I. GOVERNANCE

A. PURPOSE, MISSION, VISION, VALUES AND ENDS STATEMENTS

The roots of the Leadership Foundation began in 1945 when the Educational Foundation was started. In 1978, the Delta Sigma Pi Leadership Fund was created and later merged with the Educational Foundation to form what is now the Delta Sigma Pi Leadership Foundation.

Today, the brothers of Delta Sigma Pi continue the strong tradition of the past to keep building the Foundation through support of its charitable efforts. Through scholarships for academic achievement and grants for leadership development and training, the Trustees and staff of the Leadership Foundation work to support the following:

- ◆ **Scholarships for Academic Achievement:** The Foundation provides graduate grants and undergraduate scholarships to many qualifying students each year; awards Regional, Provincial and National Collegians of the Year scholarships annually; and works with alumni who “give back” to their chapters by coordinating local chapter scholarships.
- ◆ **Leadership Development and Training:** Contributions from the Leadership Foundation support educational programs offered at LEAD Schools and Provincial Conferences, The Presidents’ Academy, Grand Chapter Congress, and similar National or geographical based events and activities.

In addition to contributions from brothers, corporate citizens have provided support through their social investment in the Foundation. Through their investment, the Foundation is able to assist the Fraternity in connecting students and alumni of business schools to the corporate leaders of America.

This policy is focused upon material financial interest of, or benefit to, such persons.

Appropriate subjects to raise under this policy would include financial improprieties, accounting or audit matters, ethical violations, or other similar illegal or improper practices or policies. Other subjects on which the Foundation has existing complaint mechanisms should be addressed under those mechanisms, such as raising matters of alleged discrimination or harassment via human resources channels, unless those channels are themselves implicated in the wrongdoing. This policy is not intended to provide a means of appeal from outcomes in those other mechanisms.
- b. Protection from retaliation. The Delta Sigma Pi Leadership Foundation prohibits retaliation by or on behalf of the organization against staff or volunteers for making good faith complaints, reports or inquiries under this policy or for participating in a review or investigation under this policy. E. INVESTMENTS

1. Introduction

The Delta Sigma Pi Leadership Foundation ("Foundation") is maintained to provide benefits, as the case may be, to its participants, as defined and described by its Articles of Incorporation (See Appendix A.)

This statement of investment policies and objectives ("Investment Policy") is set forth for the Foundation in order that:

There is a clear understanding on the part of the Trustees and Officers of the Delta Sigma Pi Leadership Foundation of the investment policy and objectives of all funds for which the Foundation is responsible for, including the General and the Endowed Funds.

All investment portfolios of the Foundation are given investment guidance and limitations.

It is the intent of this statement to establish a philosophy that will assist the Trustees in guiding all Foundation portfolios towards desired performance.

2. Investment Responsibilities

a. Trustees Responsibilities

The Trustees of the Foundation are charged by law with the responsibilities for the investment of the assets of the Foundation. The trustees shall discharge their duties solely for the exclusive purpose of:

- (a) providing benefits to participants and their beneficiaries;
- (b) defraying reasonable expenses of administering the plan.

Trustees shall discharge their duties with the care, skill prudence and diligence under the circumstances, then prevailing, that a prudent investor acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and objectives. The Trustees are aware of, and accept, the responsibilities as set forth by this investment policy.

b. Investment Management Responsibilities:

The Trustees are authorized and permitted to engage services of a Registered Investment Agent who possesses the necessary specialties in investment research facilities and skilled manpower to meet Foundation investment objectives and guidelines. Accordingly, the Trustees require the Agent to adhere and manage assets according to prudent standards as established in common trust law and the Uniform Prudent Investors Act. The

engagement of a Registered Investment Agent for the management of Foundation assets, however, does not relieve the Trustees from their responsibility for safekeeping and guidance of the funds.

Investment policy guidelines will be fixed from time to time by the Trustees after consideration of advice and recommendations of the Investment Committee. All modifications of investment policy guidelines shall be in writing, voted upon by the Trustees of the Foundation, and reflected in the official minutes of the Foundation. The Executive Vice President of the Foundation shall be charged with the implementation of all investment transactions.

Revised 8/8/04

3. Investment Objectives

The investment objective of the Delta Sigma Pi Leadership Foundation will be to attain a favorable absolute return for entire Foundation assets, consistent with preservation of capital and some emphasis on long-term growth.

It is the goal of the Foundation to obtain an average annualized total return of 6.0% to 8.0% over a five to seven year investment market cycle.

All performance return figures shall be timely provided no less than semi-annually for review by the Investment Committee, reviewed no less than annually by the Board of Trustees and reflected in the official minutes of the Foundation.

Revised 8/6/16

As a basis for controlling risk for the Foundation, it is desirable to limit the funds exposure in each asset segment. The guidelines are as follows:

The Trustees would be responsible for maintaining fund accounting even if funds are commingled for investment purposes.

If the Trustees commingle the funds, then each fund commingled will be allocated a proportionate share of net income, dividends, proceeds from sales, gains, losses, or any other increase or decrease based upon the ratio of the cost basis of the individual fund balance to cost basis of all commingled funds as a whole. Expenses of these funds shall also be allocated on a similar basis. (See Policy II.A. "Named and/or Designated Gifts")

J. TRUSTEE TRAVEL

1. General Purpose

The Trustees of the Leadership Foundation serve as the primary spokespeople to the Fraternity membership and the global community regarding the charitable mission of the Foundation. To that end, the history and culture of the Trustees has been that all travel performed in the name of the Foundation and for representation and fundraising for the Foundation would be paid for by the Trustee and would be reported to the Foundation staff. The value of such travel would be documented and considered a "gift-in-kind" to the Foundation. To insure a seamless administration of the Foundation while also maintaining organizational accountability, the following policy guidelines are to be fully considered by the Trustees through service to the Foundation and Fraternity:

2. Policy Guidelines

- a. Travel for the President and Chair, coordinated through the annual budget and approved at the Annual Meeting of the Board of Trustees, may not be included in the annual travel gift amount of the President and Chair.

