Executive Director, be invoiced at a later date. To the extent possible, timing and value of invoices should be determined in collaboration with the chapter to support future chapter success and minimizing financial burden to the Fraternity. Such invoicing may:
 - i. Be invoiced in full or in partial payments.
 - ii. Are not to exceed five (5) years following the conclusion of the relevant disciplinary status.

- e. Any brother on "non-local" co-op or any brother studying abroad for whole or the majority part of a term shall not pay dues. It does not matter whether or not school credit is earned. A co-op is defined as any work, internship or exchange program. "Non-local" is defined as living somewhere other than where the student would live if taking regular classes OR not taking any on-campus hours. Brothers on "non-local" co-op or studying abroad will continue to be listed as collegiate members and will be charged dues the term they return to campus. (See Bylaws "Definition of a collegiate member.")

Policy 2. Current Collegiate Dues— Collegiate chapter dues (for both semester and quarter schools) are \$110 annually for 2025-26 (\$55.00 each for fall 2025 and spring 2026 terms), if paid within 30 days from the first day of classes in each fall and spring term. If paid after 30 days from the first day of classes in fall or spring term, an additional \$2.50 will be added to the term's dues. Except for as specified elsewhere in Bylaws and Policy, a chapter will owe dues for all members not properly removed from their roster at the time dues are due. At the time a chapter remits national dues, as long as the member has not paid initiation fees in the past 30 days prior to the beginning of

spring quarter, all enrolled collegiate members who are on Fraternity probation or suspension as well as brothers who have not been recognized as expelled on the records of the national Fraternity must pay national dues. Refer to the Individual Discipline Policy manual, “Getting Started”, Documentation section.

Policy 3. Current Initiation Fees—Initiation fees are \$35.00 for 2025-26 for Faculty and Honorary initiates. Initiation fees for collegiate initiates for 2025-26 are \$85.00.

Policy 4. Current Pledge Pin Fee—Pledge pins are \$12.00 each.

Policy 5. Current Badge Lease Fee—Badge lease fee is \$50.00 each.

Policy 8. Alumni Chapter Insurance Premium—The insurance premium fee for alumni chapters is \$70 except for approved foreign alumni chapters which must purchase their own insurance (See Section C. Alumni Chapters).

Policy 9. Collegiate Chapter Insurance Premium—Insurance fees for collegiate chapters are charged twice annually (fall and spring) based on an estimate of the total cost of insurance, including administration anticipated for the year. Fees will vary by chapter based on the number of members in a chapter.

Policy 10. Overdue Balance—

- a. **Interest Charges**—Charge simple interest at the rate of 12% per annum to chapters, individuals and/or all other entities with balances that are past due for more than 30 days.
- b. **Cash-Only Status/Revocation of Credit**—Any chapter, individual and/or entity which have an outstanding balance that is aged greater than 90 days will be placed on cash-only status. This status will remain in effect until all balances aged greater than 90 days have been satisfied.

Policy 12. Bad Debt Collection—The Central Office is authorized to refer chapters to any qualified debt collection agency for collection of past due accounts.

Policy 14. Regalia Fees—Collegiate chapters are charged \$50 annually (July 1-June 30) for regalia usage fees, to be billed in two equal installments of \$25 each at the beginning of each semester or the beginning of the first two quarters.

Policy 15. Regalia Fines—

- B. **Late Shipping:** Chapters determined to be unreasonably delinquent (at the discretion of the Executive Director) in shipping regalia trunks, either to the Central Office or to other locations, shall be assessed \$10 per day of delinquency, as well as next-day air (or the equivalent) shipping costs to the next required site.
- C. **Regalia Replacement:** At the discretion of the Executive Director, chapters that are deemed responsible for lost or damaged regalia items will be charged a processing fee of \$25, as well as a per item replacement cost.

Policy 16. Reimbursement Policy— The Board of Directors may approve an allocation within a fiscal year budget to a province, region, member of the Board of Directors, or Regional Vice President. These funds are intended to allow members of the Board of Directors and Regional Vice Presidents to communicate and interact with chapters and startup groups and to attend Fraternity functions.

A budget for expenditure of funds allocated to a province must be approved prior to incurring any such expenses by either a) the Provincial leadership team, consisting of the Provincial Vice President and Regional Vice Presidents, or b) the Provincial Council. This budget may include allocations for specific provincial leaders for travel expenditures associated with chapter visits or attendance at Fraternity functions. Additionally, the budget may allocate funds for expenses of specific Fraternity events (such as provincial or regional leadership meetings or area or regional conferences). Expenses for provincial purposes beyond those listed above may be included but are subject to approval by the Vice President-Finance. Any such budgeted items that are not approved may be reallocated to other categories by the PVP.