- b. The Executive Vice President may not require or obligate any Trustee to travel on behalf of the Foundation.
- c. The Executive Director of the Fraternity may not require or obligate any Trustee to travel on behalf of the Fraternity.
- d. To qualify for gift-in-kind recognition, Trustees must submit expenses incurred between July 1 and December 31 by December 31 and must submit expenses incurred between January 1 and June 30 by June 30.
- e. Travel that is conducted in the name of the Foundation should be obtained at a reasonable cost and should be coordinated with as much advance notice as possible to insure that market rates for fares may be engaged. Any official representation of the Foundation that requires travel must be pre-approved by the Chairman or President.
- f. Travel that is conducted in the name of the Foundation can be submitted as gift-in-kind following these guidelines:
 1. If you are a current Trustee you can submit your Hotel room at the Delta Sigma Pi negotiated rate for a double occupancy as a gift-in-kind. You cannot submit anything that would be considered an upgrade to a standard room such as suites, concierge class, etc. A copy of the hotel folio is required with the expense report submission.

Examples:

- You share a room with another person and they are not a Trustee or board member then you will be able to submit only your half of the rate.
- If you are sharing a room and both of you are Trustees then each of you will be able to submit $\frac{1}{2}$ of the room rate.

Qualifying days are as follows:

- You can submit up to 1 night prior to an event.
- You can submit up to 1 additional night stay following an event

Any expenses associated with room such as movies, mini bar, internet and wireless fees cannot be submitted as a gift-in-kind.

2. If you are an incoming Trustee and you attend the meeting upon your appointment then you can submit your travel costs as a gift-in-kind per the guidelines in this policy.
3. If you are a Trustee who is coming off the board at a particular meeting that you are attending you can submit your room as a gift-in-kind per the guidelines stated above.
4. Trustee Emeritus or other persons appointed by the Chairman can be eligible for gift-in-kind credit for expenses incurred for Foundation business provided they are approved by the Chairman in advance and otherwise follow these guidelines.
5. You are allowed a per diem of the IRS approved amount for meals only as periodically published as a gift-in-kind on days of travel including day of flights. If your inbound flight to attend the meeting leaves before 12pm local time you may count that day. If your return flight lands after 12pm local time you may count that day. If the event you are attending includes lunch or dinner, the per diem will be 50% of the IRS determined amount. If the event includes both meals, no per diem will be allowed.
6. Rental cars. If you have the need for a rental car you can submit it as a gift-in-kind as long as it is used for the event. If used as personal and Foundation related, then you can submit the prorated share of the cost of the rental and expenses associated with it based upon miles driven. You can submit a reasonable cost for a standard midsize rental. Any upgrade will not be considered. If a rental is needed, Trustees are encouraged to coordinate rides to consolidate cost. In this case, a larger car may be necessary to

accommodate multiple people. In such cases, each person can submit their share of the cost. Parking can also be submitted as an expense of the rental.

7. If you drive to a location, or have a need for your personal car for a portion of your trip, you can submit as a gift-in-kind the mileage at the standard rate determined by the taxation laws for a not-for-profit organization. Parking can be submitted as an expense of the trip.
8. Flight cost. You can submit flight costs to a Foundation or Fraternity event as a gift-in-kind. The ticket must be a coach and you cannot submit anything that would be considered an upgrade.(ie first class) Any tickets purchased less than 14 days in advance and represent a significantly higher price may be reviewed and a portion may not qualify. Please be sure you purchase any flights in a timely fashion. In order to be acceptable, the Trustee must have participated in the Foundation or Fraternity event as a representative of the Foundation.
9. Registration for an event. Registration for the event is considered an acceptable gift-in-kind and can be submitted.
10. Travel and meal costs incurred in the process of soliciting donors can be submitted as gift-in-kind. Each trustee will be allowed up to \$500 per year for these expenses. Expenses submitted in excess of this amount, must be approved by the Chair in advance.

Any request for a gift-in-kind receipt that does not meet the above standards will be denied and the Audit Chair will be notified. The Audit Chair will send notice of the receipt denial to the Trustee.

The Audit Committee will perform a biannual audit of gift-in-kind to ensure compliance to policy.

O. ACCEPTANCE OF NON-CASH CONTRIBUTIONS

1. General Concepts

Non-cash gifts are welcomed but must not create undue risk or cost to the Foundation. The Foundation is not to be an operator of or principal in a business or other investment vehicle. In general, all non-cash gifts should be converted after receipt to funds suitable for the designated investment managers to invest under existing investment policy guidelines. Exceptions are to be reviewed by the Gifts and Solicitation and Investment Committees who in turn make recommendations to the full Board of Trustees for final acceptance. Where appropriate, legal counsel may be engaged to assist in reviewing the potential contribution. The Foundation will not accept gifts that could cause litigation involving the Foundation or would impair the possibility of significant future gifts. The Foundation will not serve as advisor to or fiduciary for any potential donor. The Foundation will not accept gifts in which the Foundation assumes any significant liability or expense for ownership, maintenance, or administration.

2. Marketable Securities

Marketable securities transferred to the Foundation shall be liquidated as soon as possible and made available for the investment managers for reinvestment in accordance with the Foundation's existing investment policies in place. If, in the opinion of the investment managers, the marketable security to be transferred to the Foundation is a security already suitable under the existing investment policy guidelines, the Foundation may permit the direct transfer of the marketable security to the investment managers.

3. Non-Freely Tradable Securities

Securities with trading restrictions (either on the face of the security or from donor intent) in general should not be accepted until the restrictions lapse. The Foundation shall negotiate with the donor to remove such restrictions, if possible; if such restrictions cannot be removed, the full Board must approve acceptance after review by the Gifts Committee and the Investments Committee. Non-freely tradable securities for this purpose shall include partnership interests (both general and limited), joint ventures, or similar joint ownership vehicles.

4. Real Estate

The Foundation will accept real estate only if it can be immediately liquidated without significant cost to the Foundation and without incurring any liability (such as ADA or environmental exposure or undisclosed contingent liabilities). For this purpose, any oil and gas mineral interests (such as royalty, overriding royalty, leasehold interest, or working interest) shall be considered real estate. Before acceptance of any real estate, an environmental study must be done to determine the exposure to environmental contamination liability. The minimum requirement will be a Phase I environmental study, but the Trustees reserve the right to require a more extensive study based on the particular facts and circumstances. Any such study must conclude that the Foundation has no current or future risk to such environmental liability even if title is held for a short time before liquidation. Valuation of any accepted real estate shall be done by a qualified appraiser who is independent of both the donor and the Foundation, preferably at the donor's expense. Thorough investigation into the nature and validity of title in the donor is required. Fractional (undivided) interests in real estate are not to be accepted.

- a. Per Trustee action in 9/13 (LF13-13), Dozier Oil Interests are excepted from this liquidation policy. These interests may be held indefinitely, until the Trustees vote to sell the interests or otherwise rescind this exception.

5. Bequests

Bequests of non-cash property from a decedent must be reviewed thoroughly for both the nature of the asset to be transferred and the restrictions placed on the bequest by the decedent. If the bequest does not meet the normal acceptance requirements, then the Foundation must negotiate with the decedent's representative (Executor or Trustee) to determine whether the restrictions can be modified without jeopardizing the decedent's estate plan; if the nature of the asset or the restrictions are unacceptable to the Foundation, the Foundation must consider a timely qualified disclaimer of the bequest. Under no circumstances will the Foundation representatives prepare wills or trust documents for a prospective donor; in all cases, the donor must be represented by appropriate legal, estate planning, or financial counsel.

6. Personal Property, Art and Collections

Because of tax rules surrounding related use of the property and holding period by the Foundation for full fair value deduction, contributions of personal property in general may not be beneficial to both donor and donee. If the Foundation receives notification of a gift of personal property, then acceptance of such items must follow the general guidelines set forth under Real Estate.

7. Insurance Policies/Living Legacy Society

a. General

Because of complex legal and tax rules surrounding the transfer of existing life insurance policies, such transfers may not be beneficial to both donor and donee. Should a donor be interested in using insurance to benefit the Foundation, the Foundation would encourage the consideration of establishing new policies or trusts in which the owner and the irrevocable beneficiary is the Foundation and in which the insured meets the tests of insurable interest. If the Foundation is named as a beneficiary in a decedent's policy, the Foundation should communicate with the decedent's representatives to determine if the decedent had written intentions concerning the Foundation's use of the funds. If appropriate, the donor's wishes should be honored.

b. Donations of Insurance Policies to Delta Sigma Pi Leadership Foundation

This policy is to cover the instances where a donor proposes to transfer legal ownership of an existing ("in-force") life insurance policy on the donor's life, thereby giving the Foundation all rights and privileges of ownership, which may include but not be limited to the rights to change beneficiary designation, borrow against the cash surrender value and obligate the Foundation to make the annual premium payments. (Donors may notify the Foundation of the donor naming the Foundation as beneficiary of an "in-force" policy without transferring legal ownership; such policies may be treated as revocable planned gifts and qualify the donor to be members of the Living Legacy Society; these type policies are not the subject of this general policy statement.)

The Foundation's general policy is to *not* accept existing or "in-force" life insurance policies proposed to be gifted to the Foundation since the Foundation is assuming liabilities not originally contracted for by the Foundation. Exceptions to this general policy are allowed only after a review and recommendation by the Gifts & Solicitations Committee (in consultation with the Finance and Investment committees) and approval by the entire Board.

All proceeds from transferred insurance policies (at maturity or upon cashing in the policy before maturity) will be unrestricted funds and not designated funds. Although a donor may wish proceeds to go for a specific scholarship fund, etc., many changes in Foundation assets, investments, funds, and overall mission could change from date of transfer to date of maturity/cash-in. Exceptions to this policy are allowed only after a review and recommendation for acceptance by the Gifts & Solicitations Committee and approval by the entire Board.

Any acceptance of "in-force" policies must either be self-funding from accumulated dividends or any potential cash liability to the Foundation will be funded from unrestricted funds. In determining potential cash liability, the Foundation should not consider any donor pledges designed to assist in the payment of the premiums.

The Gifts & Solicitations Committee (in consultation with the Finance and Investment committees) should consider the following in making any recommendations to accept an “in-force” policy:

1. Review donor’s intentions of Foundation’s management of the policy after transfer. Does the donor expect the policy to be held to maturity or does the donor have any concerns about the Foundation cashing in the policy before maturity? (Foundation has full control of the policy after transfer but should be cognizant of donor’s intent at date of transfer.)
2. Advise donor that consultation with their own financial counsel about the economic and tax consequences of transferring the policy to the Foundation should be done. (Foundation is not to provide tax or financial advice, but needs to feel comfortable that donor understands the specific impact to donor’s economic and tax situation.)
3. Have donor’s insurance company provide the Foundation with the status of the policy (In-Force Policy Projections-Guaranteed and Current) to determine the extent of potential cash liability for future premiums. Policy should be able to self-fund or require minimal cash liability for future premiums under reasonable dividend scale assumptions if not self-funding from guaranteed dividend scale. Foundation staff should consider engaging an independent insurance consultant to review such projections on behalf of the Foundation.

8. Other Planned Giving Vehicles

This policy statement does not address other non-cash contribution vehicles such as bargain sales, life estates, charitable gift annuities, pooled income funds, charitable remainder trusts, charitable lead trusts, support organizations, etc. These vehicles require substantial set up and administrative costs, significant minimum principal amounts, and fiduciary responsibilities that are beyond the scope of existing staff. Should one of these planned gift opportunities become a possibility, the Trustees should appoint a special committee of Trustees and advisors to the Foundation to negotiate the terms of such a planned gift. In planned giving, the Foundation should encourage the use of irrevocable gift techniques.