The approved provincial budget must be provided to the Central Office accounting department staff for use in implementing proper reimbursement procedures. Provinces may establish additional policies for volunteers seeking reimbursement for funds allocated to said province. Any such policies must be provided to the Executive Director (or their designee) within 30 days of implementation.

Reallocations of funds between volunteers or between budget categories may be approved by the PVP, who must notify the Executive Director (or their designee) of such allocation.

Any provincial allocations not expended by the close of the fiscal year are returned to the general fund.

A. General Policies:

1. Receipts should be submitted for all expenses, and are required for expenses over \$25. Documentation of volunteer expenses is important in differentiating between volunteer and employee activity for IRS reasons.
2. Board of Directors' travel arrangements are made individually by Board members using the most favorable economic means. Use of Fraternity travel partners (listed on our website) is encouraged but not required. Any requests for reimbursement by Board members are made after expenditures have been incurred.

Regional Vice Presidents and other volunteers must pay for any travel costs in advance and then request reimbursement from the Fraternity afterwards, via the Central Office. Regional Vice President expenses will be funded from provincial allotments. The Provincial Vice President must provide the staff with specific Regional Vice President budget amounts, or no disbursements will be authorized.

3. Unused monies from specific volunteer officer expense budgets are forfeited. The allocated funds must be utilized during the current fiscal year to be claimed.
4. Expense reports **must** be submitted for reimbursement.
5. Deadlines: Expense report deadlines are semi-annual, due (received at the Central Office) by January 10 and July 10 of each year. Expenses incurred July 1 through December 31 are due by the January 10th date. Expenses incurred January 1 through June 30th are due by the July 10th date. All expenses related to Grand Chapter Congress, Provincial Conferences and LEAD Schools must be submitted within sixty (60) days after the close of the event. Expense reports received after those dates for each respective period **will not be reimbursed**. The last period report must be received by July 10th to allow for processing within the fiscal year.
6. Procedures for Submitting Expense Reports: Qualifying expenses should be recorded on "official" Fraternity expense report forms (available from the Central Office), or in a format that closely follows that of the form (to include online software if made available). When completed, sign and date the report. Attach copies of all required receipts and submit the expense report and receipts to the Central Office for reimbursement. Regional Vice Presidents *do not* need to have expense reports approved by Provincial Vice Presidents for routine travel expenses. Unusual Regional Vice President expenses may require Provincial Vice President approval -- refer to the detailed reimbursement policies for additional information.
7. Budget balances may be obtained by contacting the Administrative Assistant/ Bookkeeping.

8. Grand Officers cannot receive payment from chapters for services rendered while holding office. Grand Officers may receive payment for services rendered from a university at which a chapter exists but must disclose the relationship to the Board of Directors.

B. Regional Vice Presidents:

1. Individual Regional Vice President Budget:

- a) Individual Regional Vice President's annual expense budgets are determined by the respective Provincial Councils from allotted province funds. The Provincial Vice President must advise the Central Office of each Regional Vice President budget or no disbursements will be authorized. In order for Regional Vice Presidents to be reimbursed for expenses related to attendance at events that occur outside their province, prior approval must be obtained from the Provincial Vice President who will consult with the Grand President or National Vice President–Finance. The Regional Vice President does not need prior approval if the event is a joint regional event between their region and another region and is hosting outside of their region.

Policy 18. Investment Policy—

- A. **Introduction:** This statement of investment policies and objectives (“Investment Policy”) is set forth for Delta Sigma Pi (hereafter referred to as Fraternity) in order that:

- 1. There is a clear understanding on the part of the Board of Directors, the Executive Director and Investment Manager(s) of the investment policy and its objectives for each class of funds for which the Board of Directors is responsible for.
- 2. All investment portfolios of the Fraternity are given investment guidance and limitations.

B. Investment Roles and Responsibilities:

- 1. Responsibility of the Executive Director

The Executive Director of the Fraternity is responsible for investing the Fraternity’s Funds. The Executive Director shall discharge their duties solely for the purpose of providing benefits to the Fraternity and defraying reasonable expenses of administering the plan. They are also responsible for classifying (or reclassifying) all Funds, as either a “Class I” Fund or a “Class II” Fund (Investment Classes are defined in Section C of this Policy). The Executive Director will make certain, that “Class II” funds are maintained at such a level that operations can continue for at least a six month period in the event of catastrophe. The Executive Director or their designated representative will be responsible for the implementation of all investment transactions. The Executive Director, with the approval of the Finance Committee, is empowered to open or close accounts as long as funds are maintained according to the remainder of this policy.