9. Endowments and Scholarships

Policies currently exist related to endowments and scholarships, including standard agreements, administration policies, and minimum amounts for establishment.

Adopted 2/1/02

Q. SALE OF GOODS AND SERVICES ON BEHALF OF THE FOUNDATION

1. Individuals interested in selling goods and services in an effort to raise money for the Foundation must contact Staff or a Leadership Foundation Trustee prior to the activity. The Executive Committee should be notified of all requests to determine whether approval by the Trustees is required.
2. Any individual selling goods or services in an effort to raise money for the Foundation should ensure that participants understand the implications to donor credit. Below is sample verbiage that should be used to address this issue:

This sales/fundraising opportunity is not directly sponsored by Delta Sigma Pi Leadership Foundation. Individuals participating in the sales/fundraiser will not receive donor credit from Delta Sigma Pi Leadership Foundation, rather the individual submitter of the proceeds will receive donor credit and a tax receipt.

II. ENDOWMENTS AND GRANTS

A. NAMED and/or DESIGNATED GIFTS

(See also Section B. Named Fund Agreement Template)

1. General

Named Funds shall be managed in accordance with the Agreement establishing each particular fund, or in the absence of such an Agreement, in accordance with guidelines adopted by the Board of Trustees. Descriptions of each named fund, including permanently restricted, temporarily restricted, and board designated, are included (in detail) in the Leadership Foundation 'Balance Sheet Details- Explanation of Accounts' document. The details

include establishment dates, endowed dates, payout information, selection criteria and parameters, administration fees, etc.

Revised 8/15/03

2. Endowment Requirements

- a. Minimum Donations —For individual scholarship and organizational grant/program endowments
 - i. Minimum donations of \$50,000 are required to establish and name an endowed individual scholarship fund. The initial donation toward establishment of an individual scholarship named fund must be at least \$10,000.
 - ii. Minimum donations of \$30,000 are required to establish and name an endowed organizational grant/program fund. The initial donation toward establishment of an organizational grant/program named fund must be at least \$5,000

Revised 8/7/2004; 9/13/14 –increased minimums from \$20,000 and \$2,000 initial; 3/30/23 – increased individual scholarship minimums.

- b. Time Frame to Endow — Donors have five years to fully endow a named fund. The “start date” for the five year window is the earlier of the date of the initial donation or the date the agreement has been signed by both the Donor and the Foundation.

After the designated time period for completing the required level of funding has expired, the Trustees may provide unlimited extensions, but the administration fee will increase to 5% annually until full funding is completed. Named funds meeting less than half of the required level for full-funding will not be provided this option and balances will be transferred into the Foundation’s general fund.

Revised 8/7/04; 9/13/14 – decreased to 5 years from initial 6

3. Administrative Fees

Fully endowed Funds, Funds pending endowment, and funds pending a finalized agreement will share a fair portion of the total administrative costs of the Foundation. Those costs charged against the Fund will be determined in accordance with the approved fee schedule identified by the Foundation as applicable to funds of this type. Any costs to the Foundation in accepting, transferring or managing property donated to the Foundation for the Fund will also be paid from the Fund. The current fee, charged at 6/30 annually, is 1.5%.

Revised 11/29/06; 9/13/14; 12/17/14; 1/1/19; 2/18/22

4. Investment Fees

Any fees *directly charged* by the Foundation’s investment account manager are recovered by allocating a prorated amount of the fees to all named Funds (pending or endowed) based on Fund fair market value balance at the beginning of the month plus new contributions recorded for the month.

Revised 8/8/04

5. Distributions

- a. Distributions from Funds are to be made based on fair market value at June 30 annually or according to individual fund agreement parameters.
- b. For those Funds stating “net income” as the basis for determining distributions, net income is defined as: interest, dividends, realized capital gains and losses; less administrative and investment fees.

- c. For those Funds noting no award of less than \$250 is to be given, any investment income below \$250 will be reinvested into the Fund generating it.
- d. If the Fund agreement does not dictate any procedures for non-awarded monies, those monies should be reinvested into the respective endowment Fund.
- e. The Finance Committee will have a standing charge as a part of the budgeting process to recommend to the Board of Trustees a distribution rate for endowed funds (the “Distribution Rate”). The Finance Committee may base this Distribution Rate on historical returns, expected returns, general market conditions, industry surveys and/or any other information it deems appropriate.
- f. The Board will consider the Distribution Rate recommendation at its Annual Meeting. The Board may accept or amend the recommendation, but if it does neither, the previously established Distribution Rate will continue to be used.
- g. The Distribution Rate recommendation will be for the following fiscal year. This will give sufficient time (about 12 months) for the Distribution Rate to be incorporated into scholarship information and communicated to donors. The current distribution rate is 4.25%.

Adopted 2/8/04; Revised 2/15/09, 8/6/16, 2/18/22

6. Additional Gifts to Named Funds

7. Investment Income Proration

Investment gains or losses (realized and unrealized) from pooled investments are prorated to named funds on a monthly basis based on actual performance reported by the investment manager.

DELTA SIGMA PI LEADERSHIP FOUNDATION _____ FUND

Signed and agreed this ____ day of _____, 20 __, _____ ("Initial Donor") hereby gives the assets described on the attached Schedule A. (Schedule of Initial Named Fund Assets and Administrative Fee) to the DELTA SIGMA PI LEADERSHIP FOUNDATION ("Foundation"), an Ohio not for profit corporation, to be held by such of the Trustees of the Foundation as are from time to time acting ("Trustees"), in a separate fund to be known as the "_____ FUND" ("Fund"), which shall be administered, governed and used by the Trustees as provided in this instrument and attached schedules. Title to all assets now and hereafter received by the Foundation to be held as a part of this Fund, whether by gift, purchase or otherwise, shall be taken in the name of the Foundation. Additional gifts may hereafter be made by any donors to the Foundation to be added to this Fund, and it is the Initial Donor's hope that such additional gifts will be made.