The Executive Director is authorized to commingle individual Funds for investment purposes when they deem it necessary and beneficial in meeting the objectives and goals of this investment policy. The Executive Director is responsible for maintaining Fund accounting even if Funds are commingled for investment purposes.

Any change to the asset classifications will be immediately communicated to the Board of Directors, the Finance Committee and the Investment Advisor via written or electronic means and a copy thereof maintained in the books and records of the Fraternity.

- 2. Responsibility of the Board of Directors

The Board of Directors has the responsibility to consider adjustments to this policy after careful consideration of advice and recommendations of the Vice President Finance, the Finance Committee or if they themselves deem an adjustment is necessary.

- 3. Responsibility of the Vice President Finance

The Vice President Finance is responsible for recommending (at least annually) to the Executive Director, the level at which “Class II” funds must be maintained. The Vice President Finance is also responsible for

ensuring that the Finance Committee discharges their responsibilities with respect to enforcement of this policy.

4. Responsibility of the Finance Committee

The Finance Committee is responsible for reviewing investment performance, policy, guidelines and ensuring that the requirements specified in Policy T.18 are satisfied. The Committee may confer with the Investment Manager as necessary after notifying the Executive Director. It also makes recommendations (if any) as to investment policy and Investment Manager changes to the Board of Directors.

5. Responsibility of the Investment Manager

The Executive Director is authorized and permitted to engage services of a Registered Investment Agent ("the Agent") who possesses the necessary specialties in investment research facilities and skilled manpower to meet Fraternity investment objectives and guidelines. Accordingly, the Executive Director requires the Agent to adhere and manage assets according to prudent standards as established in common trust law and the Uniform Prudent Investors Act. The engagement of the Agent for the management of Fraternity assets under no way relieves the Executive Director from their responsibility for the safekeeping and guidance of the Funds. The Investment Manager is also responsible for providing timely investment performance reports to the Fraternity. In addition, the Investment Manager will notify the Fraternity any time there is non-compliance with this policy or at any such time the manager feels they are unable to comply with this policy.

C. Investment Objectives:

The investment objective of the Fraternity is subject to the terms set forth within this policy. The Investment Manager should keep in mind that reasonable efforts must be made in the areas of preservation of capital, risk aversion and consistent application of the investment discipline for which they were hired.

To accomplish the investment objective, assets are divided into two categories:

1. Class I Funds

The investment objective of "Class I" funds is to attain a favorable total return by utilizing a strategy which encompasses a mixture of capital appreciation, dividend and interest income. It is the goal of "Class I" funds to obtain an average annualized total return of 4-5% plus inflation over a 10 year investment horizon. This objective will be sought by utilizing equity, fixed income or cash / cash equivalent asset classes in accordance with the asset allocation guidelines for "Class I" funds defined in Section D of this policy. Asset types which may be included within equity, fixed income or cash / cash equivalent asset classes are defined in section D.2 of this policy.

2. Class II Funds

The investment objective of "Class II" funds is to provide short term liquidity to the Fraternity by maintaining an asset base greater than the amount of cash required to support operations for at least six months. This objective must be met by utilizing cash or cash equivalents which are defined within the investment guidelines section of this policy.

Each Investment Manager will be notified, at least annually, what percentage of assets under their management must conform to each "Class" of funds. The board may designate any grouping of assets such as the National Endowment Fund (NEF) to contain any mixture or grouping of these asset categories. For example, the Board may determine that the NEF may contain 75% in "Class I" Funds and 25% in "Class II" Funds. The Investment Manager will be notified of the category mix and the assets must be managed per section D of this policy.

D. Investment Guidelines:

1. Asset Allocation

It is the philosophy of the Board of Directors that the asset mix of Class I Funds should be:

<u>Asset Class</u>	<u>Minimum</u>	<u>Maximum</u>	<u>Preferred</u>
Equities	55%	70%	60%
Fixed Income	30%	45%	35%
Cash and Equivalents	1%	10%	5%

Each Investment Manager must manage their respective portfolio pursuant to the above asset allocation guideline independent from any other investment portfolio that the Fraternity may maintain. If a deviation from the approved asset allocation is desired, the Investment Manager may request a deviation from the Executive Director or their authorized representative. After reviewing the request with the Board of Directors and the Finance Committee, the Investment Manager will receive written notification either granting or denying the deviation. If granted, the deviation will be reviewed on a quarterly basis by the Finance Committee.