ARTICLE I

1.1 Distributions from Fund (for individual scholarships). When the aggregate amount of contributions to the individual scholarship Fund reaches or exceeds **\$50,000**, the individual scholarship Fund shall be considered endowed. Until such time, no scholarships or other awards from the Fund shall be made; however, the administration and investment fees then in effect as determined by the Trustees -- or as otherwise stated in the attached Schedule A -- shall be paid from the Fund on a basis and schedule as determined by the Trustees.

OR

Distributions from Fund (for organizational grants/programs). When the aggregate amount of contributions to the organizational grant/program Fund reaches or exceeds **\$30,000**, the grant Fund shall be considered endowed. Until such time, no grants or other awards from the Fund shall be made; however, the administration and investment fees then in effect as determined by the Trustees -- or as otherwise stated in the attached Schedule A -- shall be paid from the Fund on a basis and schedule as determined by the Trustees.

- a. No distributions are to be made to recipients until the Fund reaches endowment status.
- b. Funds must reach endowment status via contributions, not reinvestment of income within the Fund.
- c. Once the Fund reaches endowment status via contributions, it is irrelevant if market fluctuations or distributions later cause it to drop below its original endowment amount.
- d. Income from a Fund pending endowment (in excess of any administration and/or investment fees) may either be reinvested in the Fund or used by the Foundation for other purposes at the sole discretion of the Trustees.

1.2 Nature of Distributions. Grants, scholarships and/or other qualified distributions as stated in Schedule B. (Named Fund Selection and Distribution Criteria) shall be awarded once per Foundation fiscal year, in a **total amount not to exceed approximately five percent (5%) of the fair market value** of the Fund, on a date to be determined by the Trustees. The percentage distributed shall be at the sole discretion of the Trustees in fulfilling their fiduciary responsibilities.

1.3 Selection of Recipients. The Trustees shall ensure the selection of recipients of funds described above from among qualifying students enrolled in a university, college or other institution of higher learning or as outlined in Schedule B of this agreement. In pursuance thereof, and subject to the approval of the Trustees, Initial Donor may establish guidelines to assist in the selection of proposed recipients and determination of proposed award amounts; and establish procedures to be followed in selecting such proposed recipients, determining the proposed amount of each award, and recommending such recipients and amounts to the Trustees. The Trustees shall consider the proposed amount recommended for each recipient, and such recommendations shall be acted upon by the Trustees, favorably or unfavorably, as the Trustees in their sole discretion shall determine. Initial Donor guidelines for such selection and amounts (if any) are stated in Schedule B, attached.

1.4 Five Year Window to Endow Fund. In the event that accumulated contributions to the Fund are less than **\$30,000** for organizational grant/program Funds or **\$50,000** for individual scholarship Funds on that date which is 5 years following the earlier of: a) date which this instrument bears; or b) the date of the initial donation, this instrument shall terminate and all of the then principal and undistributed income of the Fund may be added to and become a part of the General Fund of the Foundation, at the sole discretion of the Trustees.

ARTICLE II

2.1 Investments. The Trustees shall hold, manage, lease, care for and protect this Fund and collect the income therefrom all in accordance with their best judgment and discretion. Title to all property acquired by the Trustees by purchase or otherwise shall be taken in the name of the Foundation. The Trustees may invest such part of the Fund as may from time to time be converted into cash in notes, bonds, stocks, mutual funds, common trust funds, real estate mortgages, real estate or improvements thereon, or in any other income-producing property or securities, real or personal; and may make joint investments for any two or more Funds of the Foundation, including said Fund, allocating to each of such funds a proportionately undivided interest in such investments and dividing the income proportionately among them.

2.2 Conveyances. The Trustees shall have full power to sell and convey any and all of said Fund property, and any reinvestment thereof, from time to time, for such prices and upon such terms as they shall see fit, and no purchaser or other person dealing with the Trustees shall be obliged to see to the application of the purchase money or be charged with any duty to inquire into the powers of the Trustees or the honesty or propriety of their action.

2.3 Reorganizations. The Trustees may exchange any property in the Fund for other property, and may deposit any securities held by them with or under the direction of any committee formed to protect said securities, and may consent to and carry out any reorganization, consolidation or merger approved by them or by such committee, and may pay any expenses or assessments in connection with such deposit, or may exercise conversion and subscription rights and hold any property received pursuant to any such exchange, deposit, conversion or subscription as assets of the Fund.

2.4 Real Estate. In the event the Trustees shall acquire title to real estate, by foreclosure or otherwise, they may hold, lease, rent, repair, maintain, operate and manage the same in all respects as they may deem for the best interest of the Fund. Any leases they make may commence at the time of making the same or on a future day, and may be for such period of time as the Trustees think best, not exceeding 999 years.

2.5 Allocation of Income. The Trustees shall have the power to determine how all receipts and disbursements shall be credited, charged or apportioned as between income and principal, and the decision of the Trustees shall be final.

2.6 Expenses and Compensation. The Foundation shall be reimbursed out of the Fund for all reasonable expenses incurred in its management and protection, including the fees of any investment counsel whom the Trustees may deem it advisable to employ; and the Foundation shall receive compensation for services in that percentage of the then fair market value of the Fund principal (including net income added thereto) **annually on June 30** as shall be determined from time to time by the Trustees. The Trustees shall notify the Donor and/or their representatives of any change in the amount of such percentage in a timely fashion.

2.7 Accounting. The Trustees shall annually provide the Initial Donor and/or their representatives with a statement setting forth the income and disbursements of the Fund for the immediately preceding 12-month period and the current fair market value of the Fund.

2.8 Interpretation. Any questions arising under this Fund shall be determined in accordance with the laws of the State of Ohio.

ARTICLE III

3.1 Amendment and Termination. If the uses of the Fund described in this instrument become impracticable (for example, if a designated chapter loses its Delta Sigma Pi charter); the Trustees may amend any or all of the provisions of this instrument and its related schedules. The Trustees may also terminate the Fund: 1) With the written consent of the Donor or 2) if there is no reasonable way to conform with the restriction the Foundation shall make a grant of the endowed amount to another organization that can satisfy the restriction or 3) submit the matter into Court or binding arbitration to have the restriction eliminated

or 4) submission to one or more impartial persons for a final and binding decision. Notwithstanding the foregoing sentence, however, any such amendment must comply with the Foundation's purposes as set forth in its Articles of Incorporation and in the Code of Regulations of the Delta Sigma Pi Leadership Foundation; and, if at any time this Fund is terminated, all assets in such Fund at the time of termination must be used by the Trustees for such purposes, except as provided by this paragraph.

THE TRUSTEES OF THE DELTA SIGMA PI LEADERSHIP FOUNDATION, on behalf of the Foundation, acknowledge receipt of the gift(s) described on the attached Schedule A., and acknowledge acceptance of this Fund, pending its complete endowment within the stated term.

D. CHAPTER LEADERSHIP FUNDS

1. **Chapter Leadership Funds.** The Delta Sigma Pi Leadership Foundation (the “Foundation”) shall create and administer a separate Chapter Leadership Fund (a “CLF”) for the educational or charitable benefit of an individual chapter of Delta Sigma Pi (a “Chapter”). Contributions by donors to the Foundation may be designated for a specific CLF. Gifts to a CLF are tax-deductible (as allowable by law) for the donor and will be included in the donor’s annual and lifetime giving records.
2. **Name of Fund.** The name of a CLF shall be the chapter’s Greek letter designation, followed by the short school name in parentheses, followed by the words Leadership Fund.
3. **Purpose.** Under any and all circumstances, the principal and income of a CLF must be used exclusively for charitable and educational purposes. The primary purpose of a CLF shall be to provide grants for members of a Chapter to cover costs associated with educational and leadership development programs of the Delta Sigma Pi Fraternity, including but not limited to: Presidents’ Academy, LEAD Provincial Conferences, LEAD Schools and Grand Chapter Congress. In the case that one or more of the supported Fraternity educational programs cease to exist, a CLF may be used by the specific chapter for any other educational program authorized by the Fraternity. Additionally, grants may be provided to cover costs associated with chapters or chapter members sponsoring or attending educational or professional/personal development speakers and/or workshops, conferences or similar events (including field trips to businesses that include significant elements of educational presentations, tours, etc.)
4. **Gifts.** Subject to the right of the Foundation to reject any particular gift, any individual, corporation, trust, estate or organization may make gifts to the Foundation for the purposes of a CLF. All contributions to a CLF should be made directly to the Foundation noting the designated Chapter. Contributions should not be made to the Delta Sigma Pi Fraternity or the individual Chapter. All contributions become the exclusive property of the Foundation to be used, in the Foundation’s sole discretion, for educational or charitable purposes for the specified chapter. All gifts, bequests and devises to a CLF shall be irrevocable once accepted by the Foundation.
5. **Distribution.** To request a distribution from a CLF, the Chapter must make an official request to the Foundation. The request must contain adequate and sufficient information in order for the Foundation to determine whether the distribution is for educational or charitable purposes. If the Foundation determines, in its sole discretion, that the distribution would be for educational or charitable purposes, the Foundation will distribute the requested funds to the appropriate provider of education, Chapter, or paid to the Fraternity in the form of an educational grant to the Chapter.
6. **Investment of Funds.** The Foundation shall invest and reinvest the assets of a CLF in a manner consistent with sound and prudent investment practices, and in such a way as to produce a reasonable total annual return. A CLF may be commingled with other Foundation funds, including other CLFs, for investment purposes.
7. **Accounting.** The receipts and disbursements of a CLF shall be accounted for separately and apart from those of other gifts to the Foundation. The Foundation will provide financial reports to the Chapter.
8. **Costs of the Fund.** A CLF shall share a fair portion of the total administrative costs of the Foundation. Those costs annually charged against a CLF shall be determined in accordance with the approved fee schedule identified by the Foundation as applicable to funds of this type. Any costs to the Foundation in accepting, transferring or managing property donated to the Foundation for a CLF shall also be paid from the CLF.
9. **Not a Separate Trust.** A CLF shall be a component part of the Foundation. All money and property in a CLF shall be held as general assets of the Foundation and not segregated as a separate trust. The Foundation shall have the ultimate authority and control over all property in a CLF, and the income derived therefrom, in accordance with the terms of this Policy and the Code of Regulations of the Foundation and the Policies and Procedures of the Foundation as from time to time amended.
10. **Chapter Leadership Endowment Funds.** At the time that a CLF has more than \$40,000 at the end of a fiscal year, the Foundation will evaluate establishing an endowment fund on behalf of the Chapter in the amount of \$30,000, leaving at least \$10,000 in the CLF. These endowment funds shall be named Chapter Leadership Endowment Funds and are governed by the Chapter Leadership Endowment Funds Policy. An exception can be

made if a donor, or group of donors, provide a large donation to a CLF which is reasonably expected to be paid out within 12 months, but would cross over the fiscal year-end date.

11. **Fund Owner.** The Fund Owner for a CLF will be the Board of Trustees of the Delta Sigma Pi Leadership Foundation. The administrator of the funds will be the Executive Vice President, acting on behalf of the Board of Trustees.
12. **Governance.** A CLF shall be entirely subject to the rules, regulation and policies adopted by the Board of Trustees of the Foundation, the Code of Regulations of the Foundation as from time to time amended, and the requirements of Section 501(c)(3) of the Internal Revenue Code.
13. **Chapter Closures.** If a Chapter ceases to exist, the Foundation shall keep the CLF active for one year. During this period, the Fraternity may request distribution from the available CLF balance to cover any open chapter invoices that would otherwise be a qualified grantable expense. No additional funds will be disbursed and all interest will be kept in the fund, other than approved administrative fees. If a chapter is not scheduled to be re-opened within one year, the Board of Trustees should take action in some form, including but not limited to:
 - a. Assets of a CLF revert to the chapter's Chapter Leadership Endowment Fund.
 - b. Assets of a CLF revert to an existing endowment supporting the chapter.
 - c. Assets of a CLF revert to General/Deltasig Fund.
 - d. Assets of a CLF revert to a General Endowment Fund.*Adopted 9/18; Amended 9/20, 2/18/22, 1/23/23, 8/24/24*
14. **Reimbursement from Chapter Grant Endowments.** Chapters with a grant endowment may also have grant funding paid to their respective Chapter Leadership Fund (CLF) to reimburse eligible expenses paid by the CLF during the grantable period.
Adopted 3/25

E. CHAPTER LEADERSHIP ENDOWMENT FUNDS

1. **Chapter Leadership Endowment Funds.** The Delta Sigma Pi Leadership Foundation (the "Foundation") shall create and administer a separate Chapter Leadership Endowment Fund (a "CLEF") for the educational or charitable benefit of an individual chapter of Delta Sigma Pi (a "Chapter") upon meeting specific criteria outlined in this Policy. A CLEF is a charitable endowment held within the Foundation.
2. **Name of Fund.** The name of a CLEF shall be the chapter's Greek letter designation, followed by the short school name in parentheses, followed by the words Leadership Endowment Fund.
3. **Establishment of Fund.** At the time that a Chapter Leadership Fund has more than \$40,000 at the end of a fiscal year, the Foundation will evaluate establishing an endowment fund on behalf of the Chapter in the amount of \$30,000, leaving at least \$10,000 in the Chapter Leadership Fund.
4. **Purpose.** Under any and all circumstances, the principal and income of a CLEF must be used exclusively for charitable and educational purposes. The primary purpose of a CLEF shall be to provide grants for members of a Chapter to cover costs associated with educational and leadership development programs of the Delta Sigma Pi Leadership Foundation, including but not limited to: Presidents' Academy, LEAD Provincial Conferences, LEAD Schools and Grand Chapter Congress. In the case that one or more of the supported Fraternity educational programs cease to exist, a CLEF may be used by the specific chapter for any other educational program authorized by the Fraternity. Additionally, grants may be provided to cover costs associated with chapters or chapter members sponsoring or attending educational or professional/personal development speakers and/or workshops, conferences or similar events (including field trips to businesses that include significant elements of educational presentations, tours, etc.)
5. **Transfers from Chapter Leadership Funds.** When the amount of a Chapter Leadership Fund is more than \$20,000 at the end of the fiscal year, all funds above the \$20,000 threshold will be evaluated in order to determine if transferring the excess funds into the corresponding CLEF is the best course of action.

6. **Gifts.** Subject to the right of the Foundation to reject any particular gift, any individual, corporation, trust, estate or organization may make gifts to the Foundation for the purposes of a CLEF. All contributions to a CLEF should be made directly to the Foundation noting the designated Chapter. Contributions should not be made to the Delta Sigma Pi Fraternity or the individual Chapter. All contributions become the exclusive property of the Foundation to be used, in the Foundation's sole discretion, for educational or charitable purposes for the specified chapter. All gifts, bequests and devises to a CLEF shall be irrevocable once accepted by the Foundation.
7. **Distribution.** Once a CLEF has been established, the CLEF shall provide an annual disbursement to the corresponding Chapter Leadership Fund in accordance with the Foundation's approved spending policy at the end of each fiscal year.
8. **Investment of Funds.** The Foundation shall invest and reinvest the assets of a CLEF in a manner consistent with sound and prudent investment practices, and in such a way as to produce a reasonable total annual return. A CLEF may be commingled with other Foundation funds for investment purposes.
9. **Accounting.** The receipts and disbursements of a CLEF shall be accounted for separately and apart from those of other gifts to the Foundation. The Foundation will provide financial reports to the Chapter.
10. **Costs of the Fund.** A CLEF shall share a fair portion of the total administrative costs of the Foundation. Those costs annually charged against a CLEF shall be determined in accordance with the approved fee schedule identified by the Foundation as applicable to funds of this type. Any costs to the Foundation in accepting, transferring or managing property donated to the Foundation for a CLEF shall also be paid from the CLEF.
11. **Not a Separate Trust.** A CLEF shall be a component part of the Foundation. All money and property in a CLEF shall be held as general assets of the Foundation and not segregated as a separate trust. The Foundation shall have the ultimate authority and control over all property in a CLEF, and the income derived therefrom, in accordance with the terms of this Policy and the Code of Regulations of the Foundation and the Policies and Procedures of the Foundation as from time to time amended.

A pledge is defined as an unconditional promise to give cash or other assets.

- a. **Pledge Qualifications.** The minimum dollar amount for Foundation recording of individual pledges is \$5,000. Pledges are based on individual giving, however individuals who are documented with Delta

Sigma Pi as spouses may set-up a combined pledge with a \$10,000 minimum. The maximum lifespan of pledges may not exceed five years. If a donor seeks to extend a pledge beyond five years, the Executive Vice President has the authority to grant an exception upon advice and counsel of the Finance Committee.

Decision to pay any annual premiums rests solely with Foundation staff, Investment Committee, Finance Committee, and Board.
- b. Foundation staff should get "In-Force Policy Projections" directly from the life insurance company annually, in time for Staff, Investment Committee, Finance Committee and Board to determine whether to make the premium payment from unrestricted funds.
- c. Accounting for payments on life insurance policies should be:
 - i. Any contributions from the original donor are unrestricted receipts.
 - ii. Any premium payments are charged to life insurance expense (unrestricted expenses).

Adopted 8/8/04

7. Donor Recognition Credit for Life Insurance Policies Donated To and Owned by Delta Sigma Pi Leadership Foundation

- a. On any insurance policy accepted as an exception to I.O.7.b, the donor credit (hard) is the cash surrender value of the insurance policy on date of gift (increase to unrestricted investment assets and unrestricted contribution income). Donor is eligible for Living Legacy Society.
- b. Prior to maturity or surrender of insurance policy, all changes to cash surrender value are recorded as changes to unrestricted investment assets and unrestricted investment income (reduction of expense).
- c. When insurance policy matures (death of insured), the donor credit (soft) is the total death proceeds received from the insurance policy less the accumulated cash surrender value immediately prior to date of death.
- d. If an insurance policy is surrendered (cash-in) by Investment Committee and Board action prior to maturity, no further donor credit (soft) is recognized since decision to surrender is an investment decision.

Adopted 8/8/04

8. Gift in Kind Credit for non-paid professional speakers

With prior approval of the President, Professional Presenters at Educational Events fundable by the Foundation can be credited for a gift-in-kind for travel expenses (but not for the "value" of the presentation per se). "Professional Presenter" is defined as someone who normally is compensated for the topic they will be presenting. The gift-in-kind for travel expenses shall follow the same guidelines for trustee gifts-in-kind. Approval of the gift-in-kind needs to be approved by the President prior to the expense occurring. If the professional speaker is being paid for their services as a professional speaker, the gift-in-kind will not be approved, as professional speaking fees are included in grants paid for educational events.

Adopted 3/15/06

9. Auctions

- a. When the Foundation receives items for auction, either live or silent, the donor is to provide the Foundation with the fair value of the item donated. The Foundation is then to prepare a receipt for the donor, noting the description of the items received, the date and the fair value (as determined by the donor). Upon completion of the auction, the donor will receive a credit up to, but not exceeding the fair market value of the item donated. If the item is sold below the fair market value, the donor will receive this amount as their credit. If an item is sold above the fair market value, the donor will receive fair market value as their credit.
- b. The purchaser of an item at the auction will receive a donation credit for the amount paid in excess of the fair market value of the donated item. The fair market value (determined by the donor) of each auction item will be displayed in advance of the auction so participants can review. If an item is sold below the fair market value, the purchaser will not receive Foundation credit for the purchase. If the item is sold above the fair market value, Foundation credit will be given to the purchaser in excess of the fair market value of the item.

Approved 10/19/08, Amended 8/23

10. Raffles

If not arranged prior to an event, the lead Trustee in charge of an event may accept additional items for raffle on site, at their discretion.
- b. When the Foundation accepts items for raffle, the donor is to provide the Foundation with the fair value of the item donated. The Foundation is then to prepare a receipt for the donor, noting the description of the item received, the date and the fair value (as determined by the donor).
- c. Donor credit is not given for items donated for raffle.

Approved 3/9/14

11. Golf Tournaments

When another organization conducts an event for the benefit of the Foundation, they are acting independent of the Foundation and are not an agent or representative of the Foundation as an entity. If the net proceeds of that event are remitted to the Foundation, it will be the Foundation's policy to give credit to that organization for the contribution, not to the individuals who participated in the event. Upon receipt of the funds, the Foundation will issue a receipt to the donor organization. However, should separate checks from individuals be forwarded to the foundation, then the receipt and related credit will be given to the individuals.

Approved 10/19/08

13. Gifts solicited as an amount to offset credit card fees

The Foundation may request on a document, form, or other manner of solicitation that a donor increase their gift by a percentage to offset the costs associated with credit card processing. This request need not specifically consider direct cost associated with the actual card used by the donor, but rather is intended simply to approximate the average cost of processing. Any contributions received under these requests will be credited as an additional or increased gift by the donor (at the discretion of staff). Notwithstanding the fund allocation of the larger subject gift, credit card offset gifts will be credited as revenue to the General/Deltasig Fund.

Approved 3/30/23

C. HISTORICAL GIVING LEVELS

- 1) \$2,007 — 2007 Centennial Society:** As part of Delta Sigma Pi's Centennial commemoration, the Fraternity's Board of Directors and the Delta Sigma Pi Leadership Foundation Board of Trustees proudly announced the creation of the 2007 Centennial Society. Membership in the Society was limited to those individuals providing

\$2007 in unrestricted gifts between July 1, 2003 and June 30, 2008. Membership was bestowed to 211 individuals upon reaching \$2007 before the program end date. The funds raised through membership in the 2007 Centennial Society will be used to support and secure future educational, leadership and scholarship opportunities for our brotherhood.

- 2) **\$10,000—10K Club:** Building on the momentum of the 2007 Centennial Society, the 10K Club was created in August 2006. Membership in the Club was granted to those individuals giving \$10,000 in unrestricted gifts to the Leadership Foundation between July 1, 2003 and June 30, 2012. A special designation of 10K Club Centennial Founder was given to those 17 individuals who fulfilled membership during or before the Centennial Grand Chapter Congress in Orlando in August 2007. 10K Club Centennial Founders received special benefits including the opportunity to include an item in the Centennial Time Capsule.

D. MISCELLANEOUS POLICY CHANGE REFERENCES (BY DESCRIPTION)

- 1) **Founders' Memorial Scholarships.** As of 2013-14, eight undergraduate scholarships of \$600 each and four graduate scholarships of \$1500 each will be awarded from the Founders' Memorial fund and other supporting resources. Effective with 2015-16 payouts, there will be eight undergraduate and three graduate at \$1000 each awarded from The Founders' Memorial fund and other supporting resources. Effective 3/2023, due to overall endowment growth, the need for scholarship funding from the Annual Fund has been discontinued. Proceeds from the Founders' Memorial Fund will support at least two scholarships annually.
- 2) **Grand President's Circle.** As of July 1, 2024 the Grand President's Circle (GPC) is retired and there are no longer members of GPC. There is no longer a Deltasig For Life Donor giving level for collegians, nor is there a GPC Scholarship (proceeds of that endowment rolling to the Founders' Memorial Fund).