In the event that the above asset allocation guideline is violated, for reasons including but not limited to market price fluctuations, the Executive Director or appointed representative will instruct the Investment Manager(s) to bring the portfolio(s) into compliance with these guidelines as promptly and prudently as possible. In the event that any individual Investment Manager's portfolio is in violation with its specific guidelines, for reasons including but not limited to market price fluctuations, the Fraternity expects that the investment manager will bring the portfolio into compliance with these guidelines as promptly and prudently as possible without instruction from the Board of Directors.

1. Encouragement of reporting. Delta Sigma Pi encourages complaints, reports or inquiries about illegal practices or serious violations of its policies, including illegal or improper conduct by the organization itself, by its leadership, or by others on its behalf. Appropriate subjects to raise under this policy would include financial improprieties, accounting or audit matters, ethical violations, or other similar illegal or improper practices or policies. Other subjects on which Delta Sigma Pi has existing complaint mechanisms should be addressed under those mechanisms, such as raising matters of alleged discrimination or harassment via human resources channels, unless those channels are themselves implicated in the wrongdoing. This policy is not intended to provide a means of appeal from outcomes in those other mechanisms.
2. Protection from retaliation. Delta Sigma Pi prohibits retaliation by or on behalf of the organization against staff or volunteers for making good faith complaints, reports or inquiries under this policy or for participating in a review or investigation under this policy. This protection extends to those whose allegations are made in good faith but prove to be mistaken. Delta Sigma Pi reserves the right to discipline persons who make bad faith, knowingly false, or vexatious complaints, reports or inquiries or who otherwise abuse this policy.
3. Where to report. Complaints, reports or inquiries may be made under this policy on a confidential or anonymous basis. They should describe in detail the specific facts demonstrating the basis for the complaints, reports or inquiries. They should be directed to Delta Sigma Pi's Executive Director or Grand President; if both of those persons are implicated in the complaint, report or inquiry, it should be directed to the full Board of Directors. Delta Sigma Pi will conduct a prompt, discreet, and objective review or investigation. Staff or volunteers must recognize that Delta Sigma Pi may be unable to fully evaluate a vague or general complaint, report or inquiry that is made anonymously.

The Board of Directors may revoke approval for the use of membership data for any purpose by any person or entity when such use is held to be detrimental to the best interests of Delta Sigma Pi or its members. Any member may voluntarily be removed from the mailing list of Delta Sigma Pi by written request to the Executive Director. The Executive Director shall additionally maintain a fraternal privacy policy, which will be made publicly and readily available and shall comply with necessary and appropriate laws and best practice of such policies.

Policy 5. Website Privacy—Individuals holding Fraternity office shall have their name and their email address listed on the Fraternity website. Others listed on any Fraternity-related website must give their permission to be listed – or access to the information must be secured via an identification verification system. Policy 6. Badges may only be worn by a brother in good standing, the partner or spouse of a brother, the brother's fiancé(e) or the parents of a brother.

Policy 3. Badges Found in Public Sales—Brothers finding badges for sale to the general public should make an effort to inform the seller of the badge's leased status and that said badge should be returned to the Central Office for archiving or redistribution.

Once provided with contact information for any such seller, the Executive Director will send a letter explaining the situation and requesting the badge be returned to the National Fraternity, a local chapter or an individual brother. No additional follow-up communication will be made by the Executive Director, except relating to any replies to the initial letter.

Any such badges returned to the Central Office may be redistributed at the discretion of the Executive Director. The National Fraternity will not purchase any such badges, nor refund the purchase price to any brother, nor expend significant fiscal or staff resources to retrieve any such badges.

Policy 4. Jeweled Badges—The Board of Directors authorizes sale and distribution of jeweled badges (by vendors secured by the Executive Director and designated as official) containing jewels in any and all combinations that fit the basic historic design and size of the jeweled badge. Items categorically rejected include those containing obvious copyright violations, obscene language, nudity, gross sexual innuendo or images, or any item promoting or alluding to any action or ceremony in violation of risk management. Upon request, the Executive Director, Grand President, or Provincial Vice President will review designs for compliance with this policy prior to production.
- b) Anyone deemed in violation of this policy will be notified and must immediately cease use or sale of the item and may no longer be authorized by Delta Sigma Pi to use its name, letters, or insignia. Failure to comply by any vendor (brother or not) will result in immediate termination of authorization for that vendor to use the Delta Sigma Pi name, letters, or logos for any purpose whatsoever and may result in legal action.

- e) The following rules will apply to any licensed product or service utilizing the Delta Sigma Pi trademarks or symbols, including the Greek letters, “Deltasig”, “Delta Sigma Pi”, “DSP”, coat of arms, badge, or any logos representing Delta Sigma Pi events or programs, specifically but not limited to the following categories of products:
